Commissioners: Richard Montgomery, Chair; David Lumian, Vice-Chair; Allyn Rifkin, Nathan Salazar

Department of Beaches and Harbors (DBH): Gary Jones, Director; Amy Caves, Deputy Director; Steve Penn, Chief of Asset Management Division; Susana Graether, Chief Property Manager; Phyllis Bordenave-Priestley, Senior Real Property Agent

County: Joseph Abdelkerim, Deputy County Counsel

Item 1 - Call to Order and Pledge of Allegiance
Chair Montgomery called the virtual meeting to order at 10:00 am, followed by the Pledge of Allegiance. Susana Graether read the virtual meeting procedures.

Item 2 - Approval of Minutes
Motion to approve February 10, 2021, Meeting Minutes and March 11, 2021, Special Night Meeting Minutes by Mr. Rifkin, seconded by Mr. Salazar.

Ayes: 3 – Chair Montgomery, Mr. Rifkin, and Mr. Salazar

Item 3 – Communication from the Public
Pam Gore provided an update on COMCA's Dock 55 Committee, spoke about the over-saturation of Dock 55 and the need for additional commercial charter pick-up locations.

Mollie Pearlman, Blue Pacific Yachting, spoke about their difficulties from reducing the number of boats due to lack of mooring space. She explained that they provide water access to the public by offering bareboat charters, requiring additional space to review those charters adequately.

Mark Hansen provided an update on his efforts to obtain formal recreational boating protocols and expressed concern about boat racing commencement without any official protocols in place. He requested the commission's assistance to help expedite this issue.

Captain Alex Balian spoke about issues with the over-saturation of Dock 55 and the need for additional pick-up locations.

Tim Riley expressed concern about Councilman Bonin's motion to use Fisherman's Village parking lot for temporary housing for the homeless. He stated that having the homeless in encampments in the Marina will have a severe negative impact on the visitor-serving businesses. He further noted that the City of Los Angeles should explore better-suited locations and long-term solutions.

Chair Montgomery clarified that Fisherman's Village parking lot is not the proposed location for the temporary housing for the homeless and stated that this matter would be discussed under agenda item eight.
Anne Eubanks spoke about the San Diego recreational boating protocols and encouraged their adoption.

Greg Schem spoke of the importance of collaborative boating and asked that the commission keep this in mind when making recommendations to the Board of Supervisors (BOS).

Chair Montgomery thanked Vice-Chair Lumian for his assistance during the special night meeting due to his early departure.

**Item 4 – Communication with the Commissioners**

Mr. Salazar disclosed his communication from BOS, Hilda Solis' office (District One) regarding the Anti-hate Program.

Mr. Rifkin disclosed his communication with BOS, Shiela Kuehl's office (District Three) regarding the Michael Bonin motion, and they stated that they have not been in contact with his office.

Vice-Chair Lumian disclosed his attendance at the Marina del Rey Convention and Visitors Bureau meeting and the CA State Park, CA Coastal Commission, and Bay Foundation workshop for the dockwalker training.

Chair Montgomery disclosed his communication with Mark Hansen, Pam Gore, and Supervisor Janice Hahn's staff regarding Mike Bonin's motion.

**Item 5a – Marina Sheriff**

Sergeant Carlson spoke about their new body cameras, boat fire and provided the Crime Stats report. He mentioned their efforts to assist the homeless and their preparation of deputies to respond to any protests arising due to verdicts.

Vice-Chair Lumian inquired about the location of the boat fire and the source of the fire.

Sergeant Carlson replied that the fire occurred at Burton Chace Park, and the arson investigation determined that it originated from a propane device.

**Item 5b – MdR and Beach Special Events**

Steve Penn apologized on behalf of Carol Baker for her absence and reported that staff is currently working on summer programming, specifically on the pilot drive-in movie program. Additionally, COVID-19 safe programming coming soon are Beach Eats to Go and small group fitness programming, along with the Farmer's Market.

