SACHI A. HAMAI
EXECUTIVE OFFICER

**APPROVAL TO ENTER INTO A NEW CONSULTANT SERVICES AGREEMENT
WITH THE LOS ANGELES COUNTY ALLIANCE FOR THE MENTALLY ILL
FOR FAMILY-FOCUSED STRATEGIES TO REDUCE MENTAL HEALTH STIGMA AND
DISCRIMINATION FOR ADULTS (AGE 26-59) COUNTYWIDE PROGRAM
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Request approval to award a Consultant Services Agreement to The Los Angeles County Alliance for the Mentally Ill to implement the Family-Focused Strategies for Reducing Mental Health Stigma and Discrimination for Adults (Age 26-59) Countywide Program.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and authorize the Director of Mental Health, or his designee, to prepare, sign, and execute a Consultant Services Agreement (Agreement) with The Los Angeles County Alliance for the Mentally Ill, also known as Los Angeles County Coordinating Council (LACCC), substantially similar to Attachment I. The Agreement will enable delivery of mental health prevention and early intervention services through the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) Family-Focused Strategies for Reducing Mental Health Stigma and Discrimination for Adults (Age 26-59) Countywide Program. Services will be provided for the remaining months of Fiscal Year (FY) 2010-11 through FY 2011-12 (the Initial Period), with a Total Contract Amount (TCA) of \$510,296, fully funded with MHSA PEI funds. This TCA includes one-time start-up expenses of \$73,000. The term of the Agreement will be effective upon Board approval through June 30, 2012. An option for a one-year extension through FY 2012-13 may be considered, based on available funds at the time of contract evaluation and renewal. The TCA amount for the extension

should not exceed \$437,296.

2. Delegate authority to the Director of Mental Health, or his designee, to prepare, sign, and execute future amendments to the Agreement to add and/or change non-substantive terms and conditions and/or establish as a new TCA the aggregate of the original Agreement and all amendments provided: 1) the County's total payments to the Contractor under the Agreements for each Fiscal Year do not exceed an increase of 20 percent from the applicable Board-approved TCA; 2) any such increase will be used to provide additional services or to reflect program and/or policy changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel, or designee, is obtained prior to such amendment; 5) the parties may, by written amendment, mutually agree to reduce programs, services or extend the term of the Agreements; and 6) the Director of Mental Health notifies your Board and the Chief Executive Officer (CEO) of Agreement changes in writing within 30 days after execution of each amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Board approval of the recommended actions will allow the Department of Mental Health (DMH) to enter into an Agreement with LACCC to provide family and peer-based education programs and consultative services directly to family members and parents/caregivers caring for children, transitional-age youth, adults and older adults with mental illness, in an effort to reduce stigma and discrimination related to mental health.

According to the California Strategic Plan on Reducing Mental Health Stigma and Discrimination, stigma affects the family members of those living with mental health conditions. They are often perceived, either internally or by the public, as responsible for a loved one's mental illness. This can result in family members or parents ignoring the mental health symptoms or deciding not to seek early intervention services due to fear. Such conditions are exacerbated among underrepresented ethnic populations (UREP) and underserved populations, such as individuals with co-occurring disorders, persons with physical disabilities, and older adults. Research indicates three effective ways to reduce stigma: 1) through direct interpersonal contact with someone with a mental illness or his or her family member, particularly by hearing the individual's personal stories or attending support groups together; 2) through education, particularly earlier on and using consumer trainers; and 3) through advocacy and coalition building among different individuals, organizations, and sectors. The aim of this program is to assist families experiencing the initial onset of mental health problems and offer them PEI services during this crucial time period, in order to reduce stigma and discrimination which may place the family at risk or prevent them from seeking stabilizing and restorative mental health services.

With the implementation of this Agreement, DMH expects to put into action Countywide a collaborative evidence-based life-span approach to providing stigma and discrimination reduction efforts for parents of children all the way to family members of older adults dealing with a mental illness. DMH also expects to expand implementation of culturally and linguistically competent family and peer-based education programs to reduce stigma and discrimination toward mental illness among the UREP of Los Angeles County. The family and peer-based education programs and consultative services will build collaborative partnerships among mental health consumers, family members/parents/caregivers, and mental health professionals in order to increase permanent supportive services for family members, caregivers, and parents of consumers of mental health

services throughout Los Angeles County. Cross-collaboration between consumers and family members with health care professionals will reduce institutional stigma and improve quality of care offered to consumers of mental health services.

