SUBJECT

Approval of a new Proposition A Agreement with Sodexo America, LLC for the continued provision of housekeeping services at various Department of Health Services and Department of Public Health facilities.

IT IS RECOMMENDED THAT THE BOARD:

1. Make a finding pursuant to Los Angeles County Code Section 2.121.420 that housekeeping services, as described herein, can be performed more economically by an independent contractor.
2. Instruct the Chairman to execute an Agreement with Sodexo America LLC (Sodexo) effective upon Board approval for a period of five years for the provision of housekeeping services at the Department of Health Services (DHS) and the Department of Public Health (DPH) facilities, identified as Groups 1 and 3 with an option to extend the term on a month-to-month basis not to exceed six months, with an annual maximum obligation of \$13,209,250.00 (Attachment A) for the first three years of the Agreement with an option to provide a Cost of Living (COLA) increase in accordance with the Board's COLA policy in years four and five of the Agreement.

3. Delegate authority to the Director of Health Services (Director), or his

designee, to execute amendments to the Agreement, to: a) add, delete and/or change non-substantive terms and conditions in the Agreement as required by the Board; b) add, delete and/or change DHS and DPH facilities and to approve necessary changes to scope in services; c) add additional housekeeping services that arises out of emergency or expanded services (e.g., adding additional areas in a facility or lengthening of service hours) at a cost not to exceed ten percent of the annual maximum obligation; d) increase the annual maximum obligation in years four and five of the Agreement for COLAs consistent with the Board's COLA policy; and e) exercise the option to extend the term on a month-to-month basis for up to six months under the same terms and conditions.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Housekeeping services are currently provided to ten DHS and DPH facilities in areas set forth as Groups 1 and 3 by a single contractor under two separate agreements that expire December 31, 2012. DHS conducted a competitive solicitation and as a result of that process is recommending a single Agreement with Sodexo that will replace the two current Agreements.

Approval of the first recommendation is necessary to comply with Los Angeles County Code Section 2.121.420. Contracting under Proposition A (Prop A) requirements for the provision of housekeeping services has been determined to be cost effective by DHS and the Auditor-Controller (A-C). Attachment B provides the cost analysis.

Approval of the second recommendation will allow the Chairman to execute a successor Agreement with Sodexo, Exhibit I, to provide housekeeping services at DHS and DPH facilities for the recommended term. Although the term of the Agreement will commence upon Board approval, services will begin January 1, 2013 to allow Sodexo sufficient time to complete the transition of services from the current contractor to Sodexo.

Approval of the third recommendation will allow the Director to approve and execute amendments to add, delete and/or change non-substantive terms and conditions, the ability to add, delete and/or change DHS and DPH facilities and changes in scope of services, add additional housekeeping services that arises out of emergency or expanded services at a cost not to exceed ten percent of the annual maximum obligation, increase the annual maximum obligation for COLAs, and renewal options.

Implementation of Strategic Plan Goals

The recommended actions support Goal 1, Operational Effectiveness, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The total maximum obligation as shown in Attachment A for the first year of the Agreement is \$13,209,250.00. Of this amount, \$11,867,469.97 is the Agreement base amount for DHS facilities and \$140,939.12 for DPH facilities, plus ten percent for contingency and emergency or expanded work for DHS (\$1,186,747.00) and DPH (\$14,093.91).

A Cost Analysis for housekeeping services was prepared in accordance with A-C guidelines and

methodologies. The Department has determined that the contract is cost effective. Attachment B provides additional information. The housekeeping services Agreement under the Prop A exception to the civil service requirement to use County employees will save the County approximately \$1,630,623.11 for Group 1 and \$1,702,485.52 for Group 3 with an average savings of 22 percent.

Funding is included in the Fiscal Year (FY) 2012-13 Final Budget for each Department. Contingency and emergency or expanded work will only be requested up to the available funding within each facility's budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The recommended Sodexo Agreement is for a term of five years with prices fixed for the first three years. At the County's discretion, a COLA may be granted in years four and five. The Agreement contains all Board of Supervisors' required provisions; including the standard County language regarding COLA's in Living Wage Agreements and is in compliance with the Displaced Janitor Opportunity Act.

