SMALL CRAFT HARBOR COMMISSION MINUTES
December 14, 2016

Commissioners: David Lumian, Chair; Allyn Rifkin, Vice Chair; Russ Lesser; Dennis Alfieri; Vanessa Delgado (excused absence)

Department of Beaches and Harbors (DBH): Brock Ladewig, Deputy Director; Steve Penn, Chief of Asset Management Division; Michael G. Rodriguez, Chief Property Manager; Amir Tadros, Real Property Agent II

County: Amy Caves, Senior Deputy County Counsel; Richard Nichol, Deputy Sheriff

Item 1- Call to Order and Pledge of Allegiance
Vice Chair Rifkin called the meeting to order at 10:05 a.m., followed by the Pledge of Allegiance led by Commissioner Russ Lesser. Vice Chair Rifkin read the Commission’s policy on public comment.

Item 2- Approval of Minutes
Commissioner Lesser asked if the Parcel 141 item would be returning before the Commission at the next meeting.

Steve Penn replied affirmatively.

Motion to approve October 12, 2016, Meeting Minutes by Commissioner Lesser, seconded by Chair Lumian, unanimously approved.

Ayes: 4 – Chair Lumian, Vice Chair Rifkin, Mr. Alfieri and Mr. Lesser

Item 3 – Communication from the Public
Peter Beale inquired about the number of Commissioners of the Small Craft Harbor Commission (SCHC) and their attendance at the meetings, the accuracy of the Marina del Rey Slips Report, and requested that the Commission reexamine Mariners Bay project.

Commissioner Lesser clarified that the SCHC has five members and the Beach Commission has 20 members.

Alex Aleksandrov spoke about the challenges to his charter operation while operating at Dock 52 and suggested operating from Anchorage 47.

Chair Lumian mentioned that the Task Force discussed the charter operation issues during the last meeting. He also asked if it would be addressed later on during the meeting or should the Task Force schedule another meeting to further discuss the issue.
Steve Penn replied that the proposal to use Dock 55 can be discussed during the agenda item 6a of Illegal Charters Enforcement. He then responded to the issues raised by Mr. Aleksandrov regarding the deferred maintenance of Dock 52 and the need of Marina Sailing’s customers to stay onboard overnights.

**Item 4 – Communication with the Commissioners**
Chair Lumian disclosed his attendance at the Navigation System Advisory Council meeting in Tampa, Florida and his attendance at the meeting of the Convention and Visitors Bureau.

**Item 5a – Marina Sheriff**
Deputy Sheriff Richard Nichol presented the liveaboard report.

**Item 5b – MdR and Beach Special Events**
Carol Baker announced the Department of Beaches and Harbor’s (DBH) new website, and explained how to navigate the website. She also reported that the Marina del Rey Boat Parade was successful and announced the upcoming winter activities planned for Marina del Rey, including two separate fireworks shows scheduled for the New Year celebration.

**Item 5c – Marina Boating Section Report**
Michael Blenk reported that the dredging at North Harbor Entrance has begun and will take about five months to complete. He added that Anchorage 47 slip vacancy has stabilized at 8%, with available slips ranging from 20 ft. to 24 ft. and 38 ft. to 40 ft. Additionally, he presented a report on the Ground Fault Circuit Interrupters.

Chair Lumian asked about the approximate cost to retrofit a 30-ft boat.

Michael Blenk replied that electricians typically charge an hourly rate, and depending on the job, it can cost roughly $1,000 to retrofit a 30-ft. boat.

Vice Chair Rifkin inquired about the vacancy report.

Steve Penn replied that the vacancy report has always been two months behind. He added that every month staff sends out a survey to each marina requesting the information of their slip vacancies and availabilities. Upon receipt, staff then inputs the information into a database, unless there is an identifiable error or mistake. If there appears to be inaccuracies in the report, staff will then investigate and verify the information.

Chair Lumian requested an update on the different marinas that are currently under construction and when they are expected to become available for the public to begin renting them.

Steve Penn replied that the Department has requested the Mariners Bay to hold off its dock construction until some of the other slips become available. He also stated that staff will report at the next meeting the estimated completion dates for the projects that are currently under construction.
Michael Blenk stated that 30 ft. slips through 34 ft. slips are very scarce but stressed that he does have small slips available ranging from 22 ft., 24 ft., some 30 ft. and 38 ft.

