**Item 6b – Scope of Appraisal for Liveaboard Surcharge Fees**
Natasha Robinson provided the staff report and power point presentation.

Michael Masterman-Smith expressed his concerns regarding the boat transfers, rent increase, and the stress to boaters, which may have led to some recent suicides. He also requested that DBH staff further investigate the matter.

Vice Chair Lumian asked Michael Masterman-Smith about the specific size of his boat and to further explain his suicide comment.

Michael Masterman-Smith replied that his boat is 32ft, and explained that his neighbor (a boater) died 2 months ago of unknown conditions but speculates it’s related to the project; he also heard of another boater committed suicide.
Michael Mudahy agreed with the previous speakers’ comments and inquired about discounts for senior citizens.

Rick Mettler expressed his concern about the slip fees increases.

Bob Atkins expressed concern about the lack of boating services and the decline of boat ownership due to the price increases.

David Cherkes, expressed his concern about the lack of communication from the lessee and the length of time being allowed to find another place.

Vice Chair Lumian asked if a representative from Wayfarer was present.

Ben Mount from Legacy Partners stated that he was available to answer any specific questions the commissioners had.

Vice Chair Lumian expressed concerns about the serious comments made by tenants and requested that Ben Mount address them.

Ben Mount replied that he was made aware of the deaths mentioned; however did not have specific details and therefore could not discuss them. He further explained that the slip rate increases have already been discussed.

Chair Rifkin inquired about the old slip rates.

Ben Mount replied that the old rates were about $15 per lineal foot and the new slip rates are about $23 per lineal foot, which is about a forty percent slip rate increase. He further explained that utilities will be individually metered to each slip tenant.

Vice Chair Lumian expressed concern about the amount of stress the tenants have mentioned particularly because of the confusion and lack of communication.

Ben Mount replied that there have been letters sent to tenants describing the process with general, estimated timing. He further explained that they tried to send letters in advance of notices, depending on when the permits were obtained from the County. He added that the fourth phase of renovations was given a week advance written notice, and none of the boaters from phase four will be displaced.

Vice Chair Lumian asked if the boaters will be placed back into their previous slips once renovations were complete.

Ben Mount replied that the boaters can elect to remain at the temporary slip or return to the slip of their choosing. Once boaters return to their final slip there will be a one month concession for veterans and senior citizens.
Chair Rifkin inquired if there is a liaison within County staff who can assist in coordinating the process.

Ben Mount replied that Linda Phan is the DBH staff member working with the boaters and Ryan Bredamyer is Wayfarer’s point of contact.

Chair Rifkin reiterated that after listening to several testimonies from members of the public, it’s important to have a DBH staff member available to coordinate the process.

Steve Penn replied that DBH staff has been answering questions from the boaters on a daily basis and coordinating with the Lessees’ managers. He further explained that at the previous meeting the Lessee did give a detailed process, which included the description of the four phases, the notices time frame, the discounts involved, and the slip transition plan. He also stated that DBH does have a specific staff member to help facilitate the communication and address the boaters’ concerns.

Vice Chair Lumian inquired about the size of the larger boats that had to leave the Wayfarer.

Ben Mount replied that boats 36-feet and above had to vacate, which caused about 30 boats to leave the anchorage.

Vice Chair Lumian inquired if those boats will be able to return if they desire.

Ben Mount replied affirmatively.

**Item 6c – Maintenance of Pump-out Stations and Future Development**

Ismael Lopez and John Giles provided the staff report and power point presentation.

Bob Atkins suggested placing a splash guard at the pump-out station for hygienic purposes and requested that staff use proper replacement parts when maintaining the stations.

Elliot Zimmerman asked if the other pump-out stations in the Marina were also maintained by the County and available for the public’s use.

Vice Chair Lumian suggested placing additional pump-out stations in the Marina, providing additional public education on the proper usage of the pump-out systems, and better enforcement. Lastly, he inquired as to the installation of the dump station at the launch ramp.

Ismael Lopez replied that the pump-out station should be installed in approximately 2 years.

Vice Chair Lumian also inquired about the missing hose at the pump-out station.

John Giles replied that he can look into it and possibly run it underneath the dock.

Chair Rifkin asked staff to comment on Mr. Atkin’s suggestion about the splash guards.
John Giles replied that he strongly agreed with Mr. Atkin’s comments and will be installing the splash guards at the pump-out stations; he also mentioned that the Pump-out Nav website has a great on-line tutorial on how to pump-out the heads.

