DIRECTOR’S MESSAGE

I’m pleased to present you with this online pamphlet highlighting the Department’s Strategic Plan and identifying not only our goals and objectives through Fiscal Year 2016-17, but also our Vision, Mission, Motto, and Values. We’re especially proud that the included photos were taken by our own employees. To promote an engaged and motivated workforce, employees are encouraged to submit photos of scenes they come across in their daily work for consideration as the “DBH Photo Share of the Week,” distributed Department-wide via email, as well as for the Department’s holiday and birthday cards and special publications such as the pamphlet.

Our overall efforts are focused on enhancing access to and promoting and supporting Marina del Rey and the beaches we own, control and/or manage, while also balancing recreational use with environmental resilience. Providing top-notch service you can count on is the focal point of my leadership and the principle that will guide our actions Department-wide.

Our focus in Fiscal Year 2015-16 is on developing expertise and expanding partnerships toward informed environmental decision-making, improved Marina wayfinding and branding, expanded public outreach and education, and contemplating a process for expanding our recreational offerings.

I hope to ensure strong staff commitment to our work, as well as to proactively develop our future leaders. It is through their empowerment that we will succeed in achieving our vision of preserving and enhancing Los Angeles County’s beaches and Marina del Rey as premier destinations for current and future generations.
