Members Absent: Simon Pastucha, Member (Third District)

Department Staff Present: Gary Jones, Director; Charlotte Miyamoto, Planning Division Chief; Michael Tripp, Planning Specialist; Ismael Lopez, Planner; Yeni Maddox, Secretary

County Staff Present: Anita Gutierrez, Department of Regional Planning; Amy Caves, County Counsel

Guests Testifying: Adam Wodka, Signs Now Marina del Rey; Catrina Love, Department of Beaches and Harbors; Brittany Barker, Department of Public Works; Abid Chowdhry, City of Los Angeles-Bureau of Engineering; Darshna Patel, City of Los Angeles-Bureau of Engineering; Dr. Jan Green Rebstock, City of Los Angeles-Bureau of Engineering

1. Call to Order and Pledge of Allegiance

Chair Phinney called the meeting to order at 1:33 PM

On a motion of Mr. Wong, seconded by Vice Chair Jubany, the absence of Mr. Pastucha was excused.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

Mr. Wong led the Pledge of Allegiance.

Chair Phinney requested a change in the order of the agenda so that New Business Item 6A would be heard first. The Board unanimously agreed to Chair Phinney’s request.

2. Approval of August 20, 2014 minutes.

On a motion of Mr. Wong, seconded by Vice Chair Jubany, the August 20, 2014 minutes were approved.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

3. Public Comment

Suzanne Cummings expressed opposition to the Mariner’s Village project.

Art Ford expressed his support of Ms. Cummings’ comments.

4. Consent Agenda

None

5. Old Business

A. Parcel 49S – Marina del Rey Launch Ramp – Further consideration of renovation project credit sign and Design Control Board Review related thereto – DCB #14-004

Mr. Lopez presented the project staff report.

Public Comment

None

Board Comment

Vice Chair Jubany expressed support for approval of the revised sign’s more modern design.
On a motion of Mr. Wong, seconded by Vice Chair Jubany, the item was approved as submitted.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

B. Parcel 95 – QART.com – Further consideration of new tenant signage and Design Control Board Review related thereto – DCB #14-007

Mr. Lopez presented the project staff report.

Public Comment
None

Board Comment
Vice Chair Jubany asked the applicant for the reasoning behind the removal of the sign’s initial color scheme presented at the last meeting.

Mr. Wodka replied that his clients desired a bolder design, and a black and white sign better met this objective.

Chair Phinney asked why the pole sign had two different designs on each side.

Mr. Wodka replied that the view of the east-facing sign was partially obstructed so the applicant chose a different design to highlight the “QART.com” text.

Vice Chair Jubany expressed her preference for the ocean facing design on both sides of the sign.

On a motion of Chair Phinney, seconded by Vice Chair Jubany, the item was approved as submitted with the exception that only the ocean facing sign version is to exist on both sides of the pole sign.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

Mr. Wodka inquired about what procedure the applicants would need to follow if they decided to dispute the exception to the approval.

Chair Phinney responded that the applicant would need to return before the Design Control Board for approval.

C. Marina del Rey Farmers’ Market and 50th Anniversary – Further consideration of seasonal event signage and Design Control Board Review related thereto – DCB #13-016-C

Mr. Lopez presented the project staff report.

Vice Chair Jubany inquired about the approximate time frame of the 50th Anniversary banners’ removal.

Catrina Love replied that they would like to keep the banners up through the year 2015.

Vice Chair Jubany also inquired about the removal of the Beach Eats! banners.

Catrina replied that the banners will remain until January 31, 2015.
Public Comment
Jon Nahhas commented on the advertising of the Farmers’ Market and the Marina del Rey’s 50th Anniversary.

Board Comment
Mr. Wong stated that the 50th Anniversary banners were a good idea and did not object to exchanging the temporary signs.

Vice Chair Jubany commented that the existing installed banners were too small and asked if the proposed signs could be increased in size.

Catrina Love stated that the County’s Department of Public Works (DPW) limits the banner size on the light poles to 18 square feet. The proposed banners are 6’ high by 3’ feet wide. She added that the banner size could be increased to 9’ high by 2’ wide, however the banners would be harder to read.

Vice Chair Jubany stated that the banners she’d observed throughout the city are lower, larger, and have more presence.

Catrina Love stated that DPW does not allow signs to be placed any lower than currently placed.

