WITH SIERRA SYSTEMS INC. FOR FISCAL YEARS 2008-09, 2009-10, 2010-11,
2011-12 and 2012-13**

**(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

CIO RECOMMENDATION: APPROVE (X)

SUBJECT

Request approval of Amendment No. 3 to extend the term of the Agreement with Sierra Systems Inc., for continued maintenance services of the Integrated System (IS) and to acknowledge the corporate merger of Sierra Systems Group Inc., a California corporation (Sierra California), with and into Sierra Systems Inc., a Washington corporation (Sierra Washington), effective as of December 31, 2003, and the delegation and assignment of the Agreement from Sierra California to Sierra Washington, effective as of December 31, 2003.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Acknowledge (i) the merger of Sierra Systems Group Inc., a California corporation (Sierra California), with and into Sierra Systems Inc., a Washington corporation (Sierra Washington), effective as of December 31, 2003, whereby Sierra California ceased to exist on such date, and (ii) the delegation and assignment of the Agreement, effective as of December 31, 2003;
2. Approve a retroactive adjustment to the Maximum Contract Sum (MCS) in the amount of \$1,281,564, for a total of \$20,302,121, for the term through September 21, 2008, to reflect one year of optional maintenance services provided for the period of September 22, 2007, through September 21, 2008;

3. Approve and instruct the Director of Mental Health (DMH) or his designee to prepare, sign, and execute Amendment No. 3 to the Agreement, substantially similar in format to the Attachment, effective upon Board approval, to provide for continued maintenance services of the IS and Professional Services/Change Orders; extend the term of the Agreement through June 30, 2012; and increase the MCS to \$27,245,525, funded by County General funds, federal and state revenues and other sources;
4. Delegate authority to the County Project Director, in his sole discretion, to extend the term of the Agreement by six months through December 31, 2012; and
5. Delegate authority to the Director of DMH, in his/her sole discretion, to terminate the Agreement for convenience when DMH's planned replacement system, the Integrated Behavioral Health Information System (IBHIS), is fully developed and operational, as determined in the sole judgment of the Director of DMH.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Board approval of the recommended actions ensures uninterrupted day-to-day operations and continued maintenance of the IS, which is the system by which contractors and DMH directly operated programs are able to claim services and receive reimbursement from various funding sources. The proposed Amendment will also require Sierra Washington to perform transition services that will facilitate a smooth shut-down of the IS and transition to DMH's planned IBHIS.

On September 3, 2002, your Board approved an agreement with Sierra California, a wholly owned subsidiary of Sierra Systems Group Inc., a British Columbia corporation (Sierra BC), to develop an IS in order to assist DMH in achieving compliance under the Health Insurance Portability and Accountability Act (HIPAA) Transaction and Code Set (TCS) rules to meet the HIPAA requirements by the extended Federal deadline of October 16, 2003.

Effective December 31, 2003, Sierra California was merged with and into Sierra Washington, a wholly owned subsidiary of Sierra BC, and Sierra California ceased to exist. However, DMH did not learn of such merger until July 8, 2008. As part of such corporate merger, Sierra Washington acquired all the assets, including, but not limited to, all hardware, software (including all copyrights and other intellectual property rights), facilities and personnel, of Sierra California, and assumed all the obligations, responsibilities, liabilities and rights of Sierra California under the Agreement. However, there is no evidence that DMH was notified of this merger.

The Agreement provided for an Initial Term of September 3, 2002, through three years after following the Final Acceptance Date of the IS. The Final Acceptance Date was September 21, 2004, so the Initial Term expired on September 21, 2007. The original Agreement also provided for three automatic two-year extensions followed by a one-year extension for continued maintenance of the system, unless either party chose to terminate the agreement with six months notice prior to the end of the Initial Term or any applicable Option Term. Sierra California has previously submitted two termination notices to County, dated March 9, 2007 and March 19, 2008. Under Amendment No. 3, the right of a party to terminate the Agreement with six months notice prior to the end of the Initial Term or an Option Term has been removed.

