

Academic Internship Program

County of Los Angeles ✦ Department of Human Resources

Academic Internship Program

The **Academic Internship Program** is administered by the County of Los Angeles, Department of Human Resources. The program's goal is to place university students within County departments as student interns for the completion of specific projects, research or studies ordered by the Board of Supervisors or developed by a County department. These internships are unpaid and projects are carefully designed to offer each intern a practical and meaningful work experience. Participants normally spend 8-16 hours per week at their internship unless noted differently on the project description.

Who Qualifies?

Academic Internship applicants must be junior, senior or graduate level university students who are currently enrolled in good academic standing and will be completing their internships for academic credit at an Academic Internship partnering educational institution. Upon joining the program, interns must be able to provide their own transportation to and from the internship site. As a general rule, interns are expected to be available at least eight (8) hours a week.
