THE REGENTS OF THE UNIVERSITY OF CALIFORNIA
FOR FISCAL YEARS 2014-15 THROUGH 2018-19
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Request approval to enter into a revised Affiliation Agreement with The Regents of the University of California for the provision of Academic Services related to mental health throughout Los Angeles County.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and authorize the Director of Mental Health (Director), or his designee, to prepare, sign, and execute an Affiliation Agreement (Agreement), substantially similar to Attachment A, with The Regents of the University of California (The Regents), effective July 1, 2014 through June 30, 2015, with four (4) one-year automatic renewal periods, for the provision of Academic Services. The Total Contract Amount (TCA) for FY 2014-15 will be \$649,724.
2. Authorize the Department of Mental Health (DMH) to expend funds, as part of the Agreement, to co-host and conduct the 11th Annual Statewide Integrated Care Conference to be held in October 2014, and annually for the term of the Agreement. For FY 2014-15 the total cost will be \$100,000.
3. Delegate authority to the Director, or his designee, to prepare, sign, and execute future amendments to this Agreement, as necessary, and establish as a new Total Contract Amount (TCA)

the aggregate of the original Agreement and all amendments, provided that: 1) the County's total payments to the contractor under the Agreement for each fiscal year shall not exceed an increase of 20 percent from the last Board-approved TCA; 2) any such increase will be used to provide additional services, including additional training and education services, or to reflect program and/or Board policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel, or his designee, is obtained prior to any such amendments; 5) County and Contractor may, by written Amendment, mutually agree to reduce programs or services and revise the applicable TCA; and 6) the Director of Mental Health notifies your Board and the Chief Executive Officer (CEO) of Agreement changes in writing within 30 days after execution of each new amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Board approval of the recommended actions will allow DMH to continue its long-standing affiliation with University of California at Los Angeles (UCLA), by authorizing DMH to enter into an Affiliation Agreement for a new term with revised provisions for the provision of Academic Services, which includes Graduate Medical Education Service and Other Academic Training Services. This new Affiliation Agreement will replace the current agreement which expires on June 30, 2014.

Graduate Medical Education (GME) Service:

GME Service includes residency training and clinical services provided by UCLA at DMH program sites. GME Service provides a unique opportunity for UCLA residents and fellows to receive training in a complex public mental health system, and, in turn, helps ensure the availability of highly skilled clinicians in the future. UCLA places over 30 psychiatry residents and child and adolescent psychiatry fellows (trainees) in DMH programs, where, as part of their training, they provide direct clinical services to mental health clients; these clinical services are billable, thus generating revenue for the Department. DMH staff provide the clinical supervision for the trainees and UCLA faculty provide the academic supervision and teaching for the trainees.

Other Academic Training Services (OATS):

OATS are training and education services provided by UCLA to DMH staff and others to improve clinical skills related to providing mental health treatment. Through its long-standing affiliation with the Department, UCLA has developed a deep understanding of Los Angeles County's mental health system. This gives it the ability to provide customized trainings that meet the unique needs of DMH staff and its client population. Under the OATS provisions of the Affiliation Agreement, UCLA will provide training and education to DMH directly operated and contractor staff to strengthen DMH's ability to deliver services to individuals comprising of underserved populations in Los Angeles County, and services consistent with the State Mental Health Services Act (MHSA). Specific deliverables will be developed for each of the customized trainings, and amended into the agreement.

Additionally, UCLA will coordinate and organize the DMH and UCLA jointly sponsored Annual Statewide Integrated Care Conferences that will reinforce best practices and competencies gained through OATS. The conferences include a curriculum that represents all age groups (i.e. children, transition age youth, adults, and older adults), and the MHSA Innovations focal populations. The conference attracts professionals from all over the nation, and attendees include DMH and contractor employees; mental health, primary care, and substance abuse professionals; and

consumers and family members. Registration fees will be discounted for 300 DMH employees and waived for 20 consumers and/or family members.

Administrative Services:

UCLA will provide administrative services which include oversight of the provision of all services under the Agreement, personnel management, oversee financial processes, and general UCLA training program coordination and supervision. In addition, UCLA will assign representatives to participate in a Joint Mental Health Operations Committee, where UCLA staff and DMH staff will meet quarterly for the following purpose: strategic planning, approval of the scope of GME service, approval of additional OATS, resolving conflicts or disputes, and development of outcome measures to evaluate the effectiveness of services provided under the Affiliation Agreement.