County Counsel has approved Exhibit I as to form. County Chief Executive Office, Risk Management has reviewed and approved the insurance and indemnification provisions of the new Agreement.

The Agreement may be terminated for convenience by the County at its sole discretion, with no less than ten days written notice.

It has been determined that the provision of services by the Contractor under the recommended Agreement is subject to Prop A guidelines which include the Living Wage Program set forth in Los Angeles County Code Chapter 2.201. Contractor is in compliance with the Living Wage Program requirements.

CONTRACTING PROCESS

On April 30, 2010, DHS released a Request for Proposals (RFP) to provide housekeeping services for 23 facilities that were geographically organized into four groups. The Agreement for Groups 2 and 4 was awarded to Servicon Systems, Inc. on May 24, 2011. For Groups 1 and 3, DHS received proposals from Sodexo and Servicon and Sodexo was determined to be the top ranked lowest cost proposer. Servicon was debriefed and subsequently submitted a protest. Servicon's protest alleged that staffing proposed by the selected vendor, Sodexo, was not sufficient to maintain healthcare standards at hospitals and clinics. In response to the protest, DHS determined that an addendum to the RFP needed to be released setting forth minimum staffing requirements and updated changes regarding the facilities. DHS received the revised responses from both Sodexo and Servicon, completed the proposal evaluation process, and determined that Sodexo was the top ranked lowest cost proposer.

Servicon was debriefed and on August 27, 2012, submitted a Proposed Contractor Selection Review which DHS determined was without merit and therefore denied. Servicon subsequently requested a County Review Panel (Panel). The Panel was convened on September 26, 2012, heard both Servicon and DHS positions and announced a decision in favor of DHS. Therefore, DHS is recommending the Board approve the recommended Agreement with Sodexo.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this Agreement will not infringe on the role of the County in its relationship to its residents, and the County's ability to respond to emergencies will not be impaired. The Agreement will not result in reduced services, and there is no employee impact as a result of this Agreement since services are currently being provided under a contract. In addition, the Department has determined that it has alternative resources available in the event of default.

Approval of the recommendations will ensure the continued provision of housekeeping services at DHS and DPH facilities.

Respectfully submitted,

accordance with generally accepted accounting principles. The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Agreement.

8.43.2 The Contractor agrees that the County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Agreement. All such material, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Agreement and for a period of five (5) years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in Los Angeles County, provided that if any such material is located outside Los Angeles County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

8.43.3 In the event that an audit of the Contractor is conducted specifically regarding this Agreement by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report, including Statement of Auditing Standards No. 70 Type 2 Reports, with the County's Auditor-Controller within thirty (30) days of the Contractor's

receipt thereof, unless otherwise provided by applicable Federal or State law or under this Agreement. Subject to applicable law, the County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

8.43.4 Failure on the part of the Contractor to comply with any of the provisions of this subparagraph 8.43 shall constitute a material breach of this Agreement upon which the County may terminate or suspend this Agreement.

8.43.5 If, at any time during the term of this Agreement or within five (5) years after the expiration or termination of this Agreement, representatives of the County conduct an audit of the Contractor regarding the work performed under this Agreement, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Agreement or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Agreement exceed the funds appropriated by the County for the purpose of this Agreement.

8.43.6 In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in the County's sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records

(including, certain records related to non-County Agreements) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Agreement, including without limitation, records relating to work performed by said employees on the Contractor's non-County Agreements. The Contractor further acknowledges that the foregoing requirement in this subparagraph relative to Contractor's employees who have provided services to the County under this Agreement is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Agreement and for a period of five (5) years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in Los Angeles County, provided that if any such materials and information is located outside Los Angeles

County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

8.44 RECYCLED BOND PAPER

Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on this Agreement.

8.45 INTENTIONALLY OMITTED

8.46 SUBCONTRACTING

8.46.1 The requirements of this Agreement may not be subcontracted by the Contractor **without the advance approval of the County**. Any attempt by the Contractor to subcontract without the prior consent of the County may be deemed a material breach of this Agreement.

8.46.2 If the Contractor desires to subcontract, the Contractor shall provide the following information promptly at the County's request:

- A description of the work to be performed by the subcontractor;
- A draft copy of the proposed subcontract; and
- Other pertinent information and/or certifications requested by the County.

