Los Angeles, CA 90012

Dear Supervisors:

EMERGENCY SEWER SYSTEM REPAIR PROGRAM
ALL SUPERVISORIAL DISTRICTS
3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that this work is exempt from the provisions of the California Environmental Quality Act (CEQA).

2. Award contracts for the “Emergency Sewer System Repair Program" to Colich & Sons, located in Gardena, California; Sancon Engineering II, Inc., located in Huntington Beach, California; Clarke Contracting Corporation, located in Lawndale, California; Valverde Construction, Inc., located in Santa Fe Springs, California; and Steve Bubalo Construction Company Inc., located in Monrovia, California. These contracts will be for a period of one year commencing on July 18, 2003, or upon Board approval, whichever occurs last, with two 1-year renewal options not to exceed a total contract period of three years.

3. Delegate authority to the Director of Public Works to execute and renew the contracts for the one-year renewal option or terminate, if, in the opinion of the Director, renewal or termination is warranted.

4. Authorize the contractors to proceed with the work in accordance with the contracts’ specifications, terms, conditions, and requirements.

5. Authorize Public Works to encumber a total annual not-to-exceed amount of $530,000. This amount represents Public Works' estimated annual cost for these services.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to obtain emergency contract services for the sewer systems at the Los Angeles County Sewer Maintenance Districts. When our crews are unable to respond to an emergency and/or lack the large equipment or expertise necessary to safely accomplish an emergency repair, we must have the flexibility to access the available services of capable sewer pipeline repair contractors.

Since 1993, the Emergency Sewer System Repair Program has consisted of contracting with contractors who are capable of providing seven days a week, 24-hours-a-day response to emergencies arising from sewer system failures. When notified by us, the specifications require the notified contractor to have a responsible individual at the jobsite within one hour, and within two additional hours have repair crews on the job capable of working around the clock until the job is completed. The contractors are required to do the emergency repair work as expeditiously and professionally as possible. The contractors are required to be capable and equipped to conduct effective traffic control and be considerate of the community involved to avoid unnecessary traffic hardships. The contractors are required to make necessary repairs to all sewer systems which includes restoring the site to its original state prior to the failure.

Implementation of Strategic Plan Goals

This action is consistent with the County's Strategic Plan Goal of Organizational Effectiveness, as these services are required on an emergency basis and can be performed by contractors who have the expertise and resources to complete these emergency repair projects in a timely and efficient manner.

FISCAL IMPACT/FINANCING

The total aggregate annual not-to-exceed amount for these contracts is $530,000.

These contracts will commence on July 18, 2003, or upon Board approval, whichever occurs last, with two 1-year renewal options not to exceed a total contract period of three years. With the Board's delegated authority, the Director may renew these contracts for the one-year renewal option period. In any event, one or all of these

contracts may be canceled or terminated at any time by the Director without cause upon the giving of at least 30 days' written notice to the contractor(s).

First year funds are primarily available in the Sewer Maintenance District's 2003-04 budget, as well as various 2003-04 Public Works funds to cover the cost of these contracts. There will be no impact on net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Prior to the Director executing these contracts which will be substantially reflected in Enclosure A, the contractors will execute and County Counsel will review as to form.

Public Works has evaluated and determined that the Living Wage Program (Los Angeles County Code Chapter 2.201) does not apply to these recommended contracts that are for non-Proposition A services, as these services are required on a part-time and intermittent basis.

ENVIRONMENTAL DOCUMENTATION

With respect to the requirements of CEQA, these services are exempt as specified in Appendix G, Class 2(b), of the Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57.

CONTRACTING PROCESS

On March 26, 2003, Public Works solicited proposals from 164 independent contractors and community business organizations to accomplish this work. Also, notice of proposal availability was placed on the County's bid website (Enclosure B) and an advertisement was placed in the Los Angeles Times.