On March 9, 2007, ~~Sierra California submitted~~ DMH received a termination notice ~~to DMH, signed by Sierra California,~~ effective as of September 22, 2007. As the expiration date of the Initial Term (September 21, 2007) was approaching, DMH executed with a Change Order, signed by Sierra California ~~a Change Order,~~ to extend the Agreement term for only one year, from September 22, 2007 through September 21, 2008, which was within the scope of delegated authority granted by the Board under the Agreement.

The Change Order also provided for the annual maintenance payment for the extended term, calculated in accordance with the language included in the Agreement, in the amount of \$1,281,564. However, the Board letter that approved the Agreement required DMH to return to the Board to amend and increase the MCS to cover the extended term. **As the language in the Agreement did not specifically reflect this requirement, DMH staff did not realize that it did not have the authority to pay for maintenance services in the extended term without Board approval.**

The proposed Amendment acknowledges the merger of Sierra California with and into Sierra Washington, effective as of December 31, 2003; extends the term of the Agreement through June 30, 2012, with an additional six-month extension (Option Term) through December 31, 2012; increases the MCS by a total of \$8,224,968 to a total of \$27,245,525; and adds and revises certain other County-required provisions of the Agreement.

Retroactive Contracts Review Committee

On August 12, 2008, DMH presented this proposed action to the Retroactive Contracts Review Committee (RCRC). The RCRC approved this action moving forward for Board approval but requested that DMH incorporate corrective actions to 1) identify any "red flags" that may alert DMH to potential mergers and/or acquisitions of contractors when the contractors fail to notify the Department; 2) ensure that contract monitoring procedures for information technology (IT) contracts are consistent with contract

monitoring procedures for DMH's other contracts; and 3) eliminate ambiguity regarding DMH's ability to exercise renewal options when such options will increase the maximum contract amount.

In response to the RCRC's concerns, DMH proposes the following corrective actions:

- DMH has identified two potential "red flags" that may indicate changes of ownership or potential mergers or acquisitions. These potential red flags include changes in a remittance address and minor name changes that would otherwise go unnoticed unless the new company established a new tax identification number. Fiscal staff will notify the DMH Contracts Development and Administration Division (CDAD) whenever a DMH contractor requests a change in the remittance address or when invoices or other documents indicate any potential name change. CDAD staff will investigate to ensure that the change has not resulted from a merger, acquisition or other change of ownership.
- DMH will remind all contractors of the requirement that they notify the Department of any merger, acquisition or other change of ownership.
- DMH will assign CDAD staff to work in conjunction with DMH's Chief Information Office Bureau (CIOB) to ensure that CIOB staff is fully trained and has implemented the requisite internal monitoring and controls to ensure that contract sums are not exceeded.
- DMH fiscal and budget staff, who control payments and encumbrances for all regular and IT contracts, will be provided with copies of the Board letter approving the contract(s) as well as the actual contracts to ensure that provisions related to the contract maximum amounts and any delegated authority to change those amounts are clearly understood. In addition, DMH management will ensure fiscal staff continues to comply with the eCAPS Internal Control Plan which requires staff performing data entry and approval of payment documents to review and verify the contract before entering/authorizing payments.
- In contracts that include provisions for option periods, the pricing and/or payment provisions will include separate entries for each option period that 1) states the basis of the amount of payment in any option period and 2) clearly indicates what authority (Board, DMH or other) is required in order to authorize payment in the option period.

An employee's failure to comply with the Department's revised procedures to avoid retroactive contracts may constitute grounds for disciplinary action pursuant to Civil Service Rules.

Implementation of Strategic Plan Goals

The recommended Board actions are consistent with the principles of the Countywide Strategic Plan Programmatic Goal No. 7, "Health and Mental Health." Board approval of the recommended actions will help DMH establish a client-centered, information-based mental health services delivery system that provides cost-effective and quality services within DMH and prepares DMH to collaborate more effectively with other County departments.