**Item 5c – Marina Boating Section Report**

Michael Blenk reported that Anchorage 47 has two 38-feet, two 34-feet, five 24-feet, and two 22-feet vacant slips. Parcel 77 powerboat storage is completely full, and Mast-Up storage has 40 spaces available. To reserve space for a sailboat on a trailer, call 424-526-7980.
Item 5d – Marina del Rey Maintenance Report
Jose Bedolla reported that his staff immediately repaired boat fire damages at Burton Chace Park, mentioned by Sergeant Carlson. Maintenance staff relocated the burned vessel to the boatyard with the help of the sheriff. He also noted the removal of a homeless person's items (approximately 900 lbs) from the breakwater. Lastly, he reported the sanding and repainting of all picnic tables at Chace Park, purchasing new keypads for the docks' gates, and that the pump-out stations are currently operational with continuous monitoring.

Mr. Salazar and Chair Montgomery thanked Jose Bedolla and his staff for their efforts.

Item 7a – Special Night Meeting Summary
Steve Penn presented the staff report and announced the upcoming Annual Boating Safety Meeting.

Vice-Chair Lumian stated that the Special Night Meetings are valuable exercises conducted annually and look forward to hearing from the Marina del Rey recreational organizations.

Chair Montgomery stated that he finds the summary very useful.

Mr. Rifkin stated that it's helpful to have night meetings, and he enjoys reviewing the notes along with the strategic plan goals and should follow through with addressing the comments.

Mr. Salazar would like to hear more about COMCA's efforts in organizing charter boating in the Marina.

Item 8 – Staff Reports
Steve Penn presented the staff report.

Chair Montgomery stated that there's confusion about agenda item eight and asked county counsel for advice on proceeding with discussion of Mike Bonin's motion on homeless temporary housing on Fisherman's Village parking lot since it is not on the agenda.

Joseph Abdelkerim replied that the standing item on the agenda regarding Fisherman's Village is only regarding redevelopment. He advised that public comment is allowable; however, any in-depth discussion needs to be placed on a future meeting agenda.

Janet Zaldua objected to Mike Bonin's motion and stated that it would be detrimental to the visiting serving businesses and suggested that they find a more suitable location to house the homeless.

Tim Riley stated that this issue needs additional consideration; Marina does not have the resources to place the tiny homes, and the Marina is a tourism-based community.

Greg Schem reaffirmed the previous speakers' comments and expressed concern about the motion and the inability of the Marina to provide services for the homeless.
Rick Carmody spoke about the increase of homeless in the Marina and surrounding areas and the crime and safety issues it has brought to the community and strongly opposed the idea.

Kathe Basse expressed concern for the community and suggested placing this item on a future agenda.

Mr. Salazar spoke about the safety video discussed at a previous boating safety meeting and inquired about its status.

Vice-Chair Lumian requested the upcoming boating safety meeting date and expressed concern for the lack of formal response from public health regarding protocols. He suggested that Chair Montgomery follow up with Supervisor Janice Hahn's office (District four). He also inquired about the survey/assessment of possible docking spaces for commercial boating, expressed concern about Mike Bonin's comments, and suggested inviting him and staff to a future meeting to explain their proposals.

Mr. Rifkin reaffirmed the comments made by the previous commissioners and had no further comments.

Chair Montgomery requested the inventory report on Dock 55 and stated that the Department of Public Health did provide information at Special Night Meeting; however, it was not in details.

Gary Jones stated the report on the charter has been created; however, not ready due to the status of the new transit dock in front of Marriott Hotel on B Basin. He explained that there might be an opportunity for certain charter operations but must be related to the hotel. He further explained that another concern is the management of the commercial docks. Summer is anticipated to be busy, which will present challenges; therefore, the report needs to be fair to all stakeholders. Staff will provide the information as soon as it's ready.

Chair Montgomery stated that DBH and staff are victims of their success and anticipate that the Marina will be busier than ever. He noted that DPH was requested to attend today's meeting to present but unavailable; however, he will ask again. Lastly, he stated his plan to follow up with Supervisor Janice Hahn's staff regarding homelessness and report back.

Steve Penn replied that the Boating Safety Meeting is a regular SCHC meeting on May 12, 2021, at 10 am. He stated that staff has reached out to private boating operators to obtain the boating experience and rental vendors to find out what safety guidelines they offer.

Chair Montgomery requested that staff place holder for possible DPH presentations.

Adjournment
Chair Montgomery adjourned the meeting at 11:30 am.

Boating Safety
First Step to Boat Safety

Get Your California Boater Card!

