The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

STREET SWEEPING IN AZUSA/CLAREMONT/COVINA
SUPERVISORIAL DISTRICTS 1 AND 5
3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that this type of service is exempt from the provisions of the California Environmental Quality Act (CEQA).

2. Find that street sweeping in the Azusa/Claremont/Covina area can be more economically performed by an independent contractor than by County employees.

3. Award the contract for "Street Sweeping in Azusa/Claremont/Covina" to R. F. Dickson Company, Inc., located in Downey, California, commencing on July 1, 2003, for a period of three years.

4. Delegate authority to the Director of Public Works to execute this contract and to terminate the contract, if, in the Director's opinion, it would be in the best interest of the County to do so.

5. Authorize the contractor to proceed with the work in accordance with the contract's specifications, terms, conditions, and requirements.

6. Authorize Public Works to encumber an annual amount of $214,635 (three-year price $643,905), plus 15 percent for additional, unforeseen sweeping services within the scope of this contract. This amount represents the annual price for this service proposed by the contractor. Funds for the first year of the contract are included in the proposed 2003-04 Road Fund budget.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to obtain economical street sweeping services in the Azusa/Claremont/Covina area from a responsive, responsible contractor, R. F. Dickson Company, Inc. Public Works has been contracting for street sweeping in this area since 1994. The contractor will service approximately 10,764 curb miles and 26.5 paved alley miles of County maintained streets, highways, and alleys each week in the Azusa/Claremont/Covina area.

Implementation of Strategic Plan Goals

This action is consistent with the County's Strategic Plan Goals of Fiscal Responsibility, Organizational Effectiveness, and Children and Families' Well Being. This contract will improve internal operations through the utilization of the contractor's expertise to effectively provide this service in a timely, responsive, and cost-effective manner, as well as improve the quality of life in the County.

FISCAL IMPACT/FINANCING

The contract's annual amount is $214,635 (three-year price $643,905), plus 15 percent for additional, unforeseen sweeping services within the scope of this contract. The additional funds may be used for emergency sweeping and/or additional sweeping services identified by the County during the contract term and will not be expended without the authorization of the Director of Public Works.

Public Works has calculated the cost-effectiveness of contracting for this sweeping service. Based on the cost calculations, Public Works has determined this service can be more economically performed by an independent contractor than by County employees. The Auditor-Controller has reviewed and approved these calculations.

This contract will commence on July 1, 2003, for a period of three years. This contract may be canceled or terminated at any time by the County, without cause, upon the giving of at least 30 days' written notice to the contractor.

Funds for the first year of this contract are included in the proposed 2003-04 Road Fund budget. There will be no impact on net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This service is being contracted in accordance with County Charter Section 44.7, Part 3, and Chapter 2.121 of the Los Angeles County Code. The mandatory requirements for contracting set forth in the Los Angeles County Code Section 2.121.380 have been met.

This contract is in compliance with the mandatory living wage requirements as set forth in the Los Angeles County Code Chapter 2.201, Living Wage Program. Public Works has determined that the contractor complies with the requirements of the Living Wage Program and agrees to pay its full-time employees providing these services to the County a living wage.

Prior to the Director executing this contract which will be substantially reflected in Enclosure C, the contractor will execute and County Counsel will review it as to form.

ENVIRONMENTAL DOCUMENTATION

With respect to requirements of the CEQA, this service is categorically exempt as specified in Appendix G, Class 1, Item (x)(22) of the Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57.

CONTRACTING PROCESS

On January 16, 2003, Public Works solicited proposals from 75 independent contractors and community business organizations to accomplish this work. Also a notice of proposal availability was placed on the County's bid website (Enclosure A) and an advertisement was placed in the Los Angeles Times.

On February 19, 2003, five proposals were received. These proposals were first reviewed to ensure that they met the mandatory minimum requirements outlined in the Request for Proposals (RFP). Those proposals that met the mandatory requirements were then evaluated by an evaluation committee consisting of Public Works' staff. The committee's evaluation was based on criteria described in the RFP, including the proposed price, references, financial capability, staffing plan, and equipment. Based on this evaluation, it is recommended that this work be awarded to R. F. Dickson Company, Inc., located in Downey, California, who received the highest rating.

Enclosure B reflects the minority participation of each proposer. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

This contract contains Board-approved contract terms and conditions regarding notification to current and new employees about the Federal earned-income tax credit, use of recycled-content paper products, contractor responsibility and debarment, the Contractor Employee Jury Service Program, nonpayment for services received after contract expiration or termination, and Safely Surrendered Baby Law.

Public Works has confirmed that the Child Support Services Department has received the contractor's Principal Owner Information Form in compliance with Los Angeles County Code Chapter 2.200 (Child Support Compliance Program).

The required Comprehensive General and Automobile Liability insurance certifications naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractor before work commences.

As requested by your Board, the contractor has submitted a safety record which reflects that activities conducted by this contractor in the past have been according to reasonable standards of safety.

Public Works has accessed available resources to review and assess the proposed contractor's past performance, history of labor law violations, and experiences with County contracts.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that this contractor will not be required to perform services which will exceed the contract's approved amount, scope of work, and/or term.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this contract will not result in the displacement of any County employees, as Public Works is presently contracting for this service with the private sector.

CONCLUSION

One approved copy of this letter is requested.

Respectfully submitted,

JAMES A. NOYES
Director of Public Works

SPECIFICATIONS AND CONDITIONS

FOR

STREET SWEEPING AZUSA/COVINA/CLAREMONT

SECTION I

WORK REQUIRED/PROPOSAL SUBMISSION

A. Work Required

Proposers are requested to provide a Proposal for services in the form described in the following Sections, Exhibits, and Attachments. Proposers are instructed to carefully read these Terms, Requirements, Specifications, Conditions, Attachments, and Exhibits.