On April 14, 2003, eight proposals were received. The proposals were first reviewed to ensure they met the mandatory requirements as outlined in the Request for Proposals (RFP). Having met these requirements, they were then evaluated by an evaluation committee consisting of Public Works' staff. The committee's evaluation was based on criteria described in the RFP that included proposed price, work plan, references, and experience. Based on this evaluation, we recommend that this contract be awarded to four of the highest-rated proposers for emergency sewer pipeline reconstruction services (Condition A – Schedule of Prices): Clarke Contracting Corporation, located in Lawndale, California; Colich & Sons, located in Gardena, California; Valverde Construction, Inc., located in Santa Fe Springs, California; and Steve Bubalo

Construction Company Inc., located in Monrovia, California, and two of the highest-rated proposers for emergency sewer pipeline lining services (Condition B – Schedule of Prices), Colich & Sons and Sancon Engineering II, Inc., located in Gardena and Huntington Beach, California, respectively, for a total of six contracts.

Selection of a contractor to perform emergency repair work will be done on a rotating basis. In the event there is an emergency and the contractor selected is not available to do the work, then the County has the option to select the next contractor in rotation.

Enclosure C reflects the proposers' minority participation. The contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color.

These contracts will contain Board-approved contract terms and conditions regarding contractor responsibility and debarment, jury service requirements, provisions regarding the Safely Surrendered Baby Law, and no payment for services received after contract expiration or termination.

Public Works has confirmed that the Child Support Services Department has received the contractors' Principal Owner Information Form in compliance with Los Angeles County Code, Chapter 2.200 (Child Support Compliance Program).

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractors before any work is assigned.

As requested by your Board, the contractors have submitted a safety record that reflects that activities conducted by the contractors in the past have been according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that these contractors will not be requested to perform services which will exceed the contracts approved amount, scope of work, and/or terms.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees, as these as-needed services have been contracted on a part-time and intermittent basis since 1993.

CONCLUSION

One approved copy of this letter is requested.

Respectfully submitted,

JAMES A. NOYES
Director of Public Works

2. Submit Proposals to the County of Los Angeles Department of Public Works' Lobby Cashier, 900 South Fremont Avenue, Alhambra, California 91803, in a package which clearly identifies this Request for Proposals and the name of the Proposer. It is the responsibility of the Proposer to instruct delivery services, such as United Parcel Service and Federal Express, to deliver Proposals directly to the Lobby Cashier. Public Works will not be responsible for any delays or missed deadlines for proposals that are not delivered directly to the Lobby Cashier.

D. GAIN/GROW Program

As a threshold requirement for consideration for contract award, Proposers shall demonstrate a proven record of hiring participants in the County's Department of Public Social

Services' Greater Avenue for Independence (GAIN)or General Relief Opportunity for Work (GROW) Programs or shall attest to a willingness to consider GAIN/GROW participants for any future employment opening if they meet the minimum qualifications for that opening. Additionally, Proposer shall attest to a willingness to provide employed GAIN participants access to Proposer's employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities. Proposers who are unable to meet this requirement shall not be considered for contract award. (See forms list, above.)

E. Child Support Compliance Program

Proposers must certify in accordance with the provisions of Section 2.200.060 of the County Code that: (1) the Principal Owner Information Form (attached) has been appropriately completed and provided to the Child Support Services Department with respect to the Proposer's Principal Owners; (2) the Proposer has fully complied with all applicable State and Federal reporting requirements relating to employment reporting for its employees; and (3) the Proposer has fully complied with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignments and continues to maintain compliance. Such certification must be submitted on the Child Support Compliance Program Certification (see forms list, above). Failure by the Proposer to provide the Principal Owner Information Form to the Child Support Services Department will be grounds for a finding by the County that the Proposal is nonresponsive.

F. Jury Service Program

1. The resultant contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance ("Jury Service Program," Los Angeles County Code, Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in Part II, Section 3.U. The Jury Service Program applies to both contractors and their subcontractors. Proposals that fail to comply with the requirements of the Jury Service Program will be considered nonresponsive and excluded from further consideration.

2. The Jury Service Program requires contractors and their subcontractors to have and adhere to a written policy that provides that its employees shall receive from the contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the contractor or that the contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is

a full-time employee of a contractor and "full time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) the contractor has a long-standing practice that defines the lesser number of hours as full time. Therefore, the Jury Service Program applies to all of a contractor's full-time California employees, even those not working specifically on the County project.

3. There are two ways in which a contractor might not be subject to the Jury Service Program. The first is if the contractor does not fall within the Jury Service Program's definition of "contractor." The Program defines "contractor" to mean a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. The second is if the contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to contractors that have 1) ten or fewer employees; and, 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this contract is less than $500,000; and, 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.