The California Boater Card shows that its holder has successfully taken an approved boating safety course and passed the corresponding exam.
How do you get the card?

You can apply now at www.CaliforniaBoaterCard.com. The lifetime card fee will be $10.

As of the January 1, 2021 Boaters who are 40 years of age or younger are required to carry a boater card issued by California State Parks Division of Boating and Waterways (DBW).

California Harbors and Navigation Code Section 678.11(b)
Second Step Wear P.F.D.

When should you wear a life jacket?

The best answer is: whenever you're in or around the water, not just operating a boat.

However, a PFD should always be worn while boating, and especially when boating in dangerous conditions.
Examples of when to wear PFD

Should wear:
- Kayaking
- Paddle boarding
- Sailing
- Recreational Boating
- Occupational Boating
- Fishing
- Working on docked boats or on docks

Required to wear:
- Jet Skiing, Personal Watercraft
- Anyone being towed behind a vessel
- Every child under 13 years of age
How To Properly Fit a Life Jacket

• Check Jacket Label for the appropriate weight or chest size
• Put the jacket on
• Buckle all straps and tighten or zip up all zippers
• Have the wearer lift their arms over head and gently lift them by the top of the life jacket arm openings.
Stand up Paddleboarding and kayaking

You should always wear a Life Jacket

Bring a buddy

Wear a whistle

Wear Bright Colors

Avoid boats and hold a steady course near boats

Hug the starboard side of the channel
Boater Tips For Safety

As a beginner, never go boating on your own!!!

Practice your new boating skills in calm, protected waters before trying more difficult waters!

Once on the water, keep a good lookout for others on, in and under the water.

Know the Rules of the Road at Sea! These rules are designed to help you decide immediately what action to take. When something goes wrong, you must act quickly, positively and correctly.
Boater Tips For Safety

Know your boat – what it can and can’t do.

Don’t overload – check the boat manufacturer’s capacity plate

Secure the boat properly - Stow loose objects

Know and respect the weather – heed weather warnings

Never operate a boat while intoxicated

Operate at safe and legal speeds – watch your wake
Boater Tips For Safety

File a Float Plan with local harbor patrol and a family member. Tell them who you will be with, how long you will be gone, and where you plan to go.

Know the rules and regulations of the area you will be navigating.

Capsizing occurs on small boats because of sudden weight shifts. Move Carefully!

Give Standup Paddleboarders, Kayaks, Jet Skiers divers and swimmers plenty of distance.
Boater Equipment Checklist

- Valid Registration
- Registration number properly displayed
- Validation decals properly displayed
- Required lights
- Personal Floatation Devices (Wearable)
- Personal Floatation Devices (Throwable)
- Horn or Whistle, Bell
- Adequate bilge ventilation
- Approved Unexpired Visual Distress Signals
- Approved Fire Extinguishers
- Float Plan
- California Boater’s Card
Boating Under The Influence

Harbors & Navigation Code 655 is the California statute that prohibits boating under the influence.

This section makes it a crime to operate any boat, watercraft, jet ski or vessel while under the influence of alcohol or drugs, or with a BAC of .08 or higher.
Boater Tips For Safety

1. Leave your itinerary with someone. Tell them who you will be with, how long you will be gone, and where you plan to go.

2. Know the rules and regulations of the area you will be navigating.

3. Capsizing occurs on small boats because of sudden weight shifts. Move carefully!

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

APPROVAL OF AMENDMENT NO. 1
TO THE AMENDED AND RESTATED LEASE NO. 3823
PARCEL 102S – MARINA 41 - MARINA DEL REY
(FOURTH DISTRICT) (4 VOTES)

SUBJECT
This Board Letter requests approval of Amendment No. 1 to Marina del Rey Amended and Restated Lease No. 3823 (Restated Lease) for Parcel 102S (Marina 41) to modify the insurance requirements.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the proposed Lease Amendment No. 1 is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Class 1(r) of the County’s Environmental Document Reporting Procedures and Guidelines and Section 15301 of the State CEQA Guidelines (Existing Facilities).

