The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

REQUEST FOR AUTHORITY TO EXECUTE A NEW LEASE WITH
STATE OF CALIFORNIA HIGHWAY PATROL
MOUNT LUKENS COMMUNICATION SITE
LA CANADA FLINTRIDGE
(FIFTH DISTRICT) (3 VOTES)

SUBJECT

This recommendation is to authorize the Chief Executive Officer, or her designee, to execute a new communication site lease agreement to allow continued use of County facilities at the Mount Lukens Communication Site (Mount Lukens) in La Canada Flintridge, California.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the new proposed Mount Lukens Communication Site lease agreement for the use and occupancy by the Sheriff’s Department (Sheriff) is categorically exempt from the provisions of the California Environmental Quality Act (CEQA), pursuant to Class 1 of the Environmental Document Reporting Procedures and Guidelines adopted by the Board on November 17, 1987, and per Section 15301 of the State CEQA Guidelines (Existing Facilities).

2. Approve and authorize the Chief Executive Officer, or her designee, to sign the proposed Lease, approved as to form by County Counsel, with the State of California (State) on the tower and inside the vault operated by the California Highway Patrol (CHP) on land owned by the United States Department of Agriculture Forest Service (US Forest Service).
3. Authorize the Chief Executive Officer, or her designee, to negotiate and execute any other ancillary documentation or future amendments, approved as to form by County Counsel, which are necessary to effectuate the proposed lease agreement and to take any other actions necessary and appropriate to implement activities permitted under this proposed lease agreement.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to enter into a twenty-year communication lease with the State at Mount Lukens with an initial term of ten years and two consecutive optional extensions at the end of the tenth year and each extension five years long. There is a six-month cancellation right for either the County or the State at any time. The proposed lease provides the Sheriff with the continued use of Mount Lukens for a telecommunications site serving the Angeles National Forest and surrounding area. Mount Lukens is connected to both the Sheriff's Mobile Digital Communications System (MDCS) and Internal Services Division's Countywide Integrated Radio System (CWIRS) to facilitate law enforcement, officer safety, and disaster relief capabilities in the area.

The proposed annual rent of $120,460 at Mount Lukens has a fixed annual escalation of 3 percent which amounts to a total ten-year County cost of $1,204,600. This rent includes a public agency discount based on the State-wide Telecommunication Lease Rate Guideline published annually by the State (Enclosure A) and the State has waived the $1,500 application fee and a $6,500 technical analysis fee. As part of the rent, the State provides utility services for the County's equipment.

The proposed lease was submitted for review to the Board's appointed Real Estate Management Commission on November 10, 2020 and was unanimously approved.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The proposed lease agreement supports the Countywide Strategic Plan Goal of Realizing Tomorrow's Government Today, specifically by Embracing Digital Government for the Benefit of our Internal Customers and Communities (Strategy III.2) and Pursuing Operational Effectiveness (Strategy III.3). Upon entering into the proposed lease agreement, the Sheriff will be in a position to continue to provide the County a public safety communications system that will maximize the effectiveness of processes, structure, and operations to support the timely delivery of customer-oriented and efficient public services, particularly in the areas of public safety.
FISCAL IMPACT/FINANCING

Sufficient funding to cover the proposed lease is included in the Fiscal Year (FY) 2020-2021 Rent Expense budget and will be billed back to the Sheriff. The Sheriff will continue to allocate funds from its operating budget for the costs associated with the lease agreement. These rental costs are 100-percent net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

From 1988 to present, the County has continuously occupied Mt Lukens with its most recent lease from the State expiring in 2008. Since 2008, the State placed the County on a month-to-month holdover basis until the State’s ground lease was renewed with the US Forest Service, which happened in 2019.

The Mt Lukens lease allows the County’s continued placement of several antennas of variable sizes and functions on the State’s communication tower, nine County racks full of electronic instruments inside the State’s communication vault without paying for Mount Lukens’ maintenance cost, and the free and continuous use of utilities for the operation and system cooling of County equipment. Emergency power is provided by the State’s stand-by generator with its adjacent fuel tank managed by the State. Access rights to Mount Lukens is also provided by the State. The State is providing these services by charging a full service rent to the County because the County equipment is collocated on the State’s infrastructure. Entering into the Mt Lukens Lease and using the State’s existing communication tower reduces the County’s communication facility and operational cost as compared to the construction of a new County-owned communication site at a similar location.

ENVIRONMENTAL DOCUMENTATION

The recommended action to continue leasing space at an existing telecommunication facility is categorically exempt from the provisions of CEQA, pursuant to Class 1 of the Environmental Document Reporting Procedures and Guidelines adopted by the Board on November 17, 1987, and per Section 15301 of the State of California CEQA Guidelines (Existing Facilities). In addition, based on the proposed project records, it will comply with all applicable regulations, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable.
IMPACT ON CURRENT SERVICES (OR PROJECTS)

The recommended action will not affect any current services, and will not compromise public safety missions or disrupt vital, existing, communication services. The Sheriff concurs with the proposed lease.

CONCLUSION

It is requested that the Executive Office, Board of Supervisors, return two certified copies of the Minute Order to the CEO, Real Estate Division at 320 West Temple Street, 7th Floor, Los Angeles, CA 90012.

Respectfully submitted,

FESIA A. DAVENPORT
Chief Executive Officer

STEP ONE:

Review the request to determine the type of user:

1) Commercial  
   Radio, Television, Cellular service where services are provided for resale (customer is charged in some manner, fees, rents, advertising, etc). Any non-governmental entity where services are not resold.

