SUBJECT: **PHYSICIAN SERVICES FOR INDIGENTS PROGRAM FISCAL YEAR (FY) 2013-14--METROCARE ST. VINCENT MEDICAL CENTER**

The County of Los Angeles County is opening enrollment in its Physician Services for Indigents Program - Metrocare St. Vincent Hospital (PSIP-MSVMC) to St. Vincent Hospital for services provided to eligible patients. The County's Board of Supervisors has approved a three-year enrollment period which covers County FYs 2013-14 through 2015-16 (07-01-13 to 06-30-16). Please note the following changes in the attached documents:

Enrollment/Conditions of Participation

- These reimbursement procedures and policies apply to services rendered to eligible patients for a period of three (3) years from July 1, 2013 through June 30, 2016.

The County has simplified the enrollment process. Providers need to submit only one Conditions of Participation Agreement and one Program Enrollment Provider Form for all County Programs.

Each physician providing patient care under this program must complete an enrollment form. This form is for enrollment of a single physician, not a physician group. Any change in the physician information, e.g., office address change, will require resubmission of the enrollment form.

The Conditions of Participation Agreement serves as the official "contract" between the private physician and the County. Each physician participating in PSIP must personally sign and return the agreement. This agreement need only be submitted once during the enrollment period, along with the enrollment form.

Reimbursement Rate

- The reimbursement rate for services remains at 100% of Medicare allowable Area 18 to include patient copayment amount of twenty percent (20%), not to exceed billed charges.

Claim Period

- Claims may only be submitted for eligible services provided during the effective term of the MSVMC Agreement.

BILLING PROCEDURES

JULY 1, 2013 TO JUNE 30, 2016

I. INTRODUCTION

Pursuant to existing contracts with non-County hospitals for indigent services for MetroCare, a Physician Services for Indigents Program-METROCARE ("PSIP-M") has been established by the County of Los Angeles ("County") to provide reimbursement to private physicians ("Physician") for certain professional services that have been rendered in Los Angeles County to eligible indigent patients. Professional physician services herein referred to are limited to emergency, inpatient, and/or limited outpatient (one [1] followup visit) services.

Professional physician services which can be reimbursed under this claiming process are additionally restricted as prescribed by the County, with such restrictions subject to revision from time to time. Current County physician reimbursement restrictions are set forth herein and incorporated in the attached "Department of Health Services Physician Reimbursement Policies for MetroCare. The County has discretion to revise such policies from time to time as deemed necessary or appropriate and if approved by the Board of Supervisors.

In no event may this claiming process be used by Physician if his/her services are included in whole or in part in hospital or physician services claimed by a hospital or by Physician under a separate formal contract with County.

This document defines the procedures which must be followed by Physician in seeking reimbursement under this Program. Submission of a claim by Physician under these procedures establishes (1) a contractual relationship between the County and Physician covering the services provided and (2) signifies Physician's acceptance of all terms and conditions herein.

These claiming procedures are effective immediately; are only valid for covered services to the extent that monies are available therefor; and are subject to revisions as required by State laws and regulations and County requirements. This claiming process may not be used by a physician if he or she is an employee of a County hospital.

II. PHYSICIAN ELIGIBILITY

- A. Physician must complete a Physician Services for Indigents Program--MetroCare "Conditions of Participation Agreement" and "Program Enrollment Provider Form" and provide them to the County's Emergency Medical Services ("EMS") Agency in care of the contracted Claims Adjudicator (see address on page 4). Physician claims will not be accepted if said Agreement is not on file.