8.46.3 The Contractor shall indemnify and hold the County harmless with respect to the activities of each and every subcontractor in the same manner and to the same degree as if such Subcontractor(s) were the Contractor employees.

8.46.4 The Contractor shall remain fully responsible for all performance required of it under this Agreement, including those tasks and deliverables that the Contractor has

determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.

- 8.46.5 The County's consent to subcontract shall not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Agreement. The Contractor is responsible to notify its subcontractors of this County right.
- 8.46.6 The Director or designee is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. After approval of the subcontract by the County, Contractor shall forward a fully executed subcontract to the County for their files.
- 8.46.7 The Contractor shall be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding the County's consent to subcontract.
- 8.46.8 The Contractor shall obtain certificates of insurance, which establish that the subcontractor maintains all the programs of insurance required by the County from each approved Subcontractor. The Contractor shall ensure delivery of all such documents to:

8.47 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

Failure of the Contractor to maintain compliance with the requirements set forth in subparagraph 8.16 - Contractor's Warranty of Adherence to County's Child Support Compliance Program, shall constitute default under this Agreement. Without limiting the rights and remedies available to the County under any other provision of this Agreement, failure of the Contractor to cure such default within ninety (90) calendar days of written notice shall be grounds upon which the County may terminate this Agreement pursuant to subparagraph 8.47 - Termination for Default and pursue debarment of the Contractor, pursuant to County Code Chapter 2.202.

8.48 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM

Failure of Contractor to maintain compliance with the requirements set forth in Subparagraph 8.17 - Contractor's

Warranty of Compliance with County's Defaulted Property Tax Reduction Program shall constitute default under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within 10 days of notice shall be grounds upon which County may terminate this Agreement and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

8.49 TERMINATION FOR CONVENIENCE

8.49.1 This Agreement may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder shall be effected by notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective shall be no less than ten (10) days after the notice is sent.

8.49.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor shall:

- Stop work under this Agreement on the date and to the extent specified in such notice, and
- Complete performance of such part of the work as shall not have been terminated by such notice.

8.49.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Agreement shall be maintained by the Contractor in accordance with subparagraph 8.43, Record Retention and Inspection/Audit Settlement.

8.50 TERMINATION FOR DEFAULT

8.50.1 The County may, by written notice to the Contractor, terminate the whole or any part of this Agreement, if, in the judgment of the Director or his designee:

- Contractor has materially breached this Agreement; or
- Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under this Agreement; or
- Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Agreement, or of any obligations of this Agreement and in either case, fails to demonstrate convincing progress toward a cure within five (5) working days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

8.50.2 In the event that the County terminates this Agreement in whole or in part as provided in subparagraph 8.50.1, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor shall be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Contractor shall continue the performance of this Agreement to the extent not terminated under the provisions of this subparagraph.

8.50.3 Except with respect to defaults of any subcontractor, the Contractor shall not be liable for any such excess costs of the type identified in subparagraph 8.50.2 if its failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of the Contractor.

Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this subparagraph, the term "subcontractor(s)" means Subcontractor(s) at any tier.

8.50.4 If, after the County has given notice of termination under the provisions of this subparagraph 8.50, it is determined by the County that the Contractor was not in default under the provisions of this subparagraph 8.50, or that the default was excusable under the provisions of subparagraph 8.50.3, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to subparagraph 8.49 - Termination for Convenience.

8.50.5 The rights and remedies of the County provided in this subparagraph 8.50 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

8.51 TERMINATION FOR IMPROPER CONSIDERATION

8.51.1 The County may, by written notice to the Contractor, immediately terminate the right of the Contractor to proceed under this Agreement if it is found that consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing this Agreement or securing favorable treatment with respect to the award, amendment, or extension of this Agreement or the making of any determinations with respect to the Contractor's performance pursuant to this Agreement. In the event of such termination, the County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.

8.51.2 The Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861 or www.lacountyfraud.org.

8.51.3 Among other items, such improper consideration may take the form of cash, discounts, and service, the provision of travel or entertainment, or tangible gifts.

