**APPROVAL TO AMEND TWO LEGAL ENTITY AGREEMENTS AND ENTER INTO ONE NEW  
LEGAL ENTITY AGREEMENT TO IMPLEMENT INNOVATION - COMMUNITY-DESIGNED  
INTEGRATED SERVICE MANAGEMENT MODEL FOR THE AFRICAN/AFRICAN-AMERICAN  
POPULATIONS  
(SUPERVISORIAL DISTRICT 2)  
(3 VOTES)**

**SUBJECT**

Request approval to amend two existing Legal Entity Agreements with Kedren Community Health Center, Inc., and Special Service for Groups, and enter into one new Legal Entity Agreement with University Muslim Medical Association, Inc. to add State Mental Health Services Act Innovation funding to implement the Community-Designed Integrated Service Management Model for the African/African-American populations.

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve and authorize the Director of Mental Health (Director), or his designee, to prepare, sign, and execute Amendments, substantially similar to Attachment I, to add State Mental Health Services Act (MHSA) funding to two existing Department of Mental Health (DMH) Legal Entity (LE) Agreements with Kedren Community Health Center, Inc., and Special Service for Groups (SSG) as listed in Attachment II, to provide Community-Designed Integrated Service Management (ISM) Model for the African/African-American (AAA) populations. The Amendments will be for Fiscal Years (FYs) 2012-13 and 2013-14, effective July 3, 2012, through June 30, 2014. The ISM funding for Kedren Community Health Center, Inc., and SSG for each FY is \$1,698,246 and \$843,612, respectively. The Maximum Contract Amount (MCA) for each LE will be increased by the amounts listed in Attachment II.

2. Approve and authorize the Director, or his designee, to prepare, sign, and execute a LE Agreement, substantially similar to the agreement format in Attachment III, with University Muslim Medical Association, Inc. (UMMA), for the provision of ISM services. The annual MCAs are listed in Attachment II. The term of the Agreement will be effective July 3, 2012, through June 30, 2013, with provisions for one year renewal period through FY 2013-14. The ISM funding is \$692,280 for each fiscal year.

3. Delegate authority to the Director, or his designee, to prepare, sign, and execute future amendments to these LE Agreements, as necessary, and establish as a new MCA the aggregate of the original Agreement and all amendments, provided that: 1) the County's total payments to each contractor under the Agreement for each fiscal year will not exceed an increase of 20 percent from the applicable Board-approved MCA; 2) any such increase will be used to provide additional services or to reflect program and/or Board policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel is obtained prior to such amendment; 5) County and Contractors may, by written amendment, mutually agree to reduce programs and/or services; and 6) the Director notifies your Board and the Chief Executive Office of Agreement changes in writing within 30 days after execution of each amendment.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Board approval of the recommended actions will allow DMH to amend two existing LE Agreements with Kedren Community Health Center, Inc., and SSG; and to enter into one new LE Agreement with UMMA. Through a competitive solicitation process, DMH selected these contractors to implement MHSA Innovation (INN) Community-Designed ISM programs.

The MHSA INN plan is the final MHSA plan to be implemented in Los Angeles County. The State Department of Mental Health (SDMH) guidelines define INN projects as novel, creative, and/or ingenious mental health practices/approaches that contribute to learning, and that are developed within communities through a process that is inclusive and representative, especially of un-served, underserved, and inappropriately served individuals. INN projects will be measured by what is learned rather than by program or client-specific outcomes. SDMH expects that the results and lessons learned from INN projects will be important aspects to consider in transforming the current mental health system.

As required by SDMH, DMH's INN Plan was developed through a Community Program Planning Process. Throughout this process, stakeholders expressed that the mental health, physical health, and substance abuse care that is currently provided in Los Angeles County is fragmented and does not fully meet the needs of communities. To address this concern, stakeholders proposed implementation of four integrated models, including the ISM. The other models are Integrated Clinic Model, Integrated Mobile Health Team, and Peer-Run Integrated Service Management Model.

1. The ISM is one of four DMH INN projects. The services to be delivered by existing mental health contractors and new providers will address four specific Learning Goals: The use of one or more multi-disciplinary models of fully integrated health, mental health, and substance abuse services using providers that are embedded within Los Angeles County community systems and result in the accurate identification and appropriate treatment of co-occurring health, mental health, and substance abuse for uninsured, homeless, and Underrepresented Ethnic Populations (UREP) populations.

2. The identification of formal and non-traditional ethnic community resources engaged and utilized to increase access and improve the quality of mental health services for consumers from UREP communities.
3. The integration of mental health, physical health, and substance abuse treatment services to generate a structure that leverages funding streams and results in sustainable, integrated, and multi-disciplinary care that meets the multiple needs of people with mental health disabilities.
4. The use of specially-trained peer providers and peer-run strategies that effectively enhance quality and coordination of care in a measurable and cost-effective manner.

The utilization of existing infrastructure and the leveraging of other programs and funding streams, including Federally Qualified Health Centers, is expected to increase the potential number of individuals served, create an efficient integrated system that promotes interagency collaboration, maximize available resources, and establish sustainable revenue.

### **Implementation of Strategic Plan Goals**

The recommended actions support the County's Strategic Plan Goal 3, Integrated Services Delivery.

### **FISCAL IMPACT/FINANCING**

The Agreements for FY 2012-13 in the amount of \$3,234,138 are funded by State MHSA Revenue in the amount of \$2,652,771, Federal Financial Participation (FFP) in the amount of \$471,613, and Sales Tax Realignment (State Match) revenue in the amount of \$109,755. Funding of these Agreements for FY 2012-13 is included in DMH's FY 2012-13 Recommended Budget. Funding for future fiscal years will be requested in the Department's annual budget request process.

There is no net County cost impact associated with the recommended actions.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

All service providers to be awarded for the AAA ISM will be in Service Area 6. Each contractor will provide ISM services, staffed with a multi-disciplinary team of professionals, paraprofessionals, and peer counselors who will have training and experience with health, mental health, and substance abuse. Kedren Community Health Center, Inc., and UMMA will be the prime contractors that will be awarded INN ISM funding, and SSG will be partnering with UMMA who has a LE Agreement with the Department. This is identified as Partnering LE (Attachment II). In these situations, the lead LE becomes the Prime LE provider and will serve as the INN ISM's entity that will ensure there is one integrated health record and one set of administrative and operational policies and procedures.

MHSA INN funds will be used in compliance with Welfare and Institutions Code Section 5891 and California Code of Regulations (CCR), Title 9, Section 3410, Non-Supplant. The draft INN Work Plan was available for stakeholder review and comment from October 20, 2009, through November 19, 2009. Also, a public hearing was held on November 19, 2009, by the Mental Health Commission.

The Agreement format has been approved as to form by County Counsel. DMH administrative staff will review and monitor the contractors' adherence to the Agreements and ensure that the Agreements' provisions and departmental policies are being followed.

In accordance with your Board Policy Manual, Section 5.120, Authority to Approve Increases to Board Approved Contract Amount requirements, DMH notified your Board on April 11, 2012 (Attachment IV), identifying and justifying the need for requesting a percentage increase exceeding 10 percent.

### **CONTRACTING PROCESS**

On January 20, 2011, DMH issued the MHSA INN ISM Request for Services (RFS) No. 2, to identify qualified agencies to implement an ISM service model for various UREP populations. There were no proposals received to implement the AAA ISM. Consequently, DMH re-issued the MHSA INN ISM RFS No. 4, to identify qualified agencies to implement an ISM service model for the AAA populations. Twenty-seven agencies attended the mandatory ISM Proposers' Conference on July 13, 2011. DMH received four proposals for the AAA ISM by the deadline on August 3, 2011. Two of the four proposers were successful and they, along with a partnering LE agency, will receive contract awards. After notification of the RFS results, the unsuccessful proposers were given the opportunity to request a formal debriefing. Following the requested debriefings, the agencies were further presented an opportunity to pursue a Proposer Contractor Selection Review. However, the Department did not receive a response from the agencies by the timeframe specified for this next step.

The Evaluation Committee was comprised of four evaluators and a facilitator. The Evaluation Committee used a specific standardized evaluation tool and an informed averaging process to arrive at final scores.

The Department's Executive Management Team reviewed the Evaluation Committees' finalized evaluation ratings and approved the recommendation to your Board for awards to the highest scoring INN ISM proposers along with a Partnering LE. These LEs are qualified to provide INN ISM services, and there is sufficient funding to award contracts to these agencies.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Board approval of the proposed actions will provide integrated mental health, physical health, and substance abuse services to individuals from ethnic communities who have a severe mental illness or are severely emotionally disturbed.

**SERVICE EXHIBIT \_\_\_\_\_****COMMUNITY-DESIGNED  
INTEGRATED SERVICE MANAGEMENT MODEL  
Provided Under the Mental Health Services Act (MHSA)  
Innovation (INN) Plan****1. GENERAL**

The Community-Designed Integrated Service Management (ISM) Model is a Mental Health Services Act (MHSA) Innovation (INN) plan model that is designed to increase the quality of services, specifically for underserved ethnic communities by addressing the fragmentation inherent in the current public mental health system of care and by building on the strengths of each particular community. The ISM program envisions models of care that are defined by the communities themselves and promotes collaboration and partnerships between formal and non-traditional service providers, and community-based organizations to integrate physical health, mental health, substance abuse, and other needed care to support the recovery of consumers with a strong emphasis on training peers to perform the outreach and engagement, education, linkage, and advocacy services from the stated Under Represented Ethnic Population (UREP) communities. "Formal" providers (i.e., mental health, physical health, substance abuse, child welfare, and other formal service providers) are traditionally recognized and funded through public and private insurance. "Non-traditional" providers are those that offer community-defined services but may not have credentials that permit reimbursement from public or private insurance.

The implementation of Community-Designed ISM programs will be innovative for several reasons. First, the attempt is to integrate care in a large, diverse urban environment with complex systems of care. Second, ISM programs will differentiate specific needs and approaches for five distinct under-represented ethnic communities. Third, ISM programs will focus on community self-direction for integrated service delivery. Fourth, the ISM program will integrate peers into the model's mix of formal and non-traditional providers. ISM programs will strive to go beyond traditional service delivery by using community strengths and partnerships by creating models of care specifically tailored to each of the five underrepresented ethnic communities that integrate mental health, physical health, and substance abuse services. The significance behind each ISM program's model of care is that it will illuminate, via outcome measures, the extent to which the model will facilitate culturally-informed peer-based services; measure the degree, nature and success of service integration; and provide feedback on which services prove to be the most effective for each ethnic community in developing culturally-competent models of care and care integration.

The ISM Model services will be grounded in ethnic communities with a strong foundation of community-based, non-traditional, and natural support systems such as faith-based organizations, voluntary associations, and other service groups.

The ISM may be comprised of staff that works for a Prime Contractor, a Partnering Contractor(s) and/or a Subcontractor(s). \_\_\_\_\_ shall serve as the Prime Contractor, \_\_\_\_\_ as the Partnering Contractor and/or Subcontractor(s). These roles are defined as:

- ❖ **Prime Contractor** shall provide specialty mental health services and/or shall be responsible for ensuring that the ISM services provided are integrated and coordinated, and that an integrated medical record/chart is used. Prime Contractor and Partnering Contractor(s) shall be responsible for a Quality Management Program and Plan, a Data Collection Plan, client outcomes and the Performance-Based criteria.
- ❖ **Partnering Contractor(s)** shall, similar to the Prime, also provide specialty mental health services. Prime Contractor and Partnering Contractor(s) shall be responsible for a Quality Management Program and Plan, a Data Collection Plan, client outcomes and the Performance-Based criteria.
- ❖ **Subcontractor(s)** shall provide the non-traditional services, which are the innovative core of the ISM. The subcontractor(s) shall not provide specialty mental health services.

**Contractor is expected to initiate implementation of the ISM service model within thirty days of contract commencement.**

## **2. STATE DEPARTMENT OF MENTAL HEALTH INN PROGRAM GUIDELINES**

State Department of Mental Health (SDMH) INN guidelines require that all INN programs lead to learning that advances mental health in California in the directions articulated by the MHSA. SDMH INN guidelines also state that "it is expected that Innovations will evolve and that some elements of a project might not work as originally envisioned. Such learning and adaptations are likely to be key contributions of the INN project. However, if the county and its stakeholders conclude that an INN project is not meeting design and outcome expectations to the extent that continuation is not useful and will not add to the learning, the county may terminate the project." To comply with these guidelines, DMH will conduct a minimum of quarterly reviews of the Contractor's ISM program, including client outcomes and performance-based criteria, throughout the term of the Agreement and at its sole discretion may require changes to the program's elements and/or services or request Board of Supervisor approval to terminate the Prime Contractor's and/or the Partnering Contractors' Agreement(s).

## **3. LEVERAGING**

SDMH guidelines encourage the leveraging of resources through the formation of collaborative partnerships with organizations and systems outside the mental health system that broaden the scope of current mental health practices and maximize

MHSA INN funding. Prime Contractor and Partnering Contractor shall leverage MHSA INN funding with other resources to establish sustainable revenue for the ISM and to increase each ISM's ability to serve the greatest possible number of individuals, including those without medical insurance.