- B. Physicians who provide emergency, inpatient, and/or limited outpatient (one [1] followup visit) services to eligible patients in a Los Angeles County acute care hospital with a MetroCare Inpatient Program Agreement, may submit claims hereunder, if emergency, inpatient, and/or limited outpatient (one [1] followup visit) services are provided in person, on site, and in an eligible service setting.
- C. Physicians and surgeons shall be eligible to receive payment for patient care services provided by, or in conjunction with, a properly credentialed nurse practitioner or physician's assistant for care rendered under the direct supervision of a physician and surgeon who is present in the facility where the patient is being treated and who is available for immediate consultation to the extent the physician is authorized to bill for such services and payment for such services will not be made to any hospital participants in the MetroCare Program where such services were rendered. Payment shall be limited to those claims that are substantiated by a medical record and that have been reviewed and countersigned by the supervising physician and surgeon in accordance with regulations established for the supervision of nurse practitioners and physician assistants in California.
- D. An emergency physician and surgeon or an emergency physician group with a gross billings arrangement with a hospital located in Los Angeles County shall be entitled to receive reimbursement for services provided in that hospital, if all of the following conditions are met:
1. The services are provided in a basic or comprehensive general acute care hospital emergency department.
 2. The physician and surgeon is not an employee of the hospital.
 3. All provisions of Section III of these Billing Procedures are satisfied, except that payment to the emergency physician and surgeon, or an emergency physician group, by a hospital pursuant to a gross billings arrangement shall not be interpreted to mean that payment for a patient is made by a responsible third party.
 4. Reimbursement is sought by the hospital or the hospital's designee, as the billing and collection agent for the emergency physician and surgeon or an emergency physician group.

For the purposes of this section, a "gross billings arrangement" is an arrangement whereby a hospital serves as the billing and collection agent for the emergency physician and surgeon, or an emergency physician group, and pays a percentage of the emergency physician and surgeon's or group's billings for all patients.

III. PATIENT ELIGIBILITY/BILLING EFFORTS

Patients covered by this claiming process are only those who do not have health insurance coverage for emergency, inpatient, and/or limited outpatient (one [1] followup visit) services, cannot afford to pay for services rendered, and for whom payment will not be made through any private coverage or by any program funded in whole by the federal government, including Full Scope Medi-Cal. Claims for patients with Limited Scope Medi-Cal will be restricted to services not covered by Medi-Cal.

During the time prior to submission of the bill to the County, Physician must have made reasonable efforts to obtain reimbursement and not received payment for any portion of the amount billed. For purposes of this claiming process, reimbursement for unpaid physician billings shall be limited to the following:

- (a) patients for whom Physician has conducted reasonable inquiry with the hospital to determine if there is a responsible private or public third-party source of payment (e.g., application for coverage under Medi-Cal and/or Medicare, when appropriate), and
- (b) patients for whom Physician has billed all possible payment sources, but has not received full reimbursement.

Upon receipt of payment from the County under this claiming process, Physician must cease any current, and waive any future, collection efforts to obtain reimbursement from the patient.

If, after receiving payment from the County hereunder, Physician is reimbursed by a patient or a responsible third party, Physician shall immediately notify the County (see address below) in writing of the payment, and reimburse the County the amount received from the County.

To the extent such monies are available for expenditure under the Physician Services for Indigents Program - MetroCare, and until such available monies are exhausted, valid claims may be paid. Valid claims will be paid in the order of receipt; that is, if a complete and correct claim is received by County, it will have priority over claims subsequently received.

Physician agrees to assign and subrogate all rights that s/he may have against any patient, his/her responsible relative, any third party tortfeasor for reimbursement as a result of care and services provided by Physician, and/or his/her staff, upon payment by County under the PSIP-M. At its sole discretion, County, and/or its contractor, may proceed independently against such parties for reimbursement to the extent permitted by law regardless of the amount the Physician has received under the PSIP-M. Physician agrees to cooperate with County and/or its contractors in the exercise of the rights assigned and subrogated to County under this provision.

