

MOTION BY SUPERVISOR GLORIA MOLINA

August 25, 2009

In 2006 the Department of Public Works established a pilot in-house custodial services program in lieu of contracted custodial services. The Department has indicated that the program suffers from staffing shortages and quality problems that need to be rectified.

I, THEREFORE, MOVE THAT the Chief Executive Office and the Department of Public Works (DPW) present an oral briefing and recommendations at the August 25, 2009 Board of Supervisors meeting concerning the future of the DPW's Custodial Pilot Program.