2. Approve and authorize the Chair of the Board to execute the attached Amendment No. 1 to the above-referenced Restated Lease pertaining to the readjustment of the insurance requirements for a five-year period effective as of March 1, 2020, and ending February 28, 2025.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION
Approval of the proposed Amendment No. 1 will incorporate changes to the Restated Lease’s Section 9.3 Liability Insurance.
Ground leases of County-owned property in Marina del Rey generally provide for
the periodic review of liability insurance coverage to ensure that the amount of
general liability insurance is adequate to protect the County’s interests.

Section 9.3 of the Restated Lease provides the amounts of liability insurance
required by said Section shall be subject to renegotiation each fifth anniversary
of the Lease Effective Date of March 1, 2005.

**Implementation of Strategic Plan Goals**

The recommended action will incorporate new insurance provisions in fulfillment
of County Strategy III.3 - Pursue Operational Effectiveness, Fiscal Responsibility
and Accountability, and County Strategy III.3.2 by managing and maximizing
County assets.

**FISCAL IMPACT/ FINANCING**

Upon your Board’s approval of the proposed Amendment No. 1, the Department
of Beaches and Harbors does not anticipate any impact on the operating budget.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Commonly known as the Marina 41, Parcel 102S consists of 624 apartment units,
heated outdoor pool and spa, tennis courts, and a covered parking structure. The
Restated Lease term will expire on March 31, 2042.

On May 4, 1962, the County and the Lessee’s predecessor in interest (Morris
Appleman, Norman Beck, and Jerry B. Epstein) entered into the Lease
Agreement No. 5576, with an original 60-year term (Lease Term), which was
further assigned several times over the years.

On March 3, 2004 your Board approved the assignment of the leasehold interest
and option for amended and restated lease (Option Agreement) from Kingswood
Village Marina, a California limited partnership (Kingswood), to Archstone-Smith
Operating Trust, a Maryland real estate investment trust (Archstone), to facilitate
redevelopment at Parcel 102S and extend the Lease Term through March 31,
2042.

The assignment from Kingswood to Archstone was dated March 11, 2004.
Archstone exercised the Option Agreement according to its terms and conditions,
and on March 1, 2005, the County and Archstone (Assignee to Kingswood)
entered into the Amended and Restated Lease Agreement No. 3823 (former
Lease No. 5576).
The Amended and Restated Lease was later assigned several times and leasehold ultimately changed to EQR-MARINA DEL REY-I LIMITED PARTNERSHIP, a Delaware limited partnership, and to EQR-MARINA DEL REY-II LIMITED PARTNERSHIP, a Delaware limited partnership.

Amendment No. 1 to Restated Lease No. 3823 has been approved as to form by County Counsel. At its virtual meeting on May 12, 2021, the Small Craft Harbor Commission ________________ the Department of Beaches and Harbors’ recommendation that your Board approve and execute Amendment No. 1.

Leases of County-owned property in Marina del Rey are authorized by Government Code Sections 25536 and 25907.

**ENVIRONMENTAL DOCUMENTATION**

The proposed Amendment No. 1 is categorically exempt under the provisions of CEQA pursuant to Class 1(r) of the County’s Environmental Document Reporting Procedures and Guidelines and Section 15301 of the CEQA Guidelines (Existing Facilities), as the proposed actions involve negligible or no expansion of existing or former use and will not have a significant effect on the environment. In addition, it will comply with all applicable regulations, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

There will be no impact on current services or projects from your Board’s approval of Amendment No. 1.

**CONCLUSION**

Please have the Chair of the Board of Supervisors sign all three originals of Amendment No. 1 and have the Executive Officer of the Board return two executed copies, as well as an adopted-stamped copy of this letter to the Department of Beaches and Harbors, retaining a copy for your records. Should you have any questions, please contact Natasha Robinson at (424) 526-7742 or NRobinson@bh.lacounty.gov.

AMENDMENT NO. 1 TO THE AMENDED AND RESTATED LEASE NO. 3823
PARCEL NO. 102S – MARINA DEL REY

THIS LEASE AMENDMENT NO. 1 TO THE AMENDED AND RESTATED LEASE NO. 3823 – MARINA DEL REY ("Amendment" or "Amendment No. 1") is made and entered into this __________ day of ______________, 2021 (the "Effective Date").