8.52 TERMINATION FOR INSOLVENCY

8.52.1 The County may terminate this Agreement forthwith in the event of the occurrence of any of the following:

- Insolvency of the Contractor. The Contractor shall be deemed to be insolvent if it has ceased to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the

Federal Bankruptcy Code and whether or not the Contractor is insolvent within the meaning of the Federal Bankruptcy Code;

- The filing of a voluntary or involuntary petition regarding the Contractor under the Federal Bankruptcy Code;
- The appointment of a Receiver or Trustee for the Contractor; or
- The execution by the Contractor of a general assignment for the benefit of creditors.

8.52.2 The rights and remedies of the County provided in this subparagraph 8.52 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

8.53 TERMINATION FOR NON-ADHERENCE OF COUNTY LOBBYIST ORDINANCE

The Contractor, and each County Lobbyist or County Lobbying firm as defined in County Code Section 2.160.010 retained by the Contractor, shall fully comply with the County's Lobbyist Ordinance, County Code Chapter 2.160. Failure on the part of the Contractor or any County Lobbyist or County Lobbying firm retained by the Contractor to fully comply with the County's Lobbyist Ordinance shall constitute a material breach of this Agreement, upon which the County may in its sole discretion, immediately terminate or suspend this Agreement.

8.54 TERMINATION FOR NON-APPROPRIATION OF FUNDS

Notwithstanding any other provision of this Agreement, the County shall not be obligated for the Contractor's performance hereunder or by any provision of this Agreement during any of the County's future fiscal years unless and until the County's Board of Supervisors appropriates funds for this Agreement in the County's Budget for each such future fiscal year. In the event that funds are not

appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. The County shall notify the Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.55 UNLAWFUL SOLICITATION

Contractor shall inform all of its officers and employees performing services hereunder of the provisions of Article 9 of Chapter 4 of Division 3 (commencing with section 6150) of Business and Professions Code of the State of California (i.e. State Bar Act provisions regarding unlawful solicitation as a runner or capper for attorneys) and shall take positive and affirmative steps in its performance hereunder to ensure that there is no violation of said provisions by its officers and employees. Contractor agrees to utilize the attorney referral service of all those bar associations within Los Angeles County that have such a service.

8.56 VALIDITY

If any provision of this Agreement or the application thereof to any person or circumstance is held invalid, the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected thereby.

8.57 WAIVER

No waiver by the County of any breach of any provision of this Agreement shall constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Agreement shall not be construed as a waiver thereof. The rights and remedies set forth in this subparagraph 8.57 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

8.58 WARRANTY AGAINST CONTINGENT FEES

8.58.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this

Agreement upon any Agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.58.2 For breach of this warranty, the County shall have the right to terminate this Agreement and, at its sole discretion, deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

8.59 GREEN INITIATIVES

8.59.1 Contractor shall use reasonable efforts to initiate “green” practices for environmental and energy conservation benefits.

8.59.2 Contractor shall notify County’s Facility Project Manager of Contractor’s new green initiatives prior to the Agreement commencement.

9.0 UNIQUE TERMS AND CONDITIONS

9.1 COMPLIANCE WITH THE COUNTY’S LIVING WAGE PROGRAM

9.1.1 Living Wage Program

This Agreement is subject to the provisions of the County’s ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached as Exhibit J and incorporated by reference into and made a part of this Agreement.

9.1.2 Payment of Living Wage Rates

1. Unless the Contractor has demonstrated to the County’s satisfaction either that the Contractor is not an “Employer” as defined under the Program (Section

2.201.020 of the County Code) or that the Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of the County Code), the Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth immediately below, for the Employees' services provided to the County, including, without limitation, "Travel Time" as defined below at subsection 5 of this Subparagraph 9.1.2 under the Agreement:

- a. Not less than \$11.84 per hour if, in addition to the per-hour wage, the Contractor contributes less than \$2.20 per hour towards the provision of bona fide health care benefits for its Employees and any dependents; or
 - b. Not less than \$9.64 per hour if, in addition to the per-hour wage, the Contractor contributes at least \$2.20 per hour towards the provision of bona fide health care benefits for its Employees and any dependents. The Contractor will be deemed to have contributed \$2.20 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during the Agreement, the Contractor contributes less than \$2.20 per hour towards the provision of bona fide health care benefits, the Contractor shall be required to pay its Employees the higher hourly living wage rate.
2. For purposes of this subparagraph, "Contractor" includes any subcontractor engaged by the Contractor to perform services for the County under the

