GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

January 21, 2014

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

29 January 21, 2014

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

Dear Supervisors:

**ADOPT, ADVERTISE, AND AWARD
AS-NEEDED TRAFFIC SIGNAL CONSTRUCTION PROJECT, 2013-14
INSTALLATION AND MODIFICATION OF TRAFFIC SIGNALS
IN VARIOUS UNINCORPORATED COMMUNITIES THROUGHOUT
THE COUNTY OF LOS ANGELES
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This action is to approve and advertise the project to install and modify traffic signals on an as-needed basis in various unincorporated communities throughout the County of Los Angeles; find the project categorically exempt from the provisions of the California Environmental Quality Act; adopt the plans and specifications; authorize the Director of Public Works or her designee to award and execute a construction contract with the apparent responsible contractor with the lowest responsive bid; deliver the project; and delegate certain responsibilities to the Director of Public Works or her designee to carry out this project.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that this project is categorically exempt from the provisions of the California Environmental Quality Act.
2. Approve and advertise the project and adopt the plans and specifications that are on file in the Construction Division of the Department of Public Works for installation and modification of traffic signals, in various unincorporated communities throughout the County of Los Angeles, at an estimated construction contract cost between \$2,200,000 and \$3,000,000.

3. Instruct the Executive Officer of the Board of Supervisors to advertise for bids in accordance with the Instruction Sheet for Publishing Legal Advertisement, and which are to be received before 11 a.m. on February 20, 2014, in accordance with the Notice Inviting Bids.
4. Authorize the Director of Public Works or her designee to determine whether the bid of the apparent responsible contractor with the lowest apparent responsive bid is, in fact, responsive and, if not responsive, to determine which apparent responsible contractor submitted the lowest responsive bid.
5. Authorize the Director of Public Works or her designee to award and execute a construction contract with the apparent responsible contractor with the lowest responsive bid within the estimated cost range, approve the Faithful Performance and Labor and Material Bonds and insurance certificate submitted by the contractor, and deliver the project.
6. Delegate to the Director of Public Works or her designee the following authority in connection with this contract: (1) approve and execute change orders within the same monetary limits delegated to the Director of Public Works under Section 2.18.050 of the Los Angeles County Code relative to the construction of County buildings; (2) allow substitution of subcontractors and relief of bidders upon demonstration of the grounds set forth in Public Contract Code Sections 4100 et seq. and 5100 et seq., respectively; (3) accept the project upon its final completion; (4) release retention money withheld consistent with the requirements of Public Contract Code Sections 7107 and 9203; and (5) extend the date and time for the receipt of bids consistent with the requirements of Public Contract Code Section 4104.5.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is for the Board to approve and advertise the project, adopt the plans and specifications, authorize the Director of Public Works or her designee to award and execute a construction contract with the apparent responsible contractor with the lowest responsive bid, deliver the project, and delegate certain responsibilities to the Director or her designee to carry out this project.

The Department of Public Works has utilized as-needed contractors in prior years to provide efficient construction of traffic signal and street lighting infrastructure.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Integrated Services Delivery (Goal 3). The recommended actions will help achieve these goals by providing for the installation of needed traffic signals and/or street lighting infrastructure thereby improving traffic flow and safety for motorists and pedestrians.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this project is in the range of \$2,200,000 to \$3,000,000. The total project cost is estimated to be \$4,136,000. In addition to the construction contract cost, the total project cost includes preparation of plans and specifications, consultant

services, survey, right-of-way and utility clearances, materials testing, inspection, contract administration, change order contingency, and other County services.

Funding for current year services is included in the Fiscal Year 2013-14 Road Fund and Consolidated Street Lighting Maintenance Districts Budgets. If an unanticipated need to perform services in the following year occurs, future funding will be requested through the annual budget process. In addition, should an unanticipated need arise in other Public Works operating funds, the work will be financed from the appropriate fund. Total expenditures for these services will not exceed the amount approved by the Board.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project is part of Public Works' ongoing program for transportation system management. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

This project is for a period of one year.

Delegating to the Director or her designee the authority to award and execute this construction contract allows an expedited contracting process to obtain a contractor for the installation and modification of traffic signals and to meet the completion deadlines for several Board-committed projects.

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel.

The award of the contract will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County of Los Angeles Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions,

civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt pursuant to Subsection 15301 (c) of the California Environmental Quality Act Guidelines and Class 1, Subsections (x)(5) and (x)(14) of the revised County Environmental Document Reporting Procedures and Guidelines adopted by the Board on November 17, 1987. These classes involve the installation of new traffic signal systems and the reconstruction of existing roadways.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. A recommendation for award by the Director or her designee will be made upon review of the bids meeting the criteria established by the Board and the State Public Contract Code.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on the County website for upcoming bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by improving traffic flow and safety for motorists and pedestrians.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

The Honorable Board of Supervisors

1/21/2014
