The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**RECOMMENDED ADJUSTMENTS TO THE 2008-09 PROPOSED COUNTY BUDGET
TO REFLECT VARIOUS CHANGES
(ALL DISTRICTS AFFECTED) (3-VOTES)**

SUBJECT

This change letter reflects the Chief Executive Officers recommended changes to the 2008-09 Proposed Budget, which was approved by your Board on April 22, 2008. Adoption of these recommendations, along with any approved budget deliberation matters, will result in the adoption of the 2008-09 County Budget.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the attached changes to the Fiscal Year (FY) 2008-09 Proposed County Budget.
2. Authorize the Chief Executive Office (CEO) to execute funding agreements with County cultural institutions as described herein, to provide grants for planning and development activities supporting capital improvements and with the Community Development Commission for planning and development activities associated with the Lennox Library Refurbishment Project.

3. Find that the Athens Park Gym, Community Center, and Tennis Court Refurbishment Projects; Ladera Park Basketball Courts and Baseball Field Refurbishment Project; Del Aire Park General Improvements and Community Building Expansion Projects; and Chester Washington Golf Course Cart Path Refurbishment Project, as cited herein, are categorically exempt under the California Environmental Quality Act.
4. Establish the following Capital Projects and approve the estimated project budget: C.P. No. 86982 – Athens Park Gym Refurbishment Project (\$750,000); C.P. No. 86983 – Athens Park Community Center Refurbishment (\$450,000); C.P. No. 86984 - Athens Park Tennis Courts Refurbishment (\$150,000); C.P. No. 86986 - Ladera Park Basketball Courts and Baseball Field Refurbishments (\$550,000); C.P. No. 86421 – Del Aire Park General Improvements (\$2,296,000); C.P. No. 77516 Del Aire Park Community Building Expansion (\$2,000,000); and C.P. No.86886 – Chester Washington Golf Course Cart Path Refurbishment (\$500,000); and C.P. No. 69632 – Alondra Park Auditorium (\$6,145,000).
5. Authorize the CEO and Department of Public Works to proceed with development or implementation of the projects established above.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

These actions are necessary in order to reflect changes in funding requirements and revenues that have occurred since adoption of the Proposed Budget by your Board on April 22, 2008. The changes reflected are primarily to address the identification of carryover funding for critical projects and programs, program requirements offset by revenues, and other ministerial adjustments.

On May 14, 2008, the Governor released his May Budget Revisions for FY 2008-09. The impact to the County is estimated to be approximately \$357.5 million. However, since the outcome of the State Budget negotiations is still unclear, State budget issues will be presented for your Board's consideration after the State budget has been adopted.

Board approval of these actions is recommended to ensure that the Budget adopted by your Board reflects the most accurate and up-to-date budget information available.

Approval of the recommended action will also authorize the CEO to execute funding agreements with the Museum of Natural History, Music Center, Museum of Art, and La Plaza de Cultura y Arte.

Implementation of Strategic Plan Goals

These actions support the County's Strategic Plan Goals of Service and Workforce Excellence, Fiscal Responsibility, Children and Families' Well Being, Community Services, Health and Mental Health and Public Safety.

FISCAL IMPACT/FINANCING

The attached recommended changes result in a total County Budget of \$22.3 billion and 102,486.0 budgeted positions. If these changes are adopted as recommended, the 2008-09 budget will be \$243.0 million less and 211.0 positions greater than 2007-08 Final Adopted Budget (1.1 percent decrease) and \$345.6 million and 246.0 positions greater than the 2008-09 Proposed Budget (1.6 percent increase). The total General County Budget, which includes the General Fund and the Hospital Enterprise Funds, decreased by \$209.5 million from the 2007-08 Final Adopted Budget and increased by \$176.9 million from the 2008-09 General County Proposed Budget. The table below illustrates the County's recent budget totals.

