MARINA DEL REY DESIGN CONTROL BOARD
AGENDA
Wednesday, January 18, 2012, 1:30 p.m.

Burton W. Chace Park
Community Building
13650 Mindanao Way
Marina del Rey, CA 90292

1. Call to Order, Action on Absences, Pledge of Allegiance, and Order of Agenda

2. Approval of the December 21, 2011 Minutes

3. Public Comment
   This is the opportunity for members of the public to address the Board on items that are not on the posted agenda, provided that the subject matter is within the jurisdiction of the Board. Speakers are reminded of the three-minute time limitation.

4. Consent Agenda
   The Chair may entertain a motion by a Board member at the beginning of the meeting to approve certain non-controversial agenda items as consent agenda items unless held by a Board member or member(s) of the public for discussion or separate action.

5. Old Business
   A. Parcel 8 – The Bay Club – Reconsideration of final rehabilitation design and Design Control Board Review related thereto – DCB #08-010-C

6. New Business
   A. Parcel 27 – Jamaica Bay Inn – Consideration of landscape modifications and Design Control Board Review related thereto – DCB #12-001

   B. Briefing on the 2012 Design Control Board Meeting Schedule

   C. Briefing on online postings of Design Control Board Submittals

7. Staff Reports
   A. Temporary Permits Issued by the Department

   B. Ongoing Activities Report
      - Board of Supervisors Actions on Items Relating to Marina del Rey
      - Regional Planning Commission’s Calendar
      - Coastal Commission’s Calendar
      - Small Craft Harbor Commission Minutes
8. **Adjournment**

**PLEASE NOTE**

1. ADA ACCOMMODATIONS: If you require reasonable accommodations or auxiliary aids and services such as material in alternate format or a sign language interpreter, please contact the ADA (Americans with Disabilities Act) Coordinator at (310) 305-9590 (Voice) or (310) 821-1734 (TDD).

2. The Los Angeles County Board of Supervisors adopted Chapter 2.160 of the Los Angeles Code (Ord. 93-0031 ~ 2 part), 1993, relating to lobbyists. Any person who seeks support or endorsement from the Design Control Board on any official action must certify that he/she is familiar with the requirements of this ordinance. A copy of the ordinance can be provided prior to the meeting and certification is to be made before or at the meeting.

3. All materials provided to the Design Control Board Members are available (beginning the Saturday prior to the meeting) for public review at the following Marina del Rey locations:

   Department of Beaches and Harbors Website Address: [http://marinadelrey.lacounty.gov](http://marinadelrey.lacounty.gov)

   Department of Beaches and Harbors Administration Building
   13837 Fiji Way
   Marina del Rey, CA 90292

   MdR Visitors & Information Center
   4701 Admiralty Way
   Marina del Rey, CA 90292

   Burton Chace Park Community Room
   13650 Mindanao Way
   Marina del Rey, CA 90292

   Lloyd Taber-Marina del Rey Library
   4533 Admiralty Way

DESIGN CONTROL BOARD MINUTES
December 21, 2011, 12:30 p.m.

Members Present: Peter Phinney, AIA, Chair (Fourth District); Helena Jubany, Vice Chair (First District); Tony Wong, P.E, Member (Fifth District); Simon Pastucha, Member (Third District)

Members Absent: David Abelar, Member (Second District)

Department Staff Present: Gary Jones, Deputy Director; Charlotte Miyamoto, Division Chief; Michael Tripp, Planning Specialist; Ismael Lopez, Planner; Yeni Maddox, Temporary Secretary

County Staff Present: Anita Gutierrez, Department of Regional Planning; Larry Hafetz; Principal Deputy County Counsel

Guests Testifying: Jeff Reich, CA Signs/Western Imaging; Jon Nahhas, member of the public; Robert Warrington, Marina Harbor Apartments; Captain Alex Balian, member of the Public; Jeff Schabell, Architectural Group International; Victoria Pakshong, Place Landscape; Daniel Hyde, Pacifica Hotel Company

1. Call to Order and Pledge of Allegiance
   Mr. Phinney called the meeting to order.

   Mr. Wong moved to excuse the absences of Commissioner Abelar; Seconded by Ms. Jubany, motion unanimously approved.