BY AND BETWEEN

COUNTY OF LOS ANGELES,
Hereinafter referred to as "County",

AND

EQR-MARINA DEL REY-I LIMITED PARTNERSHIP,
a Delaware limited partnership, collectively as an undivided tenant-in-common, together with
EQR-MARINA DEL REY II LIMITED PARTNERSHIP,
a Delaware limited partnership, collectively as an undivided tenant-in-common,
both are the successors of
ARCHSTONE-SMITH OPERATING TRUST,
a Maryland real estate investment trust,
hereinafter referred to as "Lessee."

RECITALS:

WHEREAS, on May 4, 1962, County and Lessee’s predecessors in interest, entered into the Lease Agreement No. 5576 (now referred to as Lease No. 3823, as amended to date, the "Existing Lease") under the terms of which County leased to Lessee’s predecessors in interest that certain real property located in the Marina del Rey Small Craft Harbor, County of Los Angeles, State of California, commonly known as Parcel 102S, which leasehold premises (the “Premises”) are more particularly and legally described in Exhibit “A” attached to and incorporated in said Lease; and

WHEREAS, on March 3, 2004, County and Lessee have entered into that certain Option to Amend Lease Agreement (the "Option Agreement"), pursuant to which County granted Lessee an option (the "Option") to amend and restate the Existing Lease in its entirety, upon the terms and conditions more specifically provided herein, including, without limitation, an extension of the Lease Term through March 31, 2042; and
WHEREAS, Lessee has exercised the Option in accordance with the terms and provisions of the Option Agreement; and

WHEREAS, on March 1, 2005, County and Lessee have entered into the Amended and Restated Lease Agreement ("Lease"); and

WHEREAS, Section 9.3 of Article 9 of said Lease provides that the amounts of liability insurance required by said article shall be subject to renegotiation as of each fifth anniversary of the Lease Effective Date as of March 1, 2005 (each, an "Insurance Renegotiation Date"); and

WHEREAS, the parties hereto have reached agreement with respect to the required insurance adjustments and wish to amend the Lease as set forth herein, effective as of March 1, 2020 (2020 Insurance Renegotiation Date) for the five-year period; and

WHEREAS, the parties hereto wish to amend the Lease with respect to the insurance adjustments as set forth herein; and

WHEREAS, all capitalized terms used but not otherwise defined herein shall have the same meanings given such terms in the Lease; and

NOW, THEREFORE, in consideration of the foregoing recitals, which are hereby deemed a contractual part hereof, and the mutual agreements, covenants and conditions contained herein, the parties agree as follows:

1. **Property Insurance.**

Effective as of March 1, 2020, the first paragraph of Section 9.3 Liability Insurance of the Lease is deleted and replaced with the following:

"Lessee shall maintain in full force and effect during the Term of this Lease, commercial general liability insurance together with premises operations, products, completed operations, advertising, independent contractor and contractual liability coverages, including liquor liability, with a combined single limit of not less than Twenty-Five Million Dollars ($25,000,000); Lessee agrees that County and its respective Board of Supervisors and members thereof, and County's officers, agents, employees, and volunteers, shall be named as additional insureds under such liability insurance policy or policies."

The remainder of Section 9.3 shall be unmodified and shall continue in full effect.

2. **Counterparts.** This Amendment may be signed in counterparts. Each counterpart represents an original of this Amendment and all such counterparts shall collectively constitute one fully-executed document.
3. **Miscellaneous.** Except as herein specifically amended, all terms, conditions and provisions of the Lease shall be and remain in full force and effect and are unmodified, and each of the parties hereto reaffirms and re-acknowledges its respective obligations under the Lease as amended hereby. In the event of a conflict between the terms of this Amendment and the terms of the Lease, the terms of this Amendment shall control.

IN WITNESS WHEREOF, County has, by order of its Board of Supervisors, caused this Amendment No. 1 to Lease No. 3823 to be executed by the Chairman of said Board and attested by the Executive Officer thereof, and the Lessee or its duly authorized representative, has executed the same on the date first above written.

ILLEGAL BOAT CHARTER ENFORCEMENT
DBH Code Enforcement Unit continues to monitor and deter illegal charter boat activities at the public launch ramp and Chace Park docks. The County Sheriff’s Marina del Rey station and the US Coast Guard have an enforcement program for charter boat activities in Marina del Rey. Members of public are encouraged to report illegal boat charters to the Harbor Master at (310) 482-6000 and USCG at (310) 521-3770 or SECLALB@uscg.mil, or to DBH at info@bh.lacounty.gov.