The ability to leverage MHSA INN funding with Federally Qualified Health Center (FQHC) funding and other resources is a requirement. Services provided to clients that are FQHC reimbursable shall not be submitted to DMH for reimbursement. To ensure increased leveraging of FQHC funding, Prime Contractor and/or Partnering Contractor shall establish Medi-Cal benefits for eligible individuals by immediately assisting them to obtain Supplemental Security Income (SSI) or Supplemental Security Disability Insurance (SSDI). Other leveraging resources may include, but are not limited to: Patient Assistance Programs, Drug Medi-Cal, Medicare, Substance Abuse and Mental Health Services Administration (SAMHSA) grants, Substance Abuse Prevention and Control (SAPC) funding, community resources and organizational supports.

#### **4. VALUES AND PRINCIPLES**

The ISM shall adhere to the following values and principles:

- Services that are designed to assist individuals to achieve their wellness and recovery/resiliency goals;
- Client-centered services that are driven by clients' own goals and interests;
- Clients will receive holistic support that includes integrated physical health, mental health and substance abuse services, as well as other supports such as transportation, follow-up, encouragement, communication, and wellness activities (e.g., nutrition, exercise, yoga, meditation, and prayer);
- All services provided by organizations and staff will be culturally and linguistically competent in planning and implementation. Emphasis is placed on the communities of each targeted population providing the information to ensure this;
- ISM programs will use networks or collaborative partners grounded in their respective communities for the delivery of services. These collaborative may include grassroots, faith-based organizations, schools, and other entities;
- ISM programs will work within and actively strengthen the natural support systems of specific communities, so that these supports can be part of the clients' recovery process;
- ISM programs will rely on clients, family members, parents, and caregivers to inform service providers on what is helpful and needed to assist them toward recovery;

- ISM programs will promote the inclusion of consumers (peers), family members, parents and caregivers by training them to provide outreach, engagement, and linkage services;
- ISM programs will advocate for client needs and for changes in the system of care that will better support the integration of services and improved outcomes for the client;
- ISM programs will collect outcome-based data to track and adapt integrated support plans that will strengthen system change and promote effective service integration and care management;
- ISM programs will collect outcomes to track the cost effectiveness of the services, in particular whether or not the identified focal population of UREP is being served in a compassionate and efficient manner;
- ISM programs will work with client-centered services which are services driven by the client's own goals and interests;
- ISM programs will provide mental health, health promotion and awareness through culturally competent outreach, education and engagement strategies;
- ISM programs will indicate a willingness to provide necessary ancillary services to support improved mental and physical health, and decrease substance abuse such as transportation support and purchasing clothes, food, toiletries and household goods; and
- ISM programs will work within and actively strengthen natural support systems of specific communities that individuals belong to so that these supports can become part of their recovery process.

## **5. ISM TARGET POPULATION**

The Prime Contractor, Partnering Contractor(s) and subcontractor shall provide services to unduplicated clients of all ages with the following breakdown by UREP group for each year: American Indian/Alaska Native: 88 clients; Asian/Pacific-Islander: 54 clients; Eastern-European/Middle-Eastern: 60 clients; Latino: 92 clients.

ISMs are designed to serve the health, mental health, and substance abuse needs of UREPs (i.e., African/African-American; American Indian/Alaska Native; Asian Pacific-Islander; Eastern-European/Middle-Eastern; and Latino) that have limited access to culturally-appropriate services and/or will be potentially displaced from services due to funding gaps.

These populations include:

1. Families/individuals who have a history of dropping out of health, mental health and substance abuse services;
2. Linguistically-isolated individuals/families;

3. Families that have not accessed health, mental health and substance abuse services due to stigma;
4. Families that have not benefitted from health, mental health and substance abuse services or have received inappropriate services
5. The ISM shall target at a minimum 60% of their clients to come from the indigent/uninsured population;
6. Any client of the ISM must meet Medi-Cal medical necessity criteria for specialty mental health services at the time of assessment in order to continue receiving services **and** demonstrate a general medical condition requiring on-going care **and/or** substance abuse problems (co-occurring disorder).

NOTE: HealthyWay LA clients must be Tier 1 in order to qualify for ISM services. Tier 2 clients do not qualify for ISM services.

Prime Contractor and Partnering Contractor shall outreach to twice as many individuals as the number enrolled in the ISM. The goal is to provide ongoing ISM services to half the number of individuals/families that are outreached to. Prime Contractor and Partnering Contractor shall only provide ongoing services to the ISM target population but may also provide supportive services to family members of those receiving ongoing ISM services. The ISM target population is individuals with SMI or SED that meet Medi-Cal medical necessity criteria for receiving specialty mental health services **and** demonstrate a general medical condition requiring on-going care **and/or** substance abuse (co-occurring) problems or other vulnerabilities. Vulnerabilities include but are not limited to substance abuse or other physical health conditions that require ongoing primary care such as diabetes, hypertension, cardiovascular disease, asthma or other respiratory illnesses, obesity, arthritis and chronic pain.

It is anticipated that at least 50% of individuals receiving ongoing ISM services will have a medical condition that falls in one or more of the following categories:

- Cardiopulmonary, e.g. hypertension, hyperlipidemia, other cardiovascular conditions, asthma, emphysema, chronic obstructive pulmonary disease (COPD); Type II diabetes and/or obesity; Sexually transmitted diseases including HIV/AIDS and hepatitis.

Prime Contractor and Partnering Contractor shall leverage funding (e.g., FQHC, FQHC look-alike, etc) to serve individuals without medical insurance or any other financial resources to pay for services, including both those who are eligible to receive medical insurance (but simply have not) and those who will never be eligible to receive medical insurance. All resources and options must be exhausted by Prime Contractor and Partnering Contractor to leverage funding for primary care services. Only then, with appropriate pre-authorization, can ISM funding be used to pay for limited primary care services.

## **6. INITIAL ASSESSMENT AND TARGET POPULATION VERIFICATION**

ISM staff appropriately trained and with expertise in mental health, physical health and/or substance abuse shall complete a screening for each individual to determine whether they are eligible to receive ongoing ISM services. If the individual is determined to meet the criteria for ISM services, they are given a complete mental health initial assessment. The assessment must be completed by a licensed or license waived clinician. The mental health initial assessment shall include a clinical analysis of the history and current status of individuals' mental health, including relevant cultural issues with reference to acculturation, and a diagnosis based on this information. At a minimum the assessment will include all five DSM IV Axes. The physical health initial assessment shall include a clinical analysis of an individual's medical history and current physical status that includes a diagnosis based on this information. The substance abuse initial assessment shall include an understanding of the individual's past and current substance use and level of readiness to work toward change.

Prime Contractor and Partnering Contractor shall also use the initial assessment to determine if individuals meet the ISM target population. DMH shall confirm that all individuals meet the ISM target population before ongoing ISM services are provided.

## **7. CULTURALLY AND LINGUISTICALLY APPROPRIATE SERVICES**

Prime Contractor and Partnering Contractor shall ensure that all ISM mental health, physical health and substance abuse services are fully integrated and culturally and linguistically appropriate. Culturally and linguistically appropriate services are respectful of and responsive to a client's cultural and linguistic needs based on their cultural identity. Cultural identity may involve ethnicity, race, language, age, country of origin, level of acculturation, gender, socioeconomic class, disabilities, religious/spiritual beliefs, and/or sexual orientation. Culturally competent services require incorporating into all levels of service provision the importance of a client's culture, an assessment of cross-cultural relations, vigilance of the dynamics that result from cultural differences, the expansion of cultural knowledge, and the adaptation of services to meet culturally-unique needs. Prime Contractor and Partnering Contractor shall ensure that all staff has the ability to provide culturally and linguistically appropriate services.

## **8. SERVICE APPROACHES AND STRATEGIES**

The Community-Designed ISM Model will operate as a care management mechanism that coordinates and integrates formal health, mental health and substance abuse services with a holistic network of services that is ingrained in the overarching principles of culturally relevant wellness practices, community-based natural support systems, peer-driven services, and linkage and advocacy to assist families to connect with the specific human service agencies that cater to their needs. Prime Contractor and Partnering Contractor shall maintain a list of accessible holistic network services to which clients are referred and assisted as needed to obtain non-traditional services. Resources must be reputable with demonstrated success in the delivery of these services. The use of these

approaches and strategies shall be well documented and reflected in the clients' care/treatment plans, clinical interventions, and treatment/progress notes.

## **9. SERVICES TO BE PROVIDED**

The ISM services to be provided hereunder are described in Prime Contractor and Partnering Contractor's Proposal/Negotiation Package for the Legal Entity (LE) Agreement, including any addenda thereto, as approved in writing by the Director. Each ISM shall have a program team that will integrate formal and informal provider and community-based resources through the following: 1) Community-Designed Peer-Based Outreach, Engagement, and Education; 2) Integrated Care and Support; 3) Peer-Based Enhanced Services, Linkage, and Advocacy; and 4) Integrated Care Network. ISM program teams shall be set up to work with each client to ensure that service access, coordination, understanding, follow-up, and clinical communication are provided. The teams shall consist of both service professionals and specially-trained peers who will meet regularly with clients and provide information, transportation, motivation, encouragement, and help with provider communication. ISM staff will participate in a Learning Collaborative where they will participate in regular trainings relevant to the ISM model and an integrated treatment approach. Individuals must voluntarily consent to receive ongoing ISM mental health services. Prime Contractor and Partnering Contractor shall base the level and intensity of ongoing services on each client's documented assessed needs.

Prime Contractor and Partnering Contractor shall ensure that services provided by the ISM meet the Standards of Care as determined by DMH and at a minimum include the following:

A. Outreach, Engagement, and Education Services (OEE). Outreach is a process of informing individuals of ISM services. Engagement is a process of establishing trusting relationships with individuals and as a result, the individuals view the ISM as being of service to them and are willing to receive ISM services. OEE activities will be provided throughout the ISM program with a maximum of 8 week segments and will not have enrollment restrictions. The format of OEE activities can be one-time events or ongoing. Clients participating in wellness activities beyond the initial 8 weeks must undergo the ICS screening for approval of extended participation beyond the initial 8 week enrollment. The client may not continue to enroll if he/she declines a screening or is not eligible for integrated care services. Education is a core component of the ISM and includes educating communities about mental health, health and substance abuse in order to increase awareness and decrease stigma. The Prime Contractor and Partnering Contractor's education plan shall involve anti-stigma efforts in order to reduce barriers that have historically impaired the specific UREP community members from accessing and maintaining services.

B. Integrated Care and Support (ICS). The ICS phase involves the completion of: 1) a screening to determine eligibility for ISM services **and/or** 2) clinical assessment by the Integrated Clinical Care Professional to assess what further services are required to meet the integrated health needs of the individual.

C. Peer-Based Enhanced Services, Linkage, and Advocacy (PESLA) While the clients/families are in ICS phase, the ISM is to provide PESLA to ensure that clients are able to efficiently navigate the mental health, physical health, substance abuse and other systems necessary to sustain their recovery and overcome institutional barriers. PESLA connects families to both formal and non-traditional services, provides follow-up and encouragement, and proactively facilitates communication and transportation. Recognizing that mental health needs are embedded within a continuum of care, ISMs shall provide education or referrals to the appropriate agencies that can help with benefits establishment, housing, child care, education, vocational training, legal counseling, and others. All PESLA services will be documented with weekly follow-up notes on client's progress along with a plan to assist with system navigation as needed.

Another service that will be provided starting in the PESLA stage is Life Skill Activities. Life Skill Activities are designed for clients/families who need assistance with restoring, improving and/or maintaining daily living, social interactions, recreation/leisure, and personal hygiene skills. Life Skill Activities may also focus on assisting clients/families to access additional resources and reach personal vocational goals such as:

- Benefits Establishment – responsible for assessing the financial status, identifying benefits to which they may be entitled (e.g., Medicare, Medi-Cal, HealthyWay LA) and performing all actions including advocacy to ensure entitlements are established.
- Employment and Education Activities – assisting with job searching or locating volunteer/educational opportunities and providing necessary ongoing supports and advocacy.
- Client Supportive Services – CSS enhance outreach and engagement and ongoing ISM services. Funds of client supportive services are used in a wide variety of ways to support clients' recovery. These services include but are not limited to: services provided by non-traditional providers; client/family/caregiver support; and others as needed. For details about eligible CSS expenditures and reimbursement procedures Client Supportive Services for Mental Health Services Act Innovation Plan (see Service Exhibit for CSS).

- Referral and Linkage: Referring and linking to community resources and supports including self-help groups.

D. Integrated Care Network (ICN)

The ICN phase constitutes the core mental health, physical health, and substance abuse services (in collaboration with other formal and non-traditional human services) that are to be provided to the client as determined by his/her assessment. The ICN is comprised of the following services:

1. Specialty Mental Health Services. Mental health services help clients manage the symptoms of their mental illness and assist them to achieve their mental health wellness and recovery goals. These services shall include:

- Psychotherapy/counseling – short term interventions used to assist in the understanding of problematic behaviors and the development and use of alternative behaviors
- Medication Support: Prescribing, administering, dispensing and monitoring psychiatric medications and providing medication education.
- Crisis Intervention: Assessing acute psychiatric and other emergency situations and providing interventions including initiating hospitalization if necessary.

- Family Supportive Services: Services that facilitate the recovery of the client receiving ISM services by providing services as needed to their family members. These services shall include referrals and linkage to supports and resources including but not limited to mental health, physical health or substance abuse care available either from the agency providing ISM services or from other community agencies.

