Jon Nahhas made a comment on Chair Lumian’s statement in the last meeting. Mr. Nahhas and Chair Lumian confirmed the parties referenced in the comments during the April 2012 meeting as being Steve Watanabe and Lucia Becerra.

Mr. Nahhas asked for Chair Lumian’s resignation based upon Mr. Nahhas contention that Mr. Lumian provides inaccurate information during the Small Craft Harbor Commission meetings.

Chair Lumian responded that he stood by his statement in the April 2012 meeting.

Item 3 – Communication from the Public:
Nancy Vernon Marino submitted a written request to place item on next meeting’s agenda to “prevent retroactive additional takings of additional public resources.” Ms. Marino provided a copy to the Commission members outlining 3 points and cited the potential loss of 70 spaces for a marina redevelopment project as an example. She cited the value of the parking loss at $2.8M for the 70 spaces.

She also commented the roadway patch jobs are causing damage to automobiles.

She then asked about the visioning processing date.

Chair Lumian said there will be public hearings on visioning process and asked if the Department had received any updates.

Mr. Jones said no specific date had been announced and that Regional Planning has been progressing in their preparations to prepare for public input.

Jon Nahhas commented that information regarding items in the marina, and in particular, rent negotiations was not openly available. He further commented that facts and figures have not been adequately disclosed.

Commissioner Lesser said the Department should review and respond to Nancy’s request in the next meeting.

Mr. Jones said the public hearing may take place before next June’s meeting regarding the parking item noted by Nancy Vernon Marina and he will respond to the request.
Item 4 – Communication with the Commissioners
Chair Lumian talked about his discussion with Michael Leneman of Multimarine about Michael’s displeasure with the condition of mast-up storage. Mr. Leneman would like the Department to put on a future meeting’s agenda for discussion.

Item 5a – Marina Sheriff
Lieutenant Reginald Gautt provided the liveaboard and crimestat report and talked about the boat auction.

Item 5b – Marina del Rey and Beach Special Events
Ms. Baker talked about the Tall Ship and the beach shuttle.

Commissioner Rifkin asked how the beach shuttle was financed.

Ms Baker replied funding is sourced from Playa Vista and Supervisor Don Knabe’s office.

Chair Lumian asked Marina Fest’s location.

Ms. Baker replied it will take place at Basin G and Pier 44

Chair Lumian said people should be encouraged to attend the Marina Fest on May 19 and May 20.

Item 5c – Marina del Rey and Beach Special Events
Ms. Moore spoke about different programs offered by the Visitor Center and how the use of social media had helped to promote the Marina.

Jon Nahhas commented that few programs and promotions for boating programs have been promoted by the Department. He also commented that the concerts offered for the summer concert series were not diversified enough.

Commissioner Alfieri suggested to Jon Nahhas that he start a boating program and the Commission will help to promote it.

Nancy Vernon Marino spoke about Marina del Rey being promoted as a recreation destination and that it is the County’s responsibility to promote this public land as a recreational resource.

Commissioner Lesser expressed his thought on boating opportunities in Marina. He asked for suggestions in creating public boating opportunities.

Commissioner Alfieri suggested reviewing the Department’s website to see if there are ways to improve the publicity of programs being offered.

Mr. Jones said the Department had used social media and Visitor Bureau’s website as a promotion tool. He also mentioned that the Department welcomes suggestions to increase the public’s use of the marina.

Commissioner Alfieri suggested the Department to include its programs into the County’s Summer Recreation package.

Mr. Jones said the Department’s website had numerous links to other for information and the Department had tried to make it easy for the public to navigate; however, there are a lot of events happening in Marina and the information may made the site look confusing and difficult to navigate.

Commissioner Alfieri spoke about people in the Marina expressing their frustration and asked the Department to review its website.
Mr. Jones said the Department will present to the Commission its website in the next meeting for comments and suggestions.

Captain Alex Balian spoke about numerous recreational programs offered in Marina del Rey and information is readily available through a number of websites.

Chair Lumian said there are numerous public and private programs and information is easy to locate through the web.

**Item 6 – Old Business**

Mr. Jones gave a brief update on Parcel 104 renegotiation.

Chair Lumian asked if more updates will be presented in the future meeting.

Mr. Jones said the Department will provide board letter and accompanying documents when the lease document is ready for submission to the Commission and Board. Staff will highlight changes to the document for the Commission’s review.