Agreement. If the Contractor uses any subcontractor to perform services for the County under the Agreement, the subcontractor shall be subject to the provisions of this subparagraph. The provisions of this subparagraph shall be inserted into any such subcontract and a copy of the Living Wage Program shall be attached to the subcontract. "Employee" means any individual who is an employee of the Contractor under the laws of California, and who is providing full-time services to the Contractor, some or all of which are provided to the County under the Agreement. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If the Contractor is required to pay a living wage when the Agreement commences, the Contractor shall continue to pay a living wage for the entire term of the Agreement, including any option period.
4. If the Contractor is not required to pay a living wage when the Agreement commences, the Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. The Contractor shall immediately notify the County if the Contractor at any time either comes within the Living Wage Program's definition of "Employer" or if the Contractor no longer qualifies for an exception to the Living Wage Program. In either event, the Contractor shall immediately be required to commence paying the living wage and shall be

obligated to pay the living wage for the remaining term of the Agreement, including any option period. The County may also require, at any time during the Agreement and at its sole discretion, that the Contractor demonstrate to the County's satisfaction that the Contractor either continues to remain outside of the Living Wage Program's definition of "Employer" and/or that the Contractor continues to qualify for an exception to the Living Wage Program. Unless the Contractor satisfies this requirement within the time frame permitted by the County, the Contractor shall immediately be required to pay the living wage for the remaining term of the Agreement, including any option period.

5. For purposes of the Contractor's obligation to pay its Employees the applicable hourly living wage rate under this Agreement, "Travel Time" shall have the following two meanings, as applicable: 1) With respect to travel by an Employee that is undertaken in connection with this Agreement, Travel Time shall mean any period during which an Employee physically travels to or from a County facility if the Contractor pays the Employee any amount for that time or if California law requires the Contractor to pay the Employee any amount for that time; and 2) With respect to travel by an Employee between County facilities that are subject to two different Agreements between the Contractor and the County (of which both Agreements are subject to the Living Wage Program), Travel Time shall mean any period during which an Employee physically travels to or from, or between such County facilities if the

Contractor pays the Employee any amount for that time or if California law requires the Contractor to pay the Employee any amount for that time.

9.1.3 Contractor's Submittal of Certified Monitoring Reports

The Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list all of the Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by the Contractor for health benefits, if any, for each of its Employees. The certified monitoring reports shall also state the name and identification number of the Contractor's current health care benefits plan, and the Contractor's portion of the premiums paid as well as the portion paid by each Employee. All certified monitoring reports shall be submitted on forms provided by the County (Exhibit K, Monthly Certification for Applicable Health Benefit Payments and Exhibit L, Payroll Statement of Compliance), or other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, the Contractor shall promptly provide such information. The Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

9.1.4 Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of the Agreement, if the Contractor becomes aware of any labor law/payroll violation or any

complaint, investigation or proceeding (“claim”) concerning any alleged labor law/payroll violation (including but not limited to any violation or claim pertaining to wages, hours and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor’s Agreement with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor’s operations in California.

9.1.5 County Auditing of Contractor Records

Upon a minimum of twenty-four (24) hours’ written notice, the County may audit, at the Contractor’s place of business, any of the Contractor’s records pertaining to the Agreement, including all documents and information relating to the certified monitoring reports. The Contractor is required to maintain all such records in California until the expiration of four (4) years from the date of final payment under the Agreement. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

9.1.6 Notifications to Employees

The Contractor shall place County-provided living wage posters at each of the Contractor’s places of business and locations where the Contractor’s Employees are working. The Contractor shall also distribute County-provided notices to each of its Employees at least once per year.

The Contractor shall translate posters and handouts into Spanish and any other language spoken by a significant number of Employees.

9.1.7 Enforcement and Remedies

If the Contractor fails to comply with the requirements of this subparagraph, the County shall have the rights and remedies described in this subparagraph in addition to any rights and remedies provided by law or equity.