   Mr. Wong led the pledge of allegiance.

   Mr. Phinney requested the Board approve moving the staff reports to the consent agenda. There were no objections and the proposed change to the order of the agenda was confirmed.

2. Approval of October 19, 2011 Minutes
   Mr. Phinney asked if the commissioners have any comments on the October 19, 2011 minutes.

   Ms. Jubany moved to approve the October 19, 2011 meeting minutes; Seconded by Mr. Wong, motion unanimously approved.

3. Public Comment
   Mr. Phinney asked if any members of the public had any comments on any matters of interest to the Board and not on the agenda.

   Jon Nahhas spoke about public scrutiny, open government, transparency from the Design Control Board members, and the online posting of submittal materials.

4. Consent Agenda
   Staff report was moved to consent agenda per Mr. Phinney’s request.

   Mr. Wong moved to approve and file the staff reports; Seconded by Ms. Jubany, motion unanimously approved.
5. Old Business
   None

6. New Business
   A. Parcel 7 (Trizec Towers) – Western Imaging – Consideration of business identification signage and Design Control Board Review related thereto. DCB#11-009.

   Mr. Lopez presented the project staff report.

   Mr. Jeff Reich had no further comment.

   Public Comment
   Jon Nahhas spoke about the public's access to the project submittal information.

   Board Comment
   Ms. Jubany asked Mr. Reich why signage labeled “B1” was placed where it was on the exhibit.

   Mr. Reich stated it's just where they proposed it, has no other explanation.

   Mr. Wong stated he wanted to defend the procedures followed by DBH staff. He agrees with the public's right to voice their comments and disagreements. His understanding is that the files have been available for the public to review but could be posted on the website, too.

   (Mr. Pastucha joined the Board meeting at this point.)

   Mr. Phinney requested that staff return with a report at the next meeting containing a synopsis of which project application materials are being provided currently on the website or to members of the public. Mr. Phinney described his understanding of the current practice by staff is to post the agenda on-line and not post imagery of submittal materials. He understands that the package which is distributed to Board members is also made available for public viewing at Beaches and Harbors’ administrative offices and the public library. He suggested the possibility of creating another website dedicated specifically to the Design Control Board which would be easier for the public to access. Mr. Phinney stated that the Board will report back and provide the public with an idea of what resources would be needed to achieve the idea or options for alternatives.

   Mr. Jones suggested that the issue could come down to the website infrastructure and file storage issues related to the large size of some design and signage plans.

   Mr. Pastucha suggested a link be created on the agenda to the applicant’s submittal; he also recommended that the applicants must submit a digital submittal along with the regular application to be uploaded.

   **Mr. Wong moved to approve the project; Seconded by Ms. Jubany; motion unanimously approved.**

   B. Parcels 111/112 – Marina Harbor Apartments – Consideration of new flag pole and Design Control Board Review related thereto. DCB#11-010.

   Mr. Lopez presented the project staff report.
The applicant had no additional comments.

**Public Comment**

Jon Nahhas spoke of the significance flag poles and a standard of review for flag poles.

Captain Alex Balian stated he is veteran and spoke about the American flag and procedures for its display.

**Board Comment**

Mr. Pastucha asked staff if the flag pole was allowed under county regulations and about any existing height regulations.

Ms. Gutierrez confirmed with the applicant that only American and State flags would be flown. Ms. Gutierrez confirmed for Mr. Pastucha that flag poles are an allowed use but not a specified use. Property is zoned R residential and the height limitation is 75 feet. The proposed flag pole is 65 feet tall.

Mr. Pastucha asked the applicant about the location chosen for the flag.