2) Public/Non-Commercial  
   A Non-Commercial user must show a broad public benefit for leasing the space at a reduced rate. Services provided are not for resale:
   - 2-way radio
   - Emergency service agencies
     (DWR, Caltrans, CDF, CA Technology Agency - PSCO, Parks, Fish & Game, DOJ, Corrections, CYA, CHP, OES, National Guard, FBI, US Coast Guard, US Weather Service, USFS, local agencies providing emergency service)
   - or
   - Public service agencies which provide services to the broad, general public (State, Federal, local agencies and non-profit organizations)

STEP TWO:

Determine the type of lease:

1) Telecommunications Facility Lease
   A) Space (land or rooftop) is leased to construct or install a telecommunications vault or equipment shelter to place equipment, antenna space (tower or pole or RF umbrella) and peripheral equipment (ac, generators, solar panels, propane tanks, batteries etc).
   B) Space in a State building or on rooftop with placement of Lessee’s equipment in a rack or closet or small equipment cabinet.

2) Telecommunications Vault Lease
   Rack and antenna space in the State’s vault and tower. Vault Space (includes one rack space or any portion of a rack space) and tower/antenna space. Road maintenance, commercial and emergency power may be included or at an additional cost.

Urban Category 2: All areas defined as “urbanized” in 23 U.S.C. 101: “…an area with population of 50,000 or more designated by the Bureau of the Census…” (Highlighted in *blue*)

Rural Category 3: Remaining areas. (Highlighted in *green*)

STEP FOUR:

Determine the rent from the appropriate Commercial or Public/Noncommercial pricing guideline below based on type of lease.
DEFINITIONS:

**Macroseal**: Facility with 9 or more antennas and/or fenced area with equipment building or concrete pad space and space required for the foundation of the monopole or tower, when combined exceeds 500 square feet, not to exceed 16 antennas or 2,500 square feet.

**Minicell**: Facility with 4 to 8 antennas and/or fenced area containing equipment building or concrete pad space and space required for the foundation of the monopole or tower, when combined is in excess of 300 square feet but less than 500 square feet.

**Microcell**: Facility with 1 to 3 antennas and/or fenced area with equipment building or concrete pad space and space required for the foundation of the monopole or tower, when combined is less than 300 square feet.

If the proposed facility exceeds one category by the number of antennas or the amount of square footage requested, the facility will be classified in the next higher category.

Carriers requesting a facility with more than 16 antennas or a fenced area exceeding 2,500 square feet must pay a higher rate than the pricing matrix dictates.

Adjustments in the rate, increase or decrease, whenever equipment area or the number of antennas changes (e.g. carrier removes one antenna from a total of 4, changing the site from a Minicell to a Microcell).

Lessee is obligated to notice all State of California offices listed below and the failure to provide notice to all such offices will be deemed to constitute a lack of notice.

9. Lessee shall not call on State to make any improvement on said Lease Area, but Lessee agrees to keep Lessee’s improvements in good order and condition at its own expense. Lessee does hereby waive all rights to make repairs at the expense of State as provided in Section 1942 of the Civil Code, and all rights provided for by Section 1941 of said Civil Code. (a) Connect wires and equipment to lines adjoining the Premises. All work done by Lessee on the Premises shall be done in a lawful manner and in conformity with all applicable laws, ordinances, and regulations, and shall in no way impair visibility from any other improvement or installation of State or anyone claiming under it, and provided further that the Premises shall be kept free from any and all liens and charges on account of labor or materials used in or contributing to any work thereon.

(b) Furnish, install and use in, upon, and under, and remove from the Premises such wires, equipment and other property of whatsoever kind and nature as Lessee deems necessary consistent with the purpose of this Lease as set forth in the “Use” Section hereof.

(c) In making any excavation and/or installation of equipment on the Premises and/or easement areas, Lessee shall make the same in such manner as will cause the least injury to the surface of the ground around such excavation and/or construction, and shall replace the earth so removed by it and restore the surface of the ground and any improvement thereon to as near the same condition as they were prior to such excavation as is practicable.

(d) Improve the Premises in a manner consistent with the purposes of this Lease as set forth in “Use” Section hereof, including but not limited to the installation, operation, maintenance, or removal of said communication equipment, provided that any such improvement or equipment shall be constructed or installed in such manner as not to impair visibility from any other improvement located on or near the Premises under control of State or anyone claiming under it, and provided further that plans for the construction or enlargement of any improvement will be submitted to State in advance of such construction or enlargement, and will be subject to written approval by State.

State will not unreasonably withhold such approval. Such approval by State will not constitute approval of any communication equipment installed or to be installed by Lessee, and will not relieve Lessee of the obligation of complying with any and all terms and conditions of this Lease; Lessee shall notify State thirty (30) days prior to the actual construction.

CLEAR TITLE

11. At the termination of this Lease or in the event of a breach of the terms of this Lease by Lessee resulting in the early termination of this Lease, Lessee shall execute and deliver to State within thirty (30) days a Quitclaim Deed to any rights or claims arising hereunder.

SECTION 2 – TELECOM SPECIFIC PROVISIONS

1. ACCESS TO PREMISES.

Lessee shall have the non-exclusive right of ingress and egress from the terminus of the access road to the above described leased area provided that Lessee presents State with prior notice of access. Notwithstanding the foregoing, in the event of an emergency, Lessee shall not be required to provide prior notice to State; otherwise, Lessee shall provide notice to State of such access within three (3) business days.

