AGENDA

Meeting of the Beach Commission
March 27, 2019
9:30 a.m.

Burton Chace Park Community Room
13650 Mindanao Way
Marina del Rey, CA 90292

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

2. APPROVAL OF MINUTES

January 23, 2019
February 27, 2019

3. ANNOUNCEMENTS

4. OLD BUSINESS

A. Beach Commission Special Meeting (DISCUSSION)

5. NEW BUSINESS

A. Sea Level Rise Projections for the Los Angeles Region (PRESENTATION)

B. Regional Coastal Resilience Collaboration (PRESENTATION)

C. Manhattan Beach Environmental Sustainable program (PRESENTATION)

D. Manhattan Beach Dune Restoration (PRESENTATION)

E. Approval of Amendment 1 to Beach Trash Barrel Sponsorship Agreement (ENDORSEMENT)

Francine Oschin,
Chair
Laura Emdee,
Vice-Chair

Robert Bartlett
Jonathan M. Beutler
Kathryn E. Campbell
Rosi Dagit
Erin Darling
Jeff Duclos

Teresa Furey
Keren M. Goldberg
Al Lay
Margaret Levy
Cris B. Liban
Candace Nafissi
Peter R. Olpe

Anthea Raymond
Scott Sachs
Bruce Saito
Kurt Weideman

6. STAFF REPORTS

- A. Ongoing Activities Report (REPORT)
Board Actions on Items Relating to Beaches
- B. Beach Special Events/Activities (REPORT)
- C. Beach Projects Report (REPORT)
- D. Lifeguard Report (REPORT)

7. COMMISSIONER COMMENTS

8. COMMUNICATION FROM THE PUBLIC

9. NEXT MEETING DATE & LOCATION

Wednesday, April 24, 2019, 9:30 a.m. at Burton Chace Park Community Room,
13650 Mindanao Way, Marina del Rey, CA 90292.

PLEASE NOTE:

1. The Los Angeles County Board of Supervisors adopted Chapter 2.160 of the Los Angeles Code (Ord. 93-0031 § 2 (part), 1993), relating to lobbyists. Any person who seeks support or endorsement from the Beach Commission on any official actions must certify that he/she is familiar with the requirements of this ordinance. A copy of the ordinance can be provided prior to the meeting and certification is to be made before or at the meeting.
2. The agenda will be posted on the Internet and displayed at the following locations at least 72 hours preceding the meeting date:

Department of Beaches and Harbors' Website Address: marinadelrey.lacounty.gov

Department of Beaches and Harbors
Administration Building
13837 Fiji Way
Marina del Rey, CA 90292

SUBJECT: **ITEM 4A – BEACH COMMISSION AGENDA ITEMS**

2019

- Anticipated Action Items:
 - Beach trash barrel contract (March)
 - Transfer of land in North County (April or May)
 - Fee package (April)
- Presentations:
 - 2 Sea level rise/climate change presentations (March)
 - DBH budget briefing/WATER youth program expansion plans (April, May or June)
 - Update on Woolsey Fire burn areas (John Kelly/Rosi Dagit present)
 - Measure W update
 - Dockweiler Park Office expansion/other Measure A-funded plans
 - Possible presentation/update on e-scooter/e-bike usage
 - Beach curfew (late 2019 due to CC schedule)
 - Can the Trash! update presentation
 - Heal the Bay presentation
 - Beach parking modernization (Still checking on feasibility of this.)
 - Coastal Commission presentation

SUBJECT: ITEM 5A – SEA LEVEL RISE PROJECTIONS FOR THE LOS ANGELES REGION USING THE USGS' COASTAL STORM MODELING SYSTEM

Juliette Finzi Hart will provide an overview of the latest sea level rise science and projections for the Los Angeles County region and will discuss coastal flooding projections for LA beaches from the USGS Coastal Storm Modeling System (or CoSMoS). CoSMoS is a dynamic modeling approach that has been developed by the USGS in order to allow more detailed predictions of coastal flooding due to both future sea level rise and storms integrated with long-term coastal evolution (i.e., beach changes and cliff/bluff retreat) over large geographic areas (100s of kilometers). CoSMoS models all the relevant physics of a coastal storm (e.g., tides, waves, and storm surge), which are then scaled down to local flood projections for use in community-level coastal planning and decision-making. Rather than relying on historic storm records, CoSMoS uses wind and pressure from global climate models to project coastal storms under changing climatic conditions during the 21st century. Juliette will also provide an overview of the CA's Climate-Safe Infrastructure Working Group, which was convened in response to state legislation, AB 2800. Juliette will highlight the best practices outlined in the working group's report -- *Paying It Forward: The Path to Climate-Safe Infrastructure in California* -- as a resource to help inform LA County Department of Beaches and Harbors future planning and decision-making.

