

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

January 20, 2004

January 25, 2004 has been designated as "Breath of Life" Day in the County of Los Angeles. On this day, there will be a special reunion concert for one of the most respected quartets from the Los Angeles areas.

In 1974, a group of young men under the direction of Elder Walter Arties started a religious half hour telecast called "Breath of Life". Walter Arties was the founder, Executive Producer, Musical Director and Producer, writer and arranger. The quartet is known around the world for its unique harmony and acappella singing. The quartet has since changed, and wants to pay a special tribute to these pioneers from the original singing group and broadcast in the African American religious broadcasting community that was created and based in the Los Angeles Area.

I, THEREFORE, MOVE that this Board proclaim January 25, 2004 as "Breath of Life" Day throughout Los Angeles County and encourage all residents to attend the "Breath of Life" Concert at the Vallejo Drive Seventh-day Adventist Church in Glendale.
