your benefits

The County of Los Angeles cares about you and your family. That’s why we offer a comprehensive benefits program that includes medical, dental, life, accidental death and dismemberment, and medical coverage protection (long-term disability health insurance) to help you enrich your life while protecting your future and your loved ones.

ATTENTION! If You Want To Waive Medical Coverage You Must Take Action
To waive medical coverage for 2013, YOU MUST complete a waiver and provide proof that you have other medical coverage even if you’ve done this in the past. If you don’t, you’ll be automatically enrolled in the UnitedHealthcare HMO and you won’t have a chance to waive coverage again until next year.

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a federal law gives you more options about your prescription drug coverage. Please see the Medicare notice on page 7 for more details.

Choose Carefully — Your Elections Are Final
After the enrollment deadline, you will not be able to make any changes until next year’s annual benefits enrollment. The only exception is if you have a qualified change in status, such as a change in family or work situation, which may make you eligible to change your elections. Some examples include birth or adoption of a child, marriage or divorce.

Refer to pages 13-16 of the Summary Plan Description (SPD) for details.

Find More Details in Your Summary Plan Description
Your enrollment materials often refer to the Options Summary Plan Description (SPD). The SPD is a valuable resource containing detailed plan information. You may download a copy of the Options SPD at mylacountybenefits.com.
This table provides highlights for the Options medical plans. All Options medical plans offer coverage for preventive care, routine and major medical care, and behavioral health care.

**UnitedHealthcare HMO**
- Go to www.healthyatcola.com

Your medical coverage includes prescription drug coverage. For more details about your prescription drug benefits, review the Medical and Dental Plans Comparison Chart you received with this guide or contact your medical plan.

If you are taking “maintenance medication” — for high blood pressure, cholesterol, thyroid conditions, or birth control, for example — using your plan’s mail-order service will generally save you money. Plus, you get the convenience of having your medications delivered to you rather than having to pick them up at the pharmacy.

Save Money with Generic Drugs
You’ll save money when you substitute brand-name drugs with generic drugs, which become available when the original patent on the brand-name drug expires. When you’re prescribed a brand-name drug, you should ask your health care provider whether the generic version is available.

dental plans

Your Options program offers two HMO-style dental plan options:

- SafeGuard
- DeltaCare

In addition, you have a PPO-style dental plan option:

- Delta Dental

When you enroll in the HMO-style dental plans, you choose a dental office, which becomes your “primary care office,” and you must go to this office for all of your dental care.

The PPO-style dental plan option offers two different networks of participating dentists and dental care providers:

- Delta Preferred Provider Option (PPO) network: Using this network offers the highest benefits. Most preventive services are covered at 100%; many other services are covered at 85%. You pay no deductible.
- Delta Participating Dentist network: Delta pays benefits based on a fee agreement with the network’s dentists. Most routine services are covered at 85%, after you’ve met a deductible.

When you enroll in a PPO-style dental plan, you can go to any dentist in either network, or to an out-of-network dentist.

When you use network providers, the plan pays higher benefits (you pay less).

prescription drug benefits

Your medical coverage includes prescription drug coverage. For more details about your prescription drug benefits, review the Medical and Dental Plans Comparison Chart you received with this guide or contact your medical plan.

If you are taking “maintenance medication” — for high blood pressure, cholesterol, thyroid conditions, or birth control, for example — using your plan’s mail-order service will generally save you money. Sometimes, the unexpected happens and it affects not just your own life, but also the lives of those you care about. Your Options program offers life insurance, accidental death and dismemberment insurance, and LTD health insurance to protect you and your family.

**Life Insurance**
The County gives you basic life insurance at no cost to you.

- General Members of Retirement Plan A, B, C, or D: You are insured for $2,000.
- Members of Retirement Plan E: You are insured for $10,000.

You may buy optional life insurance of one to eight times your annual salary. You may only increase your insurance amount by one times your annual salary each year.

If you buy optional life insurance, you may also buy a limited amount of life insurance for your spouse/domestic partner and dependent children. The Personalized Enrollment Worksheet in your enrollment packet shows how much you can buy and your monthly cost of coverage. See the Options SPD or go to mylacountybenefits.com for more information.