4. If a contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the contractor must so indicate in the Certification Form and Application for Exception (See forms list, above) and include with its submission all necessary documentation to support the claim such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the contractor's application, the County will determine, in its sole discretion, whether the contractor falls within the definition of Contractor or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

G. Local Small Business Enterprise Preference Program

In evaluating proposals, the County will give preference to businesses that are certified by the County as a Local Small Business Enterprise (Local SBE), consistent with Chapter 2.204 of the Los Angeles County Code. Proposers who wish to be

considered for this preference should do so using the attachment entitled Request for Local SBE Preference Program Consideration and CBE Firm/ Organization Information Form. (See Forms List, Section 1.B.11 above.) A Certified Local SBE is a business: 1) certified by the State of California as a small business enterprise; 2) having its principal office currently located in Los Angeles County for a period of at least the past 12 months; and 3) certified by Office of Affirmative Action Compliance as meeting the requirements set forth in 1 and 2 above. Certified Local SBEs must request the SBE Preference in their solicitation responses and may not request the preference unless the certification process has been completed and certification affirmed. County must verify Local SBE certification prior to applying the preference. Sanctions and financial penalties may apply to a business that knowingly, and with intent to defraud, seeks to obtain or maintain certification as a certified Local SBE.

Information about the State's small business enterprise certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Small Business Certification and Resources Web site at http://www.pd.dgs.ca.gov/smbus/default.

H. Vendor Registration

Proposers must register on line with the County's Web-based vendor registration system to facilitate the contract award process. Registration is accessible through the "Doing Business with Us" link on the County's Internet Home Page at www.lacounty.info.

SCOPE OF WORK

B. Public Works' Contract Contact

C. Work Location

Throughout Los Angeles County.

D. Work Description

Public Works has developed an Emergency Sewer System Repair Program. The core of this Program consists of entering into contracts with several reconstruction sewer pipeline and sewer-pump station repair contractors (Condition A) and with several sewer pipeline lining contractors (Condition B). One or more qualified contractors may be selected to enter contracts to perform services under this Program. (Up to four of the highest rated contractors for Condition A and up to three of the highest rated contractors for Condition B).

Under both Conditions, Contractors shall be capable of providing an emergency response repair crew and appropriate equipment within three hours, 24 hours a day, seven days a week, including Saturdays, Sundays and holidays, in response to emergencies arising from sewer system failures. Selection of a contractor to perform the repair services will be done on a rotating basis from the list for the type of repair required, i.e., Condition A, pipe reconstruction, or Condition B, pipe lining.

In the event there is an emergency and the contractor selected is not available to do the work in the time frame required by Public Works and/or declines the work, Public Works retains the option of selecting the next contractor in the rotation. Due to the nature of this emergency work, Public Works does not guarantee that any or all contractors will receive work under this Program.

Once contacted by Public Works, the Contractor shall have a responsible individual at the job site within one hour; a

repair crew on the emergency job site within two additional hours; and a capacity to work around the clock until the job is completed. The Contractor shall be required to make repairs of all sewer-related systems. The Contractor shall restore the site to its original state before damage.

The Contractor shall accomplish the emergency repair services expeditiously and in the most professional manner possible. The Contractor shall be capable and equipped to conduct effective traffic control and be considerate of the community involved to avoid unnecessary traffic hardships. After the job is completed, the Contractor shall make sure that a thorough and orderly cleanup of the work site acceptable to Public Works is performed.

E. Hours and Days of Service

Hours of services shall be 24 hours a day, seven days a week, 365 days a year, including holidays.

F. Duration of Contract

This Contract's performance period shall commence on July 18, 2003, (or will commence upon Board approval if later) and continue for a period of one year. At the discretion of the County, this Contract may be extended in increments of one year, not to exceed a total contract period of three years. The County, acting through the Director, will give a written notice of intent to extend the term at least 30 days prior to the end of each term. This Contract may be canceled or terminated at any time by the County without cause upon the giving of at least 30 days' written notice to the Contractor.

G. Equipment and Materials

The Contractor shall supply all equipment and materials required to perform these services. Public Works will not be liable or responsible for any damage by whatever means, or for theft of materials, supplies or equipment from the job site.

H. Storage Facilities

The County will not provide storage facilities for the Contractor.