Chair Phinney asked Department of Regional Planning (DRP) staff if they had any purview over road way signs.

Anita Guttierrez replied that only DPW has purview of signs in the road right of way.

Chair Phinney requested that DPW address the Board to explain the reasoning behind the 18 square foot banner limit.

Vice Chair Jubany stated that it would be nice to have larger signs and requested to increase the square footage.

Catrina Love stated that Department staff would work with DPW on increasing the banner size.

Chair Phinney asked the applicant if there would be any issues if the Board deferred the approval until the following month.

Catrina Love stated that it was preferred for the Board to approve the extension of the Farmers’ Market banners at the current meeting.

Pamela Manning stated that she would obtain a letter from the DPW’s Traffic and Lighting Division advising what could be done about the size of the banner signs by the next DCB meeting.

Chair Phinney stated that he would prefer to have someone from DPW present at the next DCB meeting on the banner size issue and stated that he had no objection to granting the extension of the Farmers’ Market banners.

Pamela Manning asked if the Board would still want DPW staff to present at the next meeting if the request to amend the size was granted.

Chair Phinney replied that if the request to increase the banners to three times the current size was approved then they would not need to address the Board.

Catrina Love asked if there could be further consideration on the design of the 50th anniversary banners.
Chair Phinney asked if the applicant was permitted a larger banner would they want to re-design the sign.

Catrina Love answered affirmatively.

On a motion of Vice Chair Jubany, seconded by Chair Phinney, the item was continued to the next meeting and the extension of the existing Farmers’ Market banners was approved.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

6. New Business
A. Presentation by the Department of Public Works on Marina del Rey Infrastructure Projects

Mr. Lopez introduced the item.

Pamela Manning and Brittany Barker from DPW presented the item.

Public Comment
Art Ford commented on the Via Marina Street Improvement Project and removal of the large mature coral trees.

Suzanne Cummings agreed with Mr. Ford’s comments about the coral trees and spoke about the Oxford Basin project vegetation.

Board Comment
Chair Phinney stated that his recollection was that the coral trees’ removal was due to the intrusive roots degrading surrounding pavement.

Brittany Barker replied that Chair Phinney was correct, and stated that due to the community’s feedback about the conditions of the current pavement along Via Marina, the decision was made to completely resurface the roadway, and to resolve the cause of the damages as well.

Chair Phinney agreed with the public comment and expressed his disappointment regarding the type of trees being installed. He stated that the new trees are considerably smaller than what was proposed and advised that for future projects, the applicants generate more accurate renderings.

Christian Lim stated that one of the main objectives of the project was to improve the overall habitat quality within the Oxford Basin by replacing existing non-native vegetation with native vegetation. He added that a biologist was hired to monitor the project.

B. Presentation by the City of Los Angeles Bureau of Engineering on the Venice Dual Force Main Project

Mr. Lopez introduced the item.

Abid Chowdhry, Darshna Patel, and Dr. Jan Green Rebstock of the City of Los Angeles presented the item.

Public Comment
Art Ford asked about the start date of the project on Lot 13, the work hours of the project, and if a CDP was filed.
Jon Nahhas asked the Board for their assistance in obtaining details of this project.

Tim Riley asked how the actions taken would minimize impacts on the residents and invited the City’s staff to a Lessees Association meeting to discuss these concerns.

**Board Comment**

Abid Chowdhry stated that the Board’s input would be appreciated in terms of tree replacements and suggestions on how to minimize the impact to the community.

Mr. Wong asked if the information was presented to the Board approximately a year ago and asked if there were any previous minutes with the information.

Mr. Lopez stated that there was no previous discussion on this project. The previous project presented was the Waterline project, a County project. The Dual Force Main was a City project.

Mr. Wong recommended that the City focus on public outreach. He also stated that the DCB does not support any tree cutting without knowledge of the impact to the birds and suggested that the City provide a tributary sewer because the City requires a sewer study, which involves what area contributes the flow in to this line.

Chair Phinney recommended boxing and replanting the removed trees in place to minimize impacts. He also reiterated Mr. Wong’s comment about public outreach and suggested having public meetings and to make sure to reach out to all the impacted residents.

Ms. Miyamoto stated that the DBH would provide the City with an e-mail list of the constituents who have expressed interest in receiving notifications about Marina matters and stated that she would reach out to the current lessees on Via Marina that would be impacted.