1. Remedies For Submission of Late or Incomplete Certified Monitoring Reports. If the Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency shall constitute a breach of the Agreement. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
 - a. Withholding of Payment. If the Contractor fails to submit accurate, complete, timely and properly certified monitoring reports, the County may withhold from payment to the Contractor up to the full amount of any invoice that would otherwise be due, until the Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages. It is mutually understood and agreed that the Contractor's failure to submit an accurate, complete, timely and properly certified monitoring report will result in damages being sustained by the County. It is also understood and

agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete or uncertified, it is agreed that the County may, in its sole discretion, assess against the Contractor liquidated damages in the amount of \$100 per monitoring report for each day until the County has been provided with a properly prepared, complete and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due the Contractor.

c. Termination. The Contractor's continued failure to submit accurate, complete, timely and properly certified monitoring reports may constitute a material breach of the Agreement. In the event of such material breach, the County may, in its sole discretion, terminate the Agreement.

2. Remedies for Payment of Less Than the Required Living Wage. If the Contractor fails to pay any Employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of the Agreement. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

- a. Withholding Payment. If the Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due the Contractor the aggregate difference between the living wage amounts the Contractor was required to pay its Employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until the Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
- b. Liquidated Damages. It is mutually understood and agreed that the Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against the Contractor liquidated damages of \$100 per Employee per day for each and every instance of an underpayment to an Employee. The County may deduct any assessed liquidated damages from any payments otherwise due the Contractor.

- c. Termination. The Contractor's continued failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of the Agreement. In the event of such material breach, the County may, in its sole discretion, terminate the Agreement.
 3. Debarment. In the event the Contractor breaches a requirement of this subparagraph, the County may, in its sole discretion, bar the Contractor from the award of future County Agreements for a period of time consistent with the seriousness of the breach, in accordance with Los Angeles County Code, Chapter 2.202, Determinations of Contractor Non-Responsibility and Contractor Debarment.

9.1.8 Use of Full-Time Employees

The Contractor shall assign and use full-time Employees of the Contractor to provide services under the Agreement unless the Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time Employees based on staffing efficiency or County requirements for the work to be performed under the Agreement. It is understood and agreed that the Contractor shall not, under any circumstance, use non-full-time Employees for services provided under the Agreement unless and until the County has provided written authorization for the use of same. The Contractor submitted with its proposal a full-time Employee staffing plan. If the Contractor changes its full-time Employee staffing plan, the Contractor shall immediately provide a copy of the new staffing plan to the County.

9.1.9 Contractor Retaliation Prohibited

The Contractor and/or its Employees shall not take any adverse action which would result in the loss of any benefit of employment, any Agreement benefit, or any statutory benefit for any Employee, person or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity or person. A violation of the provisions of this subparagraph may constitute a material breach of the Agreement. In the event of such material breach, the County may, in its sole discretion, terminate the Agreement.

9.1.10 Contractor Standards

During the term of the Agreement, the Contractor shall maintain business stability, integrity in employee relations and the financial ability to pay a living wage to its employees. If requested to do so by the County, the Contractor shall demonstrate to the satisfaction of the County that the Contractor is complying with this requirement.

9.1.11 Employee Retention Rights

1. The Contractor shall offer employment to all retention employees who are qualified for such jobs. A “retention employee” is an individual:
 - a. Who is not an exempt employee under the minimum wage and maximum hour exemptions defined in the federal Fair Labor Standards Act; and
 - b. Who has been employed by a Contractor under a predecessor Proposition A Agreement or a predecessor cafeteria services Agreement with the County for at least six months prior to the date of this new Agreement, which predecessor Agreement

- was terminated by the County prior to its expiration;
and
- c. Who is or will be terminated from his or her employment as a result of the County entering into this new Agreement.
2. The Contractor is not required to hire a retention employee who:
 - a. Has been convicted of a crime related to the job or his or her performance; or
 - b. Fails to meet any other County requirement for employees of a Contractor.
 3. The Contractor shall not terminate a retention employee for the first 90 days of employment under the Agreement, except for cause. Thereafter, the Contractor may retain a retention employee on the same terms and conditions as the Contractor's other employees.