**FY 2008-09 RECOMMENDED BUDGET
 TOTAL REQUIREMENTS – ALL FUNDS
 (Dollars in Billions)**

Fund	2007-08 Budget	2008-09 Proposed	2008-09 Recommend	Change From Proposed
Total General County	\$17.800	\$17.414	\$17.590	\$0.176
Special District/ Special Funds	4.711	4.509	4.678	0.169
Total Budget	\$22.511	\$21.923	\$22.268	\$0.345
Budgeted Positions	102,275.0	102,240.0	102,486.0	246.0

This change letter recommends the addition of 246.0 budgeted positions from the 2008-09 Proposed Budget. The recommended positions will be allocated to the following departments: Sheriff's Department (82.0), Probation Department (47.0), Public Social Services (42.0), Animal Care and Control (30.0), Community and Senior Services (23.0), Public Health (14.0), Human Resources (13.0) and Mental Health (12.0). The Department of Parks and Recreation is eliminating 16.0 vacant temporary budgeted positions. There are various other departments adding or deleting less than ten budgeted positions each.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

GENERAL FUND/HOSPITAL ENTERPRISE FUNDS

The following table summarizes the changes that we are recommending to the 2008-09 Proposed Budget for the General County Funds.

**SUMMARY OF 2008-09 FINAL CHANGE RECOMMENDATIONS
 GENERAL FUND/HOSPITAL ENTERPRISE FUND
 (Dollars in Millions)**

DESCRIPTION	NET APPROPRIATION	REVENUE	NET COST
Carryover Fund Balance	\$33.9	\$(0.9)	\$34.8
Use of Available Fund Balance	76.4	0.3	76.1
New Programs/Enhancements	10.1	0.0	10.1
Revenue Offset Funding	43.5	43.5	0.0
Ministerial Changes	12.5	12.5	0.0
TOTAL	\$176.4	\$55.4	\$121.0

We are projecting that the General Fund will have an additional fund balance of \$110.9 million. This additional fund balance is comprised of \$34.8 million needed as carry over for projects and programs not yet completed in FY 2007-08 (Carryover Fund Balance) and \$76.1 million that is available for one-time use (Available Fund Balance). There is no change in estimated fund balance for the Hospital Enterprise Funds.

Carryover Fund Balance - \$34.8 Million Net Cost

As noted above, we are recommending that \$34.8 million of Carryover Fund Balance be incorporated into the 2008-09 Adopted Budget. Outlined below are some of the material recommendations:

- **Capital Projects/Extraordinary Maintenance** – To provide a total of \$31.3 in carryover funds for new and existing capital projects and refurbishments including the following:
 - **Sheriff** - \$1.0 million in carryover savings from the department’s operating budget for the Emergency Vehicle Operations Center refurbishment.

- **Affirmative Action Compliance** - \$0.1 million in carryover savings from the department's operating budget for Hall of Administration 7th floor office improvements.
- **Other** - \$30.2 million in carryover of unspent funds for various other capital projects and refurbishments currently in progress.
- **Information Technology (IT) Projects** - Reflects the carryover of \$3.5 million in funding for two (2) IT projects for the Department of Public Social Services that were approved in FY 2007-08. The projects are the Monthly Eligibility Report Automated Scanning and Tracking System Expansion and DPSSMART Data Warehousing Project.

Use of Additional Fund Balance - \$76.1 Million Net Cost

Consistent with County Budget Policy, we are recommending that the uncommitted additional fund balance amount of \$76.1 million be earmarked for projects or expenditures that are one-time in nature, such as one-time program costs or one-time start-up costs. Highlighted below are some of our recommendations that meet this criterion for the FY 2008-09 Adopted Budget:

- **Capital Projects** – Reflects \$54.0 million in one-time funding for the following:
 - **High Priority Capital Programs** – Reflects \$20.0 million for critical one-time funding of Board priority projects.
 - **South Health Center** – Reflects \$5.0 million for capital improvements to the South Health Center.
 - **Cultural Institutions** – Reflects \$20.0 million in one-time funding that will be used for grant awards to support the planning and development of priority capital projects for the Museum of Natural History, Music Center, Museum of Art and La Plaza de Cultura y Arte.
 - **Extraordinary Maintenance** – Reflects a placeholder of \$9.0 million to address long deferred maintenance at various facilities throughout the County. We will be returning to your Board during the Supplemental phase of the budget to propose approval of an annual policy to set aside a portion of the uncommitted fund balance to address extraordinary maintenance needs.
- **Community Programs** – Reflects \$5.0 million in one-time funding for high priority board projects.