The recommended Board actions are consistent with the County's Chief Information Office Goals Nos. 1, 2, and 3. Board approval of the recommended actions will help DMH conduct County business electronically, provide secured access to electronic applications and utilize enterprise solutions to meet common needs.

The recommended Board actions are consistent with DMH Business Goals Nos. 1, 4, and 5. Board approval of the recommended actions will help DMH implement, manage, and report on the major new programs funded through MHSA; implement the plan for the cost-effective replacement of the legacy MHMIS and IS; and improve the collection of data for children (including foster children), adults, and older adults to be used for Performance Counts and other initiatives.

The recommended Board actions are consistent with the DMH IT Strategies Nos. 8 and 9. Board approval of the recommended actions will help DMH facilitate appropriate provider access to client information and clinical functionality regardless of the location of the provider or the client, and minimize paper and focus on digital information captured as close as possible to the point of origin.

FISCAL IMPACT/FINANCING

The Amendment will have no impact on net County Cost. The Amendment increases the MCS by a maximum of \$8,224,968 for a revised total MCS of \$27,245,525, broken down as follows:

- \$1,281,564 for maintenance services from September 22, 2007 through September 21, 2008;

- \$5,271,291 for maintenance services from September 22, 2008 through June 30, 2012;
- \$772,113 for maintenance services from July 1, 2012 through December 31, 2012, which will be utilized only if DMH opts to extend the Agreement by the additional six- month term; and
- \$900,000 in "Pool Dollars" to be used for additional Professional Services/Change Orders in the amount of no more than \$200,000 per year for Fiscal Years (FYs) 2008-09 through 2011-12 and \$100,000 in FY 2012-13.

Funding for the FY 2008-09 portion is fully funded in DMH's FY 2008-09 Budget. Funding for future years will be requested by DMH as part of the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Agreement was entered into originally with Sierra California, a wholly owned subsidiary of Sierra Systems Group Inc., a British Columbia corporation (Sierra BC), on September 3, 2002, to develop an IS in order to assist DMH in achieving compliance under the HIPAA TCS rules to meet the HIPAA requirements and the extended Federal deadline of October 16, 2003.

On or about September 3, 2002, Sierra BC made and executed a Continuing Special Guaranty as guarantor for Sierra California on the Agreement.

Subsequently, pursuant to the Agreement, DMH executed Amendment Nos. 1 and 2, on March 26, 2003 and December 15, 2005, respectively. Amendment No. 1 revised standard County contract language regarding HIPAA. Amendment No. 2 changed the names of the County Project Director and County Project Manager, added standard contract monitoring language to protect against contract overruns, added and revised certain standard contract provisions and amended contract language regarding HIPAA.

Effective December 31, 2003, Sierra California was merged with and into Sierra Washington, a wholly owned subsidiary of Sierra BC, and Sierra California ceased to exist. As part of such corporate merger, Sierra Washington acquired all the assets, including, but not limited to, all hardware, software (including all copyrights and other intellectual property rights), facilities and personnel, of Sierra California, and assumed all the obligations, responsibilities, liabilities and rights of Sierra California under the Agreement.

Sierra Washington represents that it does not believe that the December 31, 2003 corporate merger of Sierra California with and into Sierra Washington has had or will have any financial impact or service delivery impact whatsoever for the County under the Agreement, and that Sierra Washington shall fully perform all of the obligations, responsibilities and liabilities of Sierra California under the Agreement.

On January 6, 2007, Sierra BC was acquired by GGC Sierra Holdco Ltd., a Cayman Islands corporation (GGC Sierra).

On December 29, 2006, Sierra Top Holding S.A.R.L., a Luxembourg corporation (Sierra Top Holding), was formed as, and is now, a wholly owned subsidiary of GGC Sierra.

On December 29, 2006, Sierra Intermediate Holdings S.A.R.L., a Luxembourg corporation (Sierra Intermediate), was formed as, and is now, a wholly owned subsidiary of Sierra Top Holding.