Mr. Warrington stated due to the signage, the corner location wasn’t feasible unless some of the parking was removed.

Mr. Wong asked that staff place a restriction that only American and State flags are allowed to be placed on flag poles.

Mr. Phinney suggested that the Regional Planning Department address some sort of review by a biologist who is familiar with bird activity given the proximity to a wetlands park.

**Mr. Wong moved to approve the project subject to the condition that only American and State flags may be flown; Seconded by Mr. Pastucha; motion unanimously approved.**

C. Parcel 42/43 – Marina del Rey Hotel – Consideration of conceptual design for site rehabilitation and Design Control Board Review related thereto. DCB#11-011.

Mr. Lopez presented the project staff report.

Daniel Hyde, representing the applicant, stated that they met with two Board members, Mr. Phinney and Ms. Jubany, and took their advice and made some changes to project drawings to incorporate what was suggested.

Jeff Schabell with Architectural Group International stated the idea is to upgrade the hotel by improving function, appearance, and views from the water. The proposal is to renovate the outside facades and install balconies around for guest privacy.

Mr. Phinney suggested that applicant describe the specific changes that were made to the previously submitted plans.

Daniel Hyde stated that the design changes were based on feedback from the meetings with the Board members.
Jeff Schabell stated that changes were incorporated to make the building more cohesive. He also stated the need to connect the existing elements and add sun shades with metal screens over windows and opaque glass below.

Victoria Pakshong with Place Landscape made reference to drawings L9 and L10 showing bands in the promenade. The observation point shows the replacement of the fire pit with seating to a sun dial sculpture. Along the promenade there will still be areas for seating.

Ms. Jubany asked for clarification on the overhangs and how they are depicted in the perspective renderings. The architect described how parts of the elevation are actually setback.

In response to a question from Mr. Pastucha about the value of the improvements, the applicant stated $15 million.

Public Comment
Captain Alex Balian stated the lack of design connection with the docks since the improvements seem to stop at the dock gates and the need for a drop-off area for dinghies, water taxi and charters.

Daniel replied that the dock reconstruction plans will be designed to coordinate with the hardscape improvements proposed for the promenade. The waterside and landside improvements are separate projects.

Jon Nahhas spoke about the spa, lack of public amenities, changes to the shrubbery, availability of the site plan for viewing by the public, and that applicant’s meetings with Board members be disclosed.

Board Comment
Mr. Phinney disclosed the ex-parte meeting with Mr. Hyde prior to the DCB meeting. Ms. Jubany also disclosed her ex-parte meeting with the applicant.

Mr. Phinney clarified that the DCB is looking for an approval in concept for the revised concept.

Mr. Phinney wanted to clarify some of the public issue comments about the extension of the promenade. He stated that there is a section of the promenade that is 6 feet or 8 feet wide, in contrast to the 20-foot section, which existed prior to the requirement for a promenade and is now used for parking. Since the parking was constructed some time ago to meet the code requirements for the hotel, he asked for confirmation that no legal requirement exists to expand the promenade.

Ms. Jubany noted that in her private meeting with developer, she addressed the issue of the varying promenade width. She commented then on how enlarging the pavement on the northern end would cause the hotel to lose required parking. She recommended that the pavement treatment be extended on the southern part to allow shared use with pedestrian activity and this is reflected in the revised plan.

In response to a suggestion by Mr. Phinney to install bollards to contain the foot traffic where the drive aisle and promenade paving overlap, Mr. Pastucha stated that bollards may not be necessary. He noted that the subject pavement is in a parking lot and not a street so auto speeds are generally slower as in any parking lot where pedestrians walk in drive aisles.
Ms. Jubany stated that she would like to see gangway gates designed consistent with the building on the final submittal. She asked the design team to look into treating the podium concrete. She suggested that something else be done with the overhang and the tower.

Mr. Phinney clarified that the applicant will be providing public access seating as an amenity with potential telescopes or sculptures. In response to a comment by Mr. Phinney about safety with limited pool access, Mr. Hyde stated that the lessee’s intention is restrict pool access to hotel guests.