- **IT Shared Services** – Earmarks \$11.6 million in one-time funding associated with the transfer of the DCFS' IT functions to the Internal Services Department. The Final Changes budget allocates \$6.5 million in the DCFS's budget and sets aside \$5.1 million in the Provisional Financing Uses budget for future phases of the transfer.
- **Registrar-Recorder/County Clerk** – Reflects \$3.2 million in one-time funding to upgrade the department's phone system to Voice Over Internet Protocol (VOIP) (\$2.3 million) and augment the department's telephone system to handle additional calls anticipated for the November 2008 Presidential election (\$0.9 million).

New Programs and Program Enhancements - \$10.1 Million Net Cost

In light of the current economic downturn and the uncertainty associated with potential State budget impacts, we are recommending a modest increase of \$10.1 million in new ongoing funding be provided to various budget units to fund new programs and program enhancements. Highlighted below are the major components:

- **LAC+USC Medical Center Off-Ward Security** – Reflects \$4.9 million in ongoing and \$0.2 million in one-time funding for the Sheriff's Department to provide additional staffing for off-ward (those areas not within the medical center's jail ward) security at the LAC+USC Medical Center. The additional security is needed to ensure compliance with accreditation standards and avoid placing the medical center in jeopardy of losing its accreditation. This adjustment adds 34.0 budgeted positions.
- **Electronic Monitoring Program** – Sets aside \$2.6 million in ongoing and \$0.3 million in one-time funding in the Provisional Financing Uses budget to fund six months of the Countywide Electronic Monitoring Program.
- **New Criminal Courts** – Reflects \$1.0 million in ongoing funding for the Public Defender's Office for additional attorneys for new felony and misdemeanor courts that opened in FY 2007-08. This adjustment adds 6.0 budget positions.
- **Linkages** – Reflects \$0.6 million in ongoing funding for the Department of Children and Family Services' Administration budget to expand existing Linkages Programs. The program was designed to enhance service coordination between County clients through the co-location of County staff at various locations throughout the County.

Revenue Offset Funding

The following are major program changes we are recommending in this change letter where appropriation increases are offset by a variety of revenue sources.

- **Mental Health Services** – Reflects \$9.8 million of increased funding, fully offset with State and federal revenues, for the continued implementation of the Katie A. Settlement Agreement Corrective Action Plan.
- **Energy Efficiency Projects** – Reflects \$6.0 million in one-time funding from the Barakat settlement to fund energy efficiency and retrofit projects that will result in ongoing utility savings by reducing the County's overall energy consumption.
- **DCFS IT Shared Services** – Reflects \$12.5 million in funding offset with charges to the Department of Children and Family Services for IT Shared Services.
- **Homeland Security Grant** – Reflects a \$9.0 million increase in the Sheriff's budget for a State Homeland Security Grant Program. This adjustment is fully offset with State funding.
- **Youthful Offender Block Grant (YOBG)** – Reflects \$5.5 million in funding for the Probation Department from the Corrections Standards Authority for the YOBG. The YOBG allows counties across the State to oversee those offenders with less serious crimes in their home communities. This adjustment adds 27.0 budget positions.
- **Adult Day Reporting Center Pilot Project** – Reflects \$1.9 million in funding and adds 9.0 budgeted positions to the Probation Department for the first year of a three-year pilot project for an Adult Day Reporting Center for emerging adults ages 18 to 25. This adjustment is fully offset with State revenues.
- **Crime Laboratory** – Reflects funding increases of \$1.3 million to fund 9.0 professional staff positions in the Biology Section of the Los Angeles Regional Crime Laboratory. This increase, which is fully offset with State funding, will produce evidence from property crimes and help reduce backlogs.
- **Public Health** – Reflects a \$1.1 million increase fully offset with federal grant funding to provide HIV testing, counseling and educational services at County jails.