Commissioner Alfieri asked if terms are similar to last presented.

John Rizzo talked about land value in the Marina and that he felt the marina is not being adequately managed.

Dan Gottlieb said regardless of the value of the land, that the Department has not tried to maximize the County’s revenue for the parcel.

Chair Lumian asked about Dan Gottlieb’s professor credentials.

Dan Gottlieb said he is a retired professor of Mathematics from Purdue.

Chair Lumian asked Dan Gottlieb his prediction on rent to sub-lessee if the master-lessee’s lease was increased.

Dan Gottlieb said the lessee will get as much as they can.

Chair Lumian asked if Dan Gottlieb think there is any relationship between the lessee’s rent and tenant’s (sub-lessee’s) rents.

Nancy Vernon Marino spoke about the historical task of the Small Craft Harbor Commission in balancing affordability to the public with developer yield of improvements in the Marina. She further spoke about the importance of the visioning process.

Jon Nahhas spoke about the County as a land owner and that in his opinion the County did not receive a fair return for the value of the land assets and that the percentage rents are unfair to the tax payer.

Chair Lesser talked about operational costs. He asked Gary Jones about dimensions of the property and the alternative uses available.

Commissioner Lesser spoke about the land is so narrow that it is not buildable for other practical uses.

Mr. Jones said he cannot be definite as the Department has not examined alternative uses.

Mr. Jones spoke about how alternative uses, entitlements, and encumbrances significantly affect valuation.
Commissioner Lesser talked about the County trying to maximize the revenues; however, with the ground lease that is in place, there are restrictions governing the County’s ability to extract rental increases.

**Item 7a – Presentation on the status of the Marina del Rey dredging project**

Mr. Cole gave the presentation and talked about the project.

John Rizzo asked if this will be a long lasting problem requiring additional dredging.

Mr. Cole replied the County had a comprehensive project to limit the amount of silt entering the marina.

Nancy Vernon Marino expressed her thoughts on the project and asked if this project can be used a template in the future.

Mr. Cole replied that the template for this project is being used to solve similar issues in Newport Beach.

Jon Nahhas asked what is the Federal Government’s involvement in Marina del Rey.

Mr. Cole spoke about responsibility to provide a navigable waterway.

Jon Nahhas asked Mr. Cole if he aware of EIS that was started in Marina del Rey.

Mr. Cole said there is only EA regarding the dredging project under his control.

Mr. Cole spoke about the navigation project being tasked with providing a 20 foot safe depth within the marina.

**Item 7b – Presentation by Recreational Boaters of California on the Governor’s plan to eliminate the Department of Boating and Waterways and move its functions into the Department of Parks and Recreation**

Director Sacks spoke about the Governor’s plan and its effect on recreational boating.

Chair Lumian thanked Director Sacks for the presentation and the Board for their support.

Commissioner Rifkin asked staff if any legislative changes to the general fund that can be crafted.

Mr. Jones said he will check with the County’s Governmental Relations Unit.

Commissioner Lesser moved for a motion to support the Board of Supervisor’s action on opposition to the Governor’s plan, seconded by Commissioner Rifkin, unanimously approved.

Nancy Vernon Marino asked the Commissioner to submit an opposition letter to the Governor.

Jon Nahhas stated that there are not enough facts to support the opposition and asked if the plan is a realignment plan.

Ms. Sacks talked about her experience with the Department of Parks and Recreation.

Chair Lumian noted that Mr. Nahhas 3 minutes had been absorbed by Ms. Sacks response to a question posed by Mr. Nahhas during his speaking period.

Mr. Nahhas disagreed with Chair Lumian.

Captain Alex asked if it had gone through ballot.

Ms. Sacks replied no.
Captain Alex Balian expressed his ideas on the item.

Commissioner Rifkin made a request for amendment to the motion,
1. funds supervised by this department are important to the operations of Marina del Rey;
2. the department is important to focus on boaters needs and would be lost if placed under Parks and Recreation;
3. funds that come from boater fees should be reserved for boater’s needs.

Motion to approve by Commissioner Alfieri, seconded by Commissioner Lesser, unanimously approved.

Commissioner Lesser requested the letter prepare and sign by the Chairman.

Commissioner Alfieri said individuals are encouraged to submit their thoughts to the Governor.