**Mr. Wong moved to approve the project; Seconded by Ms. Jubany; motion unanimously approved.**

D. Consideration of the 2012 Design Control Board Meeting Schedule.

Mr. Lopez presented the proposed schedule of meetings for 2012.

**Public Comment**
Jon Nahhas requested some night meetings.

Mr. Wong stated that he is available for night meetings but staff is on payroll and there will be a tax-payer expense with night meetings.

Mr. Jones stated that the County is not opposed to night meetings and suggested to keep daytime meetings. Night meetings could be held for projects believed to be better served in the evening.

Larry Hafetz emphasized that members of the public can submit issues in writing regarding projects if unable to attend the meetings. He pointed out that members of the public can send in e-mails to request night meetings for projects in which they have an interest. Mr. Phinney proposed that during the summer, the DCB meetings could be prescheduled for night meetings.

Mr. Pastucha asked why are the meetings scheduled at 12:30, He stated that is has caused him scheduling conflicts.

**Mr. Wong moved to change the DCB Meeting from 12:30PM to 1:30PM beginning January 2012, Seconded by Mr. Pastucha; motion unanimously approved.**

7. **Staff Reports**
The Board received and filed items 7A-Temporary Permits, 7B-Ongoing Activities Report and 7C-Marina del Rey and Beach Special Events.

8. **Adjournment**
Mr. Wong moved to adjourn at 3:22 p.m.; Seconded by Ms. Jubany; motion unanimously approved.

Respectfully Submitted,

Yeni S. Maddox
Temporary Secretary for the Design Control Board

FROM:    Santos H. Kreimann, Director  

SUBJECT: ITEM 5A — PARCEL 8 — THE BAY CLUB — DCB #08-010-C — CONSIDERATION OF PROPOSED FINAL DESIGN AND DESIGN CONTROL BOARD REVIEW RELATED THERETO

Item 5A on your agenda is a returning submittal from Parcel 8, The Bay Club (Applicant), for the renovation of an existing 205-unit, three-building apartment complex located at 14035 Tahiti Way, Marina del Rey.

During the October 19, 2011 meeting, your Board approved Parcel 8's final design for complete site rehabilitation, but conditioned the Applicant to return with design modifications. Approval of the project included three conditions to consider for the final design: a more rhythmic promenade paving design, a redesign of the proposed dock gates along the promenade, and landscape lighting transitioning to a night scene with lower illumination levels and limited to pedestrian walking areas by 11 p.m. The Applicant has incorporated your Board's conditions into the site renovation project as follows:

Promenade  
The project scope now includes a decorative checkerboard pattern to provide a rhythmic paving design along the promenade. The checkerboard pattern will be achieved by means of pavers of a different size (8" x 8") and colors (solid gray and moss) than the pavers arranged in the running pattern throughout the remainder of the promenade. The promenade checkered pattern will repeat at all dock gate entry points, walkways to the parking areas, around bench seating areas and at the promenade parcel end points.

The proposed bench design along the promenade has also been changed and will include concrete footings to preserve the overlapping relationship between the pavers and landscape. The tubular steel guardrail has also been modified and shows all footings off the seawall.

Dock Gates  
The Applicant has redesigned the proposed dock gates with a more modern concept to reflect the geometric and rectilinear forms of the proposed building design. The gates will have a composition of opaque panels and square weave wire mesh of varying openings to provide a design with different transparency levels. Each gate will have laser cut numbers to identify the gangway and will include a color palette consistent with that of the proposed building accent colors along each entry lobby area.
Design Control Board  
January 12, 2011  
Item 5A  
Page 2

Landscape Lighting
The Applicant will set illumination timers to dim landscape lighting to low levels at 11 p.m. The promenade lighting will remain lit at a constant level and will be set to shut-off at dawn.