Only Lessee, its properly qualified and authorized agents, employees, contractors and servants, shall have the right of ingress to and egress from said Premises. If Lessee’s communications equipment is operated or maintained by anyone other than its regular employees or authorized agents, the admission of such persons to said site shall be permitted only upon the express consent of State having first been obtained.

2. CHANGE IN EQUIPMENT.

Lessee shall submit a new TD-311 Radio Vault Space Application at the time of any additional equipment installation or modification of equipment as outlined in Section 1, Item 12, Improvements & Modifications; Section 2, Item 3, Technical Analysis Fees, and Section 2, Item 4, Lease Modification Fees. Said “TD-311 Application”, complete with attachments and approval documentation by California Office of Emergency Services (CalOES), is available upon request.

Lessee shall not cause or permit any change of any equipment installed by Lessee in the Premises, including power outputs or changes in the use of the frequencies described in the equipment application, except upon making a written request to State for each such transaction and then to obtain State’s prior written consent. Such consent is subject to fees described in the “Lease Modification Fees “Item 2 of the Standard Provisions in Section 3 and/or the “Technical Analysis Fee” Item 3 below.

State agrees that Lessee shall have the right to add or change frequencies used on the Premises without the payment of additional Rent as long as (a): such use complies with applicable laws and a new TD-311 application is submitted, (b): is in compliance with the non-interference terms of Section 2, Paragraph 5 of this Lease, and (c): Lessee’s facilities related to the addition or change in frequencies remain within the Leased Premises.

3. TECHNICAL ANALYSIS FEES.

Any change in Lessee’s approved communication equipment requires technical approval from California Office of Emergency Services (CalOES), consistent with the “Elimination of Interference” Paragraph 5 of this Section 2. To initiate approval for a change or modification of equipment, Lessee must first contact California Highway Patrol to obtain a current TD-311 application form. Lessee must comply with the terms of the TD-311 including payment of all fees described in the application (technical analysis and administrative fees).

4. LEASE MODIFICATION FEES.

An administration fee may be assessed for any action originated by Lessee requiring lease administration staff work by State, such as but not limited to, name changes, assignments of Lease or changes in equipment which result in an amendment to, or assignment of this Lease. To initiate such services, Lessee must submit a written request to State. The administration fee will be assessed at the prevailing rate in effect at the time the request is received. Lessee will be required to remit the administration fee to State’s address listed in the “Notices” Section of this Lease or otherwise directed in writing.
5. ELECTRONIC EQUIPMENT STANDARDS.

With regard to specific site standards and any other statues pertaining to the use of electronic equipment: LESSEE agrees to install, maintain, and operate its electronic equipment in accordance with all such requirements. If Lessee was in occupation under a previous Lease, Lessee shall have one hundred and eighty (180) days from the commencement of this Lease to conform to any new site standards. Lessee shall display on each piece of equipment the emergency contact information.

Lessee shall not be responsible in any manner for the maintenance and repair of the State’s equipment or its political subdivisions located on the Premises. The State shall be solely responsible for the installation, operation, maintenance, and removal of all the State’s equipment located on the Premises.

6. ELIMINATION OF INTERFERENCE.

(a) In the event Lessee’s installation, or operation, in any way hinders, obstructs, or interferes with the radio or electronic equipment of the State, or any pre-existing tenant at the State’s facility, Lessee shall, at its sole cost and expense, immediately cease the interfering installation or operation, except for intermittent testing coordinated with the State. In the event of Lessee’s inability or refusal to immediately cease such interference, State may at its option, immediately terminate this Lease and evict Lessee.

(b) Any interference and compatibility testing required hereunder for radio interference with other equipment at State’s facility, by such equipment installed, or by changes to said equipment, shall be made at the sole cost of Lessee by a qualified technical person representing Lessee and a representative designated by State. If the test is satisfactory to both the technical person and State representative, a certification of such test signed by both the technical person and State representative will be forwarded to State at locations indicated in “Notices” Paragraph hereof. All reasonable and documented costs incurred by State to conduct compatibility testing will be reimbursed to State by Lessee within thirty (30) days of the receipt of a bill from State. Should payment not be received, State may at its option, immediately terminate this Lease and evict Lessee.

(c) Any interference with State’s electronic equipment during an emergency incident will require immediate cessation of operation, transmission or further use of Lessee’s equipment. Failure to do so immediately after being notified of such interference could be grounds for immediate termination of Lease and eviction of Lessee.

7. WORKMANSHIP STANDARDS.

The installation and maintenance of the electronic equipment of Lessee shall be performed in a neat and workmanlike manner and shall conform in all respects to the fire, safety and construction standards deemed applicable to such installation by State, and shall be satisfactory to State.

8. DISPOSITION OF LESSEE’S PERSONAL PROPERTY.

(a) During the term of this Lease, all wires, equipment, and other personal property placed in, upon, or under the Premises by Lessee shall remain the property of Lessee and shall be removed by LESSEE, at its sole cost and expense within sixty (60) days after expiration or earlier termination of Lessee’s tenancy.

