BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

32 April 8, 2014

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

Dear Supervisors:

**AUTHORIZATION TO AWARD MENTAL HEALTH SERVICES ACT – PREVENTION AND EARLY INTERVENTION FUNDING TO SIX LEGAL ENTITY SERVICE PROVIDERS FOR FISCAL YEARS 2013-14 AND 2014-15 AND APPROVAL TO ENTER INTO A SOLE SOURCE CONSULTANT SERVICES AGREEMENT WITH PREVENTION SCIENCE CONSULTING, LLC (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

**SUBJECT**

Request approval to: 1) award funding to six Legal Entity Contract Service providers to provide Prevention and Early Intervention services to Transition Age Youth; and 2) enter into a Sole Source Consultant Services Agreement with Prevention Science Consulting, LLC for training, consultation, and technical assistance to promote the implementation of a Community-Defined Evidence practice.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Approve and authorize the Director of Mental Health (Director), or his designee, to prepare, sign and execute amendments, substantially similar to Attachment I, to six existing Department of Mental Health’s (DMH) Legal Entity (LE) Agreements (Agreements), listed in Attachment II, for the provision of services developed by the Center for the Assessment and Prevention of Prodromal States (CAPPS) Prevention and Early Intervention (PEI) Demonstration Pilot to Transition Age Youth (TAY) and their families. The cost award of the CAPPS Demonstration Pilot is \$2,631,113 for Fiscal Year (FY) 2013-14 and \$5,262,224 for FY 2014-15 fully funded by Federal Financial Participation (FFP) and State Mental Health Services Act (MHSA) Revenue. The amendments will be effective upon your Board’s approval in the amount of \$2,631,113 and \$2,768,020 for FYs 2013-14 and 2014-15,

respectively. The specific allocation for each LE Contractor is shown on Attachment II.

2. Delegate authority to the Director, or his designee, to prepare, sign and execute future amendments to these LE Agreements, including amendments that increase the Maximum Contract Amount (MCA), provided that: 1) the County's total payments to each contract provider in any fiscal year do not exceed an increase of 20 percent from the MCA which the Board is being asked to approve in Recommendation 1; 2) any such increase will be used to provide additional services or to reflect program and/or Board policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel, or his designee, is obtained prior to such amendment; 5) County and Contractors may, by written amendment, mutually agree to reduce programs, services or extend the term of the Agreements; and 6) the Director notifies your Board and the Chief Executive Officer (CEO) of Agreement changes in writing within 30 days after execution of each amendment.

3. Approve and authorize the Director, or his designee, to prepare, sign and execute a Sole Source Consultant Services Agreement (Developer Agreement) with Prevention Science Consulting, LLC (PSC), substantially similar to Attachment III for \$233,365. PSC is the developer of the CAPPS Program which is a Community-Defined Evidence (CDE) practice selected by DMH to be implemented throughout Los Angeles County. The Developer Agreement will be effective upon Board approval through June 30, 2015, with two one-year options for extension. PSC's Total Compensation Amount (TCA) of \$233,365 is fully funded by MHSA revenue, which is included in the DMH's FY 2013-14 Final Adopted Budget.

4. Delegate authority to the Director, or his designee, to prepare, sign, and execute future amendments to the Developer Agreement with PSC and establish as a new TCA provided that: 1) the County's total payments to this Contractor under the Developer Agreement will not exceed an increase of 10 percent from the last Board-approved TCA; 2) any such increase be used to provide additional services or to reflect program and/or Board policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel, or his designee, is obtained prior to any such amendments; and 5) the Director notifies your Board and CEO of amendments in writing within 30 days of execution of each amendment.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Board approval of the recommended actions will allow DMH to amend its LE Agreements (as detailed on Attachment II), to implement the CAPPS PEI Demonstration Pilot, and to enter into a Sole Source Developer Agreement with PSC to provide training, consultation, and technical assistance to promote the implementation of the CAPPS Program. Through a competitive solicitation process, DMH selected the highest scoring proposal in each of the eight Service Areas (SAs). Agencies were allowed to apply for one or more SAs resulting in six awardees. The six successful proposers are existing DMH's LE service providers; therefore, this new service will be added to their current LE Agreement through the amendment process.

The CAPPS Program developed by PSC is designed to minimize existing service gaps in community-based mental health programs that serve TAY. The target population of interest will be youth and young adults, ages 16–25, who come from underserved, unserved, and/or inappropriately served communities. Additionally, these TAY will have other risk factors such as: 1) trauma exposed; 2) youth in stressed families and/or homeless; 3) youth at risk for school failure; 4) youth at risk of or experiencing juvenile justice involvement; and 5) underserved cultural populations. The focus of the CAPPS PEI Demonstration Pilot will be to provide early prevention strategies aimed at the early identification of individuals at risk for psychosis and to provide preventive interventions

targeting both conversion to psychosis and functional disability in TAY clients who are experiencing the early symptoms of their first break psychosis. These youth will be experiencing their first psychotic break and showing early signs of the onset of serious mental illnesses that frequently occurs at this age. Implementation of the CAPPs Program is a very important component of DMH's PEI Plan by focusing on the delivery of PEI services with TAY. It is important to note that most of the perpetrators of our school shootings have been TAY making this an even more urgent matter.

Board approval is needed to execute these amendments that will add new services for the implementation of the CAPPs Demonstration Pilot to the six successful contractors. DMH is also requesting authority to enter into a Sole Source Developer Contract with PSC to provide training, consultation, and technical assistance to promote the implementation of the CAPPs Program which is a CDE practice.

### **Implementation of Strategic Plan Goals**

The recommended actions support the County's Strategic Plan Goal 3, Integrated Services Delivery.

### **FISCAL IMPACT/FINANCING**

The total cost of LE amendments for FY 2013-14 is \$2,631,113 fully funded with \$870,910 of FFP Medi-Cal and \$1,760,203 of State MHSA Revenue, which is included in the DMH's FY 2013-14 Final Adopted Budget.

The total cost of PSC's TCA for FY 2013-14 through FY 2014-15 is \$233,365, which is fully funded with State MHSA Revenue. Funding for this Agreement is included in DMH's FY 2013-14 Final Adopted Budget.

Funding for future years will be requested through DMH's annual budget request process.

There is no net County cost associated with the recommended actions.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On August 27, 2009, the Mental Health Services Oversight and Accountability Commission approved the County of Los Angeles DMH's MHSA PEI Plan for Los Angeles County. The PEI Plan focuses on evidence-based services, education, support and outreach to help inform and identify those who may be affected by some level of mental health issues. Providing mental health education outreach and early identification (prior to diagnosis) can mitigate costly negative long-term outcomes for mental health consumers and their families.