I. Removal of Debris

All debris derived from the emergency sewer services specified herein shall be removed from Public Works' property and disposed of at the Contractor's expense.

J. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable CalOSHA and Public Works safety requirements while at Public Works' job sites.

Hard hats will be worn at all times. Suitable clothing, gloves, and shoes that meet CalOSHA requirements are required.

K. Responsibilities of the Contractor

The Contractor shall respond immediately to emergency requests to repair sewer system facilities. The Contractor is required to provide the following:

1. All labor, equipment, tools, power, materials, and supervision required to perform the necessary sewer system repairs and any necessary cleaning of the job site to restore it to a condition acceptable to the Public Works' representative.

2. Repair of any damage to Public Works and/or SMD facilities or other substructures resulting directly from the Contractor's negligence, including but not limited to pavement, fences, gates, etc., at no cost to County.

3. Transportation for Contractor's personnel and equipment to and from the job site and for traveling around the job site, if required.

4. Security for all personnel, equipment, and material used at a job site during both working and non-working hours.

5. Protective clothing and equipment by Cal/OSHA or other regulatory agencies, as required.

6. Personnel with experience and knowledge necessary to perform repairs.

7. Guarantee the repair work against failure for a period of one year from the date of completion and acceptance by Public Works. All Contractor incurred costs as the result of any repair work failure shall be absorbed by the Contractor. If the Contractor does not respond to the repair work failure and/or repair work failure is not promptly started, Public Works retains the option to have the required repairs made by its own forces and/or any other contractor and bill the initial Contractor for the cost of said repairs. Public Works will be the sole judge as to the standard and quality of repair made by the Contractor. If repairs are unsatisfactory, the Contractor will be given a reasonable opportunity to comply with Public Works' standards before Public Works exercises its authority to make repairs.

8. All repairs shall comply with the following:

   a. Specifications for Public Works Construction (Greenbook), 2000 Edition, and any subsequent supplements and editions as published by Building News, Inc., 3055 Overland Avenue, Los Angeles.

   b. Los Angeles County Department of Public Works' Standard Plans which may be purchased from the Department's Lobby Cashier, 900 South Fremont Avenue, Alhambra.

L. Responsibilities of Public Works

Public Works shall:

1. Determine the need and the type of repair work required.

2. Provide job site inspection.

3. Be responsible for notifying all SMD customers that may be affected by an emergency. Public Works' representative may elect to assign the Contractor's crew to notify the customers. Notification of customers is strictly an option of the County based on availability of County crews or available Contractor crews to notify the customers.

4. Notify Underground Service Alert (1-800-422-4133).

5. Estimate shutdown time and schedule and coordinate shutdown time with all agencies involved.

6. Keep an inventory of any materials furnished to the Contractor by the County during an emergency repair work. The inventory will be used as a checklist to prevent the Contractor from inadvertently charging the County for County-supplied materials.

7. Keep a log of any equipment that may be used by the Contractor in any emergency repair project. The log will be used to prevent the Contractor from inadvertently charging the County for the use of County-owned equipment.

M. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program (IIPP) and Code of Safe Practices (CSP). The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and

responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

SECTION 3

AWARD AND EXECUTION OF CONTRACT

A. Award of Contract

The County reserves the right to award the Contract to the Proposer(s) whose Proposal provides the most beneficial program and price, with all other factors considered. The awardee(s) shall sign and return this Contract, together with copies of the required insurance certification, within 14 days after notification by Public Works of intent to recommend award of this Contract to the Board.

B. Final Contract Award by Board

Notwithstanding a recommendation of a department, agency, individual, or other, the Board retains the right to exercise its judgment concerning the selection of a proposal and the terms of any resultant agreement, and to determine which proposal best serves the interest of the County. The Board is the ultimate decision making body and makes the final determinations necessary to arrive at a decision to award, or not award, a contract.

C. Prevailing Wage

The Director of the Department of Industrial Relations, State of California, has ascertained the prevailing rate of per diem wages in dollars, based on a working day of eight hours, for each craft or type of worker or mechanic needed to execute any construction or maintenance contract which may be awarded by Public Works. The current prevailing wage rates as adopted by the Director of the Department of Industrial Relations are incorporated herein by reference and may be accessed at http://www.dir.ca.gov/.