The work to be performed under this Contract consists of the weekly sweeping and/or cleaning of public streets (including curbed medians) and paved alleys and other incidental and appurtenant work necessary for the proper completion of the Project. The work shall be performed in accordance with these Specifications and Plans. The Contractor shall perform all necessary work to complete this Contract in a satisfactory manner and shall furnish all necessary equipment, tools, labor, materials, and incidentals.

Bid bonds, bonds for labor and material, or faithful performance bonds are not required for this project. A contractor's license is not required for this project. Prevailing wages are not required to be paid on this project.

Proposers are advised that the Board has enacted the Living Wage Program (Exhibit B) for contracts awarded under the authority of County Code Chapter 2.121.250 through 420 (Proposition A). In doing so, the Board made a finding that the Living Wage Program was not only to provide living wage and health benefits to employees working on these County contracts, but it is also intended to relieve the burden on the County for providing social and health services to persons who receive less than a living wage. Any contract resulting from this solicitation will be awarded under the Proposition A authority. The Living Wage Program requires contractors and their subcontractors to pay their full-time employees providing these requested services a living wage. The County has established the living wage as $9.46 per hour without

health benefits and $8.32 per hour with health benefits. For contractors/subcontractors to qualify for the lower wage rate, the contractor/subcontractor shall pay at least $1.14 per hour toward the provision of a bona fide health care, vision, and/or dental benefit plan for each employee and any dependents during the term of this Contract. Contractors/ Subcontractors will not be allowed to pay less than $1.14 per hour toward an employee health benefit and pay the difference to the employee. Each Proposer shall complete the Contractor Living Wage Declaration (Exhibit D). Proposers who fail to comply with the requirements of the Living Wage Program will be considered nonresponsive.

B. Proposal Submission

Proposals shall be submitted using the following sequence, content, and according to the format stated below. Failure to provide the required information or comply with these guidelines may be a basis for rejection of the Proposal. The Proposal package must include the following:

1. Title page which indicates the Proposer's name, project title, and date of submission.

2. Comprehensive Table of Contents for material included in the Proposal.

3. A comprehensive description of the Proposer's background, organization, experience, and staff in sufficient detail and scope to provide for a meaningful evaluation, comparison, and assessment (See Part I, Section 3.F, Evaluation Criteria).

4. Work Plan of Action/Approach which describes the procedures, techniques, and methods that will be employed in meeting the objectives outlined in Part I, Section 2, Scope of Work. The Work Plan is to include the Proposer's proposed full-time employees staffing plan. Proposer will be required to assign and use full-time employees of the Proposer to provide these services, unless Proposer demonstrates to the satisfaction of the County the need to use non-full-time employees based on staffing efficiency or the County requirements of an individual job. If the Proposer desires to assign and use non-full-time employees to provide services, the Proposer shall submit to the County, at least seven days before the deadline to submit proposals, a written request to use non-full-time employees providing all necessary documentation to substantiate the request.

Based on the County's review of the Proposer's request and submitted documentation, the County shall determine, at its sole discretion, whether the Proposer may use non-full-time employees. The County's decision will be final. Proposer's request for the utilization of non-full-time employees is to be delivered or faxed to:

Department of Public Works
Administrative Service Division - 9th Floor
900 South Fremont Avenue
Alhambra, CA 91803
Fax (626) 458-4194
Attention Anthony Ford

In evaluating proposals, the County will review the Proposer's history of labor law/payroll violations (including, but not limited to violations or pending claims pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination)as well as debarment from contracting by any public entities. To facilitate this process, Proposers must submit with their Proposal a complete Acknowledgment and Statement of Compliance form (Exhibit E), and disclose on that form: (1) any determination by a public entity within three years of the submission date of the Proposal that the Proposer committed a labor law/payroll violation, (2) any pending claim that involves an incident of labor law/payroll violation occurring within three years of the Proposal's submission date, and (3) debarment by a public entity within the last 10 years.

Disclose full details of any such determinations, claims, and debarments on the "Labor/Payroll/Debarment History" form (Exhibit F).

Applying established criteria, the County may deduct from 1 to 20 percent of the maximum number of available evaluation points for labor law/payroll violation, with substantially increased deductions for a Proposer's failure to disclose reportable violations (See Exhibit G "Guidelines for Assessment of Proposer Labor Law/Payroll Violations"). Pending claims (i.e., claims that do not have a final disposition) will not result in point deductions; however, such claims may be reported to the Board before this Contract is awarded.

5. If subcontractors are to be employed, Proposal shall include a specific description of the qualifications of

each subcontractor, their tasks, experience, safety records, financial references, staff, and contact person. All subcontractors to be employed by the Proposer to perform any of the work under this Proposal shall be subject to the same requirements set forth in this Request for Proposals.

The County seeks diverse and broad-based participation in its contracting. The Proposer shall submit the Firm/ Organization Information Form and Firm/Organization Compliance Form (both attached) for each subcontractor contemplated.