Mental Health Services may also include:

- Collateral Support: Contacting family members and/or significant others with the client's authorization to provide them with information about the client and/or to discuss how they can assist the client with their care/treatment goals.

- Team Conferences/Case Consultation: Using interdisciplinary inter/intra-agency conferences and consultation to coordinate client care activities.

2. Physical Health Care Services: Physical health care services are primary and preventative health care services designed to minimize the need for emergency rooms and hospitals through the early and effective treatment of many physical health conditions, as well as better management of chronic disease. These are services that should be leveraged by the ISM. ISM funds cannot pay for physical health **services**. ISM funds can only be used to pay for the **staff time** associated with physical health services only for the portion of the time allocated to ISM clients. These services shall include:

- Treatment: Providing treatment as defined by local, state and federal healthcare regulations as well as by established health care industry credentialing standards and guidelines. Treatment shall include emergency first aid.

- Preventative Health Education and Screenings: Providing information about physical health conditions and preventative care measures including risk factors that negatively impact health, behaviors that promote good health, and screenings to assess for health conditions and/or infectious diseases and the need for vaccinations. Screenings must include but are not limited to those for diabetes, cardiovascular disease and hypertension.

3. Substance Abuse Services: Substance abuse services are designed to support an individual's choice to abstain from substance use and addictive behaviors (including gambling) or their choice to prevent/reduce the harm and risks associated with using substances and to assist individuals to achieve their wellness and recovery goals. The substance abuse services should be within the scope of services the Department of Mental Health currently funds and provides, and must be linked to the Mental Health services being provided (co-occurring services). Funding will not be used for clients that require intensive services (i.e., drug detox, hospitalization, etc).

These services shall include:

- Individual/Group Counseling: Interventions used to assist in the understanding of problematic substance use behaviors and the development and use of alternative behaviors.
- Referrals and linkage: Referring and linking clients to community resources and supports, including self-help groups and detoxification providers.
- Education: Providing information about substance abuse and alternative wellness activities.

#### 4. Non-Traditional Services

The integration of non-traditional services is the innovative core of the ISM. It seeks to build upon the strengths of the UREP communities by creating a model of care that is defined by the community through the collaboration between formal and non-traditional service providers. Recognizing that many communities have historically utilized non-traditional services in order to achieve mental and physical wellness in place of formal mental health services, the ISMs seek to incorporate community-defined, non-traditional services as a key component of the ICN phase.

Non-traditional services can either be directly provided by the prime, partnering contractor, or can be subcontracted to individuals, organizations, or agencies.

\*Prime Contractor shall be solely liable and responsible for any and all required services, whether provided directly, subcontracted or referred, under this Agreement. The record must be accessible within 3 business days for inspection, review and/or audit by representatives or designees of LA County DMH or State DMH. **ONE-TIME EXPENSES**  
**ASSOCIATED WITH STARTING A NEW**  
**MENTAL HEALTH SERVICES ACT INNOVATION PROGRAM**

**I. OVERVIEW**

In response to the implementation requirements of the Mental Health Services Act, Los Angeles County Department of Mental Health (DMH) has designed and implemented contracts, policies, procedures and payment processes that support the implementation of new programs.

DMH has developed this Service Exhibit to facilitate reimbursement of one-time expenses associated with starting new MHSA Innovation programs. These include non-Medi-Cal capital assets and other non-Medi-Cal client support expenditures. These expenses will only be allowed during the first two months of the program's initiation unless prior approval is obtained from the program's lead DMH District Chief.

**II. ALLOWABLE ONE-TIME EXPENSES**

**A. Service Function Code (SFC) 75: Non-Medi-Cal Capital Assets**

SFC 75 applies to the one-time capital asset expenses dedicated solely to non-Medi-Cal activities. These expenses shall be \$5,000 or greater; they may be claimed in the year purchased. Expenses that should be reported under SFC 75, provided such expenses are dedicated solely to non-Medi-Cal activities, include:

- Vehicles
- Other capital assets dedicated solely to non-Medi-Cal activities.

Units of Service shall not be reported for SFC 75.

**All Capital Assets purchased within the parameters of this exhibit require the DMH's Director's or the Director's designee's prior approval.**

**B. Service Function Code (SFC) 78: Other Non-Medi-Cal Client Support Expenditures**

SFC 78 applies to one-time expenses other than SFC 75 expenses that are associated with starting a new MHSA Innovation program. These expenses include general operating expenditures incurred in providing non-Medi-Cal

client supports not otherwise reported in treatment or outreach programs (Mode 05, 10, 15 or 55). Allowable expenses include extraordinary costs associated with leases and utilities (e.g. deposits), recruitment, staff orientation/training, staff time dedicated to program development and equipment. Equipment expenses must be less than \$5,000. Lease costs, utilities, staff orientation/training and staff time dedicated to program development shall only be claimed prior to the provision of service delivery.

### **III. REIMBURSEMENT**

The procedures for reimbursement for One-Time Expenses Associated with Starting a New MHSA Innovation Program are provided in Attachment A.

**CLIENT SUPPORTIVE SERVICES FOR  
MENTAL HEALTH SERVICES ACT  
INNOVATION PLAN PROGRAMS**

**I. OVERVIEW**

The Mental Health Services Act (MHSA), adopted by the California electorate on November 2, 2004, created a new permanent revenue source administered by the California State Department of Mental Health (SDMH) for the transformation and delivery of mental health services provided by State and County agencies. The MHSA requires the development of integrated plans including Prevention and Early Intervention, Innovation, and Community Services and Supports that promote hope, wellness resiliency, and recovery. The Los Angeles County Department of Mental Health's (DMH's) MHSA Community Services and Support and Innovation plans include Client Supportive Services (CSS) funding for ancillary services that support client resiliency, wellness and recovery.

**II. ELIGIBILITY/USE OF CLIENT SUPPORTIVE SERVICE FUNDS**

Clients of all ages, ethnicities, cultures and conditions who are receiving services through a MHSA Innovation Plan Program are eligible to receive CSS funds. These funds may be expended on clients receiving ongoing mental health services and to engage unserved individuals in the mental health system. CSS expenditures can only be used when the client does not have sufficient financial resources, including Supplemental Security Income (SSI) to pay for a necessary CSS expenditure and these expenditures cannot be obtained or reimbursed through another community and/or funding resource including medical insurance. When these funds are used, the client's chart/record must document how the use of the CSS funding is directly related to the client's care/treatment plan and recovery goals and what other community and/or funding resources have been explored but were unavailable to obtain the necessary item or service. Although the use of CSS funds is client specific, they are allocated as an aggregate pool of funds. The use of CSS funds is not an entitlement.

Items and services purchased with CSS funds including staff time that is not otherwise reimbursed through the Integrated System (IS) or any other leveraging sources must be used in the fiscal year in which they are purchased.

A **Supplemental Information Request Form** must be submitted to the INN model District Chief for CSS funds used for any ongoing client expenses beyond three (3) months. There must be clear documentation indicating how the ongoing expense relates to the client's care/treatment plan and recovery goals and what steps have been taken to secure alternative sources of funding for the expense.

All CSS expenditures are subject to random audits by DMH and/or the Los Angeles County Office of the Auditor-Controller.

### **III. CLIENT SUPPORTIVE SERVICES EXPENDITURE CATEGORIES AND SERVICE FUNCTION CODES (SFC)**

The following is a list of CSS expenditure categories and Service Function Codes (SFC) that are required for billing purposes. Refer to Attachment 1, Client Supportive Services Expenditure Guidelines, for a complete list of allowable expenditures.

#### **A. Client Housing Support Expenditures, SFC 70**

Client Housing Support (CHS) expenditures, SFC 70, apply to the costs associated with providing short-term housing for clients and those needed to help clients maintain their housing. These include payment for rental subsidies, housing vouchers, motels, shelters, security deposits, first and last months rent and rent needed to prevent eviction. The salaries and benefits of staff that provide client housing supports are not included.

#### **B. Client Housing Operating Support Expenditures, SFC 71**

Client Housing Operating Support (CHOS) expenditures, SFC 71, apply to the operating costs related to providing housing supports. These include payment for utilities, building repair and maintenance, insurance and credit reporting fees.

#### **C. Client Flexible Support Expenditures, SFC 72**

Client Flexible Support (CFS) expenditures, SFC 72, apply to the costs associated with goods and services that are necessary to assist clients with their daily living needs and with achieving their personal/community integration care/treatment goals. CFS expenditures include payment for food, clothing, hygiene products, transportation, tickets/citations (with pre-authorization by DMH) furniture, appliances, housewares, moving expenses, school supplies, tuition and recreational activities.

CFS may also be used for a client's dental and optical care, medications and laboratory tests for physical health conditions, laboratory tests

associated with the use of psychiatric medications for mental health conditions, alternative healing methods such as cupping, acupuncture and curandero services only if these expenses cannot be reimbursed through another funding source including medical insurance.

\* Contractor shall be solely liable and responsible for any and all required services, whether provided directly, subcontracted or referred, under this Agreement. Contractor shall indemnify and hold harmless the County from and against any liabilities and costs arising from, connected with, or related to services and treatments rendered under this agreement by Contractor, subcontractor, and/or employees of Contractor or subcontractor.

The use of CFS expenditures for gift card purchases is restricted to a limited supply to cover categorical expenditures over a two (2) month time period. Gift cards should not be routinely given to individual clients, but should only be used to supplement a client's resources. Gift card allocations per month per client cannot exceed \$150 unless pre-approved by DMH. Items and services purchased with gift cards must be bought/used in the fiscal year in which the gift card was purchased. Clients must be informed of non-allowable purchases when using gift cards. (See Section IV. Non-Allowable Client Supportive Services Expenditures.)

Gift cards must be properly secured and accounted for by maintaining a gift card tracking system that includes the following minimum information:

- Gift card vendor name
- Gift card serial number
- Date gift card was bought
- Name of the client to whom the gift card was given
- Date gift card was given to the client
- Signature of client acknowledging receipt of the gift card
- Gift card balance
- Copies of receipts for gift card purchases
- Name and signature of authorized personnel who give the client the gift card

There must be internal policies and procedures that include, but are not limited to, gift card security, accountability and dispersal, the requirement that gift card purchases must relate to the client's care/treatment plan and how clients will be informed of non-allowable purchases when using gift cards.

The gift card internal policies and procedures and tracking system shall be available for review by a DMH designee(s) upon request at the agency or by copies sent as requested by a DMH designee.

#### **D. Other Non-Medi-Cal Client Support Expenditures, SFC 78**

Other Non-Medi-Cal Client Support Expenditures, SFC, 78 applies to the staff time delivering Innovation plan services only if this time cannot be reimbursed through another funding source including medical insurance.

### **IV. NON-ALLOWABLE CLIENT SUPPORTIVE SERVICES EXPENDITURES**

The following are non-allowable CSS expenditures:

- Alcohol
- Tobacco
- Illegal substances/activities
- Incentives
- Sexually explicit materials
- Costs for staff to accompany clients to venues or events such as sporting events, concerts or amusement parks
- Medi-Cal Share of Cost
- Prescription drugs that are reimbursed by a client's medical insurance, a Prescription Assistance Program or DMH's Indigent Medication Program (also know as Prescription Authorization and Tracking System).
- Expenses related to purchasing land or buildings or the construction/rehabilitation of housing, facilities, buildings or offices
- Costs that are reimbursed by any other funding source including units of services costs reported under Modes 05, 10, 15 or 45
- Program vehicles

### **V. CLIENT SUPPORTIVE SERVICES EXPENSE LIMITS**

CSS funds shall be used as reasonably and economically as possible. Purchases should be made from vendors that sell previously used merchandise such as Goodwill, Salvation Army and on-line resources whenever possible. See Attachment 1, Client Supportive Services Expenditure Guidelines for a list of CSS expense limits.

### **VI. CLIENT PROPERTY PURCHASED WITH CLIENT SUPPORTIVE SERVICES**

Items purchased with CSS funds become the property of the client and the client **is not** obligated to return the property if the client no longer receives services through a MHS Innovation Plan Program. However, there may be

situations in which a program provider and a client make an agreement for the client to reimburse the program provider for CSS expenditures, such as rent payments or security deposits made by the program provider on the client's behalf (e.g. upon approval of Social Security Income).

## **VII. REIMBURSEMENT**

The procedures for reimbursement for CSS expenditures are provided in Attachment A.

NOW, THEREFORE, Contractor and County agree as follows:

#### **PREAMBLE**

For over a decade, the County has collaborated with its community partners to enhance the capacity of the health and human services system to improve the lives of children and families. These efforts require, as a fundamental expectation, that the County's contracting partners share the County and community's commitment to provide health and human services that support achievement of the County's vision, goals, values, and adopted outcomes. Key to these efforts is the integration of service delivery systems and the adoption of the Customer Service and Satisfaction Standards.

The County of Los Angeles' Vision is to improve the quality of life in the County by providing responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, businesses and communities. This philosophy of teamwork and collaboration is anchored in the shared values of:

- |                   |                         |
|-------------------|-------------------------|
| ➤ Responsiveness  | ➤ Integrity             |
| ➤ Professionalism | ➤ Commitment            |
| ➤ Accountability  | ➤ A Can-Do Attitude     |
| ➤ Compassion      | ➤ Respect for Diversity |

These shared values are encompassed in the County Mission to enrich lives through effective and caring service and the County Strategic Plan's eight goals: 1) Service Excellence; 2) Workforce Excellence; 3) Organizational Effectiveness; 4) Fiscal

Responsibility; 5) Children and Families' Well-Being; 6) Community Services; 7) Health and Mental Health; and 8) Public Safety. Improving the well-being of children and families requires coordination, collaboration, and integration of services across functional and jurisdictional boundaries, by and between County departments/agencies, and community and contracting partners.