Chair Phinney expressed his concern about the safeguards in place for the trenching under the channel, in the event that the force main breaks.

Abid Chowdhry replied that there would be a dual pass underneath the channel and the City would micro-tunnel 40’ to 60’ below the channel floor. The force main would be 54” in diameter and the shaft will be 16’ to 24’ feet in diameter.

Abid Chowdhry also stated that there would be a lot of public outreach.

Vice Chair Jubany expressed her support for the other Board Member’s comments and asked for the status on the design process.

Abid Chowdhry replied that they are currently in the permitting phase and the design is completed.

Vice Chair Jubany asked if they have enough detailed information that can be shared with everyone.

Abid Chowdhry replied affirmatively and stated that they would try to implement the tree suggestion, if funding permits, and stated that there would be visuals available at future public meetings depicting the proposed project.

Dr. Jan Green Rebstock introduced the Public Outreach Consultant, Trisha Murakawa, Tonya Durrel, and Danielle Sevilla.

Trisha Murakawa spoke about their community outreach efforts and reassured the Board that they are working closely with the community.
Chair Phinney asked Trisha Murakowa to work with Charlotte Miyamoto to obtain email and mailing lists.

C. Presentation by the Department of Regional Planning on Freestanding Sign Regulations

Mr. Lopez introduced the item.

Ms. Gutierrez presented the report.

Mr. Wong asked if free-standing pole signs are permitted per County code.

Ms. Gutierrez answered affirmatively.

**Public Comment**
Jon Nahhas spoke about the need for updated design guidelines.

Patricia Younis spoke about the Marina’s outdated signs and revising the sign code.

**Board Comment**
Chair Phinney inquired about the status of the design guidelines and suggested that the ordinance be updated to prohibit pole signs specifically in the Marina.

Mr. Jones replied that the design guidelines was a very significant element to the Marina del Rey Vision Statement.

Mr. Tripp added that the Vision Statement went before the Regional Planning Commission in September and would go before the Board of Supervisors in October. He also stated that if the Supervisors approved it, the Department would start implementing one of the short term goals of the Vision Statement, which is to update the design guidelines.

7. **Staff Report**
   A. Temporary Permits Issued By The Department

Mr. Lopez reported that there were no temporary permits issued.

**Public Comment**
None

B. Ongoing Activities Report

Mr. Jones mentioned that the Vision Statement’s most recent version was presented before the Regional Planning Commission and that they referred it to the Board of Supervisors for their review and action. It should be on the Board’s agenda by the end of October.

Ms. Gutierrez mentioned that the second scoping meeting for the Mariner’s Village project was well attended and that new issues were discussed. She added that the new issues would be incorporated into the Draft Environmental Impact Report (DEIR).

All other reports were received and filed.

**Public Comment**
Jon Nahhas spoke about the Brown Act and the Vision Statement process.
C. Marina del Rey Special Events

Mr. Jones stated that the summer concert series was successfully completed, that Discover Marina del Rey would be held on Sunday, October 12th, and that a movie would be shown at Chace Park to celebrate Halloween.

Public Comment
Patricia Younis announced that the Marina del Rey Historical Society event “Tribute!” honoring Jerry B. Epstein for his contributions to Marina del Rey would take place on October 24th at 6 p.m.

Tim Riley reiterated Ms. Younis comments.

Jon Nahhas spoke about recognizing individuals that assisted in developing Marina del Rey and music genres at the concerts.

Chair Phinney asked staff about the Chase Bank sign located on Lincoln Blvd. He mentioned that he did not recall approving the sign and asked staff to report on the matter.

Amy Caves replied that discussing this item at the current meeting would be a violation of the Brown Act as it was not included on the agenda, however the Board could ask staff to report back at the next meeting.

On a motion of Chair Phinney, seconded by Vice Chair Jubany the Board voted to place a report on the Chase Bank sign on the next agenda.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

Chair Phinney suggested that the DCB acknowledge the 50th anniversary throughout the next year and suggested that each meeting (12 meetings) be dedicated to a historical event or person that has made an impact on the Marina.

On a motion of Chair Phinney, seconded by Vice Chair Jubany the Board voted to place on the agenda for the next meeting, a discussion item on dedicating each of the 12 meetings in 2015 to a different historical event or person that made an impact in Marina del Rey.