On February 10, 2007, Sierra Washington and Sierra BC became, and are now, sister corporations and wholly owned subsidiaries of Sierra Intermediate.

On August 1, 2008, Sierra BC and Sierra Top Holding made and executed a Continuing Special Guaranty as joint and several guarantors for Sierra Washington on the Agreement, effective (i) as to Sierra BC, on January 1, 2004; and (ii) as to Sierra Top Holding, on January 6, 2007.

DMH conducted a thorough review of the merger of Sierra California with and into Sierra Washington, pursuant to the standards set forth in the Board Policy on contractor mergers/acquisitions, approved by the Board on July 19, 2005. DMH found Sierra Washington to be a financially viable entity and has the necessary experience to perform the services required under the existing Agreement.

The proposed Amendment acknowledges the merger of Sierra California with and into Sierra Washington, effective as of December 31, 2003; extends the term of the Agreement through June 30, 2012, with an additional six-month extension (Option Term) through December 31, 2012, which can be exercised at the sole discretion of the County Project Director; increases Pool Dollars for Professional Services/Change Orders, which may include, without limitation, IS-related work needed to transition to DMH's new IBHIS; increases maintenance fees through December 31, 2012; and increases the MCS by \$8,224,968 effective as of September 22, 2007 to a total of \$27,245,525. The Agreement, and the MCS, provide for an increase in the annual maintenance fees of three percent for FY 2008-09 and a projected increase of four percent for the remaining FYs 2009-10, 2010-11, 2011-12, and 2012-13, provided that the actual percentage increase will be based on the lesser of the annual Consumer

Price Index (CPI) increase or the general annual percentage salary change granted to County employees as of the prior July 1.

This Amendment also revises the "Contractor's Responsibility and Debarment" and "Delegation and Assignment by Contractor" provisions to be consistent with the County's standard contract language. Also included is the Board-mandated provision on "Contractor's Charitable Activities Compliance."

Sidley Austin LLP (outside counsel) has reviewed and commented on the provisions of the Amendment applicable to ongoing litigation relating to the Agreement in which the firm is representing the County. The Amendment has also been reviewed and approved as to form by County Counsel. The Chief Executive Office and County's Chief Information Officer have reviewed and approved the recommended actions.

During the extended term of the Agreement under this Amendment, DMH, through a Request For Proposal (RFP) process, plans to select a commercial off-the-shelf (COTS) software application for an IBHIS with clinical, administrative, and billing/claiming capabilities that has a track record of success in other large mental health services delivery organizations. The application will be vendor supported and maintained and integrated with broad functionality to meet the requirements of DMH under the Mental Health Services Act (MHSA). Once an agreement has been executed with a software vendor for the IBHIS and the IBHIS has been implemented, both the IS and the legacy Mental Health Management Information System (MHMIS) will be retired. The MHMIS is DMH's legacy HIPAA non-compliant billing system that was augmented by the IS as a "wrapper" in February 2004 to achieve HIPAA compliance.

CONTRACTING PROCESS

Sierra California was selected through a formal open, competitive solicitation process. On September 3, 2002, your Board awarded the Agreement, with a three-year term measured from the date of system acceptance (with an automatic extension for three two-year extension periods and a single one-year extension period, unless either party elected not to extend the term further) in the amount of \$19,020,557, to Sierra California to provide an information technology solution to allow DMH to achieve compliance with the HIPAA TCS rules while continuing to use and improve its legacy system, the MHMIS.

DMH did not advertise this proposed Amendment No. 3 on the Office of Small Business Countywide Web Site as a contracting opportunity, because it is for the continued provision of technical services which the current contractor is uniquely qualified to perform. To select a new contractor at this time would be extremely costly to the County.

IMPACT ON CURRENT SERVICES

The execution of Amendment No. 3 will allow for the Agreement extension and will enable Sierra Washington to continue maintenance and operation services to the IS. This extension is necessary to continue to operate and maintain the IS until the replacement system (IBHIS) can be procured and implemented.