Speaker: Juliette Finzi Hart, Oceanographer, United States Geological Survey

Juliette Finzi Hart is an Oceanographer at the USGS's Pacific and Coastal Marine Science Center and serves as the Director of Outreach for the Climate Impacts and Coastal Processes Team. Juliette works to help coastal communities understand and utilize the best available science in their coastal planning. Prior to joining USGS, Juliette was with the University of Southern California Sea Grant program where she served as

the Marine & Climate Science Specialist and held an Assistant Professor faculty position in the Marine Environmental Biology Department. Juliette received her doctorate from USC in Ocean Sciences in 2006, and a Graduate Certificate in Sustainable Cities in 2002. She received her B.A. from Columbia University in 1996.

**SUBJECT: ITEM 5B – REGIONAL COASTAL RESILIENCE COLLABORATION
THROUGH USC SEA GRANT'S REGIONAL ADAPTLA PROGRAM**

The University of Southern California Sea Grant has led regional collaboration of coastal resilience through its Regional AdaptLA program. AdaptLA has provided leadership, technical assistance, training workshops, and webinars to participating jurisdictions in the Los Angeles area. Through building partnerships the goal has been to advance a regional sea level rise and coastal impacts planning process and share critical scientific information to inform planning efforts. By involving many stakeholders, USC Sea Grant helps to build capacities across jurisdictions and bridge the gaps among various community, science and government stakeholders. This presentation will illustrate successes, lessons learned and future opportunities for coastal resilience.

Speaker: Nick Sadrpour, Science, Research & Policy Specialist, USC Sea Grant

Nick focuses on connecting USC Sea Grant funded research and projects with managers, planners and community members in California. Through collaborations among government, research, and NGO communities, he strives to connect the dots to promote creative solutions to coastal issues. Previously he served as a California Sea Grant Fellow with the Ocean Protection Council, fostering relationships among scientists, stakeholders, and decision makers. Nick earned his M.S. in Coastal and Watershed Science and Policy from CSU Monterey Bay. He is an avid surfer and ocean enthusiast, driven to build collaborative efforts to promote the use and conservation of coastal resources.

SUBJECT: ITEM 5C – CITY OF MANHATTAN BEACH'S ENVIRONMENTAL SUSTAINABILITY PROGRAM

Manhattan Beach's Environmental Sustainability Division strives to create a healthy, sustainable, and resilient city while furthering the City's long history of environmental leadership, policy, and stewardship, both as a community and as a city government. Currently the City is assessing Manhattan Beach's vulnerability to sea level rise - in conjunction with storms, high tides, and precipitation- and other climate impacts. The City will be creating a Climate Adaptation Plan in late 2019 through 2020 to help plan for a climate resilient city, and creating an updated Climate Action Plan in 2020. In parallel, the City looks forward to partnering with local, state, and federal agencies and non-profits to enhance coastal beaches and dunes, and supports the proposed Beach Dune Enhancement project as an attractive, low-impact climate adaptation solution to provide coastal protection while demonstrating and building coastal climate resiliency.

Speakers: Dana Roeber Murray, Marine Scientist and Environmental Manager, City of Manhattan Beach

Dana Roeber Murray is a Marine Scientist and the City's Environmental Manager in Manhattan Beach. Dana crafts and implements environmental sustainability policies and programs on climate resiliency, coastal adaptation planning for sea level rise, reducing plastic pollution, climate change mitigation, and other environmental initiatives for the City of Manhattan Beach. She also is a Board Director for the Clean Power Alliance of Southern California, developed Los Angeles' MPA Watch citizen science monitoring program assessing how people use L.A.'s underwater parks, and has completed hundreds of scientific SCUBA dives underwater as a research diver for Reef Check since 2003. Dana earned her Masters of Environmental Science and Management from UC Santa Barbara, specializing in Conservation Planning and Coastal Marine Resource Management, and her BA in Geography from UCLA.