XIII. GENERAL OBLIGATION OF PHYSICIANS SUBMITTING CLAIMS

In addition to any Physician duties specified previously herein, Physicians using this claiming process are obligated as follows:

A. Records/Audit Adjustment

1. Physician shall immediately prepare, and thereafter maintain, complete and accurate records sufficient to fully and accurately reflect the services provided, the costs thereof, all collection attempts from the patient and third-party payers, and revenue collected, if any, for which claim has been made under this claiming process.
2. All such records shall be retained by Physician at a location in Los Angeles County for a minimum of three (3) years following the last date of the Physician services to the patient.
3. Such records shall be made available during normal County working hours to representatives of the County and/or State, upon request, at all reasonable times during such three year period for the purposes of inspection, audit, and copying. Photocopying capability must be made available to County representatives during an on-site audit.
4. County may periodically conduct an audit of the Physician's records. Audits shall be performed in accordance with generally accepted auditing standards. The audit may be conducted on a single claim, a group of claims, or a statistically random sample of claims from the adjudicated universe for a fiscal year. The scope of the audit shall include an examination of patient medical and financial records, patient/insurance billing records, and collections agency reports associated with the sampled claims.

Audited claims that do not comply with program requirements shall result in a refund to the County of the claim amount plus an assessment of fifty percent (50%) of the amount paid for each claim. Audit results may be appealed to the EMS Agency Director, or his/her designee

If an audit of Physician or hospital records conducted by County and/or State representatives relating to the services for which claim was made and paid hereunder finds that (1) the records are incomplete or do not support the medical necessity for all or a portion of the services provided, or (2) no records exist to evidence the provision of all or a portion of the claimed services, or (3) Physician failed either to report or remit payments received from patients or third parties as required herein, or (4) the patient was ineligible for services hereunder, or (5) Physician did not otherwise qualify for reimbursement hereunder, Physician shall reimburse the County as stated above.

County also reserves the right to exclude Physician from reimbursement of future claims for any failure to satisfy conditions of this claiming process.

B. Indemnification/Insurance

By utilizing this claiming process, the Physician certifies that the services rendered by him/her, and for which claim is made, are covered under a program of professional liability insurance with a combined single-limit of not less than one million dollars (\$1,000,000) per occurrence and three million dollars (\$3,000,000) aggregate.

By utilizing this claiming process, the Physician further certifies that his/her workers' compensation coverage is in an amount and form to meet all applicable requirements of the California Labor Code, and that it specifically covers all persons providing services on behalf of the Physician and all risks to such persons.

C. Non-discrimination

In utilizing this claiming process, the Physician signifies that he/she has not discriminated in the provision of services for which claim is made because of race, color, religion, national origin, ancestry, sex, age, physical or mental disability, or medical condition and has complied in this respect with all applicable non-discrimination requirements of Federal and State law.

XIV. COMPLIANCE WITH HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996

Under this Agreement, Contractor ("Business Associate") provides services ("Services") to County ("Covered Entity") and Business Associate receives, has access to or creates Protected Health Information in order to provide those Services.

Covered Entity is subject to the Administrative Simplification requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), and regulations promulgated thereunder, including the Standards for Privacy of Individually Identifiable Health Information ("Privacy Regulations") and the Health Insurance Reform: Security Standards ("the Security Regulations") at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (together, the "Privacy and Security Regulations"). The Privacy and Security Regulations require Covered Entity to enter into a contract with Business Associate ("Business Associate Agreement") in order to mandate certain protections for the privacy and security of Protected Health Information, and those Regulations prohibit the disclosure to or use of Protected Health Information by Business Associate if such a contract is not in place.

Further, pursuant to the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005, *title XIII and title IV of Division B*, ("HITECH Act"), effective February 17, 2010, certain provisions of the HIPAA Privacy and Security Regulations apply to Business Associates in the same manner as they apply to Covered Entity and such provisions must be incorporated into the Business Associate Agreement.

This Business Associate Agreement and the following provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by Business Associate in compliance with HIPAA's Privacy and Security Regulations and the HITECH Act, as they now exist or may hereafter be amended.