STAFF REVIEW
The Applicant has modified the proposed promenade paving, dock gate design and landscape illumination schedule to meet the Design Control Board’s request. As submitted, the project includes a consistent promenade and building restoration design, which meets the requirements from the October 2011 meeting and is consistent with the Marina del Rey Minimum Standards of Architectural Treatment and Construction.

The Department recommends FINAL APPROVAL of DCB #08-010-C.

SUBJECT: ITEM 6A - PARCEL 27 - JAMAICA BAY INN - DCB #12-001 - CONSIDERATION OF LANDSCAPE MODIFICATIONS AND DESIGN CONTROL BOARD REVIEW RELATED THERETO

Item 6A on your agenda is a submittal from Jamaica Bay Inn (Applicant) seeking approval for landscape modifications along the perimeter of the property. The site is located at 4175 Admiralty Way.

Landscape Modifications
Applicant requests approval from your Board to modify the landscape design for the planting along the street perimeter of Jamaica Bay Inn. The proposed landscape design will reduce the large asphalt parking view along Admiralty Way and Palawan Way. The proposed landscape palette will provide a more effective screen for parked vehicles and will create a uniform backdrop for the lower foreground planting. The height of the proposed shrubs, Ligustrum ‘Suwanee River’ and the Dietes grandiflora, are in the same size range as the existing approved planting (Daylily, Berkeley Sedge and Evergreen Eulalia). The proposed 14 evenly spaced Queen Palms along Admiralty Way and Palawan Way streetfronts are consistent with the landscape of the property and adjacent properties. The existing focal point planting will remain at the pedestrian entry points and the planting in the existing bio-swale will remain the same with larger sweeps of color.

STAFF REVIEW
The proposed landscape modification is consistent with the overall landscape theme of the property and is subject to your Board’s review and approval. As proposed, staff finds that the landscape layout, plant material and quantity are consistent with the Specifications and Minimum Standards of Architectural Treatment and Construction.

The Department recommends APPROVAL of DCB #12-001 with the condition that the Applicant obtain further review and approval from the Department of Regional Planning.

TO: Design Control Board
FROM: Santos H. Kreimann, Director

SUBJECT: ITEM 6B – BRIEFING ON THE 2012 DESIGN CONTROL BOARD MEETING SCHEDULE

During the December 21, 2011 meeting, your Board approved the 2012 meeting schedule with a starting time at 1:30 p.m. on the third Wednesday of the month at the Burton Chace Park Community Building, 13650 Mindanao Way, Marina del Rey. The staff report for this item provided that evening meetings would be arranged whenever there is an agenda item that has broad community interest, such as the first time a development project is presented or policy initiatives by the Department of Beaches and Harbors or Department of Regional Planning are discussed. Your Board requested for staff to consider an evening meeting schedule and provide a report during the January 2012 meeting.

Staff reviewed the frequency of evening meetings in 2010 and 2011. There were two evening meetings in 2010 and none in 2011. The items of interest from the two evening meetings in 2010, one in February and the other in April, included the review of public amenities at the Oceana Retirement Facility (Parcel OT) and Holiday Harbor Court (Parcel 21), and a presentation of the County’s proposed response to the Marina del Rey Local Coastal Program Periodic Review (February agenda), and the Marina Beach Concept Plan update (April agenda).

Attendance at DCB meetings were not recorded, but we reviewed the number of members of the public who spoke on items. Nine members of the public spoke at the February 2010 meeting and four spoke at the April 2010 meeting. The September 2010 meeting (in the afternoon) where the Marina del Rey Local Coastal Program amendment was discussed was well attended with 16 speakers providing comments. The August 2010 afternoon meeting also had five members of the public speak (when the Parcel 64 renovation project was considered). All other meetings had zero to three speakers with most of the meetings having only a single speaker.

Based on staff’s review of the number of public speakers at the meetings, it appears that it is the agenda item and not the meeting time that influence meeting attendance. Staff recommends scheduling evening meetings when there will be an agenda item of broad community interest as described above.