Vice Chair Lumian also suggested having staff members provide tutorials at high volume days in the Marina, or placing tutorial articles in the newspaper. He also inquired about the pump-out stations on A and E basins.

Ismael Lopez replied that he wasn’t sure if the pump-out stations on A and E basins allow public usage; however, he was certain that they’re a privately-owned facilities.

Vice Chair Lumian inquired about the pump-out stations’ maintenance system.

John Giles replied that the automated system sends the supervisors an e-mail notification, when the system is malfunctioning.

Vice Chair Lumian asked staff if they were aware of the California Boating Grant, which provides funds for pump-out stations.

Ismael Lopez replied that they are aware of the program; however, their review process is lengthy and time consuming, therefore DBH prefers to fund their own projects.

Vice Chair Lumian recommended placing multiple pump-out stations in front of Chace Park and inquired about the difference between the ADA launch Ramp station and the current pump-out stations.

Ismael Lopez explained that the ADA launch ramp station will not have access through the ramp, but through the gangway. He further explained that the dock will be used to load items from the vehicles.

Chair Rifkin thanked staff for the report and requested that the report be updated every six months.

**Item 7a – Parcel 125R (Marina City Club) Approve a Delegation of Authority to the Director of Beaches and Harbors to Negotiate an Amendment to Second Amended and Restated Lease**

Chair Rifkin announced that DBH staff requested the item be withdrawn from the agenda and has no speaker cards on the item, therefore the item will be rescheduled for a future meeting.

**Item 8 – Staff Reports**

Steve Penn presented the staff report.

Bob Atkins spoke about the water taxi licenses and slip vacancy rates as it relates to the slip rate increases.

David Lumian requested a presentation regarding the death of the kayaker, boating safety, the rent stabilization ordinance for apartment dwellers in Marina del Rey, and an evening meeting to discuss
the Palawan building’s future use. Lastly, he requested revisiting the proposed expansion of Chace Park report.

Chair Rifkin inquired about the rent stabilization ordinance and it’s affects to the liveaboards, if any.

Steve Penn replied that DBH is currently drafting the report in conjunction with the CEO office and the Department of Consumer and Business Affairs. He further explained that once completed, the draft report will be brought to the Board for review.

Vice Chair Lumian asked if the report will be considering the liveaboards.

Amy Caves replied that it’s only considering apartments.

Chair Rifkin adjourned the meeting at 11:44 a.m.

(FOURTH DISTRICT) (4 VOTES)

SUBJECT

This Board letter requests the Board’s consent to the proposed assignment of Lease Agreement No. 11525 for Parcel 75W and Lease Agreement No. 12157 for Parcel 94R in Marina del Rey from the current lessee DEL REY PROFESSIONAL ASSOCIATION, a general partnership, to ADMIRALTY CAPITAL PARTNERS, LLC, a California limited liability company, PCH ADMIRALTY, LLC, a California limited liability company, and A&M PARTNERSHIP, LLC, a California limited liability company, as tenants in common, under the respective leasehold purchase and sale agreements between the parties.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the proposed actions are exempt from the California Environmental Quality Act (CEQA) because such actions do not constitute a project pursuant to Section 15378 of the CEQA Guidelines.

2. Consent to the proposed assignment of the Parcel 75W Lease to ADMIRALTY CAPITAL PARTNERS, LLC, PCH ADMIRALTY, LLC, and A&M PARTNERSHIP, LLC as tenants in common.

3. Consent to the proposed assignment of the Parcel 94R Lease to ADMIRALTY CAPITAL PARTNERS, LLC, PCH ADMIRALTY, LLC, and A&M PARTNERSHIP, LLC as tenants in common.
4. Authorize the Director of Beaches and Harbors to execute any consents, estoppels, or other related documentation necessary to effectuate the assignment of the Parcel 75W Lease.

5. Authorize the Director of Beaches and Harbors to execute any consents, estoppels, or other related documentation necessary to effectuate the assignment of the Parcel 94R Lease.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Del Rey Professional Association, a general partnership (Lessee), is currently the Lessee of the Marina Professional Building (Parcel 75W), and its adjacent parking lot (Parcel 94R). Lessee has requested County’s consent to assign its leasehold interest in Parcels 75W and 94R (Parcels) to ADMIRALTY CAPITAL PARTNERS, LLC, a California limited liability company, PCH ADMIRALTY, LLC, a California limited liability company, and A&M PARTNERSHIP, LLC, a California limited liability company as tenants in common (collectively, Assignee), for a fixed price of $5 million. Per the terms of the Lease Agreements for the Parcels (collectively, Leases), the Lessee must obtain the County’s consent to the proposed assignment of the Leases, which consent may not be unreasonably withheld.