- **Adult Protective Services** – Reflects an increase of \$1.7 million and 22.0 budgeted positions for the Department of Community and Senior Services to address caseload increases in the Adult Protective Services Program. This increase is fully offset with federal reimbursement.

Other Ministerial Changes

The following recommended changes reflect transfers between budget units or the redirection of existing appropriation and revenues within a budget unit, and generally have no net affect on appropriation.

- **Capital Projects** – Transfers of funding to cover cost increases or fund priority projects.
 - Transfer \$26.7 million from the Designation for Capital Projects/Extraordinary Maintenance to the following projects:
 - LAC+USC Medical Center Replacement Project (\$12.0 million);
 - Will Rogers Coastline View Deck Project (\$6.3 million);
 - Dan Blocker Beach Accessway Project (\$3.6 million);
 - Vasquez Rocks Interpretive Center Project (\$3.0 million);
 - Stephen Sorensen Park Gym/Community Center Project (\$1.1 million);
 - Santa Clarita Sheriff's Station Groundwater Remediation Project (\$0.5 million);
 - Pitchess Landfill Closure Remediation Project (\$0.1 million); and
 - Manhattan Beach Clarifier Tank Project (\$36,000).
 - Transfer \$1.6 million from Provisional Financing Uses to the following projects:
 - MacLaren Children's Center Renovation Project (\$0.5 million); and
 - Lennox Library Refurbishment Project (\$1.1 million).
- **Animal Care and Control** – Reflects the transfer of \$2.5 million from the Provisional Financing Uses budget to the Department of Animal Care and Control. This funding increase aims to help the department address staffing shortages as well as allow them to recruit and retain qualified staff. This adjustment adds 27.0 budgeted positions at County animal shelters and 3.0 administrative support positions.

- **General Relief (GR) to Stable Support and Income (SSI) Pilot Project** – Reflects the transfer of \$2.4 million that had been set aside in the Provisional Financing Uses budget to the Department of Public Social Services from the GR to SSI Pilot Program.
- **Recuperative Care Pilot and Project 50** – Reflects the transfer of \$1.8 million from the Homeless and Housing Program budget to the Department of Health Services (\$1.5 million) and the Department of Public Health (\$0.3 million) for the Recuperative Care Bed Pilot Project (\$1.3 million) and Project 50 (\$0.5 million).
- **Parks and Recreation** – Reflects the transfer of \$0.9 million from the Provisional Financing Uses budget to the Department of Parks and Recreation for staff and operational costs associated with new and refurbished park facilities that are scheduled to open in FY 2008-09.
- **Community Programs** – Reflects the transfer of \$0.6 million from the Provisional Financing Uses budget to the Board of Supervisors for community programs in the 5th District.
- **Domestic Violence** – Reflects the transfer of \$0.6 million in one-time funding from the Provisional Financing Uses budget to the Department of Community and Senior Services Assistance budget for domestic violence service providers. The program provides services to victims and their children through contracted case management and legal service agencies.
- **Immigration and Customs Enforcement (ICE) Interviews** – Reflects the transfer of \$0.5 million from the Provisional Financing Uses budget unit to the Sheriff Department's Custody budget unit to add 5.0 budgeted custody assistant positions to conduct ICE interviews in County jails.
- **Florence-Firestone Patrol** – Reflects the transfer of \$0.5 million from the Provisional Financing Uses budget unit to the Sheriff's Department to supplement deputy patrols in the Florence-Firestone area.
- **After School Program** – Reflects the transfer of \$0.4 million in one-time funding from the Provisional Financing Uses budget to the Board of Supervisors to fund an after school program at Nogales High School.
- **Operation Safe Canyon** – Reflects the transfer of \$35,000 from the Provisional Financing Uses budget to the Sheriff's Department to enhance Operation Safe Canyon. This adjustment brings the ongoing budget for Operation Safe Canyon up to approximately \$0.2 million.