SUBJECT: ITEM 6C – BRIEFING ON ONLINE POSTING OF DCB MONTHLY SUBMITTALS

During the December 2011 meeting, your Board received an inquiry from a member of the public about the Department’s posting of monthly DCB submittals and asked for staff to report on this matter during the January 2012 meeting.

Currently, the Department’s mail-out procedure meets Brown Act guidelines. By each Thursday before the week of a Design Control Board meeting, hard copies of the agenda, staff reports and applicant submittals are made available at four public viewing locations; Chace Park Community Center, Visitor’s Center, Lloyd-Taber MdR Library and the Department’s Administration Building. Additionally, the agenda and all reports (without actual applicant submittals) are posted on the Department’s website the same Thursday.

The Department has reviewed its online server limits and determined that online posting of full applicant DCB submittals will be feasible for a two-week duration. This two-week posting timeframe is not anticipated to create significant server impacts, and will commence on the Thursday before the DCB meeting. All applicant submittals will be released along with the staff reports to the public on mail-out day (Thursday before the DCB meeting). After the expiration of the two-week posting period, the submittals will continue to be available for viewing at the Department’s Planning Division office.

We will begin the online posting of submittals for items that will appear on the February 15, 2012 DCB meeting.

          Gary Jones
FROM:     for Santos H. Kreimann, Director

SUBJECT: ITEM 7B - ONGOING ACTIVITIES REPORT

BOARD OF SUPERVISORS ACTIONS ON ITEMS RELATING TO MARINA DEL REY
No items relating to Marina del Rey issues since last meeting.

REGIONAL PLANNING COMMISSION’S CALENDAR
No items relating to Marina del Rey issues since last meeting.

COASTAL COMMISSION’S CALENDAR
The Coastal Commission meeting was held January 11 to 12, 2012 at the Annenberg Community Beach House in Santa Monica, California.

On January 11, 2012 (Item 8B), the Coastal Commission approved on consent the application for coastal development permit to refurbish the existing 6,257 square feet, 3-story Boathouse in Marina del Rey on Parcel 48 in Basin H. The refurbishment includes seismically retrofitting the building and upgrading accessibility features for compliance with Americans with Disabilities Act (ADA). The Boathouse is currently used by the County for the Water Awareness, Training, Education and Recreation (W.A.T.E.R.) program.

LOCAL COASTAL PROGRAM PERIODIC REVIEW UPDATE
The major amendment to the Marina del Rey Local Coastal Program (LCP) was approved by the California Coastal Commission on November 3, 2011. On November 29, 2011, the Board of Supervisors ratified the Commission’s approval of Amendment No. 1-11 with conditions, and returned the item to the Commission. Final action will be taken by the Commission’s Executive Director who will determine that the County’s ratification was legally adequate.

SMALL CRAFT HARBOR COMMISSION
Minutes for the November 2011 meeting is attached. The Commission did not hold a meeting in January 2012, therefore, the December 2011 meeting minutes will be approved at a future meeting.

MARINA DESIGN GUIDELINES UPDATE
Staff continues to complete the directed amendments to the draft design guidelines.
REDEVELOPMENT PROJECT STATUS REPORT
The current Marina del Rey Redevelopment Project Descriptions and Status of Regulatory/Proprietary Approvals report is attached.

SHK:il
Attachments (2)
Call to Order and Pledge of Allegiance:
Chair Lumian called the meeting to order at 10:05 a.m., followed by the Pledge of Allegiance.

Approval of Minutes:
Commissioner Rifkin requested the Department amend the minutes to reflect the answer to his question on the minutes.

Jon Nahhas commented the minutes did not accurately reflect his comments in the meeting and handed out a written request of changes to be made in the minutes.

Motion to approve by Commissioner Rifkin per his comment and review Jon Nahhas’ request, seconded by Commissioner Delgado, unanimously approved.