(b) Should Lessee fail to remove said equipment and personal property within sixty (60) days after expiration or termination of the Lease, State may do so at the risk of Lessee. Upon written demand by State, Lessee shall immediately pay all costs and expenses of the removal of Lessee’s personal property and equipment.
(c) Lessee may, however, with written consent of State, abandon in place any and all of Lessee’s equipment and personal property, whereupon, as abandoned, title to said improvements will vest in State.

9. LESSEE GUARANTEES.

Lessee hereby guarantees any and all work or services performed by Lessee or Lessee’s properly qualified or authorized agents, employees, contractors and servants, in order to accomplish the installation and/or maintenance of their communications equipment at State’s facilities. Should the interruption or failure of State’s existing computer or building support systems occur due to, or in any way be connected with Lessee’s installation and/or maintenance of Lessee’s equipment, all costs to repair or replace State’s existing systems will be the sole responsibility of Lessee.

End of Section 2

The remainder of this page has been intentionally left blank.
1. PERMITS AND APPROVALS.

The parties agree that Lessee’s ability to use the Lease Area is dependent upon Lessee obtaining all certificates, permits, licenses, and other approvals that may be required from any third party. State will cooperate with Lessee at no expense to State, in Lessee’s effort to obtain such approvals in connection with said permits, licenses or other approvals.

In the event that (i) any of such applications for such certificates, permits, licenses, and other approvals should be finally rejected; (ii) any certificates, permits, licenses, and other approvals issued to Lessee is canceled, expires, lapses, or is otherwise withdrawn or terminated by governmental authority; and (iii) Lessee determines that such certificates, permits licenses, and other approvals may not be obtained in a timely manner, Lessee shall have the right to terminate this Lease. Notice of Lessee’s exercise of its right to terminate shall be given to State, in writing by certified mail, return receipt requested, and shall be effective upon the mailing of such notice by Lessee. All rentals paid to said termination date shall be retained by State. Upon such termination, this Agreement shall be of no further force or effect except to the extent of the representations, warranties and indemnities made by each Party to the other hereunder. Otherwise, Lessee shall have no further obligations for the payment of rent to State.

2. DEFAULT.

Lessee shall make all payments to the State without deduction, default or delay (except for offsets explicitly allowed hereunder). In the event of the failure of Lessee to do so, or in the event of a breach of any of the other terms, covenants or conditions herein contained on the part of Lessee or State to be kept and performed, and if such default continues for a period of thirty (30) days after receipt of written notice from the non-defaulting party to the defaulting party of such default, this Lease may, at the non-defaulting party’s sole discretion, be terminated.

Notwithstanding the foregoing, if a non-monetary default may not be reasonably cured within such thirty (30) day period and the defaulting party commences to cure such default within the thirty (30) day period, then the time to cure may be extended through writing signed by both parties, to a time frame and deadline mutually agreeable to the parties. So long as the defaulting party diligently prosecutes the cure to completion under the mutually agreed upon extended deadline, then this Lease may not be terminated under this Clause. However, if the defaulting party operates with unreasonable delay in curing the default or otherwise does not cure within the mutually agreed upon time frame, the non-defaulting party may terminate immediately.

In the event of termination of this Lease, it shall be lawful for State to reenter into and upon the Premises and every part thereof and to remove and store at Lessee’s expense all property there from and to repossess and occupy the Premises. In the event State terminates this Lease pursuant to this Paragraph, State shall not be required to pay Lessee any sum or sums whatsoever.

3. COMPLIANCE WITH LAWS.

Lessee shall at its sole cost and expense comply with all the applicable statutes, laws, ordinances and regulations of all municipal, state and federal authorities now in force or which may hereafter be in force pertaining to the Premises and use of the Premises as provided by this Lease.

4. FAILURE TO PERFORM.

In the event of the failure, neglect, or refusal of Lessee to do, or perform work, or any part thereof, or any act or thing in this Lease provided to be done and performed by Lessee, State will, at its option, have the right to do and perform the same, and Lessee

(b) Any grant herein contained is subject to all valid and existing contracts, leases, licenses, easements, encumbrances and claims of title which may affect said facility. (c) No priority or other rights will attach to the use of any space in State’s building or on said facility.

7. PROHIBITED USES.
Lessee shall not commit, suffer or permit any waste or nuisance on the Premises or on State property or any acts to be done thereon in violation of any laws or ordinances, and shall not use or permit the use of the Premises for any illegal or immoral purposes. No dumping of refuse by Lessee is permitted at the Premises. Lessee agrees not to cut or remove any trees or brush thereon except as approved in writing in advance by State. Lessee also assures State it complies with any applicable regulations and guidelines issued pursuant to the Federal and State statutes described above.

9. FIRE AND CASUALTY DAMAGES.
State will not keep improvements which are constructed or installed by Lessee under the provisions of this Lease insured against fire or casualty, and Lessee shall make no claim of any nature against State by reason of any damage to the business or property of Lessee in the event of damage or destruction by fire or other cause, arising other than from or out of negligence or willful misconduct of agents or employees of the State in the course of their employment.

10. AUDIT.
Lessee agrees that the Department of General Services, the California State Auditor, or their designated representative shall have the right to review and to copy any of Lessee’s non-redacted records and supporting documentation pertaining to the performance of this Lease. In the event State discovers any irregularities in Lessee’s revenue statements Lessee shall bear all costs associated with said audit.
Lessee agrees to maintain such records for possible audit for a minimum of three (3) years after final payment. Lessee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Lessee agrees to include in any sublease a similar right of the State to audit records and interview Sublessee related to any performance of this Lease.