PSC is located at 37 Penny Lane, Woodbridge, Connecticut 06525, and is the exclusive vendor authorized to provide training, consultation services and technical assistance for this CAPPs practice. PSC with expertise in training and as the developer for the CAPPs PEI model will ensure that the program is properly implemented by the selected contractors that were identified through a Request for Services (RFS) solicitation process to provide the CAPPs PEI Demonstration Pilot to youth and their families in the eight SAs of Los Angeles County.

With the use of the CAPPs treatment model, DMH is planning to provide training, consultation, and technical assistance for this practice in order to implement the CAPPs Demonstration Pilot as quickly as possible so that there is seamless delivery of services to its consumers, clients, and family members. The CAPPs Program is designed to provide early prevention strategies aimed at the

early identification of individuals at risk for psychosis and to provide preventive interventions targeting both conversion to psychosis and functional disability in TAY clients who are experiencing the early symptoms (prodromal symptoms) of their first break psychosis. The first year preceding full psychosis provides a critical time when preventive interventions can be made for greatest impact and best outcomes. Implementing the CAPPS CDE practice will help to expand the mental health system's capacity to provide services to unserved, underserved, and underrepresented ethnic populations by increasing community-based organization services and by strengthening partnerships with providers.

The Developer Agreement with PSC will allow the DMH to obtain valuable training, consultation, and technical assistance services for DMH's important State and County mental health services programs. These new services include the provision of critical training, consultation, and technical assistance to implement the CAPPS Program.

This training consists of an initial three days of training onsite in Los Angeles for all of our providers' staff at a local venue. This initial session will be followed by six months of weekly consultation training for videotape review related to clinical practice and assessment screening to complete the certification process. Technical assistance will be provided for 12 months as needed to Programs and PEI Program Support and Administration for Outcome Data Evaluations. The training also includes a Train-the-Trainer component so that the practice will be self-sustaining after completion of the initial certification training without the need for ongoing PSC training thereafter.

The Amendment and Developer Agreement formats have been approved as to form by County Counsel (Attachment I and Attachment III). CEO has approved the Sole Source Contract Checklist (Attachment IV) and recommendations. Clinical and administrative staff of DMH will administer and supervise the agreements in the following ways: 1) monitor the CAPPS Program so that the requested services are provided; 2) evaluate the program for fidelity of the CDE model; and 3) ensure the LE Agreement, the Developer Agreement, and Departmental policies are being followed.

In accordance with your Board Policy Manual, Section 5.120, Authority to Approve Increases to Board Approved Contract Amounts requirements, DMH notified your Board on January 10, 2014 (Attachment V), identifying and justifying the need for requested percentage increase exceeding 10 percent that has been reviewed by the CEO.

## **CONTRACTING PROCESS**

On October 23, 2012, DMH issued the CAPPS RFS PEI No. 2 to identify qualified agencies on its MHSA Master Agreement List to implement the CAPPS Demonstration Pilot. On November 13, 2012, DMH held a mandatory Proposers' Conference that was attended by 35 agencies.

DMH received 28 CAPPS proposals by the deadline of December 20, 2012. Agencies were allowed to submit for one or more SAs and were required to submit a separate proposal for each SA. Three Evaluation Committee panels were formed for the evaluation process. The compositions of the panels were as follows: four evaluators for Panel 1, five evaluators for Panel 2, and four evaluators for Panel 3. After the evaluators completed their independent evaluations, they met as an Evaluation Committee headed by a Facilitator for each panel that convened between Wednesday, March 6, 2013, and Thursday, March 21, 2013. The Evaluation Committee panels used the CAPPS RFS No. 2 Standardized Evaluation Tool and an informed averaging process to arrive at the final scores.

The DMH Executive Management Team reviewed the Committees' final scores and recommended

funding to the highest scoring proposal in each of the eight SAs in Los Angeles County resulting in six LE service provider awardees.

After notification of the RFS results, the unsuccessful proposers were given the opportunity to request a formal debriefing. Subsequently, nine agencies requested a formal debriefing. Following the debriefings, the agencies were further presented an opportunity to request a Notice of Intent to Request a Proposed Contractor Selection Review. None of the agencies requested a Proposed Contractor Selection Review.

In accordance with your Board's contracting policy requirements for Sole Source contracts, DMH notified your Board on January 10, 2014, of its intent to enter into a Sole Source Developer Agreement with PSC (Attachment VI). PSC is the developer of the CAPPs Program and there is no other public or private entity who can provide the County with training in the implementation of the CAPPs Program. Therefore, it is not possible to make use of competition in either price or performance.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Board's authorization to fund the six LE Contract Service providers will increase their capacity to provide effective mental health services to high risk youth experiencing the early signs and symptoms of their first break psychosis and thereby reduce the severity of the resulting functional impairment and disability. The essential training, consultation, and technical assistance that will be provided by PSC is expected to significantly enhance and strengthen the DMH's mental health services to the TAY clients being served by providing early intervention services.

THE CENTER FOR ASSESSMENT AND PREVENTION OF PRODROMAL STATES  
PREVENTION AND EARLY INTERVENTION PROGRAM  
FOR TRANSITION AGE YOUTH AGES 16-25

Provided under the  
Mental Health Services Act  
Prevention and Early Intervention Plan

MODES OF SERVICE (15 and 45)

1. **GENERAL**

The Prevention and Early Intervention (PEI) Plan, the second largest component of the Mental Health Services Act (MHSA), focuses on providing evidence-based services, education, support, and outreach to help inform and identify those who may be affected by the early-onset of some level of mental health issue. Prevention and early intervention services may prevent mental health issues from becoming worse and can mitigate costly negative long-term outcomes for mental health consumers and their families.

2. **OVERVIEW**

The Center for the Assessment and Prevention of Prodromal States (CAPPS) PEI serves as a prevention and early intervention program that will provide community-based mental health services to youth who are experiencing or are in danger of experiencing their first psychotic break. Treatment will focus on Transition Age Youth (TAY), 16-25 years old, and their families in the eight (8) Service Areas (SA) of Los Angeles County at high risk for experiencing their first-break psychosis. In order to reduce transitions to psychosis and/or improve functional outcome for those who do transition, this project will also engage families and other significant persons involved in the life of the youth and young adults.