SUBJECT: ITEM 5D – MANHATTAN BEACH SUBSURFACE INFILTRATION AND DUNE RESTORATION

The Manhattan Beach Dunes Restoration Project proposes the enhancement of approximately 3.5 acres of the existing back dunes at Bruce's Beach in Manhattan from 36th Street to 23rd Street, approximately 0.6 miles of coastline (Map 1). The restoration project will involve the removal of non-native vegetation, seeding/planting of native vegetation, strategic installation of temporary sand fencing as vegetation establishes, installation of symbolic fencing on existing pathways, and installation of educational features like interpretive signage. Project implementation will be broken into three phases: 1) the restoration of northern dune section, 2 acres, from 36th Street to 28th Street. 2) the restoration of the southern dune section, 1 acre, from 27th Street to 23rd Street (except vicinity of 28th Street), the restoration of the vicinity of 28th Street, 0.5 acre, following the completion of the Manhattan Strand 28th Street Subsurface Infiltration Trench Project.

Speakers: Shawn Igoe, Utilities Division Manager, City of Manhattan Beach
Melodie Grubbs, Director of Watershed Programs, The Bay Foundation

Shawn has over 16 years of experience in Water, Wastewater and Stormwater operations. For the past two years, he has worked for the City of Manhattan Beach as the Utilities Division Manager providing direction and oversight of the Water, Wastewater, Stormwater and Parking operations. He has worked as project manager and subject matter expert for various projects including water treatment projects, reservoir design, pumps station design, and pipeline installations to name a few. Shawn sits as the Vice Chair to the West Basin Water Association and West Basin Water Rights Panel. He additionally holds the position of President for the Manhattan Beach Mid Managers Association. Additionally, he holds his Water Distribution Grade 4 and Water Treatment Grade 3 through the State Water Resources Control Board.

Melodie Grubbs is the Director of Watershed Programs at The Bay Foundation. Ms. Grubbs has over 10 years of experience in coastal habitat restoration in southern and

central California. She is an integral component of TBF, serving on the Management Team and several Committees, as well as directing multiple grants for restoration work in dunes, beaches, and wetlands. Ms. Grubbs develops, manages, and implements projects to implement the Santa Monica Bay National Estuary Programs Action Plan, which strives to clean up waterways and create healthy habitats in the Los Angeles region.

SUBJECT: **ITEM 5E - AMENDMENT TO BEACH TRASH BARREL SPONSORSHIP AGREEMENT WITH ADOPT A HIGHWAY MAINTENANCE CORPORATION**

Item 5E pertains to the proposed first amendment (Amendment 1) to the Beach Trash Barrel Sponsorship Agreement (Agreement) that was executed between the Department of Beaches and Harbors (Department) and Adopt A Highway Maintenance Corporation (AHMC) on April 5, 2017, for a term of three years with one two-year option period. The Agreement provides for the redesign and donation of 3,000 lidded trash barrels by AHMC for placement on Los Angeles County beaches. In return, AHMC has the exclusive right to sell advertising on the trash barrels, however, in the third year, AHMC is required to provide an installation of wraps on 1,250 trash barrels that feature artwork from winners of the Department's inaugural *Can the Trash!* Clean Beach Poster Contest.

One of AHMC's additional obligations under the existing Agreement was to provide information to Department staff on the processes involved in the fabrication, installation and removal of the barrel wraps. It became clear to the Department upon learning of these processes that the work would require a greater amount of resources and expertise than the Department has. Furthermore, the Department wanted to add additional years to the Agreement's term to allow time for its *Can The Trash!* program to build out and develop a strong foundation. Accordingly, the Department negotiated with AHMC for Amendment 1 to the current Agreement.