DOCK 55 MANAGEMENT
Pacific Ocean Management (POM) informed DBH that they had a meeting with Pam Gore, president / chair of COMCA, on May 3, 2021, about COMCA’s suggestions to improve the Dock 55 management and operation. POM advised that the meeting was productive, and suggestions were well received for consideration. In addition, POM informed that a security program has been implemented at Dock 55 to provide better protection to both the members of public as well as the charter boat operators.

   Board Comment
   Vice Chair Wong asked if there were different styles of dock gates located along the promenade, as the gate presented appeared to be different from other gates.

   Ms. White responded saying yes.

   Vice Chair Wong asked if there were any requirements for this type of gate.
Ms. Tashjian responded that there are no standards for gate designs.

Ms. Coffee asked if the dock gate would only be available to guests of the hotel or if the gate would be open to the public. She also inquired if the gate would be continuously open or if a key would be needed to open it.

Ms. White responded that the gate would be connected to the public transient docks and would be available to the public, and that there would be a locking mechanism for the gate. She deferred to the applicant to provide more information.

Chair Cho inquired about the location of the public docks.

Ms. White responded that the transient docks front the hotel.

Chair Cho inquired about the number of boats that could be accommodated by the transient docks.

Ms. White responded that the transient docks consist of four dock fingers and the number of boats able to use the docks at one time could vary.

Ms. Coffee inquired about the purpose of transient docks.

Ms. White explained that transient docks can be used by the public for an established amount of time.

Ms. Coffee asked if transient docks are similar to boat parking spaces.

Ms. Tashjian agreed and reiterated that the docks would be used like short-term parking for boats.

Ms. Coffee asked for further explanation from the applicant about how the public would utilize the gate.

Ms. Tashjian noted that two applicants were present, Dean Gayon and Aaron Clark.

Mr. Clark introduced the project and explained why the transient docks were created, indicating that the docks were part of a Coastal Commission condition of approval for the development of the adjacent Neptune Marina Apartments. He further explained that in addition to the docks, a portion of Parcel 9U would need to be developed as a public wetland park, which was almost complete. He also noted that there would be no unfettered access through the proposed dock gate from the landside due to safety considerations. The hotel would work with the County to manage the logistics of the dock operations, so there would be control over the vessels using them. Mr. Clark explained that the hotel concierge would serve as the dock master over the anchorage and that the hotel operator was working with the County to develop a public dock management agreement.

Ms. Coffee thanked Mr. Clark for his response.
Vice Chair Wong asked Mr. Clark if a hotel contact would be provided for people who needed to gain access to the docks through the gate.

Mr. Clark responded saying yes. Mr. Clark noted that normally the County would operate the public docks, however, a management agreement was being created between the County and the hotel operator, for the hotel operator to manage the docks. He believed that the docks would play nicely into the experience of the hotel whereby people could utilize the docks, enjoy al fresco dining along the promenade, have access to the wetland park, or go down to the Silver Strand.

Chair Cho asked if there would be an intercom system associated with the docks.

Mr. Clark responded that those details were being worked out and would be resolved before the docks opened to the public. He mentioned that the Department of Beaches and Harbors Asset Management Division was working with the lessee to establish clear protocols for use of the docks.

Vice Chair Wong asked if the design of the gate from the seaside would allow people to exit onto the promenade in case of emergencies.

Mr. Clark responded that the public would be able to get out of the gate and noted that the intent of the gate was to ensure controlled access for people who have reservations to use the docks. Mr. Clark detailed a scenario regarding people that loiter around transient docks in other areas of the Marina, which was why security in the area would be important. He also noted that the adjacent Neptune Marina and Tahiti Marina anchorages were privately sold and there would need to be coordination with all the parties to make sure the transient docks function smoothly.

Vice Chair Wong noted that he worked on a gate design in the Marina where similar discussions occurred.

Ms. Tashjian noted that Mr. Gayon wrote a message indicating he was sorry he has no microphone connection and that Mr. Clark’s description was consistent with his understanding of how the gate access would work.

