**APPROVAL OF 117 FUNDING AGREEMENTS FOR
THE INFORMATION TECHNOLOGY PLAN OF THE TECHNOLOGICAL NEEDS
COMPONENT OF THE MENTAL HEALTH SERVICES ACT
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

CIO RECOMMENDATION: APPROVE

SUBJECT

Request approval of 117 Funding Agreements for the Contract Provider Technology Project under the Information Technology Plan of the Capital Facilities and Technological Needs Component of the Mental Health Services Act.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and authorize the Director of Mental Health, or his designee, to prepare, sign, and execute 117 funding agreements, substantially similar to Attachment I, for the Contract Provider Technology Project (CPTP) under the Information Technology Plan of the Capital Facilities and Technological Needs Component of the Mental Health Services Act (MHSA), to prepare for, and assist in, the transition of contract providers of mental health services to a fully electronic exchange of information with the Department of Mental Health's (DMH) new Integrated Behavioral Health Information System (IBHIS), effective upon the date of execution through June 30, 2016 for the term with provisions for month-to-month extensions for up to 18 months at the discretion of the Director, at a cumulative total amount of \$22,905,982, fully funded by MHSA funds.

2. Authorize the Director of Mental Health, or his designee, to enter into future funding agreements, substantially similar to Attachment I, with new qualified contract providers provided that: 1) approval of County Counsel and the Chief Executive Office (CEO) is obtained prior to any such agreement; and 2) the Director of Mental Health notifies your Board in writing within 30 days after the execution of each agreement.
3. Delegate authority to the Director of Mental Health, or his designee, to prepare, sign, and execute future amendments to these funding agreements, provided that: 1) the County's total payments to each contractor under the agreement do not exceed an increase of 20 percent from the applicable Total Contract Amount (TCA); 2) any such increase is used to reflect program changes; 3) your Board has appropriated sufficient funds for all changes; 4) approval of County Counsel and the CEO is obtained prior to the execution of any such amendment; 5) the parties may, by written amendment, mutually agree to reduce programs or services without reference to the 20 percent limitation; and 6) the Director of Mental Health notifies your Board within 30 days after the execution of each amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the proposed funding agreements will allow DMH to provide MESA funds to contract providers to acquire sustainable information systems that will allow them to efficiently and effectively interface with DMH, and develop sustainable technology programs that empower the consumers they serve. These funds will support contract providers capacity to: 1) effectively sustain their participation in the delivery of mental health services; and 2) make the transition to an Electronic Health Record (EHR).

MESA Information Technology funds will be distributed to contract providers for the following types of technology projects:

- EHR System Projects
- Electronic Data Interchange (EDI) Projects
- Consumer/Family Access to Computer Resources Projects
- Personal Health Record Projects
- Online Information Resource Projects
- Telemedicine and other rural/underserved access methods projects
- Pilot Projects to monitor new programs and service outcome improvement
- Data Warehousing/Decision Support Projects
- Imaging/Paper Conversion Projects

Additionally, DMH will support contract provider requests for treatment planning libraries that are consistent with MHSA treatment models, automation of eligibility verification, forms translations, and software and hardware to support e-signatures.

These projects will assist contract providers to transition from a Direct Data Entry (DDE) model of submitting claims and other information to DMH to an EDI model, and implementing other information technology projects consistent with the goals of MHSA. EDI is the automated transfer of data in a specific format from one system to another. With the implementation of the IBHIS, DMH will transition from a centralized consumer information and billing system to a decentralized model. This shift will require contract providers to interact with DMH's IBHIS via EDI transactions. MHSA technology funds will assist contract providers in acquiring information systems appropriate to their business model that will, at a minimum, provide the capability to submit EDI transactions to DMH.

DMH is requesting delegated authority to: 1) enter into future funding agreements with new qualified contract providers; and 2) execute future amendments to these funding agreements.

Implementation of Strategic Plan Goals

The recommended actions are consistent with the County's Strategic Plan Goal 4, Health and Mental Health.

FISCAL IMPACT/FINANCING

The total CPTP amount is \$22,905,982, fully funded by MHSA funds, and is included in the department's FY 2009-10 Final Budget. There is no increase in net County cost.