Ayes: 3 – Chair Phinney, Vice Chair Jubany, and Mr. Wong

8. Adjournment
Chair Phinney adjourned the meeting at 3:42 PM.

Respectfully Submitted,

SUBJECT: ITEM 5A – MARINA DEL REY 50TH ANNIVERSARY CELEBRATION BANNERS – DCB #13-016-C – FURTHER CONSIDERATION OF EVENT SIGNAGE AND DESIGN CONTROL BOARD REVIEW RELATED THERETO

Item 5A on your agenda is a returning submittal from the Department of Beaches and Harbors’ Community and Marketing Services Division (CMSD), seeking approval for new banners promoting the Marina’s 50th Anniversary celebration.

Background
At the September 2014 meeting, CMSD requested approval of new Marina del Rey 50th Anniversary light pole banners to replace the existing Beach Eats banners located throughout Marina del Rey. Approval of 50th Anniversary banners was requested through December 2015.

Your Board expressed that the proposed 50th Anniversary light pole banners were too small and placed too high on the light poles. Catrina Love, representing CMSD, stated that a larger sign at a lower height was desirable, however the current size and placement was a result of limitations placed on the signs by the County’s Department of Public Works (DPW). The item was continued in order to give CMSD time to discuss the Board’s requested modifications with DPW.

Marina 50th Anniversary Light Pole Banners
CMSD is requesting approval of a new light pole banner design to commemorate the upcoming 50th Anniversary of Marina del Rey. Similar to the existing Farmers’ Market light pole banners, the new 50th Anniversary banner would measure 6’ high by 3’ wide, and would replace all 31 Beach Eats banners that are co-located with the Farmers’ Market banners. The Farmers’ Market light pole banners are located on light poles within the Fiji Way, Admiralty Way, and Via Marina medians, as well as at Marina Beach parking lot 10. Both Farmers’ Market and 50th Anniversary banners would be placed in a tiered manner as the current banners exist. Approval of these new banners is being requested through December 2015.

The Marina del Rey 50th Anniversary light pole banner design graphics are consistent with the official logo used for promotion of all 2015 celebratory events. The banners
would serve as the primary outdoor source to announce the Marina’s 50th Anniversary to residents, visitors and passersby.

Two banner options are provided for your Board’s review and consideration. Both have similar layout, fonts, graphics, and the same text, except that they vary in the overall blue background color. CMSD requests approval of either option to be placed alongside the 31 Farmers’ Market light pole banners.

The proposed banner font types and color graphics would be displayed as follows:

Banner Option 1 (Dark Blue) Details
Option 1 would have a light blue to dark blue background color gradation and would read “Celebrating 50 Years of Marina del Rey” in Helvetica Neue Bold white font, over the 50th Anniversary logo with a white glow outline, which consists of the number 50 in gold color, a sail boat inside the number “0” in different shades of blue, and “Marina del Rey” running across both numbers in Helvetica Neue Bold white font. The bottom portion of the banner below the logo would read “LA’s Marina” in Caflisch Script MM yellow font with a red underline, over the years “1965 – 2015” in Lucida handwriting Italic yellow font. The banner would also include stars and streamers in multiple light-colored shades flowing in the background.

Banner Option 2 (Light Blue) Details:
Similarly structured as Option 1, the proposed Option 2 banner would have a light blue to white background color gradation. The top of the banner would read “Celebrating 50 years of Marina del Rey” in Savoy LET Plain 1.0 white font, over the 50th Anniversary logo, which consists of the number 50 in black color with a gold outline, a sail boat inside the number “0”, with black hull and sail in multiple shades of blue, and “Marina del Rey” running across both numbers in Helvetica Neue Bold red font. The bottom portion of the banner below the logo would read “LA’s Marina” in Caflisch Script MM dark blue font with a light blue brushed underline, over the years “1965 – 2015” in Savoy LET Plain 1.0 dark blue font. This banner would also include stars and streamers in multiple light-colored shades flowing in the background.

STAFF REVIEW
The proposed request for temporary banners is before your Board pursuant to Section 2.a. of the Revised Permanent Sign Controls and Regulations (Sign Controls). The proposed signage on the light poles is intended to catch the attention of motorists, pedestrians, and cyclists who travel through the Marina.