CONCLUSION

The Department of Mental Health will need one copy of the adopted Board actions. It is requested that the Executive Officer, Board of Supervisors, notify the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Project/Contract Description:

The Department of Mental Health (DMH) is requesting Board approval to:

- Acknowledge the merger of Sierra Systems Group Inc., a California corporation, with and into Sierra Systems Inc., a Washington corporation, and the delegation and assignment of the existing maintenance agreement, effective as of December 31, 2003;
- Approve a retroactive adjustment to the Maximum Contract Sum (MCS), in the amount of \$1,281,564, to reflect one year of optional maintenance services provided for the period of September 22, 2007 through September 21, 2008;
- Approve the Director of Mental Health or his designee to prepare, sign and execute Amendment No. 3 to the existing Agreement to provide continued maintenance services of the Information Systems and Professional Services/Change Orders; extend the term of the Agreement through June 30, 2012; and increase the MCS to \$27,245,525;
- Delegate authority to the County Project Director to extend the term of the Agreement by six months through December 31, 2012; and
- Delegate authority to the Director of DMH, in his/her sole discretion, to terminate the Agreement for convenience when DMH's planned replacement system, the Integrated Behavioral Health Information System (IBHIS), is fully developed and operational, as determined in the sole judgment of the Director of DMH.

This CIO Analysis focuses on proposed Amendment No. 3 to extend the term of the Agreement, issues related to the acknowledgement of the merger of Sierra Systems Group Inc. with and into Sierra Systems Inc., and retroactive adjustments to the MCS as addressed in DMH's Board Letter.

Background:

The Integrated System (IS) is a Health Insurance Portability and Accountability Act (HIPAA) compliant wrapper system developed as a front-end to DMH's core Mental Health Management Information System (MHMIS). The IS enables contractors and DMH directly operated programs to claim services and receive reimbursements from various funding sources.

On September 3, 2002, your Board approved an Agreement with Sierra California to develop an IS. The Agreement provided for three years of maintenance after the final acceptance date of the IS (September 21, 2004), so the initial term expired on September 21, 2007. This base Agreement also provided for three automatic two-year extensions followed by a one-year extension unless either party chose to terminate the contract.

On March 9, 2007, Sierra California submitted a termination notice to DMH effective as of September 22, 2007. DMH executed a Change Order with Sierra California to extend the Agreement term for only one year, from September 22, 2007 through September 21, 2008, which was within the delegated authority granted by the original Board Letter.

The Change Order also provided for the annual maintenance payment for the extended term in the amount of \$1,281,154. However, the Board Letter that approved the Agreement required DMH to return to the Board to amend and increase the MCS to cover the extended term. This is the issue that necessitated DMH working with the Retroactive Contracts Review Committee (RCRC) on a resolution to the retroactive contract issue. This resulted in specific corrective actions highlighted in the Board Letter.

The proposed Amendment extends the term of the Agreement through June 30, 2012, with an additional six-month extension through December 31, 2012. It also increases the MCS by a total of \$8,224,968 to a total of \$27,245,525.

Project Justification/Benefits:

The execution of Amendment No. 3 will allow for the Agreement extension and will enable Sierra Washington to continue maintenance and operation services of the IS. This extension is necessary to continue to operate and maintain the IS until the replacement system (Integrated Behavioral Health Information System) can be procured and implemented. This Amendment prevents Sierra Washington from terminating maintenance and operation services throughout the remainder of the term.

Project Metrics:

This Amendment is an extension of the existing Agreement, with essentially the same terms and conditions, and DHM will be utilizing current project metrics to measure vendor performance.

Impact On Service Delivery Or Department Operations, If Proposal Is Not Approved:

Board approval of the recommended actions ensures uninterrupted day-to-day operations and continued maintenance of the IS, which supports mission-critical claiming and reimbursement from various funding sources for services rendered by DMH contractors and directly operated programs.

Alternatives Considered:

Because this is an Amendment to an existing Agreement, no other alternatives were considered.