State may audit Lessee’s accounting books at any time upon reasonable request. Further to the extent Lessee provides State with proprietary information, State will hold it in the strictest confidence, and will return it when it is no longer necessary to support any audit exceptions.

Lessee understands the State is subject to the Public Records Act.

11. ACTS OF NATURE.

If any of Lessee’s improvements or equipment is destroyed by acts of nature, Lessee may replace them with improvements or equipment of the same general type that meets or exceeds the technical specifications of the original equipment, which occupies no more physical space and consumes no more electrical power. Lessee shall immediately notify State of such items and the date the replacement is complete.

12. HAZARDOUS SUBSTANCE.

Lessee agrees that it shall comply with all laws, federal, state, or local, existing during the term of this Lease pertaining to the use, storage, transportation, and disposal of any hazardous substance as that term is defined in such applicable law.

(a) In the event State or any of its affiliates, successors, principals, employees, or agents incur any liability, cost, or expense, including attorney’s fees and costs, as a result of Lessee’s illegal use, storage, transportation, or disposal of any hazardous substance, including any petroleum derivative, Lessee shall indemnify, defend, and hold harmless any of these individuals against such liability.

(b) Where Lessee is found to be in breach of this Paragraph due to the issuance of a government order directing Lessee to cease and desist any illegal action in connection with a hazardous substance, or to remediate a contaminated condition caused by Lessee or any person acting under Lessee’s direct control and authority, Lessee shall be responsible for all costs and expenses of complying with such order, including any and all expenses imposed on or incurred by State in connection with or in response to such government order.

13. CONDITION OF PREMISES.

(a) Lessee is aware of the current condition of the Premises and accepts the Premises in “as is” condition. (b) Lessee shall not call on State to make any repairs or improvements on the Premises and Lessee shall keep the same in good order and condition at its own expense.

14. TAXES AND ASSESSMENTS.

Lessee agrees to pay all lawful taxes, assessments or charges that at any time may be levied upon any interest in this Lease. It is understood that this Lease may create a possessory interest subject to property taxation and Lessee may be subject to the payment of property taxes levied on such interest.
15. RECOVERY OF LEGAL FEES.

If action is brought by State for the recovery of any rent due under the provisions hereof or for any breach hereof, or to restrain the breach of any agreement contained herein, or for the recovery of possession of said Premises, or to protect any rights given to the State against Lessee, and if State will prevail in such action, Lessee shall pay to State such amount in attorney’s fees in said action as the court shall determine to be reasonable, which shall be fixed by the court as part of the costs of said action.

16. VACATING THE PREMISES.

Lessee shall, on the last day of said term or sooner termination of this Lease, peaceably and quietly leave, surrender, and yield up to State, the Premises in good order, condition, and repair, reasonable use and wear thereof and damage by acts of nature, excepted.

Lessee will schedule and perform a walkthrough with the Facility Manager to be sure the Lease Area is left in acceptable condition.

Any physical changes made to the improvements by Lessee or its agents shall comply with the California Environmental Quality Act (CEQA).

28. BANKRUPTCY.
In no event shall this Lease or the leasehold estate become an asset of Lessee in bankruptcy, receivership or other judicial proceedings. Lessee shall be in default under this Lease in the event of any of the following:

(a) Lessee becomes insolvent or makes an assignment for the benefit of creditors; (b) a petition in bankruptcy is filed by or against Lessee; (c) a writ of execution is levied against this Lease or the leasehold estate; or (d) Lessee abandons or vacates or does not continuously occupy or safeguard the Premises.

29. AMENDMENTS AND MODIFICATIONS.
No amendment, modification, or supplement to this Lease shall be binding on either party unless it is in writing and signed by the party to be bound by the modification.

30. MUTUAL CONSENT.
Notwithstanding anything herein contained to the contrary, this Lease may be terminated and the provisions of the Lease may be altered, changed, or amended by mutual consent of the parties hereto in writing.

31. FORCE MAJEURE.
If either Lessee or State will be delayed or prevented from the performance of any act required hereunder by reason of acts of Nature, governmental restrictions,
SECTION 3 – STANDARD PROVISIONS

regulations or controls (except those reasonably foreseeable in connection with the uses contemplated by this Lease) or other cause without fault and beyond the control of the party obligated (except financial inability), performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay. Nothing in this Paragraph shall excuse Lessee from prompt payment of any rent, taxes, insurance or any other charge required of Lessee, except as may be expressly provided in this Lease.

32. WAIVER.

If State waives the performance of any term, covenant or condition contained in this Lease, such waiver shall not be deemed to be a waiver of that or any subsequent term, covenant or condition. Failure by State to enforce any of the terms, covenants or conditions of this Lease for any length of time shall not be deemed to waive or decrease State’s right to insist thereafter upon strict performance by Lessee.

Waiver by State of any term, covenant, or condition contained in this Lease may only be made by a written document properly signed by an authorized State representative.

33. ENTIRE AGREEMENT.

This Lease and its exhibits constitute the entire agreement between State and Lessee. No prior written or prior, contemporaneous or subsequent oral promises or representations shall be binding.

34. PARAGRAPH HEADINGS.

All Paragraph headings contained herein are for convenience of reference only and are not intended to define or limit the scope of any provision of this Lease.