Item 3 – Communication from the Public:
Jon Nahhas asked for the County to provide specific information about the lease option agreement language, slip vacancies and actual rental prices of the leasehold slips.

Commissioner Delgado asked staff about procedures for requesting public record.

Mr. Jones replied lease agreements can be found on the Department’s web site and public records can be requested via e-mail or in writing.

Item 4a - Sheriff Regular Reports
Lieutenant Gauut provided the crime statistics and the liveaboard reports.

Chair Lumian asked if 285 is the maximum number for liveaboard permits.

Lieutenant Gauut replied the number of liveaboard permits fluctuates as boaters travel in and out of the marinas.

Item 4b – Marina del Rey and Beach Special Events Report
Ms. Love provided the report.

Item 4c – Marina del Rey Convention and Visitors Bureau
Ms. Moore spoke about the promotion of hotel projects in Marina del Rey during the off season. Ms. Moore also explained the PR campaign designed to reach out to both resident and visitor populations.

Ms. Moore described the promotions targeting to groups of visitors.
Chair Lumian asked Ms. Moore to provide the link to the articles written by the travel journalists.

Ms. Moore said she will provide the link.

**Item 5 – Old Business**

None to report

**Item 6a – California Coastal Commission Hearing on Marina Local Coastal Program Major Amendment and Master Waterside Permit Application**

Mr. Jones provided a brief on the approval received from the California Coastal Commission.

Mr. Trip provided a brief summary report on the approval of the Local Coastal Program amendment.

Mr. Jones spoke about the approval of the Master Waterside Permit Application and the Commission’s recommendation.

John Rizzo commented about the approval of the project.

Jon Nahhas presented the audio track of an edited video of the California Coastal Commission meeting held in Oceanside.

Chair Lumian commended the Department for the effort and time put on the project.

Commissioner Rifkin asked staff if any of the additional requirements requested by the Commission would severely impact the Department’s ability to move forward and would the conditions be difficult to satisfy.

Mr. Jones answered that additional time will be required to monitor the suggested modifications relating to adherence to conditions of approval for the waterside permit and as it relates to the LCP, water quality.

Mr. Tripp said the 70 modification requests provided by the Coastal Commission had been reviewed and found to be acceptable. Most of them were water quality related and had been included in the periodic review.

Chair Lumian suggest the Department to invite “Heal the Bay” in the future meeting.

Mr. Jones replied yes.

**Item 6b – Proposed 2012 Commission Meeting Schedule**

Commissioner Rifkin asked about the policy of including evening meetings when important agenda items were to be presented.

Chair Lumian asked the Department if there would be enough funds for an evening meeting if necessary.

Mr. Jones talked about the possibility of holding an evening meeting if deemed necessary due to an agenda item have wide interest in the community.

Chair Lumian asked about holding a hearing as opposed to a meeting for an item of special interest.

Mr. Faughnan commented that a hearing as opposed to a meeting required additional notice items and that the history of the commission is that the items are discussed via meetings.

Commissioner Delgado pointed out the report had mentioned about the possibility of having an evening meeting.

Jon Nahhas spoke of his support for holding evening meetings. He asked that major items be presented during evening meetings. He also suggested that regularly scheduled evening meetings should be held periodically to increase the ability of the public to attend meetings.
Motion to approve by Commissioner Delgado and seconded by Commissioner Rifkin with the flexibility of calling evening meetings, unanimously approved.

Item 6c – WATER Program Participation
Ms. Rodriguez provided the report.

Commissioner Delgado asked with the budget curtailment, will the Department still be able to serve 6,500 kids

Ms. Rodriguez, the Department is target at around 6,000 and the Department had already served 4,500 by September.

Chair Lumian commented that it is a wonderful program.

Commissioner Delgado asked how she can assist in promoting the program to the district she represents.

Ms. Rodriguez will provide the program coordinator’s information.

Chair Lumian commented that transportation can be a factor that causes low participation in certain districts.