Pursuant to Department of Beaches and Harbors Department Policy Statement No. 23 – Assignments of Lease dated January 16, 1974, the County’s decision whether to approve the proposed assignment shall be based on the following: a) the financial condition of the proposed assignee; b) the price to be paid for the leasehold as it relates to the development or potential development thereon; and c) the management of the leasehold by the proposed assignee being in the best interest of the whole Marina.

Department staff has reviewed the proposed assignment and concluded: a) the proposed Assignee’s financial condition is sufficient; b) the proposed combined sales price of $5 million for Lessee’s interest in the Leases appears to be justified based on the present income generated by the current uses on the respective parcels; and c) the proposed assignee’s property management company, PACIFIC OCEAN MANAGEMENT, LLC, has the requisite experience as it already manages and operates five other County-owned parcels within Marina del Rey.

The terms of the proposed assignment were negotiated by the current Lessee and the Assignee without any involvement by the Department of Beaches and Harbors. The scope of the Department’s review and evaluation of the proposed assignment was limited to the value of the remaining lease term for Parcel 75W and Parcel 94R, without assuming any grant of extension.
Implementation of Strategic Plan Goals

The recommended actions maximize the use of County assets, guide strategic investments, and support economic development, in ways that are fiscally responsible and align with the County’s highest priority needs, all of which promote Strategic Plan Goal No. III.3.2 (Manage and Maximize County Assets).

FISCAL IMPACT/FINANCING

The proposed actions will have no direct fiscal impact on the County, as the proposed transfers do not trigger any contractual obligations for the Lessee to pay a participation or other fee to County.

Upon your Board’s approval of consent to the proposed assignment of Lease Agreements, Department of Beaches and Harbors does not anticipate any impact on the operating budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The existing lease for Parcel 75W will expire August 31, 2026, and the existing lease for Parcel 94R will expire May 31, 2027. The current improvements on Parcel 75W include a medical office and pharmacy building and the current improvements on Parcel 94 consist of a parking lot. Both Parcels 75W and 94R have frontage on Admiralty Way and are located at the intersection of Admiralty Way and Bali Way near Yvonne B. Burke Park.

Department staff, in consultation with County Counsel and outside counsel, have reviewed the Leases and proposed assignment agreement and related documents and have determined that the County has no reasonable basis on which to withhold its consent to the proposed assignment. No participation fee is due to the County under the terms of the Leases.

Leasing of the County’s Marina del Rey real property is authorized by Government Code sections 25907 and 25536, and the proposed assignment is permitted by the Leases.

At its February 13, 2019 meeting, the Small Craft Harbor Commission ___________ the Director’s recommendation that your Board consent to the assignment of the leases for Parcel 75W and Parcel 94R.

ENVIRONMENTAL DOCUMENTATION

The proposed County consent to assignment is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15378(b)(5) of the CEQA Guidelines, as the proposed consent to lease assignment is an administrative activity of government that will not result in direct or indirect physical changes in the environment.
IMPACT ON CURRENT SERVICES (OR PROJECTS)

There is no impact on current services or projects.

CONCLUSION

It is recommended that your Board approve the proposed consent to assignment of the Parcel 75W and Parcel 94R Leases.

Please instruct the Executive Officer of the Board to send an adopted-stamped copy of this letter to the Department of Beaches and Harbors, retaining a copy for your records. Should you have any questions please contact Phyllis Bordenave-Priestley at (424) 526-7739 or PBordenave-Priestley@bh.lacounty.gov.

Month-Date, 2019

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

APPROVAL OF LEASE AGREEMENT BETWEEN
THE UNITED STATES COAST GUARD AND THE COUNTY OF LOS ANGELES
PARCEL 62 – MARINA DEL REY
(SUPERVISORIAL DISTRICT 4)
(4 VOTES)

SUBJECT

This action will allow the County of Los Angeles to enter into a lease agreement with the United States Coast Guard for Parcel 62 and an auxiliary space located at 13477 Fiji Way in Marina del Rey. The proposed lease is for a one-year term with nineteen successive one-year renewal options.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the recommended action is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301 of the State CEQA Guidelines (Existing Facilities).

