MEETING LOCATION
Burton W. Chace Park Community Room

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE
Chair Margaret Levy called the meeting to order at 9:35 a.m. Chair Levy asked Commissioner Scott Sachs to lead everyone in the Pledge of Allegiance.

2. **APPROVAL OF MINUTES**

Chair Levy noted that the minutes were not available for approval.

3. **OLD BUSINESS**

   A. **VENICE LIFEGUARD HEADQUARTERS STATUS**

Ms. Baker reported that a tour of the former Lifeguard Headquarters office was given to two Venice Neighborhood Council members and staff from Councilman Mike Bonin’s office.

B. **WILL ROGERS STATE BEACH RESTAURANT RFP UPDATE**

Mr. Rodriguez provided a brief summary of the milestones completed with the request for proposals (RFP) process. Senate Bill 1473, which allowed for a 50-year concession at Will Rogers State Beach, was signed in September 2016. In April 2017, the State approved the draft RFP, which was then released to the public on April 23rd. The bidders submitted the first round of questions, and the Department answered those questions in Addendum 1. The Bidder’s Conference took place June 7, 2017. The Department is in the process of putting out Addendum 2, which will answer questions posed during the conference.

In regard to several answers in Addendum 1, Chair Levy wanted to clarify if the Department is directing the bidders to the regulatory agencies for responses. Mr. Rodriguez said the Department was referring bidders to the California Coastal Commission, Los Angeles County Building and Safety, and Los Angeles City of Building and Safety. He stated that it is up to the developers, future restaurateurs, or concessioners to do their due diligence regarding height and setback requirements.

Commissioner Kathryn Campbell wanted to know if there was an attendance sign-in sheet of those who attended the Bidders Conference. Mr. Rodriguez said there was an attendance sign-in sheet, but it would not be available to the public until after the contract is awarded. Mr. Jones said that as part of the RFP process, attending the Bidders Conference was mandatory. The attendance sheet will be used as a reference to ensure the requirement was met. The sign-in sheet, along with all submittals, will not be available to the public until after it has been submitted to the Board. Commissioner Campbell said she thought that the documents would be made available prior to the contract being awarded. County Counsel Amy Caves said that the County’s practice is to keep the
solicitation process documents confidential to protect the integrity of the process until the Board has made an action on the recommendation.

Commissioner Jeff Duclos wanted more information about the monument. Mr. Jones said that during discussions with the Third District, it was determined that the site held a historical significance, and that if a new restaurant does not use the Gladstone's name, then there should be a monument of some sort to recognize the original Gladstone's at the site.

Commissioner Anthea Raymond stated that she attended the Bidders Conference and felt one of the concerns was the ability to access the Coastal Commission for information. She wanted to know if there have been efforts to facilitate the issue. Mr. Rodriguez responded that the Department has agreed to submit questions to the Coastal Commission.

Mr. Jones said that as the Department goes through the RFP process, staff will continue to provide the Commission with updates.

4. **NEW BUSINESS**

A. **SUMMER PREPARATIONS**

Chief Fernando Boiteux provided a brief verbal report on the Lifeguard Division and handed out the May 2017 Lifeguard Statistics report. He stated that Independence Day is the busiest weekend at the beach. For the summer season, 158 lifeguard towers will be staffed through September 4 on a daily basis. The Junior Lifeguard program is in full swing with 4,300 children from all five districts. Two hundred participants received full scholarships to the program, and 158 received free transportation.

Commissioner Karen Goldberg asked if the beach attendance of 5 million is a record. Chief Boiteux stated that he did not know but would find out and report back.

Commissioner Robert Bartlett wanted to clarify his request from last month's meeting regarding rescue statistics. He would like to see the statistical breakdown for each division and then for each station to get a better idea of rescue locations and other information.

Commissioner Bruce Saito requested a breakdown by district of Junior Lifeguard program participants.

Commissioner Raymond asked if the Commission would be able to view the report tracking the diversity in the Lifeguard Division's hiring.

Chief Boiteux said he would provide the requested reports.
Mr. Ken Foreman gave a PowerPoint presentation on the Operational Services Division (OSD) and showed a video. He explained that the Department operates 20 beaches along the Los Angeles County coastline from Nicholas Canyon Beach in the north to Point Fermin in the South out of its six maintenance yards at Redondo, Manhattan, Venice, Dockweiler State, Will Rogers State and Zuma beaches. Of the Department's 300-plus employees, 177 are part of OSD. These employees operate heavy equipment, empty trash cans, clean bathrooms and more on a daily basis. The Code Enforcement Section, which is responsible for writing citations based on parking violations and enforcing other beach rules, is part of OSD, as is the Craft Section.

Commissioner Goldberg said she was impressed with the presentation and video, and she asked how the Commission could support Mr. Foreman and his staff. She said she felt as though 52 restrooms were not enough for the number of people who visit the beaches.

Commissioner Campbell expressed concern with the number of staff compared to the size of the facilities. She asked what number of employees would be ideal, as well as if there was a gap in resources. Mr. Foreman responded that the Department would need to perform an internal needs assessment.