The Contractor is required to pay the prevailing wage rate referred to above and is responsible for selecting the classification of workers which will be required to perform this service in accordance with the Contractor's method of performing the work. Pursuant to Section 1775, Labor Code (State of California), Contractor shall forfeit $50 for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing rates for any public work done under this Contract or by any subcontractor.

D. Legal Status of Contractor's Personnel at Facility

Contractor warrants that it fully complies with all laws regarding employment of aliens and others, and that all of its employees performing services hereunder meets the citizenship or alien status requirements contained in Federal and State statutes and regulations including, but not limited to, the

Immigration Reform and Control Act of 1986 (PL. 99-603). Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal statutes and regulations as they currently exist and as they may be hereafter amended. Contractor shall retain such documentation for all covered employees for the period prescribed by law. Contractor shall indemnify, defend, and hold harmless, the County, its officers and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

E. County Lobbyists

Each County lobbyist, as defined in Los Angeles County Code Section 2.160.010, retained by Proposer submitting a response to this Request for Proposals or Contractor awarded this Contract shall be in full compliance with Chapter 2.160 of the Los Angeles County Code. The Proposer's/Contractor's signature on the Proposal/Contract is its certification that it is in full compliance with Chapter 2.160. Failure on the part of any County lobbyist retained by Proposer/Contractor to fully comply with the County Lobbyist Ordinance shall be sufficient cause for rejection of the Proposal or shall constitute a material breach of this Contract upon which the County may immediately terminate or suspend this Contract.

F. Evaluation of Proposals

All responses to this Request for Proposals become the property of the County. Upon receipt of the Proposal as specified and evaluation of Proposals in accordance with the evaluation criteria set forth below, Public Works may recommend the award of a contract to one or more of those submitting Proposals.

The County may require whatever evidence it deems necessary relative to the Proposer's financial stability. Proposers' financial statements and other portions of the Proposal may be reviewed by the Public Works financial staff in order to assist the evaluators.

The County reserves the sole right to judge the Proposer's written and oral representations. The County may make onsite inspections of Proposer's current jobs.

Public Works may, at its option, invite some or all of the Proposers to make a presentation and participate in an interview before a final selection is made.

G. Evaluation Criteria

The evaluation criteria to be used in the selection process will include, but are not limited to the following considerations:

1. Proposals will first be reviewed on a Pass/Fail basis. Proposals not meeting all of these requirements will be rejected as nonresponsive:

   a. Proposal was time stamped by the Cashier prior to the deadline for submission of the Proposal.

   b. Proposer's Safety Record that reflects that the Proposer has provided services in a safe manner.

   c. Proposer shows an ability to meet insurance requirements.

   d. Proposer has met the GAIN/GROW requirements.

   e. Proposer has submitted to the Child Support Services Department the Principal Owner Information and Child Support Compliance Program Forms.

   6. Proposer has submitted the Jury Service Program Certification Form and Application for Exception stating that it accepts and will comply with the program requirements or establishing its entitlement to an exception to the program.

   g. Proposer has signed all appropriate forms and Part I, Section 6, Schedule of Prices.

   h. Proposer's staffing plan meets the minimum levels outlined in these Specifications.

   i. Proposer's required licenses/certifications to perform work.

2. Proposals passing the first step will be evaluated based on the following:

   a. Proposed Price (60 points)

      Proposals and price quotations may be submitted for both Condition A and Condition B work. Proposers will be considered for award of a contract for Condition A work only if they have submitted a price quotation for Condition A work on the Schedule of Prices, Part 1, Section 6. Proposers interested in a Contract for Condition B work must submit a price quotation for Condition B work on the Schedule of Prices.

The proposed prices should accurately reflect the cost of providing the required services. The lowest proposal will be determined based on the Schedule of Prices (Part I, Section 6) for a typical emergency reconstruction project (Condition A) and a typical emergency lining project (Condition B), as follows:

1) The lowest Total Proposed Reconstruction Price will receive the full weight of this evaluated item (60 points). Other Proposals will receive prorated scores calculated as follows: divide the lowest Total Proposed Reconstruction Price by each other Proposers' Total Proposed Reconstruction Price and multiply the result by the maximum possible points for this evaluation criterion (60 points).