9.1.12 Neutrality in Labor Relations

The Contractor shall not use any consideration received under the Agreement to hinder, or to further, organization of, or collective bargaining activities by or on behalf of the Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining Agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

9.2 DISPLACED JANITOR OPPORTUNITY ACT

This Agreement is subject to the provision of the Displaced Janitor Opportunity Act (California Labor Code Section 1060 – 1065) because it is an Agreement for janitorial or building maintenance services performed within the State of California entered into on or after January 1, 2002. Please go to www.leginfo.ca.gov/calaw.html for the code sections. Under this Act, as specified, a successor Contractor or successor Subcontractor shall retain, for a sixty (60) day transition employment period, employees who have been employed by the terminated Contractor or its Subcontractors, if any, for the preceding four months or longer at the site or sites covered by the successor service Agreement unless the successor Contractor or successor Subcontractor has reasonable and substantiated cause not to hire a particular employee based on that employee's performance or conduct while working under the terminated Agreement.

Mr. Zev Yaroslavsky
Los Angeles County Supervisor, Third District
821 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Mr. Yaroslavsky,

This correspondence is in response to the letter dated October 12, 2012, to Supervisor Yaroslavsky, from a public relations firm on behalf of Servicon System, Inc. The meritless issues raised in the public relations letter sent on behalf of Servicon have all been previously raised by Servicon and refuted by every prior arbiter that has considered them. Servicon's initial RFP response was not accepted, so they filed a request for review by the Department of Health Services alleging the same issues that were raised in the letter to the Supervisor. DHS reviewed the matter in detail and denied the matter as meritless. Servicon then filed a request for review by the County Review Panel. That request for review again contained the same issues that were raised in the DHS review as well as the current letter to the Supervisor. The independent County Review Panel reviewed the allegations in detail. They convened and heard approximately three hours of testimony and argument. At the conclusion, they too found that there was no merit to Servicon's assertions.

The only issue not examined at length by the prior review panels is Servicon's inaccurate and unfounded assertion that Sodexo will not be able to comply with its obligations to SEIU. Let us be very clear on this point: Sodexo will comply with its obligations under the collective bargaining agreement with SEIU, and such compliance will not require an increase in the amounts quoted by Sodexo in our RFP response. Representatives of Sodexo and SEIU have met and discussed the proposed change from Servicon to Sodexo and we at Sodexo have affirmed our intention and ability to meet our obligations to SEIU under the collective bargaining agreement and to the County of Los Angeles under our proposal.

In summary, the County's RFP process was not faulty or in any manner inadequate and as noted above we stand ready to serve the employees, the County of Los Angeles, and most importantly the patients, guests, staff and hospital employees. As such, we request that the Board of Supervisors award the contracts for housekeeping services Groups 1 and 3 to Sodexo without further delay.

Regards,

JURY SERVICE ORDINANCE

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

SAFELY SURRENDERED BABY LAW

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Sin pena. Sin culpa. Sin nombres.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Ángeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

PROP A - LIVING WAGE PROGRAM

EXHIBITS J, K & L

2.201.010 Findings.

The board of supervisors finds that the county of Los Angeles is the principal provider of social and health services within the county, especially to persons who are compelled to turn to the county for such services. Employers' failure to pay a living wage to their employees causes them to use such services thereby placing an additional burden on the county of Los Angeles. (Ord. 2007-0011 § 1, 2007: Ord. 99-0048 § 1 (part), 1999.)

2.201.020 Definitions.

The general definitions contained in Chapter 2.02 shall be applicable to this chapter unless inconsistent with the following definitions:

B. "Employee" means any individual who is an employee of an employer under the laws of California, and who is providing full time services to an employer, some or all of which are provided to the county of Los Angeles under a Proposition A contract, or under a cafeteria services contract at a county of Los Angeles owned or leased facility.

C. "Employer" means:

1. An individual or entity who has a contract with the county:

D. "Full time" means a minimum 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the chief administrative officer, but in no event less than 35 hours worked per week.

E. "Proposition A contract" means a contract governed by Title 2, Section 2.121.250 et seq. of this code, entitled Contracting with Private Business. (Ord. 2007-0011 § 2, 2007: Ord. 99-0048 § 1 (part), 1999.)

2.201.030 Prospective effect.

This chapter shall be applicable to Proposition A contracts and cafeteria services contracts and their amendments the terms of which commence three months or more after the effective date of this chapter.* It shall not be applicable to Proposition A contracts or cafeteria services contracts or their amendments in effect before this chapter becomes applicable. (Ord. 99-0048 § 1 (part), 1999.)

Employers who provide health care benefits to employees through the county department of health services community health plan are deemed to have qualified for the lower living wage rate in subsection A of this section.

