SUBJECT

This action is to proceed with the annexation of territories in the unincorporated areas of Valinda, Hacienda Heights, and Castaic to County Lighting Maintenance District 1687, and County Lighting District LLA-1 (Unincorporated Zone), and levying of assessments on benefited properties within these territories.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the proposed project is exempt from the California Environmental Quality Act for the reasons stated in this letter and in the record of the project.
2. Approve the Engineer's Reports for Petition Nos. 32-307, 64-608, and 13-209, either as filed or as modified, regarding the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1 (Unincorporated Zone), and levying of assessments within the annexed territories for street lighting purposes. The proposed annexation areas are located in the unincorporated areas of Valinda, Hacienda Heights, and Castaic.

3. Adopt the Resolution of Intention to Annex Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1 (Unincorporated Zone), and Order the Levying of Assessments within the Annexed Territories for Fiscal Year 2011-12.

4. Set a date for a public hearing regarding the proposed annexations and levying of annual assessments within the annexed territories for street lighting purposes, with a base-assessment rate of \$5 for a single-family residence within County Lighting District LLA-1 (Unincorporated Zone) for Fiscal Year 2011-12.

5. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for Tuesday, January 25, 2011, pursuant to Section 53753 of the Government Code. The mailed notice will include assessment ballots.

6. Instruct the Executive Officer of the Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights, necessary to maintain service within the areas proposed for annexation.

2. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments.

3. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment.

4. Determine whether a majority protest against the proposed annexations or assessments exists.

5. Make a finding terminating the annexation, the levying of assessments, and the property tax transfer proceedings in those petition territories where there has been a majority protest to the assessments, and refer the matter back to the Department of Public Works.

6. If there is no majority protest against the proposed assessments, adopt the Resolution Ordering Annexation of Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1 (Unincorporated Zone), Confirming a Diagram and Assessment, and Levying of Assessments within the Annexed Territories for Fiscal Year 2011-12, either as proposed or as modified by the Board. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2011-12.

7. Adopt the Joint Resolutions between the Board and other taxing agencies, Approving and Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of these territories to County Lighting Maintenance District 1687, as approved by the nonexempt taxing agencies.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to find that the project is exempt from the California Environmental Quality Act (CEQA) and for the Board to annex the territories known as Petition Nos. 32-307 (Francisquito Avenue), 64-608 (9th Avenue), and 13-209 (Henry Mayo Drive) to County Lighting Maintenance District 1687 (CLMD 1687), and County Lighting District (CLD) LLA-1 (Unincorporated Zone); to levy assessments for Fiscal Year 2011-12 on the benefited properties within the annexed territories for street lighting purposes; and to approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to the jurisdictional change.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). The Department of Public Works (Public Works) ensures the fiscal sustainability of street lighting services by performing the annexation, levying of assessments, and property tax transfer to provide the funding necessary for the operation and maintenance of new street lighting facilities within these annexed territories. In addition, this action is consistent with Community and Municipal Services (Goal 3), since street lighting services provides for the delivery of a customer-oriented municipal service that improves the quality of life for residents in the area.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2010-11 budget for CLMD 1687 and CLD LLA-1 (Unincorporated Zone), to fund the costs for the operation and maintenance of the street lights within these petition areas, should operation and maintenance charges estimated at \$12,624 annually be incurred prior to the end of Fiscal Year 2010-11. Funds to finance future operational cost will be made available through Public Works annual budget process.

In subsequent years, the ongoing operation and maintenance costs of the street lights within these annexed territories will be funded by CLMD 1687's share of ad valorem property taxes and supplemented by assessments annually approved by the Board, from property owners within these annexed territories. The proposed annexations will result in a minimal property tax growth transfer from the affected taxing entities including the Los Angeles County General Fund, the Los Angeles County Library, the Los Angeles County Road Maintenance District Nos. 1, 4, and 5, the Consolidated Fire Protection District of Los Angeles County, and the Los Angeles County Flood Control District to CLMD 1687.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On April 6, 2010, Item No. 25, the Board approved and filed Petition Nos. 32-307, 64 608, and 13-209 and adopted a Resolution Initiating Proceedings to annex the territories to CLMD 1687 and CLD LLA-1 (Unincorporated Zone) and ordered Public Works to prepare and file an Engineer's Report for each petitioned territory. The enclosed Engineer's Reports were prepared in response to that directive.