The CAPPS Program, which is a Community-Defined Evidence (CDE) practice, has made significant progress in the prediction of schizophrenia and related disorders, as well as in the identification of biological and psychosocial factors associated with their onset. The CAPPS Program has translated this knowledge into their clinical work with clients experiencing their first-break psychosis and early onset of serious mental illnesses with psychotic features. The CAPPS program is designed to provide early prevention strategies aimed at the early identification of individuals at risk for psychosis and to provide preventive interventions targeting both conversion to psychosis and functional disability in TAY clients who are experiencing prodromal symptoms of their first-break psychosis. Their research predicts that 35% of individuals who are in the period preceding the onset of the first-break psychotic episode (i.e. prodrome) and are exhibiting symptoms of early onset psychosis with increasing symptoms and functional deterioration will convert to psychosis within 2 ½ years. Therefore, the first year preceding full psychosis provides a critical time when preventive interventions can be made for greatest impact.

The services to be provided hereunder are described in Contractor's/Provider's (Contractor's) Proposal/Negotiation Package for the Legal Entity Agreement (Agreement), including any addenda thereto, as approved in writing by the Director of Mental Health or his designee.

### **3. PERSONS TO BE SERVED**

3.1 The CAPPs PEI Demonstration Pilot will provide services to Transition Age Youth and their families from unserved, underserved, and/or inappropriately served ethnic and cultural communities in Los Angeles County's eight (8) SAs. The program will focus on youth and young adults, ages 16-25, who are in danger of experiencing their first-break psychosis and their families. Since July 1, 2009, we have seen over 27,343 TAY clients that have had an Axis I psychotic related diagnoses including those with and without a co-occurring substance abuse disorder. The transition to adulthood is a time when most first-break psychosis occurs. It is important to note that most of the perpetrators of our school violence and school shootings have been Transition Age Youth making this an even more urgent population to be served.

3.2 The program will specifically target:

- Youth experiencing onset of serious psychiatric illness;
- Underserved and unserved ethnic populations and cultural populations with specific linguistic needs;
- Youth and young adults in stressed families and/or homeless;
- Trauma exposed youth;
- Youth at risk for school failures; and
- Youth at risk of or experiencing Juvenile or Criminal Justice Involvement.

### **4. SERVICE DELIVERY SITE**

Contractor's facility(ies) where services are to be provided hereunder is(are) located at Site(s) as identified on the Service Delivery Site Exhibit and the Contractor's Negotiation Package/Addenda. The Contractor shall request approval from the DMH PEI Program Manager in writing within a minimum of 60 days before terminating services at any of the location(s) listed on its Agreement and/or before commencing services at any other location(s) not previously approved in writing by the DMH PEI Program Manager. All service delivery site(s) listed on the Contractor's Agreement shall be operational within 30 days of the commencement of the Agreement.

### **5. PROGRAM ELEMENTS AND SERVICES**

Contractor shall provide the following services:

5.1 Clients will be screened to determine eligibility. Most services are concentrated in the first year of treatment with booster sessions as needed for the following year. Clients will receive Comprehensive Intake Evaluations that include clinical assessment, neuropsychological assessment, and psychosocial assessments. Treatment plans will be developed to include education, skill building, therapy and procuring housing if needed. Clients and their families will participate in psychoeducational workshops, individual and family therapy, family support, medication support, and group treatment. Group treatment will consist of

Psychoeducational Multi-Family Groups, Adolescent/Young Adults Groups, and Parent Skills Groups.

- 5.2 Program Model. The purpose of the CAPPS CDE model is to identify and provide prevention and early intervention mental health services for youth and young adults who have symptoms that may signal the early stages of thought disorders. CAPPS has developed an intervention model that can be very helpful at this stage in reducing the risk of developing a mental illness, delaying the onset or severity of a mental illness, and/or improving outcomes in all domains.
- 5.3 Outpatient Mental Health Services. The CAPPS Program will be offered via usual outpatient modes of service listed below. Some services such as medication support and crisis intervention, may also be offered during the course of treatment in order to provide for emergent client needs. Clients requiring additional care extending beyond completion of the CAPPS Demonstration Pilot should be referred to appropriate mental health services for more long-term and/or intensive interventions. All Outpatient Mental Health Services should be implemented by staff who reflect the community's cultural, ethnic, and language characteristics.
- 5.3.1 Individual Therapy. Services are provided for individual clients utilizing the CAPPS PEI programs curricula. As with most PEI interventions, individual therapy is limited to the treatment protocols contained within the programs materials. In most instances, individual therapy is short-term and in most cases, should terminate following the completion of the programs curricula. Clinical tasks include developing diagnoses, treatment planning, and the provision of the programs curricula.
- 5.3.2 Collateral. Collateral sessions with parents or caregivers are scheduled as needed. Our goal is to work with parents to help provide a resource to them and to join with them in their efforts to help their son/daughter. Clinical tasks include completing the intake assessment, education and developing parenting skills, completing screenings and outcome measures, and treatment referrals.
- 5.3.3 Family Therapy. Services are provided for families utilizing the PEI programs curricula. As with most PEI interventions, family therapy is a component of the programs curricula. In most instances, family therapy is short-term and should terminate following the completion of these programs curricula. These services include developing diagnoses, treatment planning, and the provision of these programs curricula.
- 5.3.4 Assessment. Services are provided at intake and other critical junctures during the CAPPS Program curricula in order to ascertain progress. Clinical tasks include intake assessment, screenings, and on-going clinical assessment of treatment outcomes.
- 5.3.5 Case Management. This service is meant for clients in order to keep them engaged with treatment or connected with other ancillary services. Clinical tasks include referral and linkage to specialty mental health services. Contractor will identify appropriate referrals to those patients that are in need of more long-term and/or intensive treatment. In these situations, Contractor will retain clinical responsibility for such cases until they are successfully transitioned into the appropriate setting.
- 5.3.6 Crisis Intervention. This service is available for situations where immediate action is necessary to help families manage crises. Clinical

tasks include brief assessment or screenings, crisis intervention protocols with stabilization, and treatment referrals as indicated.

5.3.7 Medication Support. This service is available for situations where a TAY has been identified with a disorder amenable to psychotropic medication. Medication support can work in conjunction with the other services above. Clinical tasks include prescribing, administering, and dispensing medications, and assessment of medication effects.

5.3.8 Team Conferencing/Case Consultation. This service is available to assist in treatment planning, supervision, and fidelity adherence procedures. Clinical tasks include clinical case consultation, team conferencing, and fidelity control procedures.

5.4 Community Outreach Services (COS). Some aspects of the Program curricula identified above, particularly those components related to prevention (when there is no open mental health episode or identified client) may be offered via COS as listed below. Community Outreach is an essential component of CAPPs in order to increase community awareness of the prodrome, and recruit potentially eligible clients. It is vitally important that any agency engaging in COS should do so in a manner that is appropriate and respectful of a community's cultural diversity. This means that staff providing outreach services should reflect the service recipients' and service areas' cultural, ethnic and language characteristics.