35. SEVERABILITY.

If any term, covenant, condition, or provision of this Lease or any application thereof, to any extent, is found invalid, void, or unenforceable by a court of competent jurisdiction, the remainder of this Lease will not be affected thereby, and will be valid and enforceable to the fullest extent permitted by law.

36. SEPARATE COUNTERPARTS.

This Lease may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Agreement. The exchange of copies of this Lease and of signature pages by electronic mail in “portable document format” (“pdf”) form or by any other electronic means shall constitute effective execution and delivery of this Lease. In the event the Lease is executed by wet ink signatures, the original signatures shall also be exchanged between the parties via mail, in addition to any exchange via electronic means.

37. SUPERSEDURE.

This Lease supersedes and voids any prior license, lease or agreement between State and Lessee identified in this Lease with regards to the Premises.

38. BINDING.

The terms of this Lease and covenants and agreements herein contained shall apply to and shall bind and inure to the benefit of the heirs, representatives, assigns and successors in interest of the parties hereto.

39. ESSENCE OF TIME.

Time is of the essence for each and all of the provisions, covenants and conditions of this Lease.
IN WITNESS WHEREOF, this Lease has been executed by the parties hereto as of the date written below.

AUTHORITY:
FEDERAL LAND POLICY AND MGMT ACT, AS AMENDED October 21, 1976

CALIFORNIA HIGHWAY PATROL of 601-C North 7th Street, Sacramento, CA 95811.

THIS LEASE, dated this 17th day of November 20__., by and between the UNITED STATES OF AMERICA, acting through the Forest Service, Department of Agriculture (hereinafter called the "United States" or "Forest Service"), as authorized by the Act of October 21, 1976, (90 Stat. 2743; 43 U.S.C. 1761, et seq.), and the State of California, acting by and through the Director of the Department of General Services, with the consent of the California Highway Patrol (CHP) its agents, successors, and assigns (hereinafter called the "Lessee").

The United States and the Lessee are jointly referred to herein as the "Parties". As used herein, the "Authorized Officer" refers to the Forest Service official having the delegated authority to execute and administer this lease. Generally, unless otherwise indicated, such authority may be exercised by the Forest Supervisor or District Ranger of the Angeles National Forest wherein the following described lands are located.

The United States, for and in consideration of the terms and conditions contained herein and the payment to the United States of a rental in advance by the Lessee, does hereby grant to the Lessee a lease for the following described communications facility in the County of Los Angeles, State of California, Sec. 10, T. 2 N., R. 13 W., San Bernardino Meridian (hereinafter called the "property"). The Lessee accepts this lease and possession of the property, subject to any valid existing rights, and agrees not to use the property, or any part thereof, except as a site for only the construction, operation, maintenance, and termination of a Private Mobile Radio Service communications facility. Authorized facilities under this lease include:

Equipment shelter(s): 20' x 30' block building
Antenna support structure(s): 120' lattice; 50' lattice
Ancillary structure(s): 60' x 80' fence; 575 gallon propane tank; 495 gallon propane tank; generator
Access as shown or described in Exhibit A.

The location of the property is shown generally on the site management plan dated 9/21/7 for the Mount Lukens Communications Site, which is attached and made part hereof as Exhibit A.

The dated and initialed exhibit(s), attached hereto, are incorporated into and made a part of this instrument as fully and effectively as if they were set forth herein in their entirety.
The parties agree that this lease is made subject to the following terms and conditions.

I. TENURE, RENEWAL AND TRANSFERABILITY

A. This lease shall terminate at one minute after midnight on 12/31/2047. Termination at the end of the lease term shall occur by operation of law and shall not require any additional notice or documentation by the Authorized Officer. This lease is not renewable; but the Lessee has the right to request a new lease pursuant to Paragraph "C" below.

B. The Lessee shall undertake and pursue with due diligence construction and operation that is authorized by this lease. To the extent specified in Exhibit N/A operation shall commence on N/A. This lease shall terminate if operation does not commence by that date, unless the parties agree in writing, in advance, to an extension of the commencement date.

C. If the Lessee desires a new lease upon termination of this lease, the Lessee shall notify the Authorized Officer accordingly, in writing. The notice must be received by the Authorized Officer at least one year prior to the end of the lease term. The Authorized Officer will determine if the use should continue and, if it is to continue, if a new lease should be issued to the Lessee and under what conditions. The Authorized Officer shall require payment of any amounts owed the United States under any Forest Service authorization before issuance of another authorization.

D. This lease is assignable with prior written approval of the Authorized Officer, except when rent has been exempted or waived in whole or part. Renting of space does not constitute an assignment under this clause.

II. RENTAL

A. The Lessee must pay in advance an annual rental determined by the Authorized Officer in accordance with law, regulation, and policy. The annual rental will be adjusted by the Authorized Officer to reflect changes in fair market value, annual adjustments using the Consumer Price Index - Urban (CPI-U), changes in tenant occupancy, or phase-in rental, if applicable.

B. Rentals are due at the close of business on January 1 of each year for which a payment is due. Payments in the form of a check, draft, or money order are payable to USDA, Forest Service. If the due date for the rental or rental calculation statement falls on a non-work day, the charges shall not apply until the close of business on the next workday. This lease terminates if rent is not received by the Forest Service within 90 calendar days of the due date.