Pursuant to deal points negotiated for inclusion in Amendment 1, the Department:

- Will extend the initial term of the Agreement until April 4, 2024, instead of April 4, 2020;
- Will place and empty 1,750 Trash Barrels with Client advertising, 50 more than would otherwise be the case, unless the Department determines it is infeasible; and
- May grant a five-year option period until April 4, 2029, at the Director's discretion, provided the Department and AHMC engage in good faith negotiations and mutually agree upon additional AHMC obligations, as appropriate, based upon an audit of AHMC's financial records as they relate to the Agreement and the growing needs of the *Can the Trash!* educational campaign, among other things.

In exchange, AHMC will:

- Fabricate, install, manage, maintain, and remove wraps and headers on 800 *Can the Trash!* barrels each year from May through September; and
- Donate 25 trash barrels each year, 50 lids in the first extension year, and 25 lids in each subsequent year.

Although the number of trash barrels bearing *Can The Trash!* messaging will be reduced from 1,250 to 800 by Amendment 1, the Department has assessed its beach locations and determined 800 barrels in high-traffic areas will be adequate for its educational youth messaging purposes. In this regard, the Department will have the sole discretion to strategically place the *Can The Trash!* barrels along Los Angeles County beaches, albeit there will be the obligation to solicit AHMC's feedback prior to barrel placement and to bear in mind that AHMC must have a broad presence on the beaches in order to fund the annual costs of the *Can The Trash!* barrels.

The Department's cost savings during the first extension term are estimated at \$500,000, which includes the printing costs for *Can the Trash!* wraps and headers and fabrication and delivery of the annual donated trash barrels and lids, as well as the labor costs associated with maintaining and managing the *Can The Trash!* barrels from May through September each year.

We respectfully request your Commission's endorsement of the proposed amendment in concept, as Amendment 1 and the accompanying Board letter are still in the draft and review phase. The Department anticipates Amendment 1 will be considered by the Board of Supervisors in mid-to-late April, but prior to your Commission's next meeting. We are enthused about being able to extend the County's public-private partnership with AHMC, which has sponsored trash barrels on the beaches for over 20 years, and are particularly appreciative that the extension will allow for the new *Can The Trash!* educational initiative to take root and flourish.

SUBJECT: ITEM 6A - ONGOING ACTIVITIES REPORT

BOARD ACTIONS ON ITEMS RELATING TO BEACHES

On February 19, 2019: Recommendation as submitted by Supervisors Kuehl and Hahn: Adopt the following Hope for the Coast vision to reaffirm the County's commitment to the conservation of our coastal natural resource: Los Angeles County pledges to maintain and enhance Los Angeles' coastal habitats through science-guided, collective action in the face of sea level rise, other climate change-induced challenges and development, ensuring a protected coast for future generations to enjoy, replete with as much or more habitat and wildlife, as well as social, economic and recreational benefits, as we have today; and direct the Chief Executive Officer, through the Chief Sustainability Office, to take the following actions:

Work with County Departments to use the most current science-based studies, including the Conserving California's Coastal Habitats: A Legacy and A Future with Sea Level Rise study and vision, to help prioritize opportunities to advance coastal resource protection and sea level rise adaptation planning and policy development in the County Sustainability Plan; incorporate coastal habitat resilience in the adaptation of the communities, resources and infrastructure in the County under the Sustainability Plan and other relevant planning efforts; and continue to advance dialogue among partners and with the community around coastal regional sediment management, nature-based adaptation and long-term strategies to ensure our beaches continue to provide the region with the important recreational, economic and ecological benefits for future generations, and provide regional leadership and coordinate with cities and partners to advance adaptation planning throughout the region and encourage partners to also adopt the Hope for the Coast vision and identify ways to achieve it; and include policies and programs in the Sustainability Plan that acknowledge and elevate the singular value of our region's marine and coastal resources as part of the Blue Economy, and prioritize the protection, restoration and preservation of our coastal and marine resources from other human-

caused stressors, including reducing land-based marine pollution, supporting a sustainable aquatic food system and reducing or mitigating impacts to wildlife.

On February 19, 2019, the Board approved to waive the \$8 per vehicle parking fee for 25 vehicles for a total of \$200 in Lot 2 at Dockweiler State Beach, excluding the cost of liability insurance, for The Church of Jesus Christ of Latter-Day Saints' JustServe Committee Beach Clean-up event, to be held February 23, 2019 from 7:00 a.m. to 9:30 a.m.