5.4.1 Community Client Services (CSS). CSS services may include the provision of Program curricula to individuals or groups in instances where there is no identified client(s) or open mental health episode(s). CCS services are primarily preventative in nature but may also constitute an early intervention in some cases. Should a Contractor find that extended or more intensive services are required, then the client(s) should be transitioned into a more appropriate service. Clinical Tasks include screening clients, provision of the Program treatment groups, and referral to specialty mental health services.

5.4.2 Mental Health Promotion (MHP). MHP activities are directed at addressing and removing the barriers of mental health stigma and discrimination. The goal of MHP is to educate groups of individuals on the benefits of mental health treatment in a manner that is consistent and respectful of diverse cultures. Clinical Tasks include outreach and engagement strategies and activities directed at informing un-served, under-served and inappropriately-served ethnic minority populations, about the services available through the Program.

5.5 Core and Non-Core Services. CAPPs has Core Interventions that are specific to the model. They are identified along with procedure codes as follows: 1) Assessment/Psychiatric Diagnostic Interview (90791); 2) Collateral (90887); 3) Family Psychotherapy (90847); 4) Individual Psychotherapy (H0046, 90832, 90834, 90837); 5) Group Psychotherapy (90853); and 6) Targeted Case Management (T1017). Under the Los Angeles County Department of Mental Health (DMH) PEI Plan, Core Interventions are services that are intrinsic to the model while Non-Core Interventions are those that meet client's emergent needs on a short term basis. At minimum, 51% of Contractor's claims are required to be Core Interventions. This listing is subject to revision by DMH and notification to the Contractor.

**6. STAFF TRAINING**

- 6.1 Mandatory Training. Unless approved by DMH, agency staff must be sufficiently trained in the CAPPS Program prior to providing and claiming direct services under the CAPPS model.
- 6.2 Training Coordinator. Contractor shall identify a Training Coordinator to 1) to identify staff eligible for training who meet the minimum professional qualifications to provide CAPPS Program services; 2) identify staff with sufficient prior training to offer the specific PEI program services; 3) ensure training on the CAPPS model to maintain a high standard of care and treatment fidelity; and 4) submit documentation to DMH CAPPS Practice Lead attesting that identified staff have met the standards required in the CAPPS training protocols. Contractor shall provide the Training Coordinator's contact information to DMH PEI Administration.
- 6.3 CDE Trained Staff. Contractor shall provide DMH with periodic written reports as requested identifying the staff providing CAPPS services, including information on professional credentials, licensure/waivers, discipline, CAPPS workshop/training attended with dates of attendance, and any certifications that resulted from training activities.
- 6.4 Authorized Trainers. Only trainers who are currently authorized and acknowledged by the CAPPS developer (or individual or corporate entity holding copyrights and/or intellectual property rights for the CAPPS service) are considered sufficiently qualified to train agency staff under the scope of this protocol. It is the responsibility of the provider agency and training coordinator to insure that only authorized trainers are used.

**7. SERVICE GOALS AND OUTCOMES**

The CAPPS CDE program has identified general and specific outcome measures that must be utilized in the delivery of services. The utilization of the outcome measures and reporting of the data is mandatory. The outcome measures for the CAPPS program are listed in the table below. The outcomes measures on this chart are subject to change.

4) Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Agreement, upon which County

immediately may withhold payments due to Contractor, and/or suspend or terminate this Agreement. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

5) Insurer Financial Ratings

Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.

6) Contractor's Insurance Shall Be Primary

Contractor's insurance policies, with respect to any claims related to this Agreement, shall be primary with respect to all other sources of coverage available to Contractor. 7) Waivers of Subrogation

The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.

8) Sub-contractor Insurance Coverage Requirements

Contractor shall include all Sub-contractors as insureds under Contractor's own policies, or shall provide County with each Subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each Subcontractor complies with the Required Insurance provisions herein, and shall require that each Subcontractor name the County and Contractor as additional insureds on the Subcontractor's General Liability policy. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

6. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of

36.0 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45 C.F.R. PART 76):

The Contractor hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Contractor certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Contractor certifies that, to its knowledge, none of its Sub-Contractors, at any tier, or any owner, officer, partner, director or other principal of any Sub-Contractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Contractor shall immediately notify County in writing, during the term of this Agreement, should it or any of its Sub-Contractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Contractor to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

37.0 CONTRACTOR'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY FUNDED PROGRAM:

Contractor hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the Federal Government, directly or indirectly, in whole or in part, and that Contractor will notify Director within (30) calendar days in writing of: (1) any event that would require Contractor or a staff member's mandatory exclusion from participation in a Federally funded health care program; and (2) any exclusionary action taken by any agency of the Federal Government against Contractor or one or more staff members barring it or the staff members from participation in a Federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

There are a variety of different reasons why an individual or entity may be excluded from participating in a federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG) has the discretion not to exclude.

The mandatory bases for exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by Federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its Sub-Contractors or its significant business transactions; (6) loss of a state license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a Federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Contractor shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any Federal exclusion of Contractor or its staff members from such participation in a Federally funded health care program. Contractor shall provide the certification set forth in Exhibit F as part of its obligation under this Paragraph.

Failure by Contractor to meet the requirements of this Paragraph shall constitute a material breach of Agreement upon which County may immediately terminate or suspend this Agreement.

Business Associate shall retain no copies of the Protected Health Information.

18.2 Destruction for purposes of Section 18.2 and Section 6.6 shall mean that media on which the Protected Health Information is stored or recorded has been destroyed and/or electronic media have been cleared, purged, or destroyed in accordance with the use of a technology or methodology specified by the Secretary in guidance for rendering Protected Health Information unusable, unreadable, or indecipherable to unauthorized individuals.

18.3 Notwithstanding Section 18.1, in the event that Business Associate determines that any such Protected Health Information is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities, Business Associate may retain that Protected Health Information which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities and shall return or destroy all other Protected Health Information.

18.3.1 Business Associate shall extend the protections of this Business Associate Agreement to such Protected Health Information, including continuing to use appropriate safeguards and continuing to comply with Subpart C of 45 C.F.R Part 164 with respect to Electronic Protected Health Information, to prevent the Use or Disclosure of such information other than as provided for in Sections 2.5 and 2.6 for so long as such Protected Health Information is retained, and Business Associate shall not Use or Disclose such Protected Health Information other than for the purposes for which such Protected Health Information was retained.

18.3.2 Business Associate shall return or, if agreed to by Covered entity, destroy the Protected Health Information retained by Business Associate when it is no longer needed by Business Associate for Business Associate's proper management and administration or to carry out its legal responsibilities.

18.4 Business Associate shall ensure that all Protected Health Information created, maintained, or received by Subcontractors is returned or, if agreed to by Covered entity, destroyed as provided for in Section 18.2.