2) The lowest Total Proposed Lining Price will receive the full weight of this evaluated item (60 points). Other Proposals will receive prorated scores calculated as follows: divide the lowest Total Proposed Lining Price by each other Proposers' Total Proposed Lining Price and multiply the result by the maximum possible points for this evaluation criterion (60 points).

However, the lowest proposed price may not necessarily result in the award of a contract.

In addition, should one or more of the Proposers request and be granted the Local SBE Preference, the price component points will be determined as follows:

Five percent (5%) of the lowest price proposed will be calculated separately for Condition A and for Condition B, which shall not exceed $50,000, and that amount will be deducted from the price submitted by all Local SBE Proposers who requested and were granted the Local SBE Preference.

b. Proposer's Work Plan (15 points)

Scoring of the Proposer's detailed Work Plan will be based on the extent to which it demonstrates that the Proposer is likely to fulfill the tasks and requirements of the scope of work, respond to contingencies and emergencies, render timely and responsive service to Public Works, provide an emergency sewer system response consisting of a

repair crew(s) and appropriate equipment within three hours of being requested by Public Works, and continue to operate 24 hours a day, seven days a week until the emergency work has been completed.

The evaluation committee may make this determination from all relevant information presented, which may include but is not limited to Proposer's Work Plan (Part I, Section 1.B.5) comprised of Proposer's staffing plan and programs for personnel management, training, subcontracting, recruitment, replacement, supervision, supplies, equipment, uniforms, identification, safety, communications, and quality control.

Significant unacceptable weakness in any of the Work Plan subject areas may result in a low or zero score. A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal.

c. References (15 points)

Public Works will check at least three of the Proposer's references for overall satisfaction with Proposer's services, with priority given to services provided to other County departments. One or more unfavorable references may result in rejection of the Proposal.

d. Experience (10 points)

The evaluators may award a maximum of 10 points for the quality and quantity of experience of the Proposer and its key personnel and subcontractors in providing the requested services to municipalities and other organizations. Greater weight will be given to services provided to agencies of similar size and nature. The evaluators may consider the Proposer's description of its capabilities, resumes of key personnel (Part I, Section 1.C.3), and any other relevant information. Significant unacceptable weakness in quality or quantity of experience may result in a low or zero score. A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal.

SECTION 4

Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

4. Notification of Incidents, Claims, or Suits - Contractor shall report to County's Project Manager:

The Director's decision thereon will be final and conclusive.

SECTION 2

GENERAL PROPOSAL REQUIREMENTS AND CONDITIONS

A. Knowledge of Work to be Done

By submitting a Proposal, Proposers will be held (1) to have carefully read the solicitation document and all attachments, (2) to have satisfied themselves as to their ability to meet all of the difficulties attending the execution of the proposed work before the delivery of their Proposal, and (3) agree that if awarded this Contract, no claim will be made against the County based on ignorance or misunderstanding of the solicitation document.

B. Withdrawal of Proposals

Proposers may withdraw their Proposal anytime before the date and hour set for submission upon presentation of a written request to the Director signed by an authorized representative of the Proposer or by the person filing the Proposal.

C. Invalid Proposals

It is the sole responsibility of the Proposer to see that its Proposal is properly received by Public Works before the submission deadline. Proposers shall bear all risks associated with private delivery services or with delays in the U.S. Mail.

Proposals submitted by telegram and those which are not clocked in at Public Works' Headquarters Lobby Cashier before the date and hour set for receipt of the same will not be considered and will be returned to the Proposer unopened.

D. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer shall render their Proposal irregular and may cause its rejection.

E. Term of Proposals

All Proposals shall be firm offers and may not be withdrawn for a period of 120 days following the last day to accept Proposals.

F. Acceptance or Rejection of Proposals

The right is reserved to reject any or all Proposals not suitable in the judgment of the Board/Director to be in the best interests of the County/Public Works. In the event of any such rejection, the County will not be liable for any costs incurred in connection with the preparation and submittal of a Proposal.

Proposals signed by an agent other than an officer of a corporation or a member of a general co-partnership, must be submitted with a power of attorney authorizing such signature; otherwise, the Proposal will be rejected as irregular and unauthorized.

No Proposal will be considered unless the Proposer submits a Proposal for all requested items. If the solicitation document contains multi-Proposal requests, no Proposal will be considered unless the Proposer submits a price on all items within each category, though the Proposer may not be required to submit a price on all the categories.

