

MOTION BY SUPERVISOR DON KNABE

September 8, 2015

The County of Los Angeles is the largest local government in America with over 10 million residents and a budget of \$27 billion. The decisions we make every Tuesday effects nearly every resident on a wide range of issues. We work hard to ensure that decisions are made with full disclosure and the public’s input.

On occasion, issues arise after the printing of the regular agenda. Historically, the supplemental agenda was used for minor corrections of the regular agenda and not for motions which contain major policy issues or large allocations of funding. With the goal of openness and transparency, the Board should establish a policy which governs the use of the supplemental agenda.

I, THEREFORE, MOVE that the Board of Supervisors instruct the Acting Executive Officer, in conjunction with the Interim County Counsel and the Interim Chief Executive Officer, to report back to the Board in 30 days with a policy on motions that are filed on the Board’s supplemental agenda.