The basic conditions that represent the well-being we seek for all children and families in Los Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in January 1993.

- Good Health;
- Economic Well-Being;
- Safety and Survival;
- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy – in isolation – can achieve the County's outcomes of well-being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County's health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social services systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no "wrong door": wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.
- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated and comprehensive information, services, and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other community partners.

- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally-competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.
- ✓ County agencies and their partners focus on administrative and operational enhancements to optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.
- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and a seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve the County's five outcomes for children and families: good health, economic well-being, safety and survival, emotional and social well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community will continue to work together to develop ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following ***Customer Service and Satisfaction Standards*** in support of improving outcomes for children and families.

*Personal Service Delivery*

The service delivery team – staff and volunteers – will treat customers and each other with courtesy, dignity, and respect.

The basis for all County health and human services contracts is the provision of the highest level of quality services that support improved outcomes for children and families. The County and its contracting partners must work together and share a commitment to achieve a common vision, goals, outcomes, and standards for providing services.

Such plans shall be subject to prior written approval of Director or his designee, except that in specific cases, as determined by Contractor, where an immediate patient/client transfer or referral is indicated, Contractor may make an immediate transfer or referral. If Contractor terminates this Agreement, all costs related to all such transfers or referrals as well as all costs related to all continuing services shall not be a charge to this Agreement nor reimbursable in any way under this Agreement; and

E. Notwithstanding any County consent to any subcontracting, Contractor shall remain fully liable and responsible for any and all performance required of it under this Agreement, and no subcontract shall bind or purport to bind County. Additionally, County approval of any subcontract shall not be construed in any way to constitute the determination of the allowability or appropriateness of any cost or payment under this Agreement.

A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other Agreements which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Agreement, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing Agreements the Contractor may have with the County.

C. The County may debar a Contractor if the Board of Supervisors finds, in its discretion, that the Contractor has done any of the following: (1) violated a term of an Agreement with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the

right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.

G If a Contractor has been debarred for a period longer than five (5) years, that Contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five (5) years; (2) the debarment has been in effect for at least five (5) years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

I. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

J. These terms shall also apply to subcontractors of County Contractors.

54. **CONTRACTOR'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY FUNDED PROGRAM:** Contractor hereby warrants that neither it nor any of its staff members is restricted, excluded or suspended from providing services under any health care program funded by the federal government, directly or indirectly, in whole or in part, and that Contractor will notify Director within 30 calendar days in writing of: (1) any event that would require Contractor or a staff member's mandatory exclusion or suspension from participation in a federally funded health care program; and (2) any exclusionary or suspension action taken by any agency of the federal or State governments against Contractor or one or more staff

members barring it or the staff members from participation in a federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part. This warranty and notice requirements apply equally to suspensions from the Medi-Cal program as well as any other federally funded health care programs including but not limited to Medicare and Healthy Families.

There are a variety of different reasons why an individual or entity may be excluded from participating in a federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG), and State officials have the discretion not to exclude.

The mandatory bases for federal exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its subcontractors or its significant business transactions; (6) loss of a State license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Mandatory exclusions under State law from Medi-Cal are similar but also include convictions of a misdemeanor for fraud or abuse involving the Medi-Cal program or a Medi-Cal beneficiary.

Contractor shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any federal or State exclusion or suspension of Contractor or its staff members from such participation in a federally funded health care program. Contractor shall provide the certification set forth in Attachment VII (Attestation Regarding Federally Funded Program) as part of its obligation under this Paragraph 54.

Contractor shall also comply with DMH Policy "Contractors Eligibility to Provide Goods and Services to Federally Funded Health Care Programs and to Secure Federally Funded

Contracts" which includes the following topics: 1) Contractor's responsibility for any and all Civil Monetary Penalties associated with repayments for claims submitted for excluded or suspended agencies or individuals and 2) Contractor's responsibility to provide employee identification information within three (3) business days should DMH or its representatives request it related to sanction list screening compliance.

Failure by Contractor to meet the requirements of this Paragraph 54 shall constitute a material breach of Agreement upon which County may immediately terminate or suspend this Agreement.

55. **HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT:**

A. The parties acknowledge the existence of the Health Insurance Portability and Accountability Act of 1996, its implementing regulations (HIPAA), and subtitle D, Privacy, of the Health Information Technology for Economic and Clinical Health Act (HITECH). Contractor understands and agrees that it is a "Covered Entity" under HIPAA and, as such, has obligations with respect to the confidentiality, privacy, and security of patients' medical information, and must take certain steps to preserve the confidentiality of this information, both internally and externally, including the training of staff and the establishment of proper procedures for the release of such information, including the use of appropriate consents and authorizations specified under HIPAA.

B. The parties acknowledge their separate and independent obligations with respect to HIPAA and HITECH, and that such obligations relate to *transactions and code sets, privacy, and security*. Contractor understands and agrees that it is separately and independently responsible for compliance with HIPAA and HITECH in all these areas and that County has not undertaken any responsibility for compliance on Contractor's behalf. Contractor has not relied, and will not in any way rely, on County for legal advice or other representations with respect to Contractor's obligations under HIPAA or HITECH, but will independently seek its own counsel and take the necessary measures to comply with the law and its implementing regulations.

C. Contractor and County understand and agree that each is independently responsible for HIPAA and HITECH compliance and agree to take all necessary and reasonable actions to comply with the requirements of HIPAA law and implementing regulations related to Transactions and Code Sets, Privacy, and Security. Each party further agrees to indemnify and hold harmless the other party (including their officers, employees and agents) for its failure to comply with HIPAA or HITECH.

D. Contractor and County understand and agree that HIPAA has imposed additional requirements in regards to changes in DMH's County's information system.

(1) County has a Guide to Procedure Codes available at <http://lacdmh.lacounty.gov/hipaa/index.html> which includes a "crosswalk" of DMH activity codes to Current Procedural Terminology (CPT) and Health Care Procedure Coding System (HCPCS) codes.

(2) County has an Electronic Data Interchange (EDI) Agreement form available at [http://lacdmh.lacounty.gov/hipaa/edi\\_homepage.html](http://lacdmh.lacounty.gov/hipaa/edi_homepage.html) which includes information about the applicable HIPAA transactions that can be processed in the County's claims processing information system.

(4) As County defines standard formats for each EDI transaction and determines the method by which each transaction is to be exchanged between Contractor and County, County shall notify Contractor of the effective date(s) by which Contractor shall be required to implement each newly defined EDI transaction through County's release of revised Companion Guides no less than 180 days prior to the effective date(s) upon which each newly defined EDI transaction is required, unless earlier effective date(s) are imposed by law or regulation.

(5) Contractor acknowledges that County may modify EDI transactions as needed. (6) Contractor agrees to comply with the exchange of all EDI transactions specified by County and the method by which these transactions are to be exchanged between Contractor and County as of the effective date(s) specified by County.

E. Contractor understands that County operates an informational website <http://dmh.lacounty.gov/wps/portal/dmh> related to the services under this Agreement and the parties' HIPAA obligations, and agrees to undertake reasonable efforts to utilize said website to obtain updates, other information, and forms to assist Contractor in its performance.

F. Contractor understands and agrees that if it uses the services of an Agent in any capacity in order to receive, transmit, store or otherwise process Data or Data Transmissions or perform related activities, the Contractor shall be fully liable to DMH for any acts, failures or omissions of the Agent in providing said services as though they were the Contractor's own acts, failures, or omissions.

G. Contractor further understands and agrees that the terms and conditions of the current Trading Partner Agreement (TPA) available at [http://lacdmh.lacounty.gov/hipaa/edi\\_homepage.html](http://lacdmh.lacounty.gov/hipaa/edi_homepage.html) shall apply to this Agreement and that said Terms and Conditions are incorporated by reference as though fully set forth herein.

56. **TECHNOLOGY REQUIREMENTS:**

(1) Contractor shall maintain a copy of each Electronic Signature Agreement and make them available for inspection by County upon request.

(2) Contractor shall submit to County a Legal Entity Electronic Signature Certification to certify compliance with this provision of this Agreement. Contractors who implement electronic methods to sign electronic health records subsequent to the execution of this Agreement shall submit to County a Legal Entity Electronic Signature Certification immediately upon implementation.

(3) County has a Legal Entity Electronic Signature Certification and a sample Electronic Signature Agreement available at [http://lacdmh.lacounty.gov/hipaa/edi\\_homepage.html](http://lacdmh.lacounty.gov/hipaa/edi_homepage.html)

57. **COMPLIANCE WITH JURY SERVICE PROGRAM:**

A. Jury Service Program: This Agreement is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy:

(1) Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.

(2) For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has an Agreement with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for the County under the Agreement, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract Agreement and a copy of the Jury Service Program shall be attached to the Agreement.

(3) If Contractor is not required to comply with the Jury Service Program when the Agreement commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Agreement and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.

(4) Contractor's violation of this section of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole

discretion, terminate the Agreement and/or bar Contractor from the award of future County Agreements for a period of time consistent with the seriousness of the breach.

58. **NOTICE TO EMPLOYEES REGARDING THE SAFELY SURRENDERED BABY LAW:**

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby.

The fact sheet is set forth in Attachment VIII of this Agreement and is also available on the Internet at [www.babysafela.org](http://www.babysafela.org) for printing purposes.

59. **CONTRACTOR'S ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW:**

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

60. **CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45 C.F.R. PART 76):**

The Contractor hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Contractor certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Contractor certifies that, to its knowledge, none of its subcontractors, at any tier, or any owner, officer, partner, director or other principal of any subcontractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Contractor shall immediately notify County in writing, during the term of this Agreement, should it or any of its subcontractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Contractor to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

61. **CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE:** The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the certification in Attachment IX, the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

62. **LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM:** This Contract is subject to all provisions of the County's ordinance entitled Local Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code. Specifically, Contractor shall pay particular attention to the following provisions in Chapter 2.204:

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

If Contractor has obtained certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the Contract amount and what the County's costs would have been if the contract had been properly awarded;
2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent (10%) of the amount of the contract; and
3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Non-responsibility and Contractor Debarment).

The above penalties shall also apply to any Contractor that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the State and Internal Services Department of this information prior to responding to a solicitation or accepting a contract award.

63. **FORCE MAJEURE:**

A. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this sub-paragraph as "force majeure events").

B. Notwithstanding the foregoing, a default by a subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet its obligations under this agreement. As used in this sub-paragraph, the term "subcontractor" and "subcontractors" mean subcontractors at any tier.

C. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

64. **CONTRACTOR'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM:**

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers. Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this contract will maintain compliance, with Los Angeles County Code Chapter 2.206.

65. **TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM:**

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 64 (CONTRACTOR'S

**FINANCIAL EXHIBIT A**  
**FINANCIAL PROVISIONS**

**A. GENERAL**

(1) The Department of Mental Health (DMH) Legal Entity Agreement and the attachments thereto, including but not limited to this Financial Exhibit A (FINANCIAL PROVISIONS) (Attachment II to the DMH Legal Entity Agreement), the Financial Summary (Attachment III to the DMH Legal Entity Agreement), and the Subprogram Schedule (Attachment IV to the DMH Legal Entity Agreement) shall be collectively known as "the Agreement".

(2) The County shall pay Contractor in arrears for eligible services provided under this DMH Legal Entity Agreement and in accordance with the terms of this Financial Exhibit A up to the amounts identified for each Funded Program as shown in the Financial Summary and as otherwise may be limited under this DMH Legal Entity Agreement and the attachments thereto, including but not limited to this Financial Exhibit A and the Financial Summary.

(a) For the purposes of the Agreement, a "Funded Program" is a set of services paid through a particular funding source for the benefit of a specific beneficiary (e.g., Medi-Cal/Healthy Families or Non-Medi-Cal/Non-Healthy Families) as identified on a row on the Financial Summary.

(b) For the purposes of the Agreement, the "Funded Program Amount" is the amount identified in the last column of the Financial Summary for each Funded Program.

(c) For the purposes of this Agreement, "Non-Medi-Cal/Non-Healthy Families" includes all of the following: Persons with no known outside payer source, persons for whom eligibility for benefits under the State's Medi-Cal or Healthy Families programs is being determined or established, and persons whose eligibility for the Medi-Cal or Healthy Families programs was unknown at the time that services were rendered.

(d) The Contractor understands and agrees that the Financial Summary is the aggregation of funds provided under specific subprograms that are allocated or awarded based on Contractor's areas of expertise and its ability to provide specific services and/or serve specific populations through specific programs as indicated in Contractor's Negotiation Package, approved by the Director. The Contractor understands and agrees that this aggregation of funds is intended to facilitate provisional payments to the Contractor for eligible services rendered under this DMH Legal Entity Agreement and to facilitate the ability of the County to obtain reimbursement from its funding sources, including federal and State reimbursement for eligible services to Medi-Cal and Healthy Families beneficiaries.

