

EmergiPress Continuing Education – 1 Unit CE

September 2020

The EmergiPress Education Newsletter is divided into three sections each month. Completing all three sections should take approximately 1 hour. After completing the sections, the corresponding EmergiPress test can be completed and submitted for 1 unit CE through your provider agency continuing education coordinator. A passing score of 80% and completion of a course evaluation is required for CE credit. Students must also sign-in on an EMS CE Roster.

Objectives:

Upon completing this activity the participant will be able to:

Case of the Month – Trauma Evaluations/HERT Team

- Describe the primary survey used to assess trauma patients
- Describe the management of traumatically injured patients
- Discuss the recognition of a difficult airway
- Discuss considerations for Hospital Emergency Response Team (HERT) activation

ECG of the Month – ST Elevation in lead aVR

- Describe the significance of ST elevation in lead aVR
- Describe potential causes of ST elevation in lead aVR
- Discuss the purpose of Base Contact when interpreting an ECG with ST elevation in lead aVR
- Describe destination consideration for patients with suspected cardiac chest pain

Video Learning Module – Pediatric Cardiac Arrest

- Describe the management priorities in pediatric cardiac arrest
- Discuss the on-scene management approach to pediatric cardiac arrest
- Identify the most common underlying causes for pediatric cardiac arrest
- Discuss recent evidence-based data regarding pediatric cardiac arrest resuscitation