On February 19, 2019: Ratification of Proclamation of Emergency Due to the January 31, 2019 through February 5, 2019 Winter Storm.

Recommendation as submitted by Supervisors Barger and Kuehl: Ratify the proclamation made on February 14, 2019 for the winter storm in Los Angeles County that severely impacted infrastructure, including local roadways and appurtenances in the unincorporated areas in and around the Cities of Malibu, Burbank and Los Angeles; forward a copy of the proclamation to the Director of California Governor's Office of Emergency Services with the request that the Director find it acceptable and in accordance with State law and request that a Governor's Proclamation be provided under the California Disaster Assistance Act to include the assessment and ability to seek financial and all other relevant assistance from the State and Federal government, including Federal highway funding; and instruct the Director of Public Works and other County Departments, if applicable, to continue to implement all assessment, assistance and monitoring efforts and begin repairs as soon as possible.

On March 5, 2019 the Board Recommended to Approve the content of the Los Angeles County Regional Park and Open Space District's policies and Grants Administration Manual for Measure A, the Safe, Clean Neighborhood Parks and Beaches Measure of 2016; and authorize the Director of the Regional Park and Open Space District to implement the policies and Grants Administration Manual, including final formatting of the document, and make revisions from time to time as needed to meet the goals of Measure A.

On March 12, 2019 the Board approved to waive the \$260 facilities fee, \$123.70 parking contractor fee and \$7,800 in parking fees for 600 vehicles at Dockweiler Youth Center on August 24, 2019.

KIDS EARTH DAY

Dockweiler Youth Center ♦ 12505 Vista del Mar ♦ Playa del Rey
Saturday, April 13, 2019
11:00 a.m. – 4:00 p.m.

Celebrate Earth Day with a beach cleanup, STEAM activities, environmental agencies, and live music.

For more information: Call (310) 726-4128 or visit beaches.lacounty.gov

NOTHIN' BUT SAND BEACH CLEANUP

Toes Beach at Tower 41
200 Santa Monica Pier, Santa Monica, CA 90401
Saturday, April 20, 2019
10:00 a.m. – 12:00 p.m.

Join the fun to help keep the oceans clean and safe from harmful trash. Volunteers ages 12 and younger must be accompanied by an adult. Volunteers under 18 years old must have a waiver signed by a parent or guardian. Bags and gloves will be provided. However, to help cut down on the number of bags used for the cleanup, please bring a bucket or bag from home.

Special perks for cleanup volunteers on 4/20!

Golden Road Brewing, makers of the Heal the Bay IPA, is hosting the second annual Heal the Bay Pop Up on Saturday, April 20th at The Rose Room in Venice – stop by after the cleanup to see exhibiting local artists. 40% of all exhibited work sold will be donated to Heal the Bay.

Heal the Bay's Aquarium under the Santa Monica Pier is FREE on Saturday, April 20th for Heal the Bay cleanup participants. The Aquarium will be open from 11:00 a.m. - 5:00 pm so cleanup volunteers can walk over after the cleanup before heading home.

For more information: Call 1 (800) Heal-Bay ext. #145 or visit healthebay.org/event/nothin-sand-beach-cleanup-2-2019-04-20/

TOUR DE PIER

Manhattan Beach Strand ♦ 2 Manhattan Beach Blvd. ♦ Manhattan Beach
Sunday, May 19, 2019
7:30 a.m. – 1:30 p.m.

The 7th Annual Tour de Pier is a unique fundraising event that brings one of the trendiest indoor fitness activities – stationary cycling – to the gorgeous outdoors of Manhattan

Beach. Ride in place with an ocean view. In addition to the cycling portion of the Tour de Pier, the event will include a Health and Fitness Expo with a number of fitness/health related exhibitors, a Cardio Kids Zone with games, moon bounces and more.

For registration or questions: Visit www.tourdepier.com

FIESTA HERMOSA

Hermosa Beach ♦ 1007 Hermosa Ave ♦ Hermosa Beach
Memorial Day Weekend May 25 - 27, 2019
10:00 a.m. – 6:00 p.m.