The anticipated individual amounts allocated for the 117 funding agreements (cumulative \$21,887,040) are listed in Attachment II for each contract provider. In addition, DMH recognizes that the number of contract providers in the local public mental health service provider network may increase over time. Therefore, a reserve of \$1,018,942, included within the \$22,905,982, of MHSA IT funds has been set aside to support the technology needs of these new contract providers.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On February 3, 2009, your Board approved the MHSA IT Plan in the amount of \$69,770,360 for submission to California Department of Mental Health (CDMH) and on June 19, 2009, CDMH approved the MHSA IT Plan. The CPTP is an umbrella project

encompassing a mix of technology projects within the range of projects identified in the MHSAs Capital Facilities and Technological Needs Guidelines released by CDMH on March 18, 2008. The \$22,905,982 funding amount for the CPTP represents the remainder of MHSAs IT Plan funds after all other projects included in the plan were budgeted.

A provision has been added to these agreements to terminate these agreements immediately if a contractor's legal entity agreement with the County terminates. The County's right to terminate these agreements, in whole or part, requires a 30-day notification to the contractor.

The attached agreement format has been approved as to form and use by County Counsel. The CEO has reviewed the recommended actions. The Chief Information Office (CIO) reviewed the project proposal process and the sample agreement and recommended revisions to the documents were incorporated. CIO determined that a CIO Analysis is not required since DMH is essentially requesting approval to distribute funds to 117 contracts.

CONTRACTING PROCESS

Contract providers were selected through a non-competitive process in which DMH limited distribution of MHSAs IT Plan to legal entity Short-Doyle providers, including the Department of Health Services (DHS). Three DHS Medical Centers provide mental health services to both in-patient and out-patient mental health clients; DMH intends to provide MHSAs IT Plan funds to DHS at a later date via a Memorandum of Understanding to offset costs DHS will incur to meet IBHIS EDI requirements.

DMH used a fixed increment model to determine the TCA available to each contract provider for technological needs projects. Each eligible contract provider was rank ordered from lowest to highest based on the TCA of their legal entity mental health services agreement executed in July 2007. The minimum funding allocation amount was set at \$30,000, judged the minimum amount needed to make meaningful improvements. Funding allocations were increased incrementally based on rank order, at an amount of \$2,640 per rank, resulting in a range from \$30,000 to \$346,800.

IMPACT ON CURRENT SERVICES

Contract providers provide mental health services to approximately 50 percent of consumers served in the DMH system and provide nearly two-thirds of billable services annually. These agreements are essential to provide contract providers with a means to pursue technology improvements to prepare them for implementation of the IBHIS and to support other MHSA activities. Providing a mechanism to support the technology needs of contract providers benefits the entire DMH enterprise by supporting efforts to achieve seamless distribution of services across the enterprise. These agreements represent a prudent investment in a very important part of the DMH mental health services provider network.

Contractor agrees that County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity or records relating to this Agreement provided such access rights do not constitute an unlawful invasion of the privacy rights of any Contractor employee and would not in the reasonable opinion of Contractor subject Contractor to legal liability. All such material, including, but not limited to, all financial records, time cards and other employment records and proprietary data and information, shall be kept and maintained by Contractor and shall be made available to County during the term of this Agreement and for a period of five (5) years thereafter, unless County's written permission is given to dispose of any such material prior to such time. 13.1 This Agreement is by and between County and Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between County and Contractor. The

employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

13.2 Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Agreement all compensation and benefits. 29.2 Contractor and County agree that, the existence and details of a dispute notwithstanding, both parties shall continue without delay their performance hereunder,

except for any performance which County, in its sole discretion, determines should be delayed as a result of such dispute.

29.3 If Contractor fails to continue without delay its performance hereunder which County, in its sole discretion, determines should not be delayed as a result of such dispute, then any additional costs which may be incurred by Contractor or County as a result of Contractor's failure to continue to so perform shall be borne by Contractor, and Contractor shall make no claim whatsoever against County for such costs. Contractor shall promptly reimburse County for such County costs, as determined by County, or County may deduct all such additional costs from any amounts due to Contractor from County.

29.4 If County fails to continue without delay to perform its responsibilities under this Agreement which County, in its sole discretion, determines should not be delayed as a result of such dispute, then any additional costs incurred by Contractor or County as a result of County's failure to continue to so perform shall be borne by County, and County shall make no claim whatsoever against Contractor for such costs. County shall promptly reimburse Contractor for all such additional Contractor costs subject to the approval of such costs by County.

29.5 In the event of any dispute between the parties with respect to this Agreement, Contractor and County shall submit the matter to their respective Project Manager for the purpose of endeavoring to resolve such dispute.

