Dear Los Angeles County Residents:

I am pleased to provide you with our Center for Financial Empowerment Resource Directory. This directory provides a comprehensive list of organizations that provide a variety of financial well-being services to County residents. We, along with our partners, believe that effective financial empowerment can help families and individuals increase their financial security.

The Los Angeles County Board of Supervisors established the Center for Financial Empowerment to connect you with services and resources to help you make effective money management decisions. These services include access to safe and affordable financial products, one-on-one financial counseling, asset building, debt reduction, tax filing assistance, and credit repair. We work closely with government agencies, non-profit organizations, social enterprises, schools and universities to bring these resources together in a single place for your convenience. Please use this directory to locate organizations in your community that fit your needs to help you achieve your financial goals.

I hope you find this resource directory informative and useful. Should you have any questions or would like additional information, please call us at (800) 593-8222 or visit our website at dcba.lacounty.gov. We look forward to hearing from you.

Best regards,

Brian J. Stiger, Director
Department of Consumer and Business Affairs

Financial Empowerment Tips*

A financially empowered person is both informed and skilled. They understand how they spend their money, make wise financial decisions, and have access to resources to help them reach their goals. Here are a few tips to help you get started:

- **SET FINANCIAL GOALS** for your short term and long term future. Creating goals can help you turn your vision into reality.
  
  *Goals should be SMART to increase the likelihood that you will achieve them: Specific, Measurable, Achievable, Relevant, Time-bound*

- **MAKE A BUDGET** and stick to it. Making a budget helps you achieve your financial goals and prioritizes how you spend your money (see page 13 for a sample budget worksheet).
  
  *There are budgeting apps that can help you better manage your money. Some apps track your spending in real time and send you alerts when you are close to going over budget.*

- **BUILD AN EMERGENCY FUND** by putting money away each month into a savings account. You should have at least 3 to 6 months of living expenses saved in the event of a job loss or other emergency.
  
  *Having money automatically deposited into a savings account each time you are paid is a great way to build your savings.*

- **PAY OFF DEBT** by either paying debt that has the highest interest rate first or pay the smallest debt with the largest payment possible, until paid off.
  
  *Be sure to incorporate debt repayment into your budget. You should always pay more than the minimum balance on credit card bills. This will help you pay off the debt sooner.*

- **PAY YOUR BILLS ON TIME** to help you build good credit and avoid expensive late fees. Create a bill payment calendar to help keep track of due dates.
  
  *You can enroll in automatic bill payment or signup for text message reminders so you don’t forget to make timely payments. Negotiate due dates to help match your payday.*

- **SAVE FOR RETIREMENT** by taking advantage of retirement plans offered by your employer.
  
  *The U.S. Treasury developed a savings program called myRA to help workers whose employer does not offer a retirement plan. Visit myra.gov for more information.*