Under California Government Code Section 53753, it is necessary to follow the procedures for levying of assessments previously authorized by the Board, including the distribution, receipt, and tabulation of ballots at a public hearing. Ballots will be mailed to each property owner within the annexation territories. The assessment will only be levied if the weighted majority of ballots returned

are in favor of the assessment.

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. The Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and assessment.

Section 99.01 (a)(4) of the California Revenue and Taxation Code provides that affected agencies must approve and accept the negotiated exchange of property tax revenues by resolution. The Joint Resolutions Approving and Accepting the Exchange of Property Tax Revenues have been approved by nonexempt taxing agencies, and are enclosed for your consideration.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the California Government Code and are on file with Public Works. A copy of the diagram showing the boundaries of each proposed annexation area is attached to the Engineer's Report prepared for each petitioned area. Following the Board's approval of the resolution for the annexations, levying of assessments, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the California Government Code.

The enclosed resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed project is categorically exempt from the provisions of CEQA. The project, to annex territories to CLMD 1687 and CLD LLA-1 (Unincorporated Zone) for the purpose of enhancing street lighting, is within a class of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in Section 15301(c) of the CEAQ Guidelines and Class 1(x)(27) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, which specifically include annexations to street lighting districts and installation of street lights and involves no which specifically include annexations to street lighting districts and installation of street lights and involves no expansion of use. In addition, there are no cumulative impacts, unusual circumstances, or other limiting factors that would make the exemption inapplicable based on the project records.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The annexation of territories to CLMD 1687 and CLD LLA-1 (Unincorporated Zone) will result in street lighting for these areas and will have no impact on other services or projects.

CONCLUSION

Please return one adopted copy of this letter and the signed resolutions to Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of the letter and resolutions to the County Assessor, Ownership Services Section (Attention Angela Gadsden); and to the Auditor Controller, Tax Division (Attention Kelvin Aikens).

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION NO. 32-307
(FRANCISQUITO AVENUE)**

On April 6, 2010, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1 (Unincorporated Zone) pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining four street lights on new concrete poles with overhead wiring within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

The Puente Hills Community Enhancement and Benefit Fund will finance the estimated \$20,000 cost for the installation of the four street lights on concrete poles with overhead wiring within Petition No. 32-307. The annual operating cost of \$596 for the four 9,500 lumen high-pressure sodium-vapor street lights will be funded by CLMD 1687 and CLD LLA-1 (Unincorporated Zone). An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2010-11 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2011-12 tax bill of property owners whose parcels lie within the boundaries of Petition No. 32-307. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors of the County of Los Angeles, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

Engineer's Report
Petition No. 32-307

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors of the County of Los Angeles on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors of the County of Los Angeles and is made a part hereof by reference. The Fiscal Year 2010-11 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors of the County of Los Angeles and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 32-307, and to provide for their operation and maintenance.

(9TH AVENUE)**

On April 6, 2010, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1 (Unincorporated Zone) pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining ten street lights on wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. ENGINEER'S REPORT
PETITION NO. 13-209 (L017-2009)
(HENRY MAYO DRIVE)**

On April 6, 2010, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1 (Unincorporated Zone), pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 54 street lights on concrete poles with underground wiring within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works (Public Works) was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

Public Works, in coordination with the State of California Department of Transportation and the Newhall Land and Farming Company, is proposing to construct interchange improvements for the intersection of State Route 126 (SR-126) at Commerce Center Drive and realign roadway segments of SR-126 and Henry Mayo Drive. The County will be administering the construction of this project. As part of the roadway improvements, street lights on new concrete poles with underground wiring are being proposed on Henry Mayo Drive within the project limit.

The primary purpose of this project is to accommodate the build-out of adjacent developments through the year 2025 and the related forecasted increases in peak-hour traffic volumes. The proposed interchange improvements will increase capacity, improve traffic operation, and enhance safety for the SR-126 at Commerce Center Drive intersection.