29.6 In the event that the Project Managers are unable to resolve the dispute within a reasonable time not to exceed ten (10) working days from the date of submission of the dispute, the matter shall be immediately submitted to the parties' respective Project Directors for further consideration and discussion to attempt to resolve the dispute. These persons shall have ten (10) working days to attempt to resolve the dispute.

29.7 In the event that at these two (2) levels, there is not a resolution of the dispute acceptable to both parties, then each party may assert its other rights and remedies provided under this Agreement and/or its rights and remedies as provided by law.

29.8 All disputes utilizing this dispute resolution procedure shall be documented in writing by each party and shall state the specifics of each alleged dispute and all actions taken. The parties shall act in good faith to resolve all disputes. 31.1 Contractor shall not assign its rights or delegate its duties under this Agreement, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Agreement, which is formally approved and executed by the parties. Any payments by County to any approved delegate or assignee on any claim under this Agreement shall be deductible, at County's sole discretion, against the claims which Contractor may have against County.

31.2 Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or entity other than the majority controlling interest therein at the time of execution of this Agreement, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Agreement.

31.3 Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Agreement which may result in the termination of this Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

32.0 LIMITATION OF COUNTY'S OBLIGATION DUE TO NON-APPROPRIATION OF FUNDS:

Notwithstanding any other provision of this Agreement, County shall not be obligated for Contractor's performance hereunder or by any provision of this Agreement during this or any of County's future fiscal years unless and until County's Board of Supervisors appropriates funds for this Agreement in County's Budget for each such fiscal year. Should County, during this or any subsequent fiscal year impose budgetary restrictions which appropriate less than the amount provided for in this Agreement, County shall reduce work under this Agreement consistent with such imposed budgetary reductions. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. County shall notify Contractor of any such changes in allocation of funds at the earliest possible date.

33.0 CONFIDENTIALITY: Contractor shall maintain the confidentiality of all records and information, including, but not limited to, claims, County records, patient/client records and information, and County information system records, in accordance with WIC Sections 5328 through 5330, inclusive, and all other applicable County, State, and Federal laws, ordinances, rules, regulations, manuals, guidelines, and directives, relating to confidentiality. For Contractor's breach or violation of this warranty, County may, in its sole discretion, deduct from this Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

35.0 COUNTY AUDIT SETTLEMENTS: If, at any time during or after the term of this Agreement representatives of County conduct an audit of Contractor regarding the work performed under this Agreement, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference, together with County's reasonable costs of audit, shall be either repaid by Contractor to County by cash payment upon demand or, at the sole option of Director, deducted from any amounts due to Contractor from County, whether under this Agreement or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County, but in no event shall County's payments to Contractor exceed the Total Compensation Amount identified in Paragraph 7.0 (COMPENSATION).

36.0 FAIR LABOR STANDARDS: Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act, and shall indemnify, defend and hold harmless County, its officers, employees and agents from any and all liability, including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs and attorneys' fees arising under any wage and hour law, including, but not limited to, the Federal Fair Labor

37.2 Contractor shall certify to, and comply with, the provisions of Exhibit H (Contractor's EEO Certification).

37.3 Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, or physical or mental handicap, in compliance with all applicable Federal and State anti-discrimination laws and regulations. Such action shall include, but is not limited to: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including, without limitation, apprenticeship.

37.6 Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this Paragraph 37.0 when so requested by County.

37.7 If County finds that any of the provisions of this Paragraph 37.0 have been violated, such violation shall, at the election of County, constitute a material breach of this Agreement upon which County may immediately terminate this Agreement. While County reserves the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated State or Federal anti-discrimination laws or regulations shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of this Agreement.

37.8 The parties agree that in the event Contractor violates the anti-discrimination provisions of this Agreement, County shall, at its option, be entitled to the sum of Five Hundred Dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating this Agreement.

37.9 Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e) (1) through 2000 (e) (17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical handicap, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under

38.2 Written Employee Jury Service Policy:

38.2.1 Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.

38.2.2 For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has an Agreement with County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: (1) the lesser number is a recognized industry standard as determined by County, or (2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month

period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for County under the Agreement, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract Agreement and a copy of the Jury Service Program shall be attached to the Agreement.

38.2.3 If Contractor is not required to comply with the Jury Service Program when this Agreement commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Agreement and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.