Vice Chair Wong moved to approve the DCB # 04-015-H, seconded by Chair Cho. There was a delay in roll call for the vote due to technical difficulties. Ms. Tashjian asked for a few minutes to allow Ms. Coffee to return. Ms. Coffee rejoined by phone.

Board Comment
Chair Cho asked if there were any applicants present for this project.

Ms. Tashjian responded that there were four applicants from the project team: Aaron Clark, Kathy Wishard, Daniel Taban, and Sandy Chung.

Mr. Clark introduced the project team. He noted that discovering new easements on the property were a blessing because the team was able to design a variety of enhancements for the project. He thanked staff for their work on the project and asked Mr. Taban to address the Board.

Mr. Taban introduced himself and thanked the Department for working with his team. He stated that the team was aware of two prior easements that bisected the site, but was recently made aware of an unrecorded Los Angeles Department of Water and Power (LADWP) easement. He then explained conversations the project team had with LADWP and how additional opportunities were identified in regards to the easements. He noted that the site no longer had a limitation to providing a parkway along Via Dolce and as such the team expanded the public space previously on the west side of Building 3 and moved it more towards the west between Buildings 1 and 2. He also noted that Building 3 was also shifted slightly to the west to also open up the gateway park on Via Marina and Washington Boulevard. Mr. Taban stated that the proposed park design was the fourth design iteration and what was presented at the meeting was a culmination of thoughtful design effort and due diligence, which he believed created an overall better project for the community.

Ms. Wishard thanked the team and Ms. White for summarizing the major changes. She agreed that a lot of effort had gone into the corner park design. She noted that there was a placeholder within the corner planter of the gateway park for a park identification sign, and therefore, the planter may need to be adjusted in the future. Ms. Wishard expressed that enlarging the patio of the building adjacent to the park was a nice addition that was incorporated due to the building shift. She stated that before this change, there was an anemic patio space, which now looked like an appropriate scale, allowing more interactions and seating along the park. Ms. Wishard felt that the project team incorporated the majority of comments received regarding the park. Ms. Wishard explained the design intent behind certain elements within the proposed park and the newly proposed mid-block plaza. She explained that the design of the mid-block plaza was similar to the design of the corner park, on a more intimate scale. She noted that there was also a building overhang within the space which would be used as a public patio. Ms. Wishard explained that for Via Dolce, the project team was able to include a parkway with trees along the curb edge while meeting the City of Los Angeles’ standards. She also noted that the changes made along Via Dolce allowed the project team to open up the corner and included a larger tented patio space.

Mr. Taban commented that the project team felt that it was appropriate to increase the height of the building floors by approximately one foot, which increased each of the building heights. He explained that the project was still significantly below the 140-foot height limit, but the team was looking to allow more light into the units to make them more enjoyable for residents as they would most likely be spending more time in the units. He also noted other changes that were required due to the building being shifted to the west.
Ms. Coffee commented that the park design looked great, and she appreciated the Applicant’s willingness to work with the County on improving the design. She agreed that the current design was stronger and addressed the public in a much more complete way. Ms. Coffee also appreciated the way the project team repeated some of the design vocabulary from the gateway park in the mid-block open space.

Chair Cho responded that the corner park looked very good and incorporating a mid-block plaza instead of the originally proposed driveway improved the project design. Chair Cho noted that Washington Boulevard was a large thoroughfare for bicycles. He then asked the Applicant if the project would have bike parking.

Ms. Wishard responded that the project team anticipated adding more bike parking along the project frontage, along Washington Boulevard. She also stated that the project team intended to scatter bicycle parking near various retail shops so patrons would have immediate bicycle parking in addition to the spaces that were specific to the plazas.

Mr. Clark asked Ms. Chung to comment on how the project team intended to meet code requirements for long-term and short-term bicycle parking.

Ms. Chung indicated that all long-term parking is located within the buildings and short-term parking would be located along the sidewalks.

Mr. Clark asked Ms. Chung to comment on how many short-term bicycle parking spaces versus long-term spaces would be at the site.

Ms. Chung responded that 35 short-term spaces and 88 long-term spaces would be provided, which would include an additional 14 spaces above requirements since the project team would request a 5% reduction in commercial parking.

Vice Chair Wong moved to approve DCB # 20-002-B, seconded by Ms. Coffee.