Implementation of Strategic Plan Goals

The recommended Board actions support the County's Strategic Plan Goal 4, Health and Mental Health.

FISCAL IMPACT/FINANCING

The TCA is \$510,296 and is fully funded by State MHSA revenue included in the FY 2010-11 Final Adopted Budget. This Consultant Services Agreement is a commitment contract through FY 2011-12 with funds from FY 2010-11 Final Adopted Budget. Funding for FY 2011-12 will be included in the annual budget process.

LACCC will be allowed to utilize only \$73,000 of the TCA for one-time expenses associated with starting the Family Services Bureau (FSB)/Parent Support Services (PSS) training programs incurred during the first six months of the Initial Period of the Agreement.

The \$73,000 of MHSA funds allocated for one-time expenses are included in the TCA of \$510,296. These expenses include initial costs for purchasing equipment less than \$5,000 each (to include, but not necessarily limited to purchasing laptops, computer programs, cell phones and copy machines); initial costs to hire personnel (to include salaries for one Education Director, up to three FSB coordinators, up to three PSS coordinators, and consultant salaries for IT Support and/or Web Designer and Accountant); and costs to produce educational materials to initially train FSB and PSS trainers, as described in the Statement of Work (SOW) and Fee Schedule under "One-time Expenses Associated with Starting a new MHSA program."

There is no net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

LACCC is a non-profit agency and a chapter of the National Alliance for Mental Illness (NAMI), established since 1979, with a remarkable history of educating, advocating, and supporting consumers of mental health service and their families. Family members, parents/caregivers, and consumers manage the array of established programs, initiatives, and activities offered by this grass roots organization. The trainings, education programs, and presentations will be offered at no cost to community members and mental health professionals. LACCC is a Countywide organization which handles all the matters of NAMI affiliate programs throughout Los Angeles County. LACCC advocates for the needs of these affiliate programs with NAMI California and NAMI National. LACCC provides leadership in advocacy, legislation, policy development, education, and support in part of Los Angeles County, and statewide. LACCC offers an array of peer-education and training programs and services for consumers, family members, health care providers, and the general public. These programs demonstrate how individuals have learned to live well with mental illness, and in turn, extensively train others to do the same.

The attached Agreement format has been approved as to form by County Counsel. The CEO has been advised of the proposed actions. Administrative staff of DMH will review and monitor compliance to the Agreement; evaluate training programs to ensure the quality of services being

provided to family members, caregivers, and parents; and affirm the Agreement's provisions and policies are being followed.

CONTRACTING PROCESS

On July 28, 2010, DMH issued MHSA, Family-Focused Strategies for Reducing Mental Health Stigma and Discrimination for Adults (Age 26-59) Countywide, Request For Services (RFS) PEI – 01 to identify qualified agencies that can provide family and peer-based education programs and consultative services directly to family members, caregivers, and parents of children, transitional-age youth, adults and older adults with mental illness in an effort to reduce stigma and discrimination related to mental health. DMH announced the release of the RFS by mailing letters along with a compact disc to eighty-seven agencies on the Department's MHSA Master Agreement List. Twenty-seven out of the eighty-seven agencies attended the mandatory Proposers' Conference on August 16, 2010. One of the twenty-seven submitted a proposal by the September 15, 2010, deadline.

The Evaluation Committee, comprised of three evaluators and a facilitator, convened on October 18, 2010, to evaluate and score the program components of the proposal on a standard evaluation tool, approved by County Counsel. The Department's Executive Management Team reviewed the Evaluation Committee's finalized evaluation ratings and approved to recommend to your Board the award of LACCC.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Board approval of the proposed actions will expand and implement a Countywide collaborating family and peer-based education program to address the stigma and discrimination interfering with family members, caregivers, and parents of consumers utilizing mental health services. This Agreement is critical to Los Angeles County's commitment to reach out to underserved and unserved populations dealing with mental health issues and reduce stigma and discrimination related to mental health services.