38.2.4 Contractor's violation of this Section of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole discretion, terminate the Agreement and/or bar Contractor from the award of future County Agreements for a period of time consistent with the seriousness of the breach.

Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph 39.0 shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County (which approval shall not be unreasonably withheld) in writing. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as required by law or this Agreement, County shall be entitled to reimbursement for all such costs and expenses.

40.0 NOTICE OF DELAYS: In the event Contractor determines at any time that failure, delay or inadequacy of performance of any of County's obligations hereunder may prevent or tend to prevent Contractor from completing any of Contractor's obligations in a timely manner or may cause or tend to cause Contractor to incur additional or unanticipated costs or expenses, Contractor shall promptly following such determination (and without limiting Contractor's obligation of prompt notification, in any event within fifteen (15) days following

such determination), notify County's Project Director in writing, which notice shall specify in reasonable detail: (1) any alleged failure, delay or inadequacy of performance by County and (2) to the best knowledge of Contractor after due inquiry and analysis, the estimated impact of such alleged failure, delay or inadequacy on the performance of Contractor's obligations, including, but not limited to, any estimated delay and any estimated amount of additional or unanticipated costs or expenses that may be incurred. Contractor shall take all reasonable actions to mitigate or reduce any delays. In the event Contractor fails to notify County in writing of any alleged failure, delay or inadequacy of performance in a timely manner as set forth in this Paragraph 40.0, Contractor shall not be entitled to rely upon such alleged failure, delay or inadequacy of performance for any purpose whatsoever, including, but not limited to, as a purported justification for either: (1) claiming that Contractor is entitled to receive any additional payments from County hereunder or (2) failing to fulfill any of Contractor's obligations in a timely manner. By executing this Agreement, Contractor certifies that neither it nor any of its owners, officers, partners, directors, or principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Contractor certifies that, to its knowledge, none of its subcontractors, at any tier, or any owner, officer, partner, director, or other principal of any subcontractor is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Contractor shall immediately notify County in writing, during the term of this Agreement, should it or any of its subcontractors or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Contractor to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this Agreement.

56.0 USE OF RECYCLED-CONTENT PAPER PRODUCTS: Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible in the services to be performed by Contractor under this Agreement.

57.0 SAFELY SURRENDERED BABY LAW:

57.1 Notice To Employees Regarding The Safely Surrendered Baby Law

Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit J (Safely Surrendered Baby Law) of this Agreement and is also available on Internet at www.babysafela.org for printing purposes.

57.2 Contractor's Acknowledgment Of County's Commitment To The Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. A copy of such poster is set forth in Exhibit J (Safely Surrendered Baby Law). The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

58.0 CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE: The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the certification in Exhibit K (Charitable Contributions Certification), the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202).

59.0 LOCAL SMALL BUSINESS ENTERPRISE (SBE) PREFERENCE PROGRAM:

59.1 This Agreement is subject to all provisions of the County's ordinance entitled Local Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code. Specifically, Contractor shall pay particular attention to the following

provisions in Chapter 2.204:

59.2 Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

59.3 Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

59.4 If Contractor has obtained certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, shall:

(i) Pay to the County any difference between the Agreement amount and what the County's costs would have been if the contract had been properly awarded;

(ii) In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than ten percent (10%) of the amount of the Agreement; and

(iii) Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Non-responsibility and Contractor Debarment).

The above penalties shall also apply to any Contractor that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the State and the Office of Affirmative Action Compliance (OAAC) of this information prior to responding to a solicitation or accepting a

contract award.

60.0 FORCE MAJEURE:

60.1 Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Agreement, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's sub-Contractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this sub-paragraph as "force majeure events").

60.2 Notwithstanding the foregoing, a default by a sub-Contractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such sub-Contractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the sub-Contractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this sub-paragraph, the term "sub-Contractor" and "sub-Contractors" mean sub-Contractors at any tier.

60.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

61.0 SURVIVAL:

In addition to any provisions relating to indemnification obligations of any party hereunder, the provisions in the following Paragraphs shall survive the expiration or termination of this Agreement for any reason:

- 7.6 No Payment for Services Provided Following Expiration/Termination of Agreement

62.2 Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Agreement will maintain compliance, with the Los Angeles County Code Chapter 2.206.

