

## Chapter 8.100 - MINIMUM WAGE

### Sections:

#### 8.100.010 - Short Title.

The Ordinance codified in this Chapter shall be known as the "Los Angeles County Minimum Wage Ordinance."

(Ord. 2015-0039, § 3, 2015.)

#### 8.100.020 - Findings.

The Board of Supervisors finds that, as of 2015, twenty seven percent (27%) of the overall population of the County of Los Angeles is living in poverty, which is defined by the California Poverty Measure as an annual household income of less than \$30,785 for a family of four. Many impoverished residents, despite working full-time, earn too little to cover bare necessities such as safe housing, healthy food, adequate clothing, and basic medical care. With each year, the cost of living in the County rises while real wages for the lowest income County residents stagnate or fail to keep pace.

The Board also finds that income inequality is a substantial economic and social issue facing the County. Low income workers often rely on the County as a provider of social support services. When employees do not receive a sufficient wage for their labor, the community and taxpayers bear associated costs in the form of increased demand for taxpayer-funded services, including emergency medical services, homeless shelters, and other social services and community-based services. Therefore, the County has an interest in promoting an employment environment in unincorporated areas that protects government resources while promoting the health, safety, and welfare of workers by ensuring they receive a reasonable wage for the work they perform.

(Ord. 2015-0039, § 3, 2015.)