The annual Memorial Day weekend of festivities will take place in downtown Hermosa along Hermosa Avenue, Pier Avenue, and Pier Plaza. The three-day event, organized by the Chamber of Commerce, will include over 300 vendors, food booths, children's rides, entertainment stages, and a beer and wine garden.

For information: Call the Hermosa Beach Chamber of Commerce at (310) 376-0951 or visit www.fiestahermosa.net or call Bell Event Services at (310) 488-9457

MUSCLE BEACH INTERNATIONAL CLASSIC

Venice Beach Recreation Center ♦ 1800 Ocean Front Walk ♦ Venice
Memorial Day, May 27, 2019
Pre-Judging at 10:00 a.m., Finals at 1:00 p.m.

Hundreds of athletes will line the stage for their chance to be crowned Muscle Beach International Classic Champion. Categories included body building, figure, bikini, men & women's physique, classic physique, couples (mixed pairs) and vintage. The event is open to the public and admission is free.

W.A.T.E.R PROGRAM SPRING SAILING

Burton Chace Park ♦ 13640 Mindanao Way ♦ Marina del Rey

Beginning Sailing Dates: April 15 – 19 and April 22 – 26, 2019

10:00 a.m. - 4:00 p.m.

Los Angeles County Lifeguards will instruct sailing courses teaching students basic sailing knowledge and terms, boat maintenance and rigging, knot tying, tacking, docking and instruction to ocean sailing. Students will learn to sail on 14-foot Capri sailboats (with main sail and jib). In the final days of the session, students will get experience on 24-foot MacGregor sailboats.

Financial aid is available for qualified families. Please call for details.

Ages: 11 - 17 years old

Class Size: 6 - 12 students with 3 Lifeguard instructors

Fee: \$320 for 5-day session

*NOTE: Applicants must successfully complete a 100-yard swim test in 2 minutes and 20 seconds to be eligible for Beginning Sailing.

For more information: Call (424) 526-7889 or visit beaches.lacounty.gov

SUNSET SERIES REGATTAS 2019

Marina del Rey

Wednesdays, April 17 - September 11, 2019

6:00 p.m. - 8:00 p.m.

Spectators can enjoy these races from the comfort of one of the water-view restaurants on Wednesday evenings between 6:00 p.m. (sailboats leaving the harbor) and 8:00 p.m. (race finishes at California Yacht Club).

ARTSEA

SUBJECT: ITEM 6C – BEACH PROJECTS REPORT

Item 6C on your agenda provides the Commission with a listing of the Department's beach projects that exceed \$50,000 and are being planned, designed, or are under construction.

SUPERVISORIAL DISTRICT 3

- Nicholas Canyon – Beach Bluff Stabilization Concept Design – cost \$110,000
- Zuma Beach – Renovate restrooms (#6 and #8) – estimated cost \$1,000,000
- Zuma Beach – Renovate restrooms (#2, #4, #5, and #7) – estimated cost \$1,000,000
- Zuma Beach – Install sewer liners – estimated cost \$82,000
- Zuma Beach – Repair to food concession buildings – estimated cost \$200,000
- Point Dume Beach – Replace restrooms (#1 and #3) – estimated cost \$1,000,000
- Malibu Surfrider – Renovate restroom – estimated cost \$179,000
- Topanga Beach – Replace view pier stairs – estimated cost \$125,000
- Venice Beach – Lifeguard Headquarters Feasibility Study - TBD

SUPERVISORIAL DISTRICT 4

- Dockweiler Beach – RV Water line replacement – estimated cost \$645,000
- Dockweiler Beach – RV Park expansion – estimated cost \$1,965,000
- Manhattan Beach Maintenance Yard - Structural Repairs – estimated cost \$1,364,000
- Redondo Beach (Topaz) – Renovate restroom – estimated cost \$275,000
- Torrance Beach (Burnout) – Renovate restroom – estimated cost \$250,000
- Torrance Lifeguard Station – Renovate restroom – estimated cost \$300,000
- White Point – Sewer Main Installation – estimated cost \$1,750,000

SUPERVISORIAL DISTRICT 3

Nicholas Canyon Beach Bluff Stabilization Concept Design – \$110,000

The project includes development of a concept plan to remove the existing facilities at the end of Nicholas Canyon Beach, including the restrooms and septic system; picnic area adjacent to restrooms; and perform slope stabilization.