(e) The Contractor understands and agrees that this aggregation of funds in the Financial Summary is not intended to allow Contractor to redirect funds that were originally allocated or awarded for the benefit of a specific population or for specific types of services.

(f) The Contractor understands and agrees that the Subprogram Schedule (Attachment IV) reflects the specific subprogram amounts per Funded Program as indicated in the Negotiation Package.

(g) The Contractor understands and agrees that the Subprogram Schedule will be used to monitor mental health services provided within a Funded Program and will not be used at cost settlement. The Contractor shall comply with DMH Policy, Shifting Guidelines for the Legal Entity Agreement to accommodate deviations from the specific subprogram amounts to ensure specific program/subprogram outcomes are achieved.

(3) The Contractor shall comply with all requirements necessary for reimbursement as established by federal, State and local statutes, laws, ordinances, rules, regulations, manuals, policies, guidelines and directives.

(4) In order to reduce County costs, the Contractor shall comply with all applicable provisions of the Welfare and Institutions Code (WIC) and/or California Code of Regulations (CCR) related to reimbursement by non-County and non-State sources, including, but not limited to, collecting reimbursement for services from clients (which shall be the same as patient fees established pursuant to WIC Section 5710) and from private or public third-party payers. In addition, Contractor shall ensure that, to the extent a recipient of services under this Agreement is eligible for coverage under Medicaid or Medicare or any other federal or State funded program (an eligible beneficiary), services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries.

(a) Contractor shall be responsible for delivering services to the extent that funding is provided by County. To the extent that Contractor does not have funds allocated in this Agreement for a Funded Program that pays for services to a particular eligible beneficiary, Contractor shall, at the first opportunity, refer said eligible beneficiary to another Contractor or County facility, within the same geographic area to the extent feasible, that has available funds allocated for that Funded Program.

(b) To the extent that the County determines Contractor has improperly claimed services to a particular Funded Program, County may disallow payment of said services and/or may make corrective accounting transactions to transfer the payment of the said services to the appropriate Funded Program and/or require Contractor to void said claimed

services and replace/resubmit said services for payment from the correct Funded Program, if applicable.

(5) The Countywide Maximum Allowances (CMA) are in effect during the Initial Period, the First Automatic Renewal Period, or the Second Automatic Renewal Period, or any part thereof, and shall be applicable to this Agreement as of the date adopted by.

**B. LIMITATIONS ON MAXIMUM REIMBURSEMENT**

(1) The total maximum reimbursement that will be paid by County to Contractor under this Agreement shall be, in no event, more than the Maximum Contract Amount for the Initial Period, First Automatic Renewal Period and the Second Automatic Renewal Period, respectively, of this Agreement.

(a) In addition to the general limitation of Paragraph B (1) of this Financial Exhibit A, in no event shall the maximum reimbursement that will be paid by County to Contractor under this Agreement for any Funded Program be more than the amount identified as the Funded Program Amount for each Funded Program, as provided on the Financial Summary for the Initial Period, First Automatic Renewal Period and the Second Automatic Renewal Period, respectively, of this Agreement.

(3) Except as otherwise provided in this Agreement, the total Maximum Contract Amount and/or the Funded Program Amount(s) for any of the periods specified in this Financial Exhibit A (FINANCIAL PROVISIONS), Paragraphs C (Reimbursement for Initial Period) and D (Reimbursement if Agreement is Automatically Renewed) may not be increased or decreased without a properly executed amendment to this Agreement. The Parties acknowledge that the actual number of individuals seeking care from Contractor who have coverage under a particular Funded Program may differ from the estimated number upon which the Funded Program Amounts were based and that it may be appropriate to increase Contractor's responsibility to provide services to some eligible individuals while decreasing its responsibilities to provide services to other types of eligible individuals. Any such modification in Contractor's responsibilities, along

with commensurate changes in the appropriate Funded Program Amounts, may be accomplished through a formal amendment completed in advance of the provision of services.

(4) Modifications to the Subprogram Schedule, which do not impact the Maximum Contract Amount and Funded Program Amounts, may be accomplished through an administrative amendment process as outlined in the DMH Policy, Shifting Guidelines for the Legal Entity Agreement. Such modification to the Subprogram Schedule shall only be effective for services/activities provided on or after the effective date of the administrative amendment memorializing the revision to the Subprogram Schedule. Such administrative amendment may be executed by Director under delegated authority from the Board of Supervisors without prior approval of County Counsel. Such administrative amendment may be initiated by the County, with Contractor's written consent. By making the written consent, Contractor agrees to such administrative amendment, and Contractor's signature is not required to make the amendment effective.

(5) The Maximum Contract Amount for each period of this Agreement includes Cash Flow Advance which is an advance of funds to be repaid by Contractor through direct payment of cash and/or through the provision of appropriate services/activities under this Agreement for the applicable period.

**C. REIMBURSEMENT FOR INITIAL PERIOD**

**F. BILLING PROCEDURES**

(1) If Title XIX Short-Doyle/Medi-Cal services, and/or MAA, and/or Title XXI Healthy Families services are provided under this Agreement, Contractor authorizes County to serve as the Mental Health Plan for State claiming and reimbursement and to act on Contractor's behalf with the State Department of Mental Health and the SDHCS in regard to claiming.

(2) Claims Certification and Program Integrity:

(a) Contractor hereby certifies that all units of service entered by Contractor into the County's claims processing information system and/or the MAA data base system and/or claims for actual costs submitted as Direct Charges to County for any Funded Program covered by this Agreement are true and accurate to the best of Contractor's knowledge.

(b) Contractor shall annually provide the additional certification set forth in the "Contractor Claims Certification for Title XIX Short-Doyle/Medi-Cal and Title XXI Healthy Families Reimbursements" (Exhibit A-1 to this Attachment II) related to the Contractor's compliance with specific State and federal statutory and regulatory requirements which are conditions for the reimbursement of Title XIX Short-Doyle/Medi-Cal and/or MAA and/or Title XXI Healthy Families claims.

(b) With the exception of section F(3)(c) below, Contractor must submit an initial or original claim within three (3) months after the end of the month in which the services were rendered, to the extent doing so would not preclude payment from a funding source.

(c) The County may, using reasonable discretion, extend the time to submit claims for services under Title XIX Short-Doyle/Medi-Cal or under Title XXI Health Families to within nine (9) months after the end of the month in which the services were rendered where good cause for the delayed submission would be recognized under CCR, Title 22 Section 51008.5.

(d) In the event the State or federal government denies any or all claims submitted by County on behalf of Contractor, County will not be responsible for any payment obligation and, accordingly, Contractor shall not seek payment from County and shall indemnify and hold harmless County from any and all liabilities for payment of any or all denied claims, including those denied claims that were submitted outside the period of time specified in paragraph F (3) (b) and (c) above, except any claims which are denied due to the fault of the County. Any controversy or dispute arising from such State or federal denied claims shall be handled by Contractor in accordance with the applicable State and/or federal administrative appeal process.

(e) Contractor shall, as soon as practicable, notify County of any delay in meeting the timeframe for submitting claims specified in this Paragraph F (3) in the event Contractor is not able to make timely data entry into the County's claims processing information system due to no fault on the part of Contractor. Such Contractor notification should be immediate upon Contractor's recognition of the delay and must include a specific description of the problem that the Contractor is having with the County's claims processing information system. Notification shall be pursuant to the DMH Legal Entity Agreement, Paragraph 65 (NOTICES), and such notification shall also be made by Contractor to the DMH Chief Information Office Bureau's Help Desk.

(f) The County will notify Contractor in writing as soon as practicable of any County issue(s) which will prevent the entry by Contractor of claiming information into the County's claims processing information system, and County will waive the requirement of this Paragraph F (3) in the event of any such County issue(s). Once County has notified Contractor that its issues are resolved, Contractor shall enter billing information into the County's claims processing information system within 30 calendar days of County's notice unless otherwise agreed to by County and Contractor.

i. To the extent that issues identified pursuant to this Paragraph F 3 (e) requires that Contractor modify its procedures for entering claims into the

County's claims processing information system, Contractor shall consult with County regarding a reasonable time required to implement such modifications and, upon approval by County, the 30 calendar days required by this Paragraph F (3) (f) shall be extended by the amount of time required to implement such modifications.

(g) County may modify the County's claims processing information system at any time in order to comply with changes in, or interpretations of, State or federal laws, rules, regulations, manuals, guidelines, and directives. County shall notify Contractor in writing of any such modification and the reason, if known, for the modification and the planned implementation date of the modification. To the extent that such modifications create a delay in Contractor submitting claims into the County's claims processing information system for a period of time, the timelines under this Paragraph F shall be extended by the number of calendar days that Contractor was unable to submit claims into the County's claims processing information system.

(4) Institutions for Mental Diseases (IMD): If Contractor is an IMD, Contractor shall, no later than the 15<sup>th</sup> of each month, submit an invoice to the County for patient days approved in writing by the County for the previous month. (a) County may modify the County's MAA data base system, at any time in order to comply with changes in, or interpretations of, State or federal laws, rules, regulations, manuals, guidelines, and directives. Only Contractors who have been approved by the State to participate in and to claim reimbursement for MAA and who have MAA authorized as a Unique Funded Program in their Contract are permitted to claim MAA.

**H. BILLING AND PAYMENT LIMITATIONS**

(1) Provisional Payments: County payments to Contractor for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future County, State and/or federal adjustments. County adjustments to provisional payments to Contractor will be based upon the match fund amount specified in the Financial Summary, County's claims processing information system data, MAA data base information, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost report, application of various County, State and/or federal reimbursement limitations, application of any County, State and/or federal policies, procedures and regulations, and/or County, State or federal audits, all of which take precedence over monthly claim reimbursements. Contractor shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

(4) Adjustment of Claims Based on Other Data and Information: The County shall have the right to adjust claims based upon data and information that may include, but is not limited to, County's claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, 835 data, and Contractor's annual Cost Report, all of which shall supersede and take precedence over claims.

(5) Adjustment of Claims for Agreement Compliance: Director, in his sole discretion and at any time and without prior written notice to Contractor, may take any necessary actions required to ensure that Contractor shall not be paid a sum in excess of the amount due to the Contractor under the terms and conditions of this Agreement. Such actions may include, but are not limited to, reimbursing claims submitted through the claims processing information system at an amount less than that amount that would be calculated using Contractor's provisional rates, denying claims for payment; holding claims for Medi-Cal services from being forwarded for adjudication by the State; and/or withholding payment of certain claims.

(a) Concurrent with any such action, Director shall provide Contractor with written notice of the County's decision to take such action(s), including the reason(s) for the action. Thereafter, Contractor may, within 10 calendar days of Contractor's receipt of the notification, request reconsideration of the County's decision. Contractor may request in writing, and shall receive if requested, County's computations for making a determination that such action was necessary, including any amount(s) held, denied or reduced.

(b) Upon receiving a request for reconsideration from Contractor, County shall, within 15 calendar days, schedule a meeting with Contractor to consider Contractor's request to reconsider its action. At said meeting, Contractor may present to the County information or documentation relevant to the circumstances that led the County to take such actions and may propose alternative actions.

(c) Within 15 calendar days of said meeting, County shall, in writing, notify Contractor, of its final decision which may include County's request to Contractor to void said claims in the County's claim processing information system. The decision of the Director will be final.

(d) In the event of failure of Contractor to timely notify County of its intended disposition of questioned claims, County reserves the right to take such action as is necessary as to preserve possible reimbursement of said claims from a funding source. Should the County grant reconsideration, such reconsideration will only be applicable to claims paid and processed to the appropriate funding sources after the date that said reconsideration is granted.

(6) County Withhold of Payment for Contractor Lapse in Providing Service Data: If Contractor fails to submit service data as required by County, then the County may, in its discretion, withhold all or a portion of its payment until County is in receipt of complete and correct service data and such service data has been reviewed and approved by Director.

(a) Prior to withholding payment, Director shall provide Contractor with at least 30 calendar days written notice of the County's decision to withhold payment, including the reason(s) for intended action and the identification of the incomplete or incorrect service data. Thereafter, Contractor may, within 15 calendar days, request reconsideration of the County's decision.

(b) Upon receiving a request for reconsideration from Contractor, County shall, within 15 calendar days, schedule a meeting with Contractor to consider Contractor's request to reconsider its action. At said meeting, Contractor may present to the County information or documentation relevant to the circumstances that led the County to take such actions and may propose a date for submitting the complete and correct data.

(c) Within 15 calendar days of said meeting, County shall, in writing, notify Contractor, of its final decision. The decision of the Director will be final.

(d) Upon receipt from the Contractor of revised service data, Director shall review such revised service data within 60 calendar days of receipt. Upon determination that such submitted service data is complete and correct, County shall release withheld payments within 30 days of such determination.

(7) County Denial of Payments for Lack of Documentation: Director may deny payment for services when documentation of clinical work does not meet minimum State and County written standards.

(a) Prior to denying payment, Director shall provide Contractor with at least 30 calendar days' written notice of the County's decision to deny payment, including the

reason(s) for the intended actions. Thereafter, Contractor may, within 15 calendar days, request reconsideration of the County's decision.

(b) Upon receiving a request for reconsideration from Contractor, County shall, within 15 calendar days, schedule a meeting with Contractor to consider Contractor's request to reconsider its action. At said meeting, Contractor may present to the County information or documentation relevant to the circumstances that led the County to take such actions and may propose alternative actions.