Leslie Bond spoke against the Mariners Bay redevelopment project and inquired about the project’s plans. She stated that there are currently 78 slips that can accommodate 35 ft. to 40 ft. boats, but new plans show only one slip for that size (35 ft. to 40 ft.).

Steve Penn replied that staff can provide the project plans to Ms. Bond.

Commissioner Lesser asked if staff could provide the current number of slips Mariners Bay has and the difference in the proposed changes.

Steve Penn replied that staff will provide the update at the next meeting.

**Item 5d – Marina del Rey Convention and Visitors Bureau (CVB) Report**

Janet Zaldua announced the success of the Free Ride Program and the renovation of the Visitor Center. She also reported that the hotel self-assessment tax, from which the CVB obtains its partial funding, will increase from 1.25% to 1.5% which will in turn help fund additional Marina programs.

**Item 6a – Marina del Rey Illegal Charters Update**

Michael Rodriguez provided the staff report.

Gustavo Santi suggested to start using Dock 55 immediately, and submitted a proposal for operating the dock.

Elliot Zimmerman spoke about the status of commercial operations in the Marina and the vacancy crisis.

Captain Alex Balian spoke about the sailing schools and the requirements of charter operations that must be followed to conduct the charter business. He also reported that Airbnb is illegally operating out of Chace Park.

Chair Lumian asked for a list of approved charters and sailing schools. He also stated that there are many aspects to consider and wanted to look at differences between the businesses such as boat rentals and charters. He added that he would like to convene the Task Force and have a discussion with the Department.

Commissioner Lesser asked if staff has a list of all the approved charters.

Mr. Rodriguez replied that staff can provide them with that list.

Commissioner Lesser asked if Mr. Rodriguez had the chance to look at the Dock 55 proposal submitted by Gustavo Santi?
Mr. Rodriguez replied that he had not. He said it was the first time he received it, and he will take a look at it.

Commissioner Lesser asked staff if there were about 14 legal charter operators in the Marina.

Mr. Rodriguez replied that that was correct.

Commissioner Lesser asked if anything can be done to make it more convenient on the legal charters and less convenient on the illegal charters.

Mr. Rodriguez replied that it would be difficult to do.

Commissioner Lesser asked if it is too difficult to come up with a procedure for authorized charter operators.

Mr. Rodriguez replied that he has to compile a list of things they needed to have, such as US Coast Guard certified captains, insurance, etc.

Commissioner Lesser stated that it seems to him that DBH should be able to create rules and regulations to encourage success for the licensed charters and make it extremely difficult for the illegal charters. He suggested that this issue should be a high priority for the Task Force.

Mr. Rodriguez mentioned the meetings and discussions he attended with Chace Park staff, code enforcement officers, and others, where all these issues were discussed. He added that it seems like every time they come up with a way to close a loophole there is a new avenue created.

Commissioner Lesser asked if the Task Force is scheduled to have another meeting.

Chair Lumian suggested having a meeting as soon as possible.

Commissioner Alfieri suggested having two separate Task Forces and have them in place at the beginning of the year.

Vice Chair Rifkin requested, in addition to the Task Force, a written report and recommendation from staff that the Commission can consider, and a hearing where the public can comment.

Chair Lumian stated that staff should be able to choose which stakeholders ought to attend the meeting, along with one member of the SCHC, and agreed that the goal would be having the written report and recommendations for this body to consider.

Motion to approve by Vice Chair Rifkin, seconded by Chair Lumian, unanimously approved.
Ayes: 4 – Chair Lumian, Vice Chair Rifkin, Mr. Alfieri and Mr. Lesser

Item 7a – Report on Assessment of County Commissions Conducted by Outside Consultant at Board of Supervisors’ Request

Steve Penn provided the staff report.

Commissioner Lesser asked how the Board of Supervisors proposes to reconfigure the SCHC and Beach Commission, and stated that he believed it was not a good idea.

