ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

February 17, 2015

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

21 February 17, 2015

PATRICK OZAWA
ACTING EXECUTIVE OFFICER

**ADOPT, ADVERTISE, AND AWARD
MINT CANYON AND WHITES CHANNEL PRIVATE DRAIN 453
INVERT ACCESS RAMPS
IN THE CITY OF SANTA CLARITA
(SUPERVISORIAL DISTRICT 5)
(3 VOTES)**

SUBJECT

This action is to approve and advertise the Mint Canyon and Whites Channel Private Drain 453, Invert Access Ramps, in the City of Santa Clarita, find the project categorically exempt from the provisions of the California Environmental Quality Act; adopt the plans and specifications; authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to award and execute a construction contract with the responsible contractor with the lowest responsive bid; deliver the project; and delegate certain responsibilities to the Chief Engineer to carry out this project.

IT IS RECOMMENDED THAT THE BOARD ACTING AS THE GOVERNING BODY OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:

1. Find that this project is categorically exempt from the provisions of the California Environmental Quality Act.
2. Approve and advertise the project and adopt the plans and specifications that are on file in the Construction Division of the Department of Public Works for Mint Canyon and Whites Channel Private Drain 453, Invert Access Ramps, at an estimated construction contract cost between \$275,000 and \$375,000.

BIDS: March 19, 2015 at 11:00 a.m.

3. Instruct the Acting Executive Officer of the Board of Supervisors to advertise for bids in accordance with the Instruction Sheet for Publishing Legal Advertisement, and which are to be received before 11 a.m. on March 19, 2015, in accordance with the Notice Inviting Bids.
4. Authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to determine whether the bid of the apparent responsible contractor with the lowest apparent responsive bid is, in fact, responsive and, if not responsive, to determine which apparent responsible contractor submitted the lowest responsive bid.
5. Authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to award and execute a construction contract with the responsible contractor with the lowest responsive bid within the estimated cost range and deliver the project.
6. Delegate to the Chief Engineer of the Los Angeles County Flood Control District or her designee the following authority in connection with this contract: (1) approve and execute change orders within the same monetary limits delegated to the Director of Public Works under Section 2.18.050 of the Los Angeles County Code relative to the construction of County buildings; (2) allow substitution of subcontractors and relief of bidders upon demonstration of the grounds set forth in Public Contract Code Sections 4100 et seq. and 5100 et seq., respectively; (3) accept the project upon its final completion; (4) release retention money withheld consistent with the requirements of Public Contract Code Sections 7107 and 9203; and (5) extend the date and time for the receipt of bids consistent with the requirements of Public Contract Code Section 4104.5.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is for the Board, acting as the governing body of the Los Angeles County Flood Control District, to approve and advertise the project, adopt the plans and specifications, authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to award and execute a construction contract with the responsible contractor with the lowest responsive bid, deliver the project, and delegate certain responsibilities to the Chief Engineer or her designee to carry out this project.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1) and Integrated Services Delivery (Goal 3). The recommended actions will help achieve these goals by providing a means to access and maintain these flood control facilities more efficiently and effectively.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this project is in the range of \$275,000 to \$375,000. The total project cost is estimated to be \$644,000. In addition to the construction contract cost, the total project cost includes the preparation of plans and specifications, construction engineering, survey, environmental permit compliance, right-of-way and utility clearance, materials testing, inspection, contract administration, change order contingency, and other County of Los Angeles services.

Funding for this project is included in the Fiscal Year 2014-15 Flood Control District Fund Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project is part of Public Works' program for the repair and rehabilitation of flood control facilities. It will be advertised in accordance with Section 20991 of the State Public Contract Code.

This project is to be completed in 50 working days. It is estimated the work will start in June 2015 and be completed in August 2015.

Delegating to the Chief Engineer or her designee the authority to award and execute this construction contract allows an expedited contracting process to obtain a contractor for the construction of reinforced concrete invert access ramps.

The award of the contract will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the District to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the District to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the District to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301(b) and Section 15302(c) of the CEQA Guidelines and Class 1 Subsection (e) and Class 2 Subsection (e) of the County's Environmental Document Reporting Procedures and Guidelines, previously adopted by the Board. These exemptions provide for the minor alteration of existing facilities used to provide flood control and replacement or reconstruction of existing facilities involving negligible or no expansion of capacity.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. A recommendation for award by the Chief Engineer or her designee will be made upon review of the bids meeting the criteria established by the Board and the State Public Contract Code.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on both the County's "Doing Business with Us" and Public Works' "Contract Opportunities" websites for upcoming bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by providing a means to access and maintain these flood control facilities more efficiently and effectively.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

Respectfully submitted,

GAIL FARBER
Director
