

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

June 10, 2014

COMMISSION FOR CHILDREN AND FAMILIES

The Commission for Children and Families was created by the Los Angeles County Board of Supervisors decades ago with a mission to enhance the well-being of children and families of Los Angeles County. The Commission is comprised of a diverse group of child advocates who work collaboratively with County departments, executive leadership and community organizations to support children and their families.

This Commission has a long history of providing recommendations to this Board and nearly all of the recommendations provided in the Blue Ribbon Commission report were previously suggested by the Commission for Children and Families. In addition, the Blue Ribbon Commission was created as an ad hoc commission with a sunset date.

I, THEREFORE, MOVE that:

The Commission for Children and Families replace the Blue Ribbon Commission on any implementation or oversight teams created to implement or oversee the recommendations related to child and family welfare.

The Commission for Children and Families engage with the newly configured Service Integration Branch to review and support recommendations to strengthen child welfare and safety in the County.