(c) Within 15 calendar days of said meeting, County shall, in writing, notify Contractor of its final decision. The decision of the Director will be final.

(8) County Suspension of Payment for Default: Director may suspend payments to Contractor, for good cause, if the Director determines that Contractor is in default under any of the provisions of this Agreement.

(a) Except in cases of alleged fraud or similar intentional wrongdoing or a reasonable good faith determination of impending insolvency, Director shall provide Contractor with at least 30 calendar days' notice of such suspension, including a statement of the reason(s) for such suspension. Thereafter, Contractor may, within 15 calendar days, request reconsideration of Director's decision to suspend payment. Suspension of payment to Contractor shall not take effect pending the results of such reconsideration process.

(b) Upon receiving a request for reconsideration from Contractor, County shall, within 15 calendar days, schedule a meeting with Contractor to consider Contractor's request to reconsider its action. At said meeting, Contractor may present to the County information or documentation relevant to the circumstances that led the County to take such actions and may propose alternative actions.

(c) Within 15 calendar days of said meeting, County shall, in writing, notify Contractor of its final decision. The decision of the Director will be final.

Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/termination of this Agreement shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration or other termination of this Agreement.

(10) Contractor agrees to hold harmless both the State and beneficiary in the event County cannot or will not pay for services performed by Contractor pursuant to this Agreement.

**I. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

(1) This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

(2) This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the federal government which may in any way affect the provisions or funding of this Agreement.

(3) In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in County contracts, the County reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, and the services to be provided by the Contractor under this Agreement shall also be reduced correspondingly. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within 30 calendar days of the Board's approval of such action. Except as set forth above in this Paragraph I (3) and Paragraph J (5), the Contractor shall continue to provide all of the services set forth in this Agreement.

(4) Notwithstanding any other provision of this Agreement, County shall not be obligated for Contractor's performance hereunder or by any provision of this Agreement during this or any of County's future fiscal years unless and until County's Board of Supervisors appropriates funds for this Agreement in County's Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. County shall notify Contractor of any such non-appropriation of funds at the earliest possible date.

(5) Notwithstanding any other provision of this Agreement, for the purposes of any special grants such as Substance Abuse and Mental Health Services Administration (SAMHSA) and discretionary funds received from the Board of Supervisors, any unspent amounts of such grants and/or discretionary funds, if so authorized by the grantor or the Board of Supervisors, may be rolled over from one fiscal year to the next by decreasing and increasing the Funded Program Amount, thus the MCA, by the same amount in the related fiscal years. Such roll over of funds shall not, in any event, allow

Contractor to receive reimbursement for services/activities paid by these grants and/or discretionary funds in excess of the total allotment of such grants and discretionary funds over the period covered by such grants and discretionary funds. Any such change in the MCA due to such roll over of funds shall be effected by a duly executed amendment to this Agreement.

**J. CONTRACTOR PROHIBITED FROM REDIRECTION OF CONTRACTED FUNDS**

(1) Funds under this Agreement are provided for the delivery of mental health services to eligible beneficiaries under each of the Funded Programs identified in the Financial Summary Each Funded Program has been established in accordance with the requirements and restrictions imposed by each respective County, State and/or federal payer source contributing to the Funded Program.

(2) Contractor may not redirect funds from one Funded Program to another Funded Program, except through a duly executed amendment to this Agreement.

(3) Contractor may not redirect funds from one Subprogram to another Subprogram, except as outlined in DMH Policy, Shifting Guidelines for the Legal Entity Agreement.

(4) Contractor may not charge services delivered to an eligible beneficiary under one Funded Program to another Funded Program unless the recipient is also an eligible beneficiary under the second Funded Program. When a recipient of services is an eligible beneficiary under more than one Funded Program, Contractor shall charge the services to the Funded Program under which the County shall receive maximum reimbursement from non-County sources, provided that Contractor has available funds under the appropriate Funded Program.

(5) Contractor also shall not charge services delivered to an eligible beneficiary for Medi-Cal/Healthy Families to the Non-Medi-Cal/Non-Healthy Families Funded Program Amount except in such cases where a client's eligibility for benefits is being established or determined. Upon confirming that said client is approved for Medi-Cal/Healthy Families benefits, or in such case that the County may determine that a service paid originally through the Non-Medi-Cal/ Non-Healthy Families Funded Program Amount was to a client approved for Medi-Cal/Healthy Families, Contractor shall void the original claims for services provided on or after the effective date that Medi-Cal/Healthy Family services became eligible for reimbursement, and replace/resubmit such claims for Medi-Cal/Healthy Families under the correct Funded Program.

(6) Contractor shall be responsible for delivering services to clients to the extent that funding is provided by the County. Where Contractor determines that services to clients can no longer be delivered, Contractor shall provide 30 days prior written notice to County. Contractor shall thereafter refer clients to County or to another appropriate Contractor.

(a) Contractor shall not be required to provide the notice required under this Paragraph J (5) if the County reduces funding to the Contractor under Paragraph I (Limitation of Payments Based on Funding and Budgetary Restrictions) whether such reductions occur at the beginning or during a fiscal year. In addition, if County reduces or eliminates funding for a specific Funded Program, or portion thereof, Contractor shall not be responsible for continuing services for those clients served by the Funded Program, or portion thereof.

**K. COUNTY'S RIGHT TO RE-ALLOCATE UNDERUTILIZED FUNDS**

(1) County and Contractor may by written amendment reduce programs or services and revise the applicable Maximum Contract Amount and/or Funded Program Amount. The Director shall provide 15 business days prior written notice of such funding changes to Contractor, including any changes in the amount of services to be received by County, to Contractor, DMH Contracts Development and Administration Division, and to County's Chief Executive Officer. Any such change in any applicable Maximum Contract Amount and/or Funded Program Amount shall be effected by an administrative amendment to this Agreement by Director; and

(2) Notwithstanding Paragraph K (1), if the County in its sole discretion determines from a review of Contractor's service and billing records that a significant portion of the funds provided for services under this Agreement will be underutilized in any period of the Agreement term, then the Director shall provide 15 business days prior written notification to Contractor of County's intent to reallocate underutilized funds by the moving of such funds into another program budget category for the same period on the Financial Summary (Attachment III) within this Agreement, and/or reallocate such funds into another DMH Legal Entity Agreement with another contract provider that readily provides for the efficient use of such funds before the expiration of the same period in this. This written notification is to include an explanation of how the County reached the conclusion that Contractor is underutilizing funds; copies of relevant data, such as but not limited to County information system reports that County used in making this decision; the nature and amount of funding changes to Contractor; and any changes in the amount of services to be received by County.

In the event Contractor believes that an adjustment authorized under this provision is unjustified, Contractor may, within the 15 business day notice period, so notify the Director in writing, and request a meeting with County to review County's documentation that Contractor will be underutilizing a significant portion of its Maximum Contract Amount and/or Funded Program Amount. Any such meeting shall be held within 30 calendar days of the initial written notification. If Contractor fails to meet with County in this period of time, Contractor is deemed to have waived its

opportunity to meet with County and accepts County recommended changes to its Maximum Contract Amount and/or Funded Program Amount.

If, thereafter, it is still determined that a significant portion of the Maximum Contract Amount and/or Funded Program Amount will be underutilized the County shall reallocate such funds, as provided above. Director shall provide final prior written notice of such funding changes, including any changes in the amount of services to be received by County, to Contractor, DMH Contracts Development and Administration Division, and County's Chief Executive Office, and the determination of the Director will be final. Any such change in any applicable Maximum Contract Amount and/or Funded Program Amount shall be effected by an administrative amendment to this Agreement by Director. Changes that are based on one-time circumstances will be applicable to the current contract year only and shall not result in reductions (or increases) of Maximum Contract Amounts and/or Funded Program Amount in subsequent years, while changes that are based on clearly documented ongoing historical trends may result in ongoing reductions (or increases) of Maximum Contract Amounts and/or Funded Program Amount in subsequent years.

The determination by the Director shall be effective upon the receipt of such final prior written notice by Contractor and the changes to funding and services shall be incorporated into this Agreement as of the date of receipt. Contractor understands and agrees that its Maximum Contract Amount and/or Funded Program Amount may be reduced as a result of the adjustments authorized by this provision, and further acknowledges that County has relied upon this flexibility in establishing the Maximum Contract Amount and/or Funded Program Amount for this Agreement. By executing this Agreement, Contractor specifically consents to the prospective adjustments set forth in this provision.

(3) Notwithstanding Paragraph K (1), if the County in its sole discretion determines from a review of Contractor's service and billing records that a significant portion of the funds provided for a Subprogram under this Agreement is underutilized in any period of the Agreement term, then the Director shall provide 15 business days prior written notification to Contractor of County's intent to reallocate underutilized funds, in subsequent fiscal year(s), into another DMH Legal Entity Agreement with another contract provider that readily provides for the efficient use of such funds. This written notification is to include an explanation of how the County reached the conclusion that Contractor is underutilizing funds; copies of relevant data, such as but not limited to County information system reports that County used in making this decision; the nature and amount of funding changes to Contractor; and any changes in the amount of services to be received by County.

In the event Contractor believes that an adjustment authorized under this provision is unjustified, Contractor may, within the 15 business day notice period, so notify the Director in

writing, and request a meeting with County to review County's documentation that Contractor will be underutilizing a significant portion of its Subprogram amount. Any such meeting shall be held within 30 calendar days of the initial written notification. If Contractor fails to meet with County in this period of time, Contractor is deemed to have waived its opportunity to meet with County and accepts County recommended changes to its Maximum Contract Amount.

If, thereafter, it is still determined that a significant portion of the Subprogram Amount will be underutilized the County shall reallocate such funds, as provided above. Director shall provide final prior written notice of such funding changes, including any changes in the amount of services to be received by County, to Contractor, DMH Contracts Development and Administration Division, and County's Chief Executive Office, and the determination of the Director will be final.

The determination by the Director shall be effective upon the receipt of such final prior written notice by Contractor and the changes to funding and services shall be incorporated into the Agreement for the subsequent fiscal year(s). Contractor understands and agrees that its Maximum Contract Amount may be reduced as a result of the adjustments authorized by this provision, and further acknowledges that County will rely upon this flexibility in establishing the Maximum Contract Amount for the Agreement for the subsequent fiscal year(s).

**L. LIMITATION ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES, MEDI-CAL ADMINISTRATIVE ACTIVITIES AND/OR TITLE XXI HEALTHY FAMILIES**

(1) If, under this Agreement, Contractor has Funded Programs that include Title XIX Short-Doyle/Medi-Cal services, Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services, Contractor shall certify annually, no later than July 10 of each year, in writing that all necessary documentation will exist at the time any claims for Title XIX Short-Doyle/Medi-Cal services and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families are submitted by Contractor to County.

Contractor shall be solely liable and responsible for all service data and information submitted by Contractor.

(2) Contractor acknowledges and agrees that the County, in undertaking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Mental Health Plan for the State and federal governments.

(3) Contractor shall submit to County all Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families claims or other State required claims data within the time frame(s) prescribed by this Agreement to allow the County to meet the

timeframes prescribed by the State and federal governments. County shall have no liability for Contractor's failure to comply with the time frames established under this Agreement and/or State and federal time frames, except to the extent that such failure was through no fault of Contractor.

(4) County, as the Mental Health Plan, shall submit to the State in a timely manner claims for Title XIX Short-Doyle/Medi-Cal services and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services only for those services/activities identified and entered into the County's claims processing information system and/or into the Medi-Cal Administrative Activities data base system, as appropriate, which are compliant with State and federal requirements. County shall make available to Contractor any subsequent State approvals or denials of such claims within 30 days of receipt thereof.

(5) Contractor acknowledges and agrees that County's final payment for services and activities claimed by Contractor for Title XIX Short-Doyle/Medi-Cal services and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services is contingent upon reimbursement from the State and federal governments and that County's provisional payment for said services does not render County in any way responsible for payment of, or liable for, Contractor's claims for payment for these services.

(6) Contractor's ability to retain payment for such services and/or activities is entirely dependent upon Contractor's compliance with all laws and regulations related to same.

(7) Notwithstanding any other provision of this Agreement, Contractor shall hold County harmless from and against any loss to Contractor resulting from the denial or disallowance of claims for or any audit disallowances related to said services by the County, State or federal governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the County.

(8) Contractor shall repay to County the amount paid by County to Contractor for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities which are subsequently denied or disallowed by the County, State, and/or federal governments. In no event shall County be liable or responsible to Contractor for any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities that are subsequently denied or disallowed by County, State, and/or federal governments unless the denial or disallowance was due to the fault of the County.

(9) Contractor acknowledges that any recovery by County of payments made to Contractor for Title XIX Short-Doyle/Medi-Cal services and/or Title XXI Healthy Families services and/or MAA which are subsequently denied, voided, and/or disallowed shall be the total County's

payment amount for such claim(s). The total County payment under federal requirements consists of federal and local match, and such local match may consist of County and/or State funds.

(10) Notwithstanding any other provision of this Agreement, Contractor agrees that the County may offset future payments to the Contractor and/or demand repayment from Contractor when amounts are owed to the County pursuant to Subparagraphs (7) and (8) above. Such demand for repayment and Contractor's repayment shall be in accordance with Paragraph S (Method of Payments for Amounts Due to County) of this Financial Exhibit A, except for denials reflected on the State's 835 files, which will be offset immediately from the County's next payment to Contractor.

