

MOTION BY SUPERVISOR GLORIA MOLINA

October 16, 2007

AMENDMENT TO ITEM #43

As we contract with Health Plans to provide services at our hospitals, we must ensure that we are not subsidizing those large insurance companies. At the very least, our County facilities should be reimbursed for our costs.

I THEREFORE MOVE that, as part of the delegated authority, all negotiated contracts include rates that cover our costs for providing services.