**19. AUDIT, INSPECTION, AND EXAMINATION**

19.1 Covered Entity reserves the right to conduct a reasonable inspection of the facilities, systems, information systems, books, records, agreements, and policies and procedures relating to the Use or Disclosure of Protected Health Information for the purpose of determining whether Business Associate is in compliance with the terms of this Business Associate Agreement and any non-compliance may be a basis for termination of this Business Associate Agreement and the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate, as provided for in Section 17.

19.2 Covered Entity and Business Associate shall mutually agree in advance upon the scope, timing, and location of any such inspection.

19.3 At Business Associate's request, and to the extent permitted by law, Covered Entity shall execute a nondisclosure agreement, upon terms and conditions mutually agreed to by the parties.

19.4 Covered Entity inspects, fails to inspect, or has the right to inspect as provided for in Section 19.1 does not relieve Business Associate of its responsibility to comply with this Business Associate Agreement and/or the HIPAA Rules or impose on Covered Entity any responsibility for Business Associate's compliance with any applicable HIPAA Rules.

19.5 Covered Entity's failure to detect, its detection but failure to notify Business Associate, or its detection but failure to require remediation by Business Associate of an unsatisfactory practice by Business Associate, shall not constitute acceptance of such practice or a waiver of Covered Entity's

enforcement rights under this Business Associate Agreement or the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate.

19.6 Section 19.1 is not intended by the parties to limit in any way the scope of Business Associate's obligations related to Inspection and/or Audit and/or similar review in the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order, or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate.

## **20. MISCELLANEOUS PROVISIONS**

20.1 Disclaimer. Covered Entity makes no warranty or representation that compliance by Business Associate with the terms and conditions of this Business Associate Agreement will be adequate or satisfactory to meet the business needs or legal obligations of Business Associate.

20.2 HIPAA Requirements. The Parties agree that the provisions under HIPAA Rules that are required by law to be incorporated into this Amendment are hereby incorporated into this Agreement.

20.3 No Third Party Beneficiaries. Nothing in this Business Associate Agreement shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.

20.4 Construction. In the event that a provision of this Business Associate Agreement is contrary to a provision of the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order, or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate, the provision of this Business Associate Agreement shall control. Otherwise, this Business Associate Agreement shall be construed under, and in accordance with, the terms of the applicable underlying Agreement, Contract, Master Agreement, Work Order, Purchase Order or other services arrangement, with or without payment, that gives rise to Contractor's status as a Business Associate.

20.5 Regulatory References. A reference in this Business Associate Agreement to a section in the HIPAA Rules means the section as in effect or as amended.

20.6 Interpretation. Any ambiguity in this Business Associate Agreement shall be resolved in favor of a meaning that permits the parties to comply with the HIPAA Rules.

20.7 Amendment. The parties agree to take such action as is necessary to amend this Business Associate Agreement from time to time as is necessary for Covered Entity or Business Associate to comply with the requirements of the HIPAA Rules and any other privacy laws governing Protected Health Information.

39.0 COMPLIANCE WITH THE COUNTY'S JURY SERVICE PROGRAM:

A. Jury Service Program: This Agreement is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code, a copy of which is attached as Exhibit J and incorporated by reference into and made a part of this Agreement.

B. Written Employee Jury Service Policy:

(1) Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.

(2) For purposes of this sub-paragraph, "Contractor" means a person, partnership, corporation or other entity which has an Agreement with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not

considered full-time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for the County under the Agreement, the Subcontractor shall also be subject to the provisions of this sub-paragraph. The provisions of this subparagraph shall be inserted into any such subcontract Agreement and a copy of the Jury Service Program shall be attached to the Agreement.

(3) If Contractor is not required to comply with the Jury Service Program when the Agreement commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Agreement and at its sole discretion, that Contractor demonstrate, to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.

(4) Contractor's violation of this sub-paragraph of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole discretion, terminate the Agreement and/or bar Contractor from the award of future County agreements for a period of time consistent with the seriousness of the breach.

40.0 NOTICE TO EMPLOYEES REGARDING THE SAFELY SURRENDERED BABY LAW: The Contractor shall notify and provide to its employees, and shall require each Subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit G of this Agreement and is also available on the Internet at [www.babysafela.org](http://www.babysafela.org) for printing purposes.

41.0 CONTRACTOR'S ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW: The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage

its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at [www.babysafela.org](http://www.babysafela.org).

42.0 COUNTY'S QUALITY ASSURANCE PLAN: The County or its agent will evaluate Contractor's performance under this Agreement on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with all contract terms and performance standards. Contractor deficiencies which County determines are severe or continuing and that may place performance of the Agreement in jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by the County and Contractor. If improvement does not occur consistent with the corrective action measures, County may terminate this Agreement or impose other penalties as specified in this Agreement.

43.0 CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE: The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractor to complete the certification in Exhibit H, the County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202).

44.0 COUNTY'S OBLIGATION FOR CURRENT AND FUTURE FISCAL YEARS: Notwithstanding any other provision of this Agreement, this Agreement shall not be effective and binding upon the parties unless and until County's Board of Supervisors appropriates funds for purposes hereof in County's Budget for County's current Fiscal Year. Further, County shall not be obligated for Contractor's performance hereunder or by any provision of this Agreement during any of County's future Fiscal Years unless and until County's Board of Supervisors appropriates funds for purposes hereof in County's Budget for each

such future Fiscal Year. In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last Fiscal Year for which funds were appropriated.

45.0 COMPLIANCE WITH APPLICABLE LAW:

45.1 In the performance of this Agreement, Contractor shall comply with all Federal, State and local laws, rules regulations, ordinances, directives, guidelines, policies and procedures, and all provisions required thereby to be included in this Agreement are hereby incorporated herein by reference.

45.2 Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents, from and against any and all claims, demands, damages, liabilities, losses, costs and expenses, including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or subcontractors, to comply with any such laws, rules, regulations, ordinances, directives, guidelines, policies, or procedures, as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph 45.0 shall be conducted by Contractor and performed by counsel selected by Contractor and approved by county. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

46.0 COMPLIANCE WITH CIVIL RIGHTS LAWS:

The Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e) (1) through 2000 (e) (17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical handicap, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this

Contract. The Contractor shall comply with Exhibit I - Contractor's Equal Employment Opportunity (EEO) Certification.

47.0 ALTERATION OF TERMS:

No addition to, or alteration of, the terms of the body of this Agreement, or Statement of Work or Fee Schedule hereto, whether by written or oral understanding of the parties, their officers, employees or agents, shall be valid and effective unless made in the form of a written amendment to this Agreement which is formally approved and executed by the parties in the same manner as this Agreement.

