Comments Report

1. Board Organization and Dynamics

1.4) Comments:

- The meetings are very well organized and stay within the specified time allotted for the meeting.
- The roles of the Board members are clear. Meeting agendas are reviewed and followed, thanks to the preparation of materials by staff and the ongoing commitment of both staff and Board members.

2. Decision Making Processes

2.4) Comments:

- Members of the Board are all able to express their opinions. Issues are well-researched. Whenever there is insufficient information, staff will provide additional information at the subsequent meeting.

3. Trustee orientation and development.

3.4) Comments:

- Board members are kept current on development of nursing and healthcare education programs. Perhaps greater information relative to the status of the program vis a vis others would be helpful.
- If board members represent an outside agency or facility, he or she may not be as well informed of current issues with either program, as there is not that much communication between the quarterly meetings. If informed of issues or developments between meetings, these are best dealt with at the meetings themselves, rather via emails. It may be helpful to wear some type of name badge or name tag that have the member's name, position, and facility that he or she are affiliated with. As a relatively new member, it's taken me a while to put a face and name to their role.

4. Board relationships to program

4.4) Comments:

- Review and provide feedback on school policies
- This is one area in which the Board might assume a more active role. Discussion at future meetings is suggested.

5. Goals

5.4) Comments:

- Participation here is ongoing, reflecting the commitment of the Board members.

6. As a Board member I have participated in the following activities in the past year:

6.6) Comments:

- I was unable to attend the graduation ceremony. However, I was kept informed about the graduation ceremony and the graduation rate.
- Unable to attend

7. I regularly gain information concerning the College by:

7.4) Comments:

- All Board members have the opportunity and the information to stay current and updated on all the issues of the College of Nursing.
