

# ***LOS ANGELES COUNTY COMMISSION FOR WOMEN***

## **Health Education Community Projects Criteria**

- Select a health education theme from Communities Putting Prevention to Work and/or the Prevention Matters Campaign
- One or more projects per Supervisor District
- Each project will require partnering with one or more community based organizations.
- Community based organization selected must be approved by all appointed Commissioners representing their district
- Develop a SMART action plan for each project
- Develop a project budget not to exceed a total of \$1,500
- Deadline for submitting SMART action plan and budget to the commission is November 8, 2011
- Education and train the trainer projects that serve underserved women are strongly recommended
- Community based organization staff will manage their individual project
- Commissioners will monitor projects in their districts and report back to Commission
- A written report, sign-in sheet and photographs are required at the completion of each project
- Deadline for completing all projects is May 2012
- Commissioners will be required to present an oral report at the June 2012 Commission meeting.
- Community partners are encouraged to participate in the oral report.