The County's Board of Supervisors or Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in the Agreement during the term of this Agreement. The County reserves the right to add and/or change such provisions as required by the County's Board of Supervisors or Chief Executive Officer. To implement such orders, an Amendment to the Agreement shall be prepared and executed by the Contractor and by the Director of Mental Health.

48.0 LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM: This Contract is subject to all provisions of the County's ordinance entitled Local Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code. Specifically, Contractor shall pay particular attention to the following provisions in Chapter 2.204:

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

If Contractor has obtained certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the Contract amount and what the County's costs would have been if the contract had been properly awarded;
2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent (10%) of the amount of the contract; and
3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Non-responsibility and Contractor Debarment).

The above penalties shall also apply to any Contractor that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the State and the Office of Affirmative Action Compliance of this information prior to responding to a solicitation or accepting a contract award.

49.0 PERFORMANCE STANDARDS AND OUTCOME MEASURES: The Contractor shall comply with all applicable Federal, State, and County policies and procedures relating to performance standards and outcome measures. This is applicable whenever specific Federal or State funding, which has policies or procedures for performance standards and/or outcome measures has been included as part of the Contractor's contract and shall apply for all County policies, procedures, or departmental bulletins approved by the Director or his designee for performance standards and/or outcome measures. County will notify Contractor whenever County policies or procedures are to apply to this contract provision at least, where feasible, 30 calendar days prior to implementation.

These Federal, State or County performance standards and/or outcome measures will be used as part of the determination of the effectiveness of the services delivered by the Contractor.

50.0 FORCE MAJEURE:

A. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Agreement, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's independent contractor, freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this sub-paragraph as "force majeure events").

B. Notwithstanding the foregoing, a default by a an independent contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such independent contractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the independent contractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in the sub-paragraph, the term "independent contractor" mean independent contractor at any tier.

C. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

51.0 CONTRACTOR'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM: Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this contract will maintain compliance, with Los Angeles County Code Chapter 2.260.

52.0 BACKGROUND AND SECURITY INVESTIGATIONS:

52.1 Each of Contractor's staff performing services under this Agreement who is in a designated sensitive position, as determined by County in County's sole discretion, shall undergo and pass a background investigation to the satisfaction of County as a condition of beginning and continuing to perform services under this Contract. Such background investigation must be obtained through fingerprints submitted to the California Department of Justice to include State, local, and federal-level review, which may include, but shall not be limited to, criminal conviction information. The fees associated

with the background investigation shall be at the expense of the Contractor, regardless if the member of Contractor's staff passes or fails the background investigation.

52.2 If a member of Contractor's staff does not pass the background investigation, County may request that the member of Contractor's staff be immediately removed from performing services under the Contract at any time during the term of the Contract. County will not provide to Contractor or to Contractor's staff any information obtained through the County's background investigation.

52.3 County, in its sole discretion, may immediately deny or terminate facility access to any member of Contractor's staff that does not pass such investigation to the satisfaction of the County or whose background or conduct is incompatible with County facility access.

52.4 Disqualification of any member of Contractor's staff pursuant to this Paragraph 52.0 shall not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

53.0 PUBLIC RECORDS ACT:

A. Any documents submitted by the Contractor; all information obtained in connection with the County's right to audit and inspect the Contractor's documents, books, and accounting records pursuant to Sub-paragraph 57.0 – Record Retention and Inspection/Audit Settlement of this Agreement; as well as those documents which were required to be submitted in response to any solicitation conducted by the County for any services and/or programs for this Contract, become the exclusive property of the County. All such documents become a matter of public record and shall be regarded as public records. Exceptions will be those elements in the California Government Code Section 6250 et seq. (Public Records Act) and which are marked "trade secret", "confidential", or "proprietary". The County shall not in any way be liable or responsible for the disclosure of any such records including, without limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.

(1) County shall notify Contractor upon receipt of a request for such marked documents.

B. In the event the County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "trade secret", "confidential", or "proprietary", the Contractor agree to defend and indemnify the

County from all costs and expenses, including reasonable attorney's fees, in action or liability arising under the Public Records Act.

/

/

F. The Contractor shall allow County representatives access to the Contractor's employment records during regular business hours to verify compliance with the provisions of this sub-paragraph 54.0 when so requested by the County.

G. If the County finds that any provisions of this sub-paragraph 54.0 have been violated, such violation shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract. While the County reserves the right to determine independently that the anti-discrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment and Housing Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated Federal or State anti-discrimination laws or regulations shall constitute a finding by the County that the Contractor has violated the anti-discrimination provisions of this Contract.

H. The parties agree that in the event the Contractor violates any of the anti-discrimination provisions of this Contract, the County shall, at its sole option, be entitled to the sum of Five Hundred Dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Contract.

The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five (5) years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in Los Angeles County, provided that if any such material is located outside Los Angeles County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

/

57.3 If, at any time during the term of this Contract or within five (5) years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

STATEMENT OF WORK FOR  
PREVENTION SCIENCE CONSULTING, LLC**

**FOR FISCAL YEAR (FY) 2013-2014 THROUGH FY 2014-2015  
WITH AN OPTIONAL OF TWO ONE-YEAR EXTENSIONS**

**1. OVERVIEW**

**A. Mental Health Services Act Prevention and Early Intervention Plan**

On August 27, 2009, the Mental Health Services Oversight and Accountability Commission (MHSOAC) approved the County of Los Angeles Department of Mental Health's (DMH) Mental Health Services Act (MHSA) Prevention and Early Intervention Plan (PEI) Plan for Los Angeles County. The PEI plan focuses on evidence-based services, education, support, and outreach to help inform and identify those who may be affected by some level of mental health issue. Providing mental health education, outreach and early identification (prior to diagnosis) can mitigate costly negative long-term outcomes for mental health consumers and their families. DMH is currently engaged in planning for the implementation of the PEI Evidence-Based and Community-Defined Evidence Programs that are to be implemented throughout Los Angeles County.

**B. Center for Assessment and Prevention of Prodromal States**

The Center for the Assessment and Prevention of Prodromal States (CAPPS) Program is designed to provide early prevention strategy aimed at the early identification of youth and young adults at risk for psychosis and to provide preventive interventions targeting both the conversion to psychosis and the functional disability experienced by clients who are experiencing the prodromal symptoms of their first-break psychosis. This early psychosis treatment model is based on the Family Focus Therapy approach for treating prodromal youth and their families. These youth are at ultra-high risk for developing psychosis. CAPPS has made significant progress in the prediction of schizophrenia and related disorders, as well as in the identification of biological and psychosocial factors associated with their onset. They have translated this knowledge into their clinical work with clients experiencing their first-break psychosis and early onset of serious mental illness with psychotic features. The CAPPS Program was developed by Dr. Tyrone Cannon, originally from University of California, Los Angeles. Their research predicts that 35% of individuals who are in the period preceding the onset of the first-break psychotic episode (i.e. prodrome) and are exhibiting symptoms of early onset psychosis with increasing symptoms and functional deterioration will convert to psychosis within 2½ years. Therefore, the first year preceding full psychosis provides a critical time when preventive interventions can be made for greatest impact.