/

/

PREAMBLE

For over a decade, the County has collaborated with its community partners to enhance the capacity of the health and human services system to improve the lives of children and families. These efforts require, as a fundamental expectation, that the County's contracting partners share the County and community's commitment to provide health and human service that support achievement of the County's vision, goals, values and adopted outcomes. Key to these efforts is the integration of service delivery systems and the adoption of the customer service and Satisfaction Standards.

The County of Los Angeles' Vision is to improve the quality of life in the County by providing responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, businesses and communities. This philosophy of teamwork and collaboration is anchored in the shared values of:

- Responsiveness
- Professionalism
- Accountability
- Compassion
- Integrity
- Commitment
- A Can-Do Attitude
- Respect for Diversity

These shared values are encompassed in the County Mission to enrich lives through effective and caring service and the County Strategic Plan's five goals) 1 Operational Effectiveness; 2) Children, Family, and Adult Well-Being; 3) Community and Municipal Services; 4) Health and Mental Health; and 5) Public Safety. Improving the well-being of children and families requires coordination, collaboration, and integration of services across functional and jurisdictional boundaries, by and between County departments/agencies, and community and contracting partners.

The basic conditions that represent the well-being we seek for all children and families in Los Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in January 1993.

- Good Health;
- Economic Well-Being;

- Safety and Survival;
- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy – in isolation – can achieve the County’s outcomes of well-being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County’s health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social services systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no “wrong door”: wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.
- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated comprehensive information, services and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other community partners.
- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally-competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.

- ✓ County agencies and their partners focus on administrative and operational enhancements to optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.
- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and a seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve the County's five outcomes for children and families: good health, safety and survival, economic well-being, social and emotional well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community will continue to work together to develop ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following ***Customer Service and Satisfaction Standards*** in support of improving outcomes for children and families.

Personal Service Delivery

The service delivery team – staff and volunteers – will treat customers and each other with

courtesy, dignity, and respect.

- Introduce themselves by name

Service Access

Service providers will work proactively to facilitate customer access to services.

- Ensure a safe environment
- Ensure a professional atmosphere
- Display vision, mission, and values

- Post compliant and appeal procedures

The basis for all County health and human services contracts is the provision of the highest level of quality services that support improved outcomes for children and families. A. A responsible Consultant is a Consultant who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible Consultants.

B. The Consultant is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Consultant on this or other Agreements which indicates that the Consultant is not responsible, the County may, in addition to other remedies provided in the Agreement, debar the Consultant from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing Agreements the Consultant may have with the County.

C. The County may debar a Consultant if the Board of Supervisors finds, in its discretion, that the Consultant has done any of the following: (1) violated a term of an Agreement with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Consultant's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively

reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Consultant may be subject to debarment, the Department will notify the Consultant in writing of the evidence which is the basis for the proposed debarment and will advise the Consultant of the scheduled date for a debarment hearing before the Consultant Hearing Board.

E. The Consultant Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Consultant and/or the Consultant's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Consultant Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Consultant should be debarred, and, if so, the appropriate length of time of the debarment. The Consultant and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Consultant Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.

G. If a Consultant has been debarred for a period longer than five years, that Consultant may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Consultant has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interest of the County.

H. The Consultant Hearing Board will consider a request for review of a debarment determination only where (1) the Consultant has been debarred for a period longer than five years; (2) the

debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Consultant Hearing Board will provide notice of the hearing on the request. At the hearing, the Consultant Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Consultant Hearing Board pursuant to the same procedures as for a debarment hearing.

I. The Consultant Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Consultant Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Consultant Hearing Board.

J. These terms shall also apply to Subcontractors of County Consultants.

38.0 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45 C.F.R. PART 76): The Consultant hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Consultant certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Consultant certifies that, to its knowledge, none of its Subcontractors, at any tier, or any owner, officer, partner, director or other principal of any Subcontractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Consultant shall immediately notify County in writing, during the term of this Agreement, should it or any of its Subcontractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Consultant to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

39.0 CONSULTANT'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY FUNDED PROGRAM:

Consultant hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the Federal Government, directly or indirectly, in whole or in part, and that Consultant will notify Director within (30) calendar days in writing of: (1) any event that would require Consultant or a staff member's mandatory exclusion from participation in a Federally funded health care program; and (2) any exclusionary action taken by any agency of the Federal Government against Consultant or one or more staff members barring it or the staff members from participation in a Federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

There are a variety of different reasons why an individual or entity may be excluded from participating in a federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG) has the discretion not to exclude.