Commissioner Bartlett expressed concern that Code Enforcement was not patrolling at Royal Palms and White Point beaches. He was also concerned that there are no full-time parking admission ticket operators at those beaches. Commissioner Bartlett stated there are individuals who are coming to the beach and not paying after 4:30 p.m., when the ticket operators leave. Commissioner Bartlett also said there is violence and gunshots, and the lifeguards do not feel safe. Commissioner Bartlett said he is currently working with the Los Angeles Police Department (LAPD) and the Los Angeles County Sheriff's Department to see who can assist. Mr. Foreman responded that he is aware of the situation and that a private security company was hired to accompany the parking operators to ensure that they can close out. He said that he was surprised that Commissioner Bartlett had not seen Code Enforcement officers patrolling. Additionally, the Department is also working with the LAPD to provide more enforcement. Commissioner Bartlett suggested increased enforcement for a period of time. Mr. Foreman will meet with the Code Enforcement team and the parking operator to discuss how staffing can be improve.

Ms. Carol Baker showed a video and gave a PowerPoint presentation on summer activities produced by the Community and Marketing Services Division (CMSD). This year's activities included ARTsea, the weekly Beach Eats! food truck event, JAM sessions, Marina Movie Nights, July 4 fireworks, the Marina del Rey Summer Concert Series, Marina Movie Nights and the Summer Youth Sailing Camp. Additionally, Ms. Baker discussed the Beach Movie Nights and Fun-A-Palooza at the Dockweiler Youth Center, as well as the WaterBus and the now year-round Beach Shuttle.
Ms. Baker also discussed the Permit Section, which is responsible for ensuring that permits and licenses are in place for all activities; reported that the Dockweiler RV Park is completely booked for the summer; and advised that the Marina del Rey Visitors Center, the Permit Section and the Boating Section will eventually move into new or renovated offices.

Commissioner Campbell asked Ms. Baker to discuss her overarching goals for CMSD programs. She also wants to know if there were programs geared more towards wildlife education and the habitats of the beaches. Ms. Baker responded that the goals for the Marina are different than those for the beaches. She reported that the Department is working on an educational module focused on the Marina for elementary school students. The module includes a video that talks about the engineering of the Marina, local ecology and more. The Department is the Marina’s de facto city hall, so community-based programming like farmers market and food truck events are important to the Department’s mission.

Commissioner Oschin requested a presentation from the Los Angeles Department of Transportation (LADOT) regarding access to Vista del Mar.

5. **STAFF REPORTS**

A. **ONGOING ACTIVITIES REPORT**

Ms. Baker submitted the written report.

B. **BEACH AND MARINA DEL REY SPECIAL EVENTS**

Ms. Baker submitted the written report.

C. **OPERATIONAL SERVICES DIVISION REPORT**

Mr. Foreman submitted the written report.

6. **COMMISSIONER COMMENTS**

Commissioner Beutler inquired if anyone from LADOT or Councilman Bonin’s office communicated with the Department to assess the potential impact on beach accessibility prior to reconfiguring Vista del Mar. Mr. Kelly responded a warning notification that was sent on Thursday or Friday before the implementation, which took place on a Tuesday.

Commissioner Duclos suggested having a representative from either Councilman Bonin’s
office or LADOT come and present at next month’s meeting.

Commissioner Bartlett asked if the Department is still in the process of getting a new parking contract company. Mr. Jones reported that the proposed renewal of the parking contract with Modern Parking, Inc. was submitted to the Board office on June 20, 2017, and was approved on a 3-2 vote.

Commissioner Raymond would like to have an update on Measure A and a report on Marina Beach.

Chair Levy said she would like to add water quality at the Santa Monica Pier and Marina Beach to the list of future meeting topics. Mr. Kelly said that Santa Monica Beach is not under County jurisdiction and reported that the contamination at Mother’s Beach is due to the birds.

Commissioner Liban suggested inviting staff from the Chief Sustainability Office to a meeting to provide an update on the Department’s issues and programs.

7. **COMMUNICATION FROM THE PUBLIC**

No members of the public were present.

The next Beach Commission Meeting is scheduled for July 26, 2017, at the **DOCKWEILER YOUTH CENTER COMMUNITY ROOM** located at 12505 Vista del Mar, Playa del Rey, California 90293.

**ADJOURNMENT**

Chair Levy adjourned the meeting at 11:34 a.m.

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE
Chair Margaret Levy called the meeting to order at 9:35 a.m. Chair Levy asked Commissioner Kathryn Campbell to lead everyone in the Pledge of Allegiance.
2. **APPROVAL OF MINUTES**

Chair Levy asked for approval of the May 24, 2017 minutes. Commissioner Francine Oschin moved to approve. Commissioner Teresa Furey seconded.

The minutes were unanimously approved.

Ayes: 11 - Chair Levy, Vice Chair Duclos, Bartlett, Campbell, Emdee, Furey, Lay, Raymond, Olpe, Oschin, Sachs.

Commissioner Laura Emdee requested that staff email the PowerPoint presentations to the Commissioners.

3. **OLD BUSINESS**

None.