6. The resultant contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance ("Jury Service Program," Los Angeles County Code, Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in Part II, Section 3.U, Jury Service Program. The Jury Service Program applies to both contractors and their subcontractors. Proposals that fail to comply with the requirements of the Jury Service Program will be considered non-responsive and excluded from further consideration.

   a. The Jury Service Program requires contractors and their subcontractors to have and adhere to a written policy that provides that its employees shall receive from the contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the contractor or that the contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is a full-time employee of a contractor and "full time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) the contractor has a long-standing practice that defines the lesser number of hours as full time. Therefore, the Jury Service Program applies to all of a contractor's full-time California employees, even those not working specifically on the County project.

   b. There are two ways in which a contractor might not be subject to the Jury Service Program. The first

is if the contractor does not fall within the Jury Service Program's definition of "contractor." The Program defines "contractor" to mean a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. The second is if the contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to contractors that have 1) ten or fewer employees; and, 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this contract is less than $500,000; and, 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.

c. If a contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the contractor must so indicate in the Certification Form and Application for Exception (See Attachments) and include with its submission all necessary documentation to support the claim such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the contractor's application, the County will determine, in its sole discretion, whether the contractor falls within the definition of Contractor or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

7. Local Small Business Enterprise Preference Program

In evaluating proposals, the County will give preference to businesses that are certified by the County as a Local Small Business Enterprise (Local SBE), consistent with Chapter 2.204 of the Los Angeles County Code. Proposers who wish to be considered for this preference should do so using the attachment entitled Request for Local SBE

Preference Program Consideration and CBE Firm/ Organization Information Form. C. Departmental Contract Contact

The Contractor's contact with the Public Works regarding this Contract will be Jeff Donaldson at (323) 776-7552, FAX (310) 649-0402, e-mail address: jdonaldson@ladpw.org.

D. Work Location

Exhibit A, Project Location/Vicinity Maps provides a more detailed outline of the Project's limits.

E. Services to be Performed

The Contractor shall sweep and/or clean once a week all public streets, paved alleys, and curbed medians within the Project limits as shown in Exhibit A, Project Location/Vicinity Maps. The word "sweeping" shall define an operation and the method shall not be limited to the use of a power broom street sweeper.

Unless otherwise stated, work shall be measured in either Curb Miles and/or Paved Alley Miles. A "Curb Mile" is defined as a swept path not less than five feet wide for a total length of

5,280 feet. A "Paved Alley Mile" is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass at a maximum speed of not more than six miles per hour on each side of the street adjacent and parallel to the curb face and shall include curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of single swept path on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than six miles per hour.

Water shall be used while sweeping to minimize dust if a power broom sweeper is used. In the event that the results of a sweeping operation are considered unsatisfactory by the Engineer, in accordance with Part I, Section 2.F, Standard of Performance, below, the Contractor shall sweep or clean the unsatisfactory area again, at no cost to the County, within two calendar days without interruption of the regular sweeping schedule.

Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to narrow cul-de-sacs, median noses, and portions of left turn pockets shall be hand cleaned to comply with Part I, Section 2.F, Standard of Performance, below.

The Contractor shall inform the Engineer of any problems or conditions which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by the Contractor to the Engineer as soon as the condition is identified. Dead animals shall be reported to Animal Control at (562) 940-8888.

F. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. The Engineer will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Engineer may direct the

Contractor to re-sweep the unsatisfactorily swept area(s) not swept at all, if the area(s) can be re-swept during the same business day. If the area(s) cannot be re-swept during the same business day by the Contractor, the Engineer may deduct payment to the Contractor in accordance with Part I, Section 2.0, Inspection and Acceptance of the Work.

G. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of the Contractor. The Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. When storage of refuse and debris is necessary prior to disposal, the Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. The Contractor will not be allowed to use the rights of way or Public Works' facilities as temporary storage sites.

H. Storage Facilities

Public Works will not provide storage facilities for the Contractor.

I. Water

The Contractor shall furnish all water necessary for sweeping operations in accordance with Part I, Section 2.E, Services to be Performed.

J. Rights of Way

The Contractor shall conduct all of its activities and operations within the confines of public roadways. The Contractor shall not allow its employees to use private property for any reason or to use water from such property without written permission from the owner. If, for any reason, the Contractor elects to encroach upon other lands, the Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Engineer prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, the Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

The Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Section and

with permission or in violation of this Section without permission.

K. Authority of Board and Engineer

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Engineer has the authority to enforce compliance with these Plans and Specifications. The Contractor shall promptly comply with instructions from the Engineer or authorized representative.

On all questions relating to quantities, the acceptability of equipment or work, the execution, progress or sequence of work, and the interpretation of the Specifications or the Plans; the decision of the Engineer will be final and binding, and shall be precedent to any payment under this Contract, unless otherwise ordered by the Board.

L. Best Management Practices (BMPs)

Best Management Practices shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes; or reduces pollution. The Contractor shall obtain and refer to the California Storm Water Best Management Practice Handbooks, Volume 3, Construction BMP Handbook, and the Los Angeles County Department of Public Works Best Management Practices Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
Lobby Cashier Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

The Contractor shall have a readily accessible copy of each publication in the Project area at all times. As a minimum, the Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO.	MATERIAL MANAGEMENT
CD10(2)	Material Delivery and Storage
CD11(2)	Material Use
CD12(2)	Spill Prevention and Control

NO.	WASTE MANAGEMENT
CD13(2)	Solid Waste Management
CD14(2)	Hazardous Waste Management
CD15(2)	Contaminated Soil Management
CD16(2)	Concrete Waste Management

Additional BMPs may be required as a result of a change in actual field conditions, Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, the Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

Best Management Practices for Contractor activities shall be continuously implemented throughout the year. Best Management Practices for erosion control and sedimentation shall be implemented during the period from October 15 to April 15, and whenever the National Weather Service predicts rain within 24-hours. Best Management Practices for erosion control and sedimentation shall also be implemented prior to the commencement of any Contractor activity or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fines assessed against the County; plus legal and staff costs, as a result of the Contractor's alleged lack of compliance with these provisions and/or less than complete implementation of the specified BMPs. The County may deduct, from the payment due the Contractor, amounts necessary to cover such fines and costs. In addition, the County may also assess the Contractor, as liquidated damages, $1,000 for each calendar day that the Contractor has not fully implemented the BMPs specified for this Contract and/or is otherwise in non-compliance with these provisions. Full compensation for the implementation of BMPs shall be considered as included in the "Total Proposed Price" shown in Part I, Section 6, Schedule of Prices.

M. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Engineer for approval prior to any work being done under this Contract. The schedule shall include the miles and Paved Alley Miles of streets, alleys, and medians to be swept daily as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. The Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Engineer. Changes in the schedule for the convenience of the Contractor shall require approval by the Engineer prior to being included in the weekly work. The County reserves the right to require the Contractor to sweep specific areas on specified days and at specified times of the day. The following guidelines will generally be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted day and hours.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup. The Contractor shall be responsible for determining when trash pickups are scheduled.

3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.

4. Streets adjacent to apartments, condominiums, or other areas where all night on-street parking is prevalent shall be swept after 8 a.m.

5. Major highways shall not be swept during peak traffic hours.

6. Residential areas shall not be swept prior to 7 a.m. nor after 3:30 p.m.

7. Street sweeping shall be scheduled that both sides of a street are not swept in the same day, unless the Engineer directs otherwise.

N. Prosecution of Work

To minimize public inconvenience, the Contractor shall diligently prosecute the work to comply with the approved sweeping schedule. If, as determined by the Engineer, the Contractor fails to prosecute the work to the extent that the above purpose is not being accomplished; the Contractor shall, upon orders from the Engineer, immediately take steps necessary to fully accomplish said purpose. All cost of prosecuting the work as described herein shall be included in the Contractor's "Total Proposed Price."

Should the Contractor fail to take the necessary steps to fully accomplish said purpose, after orders of the Engineer to do so, the Engineer may suspend the work in whole or in part, until the Contractor takes said steps. If work is suspended through no fault of the County, all expenses and losses incurred by the Contractor during such suspensions shall be borne by the Contractor.

O. Inspection and Acceptance of the Work

The Contractor shall implement a Contract Quality Control Plan as required under Part I, Section 2.V, Quality Control. The Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Engineer will inspect the work to assure that the quality of street sweeping services is in compliance with terms and conditions of this Contract. The Engineer will inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A five percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to the Contractor on the working day following the inspection for all deficient locations.

The Engineer will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within eight feet of the curb face. Debris includes, but is not

limited to trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.

2. A trail of debris shall not be left along the street or gutter.

3. An inordinate amount of debris which would indicate that the location had not been swept properly.

P. Suspension of Work

The work may be suspended in whole or in part when determined by the Engineer that the suspension is necessary in the interest of the County. The Contractor shall comply immediately with any written order of the Engineer suspending work. Such suspension shall be without liability to the Contractor on the part of the County except as otherwise specified in Part I, Section 2.Y, Additional Sweeping.

Q. Noncompliance With Plans and Specifications

Failure of the Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Engineer may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until the Contractor's operations are brought into compliance to the satisfaction of the Engineer. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

R. Contractor's Equipment Compliance with Laws and Regulations

1. The Contractor shall fully comply with all applicable laws and regulations, including but not limited to all Air Quality Management District regulations. In particular, the Contractor's equipment shall be in full compliance with Air Quality Management District Rules 1186 and 1186.1 pertaining to street sweepers.

2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Engineer may inspect the Contractor's vehicles employed in the contract work at any time without notice.

3. In the event of mechanical breakdown of an alternate-fuel street sweeper, the Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. The Contractor shall immediately provide to the Engineer notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.

4. The Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Engineer may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the sweeping of curbed highways and streets, the Contractor's equipment shall clean the streets as specified in Part I, Section 2.F, Standard of Performance.

5. The Contractor shall provide sweeping equipment and disposal trucks which shall be properly maintained both mechanically and in appearance. The Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires re-sweeping, or to provide any additional re-sweeping directed by the Engineer. All equipment shall be clearly marked with the Contractor's name and vehicle number. The Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The Contractor's sweeper operators shall be furnished with a cellular phone or equivalent communication device that will allow the Engineer to make contact with the sweeper operator during sweeping operations. The Contractor shall provide the Engineer with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

7. Primary and back-up sweepers shall be equipped with a Fleet Manager 200 or a County-approved equivalent. If primary and back-up sweepers are not available or additional sweepers are needed to complete the route, the County will accept mechanical tachograph charts from those additional sweepers. The Fleet Manager 200 or County-approved equivalent shall be programmed to provide the following information on a monthly basis:

   a. The name of the sweeper operator and the equipment identification number.

b. The starting and finishing time and date.

c. Total number of miles traveled by the street sweeper.

d. Total number of miles swept with broom(s) down/on.

e. Total number of miles swept in excess of set speed with broom(s) down/on.

S. Reports

In addition to other data filed with the County by the Contractor, the Contractor shall, on the second working day of each week, file a report with the Engineer enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.

2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.

3. When missed areas were swept.

4. Number of complaints received each day.

5. Reasons scheduled sweeping was not performed or completed as scheduled.

6. Waste Tonnage Summary and copies of waste disposal receipts.

The Contractor shall, on the second working day of each week, provide the Engineer downloaded Fleet Manager 200 or County-approved equal, data on a three and a half inch, high density, IBM formatted computer diskette containing the required sweeping data for the previous week. Software necessary for producing sweeper reports shall be furnished by the Contractor to the County at no cost.

T. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continuous and no deduction will be made for left turn pockets or intersecting streets.

Additional sweeping of streets, as defined in Part I, Section 2.Y, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of width of street in feet divided by five to determine Curb Miles per mile of length.

U. Contractor's Representative

Before starting the work, the Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to the Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of the Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Engineer to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to the Contractor or its representative.

In order to communicate with the County, the Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

V. Quality Control

The Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with these plans, specifications, and approved schedule of services.