The mandatory bases for exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by Federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its Subcontractors or its significant business transactions; (6) loss of a state license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a Federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Consultant shall indemnify and hold County harmless against any and all loss or damage County

may suffer arising from any Federal exclusion of Consultant or its staff members from such participation in a Federally funded health care program. Consultant shall provide the certification set forth in Exhibit F as part of its obligation under this Paragraph.

Failure by Consultant to meet the requirements of this Paragraph shall constitute a material breach of Agreement upon which County may immediately terminate or suspend this Agreement.

40.0 CONSULTANT'S OBLIGATION AS A BUSINESS ASSOCIATE UNDER THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 AND THE HEALTH INFORMATION TECHNOLOGY FOR ECONOMIC AND CLINICAL HEALTH ACT (BUSINESS ASSOCIATE AGREEMENT): Under this Agreement, Consultant ("Business Associate") provides services ("Services") to County ("Covered Entity") and Business Associate receives, has access to or creates Protected Health Information in order to provide those Services.

Covered Entity is subject to the Administrative Simplification requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), and regulations promulgated thereunder, including the Standards for Privacy of Individually Identifiable Health Information ("Privacy Regulations") and the Health Insurance Reform: Security Standards ("the Security Regulations") at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (together, the "Privacy and Security Regulations"). The Privacy and Security Regulations require Covered Entity to enter into a contract with Business Associate ("Business Associate Agreement") in order to mandate certain protections for the privacy and security of Protected Health Information, and those Regulations prohibit the disclosure to or use of Protected Health Information by Business Associate if such a contract is not in place.

Further, pursuant to the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 ("HITECH Act"), effective February 17, 2010, certain provisions of the HIPAA Privacy and Security Regulations apply to Business Associates in the same manner as they apply to Covered Entity and such provisions must be incorporated into the Business Associate Agreement.

This Business Associate Agreement and the following provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by Business Associate in compliance with HIPAA's Privacy and Security Regulations and the HITECH Act, as they now exist or may

hereafter be amended.

Therefore, the parties agree as follows:

DEFINITIONS

1.1 "Breach" has the same meaning as the term "breach" in 45 C.F.R. § 164.402.

1.2 "Disclose" and "Disclosure" mean, with respect to Protected Health Information, the release, transfer, provision of access to, or divulging in any other manner of Protected Health Information outside Business Associate's internal operations or to other than its employees.

1.3 "Electronic Health Record" has the same meaning as the term "electronic health record" in the HITECH Act, 42 U.S.C. section 17921. Electronic Health Record means an electronic record of health-related information on an individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff.

1.4 "Electronic Media" has the same meaning as the term "electronic media" in 45 C.F.R. § 160.103. Electronic Media means (1) Electronic storage media including memory devices in computers (hard drives) and any removable/transportable digital memory medium, such as magnetic tape or disk, optical disk, or digital memory card; or (2) Transmission media used to exchange information already in electronic storage media. Transmission media include, for example, the internet (wide-open), extranet (using internet technology to link a business with information accessible only to collaborating parties), leased lines, dial-up lines, private networks, and the physical movement of removable/transportable electronic storage media. Certain transmissions, including of paper, via facsimile, and of voice, via telephone, are not considered to be transmissions via electronic media, because the information being exchanged did not exist in electronic form before the transmission.

The term "Electronic Media" draws no distinction between internal and external data, at rest (that is, in storage) as well as during transmission.

1.5 "Electronic Protected Health Information" has the same meaning as the term "electronic protected health information" in 45 C.F.R. § 160.103. Electronic Protected Health Information means Protected Health Information that is (i) transmitted by electronic media; (ii) maintained in electronic media.

1.6 "Individual" means the person who is the subject of Protected Health Information and

shall include a person who qualifies as a personal representative in accordance with 45 C.F.R. § 164.502(g).

