## Jump out Boys Mission

The mission and origin of the Jump out Boys is to recruit real people whos work ethic is above all others anywhere. Jump out Boys are alpha dogs, who think and act like the wolf, but never become the wolf. They understand when the line needs to be crossed and crossed back. They need to work hard, they need to get guns, they need to take bad people to jail and sometimes they need to do the things they dont want to do, in order to get where they want to be. In conclusion, They need people like us, who gets there first and leaves last. Jump out Boys are not afraid to get their hands dirty without any disgrace, dishonor or hesitation. We are committed to each other, committed to our job and committed to excellence.

## The Initiation

The night of the initiation will be sponsored by the newly recruited Jump out Boy. The new Jump out Boy will be responsible for all costs unless offered by the members. The initiation will include the history of the Jump out Boys, it's purpose and the expectations of being a Jump out Boy. The new member will be informed of the Jump out Boy creed, given a number, and shown the Black Book.

## Tattoo Meaning

The **Jump out Boys** was an idea that was thought of by the first few members. The name Jump out Boys was ~~attached~~ <sup>GIVEN</sup> to us in Compton by various gang members who we came in contact with on a daily basis. **The red eyes will be on all Jump out Boy tattoos. If the gun is smoking then that means the member has been involved in at least one shooting.**

The number you were given means that you are part of an organized brotherhood that follows a structure in order to compile and review the members who are entered into a booklet.