Health Services

The Final Recommended Budget for the Department of Health Services (DHS) reflects a decrease of \$20.9 million in gross appropriation, a decrease of \$34.3 million in Intrafund Transfer (IFT) and revenue, and a \$13.4 million increase in net County cost. The net County cost increase is attributable to the transfer of \$12.0 million in funding from the County General Fund to the Capital Projects budget for the LAC+USC Replacement Facility close-out costs and \$1.6 million from the Homeless Prevention Initiative to support DHS' participation in Project 50 and the Recuperative Care Pilot Project, partially offset by the transfer of \$0.2 million to the Capital Projects budget units for other DHS related projects.

Major changes reflected in the Final Recommended Budget include:

- \$27.6 million net decrease in costs related to revised Financial Stabilization Plan projected savings, primarily for reduced pharmaceutical costs.
- Continued MetroCare implementation, including various programs at Harbor-UCLA Medical Center (H/UCLA), to assist with the decompression of H/UCLA's Emergency Department and improve patient flow, fully offset by SB 474 South Los Angeles Medical Services Preservation Fund revenue redirected from inpatient services at Rancho Los Amigos National Rehabilitation Center (Rancho Los Amigos) and from private hospital bed contracts.
- \$1.3 million net decrease in cost due to the reconciliation of Emergency Medical Systems (EMS) grant funding, with no impact on services, for the Homeland Security Grant budget and Hospital Preparedness Federal Grant budget.
- A reduction of 7.0 budgeted positions due to the expiration of the Avon Grant and Access to Housing for Health (AHH) Pilot Project Grant.
- \$9.2 million increase in cost for various changes, including County retirement increases based on an actuarial study and other projected salary costs, State license fee increases, and billings from other County departments.
- \$16.5 million net decrease in revenue related to a \$9.5 million decrease in Cost-Based Reimbursement Clinics (CBRC) revenue, a \$5.7 million decrease in California Health Care for Indigents Program (CHIP) revenue, and a \$1.6 million decrease in managed care revenue, partially offset by a \$0.3 million increase in Medicare revenue.
- \$3.2 million set aside for Funding Options within DHS that could be used to address other health care initiatives, including proposals related to the Public Private Partnership Program, subject to approval by your Board.

The Final Change recommendations also include an adjustment to retain 94.0 ordinance only positions at Rancho Los Amigos associated with inpatient services initially funded by SB 474 revenues. This adjustment, which currently has no budgetary impact, is proposed as the initial phase of the Department's potential contingency plan for additional acute care beds that might be needed once inpatient services are moved from the LAC+USC Medical Center into the Replacement Facility in the fall of this calendar year. This office is working with the Department to identify funding for these contingency beds. Although there is no budgetary impact related to this item, we are committed to withholding implementation until we return to the Board for approval in a separate action.

The FY 2008-09 Proposed Budget recommended the use of designation of \$122.9 million, which resulted in a projected remaining DHS Designation balance of zero. The FY 2008-09 Final Recommended Budget reflects no change to the use of designation.

SPECIAL FUNDS/SPECIAL DISTRICTS

The recommended changes from the 2008-09 Proposed Budget reflects an increase/decrease in financing requirements of \$168.6 million. The major recommended changes are discussed below:

- **Capital Projects** - Reflects carryover of unspent capital funds for LAC+USC of \$30.0 million, additional funds of \$12.9 million from the 2005 Master Refunding debt issuance excess interest earnings, and \$12.0 million as identified under the Other Ministerial Changes of this change letter to fund remaining project close out expenditures for a revised project budget of \$924,567,344.