The Contractor shall designate in writing, a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that the Contractor's Quality Control representatives be separate and distinct from the Contractor's project manager or general superintendent, and that the Contractor's quality control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, the Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Engineer. This plan will include, as a minimum, the names and telephone numbers of the Contractor's Quality Control representatives, a description of the roles

and responsibilities for quality control, the system for monitoring, reporting on, and resolving quality control issues, and checklists or other documentation in support of the Contractor's quality control function.

W. Duration of Contract

This Contract will commence on the first day of the month following Board approval, for a period of three years (156 weeks).

X. Plans and Specifications

Included as part of this Contract are plan sheets (Exhibit A) showing the locations of streets and alleys included in this Project.

The Plans, these Specifications, and other contract documents shall govern the work. These contract documents are intended to be complementary and cooperative and to describe and provide for a complete Project. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions which may affect the cost of the work will be shown on the Plans or indicated in these Specifications, the County does not warrant the completeness or accuracy of such information. The Contractor shall ascertain the existence of any conditions affecting the cost of the work which would have been disclosed by reasonable examination of the site. The Contractor shall, upon discovering any error or omission in these Plans and/or Specifications, immediately call it to the attention of the Engineer.

Y. Additional Sweeping

The Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Engineer. The Contractor will be compensated for each additional sweeping at the Contract's "Unit Price" per Curb Mile or Paved Alley Mile, as appropriate. The method of payment will be determined by the Engineer.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in

addition to the regularly scheduled sweeping as ordered by the Engineer.

Additional sweeping will normally be confined to sweeping the curb lane. However; if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's "Unit Price" per Curb Mile as defined in Part I, Section 2.T, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in Part I, Section 2.F, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper must return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate the Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a non-routine manner. In these cases, the hourly rate paid by the County to the Contractor shall be equal to four times the Contract's "Unit Price" per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

Z. Changes Resulting from Schedule Disruption

During this Contract period, the Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Engineer. When, in the opinion of the Engineer, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Engineer may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of Part I, Section 2.F, Standard of Performance, and shall be performed by the Contractor at the Contract's "Unit Price" per Curb Mile and will not be considered additional sweeping as defined in Part I, Section 2.Y, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Engineer, be swept within two working days

of the regularly scheduled sweeping day without interruption in the regular sweeping schedule. Any such requested sweeping shall meet the requirements of Part I, Section 2.F, Standard of Performance, and shall be performed by the Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event the Contractor is prevented from completing the sweeping, as provided in the approved schedule, because of reasons other than inclement weather or holidays, the Contractor shall be required to complete the sweeping services so deferred within two calendar days without interruption in the regular sweeping schedule.

AA. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Plans (Exhibit A). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to the Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate "Unit Price."

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Engineer.

AB. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a city, the Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's "Unit Price" per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct the Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys, within the incorporated area, that are deleted from the Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of the Contractor, review this Contract if the incorporation severely affects the Contractor's weekly sweeping schedule.

AC. Changed Conditions

The Contractor shall notify the Engineer in writing of any changed conditions promptly upon their discovery. The Engineer will promptly investigate conditions which appear to be changed conditions. If the Engineer determines that the conditions are changed conditions and that they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate "Unit Price" reflected in Part I, Section 6, Schedule of Prices.

If the Engineer determines that the conditions of which it has been notified by the Contractor do not justify an adjustment in compensation, the Contractor will be notified in writing.

AD. Communications and Public Relations

The Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., from Monday through Friday except on legal holidays. Said answering service shall have the capability of contacting sweepers by radio, cellular phone, or paging equipment for the purpose of relaying instructions from the Engineer and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by the Contractor's common known name. All public complaints concerning street sweeping shall be investigated by the Contractor. Complaints brought to the Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to the Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by the Contractor. The form, which must be approved by the Engineer, shall be filed with the County on the first working day following the day the complaint was received. The Contractor shall report what actions were necessary to resolve each complaint.

AE. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA requirements while performing this

requested work. Suitable clothing, gloves, and shoes that meet CalOSHA requirements are required.

AF. Project Site Safety

The Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. The Contractor shall provide at its expense all safeguards, safety devices, and protective equipment, and shall take any and all actions appropriate to providing a safe Project site.

AG. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program (IIPP) and Code of Safe Practices (CSP). The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

SECTION 3

AWARD AND EXECUTION OF CONTRACT

A. Award of Contract

The County reserves the right to award a contract for this service to the Proposer whose Proposal provides the most beneficial program and price, with all other factors considered. The awardee shall sign and return this Contract, together with copies of the required insurance certification, within seven days after notification by the Department of intent to recommend award of this Contract to the Board.

Prior to the award of this Contract, Public Works will notify the selected Proposer of its intention to recommend that the Board award this Contract to the selected Proposer on condition that the selected Proposer provide within 10 days a list of street sweepers that will be employed on this Contract and that fully comply with all AQMD regulations applicable to this Contract, identifying the street sweepers by make, fuel type, model, inventory number, and vehicle identification number. In addition, the selected Proposer shall furnish with the list proof of ownership of each listed street sweeper or a copy of a confirmation of order from a manufacturer or distributor that includes such information with delivery specified not later than the effective date of this Contract. Upon timely receipt of such information, Public Works may recommend the award of this Contract to the selected Proposer. Should the selected Proposer fail to provide such information as required or should the list fail to demonstrate full compliance with AQMD regulations, Public Works may reject the selected Proposer and recommend award of this Contract to another Proposer.

B. Final Contract Award by Board

Notwithstanding a recommendation of a department, agency, individual, or other, the Board retains the right to exercise its judgment concerning the selection of a proposal and the terms of any resultant agreement, and to determine which proposal best serves the interest of the County. The Board is the ultimate decision making body and makes the final determinations necessary to arrive at a decision to award, or not award, a contract.