(11) Contractor shall comply with all written instructions provided to Contractor by Director, State or other applicable payer source regarding claiming and documentation.

(12) Nothing in this Paragraph L shall be construed to limit Contractor's rights to appeal State and federal settlement and/or audit findings in accordance with the applicable State and federal regulations.

**M. PATIENT/CLIENT ELIGIBILITY, UMDAP FEES, THIRD PARTY REVENUES, AND INTEREST**

(1) Contractor shall comply with all County, State, and federal requirements and procedures relating to:

(a) The determination and collection of patient/client fees for services hereunder based on the Uniform Method of Determining Payment (UMDAP), in accordance with the State Department of Mental Health guidelines and Welfare and Institutions Code Sections 5709 and 5710.

(b) The eligibility of patients/clients for Short-Doyle/Medi-Cal, Medicare, private insurance, or other third party revenue, and the collection, reporting and deduction of all patient/client and other revenue for patients/clients receiving services hereunder. Contractor shall pursue and report collection of all patient/client and other revenue.

(2) All fees paid by patients/clients receiving services under this Agreement and all fees paid on behalf of patients/clients receiving services hereunder shall be utilized by Contractor only for the delivery of mental health service/activities specified in this Agreement.

(3) Contractor may retain unanticipated revenue, which is not shown in Contractor's Negotiation Package for this Agreement, for a maximum period of one Fiscal Year, provided that the unanticipated revenue is utilized for the delivery of mental health services/activities specified in this Agreement. Contractor shall report the expenditures for the

mental health services/activities funded by this unanticipated revenue in the Annual Cost Report submitted by Contractor to County.

(4) Contractor shall not retain any fees paid by any sources for, or on behalf of, Medi-Cal beneficiaries without deducting those fees from the cost of providing those mental health services for which fees were paid.

(5) Contractor may retain any interest and/or return which may be received, earned or collected from any funds paid by County to Contractor, provided that Contractor shall utilize all such interest and return only for the delivery of mental health services/activities specified in this Agreement.

(6) Failure of Contractor to report in all its claims and in its Annual Cost Report all fees paid by patients/clients receiving services hereunder, all fees paid on behalf of patients/clients receiving services hereunder, all fees paid by third parties on behalf of Medi-Cal beneficiaries receiving services and/or activities hereunder, all unanticipated revenue not shown in Contractor's Negotiation Package for this Agreement, and all interest and return on funds paid by County to Contractor, shall result in:

(a) Contractor's submission of a revised claim statement showing all such non-reported revenue.

(b) A report by County to SDMH of all such non-reported revenue including any such unreported revenue paid by any sources for or on behalf of Medi-Cal beneficiaries.

(c) Any appropriate financial adjustment to Contractor's reimbursement.

**N. CASH FLOW ADVANCE IN EXPECTATION OF SERVICES/ACTIVITIES TO BE RENDERED**

(1) The Maximum Contract Amount for each period of this Agreement includes Cash Flow Advance (CFA) which is an advance of funds to be repaid by Contractor through direct payment of cash and/or through the provision of appropriate services/activities under this Agreement during the applicable period.

(2) For each month of each period of this Agreement, County will reimburse Contractor based upon Contractor's submitted claims for rendered services/activities subject to claim edits, and future settlement and audit processes. However, for each month of the first three (3) months, of the Initial Term, the First Automatic Renewal Period, or the Second Automatic Renewal Period, Contractor may request in writing from County a monthly County General Fund CFA as herein described.

(3) CFA shall consist of, and shall be payable only from, the Maximum Contract Amount for the particular fiscal year in which the related services are to be rendered and upon which the request(s) is (are) based.

(4) CFA is intended to provide cash flow to Contractor pending Contractor's rendering and billing of eligible services/activities, as identified in DMH Legal Entity Agreement Paragraph 5 (DESCRIPTION OF SERVICES/ACTIVITIES), and County payment thereof. Contractor may request each monthly Cash Flow Advance only for such services/activities and only to the extent that there is no reimbursement from any public or private sources for such services/activities.

(5) No Cash Flow Advance will be given if a Contractor has not been certified as an eligible Medi-Cal service provider unless otherwise agreed to by County.

(6) Cash Flow Advance Request Letter: For each month for which Contractor is eligible to request and receive a CFA, Contractor must submit to the County a letter requesting a CFA and the amount of CFA Contractor is requesting.

(a) In order to be eligible to receive a CFA, the letter requesting a CFA must be received by County on or before the 15<sup>th</sup> of that month (i.e., for the month of July 2012, the request must be received by July 15, 2012).

i. If the letter requesting CFA is received by the County from the Contractor after the 15<sup>th</sup> of the month, Contractor will not be eligible to receive a CFA for that month.

(b) The signed letter requesting a CFA must be sent via mail, fax or email (PDF file) to the Department of Mental Health Financial Services Bureau – Accounting Division, Provider Reimbursement Unit (PRU).

i. PRU staff will determine whether Contractor is eligible to have its request considered based on the date the request letter is received by PRU and not the date on the request letter.

(c) Upon receipt of a request, Director, in his sole discretion, shall determine whether to approve the CFA and, if approved, whether the request is approved in whole or in part.

i. If a CFA is not approved, Director will notify Contractor within 10 business days of the decision, including the reason(s) for non-approval. Thereafter, Contractor may, within 15 calendar days, request reconsideration of the decision.

(7) Reduction of Cash Flow Advance Amount by Actual Adjudicated Claims: The Cash Flow Advance amount available to Contractor for any particular month will be reduced by

County payments of claims received from Contractor. The County's claims payment process is initiated immediately upon County receipt from Contractor of a reimbursement claim.

(8) Business Rules for the Determination of the Maximum Amount of the Cash Flow Advance Request:

(a) For each of the first three months of each period that this Agreement is in effect, Contractor may request in writing from County a monthly County General Fund CFA for any funds which may be part of the Maximum Contract Amount for such period as identified in the Financial Summary. Contractor shall specify in its request the amount of the monthly CFA it is requesting, not to exceed \$\_\_\_\_\_ for the first month, \$\_\_\_\_\_ for the second month, if applicable and \$\_\_\_\_\_ for the third month, if applicable. In no event shall the monthly CFA requested by Contractor exceed 1/12<sup>th</sup> of Maximum Contract Amount as identified on the Financial Summary as of the specified month the CFA is requested

(b) In case the Agreement is amended to increase or reduce the Maximum Contract Amount during the first three months during which the Contractor may request and receive CFA, the CFA amount shall be recalculated for the remaining months based on the effective date of the amendment. For the month in which the amendment is executed, the revised CFA amount shall be based on the effective date of the amendment, and if such effective date falls between the first and the 15<sup>th</sup> of the month, the revised CFA amount will be adjusted based on the total amount of the change in the MCA; and if the effective date falls between the 16<sup>th</sup> and the end of the month, the revised CFA amount will be calculated based on one half (1/2) of the total change in the MCA.

(c) The Contractor may request in writing from County, consistent with section N (8) (a) above, for additional monthly CFA to accommodate extraordinary circumstances that are beyond Contractor's control, i.e., Contractor's inability to submit claims to the County as described in Section F (3) of this Financial Exhibit A (Financial Provisions) due to extended disruption in the County's claims processing information system. The County in its sole discretion shall review Contractor's request and shall respond accordingly within 15 business days from the receipt of such request.

i. Additional monthly CFA is subject to approval by the Director, County Auditor-Controller, County Counsel and County Chief Executive Office.

(9) Recovery of Cash Flow Advances: If Contractor has received any CFA pursuant to this Paragraph N (Cash Flow Advance In Expectation of Services/Activities To Be Rendered), then recovery from Contractor's monthly claims shall be made through cash payment made by Contractor to County and/or County offsets to County payment(s) of Contractor's approved claim(s) as follows:

(a) Generally, when Contractor rendering services at a level that would indicate it will utilize all or a substantial portion of its Maximum Contract Amount, County initiates recovery of the CFA balance, if any, for a particular Fiscal Year in July following the close of such Fiscal Year or at such time as payments to Contractor, including the CFA, reach the Maximum Contract Amount. Such recovery is initiated through the Contractor's rendering and submitting of appropriate services and activities into the County's claims processing information system and/or the submission of invoices for direct charges. The determination to begin recovery of CFA balance in July of the following fiscal year, or at such time as payments to Contractor, including the CFA, reach the Maximum Contract Amount, is based on the presumption that when a contractor is meeting its contractual levels, then the Contractor will have rendered sufficient services/activities and entered such services/activities into the County's claims processing information system by September 30 following the end of the fiscal year. September 30 is the date by which all or a substantial portion of the Contractor's prior Fiscal Year's claims should have been received from Contractor and processed by County.

(b) If at any time during the Fiscal Year, County determines that Contractor is not rendering services at a level that would utilize all of its Maximum Contract Amount, County may initiate recovery of the CFA as specified in Subparagraph (a) above prior to July 1. If County intends to initiate recovery of the CFA prior to July 1, County will give Contractor 30 calendar days prior written notice, including the reason(s) for the intended actions, to ensure Contractor renders and submits sufficient services/activities to have repaid all, or a substantial portion of the CFA, by September 30 following the Fiscal Year close. Contractor may, within 15 calendar days of the receipt of County's written notice, request reconsideration of the County's decision.

(c) Should a Contractor have any remaining CFA balance for a particular Fiscal Year at such time as the State SD/MC Cost Report is complete, County will perform an analysis to determine the amount of unearned CFA balance based on the SD/MC Cost Report and Contractor repayment of the unearned CFA balance shall be conducted as specified in this Financial Exhibit A (FINANCIAL PROVISIONS), Paragraph S (Method of Payments for Amounts Due to County) unless otherwise agreed to by County.

(10) When Contractor's Cash Flow Advance balance is zero in any fiscal year of the Term of this Agreement, any County and/or State and/or federal government(s) approved Contractor reimbursement claims for eligible services/activities will be disbursed in accordance with the terms and conditions of this Agreement.

(11) Should Contractor request and receive CFA, Contractor shall exercise cash management of such CFA in a prudent manner.

(12) CFA for IMD, PHF and Mental Health Rehabilitation Center Contractors

Only: The amount of a CFA payment shall be based on the average daily census for the last two available months of the preceding fiscal year.

**O. ANNUAL COST REPORTS**

(1) For each Fiscal Year or portion thereof that this Agreement is in effect, Contractor shall provide County with two copies of an accurate and complete annual cost report, along with a statement of expenses and revenue, and a Cost Report Certification. The statement of expenses and revenue and Cost Report Certification must be signed by a Contractor's executive official or designee, by the due date specified in Paragraph O (4) of this Financial Exhibit A.

(2) An accurate and complete annual cost report (Annual Cost Report) shall be defined as a cost report which is completed to the best of the ability of Contractor on such forms or in such formats as specified by the County and consistent with such instructions as the County may issue and is based on the best available data.

(3) The Annual Cost Report will be comprised of a separate set of forms for the County and State based on the Financial Summary applicable to the Fiscal Year.

(4) The Annual Cost Report will be due on September 15<sup>th</sup> for the fiscal year ending on the previous June 30<sup>th</sup> or 75 days following the expiration or termination date of this Agreement, whichever occurs earlier. Should the due date fall on a weekend, such report will be due on the following business day.

(a) Failure by Contractor to submit an Annual Cost Report within 30 calendar days after the due date specified in this Paragraph O (Annual Cost Reports), Subparagraph (4) above, shall constitute a breach of this Agreement.

i. In addition to, and without limiting, any other remedy available to the County for such breach, County may undertake any or all of the following to remedy such breach:

(A) In such instance that Contractor does not submit an annual cost report(s) by such 30 calendar days after the applicable due date specified in Paragraph O (Annual Cost Reports), Subparagraph (4), then all amounts covered by the outstanding annual cost report(s) and paid by County to Contractor for the Fiscal Year for which the annual cost report(s) is (are) outstanding shall be due by Contractor to County. Contractor shall pay County according to the method described in this Financial Exhibit A (FINANCIAL PROVISIONS), Paragraph S (Method of Payments for Amounts Due to County). Such payments shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(B) If this Agreement is automatically renewed as provided in DMH Legal Entity Agreement Paragraph 1 (TERM), then County may opt to suspend payments to Contractor under this Agreement until the Annual Cost Report(s) is (are) submitted. County shall give Contractor at least 15 business days written notice of its intention to suspend payments hereunder, including the reason(s) for its intended action. Thereafter, Contractor shall have 15 business days either to correct the deficiency, or to request reconsideration of the decision to suspend payments. Payments to Contractor shall not be suspended during said 15 business days provided to correct the deficiency or, if reconsideration is requested, pending the results of the reconsideration process.

(b) Failure by the Contractor to submit an Annual Cost Report(s) by the due date specified in this Subparagraph (4) will result in damages being sustained by the County. County and Contractor agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of the Contractor to submit its Annual Cost Report(s) to the County under this Paragraph. The County and Contractor hereby agree that a reasonable estimate of said damages is \$100 per day for each day that the Contractor fails to submit to the County by the due date.

i. Liquidated damages shall be assessed separately on each outstanding Annual Cost Report.

ii. Liquidated damages shall be assessed commencing on September 16<sup>th</sup> or on the seventy-sixth day following the expiration or earlier termination of this Agreement and shall continue until the outstanding Annual Cost Report(s) is (are) received.

iii. Upon written request from the County, Contractor shall, within 30 days, submit to the County payment for said damages. Said Payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

iv. Contractor may ask that liquidated damages not be assessed by sending a written request for an extension to submit the Annual Cost Report to the Director no later than 30 days prior to the due date specified in this Subparagraph (4). The decision to grant an extension without assessing liquidated damages in accordance with this Paragraph O (4) (b) shall be at the sole discretion of the Director.