Newhall Land and Farming Company will be responsible for funding the installation cost of 54 street lights on concrete poles with underground wiring and the removal of two existing street lights on steel poles. Upon annexation of the area to the Lighting Districts, the annual operating cost of \$10,612 for the six 16,000 lumen and forty-eight 22,000 lumen street lights will be funded by CLMD 1687 and CLD LLA-1 (Unincorporated Zone). An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2010-11 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2011-12 tax bill of property owners whose parcels lie within the boundaries

of Petition No. 13-209 (L017-2009). Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors of the County of Los Angeles, will be added to the property tax bill.

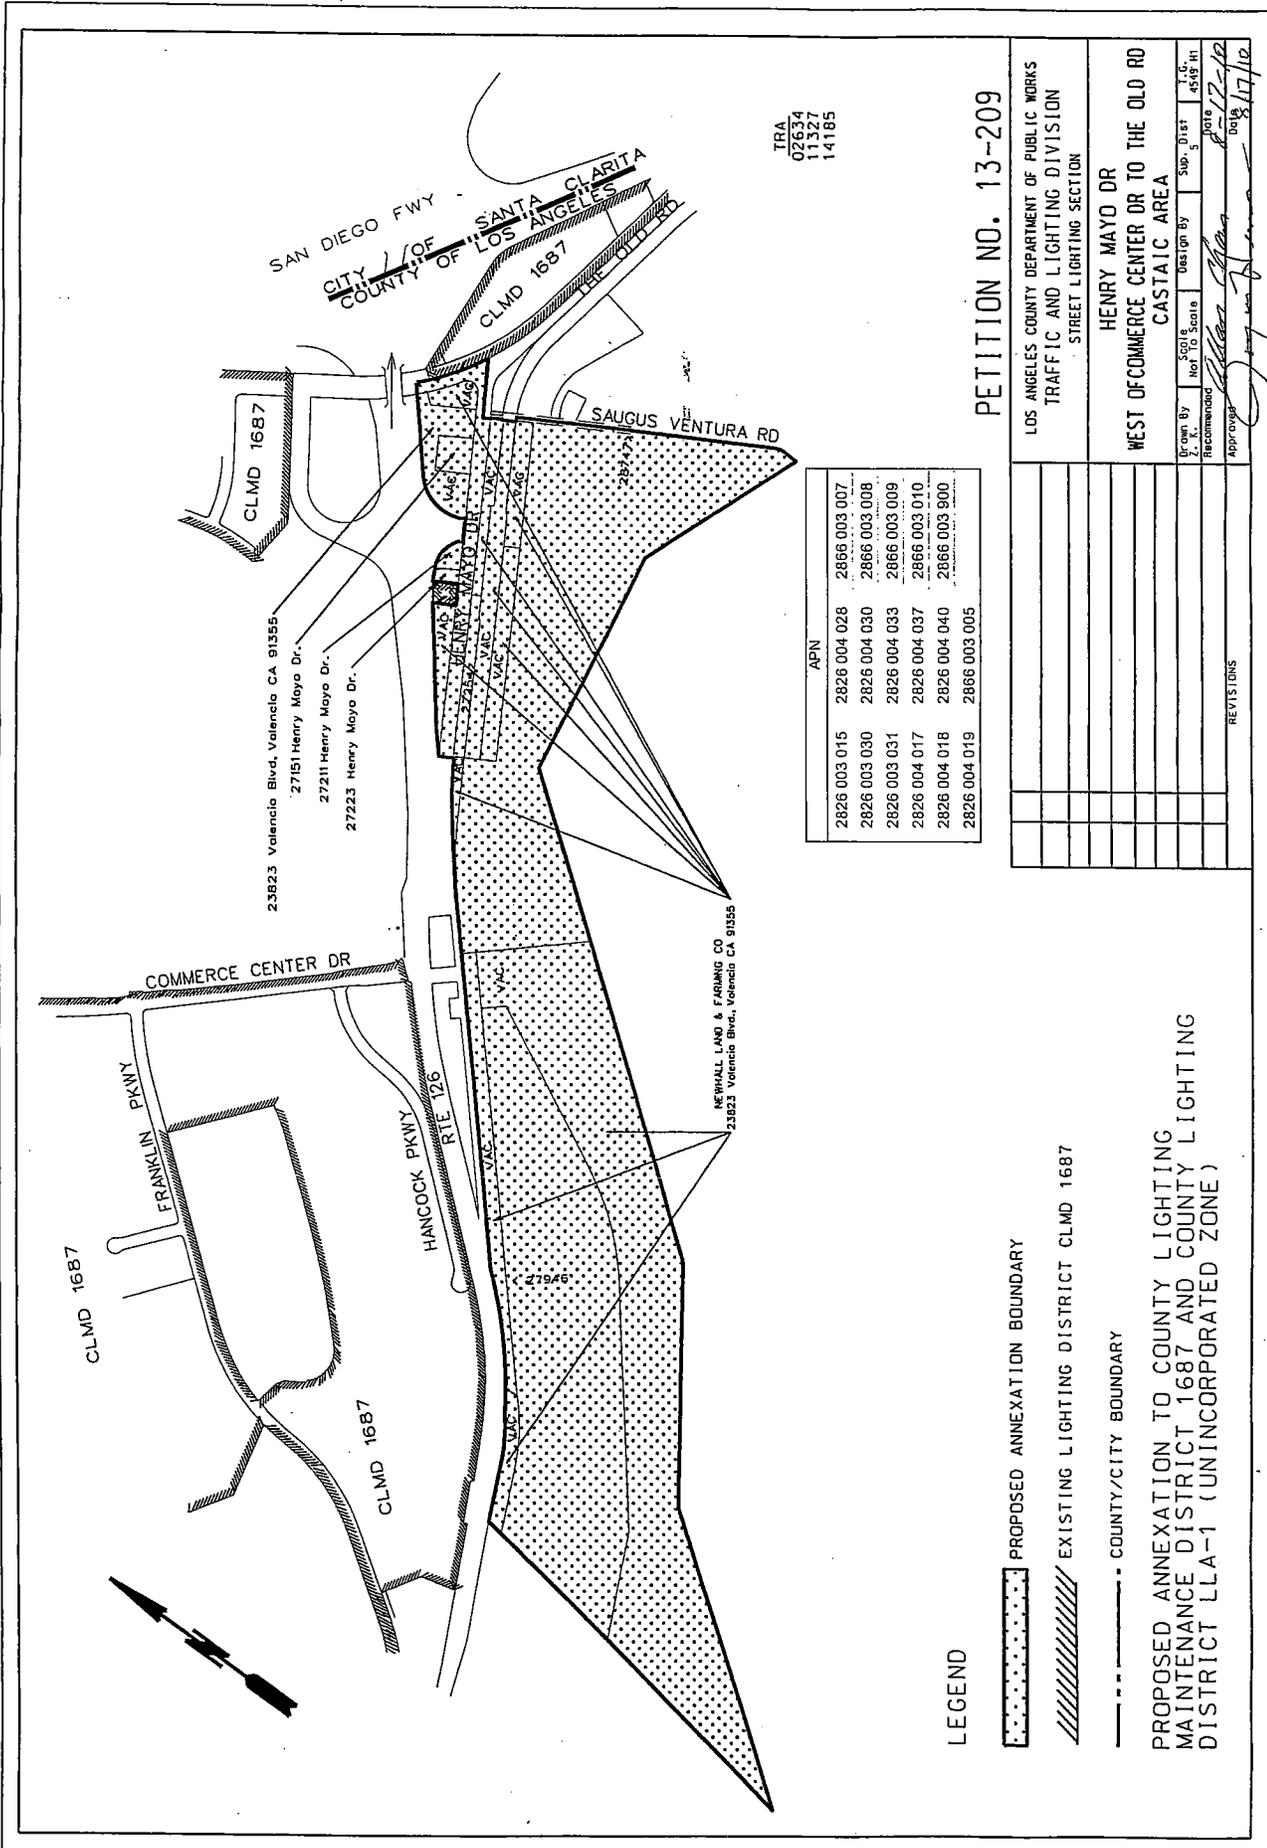

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors of the County of Los Angeles on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to have the street lights in the designated territory as requested by the signers of Petition No. 13-209 (L017-2009), and to provide for their operation and maintenance.

The ballots will be weighted by the amount of assessment to be paid by each property owner. The territory will not be annexed and the proposed assessment will be abandoned if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amounts to be assessed for the expense of such installation, operation, and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes are levied and collected.
