BOATERS

KEEP Marina del Rey and Santa Monica Bay CLEAN!

It is illegal to discharge raw sewage into waters of Marina del Rey & Santa Monica Bay.

- Visit three free public sewage pump-out stations in the marina shown on the map below.
- Look for this icon for vessel pump-out stations.
- For mobile pump-out service, contact your Dockmaster.
- Look for holding tank disinfectants and deodorizers that do not contain chlorine, formaldehyde or other components that can be harmful to aquatic organisms.
- Keep the "Y" valve properly secured in a closed position when navigating inland waters or boating less than three miles offshore to prevent accidental discharges.
- It is illegal to discharge household bleach into California Waters. You can safely use lemon juice or vinegar with salt to clean the bilge.
- Hire trained bottom cleaners to prevent biocides from damaging marine environment. Contact your Dockmaster.
- Place and secure an oil absorbent under the engine and in the bilge. Pick up free oil absorbent bilge pads at the Fuel Dock, 13800 Bora Bora Way.