(5) Each Annual Cost Report shall be prepared by Contractor in accordance with the Centers for Medicare and Medicaid Services' Publications #15-1 and #15-2; "The Provider Reimbursement Manual Parts 1 and 2;" the State's Cost and Financial Reporting System (CFRS) Instruction Manual; and for organizational providers in the Mental Health Specialty Services Mental Health Plan' service provider network, the "Los Angeles County DMH Organizational Provider's

Manual for Specialty Mental Health Services under the Rehabilitation Option and Targeted Case Management;" and any other written guidelines that shall be provided to Contractor at the Cost Report training, to be conducted by County on or before June 30 of the Fiscal Year for which the Annual Cost Report is to be prepared.

(a) Attendance by Contractor at the County's Cost Report Training is mandatory.

(b) Failure by the Contractor to attend the Cost Report Training shall be considered a breach of this Agreement that will result in damages being sustained by the County. County and Contractor agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of the Contractor to attend the Cost Report Training. The County and Contractor hereby agree that a reasonable estimate of said damages is \$100 per occurrence. Therefore, County may, in its sole discretion, assess liquidated damages in the amount of \$100 for Contractor's non-attendance at the Cost Report Training. Said Payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(6) Upon written notification from the Director that its Annual Cost Report contains errors or inaccuracies, Contractor shall, within 30 calendar days, correct such errors and inaccuracies and resubmit its Annual Cost Report.

(a) If Contractor fails to correct inaccuracies in annual cost report within 30 calendar days after receipt of written notification from the Director and said inaccuracies result in the loss of reimbursement to the County for claimable amounts that were paid to Contractor, Contractor must return back to the County the amount of lost reimbursement that the County could have claimed if the inaccuracy was corrected by Contractor.

i. Upon written notice from the County, Contractor shall have 30 calendar days to make payment to the County in the amount specified by the County. Said payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(7) Contractor shall be solely responsible for any loss incurred by County due to Contractor's failure to comply with County and State cost report requirements.

**P. OTHER REQUIREMENTS FOR CONTRACTORS PROVIDING TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES, MEDI-CAL ADMINISTRATIVE ACTIVITIES AND/OR TITLE XXI HEALTHY FAMILIES SERVICES**

(1) Contractor shall maintain records documenting all Title XIX Short-Doyle/Medi-Cal services and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy

Families services for a period of seven (7) years from the end of the Fiscal Year in which such services were provided or until three years after final resolution of any audits or appeals, whichever occurs later.

(2) Contractor shall complete and certify, in accordance with State and County instructions, and provide DMH with two (2) copies of an accurate and complete Title XIX Short-Doyle/Medi-Cal Reconciliation Report at the legal entity level by the due date set by the State for the applicable fiscal year. The due date is approximately 16 months after the close of the fiscal year.

(a) Should Contractor fail to provide County with the Title XIX Short-Doyle/Medi-Cal Reconciliation Report by the due date, then Director, in his sole discretion, shall determine which State approved Short-Doyle/Medi-Cal services shall be used by County for completion of the Title XIX Short-Doyle/Medi-Cal Reconciliation Report.

(b) Contractor shall hold County harmless from and against any loss to Contractor resulting from the Contractor's failure to provide County with the Title XIX Short-Doyle/Medi-Cal Reconciliation Report and County's subsequent determination of which State-approved Short Doyle/Medi-Cal services to use for completion of the Title XIX Short-Doyle/Medi-Cal Reconciliation Report for the Contractor.

**Q. ANNUAL COST REPORT RECONCILIATION AND SETTLEMENT**

(1) Based on the Annual Cost Report(s) submitted pursuant to this Financial Exhibit A (FINANCIAL PROVISIONS) Paragraph O (Annual Cost Reports) and the most updated State Medi-Cal approvals and County claims information, at the end of each Fiscal Year or portion thereof that this Agreement is in effect, the State and County will perform an Annual Cost Report Reconciliation and Settlement.

(a) Upon initiation and instruction by the State, County will perform the Short-Doyle/Medi-Cal Reconciliation with Contractors.

(b) County will perform settlement upon receipt of State Reconciliation Settlement to the County.

(2) Such reconciliation and settlement will be subject to the terms and conditions of this Agreement and any other applicable State and/or federal statutes, regulations, policies, procedures and/or other requirements pertaining to cost reporting and settlements for Title XIX Short-Doyle/Medi-Cal and Medi-Cal Administrative Activities, and Title XXI Healthy Families, and other applicable federal and/or State programs.

(3) Annual Cost Report Reconciliation Settlement shall be subject to the limitations contained in the Financial Summary. Such limitations include, but are not limited to:

(a) Available Match funds as indicated in Column D of the Financial Summary;

(b) Actual submitted and approved claims to those third-parties providing funds in support of specific Funded Programs;

(c) Funded Program Amounts;

(4) County shall issue its Annual Cost Report Reconciliation Settlement findings no later than 180 calendar days after the receipt by County from the State of the State's Cost Report Settlement package and payment for a particular fiscal year.

(a) As part of its annual cost report settlement, County shall identify any amounts due to Contractor by the County or due from the Contractor to the County.

(b) Upon issuance of the County's annual cost report settlement, Contractor may, within 30 calendar days, submit a written request to the County for review of the annual cost report settlement.

i. Upon receipt by County of the Contractor's written request, the County shall, within 30 calendar days, meet with the Contractor to review the annual cost report settlement and to consider any documentation or information presented by the Contractor. Contractor may waive such meeting and elect to proceed based on written submission at its sole discretion.

ii. Within 30 calendar days of the meeting specified in (i) above, County shall issue a response to the Contractor including confirming or adjusting any amounts due to Contractor by the County or due from Contractor to the County.

(5) In the event that the Annual Cost Report Reconciliation Settlement indicates that the Contractor is due payment from the County, County shall initiate the payment process to Contractor within 30 calendar days following the expiration of the date to request a review as specified in Subparagraph (4) (b) above or issuance of the County response as specified in Subparagraph (4) (b) ii. above, whichever is later.

(6) In the event that the Annual Cost Report Reconciliation Settlement indicates that the Contractor owes payments to the County, Contractor shall make payment to the County in accordance with the terms of Paragraph S (Method of Payments for Amounts Due to County) of this Financial Exhibit A (Financial Provisions). Said payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(7) Regardless of any other provision of this Paragraph Q, reimbursement to Contractor shall not exceed the Maximum Contract Amount and shall not exceed the Funded Program Amount, as identified on the Financial Summary

**R. AUDITS, AUDIT APPEALS AND POST-AUDIT APPEAL SHORT-DOYLE/MEDI-CAL (SD/MC) SETTLEMENT**

(1) At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with State and federal law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the County, State or federal governments may conduct an audit of Contractor regarding the services/activities provided under this Agreement.

(2) Settlement of audit findings will be conducted according to the auditing party's procedures in place at the time of the audit.

(3) Post-Audit SD/MC Settlement: In the case of a State Short-Doyle/Medi-Cal (SD/MC) audit, the State and County will perform a post-audit SD/MC settlement based on State audit findings. Such settlement will take place when the State initiates its settlement action, which customarily is after the issuance of the audit report by the State and before the State's audit appeal process.

(a) County shall issue Post-Audit SD/MC Settlement to Contractor for any amount due County or due to Contractor no later than ninety (90) calendar days after the State issues its audit report to the County.

(b) If the Post-Audit SD/MC Settlement determines that the amount paid by County to Contractor for any units furnished hereunder are more than the amounts allowable pursuant to this Agreement, then the difference shall be due by Contractor to County upon the State and/or Federal collection from County of the amount due, or after exhausting all appeals, if any, whichever occurs first. Contractor shall make payment to the County in accordance with the terms of Paragraph S (Method of Payments for Amounts Due to County) of this Financial Exhibit A (Financial Provisions). Said payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(c) County shall follow all applicable federal laws, regulations manuals, guidelines and directives in recovering from Contractor any federal over-payment.

(d) In the event that Post-Audit SD/MC Settlement indicates that Contractor is due payment from County, County shall initiate the payment process to Contractor within 30 days of settlement issuance date.

(e) If the auditing party stays its collection of any amounts due or payable because of the audit findings, County will also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with County.

(4) SD/MC Audit Appeals: Contractor may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.

(a) For federal audit exceptions, federal audit appeal processes shall be followed.

(b) Contractor may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through County. County shall notify Contractor of State appeal deadlines after County's receipt of information from State.

(5) Post-Audit Appeal SD/MC Settlement:

(a) If at any time the Appeal process results in a revision to the audit findings, and the State recalculates the audit settlement of the SD/MC cost report for a particular year and settles with County, County will perform a post-audit appeal Short-Doyle/Medi-Cal re-computed settlement after the State issues its revised settlement with the County, based on the State appeal resolution.

i. If the post-audit appeal SD/MC re-computed settlement results in amounts due to Contractor by the County, County shall initiate the payment process to Contractor within 30 calendar days of issuing the post-audit appeal SD/MC re-computed settlement to Contractor.

ii. If the post-audit appeal SD/MC re-computed settlement results in amounts due from Contractor to the County, Contractor shall make payment to the County in accordance with the terms of Paragraph S (Method of Payments for Amounts Due to County) of this Financial Exhibit A (Financial Provisions). Said payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

(b) Notwithstanding any other provisions of this Agreement, if Contractor appeals any audit report, the appeal shall not prevent the County from recovering from Contractor any amount owed by Contractor that the State has recovered from County.

(6) County Audits: Should the auditing party be the County, Contractor will have 30 calendar days from the date of the audit report within which to file an appeal with County. The letter providing the Contractor with notice of the audit findings shall indicate the persons and address to which the appeal should be directed. County shall consider all information and argument provided by Contractor with its appeal, and will issue its decision on the appeal after such consideration. Such decision is final. County will issue an invoice for any amount due County 15 calendar days after County has notified Contractor of the County's audit appeal findings. Contractor shall make payment to the County in accordance with the terms of Section S (Payment

of Amounts Due to County) of this Financial Exhibit A (Financial Provisions). Said payment shall be submitted to the persons and at the address identified in Paragraph X (Payment and Invoice Notifications) of this Financial Exhibit A.

**S. METHOD OF PAYMENTS FOR AMOUNTS DUE TO COUNTY**

(1) Within 10 business days after written notification by County to Contractor of any amount due by Contractor to County, Contractor shall notify County as to which of the following five payment options Contractor requests be used as the method by which such amount shall be recovered by County. Any such amount shall be:

- (a) Paid in one cash payment by Contractor to County;
- (b) Deducted from future claims over a period not to exceed three months;

# Safely Surrendered Baby Law

## What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

## How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

## What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

## Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

## Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

## Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

## What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

## What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

## Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

## A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

# Ley de Entrega de Bebés Sin Peligro

## ¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

*Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.*

En el Condado de Los Angeles: 1-877-BABY SAFE • 1-877-222-8723

[www.babysafeia.org](http://www.babysafeia.org)

## ¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregó recibirá un brazalete igual.

## ¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que también de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

## ¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

## ¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

## ¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviado en otro momento.

## ¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

## ¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

## ¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés Sin Peligro impide que vuelva a suceder esta tragedia en California.

## Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dijo a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llevaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarla por el Departamento de Servicios para Niños y Familias.

SUBJECT: **REQUEST TO INCREASE DELEGATED AUTHORITY PERCENTAGE  
FOR THE MENTAL HEALTH SERVICES ACT INNOVATION  
COMMUNITY DESIGNED INTEGRATED SERVICE MANAGEMENT  
MODEL BOARD LETTER FOR AFRICAN/AFRICAN-AMERICAN  
POPULATIONS FOR FISCAL YEARS 2012-13 AND 2013-14**

This memorandum is to comply with Board Policy Manual, Section 5.120, Authority to Approve Increases to Board Approved Contract Amounts. The Policy mandates that any department requesting a percentage increase exceeding ten percent of the total contract amount must provide a detailed justification and advance written notice to your Board, with a copy to the Chief Executive Officer, at least two weeks prior to the Board meeting at which the proposed contract is to be presented.

The Department of Mental Health (DMH) requests an additional ten percent for a total of twenty percent delegated authority to amend the existing DMH Legal Entity (LE) Agreements with Special Service for Groups and Kedren Community Health Center Incorporated.

Establish one new LE Agreement with University Muslim Medical Association, Incorporated, to implement the Community Designed Integrated Service Management Model for the African/African-American Populations under the Mental Health Services Act Innovation Plan for Fiscal Years 2012-13 and 2013-14. This authority will allow DMH greater capacity to amend contracts for new funding streams and programs/services and implement such programs/services in a timely and expeditious manner. Therefore, in most instances where speed and response time are of key importance, the objectives to maximize, prioritize, and increase access to services will more effectively meet the County's mission "To Enrich Lives Through Effective and Caring Service."

Should there be a need to exceed the twenty percent delegated authority, DMH will return to your Board with a request for authority to amend the Agreements accordingly.