**C. Target Population**

Treatment will focus on Transition Age Youth (TAY) between the ages of 16-25 who are experiencing the early symptoms of first-break psychosis and their families throughout Los Angeles County. In order to reduce transitions to

psychosis and/or improve functional outcome for those who do transition, this project will also engage families and other significant persons involved in the life of the youth and young adults. The transition to adulthood is a difficult time when most first-break psychosis occurs so there will be ample clients in this age group. Another critically important fact is that most of the mass shootings that have occurred in our schools and colleges have been done by transition age youth and young adults which makes addressing this age groups' needs of critical importance.

## 2. DELIVERABLES

## **SAFELY SURRENDERED BABY LAW**

Posters and Fact Sheets are available in English and Spanish for printing purposes at the following website:

# *Safely* Surrendered

No shame. No blame. No names.

# Safely Surrendered Baby Law

## What is the Safely Surrendered Baby Law?

### How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

### What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

### Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

### Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

### Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

### What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

### What happens to the parent or surrendering adult?

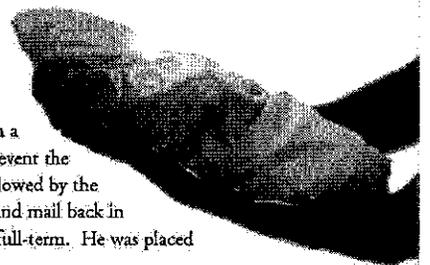

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

### Why is California doing this?

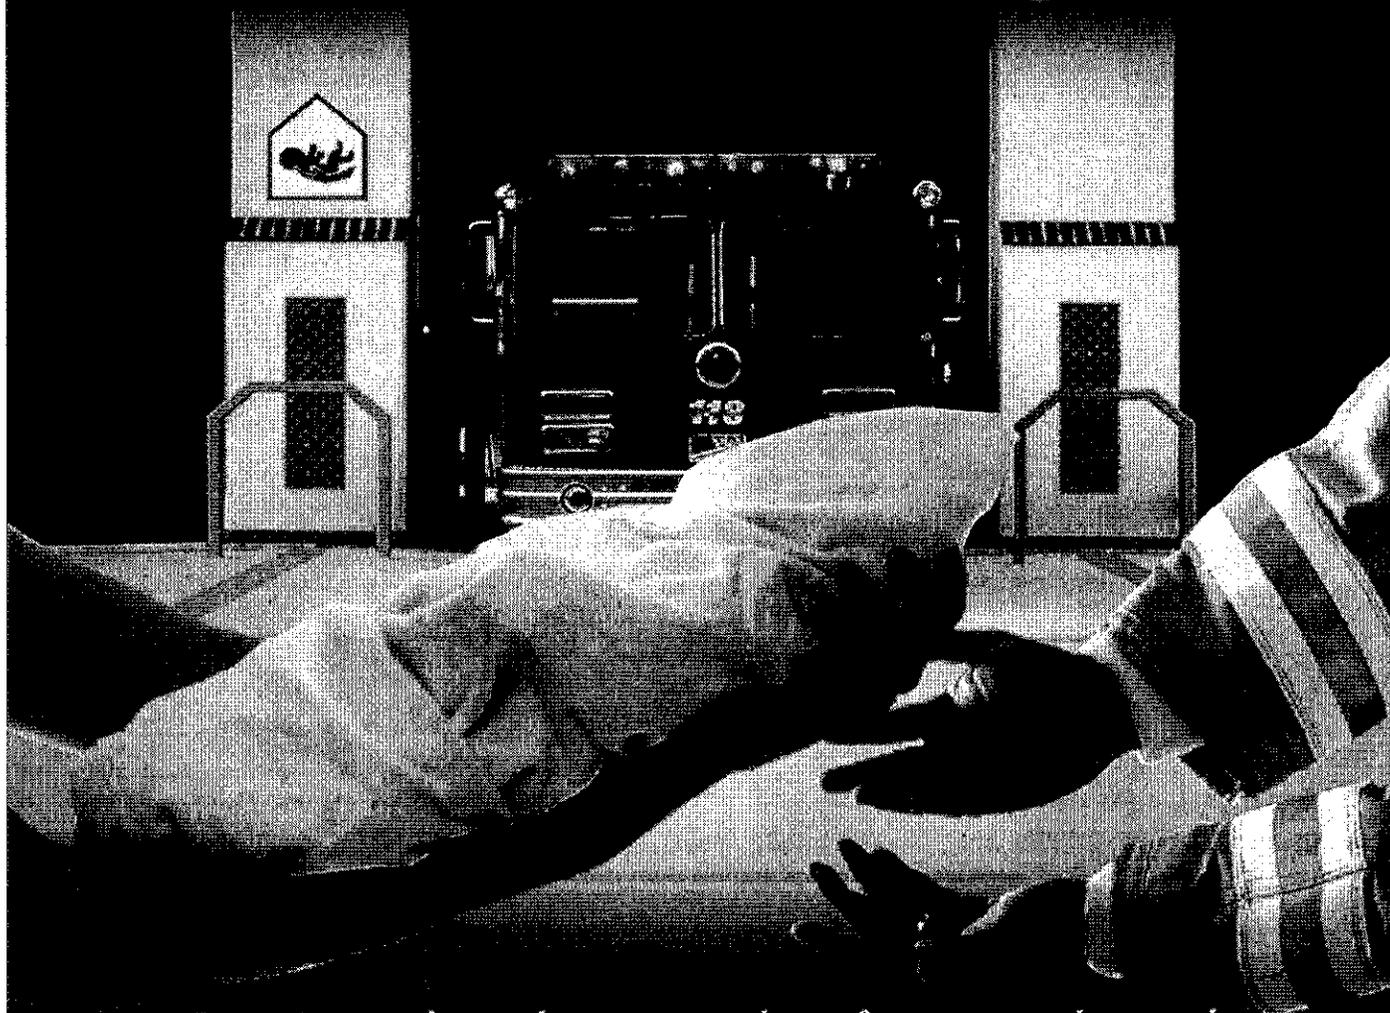

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

## *A baby's story*

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

# *Ley de* Entrega de Bebés *Sin Peligro*

*Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles*

# Ley de Entrega de Bebés Sin Peligro

## ¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro es una ley que protege a los recién nacidos que son entregados a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles.