Chair Lumian stated that he received a copy of the report along with an invitation to be interviewed on his opinions. He emphasized that he was hesitant to conduct the interview without the prior input from the other Commissioners and public comments. He further explained that while the report gives the general idea of combining the Beach Commission with the SCHC into one body, it lacks specific details, such as how many people will be on the commission, or how this transition will affect what is already being conducted in these meetings. He explained that during his meeting with the staff of the Executive Office of the Board, he questioned them about the specifics of the transition; however, the staff informed him that this is still a preliminary proposal and no specific details have been determined. Mr. Lumian further explained that the SCHC does a good job as a stand-alone commission, and that the Commissioners bring a lot of experience and expertise to the table, and are well supported by DBH. He suggested to the Executive Office staff to keep the SCHC focused strictly on Marina del Rey, and not to combine it with the Beach Commission. He inquired as to the DBH’s thoughts about the merger, and if they have an official view on the proposed union.

Steve Penn asked for any further comments from the other Commissioners before he responds.

Dennis Alfieri stated that there are 172 commissions. He stated that he understands the intent of the study, and that it made sense to combine some of the commissions, like SCHC and the Beach Commission, to be cost efficient for the County. However, a 25-person board simply would not work. He added that combining the commissions with some compromising could be beneficial and is worth investigating further.

Amy Caves stated that Chair Lumian was correct when he stated that there is not a lot of decision making going on at the Beach Commission. She added that her office does have an attorney assigned to the Beach Commission but they do not attend the meetings.

Commissioner Lesser mentioned that the report disclosed that there is a 55% attendance rate at the Beach Commission meetings, a lot of the meetings are canceled, and there are vacancies on that board. He also stated that he was not sure what the Beach Commission’s goals are; however, the SCHC goals are very clear.

Vice Chair Rifkin stated that Commissioners have questions regarding the report, and need further information before they can take any actions. He further explained that they are neither supporting nor
rejecting the recommendations of the report. He asked to move the item to the next meeting for continued comment and input.

Amy Caves advised Vice Chair Rifkin that there are no actions being requested on this item, it’s informational only. She added that the Commission cannot legally take any action, but something can be set for a future agenda.

Commissioner Lesser suggested further probing about the proposal, particularly how they would merge the two commissions, and how it would function. More specifically, what would the goals be for the commission, and how many people will be assigned to this body.

Vice Chair Rifkin suggested having someone come to the meeting and answer their questions.

Chair Lumian requested that someone attend the next meeting and give them an overview of what they have in mind for SCHC.

Commissioner Alfieri asked what office would actually attend the meeting.

Steve Penn replied that someone from the Executive Office of the Board would have to address these questions. He stated that he agreed with Chair Lumian that there is a uniqueness in SCHC’s role in the Marina from the operational perspective. And this particular body has been working well in collaboration with the Department and the stakeholders. He further explained that the very fact that they are addressing the charter business issues, is an example that SCHC is attending to the concerns of the community and is evidence that this body has been performing as it was originally intended. He also stated that he did not know if the Department had actually submitted an official position, or if they have even been invited to submit a position. He said that the Executive Office is being asked to report back to the Board of Supervisors in 90 days, and that they have already closed off on gathering comments. He could certainly invite someone from the Executive Office to attend the SCHC meeting, but he would not know if they are willing to accommodate.

Commissioner Lesser asked who is the staff liaison for the Beach Commission.

Steve Penn replied that it would be Carol Baker and her staff.

Vice Chair Rifkin stated that it sounds inappropriate for each commissioner to be making input separately without doing it in front of the public, and suggested continuing this item to the next meeting.

Chair Lumian pointed out that there was a deadline of submitting comments on November 30th, and that was the reason he suggested staff to send the information out to everyone with the opportunity to comment. Whether there is still an opportunity to comment on this report is something that needed further investigation.
Steve Penn replied that staff will reach out to the Executive Office and see if comments or opinions can still be submitted.

**Item 8 – Staff Reports**
Steve Penn provided the staff reports.

Commissioner Lesser inquired about an update on Fisherman’s Village.

Steve Penn replied that the Department has not received any information from the Lessee.

Chair Lumian stated that he spoke to Mr. Pashaie on several occasions and was told that Lessee is eager to present the project before the Commission again.

Steve Penn replied that he will reach out to the Lessee.

Chair Lumian asked if the 2017 SCHC meeting schedule will be on the next meeting agenda.

Steve Penn replied that the January meeting agenda will include the items of 2017 meeting schedule and the election of officers.

**Adjournment**
Vice Chair Rifkin adjourned the meeting at 11:48 a.m.