4. **NEW BUSINESS**

Chair Levy introduced and welcomed newly appointed Commissioner Peter Olpe from the District.

5. **STAFF REPORTS**

A. **ONGOING ACTIVITIES REPORT**

Ms. Carol Baker provided the staff report and highlighted the Dockweiler State Beach Recreational Vehicle Park expansion project.

B. **BEACH AND MARINA DEL REY SPECIAL EVENTS**

Ms. Baker provided the staff report, highlighting the Fourth of July fireworks, Marina del Rey Summer Concert Series, and movie nights at Burton Chace Park and the Dockweiler Youth Center (DYC).

Commissioner Anthea Raymond suggested that staff reach out to Tempest Freerunning Academy to see if they would be interested in doing parkour classes at the DYC.

C. **OPERATIONAL SERVICES DIVISION REPORT**
Mr. Ken Foreman provided the staff report.

Mr. John Kelly told the Commission about the sewer connection project at White Point Beach. The project involves installing a new sewer line to the County Sanitation District pump station.

He also reported that in anticipation of Measure A park funding for 2018-2019, the Department is putting together a park improvement project for White Point and Royal Palms. He said the Department hopes to have the designs completed and permits issued by the time the funds become available. So far, plans call for the replacement of walking paths and services; the addition of amenities like a scenic overlook, parcour equipment and shade structures; and the improvement of the areas around the restroom. The designs will also focus on ADA accessibility. The design concept will be presented to Commissioners for their input when it is completed.

Commissioner Scott Sachs suggested installing a splash pad.

**D. LIFEGUARD REPORT**

Chief Fernando Boiteux provided a verbal report and handed out the June 2017 Lifeguard Statistics report. Chief Boiteux advised the Commission that the Lifeguard Division recently reorganized its three geographical sections into two battalions. The newly formed Battalion 100 covers San Pedro to Playa del Rey, while Battalion 300 covers Marina del Rey to the Ventura County line at Nicholas Canyon Beach.

Chief Boiteux noted that there was an error in the Lifeguard Statistics report that was handed out, and he said he would have it updated for the Commission's next meeting.

He also reported that a 45-foot vessel recently washed ashore at Manhattan Beach, but with the help of the Department of Beaches and Harbors' heavy equipment, the boat was safely moved off the beach.

Commissioner Raymond inquired about the progress of the Lifeguard Diversity Report.

Chief Boiteux responded that the report is still being compiled. Once it is finalized, it will be submitted to the Board of Supervisors.

Ms. Baker stated that when the report is publicly released, she will send a copy to the Commissioners.

**6. COMMISSIONER COMMENTS**

Commissioner Al Lay inquired about the merits of dog beaches.
Mr. Gary Jones responded that the Department has participated in a number of discussions regarding dog beaches; however, there are public safety and environmental issues to consider. The Board of Supervisors has the final say as to dog beaches, but the Department can provide information as to why the County does not operate a dog beach.

Chair Levy suggested converting an unused parking lot into a dog water park.

Mr. Jones said that concept could be considered.

Mr. Kelly said that there are two dog runs at the Dockweiler RV Park, and that dogs are allowed in the parking lots, on the access roads, and on the Zuma Beach promenade.

Commissioner Robert Bartlett inquired about code enforcement in regards to dogs on the beach.

Mr. Kelly responded that enforcement is a challenge, but the Department does have Code Enforcement officers who patrol the beaches. The Department also works with the City of Los Angeles Department of Animal Services and the Los Angeles County Department of Animal Care and Control to coordinate enforcement activities in specific areas where problems have been reported.

Mr. Foreman stated that the Code Enforcement officers will often increase enforcement in areas that have large populations of unleashed dogs.

Commissioner Jeff Duclos updated the Commission on developments related to the Vista del Mar road reconfiguration along Dockweiler State Beach. There are a number of cities whose residents commute using Vista del Mar. So far, Manhattan Beach, El Segundo and Hermosa Beach are trying to work with the City on a solution. Residents in Los Angeles City Councilman Mike Bonin’s district have filed two lawsuits. Commissioner Duclos also noted that there was no formal communication between the City of Los Angeles and the California Coastal Commission regarding the street reconfiguration.

Mr. Kelly said the County and the City have discussed the condition of the slopes above Dockweiler State Beach for many years. The City has jurisdiction over the slopes, which are deteriorating at an accelerated rate since all parking on Vista del Mar was moved to the west side of the street. Mr. Kelly said he would provide photos of current conditions to the Commission.

Commissioner Raymond inquired about the progress of the Will Rogers State Beach Request for Proposal (RFP) process.

Mr. Jones said that Round 2 of answers to questions posed at the bidder's conference is almost complete and will be posted on the Department’s website.
7. **COMMUNICATION FROM THE PUBLIC**

No members of the public were present.

The next Beach Commission Meeting is scheduled for September 27, 2017, at BURTON CHACE PARK COMMUNITY ROOM, located at 13650 Mindanao Way, Marina del Rey, California 90292.

**ADJOURNMENT**

Chair Levy adjourned the meeting at 10:48 a.m.