Item 6d – Discover Marina del Rey Day Participation
Ms. Love provided information about how the survey is taken and provided the report.

Commissioner Delgado asked how many people had attended the event.

Ms. Love estimated that about 4,000 people had attended the event.

Chair Lumian suggested expanding the outreach to bring people in from outside the area. He also asked if the Spring might be a more appropriate time of year for the event.

Ms. Love said her group will evaluate a way to shift the calendar schedule to move to before Summer.

Item 7a – Staff Report
Mr. Jones provided the staff report.

John Rizzo discussed access to the beach area between the Venice Pier and the North jetty.

Jon Nahhas talked about the W.A.T.E.R. program and commented that Marina del Rey should have a tall ship. He also commented on adult recreation programs. He commented on how to best share information with the community and suggested that the Argonaut was the best media outlet to use.

He asked for information from the sherriff’s on boat seizures. He also asked for information on the grants provided to assist people in paying slip fees.

John Lucero made a comment on boats being forced to anchor outside the harbor.

Commissioner Delgado asked about how to best provide public notice on the upcoming bicycle path hearing.

Michael Tripp did not have information about how the item was noticed.

Adjournment
Chair Lesser adjourned the meeting at 11:10 a.m.

SUBJECT: AGENDA ITEM 7C - MARINA DEL REY AND BEACH SPECIAL EVENTS

MARINA DEL REY

BIRDWATCHING EXPERIENCE 2012
Burton Chace Park – Community Room
13650 Mindananao Way ◆ Marina del Rey, 90292

The Los Angeles County Department of Beaches and Harbors Outdoor Adventures are
sponsoring a FREE two-hour excursion through the Ballona Wetlands, with visits to the nesting
sites of the Great Blue Heron and Black Crowned Night Heron. You will also get to visit the
shoreline habitat to observe Sandpipers, including Long-Billed Curlews, Willets, and Western
Snowy Plovers. Don’t miss this chance to get acquainted with the lives of our feathered friends
who are part of our ecosystem! Please bring water, snacks, binoculars, comfortable clothes,
and shoes with traction. For morning sessions, also bring sunscreen and a hat. This activity is
gearied for adults, but may be attended by children who do not need a car seat or stroller, if
accompanied by an adult. Space is limited, so please pre-register by calling (310) 301-9152.

Walk Dates:  February 23, April 26, June 28
             9:00 a.m.
             March 22, May 24
             4:00 p.m.

A County van is available to pick up participants a half hour before the program start time at:
- Dockweiler Youth Center Lobby, 12505 Vista del Mar, Los Angeles, 90245
- Dockweiler RV Park Office, 12001 Vista del Mar, Playa del Rey, 90293

For more information call: (310) 301-9152

HOUSEHOLD HAZARDOUS WASTE AND E-WASTE ROUNDUP
Saturday, February 25, 2012
9:00 a.m. – 3:00 p.m. (approximately)
Dock 52 Parking Lot – 13483 Fiji Way
The County of Los Angeles Department of Public Works and the Sanitation Districts of Los Angeles are sponsoring the annual Household Hazardous Waste and E-Waste Roundup for the proper disposal of environmentally harmful household substances and electronic waste.

For more information call: Los Angeles County Sanitation District at (800) 238-0172 or visit their website at www.lacsd.org.

**BEACH EVENTS**

**UNDERWATER PARKS DAY**
Santa Monica Pier Aquarium
1600 Ocean Front Walk, Santa Monica, 90401
Saturday, January 21
12:30 p.m. – 5:00 p.m.

Heal the Bay’s Santa Monica Pier Aquarium will hold a Underwater Parks Day, celebrating the implementation of Marine Protected Areas in Southern California. The event will feature activities and presentations about the newly designated areas and give visitors the chance to meet many of the marine animals they protect.

Visitors will receive a free canvas tote bag. There will also be a variety of interactive games and activities as part of the event.

For more information call: (310) 393-6149
