Dear Supervisors:

**APPROVAL OF AMENDMENT TO CLINIC CAPACITY EXPANSION  
PROGRAM AGREEMENTS  
(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**SUBJECT**

Request approval to amend the Clinic Capacity Expansion Program agreements to extend the term of the agreements through December 31, 2013 to allow for expenditure of unspent service funds and to provide additional time for infrastructure projects completion.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Authorize the Director of Health Services (Director), or his designee, to execute amendments to the current Clinic Capacity Expansion Program (CCEP) Agreements listed on Attachment A, effective upon Board approval, to a) extend the service term of the agreements through December 31, 2013, to allow for expenditure of CCEP unexpended service funds and expand primary and/or specialty care services for new patients, b) extend the infrastructure project completion date through June 30, 2013 for those CCEP contractors listed on Attachment B to accommodate unforeseen delays in the construction process or project implementation, and c) revise the CCEP agreement to remove language that restricts reallocating funding for primary and/or specialty care services to up to the original County maximum obligation for such services under the Agreement for such Fiscal Year, to ensure better utilization of the funds.
2. Delegate authority to the Director, or his designee, to roll forward within each individual contract obligation CCEP prior years unexpended service funds for primary and/or specialty

care services, including SPA 2, to permit expenditure within those service categories for Fiscal Year (FY) 2012-13 and the first half of FY 2013-14, subject to prior review and approval by the Chief Executive Office (CEO) and Counsel.

3. Delegate authority to the Director, or his designee, to execute amendments to extend the Funding Reallocation provisions through FY 2013-14 to ensure better utilization of the funds, subject to prior review and approval by the CEO and Counsel.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

On February 3, 2009, the Board approved recommendations by the CEO and the Department to implement the CCEP in support of the development of new and existing clinic sites in under equity Service Planning Areas to address the lack of infrastructure needed to expand capacity to new patients. On January 12, 2010, the Board approved agreements with new and existing Community Partners Program providers (formerly called Public Private Partnership Unmatched providers) in order to implement the CCEP.

Approval of the first recommendation will allow the Director to execute amendments, substantially similar to Exhibit I, with the CCEP contractors listed on Attachment A, to extend the service term of the agreements through December 31, 2013. The current CCEP agreements are slated to expire on December 31, 2012. The extension amendment will also extend the infrastructure project completion date through June 30, 2013, for those CCEP contractors listed on Attachment B, to accommodate unforeseen delays in the construction process or project implementation. Due to delays in infrastructure projects and subsequent service implementation, clinics did not have the opportunity to expand capacity to new patients as planned. Extending the infrastructure project completion term through June 30, 2013, and the service term through December 31, 2013, will provide opportunity for clinics to complete their projects and fully utilize their service funds.

Approval of the first recommendation will also remove agreement language that restricts reallocating funding for primary and/or specialty care services to up to the original County maximum obligation for such services under the agreements for such Fiscal Year, to ensure better utilization of the funds.

Approval of the second recommendation will allow the Director to roll-forward approximately \$11.8 million of prior years' contract unobligated funds (including SPA 2) in the expansion program as listed on Attachment A to permit individual contractors to maximize their funds for the provision of primary and specialty care. The \$11.8 million of prior year's roll forward is being allocated to FY 2012-13, \$5.7 million, and FY 2013-14, \$6.1 million. The FY 2012-13 roll-forward amount of \$5.7 million, in addition to the

current allocation of \$8.6 million, will bring the total FY 2012-13 Proposed Allocation to \$14.3 million. The FY 2013-14 Total Proposed Allocation is the roll-forward amount of \$6.1 million.

Approval of the third recommendation will allow the Director to assess the service effectiveness of the expansion program and reallocate underutilized primary and specialty care service funds to other agencies which have exceeded operational goals and have the capacity to serve additional patients.

### **Implementation of Strategic Plan Goals**

The recommended actions support Goal 1, Operational Effectiveness, of the County's Strategic Plan.

### **FISCAL IMPACT/FINANCING**

There is no FY 2012-13 budgetary impact. The FY 2012-13 Final Budget includes appropriation authority for the CCEP program of \$15.5 million, which is sufficient appropriation authority for the FY 2012-13 Proposed Allocation of \$14.3 million.

The FY 2013-14 budget will be adjusted for the FY 2013-14 Proposed Allocation during the FY 2013-14 Supplemental Budget Resolution budget phase.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On January 12, 2010, the Board approved agreements with new and existing Community Partners Program providers in order to implement the CCEP.

Throughout the current term, the agreements have been amended under delegated authority to extend infrastructure project completion dates, roll forward or reallocate unexpended service funds, and extend the term for primary care services in SPA 2.

The Agreements may be terminated by the County at any time and for any reason, with or without cause, upon 30 calendar days' prior written notice.

The Agreements include all Board required provisions, including the most recent provision for CARD.

County Counsel has approved Exhibit I as to form.

### **CONTRACTING PROCESS**

Not applicable.

The Honorable Board of Supervisors  
December 18, 2012

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Approval of the recommended actions will allow for the expansion of clinic capacity for the Unmatched Program contractors:

Respectfully submitted,