Implementation of Strategic Plan Goals

The recommended actions support the County's Strategic Plan Goal 4, Health and Mental Health.

FISCAL IMPACT/FINANCING

Academic Services will be fully funded with Sales Tax Realignment funds, Medi-Cal and State MHSA revenue. The TCA for this Agreement is \$649,724 for FY 2014-15 and is included in DMH's Final Adopted Budget. Funding for future fiscal years will be requested in DMH's annual budget request.

There is no net County cost associated with the recommended action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

DMH's existing Affiliation Agreement with The Regents will expire on June 30, 2014, but the need for its unique and specialized services throughout Los Angeles County remains. To address concerns related to the operation of the prior Affiliation Agreement, the Affiliation Agreement format has been substantially revised over the course of the last year. It now includes only academic related services and has clear requirements and principles of accountability for UCLA with regard to these services and clear restrictions on the parties' ability to expand the scope of services provided. Under the Agreement, services may only be provided by UCLA faculty, UCLA employees, and UCLA trainees. OATS are restricted to those services where UCLA has exceptional expertise, or a particular ability as a result of its specialized understanding of DMH Programs or its patient population.

The new Affiliation Agreement excludes two previously included services. The Training, Intervention, Education, Services (TIES) for Adoption program that provides specialty mental health services at a clinic based site has been removed from the Affiliation Agreement. DMH will present to your Board for approval a Legal Entity Agreement with The Regents of the University of California for the TIES for Adoption program.

The Graduate Medical Education Services through Harbor-UCLA (H-UCLA) Medical Center, which funds academic teaching and supervision by H-UCLA Medical Center Faculty of Department of Health Services (DHS) psychiatric residents and fellows who provide mental health services to DMH clients, has also been removed. DMH has working on a Memorandum of Understanding with DHS to pay DHS for H-UCLA MC Faculty graduate medical teaching services. DHS will present to your Board for approval an Amendment to the DHS Medical School Affiliation Agreement that will shift these services to the DHS MSAA.

The Agreement includes changes to certain County standard terms and provisions to accommodate UCLA's status as a public entity and the unique relationship of the parties, including the County's standard insurance provisions and Health Insurance Portability and Accountability Act Business Associate provision. Many of the standard County requirements, including those on Exclusion from Federal Healthcare Programs, and Non-Discrimination were made applicable to the County, as well as UCLA. Additionally, the Agreement includes mutual indemnification. The Agreement format includes provisions recently mandated by your Board include Security and Background Investigations, Air or Water Pollution Requirements, Time off for Voting, and CARD.

The attached Agreement format has been approved as to form by County Counsel. The CEO has been advised of the proposed actions. DMH will supervise and monitor adherence to the Agreement's provisions and that DMH Policies are being followed.

In accordance with your Board Policy Manual, Section 5.120, Authority to Approve Increases to Board Approved Contract Amounts requirements, DMH notified your Board on May 28, 2014, (Attachment B), identifying the need for requesting a percentage increase exceeding ten percent that has been reviewed by the Chief Executive Officer.

CONTRACTING PROCESS

The first formal Affiliation Agreement was established in 2001 to create a framework for one of the long-standing reciprocal relationships that DMH has developed with local academic institutions over the years. UCLA and DMH have partnered closely since 1978 to enhance the provision of mental health services to DMH clients, to develop innovative mental health programs, to provide training to DMH employees, and to jointly sponsor and coordinate other activities that improve the mental health and well-being of the community. These activities over the decades have been governed through an Affiliation Agreement.

The purpose of this Affiliation Agreement is to accomplish the shared goals of transferring state-of-the-art treatment strategies from academia to the community and to provide training for psychiatry residents and fellows. Because this Agreement is a replacement of the current expiring Agreement between DMH and The Regents and the services are specific to the University (i.e. UCLA trainees and faculty), the Department did not advertise this Agreement on the Los Angeles County Online Web Site. Additionally given the unique nature and scope of the services provided by UCLA under this Agreement, as well as the historic relationship between DMH and UCLA, the Department determined it was not feasible to competitively bid this contract.