The Sign Controls currently allow the Department to issue temporary sign permits for up to 60 days for any particular special event. For continued use beyond the 60 days, your Board’s review and approval are required. CMSD is requesting approval to install new 50th Anniversary banners, which would replace the existing Beach Eats banners. Approval for the 50th Anniversary banners is requested through December 2015.

Item 5A
Page 3

Staff finds that the proposed dimensions and locations of the signage conform to Sign Controls standards. The new 50th Anniversary banners would be placed along existing light pole banners currently used to promote the Farmers' Market and no new light poles would be used. The proposed signs are temporary in nature and the timeframes requested are adequate for promoting these public events serving the Marina del Rey community.

The Department recommends APPROVAL of DCB #13-016-C as submitted.

SUBJECT: ITEM 6A – PARCEL 50 – PAPER SOURCE – DCB #14-008
CONSIDERATION OF NEW BUSINESS IDENTIFICATION SIGNAGE
AND DESIGN CONTROL BOARD REVIEW RELATED THERETO

Item 6A on your agenda is a submittal from Paper Source (Applicant), a new tenant seeking approval for permanent business identification signage. These would include one façade sign mounted along the front elevation and one façade sign mounted along the rear elevation. The Applicant’s retail space is located at 4718 Admiralty Way, Suite A-13 (formerly “Chicos” retail space), and is within the Waterside Marina del Rey Shopping Center.

Façade-Mounted Sign
The Applicant’s proposed front façade sign consists of 16" high by 14'-8½" wide, 1" deep acrylic lettering (“Paper Source”) with internal LEDs and an aluminum cloud backing to provide halo illumination. The lettering would be seal grey and the cloud backing would be matte white. The Applicant’s brand logo would be churlish green. The sign would be centered on the metal awning above the storefront, 10' above grade, and occupy an area of 23.3 square feet.

The proposed rear façade signage consists of 14" high by 12'-11" wide acrylic lettering (“Paper Source”) with internal LEDs, and no aluminum cloud backing. The total sign area is 15.07 square feet and would be centered over the rear entrance and wall-mounted, 12' above grade. The proposed lettering is seal grey and the logo is churlish green.

The signs would be illuminated in conformance with the facility-wide hours of illumination: from dusk until 11:30 p.m., or the closing of the latest-open restaurant, whichever is earlier.

Door Mounted Sign
The Applicant is proposing a vinyl sign to be placed on the glass store front doors. The sign would read “Paper” on one entry door with matte white lettering measuring 5” high by 20” wide, and “Source” on the second entry door measuring 5” high by 24” wide.
STAFF REVIEW
The proposed business identification signage request is before your Board pursuant to Section 2.a. of the Revised Permanent Sign Controls and Regulations (Sign Controls). Staff finds that the dimensions and materials of the requested permanent signs meet the standards set forth in Sections 4 and 5 of the Sign Controls. Signage hours of illumination will conform to the shopping center’s current schedule, which is from dusk until 11:30 p.m., or the closing of the latest-open restaurant, whichever is earlier. The proposed signs and hours of illumination are consistent with the Waterside Shopping Center’s sign program approved by the DCB July 2009.

The Department recommends APPROVAL of DCB #14-008 as submitted, with the condition that the Applicant obtains further review and approval from the Department of Regional Planning before installation.

SUBJECT: ITEM 6B – PARCEL 95 – EPSTEEN & ASSOCIATES – DCB #14-009
CONSIDERATION OF NEW BUSINESS IDENTIFICATION SIGNAGE
AND DESIGN CONTROL BOARD REVIEW RELATED THERETO

Item 6B on your agenda is a submittal from Epsteen & Associates (Applicant), a new tenant seeking retroactive approval for one existing permanent business identification sign. The Applicant’s office space is located at 480 Washington Boulevard, within the Parcel 95 Marina West Shopping Center leasehold.

Façade-Mounted Sign
The design of the existing painted aluminum façade sign appears as a white banner, between two dark blue columns with yellow striped accents. The sign is 36” high by 80” long and consists of 10” high dark blue lettering which reads “Epsteen & Associates” in custom font. The sign is wall-mounted, 7” deep, and 57” above grade facing Washington Boulevard.

The sign has pre-existing blue and yellow neon mounted to the sign face, however it is not connected to a power source and is not proposed to be illuminated.