C. Legal Status of Contractor's Personnel

Contractor warrants that it fully complies with all laws regarding employment of aliens and others, and that all of its

employees performing services hereunder meet the citizenship or alien status requirements contained in Federal and State statutes and regulations including, but not limited to the Immigration Reform and Control Act of 1986 (PL. 99-603). Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal statutes and regulations as they currently exist and as they may be hereafter amended. Contractor shall retain such documentation for all covered employees for the period prescribed by law. Contractor shall indemnify, defend, and hold harmless the County, its officers and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

D. County Lobbyists

Each County lobbyist, as defined in the Los Angeles County Code Section 2.160.010, retained by Proposer submitting a response to this Request for Proposals or Contractor awarded this Contract shall be in full compliance with Chapter 2.160 of the Los Angeles County Code. The Proposer's/Contractor's signature on the Proposal/Contract is its certification that it is in full compliance with Chapter 2.160. Failure on the part of any County lobbyist retained by Proposer/Contractor to fully comply with the County Lobbyist Ordinance shall be sufficient cause for rejection of the Proposal or shall constitute a material breach of this Contract upon which the County may immediately terminate or suspend this Contract.

E. Evaluation of Proposals

All responses to this Request for Proposals become the property of the County. Upon receipt of said Proposal as specified, the County will select a contractor from among those submitting Proposals. Selection shall be based on the evaluation criteria set forth below. After a contractor has been selected by the Department, the Department will submit a contract to the Board for consideration and possible approval.

The County may require whatever evidence it deems necessary relative to the Proposer's financial stability.

The County reserves the sole right to judge the Proposer's representations, either written or oral, as stated in the Proposal submitted. County may make onsite inspections of Proposer's current jobs.

The County may, at its option, invite proposers to make a presentation and participate in an interview before a final selection is made.

F. Evaluation Criteria

The evaluation criteria to be used in the selection process will include, but are not limited to the following considerations:

1. Proposals will first be reviewed on a Pass/Fail basis. Proposals not meeting all of these requirements may be rejected as nonresponsive:

   a. Proposer's Safety Record reflects that the Proposer has provided services in a safe manner.

   b. Proposer shows an ability to meet insurance requirements.

   c. Proposer has met the GAIN requirements.

   d. Proposer has submitted to the Child Support Services Department the Principal Owner Information and Child Support Compliance Program Forms.

   e. Proposer has indicated it will meet the Living Wage Program employee payment requirements and has included its contribution for the identified medical plan, if any, in the Proposer's Cost Methodology (attached); **OR** Proposer has, within the time period specified in Part I, Section 1.B.17, submitted a fully documented application establishing that it is entitled to exemption (Exhibit C, Application for Exemption).

   f. Proposer's staffing plan identifies full-time employees of the Proposer who will perform the required work unless the Proposer has demonstrated the necessity of part-time staff to the County's satisfaction in accordance with Part I, Section 1.B.4. Proposers may submit part-time staffing plans for approval before the due date for receipt of proposals in accordance with Part I, Section 1.B.4.

   g. Proposer has submitted the attached Jury Service Program Certification Form and Application for Exception, stating that it accepts and will comply with the Program requirements or establishing its entitlement to an exception to the Program.

h. Proposer has signed all appropriate forms and Part I, Section 6, Schedule of Prices.

i. Proposal was time stamped by the Cashier prior to the deadline for submission of the Proposal.

j. Proposer is signed in as attending Proposer's Conference.

2. Proposals passing the first step will be evaluated based on the following criteria:

a. Proposed Fee (65 points)

The proposed price should accurately reflect Proposer's cost of providing the required services and any profit expected for the three-year period. The lowest "TOTAL PROPOSED PRICE" for three years quoted in the Schedule of Prices (Part I, Section 6) will receive the full weight of this evaluated item (65 points), subject to adjustment in accordance with the Local SBE Preference Program. Subject to such adjustments, other Proposals will receive a prorated score calculated as follows: divide the lowest Total Proposed Price by each other Proposers' Total Proposed Price and multiply the result by the maximum possible points for this evaluation criterion (65 points). However, the Proposal with the lowest Total Proposed Price may not necessarily be awarded a contract.

Notwithstanding the ranking of the Proposal prices and overall Proposal scores, no contract shall be awarded to a Proposer unless the Proposer's annual price to perform these services is less than the County's total annual avoidable cost.

In addition, should one or more of the Proposers request and be granted the Local SBE Preference, the price component points will be determined as follows:

Five percent (5%) of the lowest price proposed will be calculated, which shall not exceed $50,000, and that amount will be deducted from the price submitted by all Local SBE Proposers who requested and were granted the Local SBE Preference.

b. References (15 points)

Record of performance as determined from communications with the Proposer's former/current clients. Factors to be considered include, but are not limited to cost control, work quality, completion of work on schedule, and responsiveness. Public Works will check at least three of the Proposer's references for overall satisfaction with Proposer's services, with priority given to checking services provided to Public Works and other County departments. One or more unfavorable references may result in rejection of the Proposal.

c. Capability (10 points)

Proposer's financial statements or annual reports will be evaluated on the extent to which the statements demonstrate that the Proposer has financial and business stability ensuring it can continue to pay the living wage as defined in Part I, Section 7, and can perform the work throughout the term of the Contract. Financial statements or annual reports that are incomplete or unaudited (compiled, reviewed, or self-prepared) may be given less weight. A score of zero in this evaluation category may result in rejection of the Proposal.

d. Proposer's Staffing Plan and Equipment (10 points)

A review of the Proposer's description of its equipment and staffing plan and ability to meet the requirements and conditions of this work. A score of zero in this category may result in rejection of the Proposal.

SECTION 4

the active negligence of the County. 2. Insurer Financial Rating - Insurance is to be provided by an insurance company acceptable to the County with an A. M. Best rating of not less than A:VII, unless otherwise approved by County.

