The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the ankle placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

- 19.2 Covered Entity and Business Associate shall mutually agree in advance upon the scope, timing, and location of any such inspection.

- 19.4 That Covered Entity inspects, fails to inspect, or has the right to inspect as provided for in Section 19.1 does not relieve Business Associate of its responsibility to comply with this Business Associate Agreement and/or the HIPAA Rules or impose on Covered Entity any responsibility for Business Associate's compliance with any applicable HIPAA Rules.
- 19.5 Covered Entity's failure to detect, its detection but failure to notify Business Associate, or its detection but failure to require remediation by Business Associate of an unsatisfactory practice by Business Associate, shall not constitute acceptance of such practice or a waiver of Covered Entity's enforcement rights under this Business Associate Agreement or the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate.
- 19.6 Section 19.1 is not intended by the parties to limit in any way the scope of Business Associate's obligations related to Inspection and/or Audit and/or similar review in the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order, or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate.

Contractor and Subcontractors that electronically transmit or store personal information (PI), protected health information (PHI) and/or medical information (MI) shall comply with the encryption standards set forth below. PI is defined in California Civil Code Section 1798.29(g). PHI is defined in Health Insurance Portability and Accountability Act of 1996 (HIPAA), and implementing regulations. MI is defined in California Civil Code Section 56.05(j).

1. Stored Data

Contractors' and Subcontractors' workstations and portable devices (e.g., mobile, wearables, tablets, thumb drives, external hard drives) require encryption (i.e. software and/or hardware) in accordance with: (a) Federal Information Processing Standard Publication (FIPS) 140-2; (b) National Institute of Standards and Technology (NIST) Special Publication 800-57.

Recommendation for Key Management – Part 2: Best Practices for Key Management Organization; and (d) NIST Special Publication 800-111 Guide to Storage Encryption Technologies for End User Devices. Advanced Encryption Standard (AES) with cipher strength of 256-bit is minimally required.

2. Transmitted Data

All transmitted (e.g. network) County PI, PHI and/or MI require encryption in accordance with: (a) NIST Special Publication 800-52 Guidelines for the Selection and Use of Transport Layer Security Implementations; and (b) NIST Special Publication 800-57 Recommendation for Key Management – Part 3: Application-Specific Key Management Guidance. Secure Sockets Layer (SSL) is minimally required with minimum cipher strength of 128-bit.

3. Certification

The County must receive within ten (10) business days of its request, a certification from Contractor (for itself and any Subcontractors) that certifies and validates compliance with the encryption standards set forth above. In addition, Contractor shall maintain a copy of any validation/attestation reports that its data encryption product(s) generate and such reports shall be subject to audit in accordance with the Contract. Failure on the part of the Contractor to comply with any of the provisions of this Exhibit L, Protection of Electronic County PI, PHI, and MH (Data Encryption) Exhibit shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

4. Compliance

The Contractor shall provide information about its encryption practices by completing Exhibit F-4 "LACDMH Contractor's Compliance with Encryption Requirements Exhibit" questionnaire. By submitting, Contractor certifies that it will be in compliance with Los Angeles County Board of Supervisors Policy 5.200, Contractor Protection of Electronic County Information, at the commencement of any contract and during the term of any contract that may be awarded pursuant to this solicitation. The completed forms must be returned to DMH DISO within ten (10) business days to certify compliance.

INFORMATION SECURITY AND PRIVACY REQUIREMENTS EXHIBIT

This Information Security and Privacy Requirements Exhibit (the "**Exhibit**") is an attachment and addition to the Department of Mental Health (DMH) Prevention and Early Intervention (PEI) Services for Eligible Unfunded Individuals by Federally Qualified Health Centers (FQHC) and FQHC Look-Alikes Contract (the "**Contract**") dated and entered into this ____ day of ____ 2018 by and between the County of Los Angeles ("**County**") and ____ ("**Contractor**") and is incorporated into the Contract by reference hereof.

This Exhibit M (Information Security and Privacy Requirements) sets forth information security procedures to be established by Contractor before the effective date of the Contract and maintained throughout the term of the Contract. These procedures are in addition to the requirements of the Contract between the Parties. They present a minimum standard only. It is Contractor's sole obligation to: (i) implement appropriate administrative, physical and technical measures to secure its systems and data to protect and ensure the privacy, confidentiality, integrity and availability of County Data described in Paragraph 9.3 (Contractor Protection of Electronic County Information) of the Contract consisting of but not limited to County Confidential Information, Personally Identifiable Information, and Protected Health Information (PHI), against internal and external threats, vulnerabilities and risks; and (ii) continuously review and revise those measures to address ongoing threats, vulnerabilities and risks. Failure to comply with the minimum standards set forth in this Exhibit M (Information Security and Privacy Requirements) will constitute a material, non-curable breach of the Contract by Contractor, entitling County, in addition to and cumulative of all other remedies available to it at law, in equity, or under the Contract, to immediately terminate the Contract.