1.8 "Privacy Rule" means the Standards for Privacy of Individually Identifiable Health Information at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164, also referred to as the Privacy Regulations.

1.9 "Protected Health Information" has the same meaning as the term "protected health information" in 45 C.F.R. § 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity. Protected Health Information includes information that (i) relates to the past, present or future physical or mental health or condition of an Individual; the provision of health care to an Individual, or the past, present or future payment for the provision of health care to an Individual; (ii) identifies the Individual (or for which there is a reasonable basis for believing that the information can be used to identify the Individual); and (iii) is received by Business Associate from or on behalf of Covered Entity, or is created by Business Associate, or is made accessible to Business Associate by Covered Entity. "Protected Health Information" includes Electronic Health Information.

1.10 "Required By Law" means a mandate contained in law that compels an entity to make a Use or Disclosure of Protected Health Information and that is enforceable in a court of law. Required by law includes, but is not limited to, court orders and court-ordered warrants; subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general, or any administrative body authorized to require the production of information; a civil or an authorized investigative demand; Medicare conditions of participation with respect to health care providers participating in the program; and statutes or regulations that require the production of information, including statutes or regulations that require such information if payment is sought under a government program providing benefits.

1.11 "Security Incident" means the attempted or successful unauthorized access, Use, Disclosure, modification, or destruction of information in, or interference with system operations of, an Information System which contains Electronic Protected Health Information. However, Security Incident

does not include attempts to access an Information System when those attempts are not reasonably considered by Business Associate to constitute an actual threat to the Information System.

1.12 "Security Rule" means the Security Standards for the Protection of Electronic Health Information also referred to as the Security Regulations at 45 Code of Federal Regulations (C.F.R.) Part 160 and 164.

1.13 "Services" has the same meaning as in the body of this Agreement.

1.14 "Unsecured Protected Health Information" has the same meaning as the term "unsecured protected health information" in 45 C.F.R. § 164.402.

1.15 "Use" or "Uses" mean, with respect to Protected Health Information, the sharing, employment, application, utilization, examination or analysis of such Information within Business Associate's internal operations.

1.16 Terms used, but not otherwise defined in this Business Associate Agreement shall have the same meaning as those terms in the HIPAA Regulations and HITECH Act.

(b) as to Electronic Protected Health Information, shall implement and maintain administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Electronic Protected Health Information; effective February 17, 2010, said safeguards shall be in accordance with 45 C.F.R. 2.4.3 Request for Delay by Law Enforcement. Business Associate may delay the notification required by section 2.4 if a law enforcement official states to Business Associate that notification would impede a criminal investigation or cause damage to national security. If the law enforcement official's statement is in writing and specifies the time for which a delay is required, Business Associate shall delay notification, notice, or posting for the time period specified by the official; if the statement is made orally, Business Associate shall document the statement, including the identity of the official making the statement, and delay the notification, notice, or posting temporarily and no longer than 30 days from the date of the oral statement, unless a written statement as described in paragraph (a) of this section is submitted during that time.

2.7 Availability of Internal Practices, Books and Records to Government Agencies. Business Associate shall provide such access for inspection of that Protected Health Information within two (2) business days after receipt of request from Covered Entity. Business Associate shall provide copies of that Protected Health Information within five (5) business days after receipt of request from Covered Entity. If Business Associate maintains an Electronic Health Record, Business Associate shall provide such information in electronic format to enable Covered Entity to fulfill its obligations under the HITECH Act.

2.9 Amendment of Protected Health Information. 2.10 Accounting of Disclosures. Upon Covered Entity's request, Business Associate shall provide to Covered Entity an accounting of each Disclosure of Protected Health Information made by Business Associate or its employees, agents, representatives or subcontractors, in order to permit Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528 and/or the HITECH Act which requires an Accounting of Disclosures of Protected Health Information maintained in an Electronic Health Record for treatment, payment, and health care operations.

However, Business Associate is not required to provide an Accounting of Disclosures that are necessary to perform the Services because such Disclosures are for either payment or health care operations purposes, or both.

