

MOTION BY SUPERVISOR ZEV YAROSLAVSKY

SEPTEMBER 23, 2003

As part of its partnership with local health jurisdictions and community organizations to ensure effective HIV/AIDS care and prevention services, the federal government is increasing its support for building capacity. Locally, this effort is managed by the Department of Health Services and spearheaded by its Office of AIDS Programs and Policy.

Critical to this effort is a series of meetings of executive directors of organizations providing HIV/AIDS care and prevention services. The next meeting will be held at the Los Angeles County Music Center on Friday, October 10, 2003. Waiving the cost of parking will ensure maximum participation by community groups that are invited to attend.

I, THEREFORE, MOVE that the Board waive the parking fees at the Music Center on October 10, 2003 for this event in the amount of \$1,190, excluding the cost of liability insurance, and direct any correspondence related to this event to:

Ms. Lela Hung, Director of Special Projects
Office of AIDS Programs and Policy
600 South Commonwealth Avenue, Sixth Floor
Los Angeles, CA 90005