Commissioner Lesser shared his thoughts on the item.

Item 8 – Staff Reports
Mr. Jones provided the Ongoing Activities report.

Jon Nahhas commented that the Department is not setting appropriate priorities when replacing docks in the Marina. He also commented that he is concerned about “continued efforts” to limit public comment during the meetings.

Nancy Vernon Marino stated that the commission should be sharing the concerns of the public more effectively with the Board of Supervisors. Additionally, she made a comment regarding the format of the project status report.

Chair Lumian talked about his meetings with the Boating Safety Advisory Council of the Coast Guard and American Boating Congress, National Marine Manufacturers Association. Chair Lumian noted that California boating registrations have dropped from 964,000 in 2007 to 853,000 in 2011 and while overall population has increased, boating registrations have dropped.

Mr. Jones suggested Chair to ask staff or speakers to respond after public had completed the 3 minute public communication time.

Adjournment
Chair Lumian adjourned the meeting at 12:10 p.m.

Subject: ITEM No 6a – AMENDMENT NO. 6 TO LEASE NO. 14766 – PARCEL 104R (DEL REY SHORES PERSONAL WAREHOUSES) - MARINA DEL REY

Item 6a on your agenda pertains to Amendment No. 6 to the lease for Parcel 104R (Del Rey Shores Personal Warehouses).

At the December 14, 2011 meeting, the Commission advised staff to negotiate with lessee for an agreement on the lease provision prohibiting downward adjustment of the minimum rent. The Commission also requested a further analysis on the current percentage rents in comparing with the market rates.

At the April 11, 2012 meeting, staff reported to the Commission that staff and lessee met on March 15, 2012, and agreed that, following the March 2012 adjustment, future adjustments shall increase the annual minimum rent or maintain it at the then current amount. Staff also reported that based on the further analysis the existing percentage rents of this lease are consistent with the market rates, and therefore, they will remain the same until the next adjustment.

Accordingly, for your Commission’s endorsement, enclosed please find the Board letter and the lease amendment, which reflect the terms described herein.

Dear Supervisors:

APPROVAL OF AMENDMENT NO. 6 TO LEASE NO. 14766
DEL REY SHORES PERSONAL WAREHOUSES (Parcel 104R at 4201 Via Marina)
MARINA DEL REY
(FOURTH DISTRICT) (4 VOTES)

SUBJECT

This Board letter requests approval of a Marina del Rey lease amendment for Parcel 104R (Del Rey Shores Personal Warehouses) that maintains all existing percentage rental rates and the square foot rental, adjusts the rental security deposit, and updates the insurance provisions.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the proposed lease Amendment No. 6 is categorically exempt under the California Environmental Quality Act pursuant to class 1(r) of the County’s Environmental Document Reporting Procedures and Guidelines and Section 15301 of the State CEQA Guidelines.

2. Approve and authorize the Chairman to sign the attached Amendment No. 6 to Lease No. 14766, pertaining to maintaining all existing percentage rental rates, adjusting of security deposit, updating the insurance provision for a ten-year term ending March 14, 2020, and adding a provision to safeguard minimum rent against future downward adjustments.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Marina del Rey leases generally provide for the periodic review of leasehold rents and liability insurance coverage to ensure that the rental rates payable to the County are maintained at current fair market levels and that the amount of general liability insurance is adequate to protect the County’s interests. County rents are typically computed as the greater of either a fixed minimum rent or the total of varying percentages of the lessee’s gross receipts from users on the leasehold.
The Parcel 104R lease requires adjustment of rents on March 14, 2010 (2010 Rental Adjustment Date). Based on comparable rates at other Marina del Rey leaseholds, the Department of Beaches and Harbors has negotiated with the lessee to keep all percentage rental rates at their current levels: Dry Storage at 20% and Miscellaneous Sales at 5%. The lease also provides that the annual minimum rent shall be adjusted on March 14, 2012 to an amount equal to 75% of the annual average of all rents payable by lessee for the immediately preceding three-year period. Following this adjustment, lessee has agreed, and proposed Amendment No. 6 provides, that future adjustments shall increase the annual minimum rent or maintain it at the then-current amount.

Proposed Amendment No. 6 further provides that the rental security deposit will be maintained at an amount equal to one-fourth of the annual minimum rent under the Lease.