C. Pursuant to 31 U.S.C. 3717, et seq., interest shall be charged on any rental amount not paid within 30 days from the date the rental or rental calculation financial statement specified in this authorization becomes due. The rate of interest assessed shall be the higher of the rate of the current value of funds to the U.S. Treasury (i.e., Treasury tax and loan account rate), as prescribed and published by the Secretary of the Treasury in the Federal Register and the Treasury Fiscal Requirements Manual Bulletins annually or quarterly or at the Prompt Payment Act rate. Interest on the principal shall accrue from the date the rental or rental calculation financial statement is due. In addition, an administrative penalty at a percentage rate prescribed by law or regulation will be assessed for failure to pay any portion of the debt that is more than 90 days past due. This paragraph shall survive the termination or revocation of this lease, regardless of cause.
D. Disputed rentals are due and payable by the due date. No appeal of rentals will be considered by the Forest Service without full payment of the disputed amount.

III. RESPONSIBILITIES OF THE LESSEE

A. The Lessee is authorized to rent space and provide other services to customers and/or tenants and shall charge each customer/tenant a reasonable rental without discrimination for the use and occupancy of the facilities and services provided. The Lessee shall impose no unreasonable restrictions nor any restriction restraining competition or trade practices. By October 15 of each year, the Lessee shall provide the Authorized Officer a certified statement listing all tenants and customers, by category of use in the facility on September 30th of that year.

B. All development, operation and maintenance of the authorized facility, improvements, and equipment located on the property shall be in accordance with stipulations in the communications site management plan approved by the Authorized Officer. If required by the Authorized Officer, all plans for development, layout, construction, or alteration of improvements on the property, as well as revisions of such plans, must be prepared by a licensed engineer, architect, and/or landscape architect. Such plans must be approved in writing by the Authorized Officer before commencement of any work. After completion, as-built plans, maps, surveys, or other similar information will be provided to the Authorized Officer and appended to the communications site management plan.

C. The Lessee will comply with applicable Federal, State, county, and municipal laws, regulations and standards for public health and safety, environmental protection, siting, construction, operation, and maintenance in exercising the rights granted by this lease. The obligations of the Lessee under this lease are not contingent upon any duty of the Authorized Officer, or other agent of the United States, to inspect the premises. A failure by the United States, or other governmental officials, to inspect is not a defense to noncompliance with any of the terms or conditions of this lease. Lessee waives all defenses of laches or estoppel against the United States. The Lessee shall at all times keep the title of the United States to the property free and clear of all liens and encumbrances.

D. Use of communications equipment is contingent upon the possession of a valid Federal Communication Commission (FCC) or Director of Telecommunications Management/Interdepartmental Radio Advisory Committee (DTM/IRAC) authorization, and the operation of the equipment in strict compliance with applicable requirements of FCC or IRAC. A copy of each applicable license or authorization shall at all times be maintained by the Lessee for each transmitter being operated. The Lessee shall provide the Authorized Officer, when requested, with current copies of all licenses for equipment in or on facilities covered by this lease.

E. The Lessee shall ensure that equipment within his or her facility (including tenant and customer equipment) operates in a manner which will not cause harmful interference with the operation of existing equipment on or adjacent to the communications site. If the Authorized Officer or authorized official of the Federal Communication Commission (FCC) determines that the Lessee's use interferes with existing equipment, the Lessee will promptly take the necessary steps to eliminate or reduce the harmful interference to the satisfaction of the Authorized Officer or FCC official.

F. When requested by the Authorized Officer, the Lessee will furnish technical information concerning the equipment located on the property.
IV. LIABILITIES

A. The Lessee assumes all risk of loss to the authorized improvements.

B. The Lessee shall comply with all applicable Federal, State, and local laws, regulations, and standards, including but not limited to, the Federal Water Pollution Control Act, 33 U.S.C. 1251 et seq., the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq., the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601 et seq., and other relevant environmental laws, as well as public health and safety laws and other laws relating to the siting, construction, operation and maintenance of any facility, improvement, or equipment on the property.

C. The Forest Service has no duty, either before or during the lease term, to inspect the property or to warn of hazards and, if the Forest Service inspects the property, it shall incur no additional duty nor any liability for hazards not identified or discovered through such inspections. This paragraph shall survive the termination or revocation of this lease, regardless of cause.

D. The Lessee shall indemnify, defend, and hold the United States harmless for any violations incurred under any such laws and regulations or for judgments, claims, or demands assessed against the United States in connection with the Lessee's use or occupancy of the property. The Lessee's indemnification of the United States shall include any loss of personal injury, loss of life or damage to property in connection with the occupancy or use of the property during the term of this lease. Indemnification shall include, but is not limited to, the value of resources damaged or destroyed; the costs of restoration, cleanup, or other mitigation; fire suppression or other types of abatement costs; third party claims and judgments; and all administrative, interest, and other legal costs. This paragraph shall survive the termination or revocation of this lease, regardless of cause.

E. The Lessee has an affirmative duty to protect from damage the land, property, and interests of the United States.

F. In the event of any breach of the lease by the Lessee, the Authorized Officer may, on reasonable notice, cure the breach for the account at the expense of the Lessee. If the Forest Service at any time pays any sum of money or does any act which will require payment of money, or incurs any expense, including reasonable attorney's fees, in instituting, prosecuting, and/or defending any action or proceeding to enforce the United States rights hereunder, the sum or sums so paid by the United States, with all interests, costs and damages shall, at the election of the Forest Service, be deemed to be additional rental hereunder and shall be due from the Lessee to the Forest Service on the first day of the month following such election.