Further, these services are not subject to the provisions of County Code Chapter 2.121, Contracting With Private Business (Proposition A). The Regents of the University of California is a corporation established under the Constitution of the State of California and is charged with the duty under Section 9 of Article IX of the Constitution of the State of California to administer the University as a public trust, and has been characterized by the courts to be a branch of State government.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Board approval of the proposed action will allow the Department to continue providing sites for

medical teaching and an avenue for The Regents to train departmental staff. Placing UCLA trainees in directly operated sites improves access to care for the community, increases the volume of consumers served, and provides revenue to the Department. In addition academic services contribute to successful recruitment and retention of well-trained psychiatrists with public mental health experience. This Agreement strengthens DMH's ability to deliver care consistent with MHSA goals and augments the skills of clinical staff thereby improving treatment outcomes, decreasing adverse events, and increasing client satisfaction.

AFFILIATION AGREEMENT

THIS MASTER AFFILIATION AGREEMENT is made and entered into this _____ day of _____, 2014, by and between the County of Los Angeles ("County") on behalf of its Department of Mental Health ("DMH"), and The Regents of the University of California, on behalf of the University of California Los Angeles ("UCLA" or "Contractor"). DMH and UCLA may be individually referred to as a "Party" or collectively as "the Parties."

Whereas, DMH is committed to the ongoing development of effective systems of care that use state-of-the-art concepts, technologies, and skills, all focused upon the needs of the communities it serves. DMH is also committed to providing sites for medical teaching that will help ensure availability of highly skilled clinical staff in the future. Accessing services from academic institutions that share these values assists DMH in realizing these commitments; and

Whereas, UCLA operates a medical school and conducts graduate medical education programs for resident physicians and fellows and desires access to facilities in which these trainees can obtain broader clinical learning experiences; and

Whereas, UCLA recognizes that one of its missions preparing its graduates for distinguished careers in medicine, furthering understanding of complex human behavior, and fostering an environment that integrates education and research with exemplary patient care demand extensive community-based experience; and

Whereas, UCLA, through its Department of Psychiatry and Biobehavioral Sciences, has considerable expertise in operating physician post graduate medical education programs in psychiatry and in training personnel on state-of-the-art concepts, technologies, and skills in the treatment of mental illness; and

Whereas, this Agreement is founded upon the belief that a continued affiliation between UCLA and DMH will not only benefit both parties, but also the community that both of these public institutions serve.

Further, this Agreement will be governed by, and construed in accordance with, all laws, regulations, and contractual obligations of DMH under its agreement with the State.

13.29 Captions and Section Headings

Captions and section headings used in this Agreement are for convenience only and are not a part of this Agreement and will not be used in construing this Agreement.

13.30 Alteration of Terms

No addition to, or alteration of, the terms of the body of this Agreement, whether by

written or oral understanding of the parties, their officers, employees or agents, will be valid and effective unless made in the form of a written amendment to this Agreement which is formally approved and executed by the parties in the same manner as this Agreement.

The County's Board of Supervisors or Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in the Agreement during the term of this Agreement. The County reserves the right to add and/or change such provisions as required by the County's Board of Supervisors or Chief Executive Officer. To implement such orders, an Amendment to the Agreement will be prepared and executed by UCLA and by the Director of Mental Health.

13.31 Notice to Employees Regarding the Federal Earned Income Credit

UCLA will notify its employees, and will require each subcontractor to notify its employees, that they may be eligible for the federal Earned Income Credit under the federal income tax laws. Such notice will be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

13.32 Use of Recycled-Content Products

Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, the UCLA agrees to use recycled-content paper to the maximum extent possible when providing Academic Services under this Agreement.

13.33 Compliance with Jury Service Program

13.33.1 Jury Service Program

This Agreement is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

13.33.2 Written Employee Jury Service Policy

Unless UCLA has demonstrated to the DMH's satisfaction either that UCLA is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that UCLA qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), UCLA will have and adhere to a written policy that provides that its Employees will receive from the UCLA, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit

any fees received for such jury service with the UCLA or that the UCLA deduct from the Employee's regular pay the fees received for jury service.

For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has an Agreement with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of UCLA. "Full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) UCLA has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If UCLA uses any subcontractor to perform services for the County under the Agreement, the subcontractor will also be subject to the provisions of this Section. The provisions of this Section will be inserted into any such subcontract Agreement and a copy of the Jury Service Program will be attached to the Agreement.