Also reflects \$1.543 million in carryover of unspent capital funds for the Fire Department Accumulated Capital Outlay Fund for various capital projects and refurbishments that are still in progress and a \$0.616 million decrease in carryover for the Del Valle Accumulated Capital Outlay Fund as a result of decreased revenue collections.

- **Fire Department** – Additional financing requirements of \$12.7 million are needed to fund the purchase of fixed assets (\$8.1 million) and increases in services and supplies (\$7.1 million), offset by decreases in professional and technical support positions (\$1.6 million), reductions in employee benefits (\$0.7 million) and various other reductions (\$0.2 million).
- **Public Works Proposition C Local Return Fund** - Additional financing requirements of \$35.9 million for street, bikeway, road, and highway

improvements. This increase reflects additional grant funding traffic congestion management projects and projects delayed from FY 2007-08.

- **Public Works Road Fund** – Additional financing requirements of \$88.0 million for the Road Fund are needed to finance a designation for future traffic congestion relief projects with Proposition 42 funding (\$18.0 million), finance another designation for future local streets and road improvement projects (\$20.0 million) and increases in services and supplies, to fund local street and road improvement projects for unincorporated County roads (\$50.0 million).
- **Public Works Internal Services Fund** – Additional financing requirements of \$5.3 million is needed for changes in employee benefits (\$2.3 million) and projected increases in overtime (\$3.0 million) to address potential disasters and emergencies in FY 2008-09.

Establishment of Capital Projects

Approval of the recommended actions will establish various capital projects and allow the CEO and Department of Public Works (Public Works) to proceed with project development or implementation. The recommended capital projects are identified below.

C.P. No. 86982: Athens Park Gym Refurbishment Project

Project Scope: Replacement or upgrade of the gymnasium roof, wood sports floor, bleachers, lighting system, scoreboard, hot water heater; and lobby, office, and ADA improvements to restrooms.

C.P. No.86886: Chester Washington Golf Course Cart Path Refurbishment

Project Scope: Refurbishment of existing cart paths around the golf course

Estimated Cost: \$500,000
Funding Source: Second District Capital Improvement net County cost

C.P. No. 69632: Alondra Park Auditorium

Project Scope: Demolition and replacement of existing paddle tennis courts, concrete walls and fencing with a 5,700 sq. ft. auditorium, including courtyard, sidewalks and two tennis courts.

Estimated Cost: \$6,145,000
Funding Source: Second District Capital Improvement net County cost

With exception to the Alondra Park Auditorium Project, the new projects will be delivered through Board-approved Job Order Contracts that will be managed by the Department of Public Works. We will return to your Board with project delivery recommendations for the Alondra Park Auditorium Project in July 2008.

ENVIRONMENTAL DOCUMENTATION

With exception to the Alondra Park Auditorium Project, the proposed projects have been reviewed and determined to be categorically exempt under CEQA in accordance with State CEQA Guidelines Section 15302, Replacement or Reconstruction, Class 2 (c), and the County of Los Angeles Environmental Procedures and Guidelines Appendix G, Class 2 (e), adopted by your Board on November 17, 1987. Notice of Exemptions will be filed with the Registrar-Recorder/County Clerk. These projects are categorically exempt under the guidelines because the projects provide for minor alteration of existing facilities, installation of new accessory structures, minor grading, and landscaping.

The Honorable Board of Supervisors
June 16, 2008
Page 15

We will return to your Board with the appropriate CEQA environmental documentation and findings with respect to the Alondra Park Auditorium Project prior to the initiation of construction activities.

FUNDING AGREEMENT AUTHORIZATION

The proposed funding agreements are necessary to complete the fund transfer of \$20.0 million to County cultural institutions and \$1.081 million to the Community Development Commission for improvements at Lennox Library.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Selected program changes and impacts are referenced above; all changes are detailed in the attached. Approval of these capital projects will allow us to proceed with the implementation of critical capital projects.