Additionally, Amendment No. 6 memorializes lessee agreement to maintain the current level of comprehensive general liability insurance with a limit of not less than $5 million per occurrence as recommended by the Chief Executive Office Risk Management Branch.

Implementation of Strategic Plan Goals

The recommended action will keep County percentage rent categories at Parcel 104R comparable to other Marina del Rey leaseholds and incorporates the new insurance provisions, in fulfillment of Strategic Plan Goal No. 1, “Operational Effectiveness”, Strategy 1, “Fiscal Sustainability”.

FISCAL IMPACT/FINANCING

There will be no fiscal impact from your Board’s approval of Amendment No. 6.

Operating Budget Impact

There will be no operating budget impact as a result of this action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Parcel 104R, commonly known as Del Rey Shores Personal Warehouses, is improved with 136 personal warehouse storage units on a .45 acre of land in Marina del Rey. The Lease was executed on March 15, 1969 and will expire on March 14, 2029.

This proposed Amendment has been approved as to form by County Counsel. At its meeting of__________, the Small Craft Harbor Commission ________ the
recommendation of the Director of the Department of Beaches and Harbors that your Board approve and execute the proposed Amendment No. 6.

ENVIRONMENTAL DOCUMENTATION

The proposed Amendment No. 6 is categorically exempt under the provisions of the California Environmental Quality Act pursuant to Class 1(r) of the County’s Environmental Document Reporting Procedures and Guidelines and Section 15301 of the State CEQA Guidelines (Existing Facilities).

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on current services from your Board’s approval of Amendment No. 6.

CONCLUSION

Please have the Chairman sign all three copies of Amendment No. 6 and have the Executive Officer of the Board return two executed copies, as well as a copy of the adopted Board letter, to the Department of Beaches and Harbors.

Respectfully submitted,

Santos H. Kreimann
Director

VENICE PUMPING PLANT DUAL FORCE MAIN PROJECT UPDATE
The status of this project has not changed since the last meeting. The Court entered a judgment on September 26, 2011 consistent with the tentative ruling issued on July 28, 2011, which barred the City of Los Angeles from building a new 54-inch sewer main from Venice to Playa del Rey through unincorporated Marina del Rey when another comparable route along Pacific Avenue in city territory exists. Subsequently, the City entered a stipulation requesting an extension to June 1 to file the brief for its appeal. To date, the City has not filed a brief. The Court sent a letter to the City dated June 19 advising them to file the brief within 15 days or the appeal will be dismissed.

OXFORD BASIN PROJECT UPDATE
The status of this project has not changed since the last meeting. DPW reported that the Sediment and Water Quality Characterization Study and the biological study have been completed. The Phase II soil investigation sampling was completed in September 2011 and draft findings were available November 30. 60% design plans have been completed and 100% design plans are expected to be done by August 2012. A consultant has been hired to start the environmental review process. The project is scheduled for completion in early 2014.

Mr. Lopez presented the staff reports on items 5B and 5C (Parcel 21 – Holiday Harbor Courts).

Mr. Hickman focused on the landscaping, lighting, and signage of the projects and how they responded to the Board’s previous comments and recommendations.

Ms. Moss stated that based on the comments made in the meeting held in 2005 the enclosed atrium was redesigned to open up the courtyard and focus on the Oxford Basin.

Mr. Abe stated that based on Regional Planning’s comments about encouraging pedestrian friendliness, a new design was created to provide areas of outside seating with additional landscaped areas for future tenants and a coffee shop.

Ms. Erdman stated they kept lighting to a minimum, focusing on the safety requirements needed and giving presence to the main entrance of the building.

Mr. Phinney inquired about the lighting hours and solicited Board member’s input.

Mr. Pastucha stated that the lighting program corresponded with his concerns very well.

Mr. Wong expressed his concern about safety lighting for senior citizen tenants.

Mr. Davey stated that directional parking signage was added to the corner between Admiralty Way and the alley.

**Public Comment**
Jon Nahhas objected to the retirement facility project and associated traffic from limousines.

Mr. Tripp replied that the environmental impact report for this project included a traffic study that was reviewed and approved by the Department of Public Works.
Board Comment
Mr. Abelar asked how many parking spaces would be eliminated.
Mr. Tripp replied that the current 186 parking spaces would be divided as follows: 92 parking spaces will remain in their current location and the other 94 spaces would be rebuilt near Marina Beach on Parcel 21.