If UCLA is not required to comply with the Jury Service Program when the Agreement commences, UCLA will have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and UCLA will immediately notify DMH if UCLA at any time either comes within the Jury Service Program's definition of "Contractor" or if UCLA no longer qualifies for an exception to the Program. In either event, UCLA will immediately implement a written policy consistent with the Jury Service Program. DMH may also require, at any time during the Agreement and at its sole discretion, that UCLA demonstrate to DMH's satisfaction that UCLA either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that UCLA continues to qualify for an exception to the Program.

UCLA's violation of this section of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may,

in its sole discretion, terminate the Agreement and/or bar UCLA from the award of future County Agreements for a period of time consistent with the seriousness of the breach.

13.34 Notice to Employees Regarding the Safely Surrendered Baby Law

UCLA will notify and provide to its employees, and will require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Attachment II of this Agreement and is also available on the Internet at www.babysafela.org for printing purposes.

13.35 UCLA's Acknowledgement of County's Commitment to the Safely Surrendered Baby Law

UCLA acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. UCLA understands that it is the County's policy to encourage all County Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at UCLA's place of business.

UCLA will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply UCLA with the poster to be used.

13.36 No Exclusion From Participation in a Federally Funded Program

13.36.1 Each Party hereby represents that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the federal government, directly or indirectly, in whole or in part, and that a Party will notify the other Party within 30 calendar days in writing of: (1) any event that would require the Party or a staff member's mandatory exclusion from participation in a federally funded health care program; and (2) any exclusionary action taken by any agency of the federal or State governments against the Party or one or more staff members barring it or the staff members from participation in a federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part. This warranty and notice requirements apply equally to suspensions from the Medi-Cal program as well as any other federally funded health care programs including but not limited to Medicare and Healthy Families.

There are a variety of different reasons why an individual or entity may be excluded from participating in a federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of the Inspector General (OIG), and State officials have the discretion not to exclude.

The mandatory bases for federal exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by federal healthcare program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its subcontractors or its significant business transactions; (6) loss of a state license to practice a healthcare profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Mandatory exclusions under State law from Medi-Cal are similar but also include convictions of a misdemeanor for fraud or abuse involving the Medi-Cal program or a Medi-Cal beneficiary.

13.36.2 UCLA will provide the certification set forth in Attachment III (Attestation Regarding Federally Funded Program) as part of its obligation under this Section 13.36.

13.36.3 UCLA will also comply with DMH Policy "Contractors Eligibility to Provide Goods and Services to Federally Funded Health Care Programs and to Secure Federally Funded Contracts" which includes the following topics: 1) Contractor's responsibility for any and all Civil Monetary Penalties

associated with repayments for claims submitted for excluded or suspended agencies or individuals and 2) Contractor's responsibility to provide employee identification information with three (3) business days should DMH or its representatives request it related to sanction list screening compliance.

Failure by UCLA to meet the requirements of this Section 13.36 will constitute a material breach of Agreement upon which DMH may immediately terminate or suspend this Agreement.

13.37 Contractor Responsibility and Debarment

The following requirements set forth in the County's Non-Responsibility and Debarment Ordinance (Title 2, Chapter 2.202 of the County Code) are effective for this Agreement, except to the extent applicable State and/or federal laws are inconsistent with the terms of the Ordinance.

- A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.
- B. UCLA is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of UCLA on this or other Agreements which indicates that UCLA is not responsible, the County may, in addition to other remedies provided in the Agreement, debar UCLA from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing Agreements the Contractor may have with the County.
- C. The County may debar a Contractor if the Board of Supervisors finds, in its discretion, that the Contractor has done any of the following: (1) violated a term of an Agreement with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3)

committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

- D. If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative will be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department will be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
- F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board will be presented to the Board of Supervisors. The Board of Supervisors will have the right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.
- G. If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interest of the County.
- H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred

for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board will conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing will be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

- I. The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board will present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

- J. These terms will also apply to subcontractors of County Contractors.

13.38 Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions (45 C.F.R. PART 76)

UCLA hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, UCLA certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, UCLA certifies that, to its knowledge, none of its subcontractors, at any tier, or any owner, officer, partner, director or other principal of any subcontractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. UCLA will immediately notify County in writing, during the term of this Agreement, should it or any of its subcontractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of UCLA to comply with this provision will constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

13.39 UCLA's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the certification in Attachment IV, the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)."