Any accounting provided by Business Associate under this Section 2.10 shall include: (a) the date of the Disclosure; (b) the name, and address if known, of the entity or person who received the Protected Health Information; (c) a brief description of the Protected Health Information disclosed; and (d) a brief statement of the purpose of the Disclosure. For each Disclosure that could require an accounting under this Section 2.10, Business Associate shall document the information specified in (a) through (d), above, and shall securely maintain the information for six (6) years from the date of the Disclosure. Business Associate shall provide to Covered Entity, within ten (10) business days after receipt of request from Covered Entity, information collected in accordance with this Section 2.10 to permit Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528. If Business Associate maintains an Electronic Health Record, Business Associate shall provide such information in electronic format to enable Covered Entity to fulfill its obligations under the HITECH Act.

2.11 Indemnification. Business Associate shall indemnify, defend, and hold harmless Covered Entity, including its elected and appointed officers, employees, and agents, from and against any and all liability, including but not limited to demands, claims, actions, fees, costs, penalties and fines (including regulatory penalties and/or fines), and expenses (including attorney and expert witness fees), arising from or connected with Business Associate's acts and/or omissions arising from and/or relating to this Business

Associate Agreement; Business Associate's obligations under this provision extend to compliance and/or enforcement actions and/or activities, whether formal or informal, of Secretary of the federal Department of Health and Human Services and/or Office for Civil Rights.

OBLIGATION OF COVERED ENTITY

3.1 Obligation of Covered Entity. Covered Entity shall notify Business Associate of any current or future restrictions or limitations on the use of Protected Health Information that would affect Business Associate's performance of the Services, and Business Associate shall thereafter restrict or limit its own uses and disclosures accordingly.

TERM AND TERMINATION

4.1 Term. The term of this Business Associate Agreement shall be the same as the term of this Agreement. Business Associate's obligations under Sections 2.1 (as modified by Section 4.2), 2.4, 2.5, 2.6, 2.7, 2.8, 2.9, 2.10, 4.3 and 5.2 shall survive the termination or expiration of this Agreement.

4.2 Termination for Cause. In addition to and notwithstanding the termination provisions set forth in this Agreement, upon either party's knowledge of a material breach by the other party, the party with knowledge of the other party's breach shall:

(a) Provide an opportunity for the breaching party to cure the breach or end the violation and terminate this Agreement if the breaching party does not cure the breach or end the violation within the time specified by the non-breaching party;

(b) Immediately terminate this Agreement if a party has breached a material term of this Agreement and cure is not possible; or

(c) If neither termination nor cure is feasible, report the violation to the Secretary of the federal Department of Health and Human Services.

4.3 Disposition of Protected Health Information Upon Termination or Expiration.

(a) Except as provided in paragraph (b) of this section, upon termination for any reason or expiration of this Agreement, Business Associate shall return or destroy all Protected Health Information

received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the Protected Health Information.

(b) In the event that Business Associate determines that returning or destroying the Protected Health Information is infeasible, Business Associate shall provide to Covered Entity notification of the conditions that make infeasible. If return or destruction is infeasible, Business Associate shall extend the protections of this Business Associate Agreement to such Protected Health Information and limit further Uses and Disclosures of such Protected Health Information to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such Protected Health Information.

MISCELLANEOUS

5.1 No Third Party Beneficiaries. Nothing in this Business Associate Agreement shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.

5.2 Use of Subcontractors and Agents. Business Associate shall require each of its agents and subcontractors that receive Protected Health Information from Business Associate, or create Protected Health Information for Business Associate, on behalf of Covered Entity, to execute a written agreement obligating the agent or subcontractor to comply with all the terms of this Business Associate Agreement.

5.3 Relationship to Services Agreement Provisions. In the event that a provision of this Business Associate Agreement is contrary to another provision of this Agreement, the provision of this Business Associate Agreement shall control. Otherwise, this Business Associate Agreement shall be construed under, and in accordance with, the terms of this Agreement.

5.4 Regulatory References. A reference in this Business Associate Agreement to a section in the Privacy or Security Regulations means the section as in effect or as amended.

5.5 Interpretation. Any ambiguity in this Business Associate Agreement shall be resolved in favor of a meaning that permits Covered Entity to comply with the Privacy and Security Regulations.

5.6 Amendment. The parties agree to take such action as is necessary to amend this Business Associate Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy and Security Regulations and other privacy laws governing Protected Health Information.