G. Qualification of Proposer

No award will be made to any Proposer who cannot give satisfactory assurance as to its ability to carry out this Contract, based both on financial strength and experience as a contractor on work of the nature contemplated in the proposed Contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these Specifications. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry, including, but not limited to information regarding past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility with respect to such Proposer. Unfamiliarity with the type of work required by Public Works may be sufficient cause for rejection of the Proposal.

H. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their Proposal, on the Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be sufficient cause for rejection of the Proposal.

I. Proposer's License Requirements

Proposers shall be properly licensed by the State of California to perform the work proposed under these Specifications. Lack of proper license at the time of submission of Proposal will be sufficient cause for rejection of the Proposal.

J. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the Proposal price to take into consideration a possible escalation of wages, materials, and other costs during the contract period. The Board, County, Public Works, District, or Director do not presume what future costs may be or the rate of wages that may become necessary to pay employees of the Contractor for the work performed during the Contract period.

K. Qualifications of Subcontractors

Proposers shall list all subcontractors to be used on the List of Subcontractors form provided. The use of subcontractors shall be according to the provisions of Part II, Section 4, Paragraphs D and G. Subcontractors shall be properly licensed under the laws of the State of California for the type of work which they are to perform. Alternate subcontractors shall not be listed for the same work.

L. Opening of Proposals

Proposals will not be publicly opened.

M. Disqualification of Proposers

More than one Proposal from an individual, firm, or partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer has interest in more than one Proposal for the work contemplated will cause the rejection of all Proposals in which such Proposer has interest. If there is reason for believing that collusion exists among the Proposers, none of the participants in such collusion will be considered in this or future Proposals.

N. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected extension will be considered as representing the Proposer's intentions.

If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions.

If the items are incorrectly totaled, the corrected total will be considered as representing the Proposer's intentions.

O. Disclosure of Contents of Proposals

All Proposals in response to the solicitation document will become the exclusive property of the County. At such time as Public Works recommends the award of this Contract to the Board and that letter appears on the Board's agenda, all Proposals will become a matter of public record and will be regarded as public records, except those parts of each Proposal which are defined by the Proposer as business or trade secrets, and plainly marked as "trade secret." Designation of all or substantial portions of the Proposal as "trade secret" or inappropriate designation of portions of the Proposal as "trade secret" may result in the Proposal being rejected as nonresponsive. The County will not in any way be liable or responsible for the disclosure of any such records, or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law.

P. Gratuities

It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of this Contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee or agent for the purpose of securing favorable treatment with respect to the award of this Contract.

A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being eliminated from consideration. Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment or tangible gifts.

Q. Determination of Proposer Responsibility

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed contract. It is the County's policy to conduct business only with responsible contractors.

2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any contracts, including but not limited to County contracts. Particular attention will be given to violations of labor laws related to employee compensation and benefits, and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.

3. The County may declare a Proposer to be non-responsible for purposes of this proposed Contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform this proposed Contract with the County or a contract with any other public entity, or engaged in a pattern or practice which negatively reflects on same, (2) committed an act or omission which indicates a lack of business integrity or business honesty, or (3) made or submitted a false claim against the County or any other public entity.

4. If there is evidence that the highest rated Proposer may not be responsible, Public Works will notify the Proposer in writing of the evidence relating to the Proposer's responsibility, and its intention to recommend to the

Board that the Proposer be found not responsible. Public Works will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence which is the basis for Public Works' recommendation. If the Proposer fails to avail itself of the opportunity to rebut Public Works' evidence, the Proposer may be deemed to have waived all rights of appeal.

5. If the Proposer presents evidence in rebuttal to Public Works, Public Works will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.

6. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

R. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may debar the Proposer from bidding on other County contracts for a specified period of time, not to exceed 3 years, and the County may terminate any or all of the Proposer's existing contracts with County, if the Board finds, in its discretion, that the Proposer has done any of the following: (1) violated any term of a contract with the County, (2) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

2. If there is evidence that the highest rated Proposer may be subject to debarment, Public Works will notify the Proposer in writing of the evidence which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.

3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing.

After the hearing, the Contractor Hearing Board will prepare a proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. If the Proposer fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, the Proposer may be deemed to have waived all rights of appeal.