13.40 Improper Consideration

13.40.1 UCLA shall immediately report any attempt by a county officer or employee to solicit such improper consideration. The report shall be made either to the county manager charged with the supervision of the employee or to the County Auditor-Controller's employee fraud hotline at (800) 544-6861.

13.40.2 Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment, or tangible gifts.

13.41 Termination

County may, by providing written notice at least thirty (30) days in advance to UCLA, terminate UCLA's right to proceed under this Agreement if it is found that consideration, in any form, was offered or given by UCLA, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing this Agreement or securing favorable treatment with respect to the award, amendment or extension of the agreement or the making of any determinations with respect to UCLA's performance pursuant to the Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against UCLA as it could pursue in the event of default by UCLA.

14.0 Contractor Alert Reporting Database (CARD)

The County maintains databases that track/monitor contractor performance history. Information entered into such databases may be used for a variety of purposes, including determining whether the County will exercise a contract term extension

option. The Parties agree that prior to making any CARD report adverse to Contractor, the issue(s) giving rise to the potential report must have been discussed by the Parties during a JMHOC meeting.

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

The Safely Surrendered Baby Law allows a parent or adult who is unable or unwilling to care for a baby to legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro es una ley que protege a los bebés recién nacidos que son abandonados por sus padres o adultos. La ley permite que cualquier persona que encuentre a un bebé recién nacido lo entregue al personal de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. El bebé debe ser entregado dentro de los 72 horas del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

SUBJECT: **NOTICE OF INTENT TO REQUEST DELEGATED AUTHORITY TO APPROVE A PERCENTAGE INCREASE EXCEEDING TEN PERCENT OF THE TOTAL AGREEMENT AMOUNT FOR THE AFFILIATION AGREEMENT BOARD LETTER FOR FISCAL YEARS 2014-15 THROUGH 2018-19**

This is to advise your Board that the Department of Mental Health (DMH) is scheduling a Board letter for the June 10, 2014, agenda that requests approval to enter into an Affiliation Agreement with The Regents of the University of California, effective July 1, 2014, through June 30, 2015, with a provision for four one-year automatic renewal periods through Fiscal Year 2018-19. DMH requests an additional ten percent for a total of twenty percent delegated authority upon execution of a new and revised Affiliation Agreement for the provision of Academic Services.

In accordance with Board of Supervisors' Policy 5.120, prior Board notice is required for any department requesting delegated authority to increase Board-approved contracts over ten percent.

JUSTIFICATION

This Agreement funds Academic Services, which has three components: Administrative Services, Graduate Medical Education Services, and other Academic Training Services, including an Annual Statewide Integrated Care Conference. The Graduate Medical Education (GME) service component provides residency and fellowship training, at three directly-operated sites, for individuals who are enrolled in Accreditation Council on GME accredited programs. Commitments to trainees are made at least three months prior to the start of each rotation, and should DMH want to increase the number of residency commitments or expand to additional directly-operated sites, DMH would need to give at least a six-month advanced notice to the University of California, Los Angeles (UCLA). Furthermore, since this Agreement funds multiple services, training programs, and a conference, the increased delegated authority will allow DMH greater capacity to amend this Agreement to expand opportunities for trainees and directly-

operated sites, as well as training opportunities for DMH clinicians. Finally, the Annual Statewide Integrated Care Conference budget is based on past year's costs; the increased delegated authority will allow DMH to adjust the budget to ensure that we completely cover any increased costs associated with the Conference (e.g., space and materials) and that the Department continues to attract nationally recognized speakers.

Therefore, in most instances where speed and response time are of key importance, the objectives to maximize, prioritize, and increase access to services will more effectively meet the County's mission, "To Enrich Lives Through Effective And Caring Service." Should there be a need to exceed the twenty percent delegated authority, DMH will return to your Board with a request for authority to amend the Agreement accordingly.

NOTIFICATION TIMELINE

Consistent with the procedures of Board Policy 5.120, we are informing your Board of our intention to proceed with filing the Board letter with the Chief Executive Officer for the June 10, 2014, Board meeting.

If you have questions or concerns, please contact me, or your staff may contact Richard Kushi, Chief, Contracts Development and Administration Division, at (213) 738-4684.