3. Failure to Maintain Coverage - Failure by the Contractor to maintain the required insurance, or to provide evidence of insurance coverage acceptable to County, shall constitute a material breach of contract upon which the County may immediately terminate or suspend this Contract. County, at its sole option, may obtain damages from Contractor resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

4. Notification of Incidents, Claims, or Suits - Contractor shall report to County's Project Manager:

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "Employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Program (Section 2.201.090 of the County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth immediately below, for the Employees' services provided to the County under this Contract:

If, at any time during this Contract, Contractor contributes less than $1.14 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.

   For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform

services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

2. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.

3. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement, and Contractor shall immediately notify County if Contractor at any time either comes within the Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Program's definition of "Employer" and/or that Contractor continues to qualify for an exception to the Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

C. Contractor's Submittal of Certified Monitoring Reports

Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list all of Contractor's

Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its Employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each Employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including but not limited to any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year(Exhibit H). Contractor shall translate into Spanish and any other language spoken by a significant number of Employees the posters and handouts.

G. Enforcement and Remedies

If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

1. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information, or is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring

report is deficient, including but not limited to being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of $100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due Contractor.

c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

2. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the

liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of $50 per Employee per day for each and every instance of an underpayment to an Employee. The County may deduct any assessed liquidated damages from any payments otherwise due Contractor.

c. Termination: Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

3. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Program to the County or to any other public or private agency, entity, or person. SECTION 2

GENERAL PROPOSAL REQUIREMENTS AND CONDITIONS

A. Knowledge of Work to be Done

By submitting a Proposal, Proposers will be held (1) to have carefully read the solicitation document and all attachments, (2) to have satisfied themselves as to their ability to meet all of the difficulties attending the execution of the proposed work before the delivery of their Proposal, and (3) agree that if awarded this Contract, no claim will be made against the County based on ignorance or misunderstanding of the solicitation document.

B. Withdrawal of Proposals

Proposers may withdraw their Proposal anytime before the date and hour set for submission upon presentation of a written request to the Director signed by an authorized representative of the Proposer or by the person filing the Proposal.

C. Invalid Proposals

It is the sole responsibility of the Proposer to see that its Proposal is properly received by the Department before the submission deadline. Proposers shall bear all risks associated with private delivery services or with delays in the U.S. Mail.

Proposals submitted by telegram and those which are not clocked in at the Department's Headquarters Lobby Cashier before the date and hour set for receipt of the same will not be considered and will be returned to the Proposer unopened.

D. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer shall render their Proposal irregular and may cause its rejection.

E. Term of Proposals

All Proposals shall be firm offers and may not be withdrawn for a period of 120 days following the last day to accept Proposals.

F. Acceptance or Rejection of Proposals

The right is reserved to reject any or all Proposals not suitable in the judgment of the Board/Director to be in the best interests of the County/Department. In the event of any such rejection, the County will not be liable for any costs incurred in connection with the preparation and submittal of a Proposal.

Proposals signed by an agent other than an officer of a corporation or a member of a general co-partnership, must be submitted with a power of attorney authorizing such signature; otherwise, the Proposal will be rejected as irregular and unauthorized.

No Proposal will be considered unless the Proposer submits a Proposal for all requested items. If the solicitation document contains multi-Proposal requests, no Proposal will be considered unless the Proposer submits a price on all items within each category, though the Proposer may not be required to submit a price on all the categories.

G. Qualification of Proposer

No award will be made to any Proposer who cannot give satisfactory assurance as to its ability to carry out this Contract, both from a financial rating and because of experience as a contractor on work of the nature contemplated in this Contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these Specifications. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry, including, but not limited to information regarding past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility with respect to such Proposer. Unfamiliarity with the type of work required by the Department may be sufficient cause for rejection of the Proposal.

H. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their Proposal, on the Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be sufficient cause for rejection of the Proposal.

I. Proposer's License Requirements

Proposers shall be properly licensed by the State of California to perform the work proposed under these Specifications. Lack of proper license at the time of submission of Proposal will be sufficient cause for rejection of the Proposal.

J. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the Proposal price to take into consideration a possible escalation of wages, materials, and other costs during the contract period. The Board, County, Department, District, or Director do not presume what future costs may be or the rate of wages that may become necessary to pay employees of the Contractor for the work performed during the Contract period.

K. Qualifications of Subcontractors

Proposers shall list all subcontractors to be used on the List of Subcontractors form provided. The use of subcontractors shall be according to the provisions of Part II, Section 4, Paragraphs D and G. Subcontractors shall be properly licensed under the laws of the State of California for the type of work which they are to perform. Alternate subcontractors shall not be listed for the same work.

L. Opening of Proposals

Proposals will not be publicly opened.

M. Disqualification of Proposers

More than one Proposal from an individual, firm, or partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer has interest in more than one Proposal for the work contemplated will cause the rejection of all Proposals in which such Proposer has interest. If there is reason for believing that collusion exists among the Proposers, none of the participants in such collusion will be considered in this or future Proposals.

N. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected extension will be considered as representing the Proposer's intentions.

N. Proposal Prices and Agreement of Figures - Cont'd

If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions.

If the items are incorrectly totaled, the corrected total will be considered as representing the Proposer's intentions.

O. Disclosure of Contents of Proposals

All Proposals in response to the solicitation document will become the exclusive property of the County. At such time as the Department recommends the award of this Contract to the Board and that letter appears on the Board's agenda, all Proposals will become a matter of public record and will be regarded as public records, except those parts of each Proposal which are defined by the Proposer as business or trade secrets, and plainly marked as "trade secret." Designation of all or substantial portions of the Proposal as "trade secret" or inappropriate designation of portions of the Proposal as "trade secret" may result in the Proposal being rejected as nonresponsive. The County will not in any way be liable or responsible for the disclosure of any such records, or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law.