63.0 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM:

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 62.0 (Contractor's Warranty of Compliance with County's Defaulted Property Tax Reduction Program) shall constitute default under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within ten (10) days of notice shall be grounds upon which County may terminate this Agreement and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

64.0 TITLE OF INTELLECTUAL PROPERTY:

County shall be the sole and exclusive owner of all rights, title, and interest, (including, without limitation, any copyrights and other rights in works of authorship, including registered and unregistered copyrights, unpublished works of authorship, moral rights and rights of integrity, trade secrets, know-how, show-how, proprietary information, contract and license rights, all international priority rights, improvements, discoveries, creations and all other forms of intellectual property (collectively, the "Intellectual Property Rights") in any and all software and tools developed by Contractor, or on behalf of Contractor, using MHSA IT funds. EXHIBIT 3 – TECHNOLOGICAL NEEDS PROJECT PROPOSAL DESCRIPTION (Continued)

1. Project Overview:

1.1. Project Description

Describe the following in separate paragraphs divided by subject headings: 1) Project Purpose; 2) Background; 3) Project Goals and Objectives; 4) Project Scope; 5) Project Justification, and; 6) Project Approach.

For EDI/EHR Projects, the proposal should include a description of any existing software systems in use related to electronic health records/clinical systems, and indicate whether they are currently certified for EDI transactions. For full EHR projects, identify all components that will be added to the system (e.g. Practice Management, Clinical Data Management, etc.).

If this project includes the replacement of any existing application or system functionality that was in place prior to November 2, 2004, please describe the reason for the replacement and describe how the proposed replacement meets the non-supplantation policy as described in DMH Letter No. 05-04 at: <http://www.dmh.ca.gov/DMHDocs/docs/letters05/05-04.pdf>. If no replacement of existing functionality that was in place prior to November 2, 2004 will occur, please state this assertion in this section of the proposal.

Include information documenting whether the organization has the capability and resources necessary to carry out the proposed project. This should include a description of the agency including the number of employees (internal and contractual), number of service locations and types of services provided. Include a description of the current Information Technology environment including number of staff, project management and implementation experience. Provide a brief description of the IT resources, both internal and contractual, that will be supporting the proposed project.

Describe the organization's client base and indicate whether non-DMH clients are served and what proportion of the client-base are DMH clients. Indicate whether the proposed system supported by MHSAs funds will be used exclusively for DMH clients or used to support non-DMH client services.

1.2. Results or Benefits Expected

Describe the results and benefits to be derived from the project. Use separate paragraphs to describe both tangible and intangible benefits. Tangible benefits must be quantifiable and measurable and may be used as performance criteria to measure project success.

Identify critical success factors for the project. For example, critical success factors for an Electronic Health Record project using an Application Service Provider approach would likely include: 1) infrastructure in place to support the ASP; 2) clinician involvement in set-up decisions; 3) thorough testing of the ASP software; 4) completion of data conversion or loading of current client data into the system; 5) completion of staff training on the system; 6) development of a cut-over plan; and 7) network bandwidth assessment. Critical success factors can become major milestones in the project schedule.

1.3. Project Approach

Describe the project approach (such as COTS, ASP, Custom Interface) and how the proposed work will be accomplished. Include factors that might influence the approach and/or schedule. Identify the key project milestones with the planned start and completion dates.

1.4. Project Risks (Complete for High Risk Projects)

Describe the project risks including possible risk mitigation strategies. Please refer to the IT Project Status Report for an example of the Risk and Issue Management report. Also, complete Appendix A – Project Risk Assessment for each project proposal.

1.5. MHPA Goals and Objectives:

Describe how the project meets the MHPA Information Technological goals:

- increase Consumer and Family Empowerment by providing tools for secure access to health information within a wide variety of public and private settings
- modernize and transform clinical and administrative information systems to improve quality of care, operational efficiency and cost effectiveness

Describe how the project will change current operations and/or systems in ways that are consistent with the goals above.

2. Project Management: (Complete for High Risk Projects)

2.1. Scope Management:

Describe the approach to manage project scope, evaluate requests for changes in scope, and approve or deny requests for changes in scope.

2.2. Time Management:

Describe the approach to monitor the project schedule in order to complete the project on time.

2.3. Cost Management:

Describe the approach to monitor project costs against project budget including all expenditures for personnel, hardware, software, contract services and other expenses.

