**SUPERVISORS APPROVE MARINA DEL REY  
ODOR CONTROL PROJECT**

MARINA DEL REY, CALIF. – July 20, 2010 – Beaches and Harbors announced today the Los Angeles County Board of Supervisors approved plans and specifications and advertisement for a construction bid contract to construct a sanitary sewer air scrubber in Marina del Rey.

The Odor Control project will help deal with the odor issue along Admiralty Way in front of the Marina City Club, which is part of the Los Angeles County Department of Public Works ongoing program for the operation, maintenance and repair of sewer systems.

All traffic lanes on Admiralty Way will be open prior to 8:30 a.m. and after 3:30 p.m. Eastbound traffic lanes shall remain open at all times. Between those hours, traffic in the westerly direction may be reduced to one lane and a left-turn lane where existing.

The project will be completed in approximately 20 working days and has an estimated cost between \$145,000 and \$170,000, which is included in the Fiscal Year 2010-11 Marina del Rey Sewer Maintenance District Fund Budget.

Work on the Odor Control project is anticipated to start in October 2010 and is scheduled to be completed November 2010.

For additional information, contact (310) 305-9503 or visit the Department website at [marinadelrey.lacounty.gov](http://marinadelrey.lacounty.gov).