P. Gratuities

It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of this Contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee or agent for the purpose of securing favorable treatment with respect to the award of this Contract.

A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being eliminated from consideration. Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment or tangible gifts.

Q. Determination of Proposer Responsibility

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed contract. It is the County's policy to conduct business only with responsible contractors.

2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any contracts, including but not limited to County contracts. Particular attention will be given to violations of labor laws related to employee compensation and benefits, and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.

3. The County may declare a Proposer to be non-responsible for purposes of this proposed Contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform this proposed Contract with the County or a contract with any other public entity, or engaged in a pattern or practice which negatively reflects on same, (2) committed an act or omission which indicates a lack of business integrity or business honesty, or (3) made or submitted a false claim against the County or any other public entity.

4. If there is evidence that the highest rated Proposer may not be responsible, the Department will notify the Proposer in writing of the evidence relating to the Proposer's responsibility, and its intention to recommend to the Board that the Proposer be found not responsible. The Department will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence which is the basis for the Department's recommendation. If the Proposer fails to avail itself of the opportunity to rebut the Department's evidence, the Proposer may be deemed to have waived all rights of appeal.

Q. Determination of Proposer Responsibility - Cont'd

5. If the Proposer presents evidence in rebuttal to the Department, the Department will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.

6. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

R. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may debar the Proposer from bidding on other County contracts for a specified period of time, not to exceed 3 years, and the County may terminate any or all of the Proposer's existing contracts with County, if the Board finds, in its discretion, that the Proposer has done any of the following: (1) violated any term of a contract with the County, (2) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

2. If there is evidence that the highest rated Proposer may be subject to debarment, the Department will notify the Proposer in writing of the evidence which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.

3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. If the Proposer fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, the Proposer may be deemed to have waived all rights of appeal.

R. Proposer Debarment - Cont'd

4. A record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.

5. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

1. The County reserves the right to renegotiate the terms of this Contract to reduce the Contractor's compensation in the event such reduction is necessary, in the sole discretion of the County, to achieve County budget reductions. Nothing in this paragraph is intended to diminish the County's right to terminate this Contract as provided herein.

2. The County may at any time terminate this Contract, or any portion thereof, without liability (except as hereinafter provided) by delivering to the Contractor written notice specifying the desired termination date at least 30 days in advance thereof.

Failure of the Contractor to maintain compliance with these requirements will constitute a default under this Contract. Failure to cure such a default within 90 days of notice by the County shall be grounds upon which the County may give notice of termination and terminate this Contract.

D. Termination Claim

If this Contract is terminated, the Contractor shall, within 60 days after the Notice of Termination, submit to the County its termination claim.

Subject to the provisions of the paragraph immediately below, the County and the Contractor shall negotiate an equitable amount to be paid the Contractor by reason of the total or partial termination of work pursuant to this clause, which amount may include a reasonable allowance for profit on services rendered, but shall not include an allowance on services terminated. The County will pay the agreed amount provided that such amount shall not exceed the total funding obligated under this Contract, and reduced by the amount of payments otherwise made, and as further reduced by this Contract price of services not terminated.

Failure of the Contractor to submit its termination claim and invoice within the time allowed, the County may determine, based on information available to the County, the amount, if any, due to the Contractor in respect to the termination, and such determination shall be final. After such determination is made, the County will pay the Contractor the amount so determined.

The parties agree that in the event the Contractor violates the antidiscrimination provisions of this Contract, the County shall, at its option, be entitled to a sum of $500 pursuant to California Civil Code Section 1671 as liquidated damages in lieu of canceling, terminating, or suspending this Contract.

C. Assignment

This Contract, or any interest therein, including any claims for monies due or to become due with respect thereto, may only be assigned upon the written consent of the Director and any prohibited assignment shall be null and void. Any payments to any assignee of any claim under this Contract, in consequence of such consent, shall be subject to set-off, recoupment, or other reduction for any claim which the County may have.

The Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000e through 2000e(17), to the end that no person shall, on the grounds of race, creed, color, sex, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.

The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

2. For breach or violation of this warranty, the County shall have the right to terminate this Contract and, at its sole discretion, deduct from this Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

G. Governing Laws

This Contract shall be construed in accordance with and governed by the laws of the State of California.

H. Termination for Improper Consideration

County may, by written notice to Contractor, immediately terminate the right of the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment or extension of this Contract or the making of any determinations with respect to the Contractor's performance pursuant to this Contract. In the event of such termination, County shall be entitled to pursue that same remedies against Contractor as it could pursue in the event of default by the Contractor.

J. Record Retention and Inspection

The Contractor agrees that the County or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, time cards, or other records relating to this Contract. Such material, including all pertinent costs, accounting, financial records, and proprietary data, shall be kept and maintained by the Contractor, at a location in Los Angeles County, for a period of five years after completion of this Contract unless the County's written permission is given to dispose of material prior to the end of such period.

K. Validity

The invalidity in whole or in part of any provision of this Contract shall not void or affect the validity of any other provision.

L. Waiver

No waiver of a breach of any provision of this Contract by either party shall constitute a waiver of any other breach of said provision or any other provision of this Contract. The remedies herein reserved shall be cumulative and additional to any other remedies in law or equity.

N. Default

1. The County may, subject to the provisions of Paragraph 3 below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:

a. If the Contractor fails to perform the services within the time specified herein or any extension thereof; or

b. If the Contractor fails to perform any of the other provisions of this Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of five calendar days (or such longer period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

2. In the event the County terminates this Contract in whole or in part as provided in Paragraph "a" above, the County may procure, upon such terms and in such manner as the County may deem appropriate, services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar services,

4. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to the Termination for Convenience of the County clause above (see Part II, Section 5).

5. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