STAFF REVIEW
The Applicant installed the sign without advising staff. This is the second new tenant sign on Parcel 95 that is being presented to your Board after-the-fact. Your Board recently approved the QAert.com sign. The lessee has been reminded again about the proper procedure for signage approvals.

The proposed business identification signage request is before your Board pursuant to Section 2.a. of the Revised Permanent Sign Controls and Regulations (Sign Controls). Staff finds that the dimensions and materials of the requested permanent sign meet the standards set forth in Sections 4 and 5 of the Sign Controls.

The Department recommends APPROVAL of DCB #14-009 as submitted, with the condition that the Applicant files with the Department of Regional Planning an application deemed complete, within 30 days of your Board’s approval. Otherwise, the sign must be removed.

SUBJECT: ITEM 6C – PARCEL 76 – UPDATE ON THE CHASE BANK SIGNAGE

At the September 2014 meeting, your Board requested information on the current signage at Chase Bank, and if that signage was consistent with your Board's approval. Chase Bank is located at 4676 Admiralty Way, within the Parcel 76 Marina Towers leasehold.

Staff has reviewed the recently installed sign, the Design Control Board (DCB) approval record, and consulted with the Department of Regional Planning (DRP). The installed sign is smaller, but substantially consistent with the one approved by the DCB on May 16, 2012. The Regional Planning Commission denied the variance for the large free-standing sign that was approved by the DCB. Subsequently, the applicant reduced the sign in size, and added a directional arrow and this allowed for the sign to be approved with a Director's Review. That is the version of the sign that was installed.

SUBJECT: ITEM 6D – CONSIDERATION OF THE 2015 DESIGN CONTROL BOARD MEETING SCHEDULE

The attached 2015 meeting and submittal filing schedule is provided for your consideration. All of the Design Control Board meetings are proposed to begin at 1:30 p.m. on the third Wednesday of each month at the Burton Chace Park Community Building, 13650 Mindanao Way, Marina del Rey, 90292. The proposed 1:30 p.m. meeting start time is consistent with the 2014 schedule.

As has previously been discussed by the Board, evening meetings may be arranged whenever there is an agenda item with broad community interest, such as the first time a development project is presented or policy initiatives by the Department of Beaches and Harbors or Department of Regional Planning are discussed.

Temporary Banner for Killer Shrimp Cafe
(TP 14-004)

Dear Mr. Michaels,

By means of this letter, Killer Shrimp is permitted to install one temporary banner announcing the opening of Killer Café for dinner. The proposed banner will measure 2 feet wide by 8 feet long, will be made of vinyl, and will include dinner opening informaton in white Dax font with black background color. The first line would read “NOW SERVING DINNER”, in 4-½-inch high lettering, and “Early Dinner Specials 4:00 – 6:00 pm nightly,” in 1-½-inch high lettering. The banner will be affixed with tie ropes to the existing wooden double-pole freestanding sign, under the Killer Café sign box.

The banner will be permitted from September 12, 2014 through October 11, 2014. The banner must be removed by noon on October 12, 2014. Failure to remove the banner by this time will result in their removal and storage by the County of Los Angeles at your expense. Should you have any further questions, please contact me at (310) 822-4639.

Very truly yours,

SMALL CRAFT HARBOR COMMISSION MINUTES 
August 13, 2014 – 10:05 a.m.

Commissioners: Allyn Rifkin, Chair; Russ Lesser, Commissioner; David Lumian, Commissioner; Dennis Alfieri, Vice Chair (excused absence); Vanessa Delgado, Commissioner (excused absence).

Department of Beaches and Harbors: Gary Jones, Director; Steve Penn, Acting Chief, Asset Management Division; Linda Nava, Real Property Agent II, Asset Management Division; Charlotte Miyamoto, Chief, Planning Division; Michael Tripp, Planning Specialist, Planning Division; Carol Baker, Chief, Community and Marketing Division; Debra Talbot, Manager, Community and Marketing Division.

County: Amy Caves, Senior County Counsel; Deputy Bryan White, Sheriff’s Department; Gina Natoli, Department of Regional Planning.

Marina del Rey Convention and Visitor Bureau: Janet Zaldua, Director.

Chair Rifkin called the meeting to order at 10:05 a.m. followed by the Pledge of Allegiance, and read the Commission’s policy on public comments.

Approval of Minutes:
Chair Rifkin requested to have the minutes amended to reflect that he abstained from approving the April 9th minutes due to his absence.