Mr. Wong asked if the public parking signage displays “public parking” and whether there would be a cost for parking.

Mr. Tripp answered affirmatively to both questions and noted that they both would be consistent with the other public parking lots in the Marina.

Mr. Abelar asked if the lighting would be equipped with sensors.

Mr. Hickman stated that the lighting would be controlled by a timer without any use of sensors and the up lighting would be turned off by 10pm.

Mr. Phinney requested clarification from applicants on the limousine issue brought up by Mr. Nahhas.

Mr. Hickman replied that there would be no use of limousines; however, there will be town cars available for pick-up and drop-off of guests of the facility.

C. Parcel 21 – Holiday Harbor Courts – Consideration of final redevelopment plan and Design Control Board Review related thereto – DCB #05-016-C

Mr. Abe pointed out that the proposed changes were previously directed for the promenade, including the addition of shade structures and a node.

Mr. Davey stated that his focus was to have enough signs to lead the pedestrians to the water front, parking structure and retail businesses.

Board Comment
Mr. Pastucha commented on the creativity of the bending light pole, the lighting and seating design.

Mr. Abelar inquired about the existence of any public restrooms and water fountains in the park.

Mr. Hickman replied there will be water fountains and tenant boater restrooms which will require key access.

Mr. Phinney asked if there were any interested tenants for the new Holiday Harbor building and Mr. Hickman replied that no tenants were signed as of yet.

Mr. Phinney expressed his concern about the Board’s approval of a commercial building with no tenancy because of non-anticipated usage such as a hotel.
Mr. Tripp stated that the Regional Planning Commission has approved a commercial building with specific uses including a health club, yacht club and marine commercial uses.

Ms. Gutierrez stated that a hotel would require a separate permit and entitlement which the project doesn’t have.

Mr. Jones added that a lease extension has specific requirements as to what uses can occur on the site. Also, the active public use clause requires the lessee to lease out the building to its maximum potential.

Mr. Phinney stated the parking structure being the wrong usage of a waterfront parcel.

Mr. Abellar asked for the hours of the park will be lighted.

Mr. Kriemann responded saying that the hours of operation must be determined by the Sheriff’s Department, based on the best interest of the public’s safety.

The Honorable Edmund G. Brown, Jr.
Governor, State of California
State Capitol
Sacramento, CA 95814

Dear Governor Brown:

As the body appointed to oversee Los Angeles County’s management of Marina del Rey harbor, we are tasked with providing Los Angeles County’s five Supervisors with recommendations relating to the successful operation of a recreational harbor. Marina del Rey harbor provides Los Angeles County’s ten million residents with a safe recreational harbor.

At our most recent meeting on May 9, 2012, we received a presentation from Recreational Boaters of California (RBOC), a California-based boater’s advocacy organization. In that presentation, RBOC outlined a proposal by your administration to eliminate the California Department of Boating and Waterways (CDBW). We stand strongly in opposition to any change at the state level which would adversely affect recreational boating resources, coastal beaches, boating safety, boater education, and public access to our valuable marine environments.

Over the years, CDBW has provided financial assistance to the Los Angeles County Department of Beaches and Harbors for grants and loans to address coastal and boating infrastructure needs with projects such as: $1.25 million as a contribution for the U.S. Army Corps of Engineers Coast of California Study; $777,000 to reconstruct the boat launch facility in Marina del Rey; a $23.5 million loan for the maintenance of the Marina del Rey seawall; and $18,000 to replace the pump-out station at the transient public docks at Chace Park in Marina del Rey. Should the merger limit the availability of funding for boating and coastal issues, future County projects such as these and other important statewide boating infrastructure improvements could be severely hampered.

The California Department of Boating and Waterways has efficiently carried out its many duties and administered the Harbors and Watercraft Revolving Fund that distributes millions of dollars in grants and loans to improve access to the water for recreational boating and to ensure that boating is as safe as possible. Therefore, it is vital that CDBW remains a separate entity to continue to provide safe and convenient
public access to California waterways, and to have independent funding and resources to address the needs of California boating community.

We urge your consideration of this important request. Thank you very much.

Very truly yours,

Dave Lumian, Chair
Los Angeles County
Small Craft Harbor Commission