V. OTHER PROVISIONS

A. Nondiscrimination. The Lessee shall at all times operate the described property and its appurtenant areas and its buildings and facilities, whether or not on the property, in full compliance with Title VI of the Civil Rights Act of 1964 and all requirements imposed by or pursuant to the regulations issued thereunder by the Department of Agriculture and in effect on the date this lease is granted to the end that no person in the United States shall, on the grounds of race, sex, color, religion or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any of the programs or activities provided thereon.
B. Revocation, Termination and Suspension.

1. General. For purposes of this lease, termination, revocation, and suspension refer to the cessation of uses and privileges under the lease.

"Revocation" refers to an action by the Authorized Officer to end the lease because of noncompliance with any of the prescribed terms, abandonment, or for reasons in the public interest. Revocations are appealable.

"Termination" refers to the cessation of the lease under its own terms without the necessity for any decision or action by the Authorized Officer. Termination occurs automatically when, by the terms of the lease, a fixed or agreed upon condition, event, or time occurs. For example, the lease terminates at expiration. Terminations are not appealable.

"Suspension" refers to a revocation which is temporary and the privileges may be restored upon the occurrence of prescribed actions or conditions. Suspensions are appealable.

2. This lease may be suspended or revoked upon breach of any of the conditions herein or upon nonuse. Nonuse refers to a failure to operate the facilities on the property for a period of 1 year.

3. Except in emergencies, the Authorized Officer shall give the Lessee written notice of the grounds for revocation or suspension and a reasonable time, not to exceed 90 days, to complete the corrective action. After 90 days, the Forest Service is entitled to such remedies as provided herein.

4. This lease may be revoked at the discretion of the Forest Service when in the public interest. When revoked in the public interest, the Lessee shall be compensated subject to the availability of appropriated funds. Compensation shall be based upon the initial cost of improvements located on the lease, less depreciation as allocated over the life of the improvements as declared by the Lessee's Federal tax amortization schedules.

5. Any discretionary decisions or determinations by the Authorized Officer on revocation or suspension are subject to the appeal regulations at 36 CFR 214, or revisions thereto.

6. In the event the Authorized Officer decides not to issue a new lease, or the Lessee does not desire a new lease, the Authorized Officer and the Lessee shall, within six months prior to the termination date of this lease, agree upon a mitigation plan to restore and stabilize the site.

7. Upon termination or revocation of the authorization, delinquent fees and other charges associated with the authorization will be subject to all rights and remedies afforded the United States pursuant to 31 U.S.C. 3711 et seq. Delinquencies may be subject to any or all of the following conditions:

a. Administrative offset of payments due the holder from the Forest Service.

b. Delinquencies in excess of 60 days shall be referred to United States Department of Treasury for appropriate collection action as provided by 31 U.S.C. 3711 (g), (1).
c. The Secretary of the Treasury may offset an amount due the debtor for any delinquency as provided by 31 U.S.C. 3720, et seq.

In the event this lease is revoked for noncompliance, the Lessee shall remove all structures and improvements within 90 days, except those owned by the United States, and shall restore the site as nearly as reasonably possible to its original condition unless this requirement is otherwise waived in writing by the Authorized Officer.

If the Lessee fails to remove all structures or improvements within the prescribed period, they shall become the property of the United States and may be sold, destroyed, or otherwise disposed of without any liability to the United States.

C. Members of Congress. No member of or Delegate to Congress or Resident Commissioner shall benefit from this lease whether directly or indirectly, except when the lease provides a general benefit to a corporation.

D. Reservations. This lease is granted subject to the following reservations by the United States:

1. The right to all natural resource products now or hereafter located on the property unless stated otherwise, and the right to utilize or dispose of such resources insofar as the rights of the Lessee are not unreasonably affected.

2. The right to modify the communications site plan as deemed necessary.

3. The right to enter upon the lease and inspect all facilities to assure compliance with the conditions of this lease.

4. The right of the United States to require common use of the property, and the right to authorize use of the property for compatible uses, including the subsurface and air space.

In the event of any conflict between any of the preceding printed clauses or any provisions thereof and any of the following clauses or any provision thereof, the preceding clauses shall control.

E. Superseded Authorization (X-18). This authorization supersedes an authorization designated LAR102002, issued on 11/8/1996.
ACCEPTED this 17th day of November, 2021, the undersigned have read, understand and accept the terms and conditions of this lease.

Figure 1: New 800 MHz Antenna #101, 102 & 103 locations on Tower
MT LUKENS’ OLD & NEW TOWER
SYSTEM BLOCK DIAGRAM:

Please provide a block diagram of the proposed installation at this radio vault facility. Be sure to include all elements of the system, including transmitters, receivers, power sources, antennas, protective devices, telephone lines, multiplex circuits, etc. Use additional sheets if necessary. Refer to the attached example if desired. Please be sure to label the operating frequency of each piece of equipment in the system, as appropriate.
Note: Actual rack layout may vary from what is shown. Integration of second rack and combiner system will be captured in As-Built documentation.
Note:
Jumper shown are proposed runs.
Actual jumper positions are dependant on the rack assembly and will be documented in the As-Built drawings.
Assembly will take place in Harris provided warehouse in LA County.
Note:
Inter-Cabinet Cabling shown here in Harris Staged detail. Finshed cabling diagram is dependant on final assembly on site and container integration with MASTIA V rack #2. As-Built drawings will be updated appropriately.