Motion to approve the amended July 9, 2014 minutes by Commissioner Lesser, seconded by Commissioner Lumian, unanimously approved.

Ayes: 3 – Chair Rifkin, Mr. Lesser, Mr. Lumian

Item 3 – Communication from the Public:
Douglas Fay expressed concern with the maintenance of the Oxford Basin area.

Chair Rifkin requested to have this item be presented at the next meeting.

Jon Nahhas spoke about the boating strategic plan not being on the agenda and about the vacancy rate.

Chair Rifkin asked if staff has any updates on the recreational boating strategy.

Mr. Jones reported that staff is in the process of taking comments and that a comprehensive report will be presented to the Commission at a later date.

Commissioner Lesser noted the Commissioners were provided with a list of all boating assets, including facilities and activities that are available in the Marina. He would like to discuss this item further.

Mr. Jones stated that the updated list will be provided along with the responses to the projects and items discussed. He further stated that he would like to receive input from the Commission and the public on the strategies the Department takes regarding recreational boating.

Item 4 – Communication with the Commissioners
Commissioner Lumian disclosed he had communication with several individuals.

Chair Rifkin reported that he signed letters to the Supervisor Knabe and the Department of Regional Planning regarding the Visioning Process.

Item 5a – Marina Sheriff
Deputy White presented both the Liveaboard and Crime Stats reports.
Commissioner Lesser asked about the theft report.

Deputy White stated that most thefts were from crimes of opportunity, including the grand thefts of stolen bicycles.

Commissioner Lesser noted that from looking at the statistics the Marina is a safe and almost crime free area.

Deputy White concurred.

Chair Rifkin extended an invitation to the new captain to attend the meeting.

Deputy White stated he will pass on the invitation.

**Item 5b – Marina del Rey and Beach Special Events**
Ms. Baker presented the staff report.

**Item 5c – Marina Boating Section Report**
Ms. Talbot provided a status update on Mast-Up Storage, Parcel 77 and the Waterbus. The written responses to Commissioner Lumian’s questions were provided to the Commissioners and the public.

**Item 5d – Marina del Rey Convention and Visitors Bureau**
Janet Zaldua talked about the various media outreach to promote Marina del Rey, and presented a PowerPoint presentation on the promotion of “Beach Buddies”. She also discussed the hiring of a business development manager.

Jon Nahhas commented on providing more programs and diverse music for the public.

Douglas Fay complimented Ms. Zaldua’s presentation. He suggested surveying the public to find out the types of programs that the public would like to have.

Commissioner Lumian thanked the Boating Section for responding to his questions. He expressed concerns about the website stating that only sailboats up to 28-feet are allowed to be stored at the location, and that people have found it difficult to submit applications. He asked if those 74 vacancies included or excluded the powerboats.

Mr. Jones responded that they included the powerboats.

Ms. Talbot confirmed.

Commissioner Lumian asked when the powerboats are moved will the vacancy number go up.

Mr. Jones replied that it would go up by 10 or 11 spaces.

Commissioner Lumian inquired as to how long the information was posted online regarding the application for Mast-Up Storage not being accepted.

Mr. Jones stated that he did not know the answer nor did he know the reason as to why it was posted.

Commissioner Lumian would like to see an online application be available.

Mr. Jones stated the systems are being revamped and expanded.

Chair Rifkin stated those are the types of suggestions that need to be listed in the boating strategies. He also mentioned having a survey for future events to see demographically who visited Marina del Rey.
Item 6a – Update on Marina del Rey Visioning Statement

Gina Natoli provided an update on the Visioning Statement. She reported they are working on revising and preparing the Statement for the Regional Planning Commission (RPC) review in early September. The documents would then be submitted to the Board of Supervisors (Board) in October. In preparation for the document to go before the RPC meeting it would be released for public review at the end of August.

Jon Nahhas played an audio recording of a meeting; he spoke about the launch ramp, public participation and process.

Chair Rifkin asked if Ms. Natoli was aware of a letter sent to Supervisor Knabe and Mr. Bruckner.

Ms. Natoli replied yes that she has seen it.

Chair Rifkin stated he would like to go on record and expressed that he was not aware Supervisor Knabe in any way directed the relocation of Fisherman’s Village.

Commissioner Lumian stated that the Commission was informed the new plan would be available for review since it would not go to the RPC until September.