Project Risks:

The primary risk with this Amendment is that it assumes that IBHIS will be successfully implemented when this amended Agreement expires on December 31, 2012. If this system transition is successful, it will allow DMH to retire the MHMIS and IS systems, and eliminate the dependency on Sierra.

Risk Mitigation Measures:

DMH is aware of the criticality of a timely IBHIS implementation, and has a dedicated project team, with a Project Management Advisory Body supporting it, to manage the procurement and implementation of IBHIS. Beyond the original expiration date of the Amendment (June 30, 2012), DMH has included an optional six-month extension to accommodate any delays in the IBHIS implementation.

Financial Analysis:

The Amendment will have no impact on net County costs. The Amendment increases the MCS by a maximum of \$8,224,968 for a revised MCS total of \$27,245,525. The components are as follows:

Description	Cost
Retroactive maintenance services from September 22, 2007 through September 21, 2008.	\$ 1,281,564
Maintenance services from September 22, 2008 through June 30, 2012.	5,271,291
Maintenance services from July 1, 2012, through December 31, 2012, which will be utilized only if DMH opts to extend the Agreement by the additional six-month term.	772,113
Pool Dollars to be used for additional Professional Services/Change Orders in the amount of no more than \$200,000 per year for Fiscal Years 2008-09 through FY 2011-12, and \$100,000 for Fiscal Year 2012-13.	900,000
Total	\$ 8,224,968

Funding for Fiscal Year 2008-09 is in DMH's budget, and funding for future years will be requested by DMH as part of the annual budget process.

CIO Concerns:

The CIO's only concern at this time has to do with the timely procurement and implementation of the IBHIS, which will be required in order to retire the existing legacy systems. We will working closely with DMH to ensure schedule adherence.

CIO Recommendations:

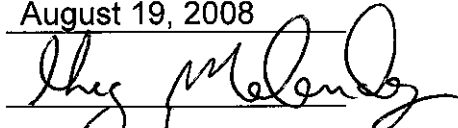

Based on our review of the Board Letter, and discussions with the Department and County Counsel, we recommend Board approval of the recommended actions.

4.2 Paragraph 17 (Contractor's Responsibility and Debarment) is hereby amended by deleting it in its entirety and replacing it with the following:

"17. CONTRACTOR'S RESPONSIBILITY AND DEBARMENT.

17.1 Responsible Contractor

A responsible contractor is a contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is County's policy to conduct business only with responsible contractors.

17.2 Chapter 2.202 of the County Code

Contractor is hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, if County acquires information concerning the performance of Contractor on this or other contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Agreement, debar Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five (5) years but may exceed five years or be permanent if warranted by the

circumstances, and terminate any or all existing contracts Contractor may have with County.

17.3 Non-responsible Contractor

County may debar Contractor if County's Board of Supervisors finds, in its discretion, that Contractor has done any of the following: (i) violated a term of a contract with County or a nonprofit corporation created by County; (ii) committed an act or omission which negatively reflects on Contractor's quality, fitness or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (iii) committed an act or offense which indicates a lack of business integrity or business honesty or (iv) made or submitted a false claim against County or any other public entity.

17.4 Contractor Hearing Board

If there is evidence that Contractor may be subject to debarment, County's Project Director will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and if so, the appropriate length of time of the debarment. Contractor and County shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to County's Board of Supervisors.

After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board shall be presented to County's Board of Supervisors. County's Board of Supervisors shall have the right at its sole discretion to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.

17.5 Review of Debarment Decision

If a contractor has been debarred for a period longer than five (5) years, that contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that such contractor has adequately demonstrated one or more of the following: (i) elimination of the grounds for which the debarment was imposed; (ii) a bona fide change in ownership or management; (iii) material evidence discovered after debarment was imposed; or (iv) any other reason that is in the best interests of County.