41.0 COMPLIANCE WITH JURY SERVICE PROGRAM:

A Jury Service Program: This Agreement is subject to the provisions of the County's ordinance entitled Consultant Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B Written Employee Jury Service Policy:

(1) Unless Consultant has demonstrated to the County's satisfaction either that Consultant is not a "Consultant" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Consultant qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Consultant shall have and adhere to a written policy that provides that its Employees shall receive from the Consultant, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Consultant or that the Consultant deduct from the Employee's regular pay the fees received for jury service.

(2) For purposes of this Section, "Consultant" means a person, partnership, corporation or other entity which has an Agreement with the County or a subcontract with a County Consultant and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of Consultant. "Full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Consultant has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Consultant uses any Subcontractor to perform services for the County under the Agreement, the Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract Agreement and a copy of the Jury

Service Program shall be attached to the Agreement.

(3) If Consultant is not required to comply with the Jury Service Program when the Agreement commences, Consultant shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Consultant shall immediately notify County if Consultant at any time either comes within the Jury Service Program's definition of "Consultant" or if Consultant no longer qualifies for an exception to the Program. In either event, Consultant shall immediately implement a written policy consistent with the Jury Service Program. COUNTY OF LOS ANGELES – DEPARTMENT OF MENTAL HEALTH

**MENTAL HEALTH SERVICES ACT
PREVENTION AND EARLY INTERVENTION**

**CONSULTANT SERVICES AGREEMENT WITH
THE LOS ANGELES COUNTY ALLIANCE FOR THE MENTALLY ILL
aka LOS ANGELES COUNTY COORDINATING COUNCIL (LACCC)**

EXHIBIT A

STATEMENT OF WORK

1. Overview

Through the stakeholders' planning process for the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) Early Start Plan, the Department of Mental Health (DMH) seeks to develop, support, and promote strategies and approaches for family members and parents/caregivers of individuals with mental health concerns, including the provision of prevention and early intervention services.

Family members and parents/caregivers of consumers of mental health services often face demeaning stigma and discrimination. The personal toll of having a family member living with a mental illness includes feelings of despair, hopelessness, and abandonment. Family members and parents/caregivers may experience isolating grief over their loved ones' situations and futures, now dramatically impacted by mental illness. DMH seeks to substitute these negative outlooks with positive elements of hope, wellness, and recovery from mental illness. The Los Angeles County Alliance for the Mentally Ill, also known as the Los Angeles County Coordinating Council (LACCC), an affiliate of the National Alliance on Mental Illness (NAMI) and as Contractor, will accomplish this through PEI Plan's Family-Focused Strategies (FFS) trainings provided to family members and parents/caregivers. Specifically, family education will be community-based and delivered by trained family members, parents, or caregivers who can guide and support a more positive recovery message and experience. Specialized family education will be short in duration and focus on practical approaches not linked to a specific diagnosis.

LACCC will develop two bureaus: Family Services Bureau (FSB) and Parental Support Services (PSS) as described under Section 3 (Contractor's Responsibilities). Specifically, LACCC will be funded to develop innovative approaches for the needs of the residents of County of Los Angeles, which are not solely based on NAMI's previously established national program. LACCC will primarily develop an outreach program to family members and

parents/caregivers of consumers who may be experiencing the initial onset of mental health problems, a first contact with the public mental health system, and who may concurrently lack needed support. LACCC will outreach to underserved and underrepresented ethnic populations (UREP) in the County of Los Angeles who are dealing with cultural aspects of personal mental health issues. UREP is based on the five subcommittees of the UREP unit under the Department's Planning Division; and include the following groups: African/African-American, American-Indian, Asian/Pacific Islander, Eastern European/Middle Eastern, and Latino. The training programs will be offered in community-based settings, such as schools, faith-based organizations, community centers, community mental health clinics, law enforcement stations, or training academies. LACCC will provide ongoing consultation and support to the following, but not limited to constituents, parents, caregivers, and family members trained to be a part of FSB and PSS, members of DMH, attendees of the training programs, community-based organizations that collaborate with LACCC, other identified stakeholders and the community-at-large.

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

The Safely Surrendered Baby Law allows a distressed parent who is unable or unwilling to care for a baby to legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.