Esta ley permite que un padre o madre que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

El padre/madre o adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

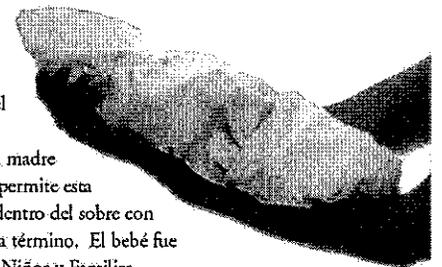

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

*Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.*

## Historia de un bebé

A la mañana temprana del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

**2.203.010 Findings.**

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

SUBJECT: **REQUEST TO INCREASE DELEGATED AUTHORITY PERCENTAGE IN THE BOARD LETTER TO AMEND SIX LEGAL ENTITY AGREEMENTS FOR FISCAL YEARS 2013-14 AND 2014-15**

This memorandum is to comply with Board Policy Manual, Section 5.120, Authority to Approve Increases to Board Approved Contract Amounts. The Policy mandates that any department requesting a percentage increase in delegated authority exceeding ten percent of the total contract amount must provide a detailed justification and advance written notice to your Board, with a copy to the Chief Executive Officer, at least two weeks prior to the Board Meeting at which the proposed contract is to be presented.

The Department of Mental Health (DMH) requests an additional ten percent for a total of twenty percent delegated authority for the following six Legal Entity (LE) Agreements: 1) Pacific Clinics; 2) Penny Lane Centers; 3) San Fernando Valley Community Mental Health Center, Inc.; 4) Special Services for Groups; 5) Telecare Corporation; and 6) The Help Group Child and Family Center. This will allow DMH to pay for additional mental health services for transition age youth, ages 16-25, at risk for psychosis and to provide preventive interventions targeting both conversion to psychosis and the functional disability that precedes full blown psychosis through the Center for the Assessment and Prevention of Prodromal States (CAPPS) which is a Community-Defined Evidence Practice. These six LE Contract Service providers were identified as qualified agencies through a Request for Services solicitation process for implementation of the CAPPS Demonstration Pilot that DMH is implementing in the eight Service Areas of Los Angeles County.

This authority will allow DMH greater capacity to amend contracts for new funding streams and programs/services and implement such programs/services in a timely and expeditious manner. Therefore, in most instances, where speed and response time are of key importance, the objectives to maximize, prioritize, and increase access to services will more effectively meet the County's mission "To Enrich Lives Through Effective and Caring Service."

Should there be a need to exceed the twenty percent delegated authority, DMH will return to your Board with a request for authority to amend the LE Agreement accordingly.

SUBJECT: **ADVANCE NOTIFICATION OF INTENT TO ENTER INTO A SOLE SOURCE CONTRACT WITH PREVENTION SCIENCE CONSULTING, LLC**

This memorandum is to comply with the Board Policy Manual, Section 5.100, Sole Source Contract, by notifying the Board of our need to initiate a Sole Source Contract. It is the Los Angeles County Department of Mental Health's (DMH) intent to enter into new sole source contract negotiations with Prevention Science Consulting, LLC (PSC), located at 37 Penny Lane, Woodbridge, Connecticut 06525.

PSC is the sole entity in the United States that offers training related to the Center for the Assessment and Prevention of Prodromal States (CAPPS) program. The CAPPS program, developed by PSC, is one of the Community-Defined Evidence (CDE) practice in the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) Plan that DMH is implementing. There are no other organizations or individuals that the developer has authorized to conduct the CAPPS training in the United States. PSC will provide training, consultation, and technical assistance in support of implementing the CAPPS Demonstration Pilot.

With the use of the CAPPS treatment model, DMH is planning to provide training, consultation, and technical assistance for this practice in order to implement the CAPPS Demonstration Pilot as quickly as possible so that there is seamless delivery of services to its consumers, clients, and family members. The CAPPS program is designed to provide prevention strategies aimed at the early identification of individuals at risk for psychosis and to provide preventive intervention services targeting both conversion to psychosis and the functional disability in transition age youth, ages 16 – 25, who are experiencing prodromal symptoms of their first-break psychosis.

The consultation and training services under the proposed CAPPS Sole Source Contract with DMH will be funded with \$233,365 in MHSA PEI funding. The term of the Sole Source Contract is for Fiscal Year (FY) 2013-14 through FY 2014-15 with an option for two one-year extensions which is fully funded with MHSA PEI funding.

Each Supervisor  
January 10, 2014

Unless otherwise instructed by a Board office within two weeks, DMH will proceed with negotiating the Sole Source Contract. DMH will work closely with both County Counsel and the Chief Executive Office in preparing a new agreement with PSC.

If you have any questions or concerns, please contact me, or your staff may contact Richard Kushi, Chief, Contracts Development and Administration Division, at (213) 738-4684.

Dear Ms. Bando:

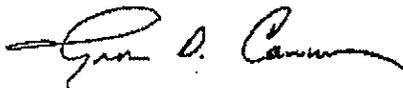

I am writing this letter to provide evidence of sole source stature in the area of the provision of training in the CAPPS CDE for the treatment of youth and young adults at ultra-high risk for psychosis. I developed this model along with Drs. Mary O'Brien and David Miklowitz, both licensed clinical psychologists, and other members of our treatment staff, and we are the only ones qualified to provide this training.

The CAPPS CDE model is based on our experiences in developing and validating an early detection and intervention program for psychosis in the Center for the Assessment and Prevention of Prodromal States (CAPPS) at the University of California Los Angeles. This is a specialty clinic that focuses on ascertainment, assessment and treatment of youth at ultra-high risk for psychosis and their families. I founded CAPPS in 2002 and served as its Director until I moved my academic appointment from UCLA to Yale University in 2012. During that time we utilized a variety of treatment approaches with this population: individual cognitive behavioral treatment, skills groups, multi-family groups, and family focused treatment. We developed several manuals describing our approaches to these treatments, including the treatment manual for family focused therapy that is part of the CAPPS CDE model.

In addition, I am the principal investigator on an 8-site randomized clinical trial of 6 months of CAPPS CDE utilizing the family-focused treatment versus a 3-session enhanced care (psychoeducation-only) comparison treatment for 120 youth and young adults at risk for psychosis. We have demonstrated that the family-focused treatment is more effective than the comparison treatment in reducing symptoms and improving patient functioning and family communication.

Thank you for the opportunity to extend this early detection and intervention model as part of the Prevention and Early Intervention initiative in Los Angeles County.

Sincerely,

Tyrone D. Cannon, PhD
