

☒ Cultural Competency

☐ CGF Designation

INCREASING SPANISH MENTAL HEALTH CLINICAL TERMINOLOGY

DATE & TIME: June 27, 2018

8:30AM - 4:30PM

All registration is completed on the Learning Net prior to the training. Sign-in begins 30 minutes prior to the training time. All participants must arrive during the sign-in period. Late arrivals will not be admitted.

PLACE: Double Tree Hotel Los Angeles
120 S Los Angeles Street (Los Angeles Room)
Los Angeles, CA 90012

PARKING: Underground paid parking on premises (Self-park \$38.00, or valet for \$44.00).
Parking at Weller Court, on 2nd Street; cost is \$9.75.

This training is intended to increase cross-cultural knowledge and skills with Spanish-speaking populations, specifically to increase clinician and bilingual staff's vocabulary and use of terms related to the provision of mental health services such as assessment, diagnosis, treatment and crisis intervention. Additionally, topics will cover challenges that present when not only interpreting/translating but overall performing services in Spanish, for example: using incorrect or misleading terminology, misunderstanding of translated information, misdiagnosis, inappropriate diagnosis, and other unintended consequences. The training is designed for participants of varying levels of Spanish-language proficiency. Written and conversational Spanish language knowledge is highly recommended for participation.

TARGET AUDIENCE: For DMH and DMH Contracted agency staff, working with Spanish speaking consumers and families.

OBJECTIVES: As a result of attending this training, participants should be able to:

- 1) Demonstrate, in Spanish, translating/interpreting or overall use of appropriate terminology applicable in mental health treatment.
- 2) Demonstrate increased knowledge and skills of Spanish terms associated with conducting evidenced based interventions such as cognitive behavioral therapy.
- 3) Identify ways to communicate cross-culturally with community members and others across diverse settings and situations.
- 4) Examine useful Spanish terminology when working or collaborating with families, governmental institutions/partners and health professionals.
- 5) Identify Spanish terminology to use in assessment, development of a treatment plan and related interventions and referral for services.
- 6) Utilize appropriate Spanish terminology when discussing consent for services, hospitalization and reporting laws.