Status: The concept plan has been completed. Funding to develop construction design plans and begin construction is being sought.

Zuma Beach Restrooms Renovation (#6 and #8) – \$1,000,000

The scope of work includes repairing the damaged block; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with the Americans with Disabilities Act (ADA).

Status: Project is scheduled to begin winter 2019/20.

Zuma Beach Restrooms Renovation (#2, #4, #5 and #7) – \$1,000,000

The scope of work includes repairing the damaged block; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Project is scheduled to begin winter 2019/20.

Zuma Beach Sewer Liners Installation – \$82,000

The scope includes installing liners in the sewage lines from restrooms #1 – #9 to the septic system.

Status: Project to be reviewed by the County's Chief Executive Office (CEO) for funding.

Zuma Beach Repair To Food Concession Buildings – \$200,000

This project is to replace three (3) metal roll-up window covers; swamp cooler equipment; and doors for two (2) food concession buildings.

Status: Project is scheduled to begin before summer 2019.

Point Dume Beach Restrooms Replacement (#1 and #3) – \$1,000,000

The scope of work includes demolishing existing buildings; installing new prefabricated restrooms; and tie into existing utilities.

Status: Project is scheduled to begin winter 2019/20.

Malibu Surfrider Restroom Renovation – \$179,000

The scope includes replacing old plumbing fixtures with more efficient fixtures; replacing the partitions and benches; adding hand dryers; replacing the doors and tile; repairing the damaged sewer laterals; refinishing the floors; and painting the interior and exterior of the building. Compliance with ADA will be addressed during the construction.

Status: Project is scheduled to begin fall 2019.

Topanga Beach View Pier Stairs Replacement – \$125,000

The scope of work includes developing a set of plans; removing the existing stair structure; and installing a new one.

Status: Project is scheduled to begin fall 2019.

Venice Beach Lifeguard Headquarters Feasibility Study – TBD

Project involves development of feasibility study to determine the scope for the lifeguard tower and refurbishment of building.

Status: Project is currently on hold until funding is identified and secured.

SUPERVISORIAL DISTRICT 4

Dockweiler RV Water Line Replacement – \$645,000

The scope of work includes disconnecting and abandoning an existing water line and adding two new water mains and two new meters to service the RV Park.

Status: The project began January 2019 and is now waiting for inspection of the new line and meter placement by LADWP. Final tie-in is scheduled in January 2020.

Dockweiler RV Park Expansion – \$1,965,000

Project includes expansion of RV Park to provide campervan campground spaces, including ADA accessibility.

Status: A hearing with the Coastal Commission will be set soon for the project's coastal development permit approval.

Manhattan Beach Maintenance Yard Structural Repairs – \$1,364,000

The scope of work includes structural repairs to the cracked and damaged masonry walls, concrete columns, beams, stairs, second floor deck, and structural framing of roof and exterior balcony. Deferred maintenance repairs include replacement of exterior roll-up doors, roof exhaust fans, and exterior security lighting fixtures.

Status: Construction is substantially completed. Remaining items will be addressed by the end of March 2019.

Redondo Beach Restroom Renovation (Topaz) – \$275,000

The scope of work includes repairing the block wall; removing and installing a new tile roof; replacing damaged fascia; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with the ADA.

Status: Project has begun and is due for completion in April 2019.

Torrance Beach Restroom Renovation (Burnout) – \$250,000

The scope of work includes removing and installing a new tile roof; replacing vent grid; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Project has begun and is due for completion in May 2019.

Torrance Lifeguard Station Restroom Renovation – \$300,000

The scope of work includes repairing the damaged block wall; removing and installing a new tile roof; replacing the existing floor and wall tiles; installing new toilet and sink fixtures; and installing new partitions with benches and grab bars to comply with ADA.

Status: Construction is substantially completed. Remaining items will be addressed by the end of March 2019.

White Point Sewer Main Installation – \$1,750,000

Installation of new sewer line and pump station for existing park restrooms.

Status: Construction documents are being developed with 100% design to be completed by April 2019. The regulatory permits application is under review with the City of Los Angeles.