Ms. Natoli responded that the document needed to be revised and the final comments needed to be incorporated before the RPC meeting.

Commissioner Lumian stated that the next SCHC meeting is on September 10th and asked if the document would be available for review and public input.

Mr. Jones stated he thought the Commission would have the opportunity to review and provide additional comments before it goes to the RPC. He also stated that the Commission and the public can provide comments at any time while the document is being presented to the RPC and later to the Board.

Commissioner Lumian asked if the draft document would be available at the September 10th meeting.

Mr. Jones responded that once the draft is released it can be distributed for review and the items be placed on the agenda for discussion at the next meeting.

Commissioner Lumian invited Ms. Natoli to come back in September.

Chair Rifkin stated he supports attending the RPC meeting and getting more input from the public.

Commissioner Lumian asked for confirmation that the Fisherman’s Village is to stay where it is and that the launch ramp would not be moved.

Ms. Natoli replied that that is correct. She stated that the RPC meeting is either on September 10th or 17th and any comments made would be submitted along with the document when it goes to the Board.

Commissioner Lumain suggested that if the SCHC meeting conflicts with the RPC meeting it should be rescheduled to a different day.

Mr. Jones responded that a special meeting can be coordinated.

Commissioner Lesser stated that focus was lost on the rest of the report because of the Fisherman’s Village and launch ramp issues.
Captain Alex Balian commented on the issue of timing and how the public input can be provided before the draft is presented to the RPC.

Ms. Natoli responded that the Visioning Statement would be released at end of August and would be available for public comment up until the RPC meeting.

Chair Rifkin stated due to the RPC schedule the most effective way for the public to provide input is by writing letters and directing comments at the RPC and the Board meetings. He further stated that there will also be an opportunity to provide comments at the next SCHC meeting.

Patricia Younis asked when the public comments will be available, what are the changes, and if comments from the RPC will be drafted for review or would it be sent along with the drafted document to the Board.

Ms. Natoli responded that the public comment period will be from when the draft document is released until the RPC meeting. The boat launch ramp has been completely removed from the document and staff cannot make changes unless they are being directed by the RPC. When the document is released for submission to the Board the public comment period will be available.

Commissioner Lesser asked if the document can be presented to the RPC on September 17th.

Ms. Natoli stated she will check.

Mr. Jones thanked Ms. Natoli for her updates and assistance in moving the project along.

Commissioner Lumian stated if the RPC meeting ends up being a conflict with the SCHC meeting, he suggested reschedule the SCHC meeting.

Mr. Jones replied he will keep it in mind.

**Item 7 – New Business**
None

**Item 8 – Staff Reports**
Mr. Jones provided the staff report.

Mike Pashaie provided an update on the status of Fisherman’s Village.

Aaron Clark talked about the regulatory process and public support.

Chair Rifkin would like to have a timeline with specific steps, and requested they work with staff to provide the information.

Mr. Clark stated the next step is the proprietary side, and would work with staff on the request.

Mr. Pashaie added that the timing is about a year and a half to two years.

Jon Nahhas talked about land use changes and the LCP, docks refurbishment and displacement plan.

Captain Alex Balian read item number two from Resolution No. 2014-07-09 and asked if that is the plan moving forward. He also agreed that a list of action items and dates is needed.

Mr. Clark stated that an LCP amendment is not required.

Commissioner Lumian reported that he met with Mr. Pashaie to discuss the idea of having dinghy docks at Fisherman’s Village. He stated that they would need the Department’s help to implement.
Mr. Jones reported that he did meet with Mr. Pashaie to discuss his concern but have found a way to make the docks available without displacing long time boat tenants.

Commissioner Lumian felt that this was a big improvement and he encouraged looking at other places for dinghy docks. He stated that at the last meeting when the TMDL item was presented he requested additional information on the $4 million budget that was approved by the Board. He would like to have an update on this item and answers to his questions.

Mr. Jones responded that concerning the TMDL, the County is working to prepare for the State Water Board hearing and if any new development occurred, the Commission will be provided with a status update. In the meantime a briefing on the Board approved funds and studies could be provided.

Commissioner Lumian requested to have a breakdown on how the money is going to be spent.

Commissioner Lesser would like to have an update on the Oxford Basin Project.

**Adjournment**
Chair Rifkin adjourned the meeting at 11:43 a.m.