**Accidental Death and Dismemberment Insurance**
You can buy accidental death and dismemberment (AD&D) insurance at low monthly rates. If you die in an accident, become paralyzed, or lose a limb, eyesight, speech, or hearing because of an accident, your AD&D insurance pays benefits. Review your Personalized Enrollment Worksheet for AD&D coverage amounts and monthly costs.

If you have AD&D coverage under Options, you may also buy coverage for your eligible spouse/domestic partner and dependent children. See the Options SPD or go to mylacountybenefits.com for more information.

**Medical Coverage Protection (LTD Health Insurance)**
If you are a General Member of Retirement Plan A, B, C, D, or E of the Los Angeles County Employees Retirement Association (LACERA) and are enrolled in a UnitedHealthcare or Kaiser medical plan, you are eligible to participate in the LTD health insurance plan. This plan is designed to help you continue your medical insurance coverage if you are eligible for long term disability.

If you are participating in the Options program and become disabled after January 1, 2008, you’ll be covered by LTD health insurance at no cost to you, provided you meet the eligibility requirements. LTD health insurance pays 75% of your monthly medical premium and you pay the remaining 25%. Beginning January 1, 2008, if you’re eligible for LTD health insurance, you can elect to buy additional coverage at a cost of $3.00 per month, which pays 100% of your medical plan premium while you receive LTD benefits.

Keep in mind, if you do not elect (or you cancel) the optional 100% LTD health insurance coverage for a Plan Year, you cannot elect this coverage for the next Plan Year. You must wait two calendar years before you again have the option to elect this coverage. See the Options SPD or go to mylacountybenefits.com for more information.
Spending Accounts offer a great way to save money on health care and dependent care. You never pay federal or state taxes on the money you contribute. That means you could save between 10% and 30% on every dollar you spend on health care or dependent care, depending on your tax bracket. Learn more about eligibility and covered expenses by reading the Spending Account section of the Options SPD.

**Options** offers two types of Spending Accounts:

- **A Health Care Spending Account** allows you to pay for eligible medical expenses with tax-free dollars, including medical plan copays, deductibles, prescription drugs, eyeglasses and contacts, out-of-pocket dental expenses, and many other medical expenses.

- **A Dependent Care Spending Account** enables you to pay dependent care expenses (such as the cost of properly licensed day care centers, summer day camp, nursery school, preschool, child and adult day care provided at your home) while you and your spouse work outside the home.

Dependent Care expenses must relate to the care of either a:
- Child under the age of 13
- Mentally or physically disabled child of any age, or
- Legally dependent adult who spends a minimum of eight hours each day in your home and is unable to care for himself/herself.

See the Options SPD or go to mylacountybenefits.com for more information about what other types of expenses you can pay with tax-free dollars through a Spending Account.

You can enroll in either the Health Care or Dependent Care Spending Account (or both). When you enroll, you decide how much to contribute to each account. You may contribute a maximum of $200 a month to the Health Care Spending Account and $400 a month to the Dependent Care Spending Account in 2013. If you are eligible and enroll in the Dependent Care Spending Account, the County will make a nontaxable monthly contribution based on your annual pay. And you don’t even need to contribute. See the chart below to find out how much the County will contribute in 2013.

### COUNTY CONTRIBUTIONS MAKE YOUR DEPENDENT CARE SPENDING ACCOUNT EVEN MORE VALUABLE

If you enroll in a Dependent Care Spending Account, the County will add money to your account based on your annual pay, whether or not you contribute. The County’s contributions are tax free, but you must enroll to be eligible for the County contribution.

Total contributions, yours and the County’s, to a Dependent Care Spending Account cannot exceed the IRS limit of $4,800 a year if married and filing jointly or $2,500 if married and filing separately.

**New for 2013**

Maximum contribution limits for Health Care Spending Accounts have been reduced from $400 a month ($4,800 a year) to $200 a month ($4,800 a year) to $200 a month ($2,400 a year) as a result of Health Care Reform. Limits to Dependent Care Spending Accounts remain the same at $400 a month ($4,800 a year).