1. **Security Policy.** Contractor shall establish and maintain a formal, documented, mandated, company-wide information security program, including security policies, standards and procedures (collectively "**Information Security Policy**"). The Information Security Policy will be communicated to all Contractor personnel, agents and subcontractors in a relevant, accessible, and understandable form and will be regularly reviewed and evaluated to ensure its operational effectiveness, compliance with all applicable laws and regulations, and to address new threats and risks.
2. **Personnel and Contractor Protections.** Contractor shall screen and conduct background checks on all Contractor personnel exposed to County Confidential Information as defined in Paragraph 7.5 (Background and Security Investigations) of the Contract and require all employees and contractors to sign an appropriate written confidentiality/non-disclosure Contract. All Contracts with third-parties involving access to Contractor's systems and data, including all outsourcing arrangements and maintenance and support Contracts (including facilities maintenance), shall specifically address security risks, controls, and procedures for information systems. Contractor shall supply each of its Contractor personnel with appropriate, ongoing training regarding information security procedures, risks, vulnerabilities and threats. Contractor shall have an established set of procedures to ensure Contractor personnel promptly report actual and/or suspected breaches of security.
3. **Removable Media.** Except in the context of Contractor's routine back-ups or as otherwise specifically authorized by County in writing, Contractor shall institute strict

administrative, physical and logical security controls to prevent transfer of County information to any form of Removable Media. For purposes of this Exhibit M (Information Security and Privacy Requirements), "**Removable Media**" means portable or removable hard disks, floppy disks, USB memory drives, zip disks, optical disks, CDs, DVDs, digital film, digital cameras, memory cards (e.g., Secure Digital (SD), Memory Sticks (MS), CompactFlash (CF), Smart Media (SM), Multimedia Card (MMC), and xD-Picture Card (xD)), magnetic tape, and all other removable data storage media.

4. **Storage, Transmission, and Destruction of Personally Identifiable Information and Protected Health Information.** All Personally Identifiable Information and PHI shall be rendered unusable, unreadable, or indecipherable to unauthorized individuals in accordance with HIPAA, as amended and supplemented by the HITECH Act and the California Civil Code section 1798 et seq. Without limiting the generality of the foregoing, Contractor shall encrypt (i.e., National Institute of Standards and Technology (NIST) Special Publication (SP) 800- 111 Guide to Storage Encryption Technologies for End User Devices¹) all Personally Identifiable Information and electronic PHI (stored and during transmission) in accordance with HIPAA and the HITECH Act, as implemented by the U.S. Department of Health and Human Services. If Personally Identifiable Information and PHI is no longer required to be retained by Contractor under the Contract and applicable law, Contractor shall destroy such Personally Identifiable Information and PHI by: (a) shredding or otherwise destroying paper, film, or other hard copy media so that the Personally Identifiable Information and PHI cannot be read or otherwise cannot be reconstructed; and (b) clearing, purging, or destroying electronic media containing Personally Identifiable Information and PHI consistent with National Institute of Standards and Technology (NIST) Special Publication (SP) 800-88, Guidelines for Media Sanitization² and US Department of Defense (DOD) 5220.22-M data sanitization and clearing directive³ such that the Personally Identifiable Information and PHI cannot be retrieved.
5. **Data Control, Media Disposal and Servicing.** Subject to and without limiting the requirements under Section 4 (Storage, Transmission and Destruction of Personally Identifiable Information and PHI), County Data (i) may only be made available and accessible to those parties explicitly authorized under the Contract or otherwise expressly Approved by County in writing; (ii) if transferred across the Internet, any wireless network (e.g., cellular, 802.11x, or similar technology), or other public or shared networks, must be protected using industry standard encryption technology in accordance with the NIST SP 800-52 Guidelines for the Selection and use of Transport Layer Security Implementations⁴; and (iii) if transferred using Removable Media (as defined above) must be sent via a bonded courier or protected using industry standard encryption technology in accordance with NIST SP 800-111 Guide to Storage Encryption Technologies for End User Devices⁵.

The Personally Identifiable Information, PHI, and County Confidential Information shall not be removed or altered in any way. The hardware should be physically sealed and returned via a bonded courier or as otherwise directed by County.
