

MOTION BY SUPERVISOR KNABE

January 22, 2013

On November 27, 2012, the Board approved the items necessary for the continuation of the \$162 million inpatient consolidation and seismic retrofit project for the Rancho Los Amigos National Rehabilitation Center. Additionally the Board also approved \$15 million for the design elements critical to the overall approved project.

I believe that, given the dire need of infrastructure improvements at a rehabilitative hospital widely renowned for its outstanding service, as well as its critical role in ensuring the County's success in implementing the Affordable Care Act, we need to act expeditiously to move forward.

I THEREFORE MOVE that the Chief Executive Officer, Director of the Department of Public Works and the Director of Health Services be instructed to proceed with design activities and implement the Rancho Los Amigos National Rehabilitation Center Outpatient Facilities Project; Support Services and Harriman Building Renovation Project, and the North Campus Infrastructure and Demolition Project.