**Use It or Lose It**

You should carefully estimate the amount of expenses that you’ll be able to pay from these accounts to determine how much you want to contribute. If there’s money left in your account at year end, the IRS requires that it be forfeited. That’s why it’s important to take a little time to plan, and don’t put more in your account than you think you need to spend for the year.

Expenses for both types of spending accounts must be incurred by December 31, 2013, and submitted for reimbursement by June 30, 2014. Under the County’s program, some expenses (such as insurance premiums) are not eligible for reimbursement under the Health Care Spending Account.

**Important Note:** The SEIU Local 721 and the plan sponsor, the County of Los Angeles, agreed to an annual maximum dollar amount the County will spend for this benefit in 2013 and how this benefit will be administered. This benefit will be monitored on a monthly basis. If the dollar maximum is reached in any month in 2013, the contribution you receive from the County will be reduced that month and will be suspended for the remainder of the Plan Year. In addition, you may be allowed to make other changes that are consistent with a qualifying change in status, cost, or coverage (for example, revoking your election if your dependent care provider quits or terminates its contract with you). See the Options SPD or go to mylacountybenefits.com for more information.
This notice provides information about your current prescription drug coverage under the County of Los Angeles (County) Options Plan, the prescription drug coverage that will be provided under Options as of January 1, 2013, and prescription drug coverage available for individuals with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether you want to enroll in this coverage. If you are considering enrolling in a Medicare prescription drug plan, you should compare your current coverage, including which drugs are offered and associated costs for those drugs, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

There are two important facts you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans (such as an HMO or PPO) that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. The County has determined that the prescription drug coverage currently offered under the Kaiser HMO and UnitedHealthcare HMO and PPO plans, and the coverage that will be offered under these plans as of January 1, 2013, is on average for all plan participants who participate in any of these health plans expected to pay out as much as the standard Medicare prescription drug coverage will pay, and that such coverage is considered Creditable Coverage. Because all of the health plans available under Options provide Creditable Coverage, you may elect any of these coverage options for the 2013 plan year and not pay a higher premium (a penalty) if you decide to enroll in a Medicare prescription drug plan on a later date, provided that you do not experience a 63-day break in coverage (as discussed in more detail below).

When Are You Eligible to Enroll in a Medicare Prescription Drug Plan?

You may enroll in a Medicare prescription drug plan when you first become eligible for Medicare and thereafter during each calendar year from October 15th through December 7th.

If you lose your Creditable Coverage under Options through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period to enroll in a Medicare prescription drug plan.

What Happens to Your Current Creditable Coverage if You Decide to Enroll in a Medicare Prescription Drug Plan?

If you participate in Kaiser or any of the UnitedHealthcare plans, you may: (1) keep your existing coverage without enrolling in a Part D plan; (2) keep your existing coverage and enroll in a Part D plan as a supplement to that coverage; or (3) drop your existing coverage and enroll in a Part D plan. If you elect Medicare Part D coverage as a supplement to your Kaiser coverage, your current coverage will not be affected. Alternatively, If you elect Medicare Part D coverage through Kaiser and also assign Medicare Parts A and B to Kaiser, you will be placed in the Kaiser Sr. Advantage Plan, which will coordinate with Medicare. If you elect Medicare Part D coverage as a supplement to your UnitedHealthcare coverage, UnitedHealthcare will coordinate with Medicare.

If you do decide to join a Medicare drug plan and drop your current coverage, you and your dependents would be able to reenroll in the future during an Options open enrollment period.

Please contact the County of Los Angeles Benefits Plan Administrator for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

When Will You Pay a Higher Premium (a Penalty) to Join a Medicare Prescription Drug Plan?

It is important to note that if you drop or lose your coverage with the County and, although you are eligible to do so, you do not enroll in a Medicare prescription drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to enroll in a Medicare prescription drug plan on a later date.

If you go 63 continuous days or longer without Creditable Coverage, when you enroll in Medicare prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have such coverage. For example, if you go 19 months without Creditable Coverage, your premium under Medicare may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) for as long as you have Medicare prescription drug coverage. Additionally, you may have to wait until the beginning of the next enrollment period for Medicare prescription drug plans (i.e., October 15th) to enroll in the Medicare coverage.