C. The board of supervisors may, from time to time, adjust the amounts specified in subsections A and B of this section, above for future contracts. MEDICAL HEALTH SCREENING

Medical Health Screening

All potential Contractor personnel shall complete to the satisfaction of County a medical health screening to determine if the person meets the medical criteria and immunizations standards established for the prospective job classification/assignment before commencing services. The Contractor shall use the DHS Forms and medical health screening methodology provided in the Contractor package.

The medical health screening shall be performed by a physician or other licensed healthcare professional (PLHCP) authorized to perform such a physical screening, with such cost at the expense of the Contractor. If the Contractor chooses to have the DHS Employee Health Services (EHS) perform such assessments and screening, the Contractor will be billed for the services regardless if the Contractor's staff passes or fails the screening. Contractor personnel shall present a letter on Contractor letterhead authorizing personnel to obtain the screening from DHS' EHS. DHS EHS will bill the Contractor for the cost and/or deduct the amount from funds owed.

Contractor personnel shall provide DHS EHS with documentation of health screenings and evidence of the absence of communicable diseases using the County's "Health Clearance Certification, E2" form. The Certification form must be completed by the prospective Contractor personnel and their health care provider, then by the Contractor attesting verification of completion of DHS forms. The Health Clearance Certification, E2 form may be accessed on line at: http://cg.dhs.lacounty.gov/EHS_Forms/EHSBLANKFORM.htm

The Contractor must provide DHS EHS with the source documents for review within four (4) hours of a request. Source documents pertaining to the pre-employment health evaluation, Tuberculosis, Respiratory Fit Testing, and other immunizations will be maintained by the contractor. Failure to provide appropriate source documentation of health screenings/clearance will result in immediate termination of assignment and placement of Contractor's personnel in a "Do Not Send" status until compliant.

DHS Facility Staff are required to ensure the Contractor personnel receives the appropriate documents; has submitted them to the facility EHS and has obtained health clearance prior to beginning the work assignment.

No person will be allowed to work at anytime inside a DHS medical facility without appropriate documentation of health screening. In those instances where persons have no demonstrated immunity, and have refused vaccination, a waiver to that effect must be obtained and on file. Lack of immunity to certain diseases will restrict assignment locations within the hospital.

All Contractor personnel who have potential exposure to respiratory hazards and/ or aerosol transmissible disease shall provide appropriate documentation of a respiratory fit test on the same make, model, style, and size of respirator that will be used in facility. If indicated, this requirement is mandatory annually.

Medical Health Screening

Per County policy, Contractor personnel are required to comply with annual health screening. Unless provided for per contract, Contractor personnel shall have their PLHCP conduct the assessment in accordance with County policy and procedures. This documentation is the "Health Clearance Certification, E2". The workforce member will be provided with the necessary documentation for completion and submission to their PLHCP. The PLHCP will complete the documents and submit them to the Contractor, as appropriate, with the completed certification form.

Contractor personnel may be given a 30-day reminder to comply with annual health screening requirements. Contractor personnel who do not comply with annual or other health screening requirements will be given a letter indicating they have five (5) days to comply or face termination of assignment. A copy of the "letter" will be provided to the Contractor personnel's supervisor for action. Failure to provide documentation of health screening/clearance will result in immediate termination of assignment and placement in a "Do Not Send" status until compliant.

Emergency services will be provided post-exposure to Contractor personnel who have potential exposure to occupational hazards within the allowable time frames, but will be billed to the Contractor, as appropriate. Contractor personnel who are exposed to occupational hazard or incur injury while performing their duties for the County will be reported on the OSHA Log 300/301, as required by state and federal regulation and guidelines.

In the event of an occupational needlestick injury or other exposure to Contractor personnel to blood and body fluids or airborne contaminants, medical care will be provided by the DHS EHS or Emergency Room, but will be billed to the Contractor, as appropriate. Contractor personnel may go to the facility DHS EHS or the designated department for initial care within the allowable treatment time frames. Cost of initial treatment will be billed to the Contractor, as appropriate. Subsequent follow-up treatment will be conducted through the appropriate agency's medical provider or the employee's personal physician. If Contractor chooses to have the DHS EHS provide subsequent follow-up care, the Contractor will be billed accordingly.