2. Instruct the Chair of the Board to approve and execute the Lease Agreement between the County of Los Angeles and the United States Coast Guard for Parcel 62 and an auxiliary space located at 13477 Fiji Way in Marina del Rey.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is for the Board to approve the US Government Lease for Real Property (Lease) for Parcel 62 and an auxiliary space at 13477 Fiji Way, both in Marina del Rey, between the United States Coast Guard (USCG) and the County of Los Angeles (County). The USCG has maintained a presence in Marina del Rey since the early 1960’s and the existing lease between the County and the USCG commenced July 22, 1999, expired September 30, 2018, and has continued on a holdover basis since then. The proposed new Lease will help to ensure USCG’s continued presence in Marina del Rey, where it serves an important role in promoting boating safety in local waters.
Implementation of Strategic Plan Goals

Entering into the proposed Lease with the USCG allows the County to promote Countywide Strategic Plan Goal Strategy II.2.3, Supporting the Wellness of Our Communities, to prioritize the environmental health oversight and monitoring by strengthening the County’s capacity to effectively prevent, prepare for and respond to emergent environmental and natural hazards and reduce impacts to disproportionately affected communities, which is made possible by having the USCG locally in Marina del Rey.

FISCAL IMPACT/FINANCING

The consideration for the proposed Lease is USCG’s agreement to comply with all lease terms and conditions. In addition, the County receives the public benefit of having the USCG in Marina del Rey.

Operating Budget Impact

As a result of the recommended action, there will be minimal impact to the Operating Budget. Standard costs associated with maintenance and minor improvements to the property are anticipated over the next 20 years, but are minor in comparison to the benefits of public safety, emergency response, and federal assistance the USCG’s presence provides.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The proposed new Lease provides for a one-year initial term with nineteen successive one-year renewal options, to be exercised at the USCG’s option. The leasehold premises is comprised of a building with a total of 1,503 square feet, together with 6 parking spaces, landscape area, an auxiliary space consisting of 140 square feet of office space, reinforced concrete pier, approximately 120 feet long, and water area sufficient to dock a USCG vessel, and mooring space for USCG vessel. The proposed Lease also provides for the right of ingress and egress over the adjacent property of the County for the USCG, its contractors or other duly authorized representatives, necessary or convenient for the maintenance, repair, operation, and replacement of USCG equipment located on its leased premises.

The proposed Lease is a standard federal government form lease provided by the USCG, which provides that either party may terminate the Lease at any time, without cause, by giving at least sixty (60) days’ written notification to the County or to the USCG.

County Counsel has approved the lease as to form. At its February 13, 2019 meeting, the Small Craft Harbor Commission ________________ the Director’s recommendation that your Board approve and execute the Lease.
ENVIRONMENTAL DOCUMENTATION

The proposed Lease is categorically exempt under the provisions of the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15301 (Existing Facilities) as there will be no expansion of the existing use of the leased site.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on current services or projects from your Board's approval of the Lease.

CONCLUSION

Please have the Chair execute three copies of the Lease and have the Executive Officer of the Board return two executed copies, as well as an adopted-stamped copy of this letter, to the Department of Beaches and Harbors, retaining a copy for your records. Should you have any questions please contact Susana Graether at (424) 526-7737 or SGraether@bh.lacounty.gov.

Board Comment
Vice Chair Stanley asked the applicant why the color black was chosen for the new awnings.

Ms. Tiwari replied that red and black are the company colors, are incorporated throughout the restaurant, and are encompassed in the company’s logo and signage on the outside of the restaurant; therefore, black awnings were chosen to keep within the company’s current theme.
Vice Chair Stanley stated that black was such a dark color for such a bright location and asked if the black and red potentially created any issues in terms of visibility.

Ms. Tiwari responded that the color black is consistent with the company’s theme and that the color red pops well against the black making it pretty visible.

**Moved by Mr. Wong, seconded by Mr. Cho, this item was approved as submitted.**

Mr. Evangelho replied that a project could come before the Design Control Board and be denied by this Board with a recommendation to Regional Planning to also not approve the project. If the project is reviewed and then approved by Regional Planning, it would return to the Design Control Board a second time for review of the final design concept. The project’s scope, however, would not be subject to review by the Design Control Board.
