# Revenue Loss Spreadsheet

## Notes

- All revenue is based on Deputy Sheriff Service Units and personnel purchased on the contract city 575s. Equipment and vehicles were not included.
- Liability is included and broken out separately from the Contract City Rates. This was done to ensure that the two parallel (but mutually exclusive) decisions (Sheriff Rate increases and Liability Trust Fund increases) can be made independently of each other.
- Liability Trust Fund (LTF) increase was estimated at 11.5% for 20/21 (currently with the BOS, as the LTF Oversight Committee requested it to remain at 11%).
- The 21/22 LTF rate estimate was kept at 11.5%; however, the California Joint Powers Insurance Authority (JPIA) makes a recommendation based on an actuarial and fund confidence levels to determine future rates.
- 19/20 revenue is based on the service level requested via the 575's from July 1, 2019, for all contract cities (last time signed 575's were received from all cities)
- 20/21 estimated revenue is based on the rates recently received from the Auditor-Controller (just over 5.5% increase from last fiscal year).
- 21/22 estimated revenue is based on a 5% increase across the board from the 20/21 rates. We will be recovering costs that are accruing right now, so it may be higher.
- The attached spreadsheet shows very rough estimates that assume no changes in levels of service (static levels) from any contract city over the entire period, which is highly unlikely.
