GAIL FARBER, Director

May 01, 2012

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

43 May 1, 2012

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

**ADOPT, ADVERTISE, AND AWARD
ROADWAY RECONSTRUCTION AND RESURFACING
7TH AVENUE FROM CLARK AVENUE TO PALM AVENUE
IN THE UNINCORPORATED COMMUNITY OF HACIENDA HEIGHTS
(SUPERVISORIAL DISTRICT 4)
(3 VOTES)**

SUBJECT

This action is to approve the project to reconstruct and resurface roadway pavement on 7th Avenue from Clark Avenue to Palm Avenue in the unincorporated community of Hacienda Heights; find the project categorically exempt from the provisions of the California Environmental Quality Act; adopt the plans and specifications; call for bids; and authorize the Director of Public Works or her designee to award, execute, and implement a consultant services agreement for the preparation of a baseline construction schedule and a storm water pollution prevention plan for a not-to-exceed fee of \$10,000 and a construction contract with the apparent responsible contractor with the lowest responsive bid.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that this project is categorically exempt from the provisions of the California Environmental Quality Act.
2. Approve the project and adopt the plans and specifications that are on file in the Construction Division of the Department of Public Works for 7th Avenue from Clark Avenue to Palm Avenue, in the unincorporated community of Hacienda Heights, at an estimated construction contract cost between \$2,000,000 and \$2,800,000.
3. Instruct the Executive Officer of the Board of Supervisors to advertise for bids to be received and

opened on May 31, 2012, in accordance with the Instruction Sheet for Publishing Legal Advertisement.

4. Authorize the Director of Public Works or her designee to execute a consultant services agreement with the apparent responsible contractor with the lowest responsive bid to prepare a baseline construction schedule and a storm water pollution prevention plan for a not-to-exceed fee of \$10,000 funded by existing project funds.
5. Authorize the Director of Public Works or her designee to award, execute, and implement a construction contract with the apparent responsible contractor with the lowest responsive bid within the estimated cost range, approve the Faithful Performance and Labor and Material Bonds and insurance submitted by the contractor, and deliver the project.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to obtain approval of the project from your Board; adopt the plans and specifications; advertise for bids; authorize the Director of Public Works (Director) or her designee to award, execute, and implement a consultant services agreement to prepare a baseline construction schedule and a storm water pollution prevention plan for a not-to-exceed fee of \$10,000 funded by existing project funds; and a construction contract with the apparent responsible contractor with the lowest responsive bid for the reconstruction and resurfacing of roadway pavement and the performance of other appurtenant work.

The proposed consultant services agreement to prepare a baseline construction schedule and a storm water pollution prevention plan that conforms to the County of Los Angeles' (County) specifications is critical to successfully manage construction activities by both the contractor and the County, and a responsible contractor must be able to produce these deliverables. Bid specifications provide that if the apparent lowest bidder fails to complete acceptable deliverables, the Department of Public Works (Public Works) may return to your Board to recommend that the bidder be determined nonresponsive and recommend awarding the construction contract to the next apparent responsible contractor with the lowest responsive bid contingent on that bidder completing deliverables that conform to the County's specifications.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1), Community and Municipal Services (Goal 3), and Public Safety (Goal 5). The recommended actions will help achieve these goals by providing improved highway facilities for the traveling public, which will benefit the community.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this project is in the range of \$2,000,000 to \$2,800,000. The total project cost is estimated to be \$3,740,000. In addition to the construction contract cost, the total project cost includes the preparation of plans and specifications, consultant services, survey, materials testing, inspection, contract administration, change order contingency, and other County services.

Funding for this project is included in the Fourth Supervisorial District's Road Construction Program in the Fiscal Year 2011-12 Proposition C Local Return Fund, Measure R Local Return Fund, and Special Road District No. 4 Fund Budgets.

When the need arises for services under this contract, financing for the required services will be made from the appropriate fund. Total expenditures for this service; however, will not exceed the contract amount approved by your Board.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project, to contract for the reconstruction of roadway pavement, is part of Public Works' ongoing highway construction and maintenance program. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

This project is to be completed in 90 working days. It is estimated the work will start in September 2012 and be completed in January 2013.

Delegating to the Director or her designee the authority to award, execute, and implement this construction contract allows an expedited contracting process to obtain a contractor for the reconstruction and resurfacing of roadway pavement.

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel.

The award of the contract will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting your Board's ordinances, policies, and programs including, but not limited to: the County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State

License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt pursuant to Section 15301(c) of the California Environmental Quality Act Guidelines and Class 1, Subsections (x)(2), (x)(9), (x)(10), (x)(14), and (x)(22) of the revised County Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987. These exemptions provide for the resurfacing of existing pavement, reconstruction of roadway pavement and curb and gutter, median beautification, and tree planting.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. The award by the Director or her designee will be made after review of the bids meeting the criteria established by your Board and the State Public Contract Code.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on the County website for upcoming bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by providing improved highway facilities for the traveling public, which will benefit the community.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

The Honorable Board of Supervisors

5/1/2012