3. Cost:

3.1. Cost Justification:

Describe the use of MHPA funds in each of the project budget categories using separate paragraphs divided by the following subject headings: 1) Personnel; 2) Hardware; 3) Software; 4) Contract Services, and; 5) Other Expenses. Provide as much detail as possible to justify the funding request for each budget category. For example, a description of Personnel costs should include a description of the type of resources needed, how many positions are needed, a description of the role these positions will have on the project, and the anticipated length of their engagement. Hardware costs should include a description of the hardware that will be purchased, why the equipment is needed, whether maintenance is included in the cost, and if

maintenance is included, the estimated maintenance costs should be indicated.

If Start-up funds will be requested, indicate the amount of Start-up funds requested and provide a description of how these funds will be used. Start-up funds may be requested for up to 20% of the total project proposal MHPA amount. Start-up funds may only be requested once per project proposal.

Describe project costs that are not eligible for reimbursement by MHPA IT funds. Non-eligible costs include IT project costs for applications or systems that support services to non-DMH clients or IT project costs for applications or systems that support non-Mental Health Services programs. Describe the proposed allocation methodology to determine project costs to be paid by DMH MHPA IT funds. Project costs that are not eligible for reimbursement by MHPA IT funds and costs that the agency will incur above what the agency's MHPA IT funding allocation will cover should be reflected on Exhibit 4 – Budget Summary, in the section marked "Total Costs B".

Exhibit 4 – Budget Summary is a summary budget form for planning purposes. Each agency will be required to have a detailed budget available for review if requested by the CAPPRC.

For Application Service Provider (ASP) costs, include these costs under contract services rather than software.

3.2. Ongoing Sustainability of System:

Describe the ongoing costs and the approach to maintaining the system after MHPA funds are exhausted.

4. Hardware Considerations:

4.1. Hardware Maintenance:

Describe the approach for establishing maintenance/service agreements for hardware, software, and/or any other equipment purchased using MHPA Technological funds.

4.2. Backup Processing Capability:

Describe the approach for evaluating business needs and determining the appropriate backup processing capabilities of any system(s) purchased using MHPA Technological funds.

5. Software Considerations:

5.1. Availability of necessary security features as defined in DMH standards noted in Appendix B (Enclosure 3, pgs 37 – 41):

Describe the approach to meet, at a minimum, all security standards set forth in Enclosure 3, Appendix B of the MHPA Capital Facilities and Technological Needs Guidelines.

5.2. Ability of the Software to Meet Current Technology Standards or be Modified to Meet Them in the Future:

Describe the approach to ensure that the system software is compliant with all applicable

federal, state, and local laws, ordinances, rules, regulations, manuals, guidelines, and directives including without limitation the Americans with Disabilities Act (ADA), Certification Commission for Healthcare Information Technology (CCHIT), and MHSA Capital Facilities and Technological Guidelines and Regulations.

6. Training and Implementation:

6.1. Process for Implementing the Technology:

Describe the approach for determining appropriate implementation strategies to ensure successful project completion. Describe the proposed implementation approach.

6.2. Process for Training:

Where appropriate, describe the approach for determining appropriate training processes to ensure successful project implementation.

7. Security Planning: (If Project Request is EDI/EHR or Includes PHI)

7.1. Protecting Data Security and Privacy:

Describe the approach for developing and maintaining effective security and privacy policies and procedures. Additionally, describe the approach for ensuring compliance with local, State, and Federal security and privacy laws and regulations as they pertain to each project activity supported by MHSA Technological funds.

7.2. Operational Recovery Planning:

For EDI and EHR projects only, describe the approach to address operational recovery planning.

7.3. Business Continuity Planning:

For EDI and EHR projects only, describe the approach to address business continuity planning.

7.4. State and Federal Laws and Regulations:

Describe the approach to ensure that any technology solution implemented using MHSA Technological funds is compliant with all applicable federal, state, and local laws, ordinances, rules, regulations, manuals, guidelines, and directives including without limitation the Americans with Disabilities Act (ADA), CCHIT, and MHSA Capital Facilities and Technological Guidelines and Regulations. If the approach will be determined at a later date during project planning, a statement must be made in this section ensuring intent to comply with the above.

SAFELY SURRENDERED BABY LAW

Safely Surrendered

No shame. No blame. No names.

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

The Safely Surrendered Baby Law allows parents or other persons with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Angeles

Sin pena. Sin culpa. Sin nombres.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega voluntaria de un recién nacido por parte de sus padres u otras personas con custodia legal de decir cualquier persona a quien los padres lo llaman dicho permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmelo que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé, esto servía como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.