The Contractor Hearing Board will consider a request for review of a debarment determination only where (i) the requesting contractor has been debarred for a period longer than five (5) years, (ii) the debarment has been in effect for at least five (5) years and (iii) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to County's Board of Supervisors. County's Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board

17.6 Subcontractors of Contractor

These terms shall also apply to Subcontractors of County."

4.3 Paragraph 40 (Assignment by Contractor) is hereby amended by deleting it in its entirety and replacing it with the following:

"40. DELEGATION AND ASSIGNMENT BY CONTRACTOR.

40.1 Contractor shall not assign its rights or delegate its duties under this Agreement, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Agreement, which is formally approved and executed by the parties. Any payments by County to any approved delegate or assignee on any claim under this Agreement shall be deductible, at County's sole discretion, against the claims which Contractor may have against County.

40.2 Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Agreement, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Agreement.

40.3 Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Agreement which may result in the termination of this Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor."

4.4 Paragraph 60 (Contractor's Charitable Activities Compliance) is hereby added to Exhibit A (Additional Terms and Conditions) to the Existing Agreement, which shall read as follows:

"60. CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE. The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the certification in **Exhibit Q**, the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)."

Attachment 3

**Exhibit E-1 (Contractor's Obligation As A Business Associate Under The Health
Insurance Portability and Accountability Act of 1996)**

[see attached]

**CONTRACTOR'S OBLIGATION AS A BUSINESS ASSOCIATE UNDER THE
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996**

Under this Agreement, Contractor ("Business Associate") provides services ("Services") to County ("Covered Entity") and Business Associate receives, has access to, or creates Protected Health Information in order to provide those Services. Covered Entity is subject to the Administrative Simplification requirements of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), and regulations promulgated thereunder, including the Standards for Privacy of Individually Identifiable Health Information ("the Privacy Regulations") and the Health Insurance Reform: Security Standards ("the Security Regulations") at 45 Code of Federal Regulations Parts 160 and 164 ("together, the "Privacy and Security Regulations").

The Privacy and Security Regulations require Covered Entity to enter into a contract with Business Associate in order to mandate certain protections for the privacy and security of Protected Health Information, and those Regulations prohibit the disclosure to or use of Protected Health Information by Business Associate if such a contract is not in place.

Therefore, the parties agree as follows:

DEFINITIONS

1.1 "Disclose" or "Disclosure" means, with respect to Protected Health Information, the release, transfer, provision of access to, or divulging in any other manner of Protected Health Information outside Business Associate's internal operations or to other than its employees.

1.2 "Electronic Media" has the same meaning as the term "electronic media" in 45 C.F.R. § 160.103. Electronic Media means (1) Electronic storage media including memory

devices in computers (hard drives) and any removable/transportable digital memory medium, such as magnetic tape or disk, optical disk, or digital memory card; or (2) Transmission media used to exchange information already in electronic storage media. Transmission media include, for example, the internet (wide-open), extranet (using internet technology to link a business with information accessible only to collaborating parties), leased lines, dial-up lines, private networks, and the physical movement of removable/transportable electronic storage media. Certain transmissions, including of paper, via facsimile, and of voice, via telephone, are not considered to be transmissions via electronic media, because the information being exchanged did not exist in electronic form before the transmission.

1.3 “Electronic Protected Health Information” has the same meaning as the term “Electronic Protected Health Information” in 45 C.F.R. § 160.103. Electronic Protected Health Information means Protected Health Information that is (i) transmitted by electronic media; (ii) maintained in electronic media.

1.4 “Individual” means the person who is the subject of Protected Health Information and shall include a person who qualifies as a personal representative in accordance with 45 C.F.R. § 164.502(g).

1.5 “Protected Health Information” has the same meaning as the term “Protected Health Information” in 45 C.F.R. § 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity. Protected Health Information includes information, whether oral or recorded in any form or medium, that (i) relates to the past, present, or future physical or mental health or condition of an Individual; the provision of health care to an Individual, or the past, present or future payment for the provision of health care to an

Individual; (ii) identifies the Individual (or for which there is a reasonable basis for believing that the information can be used to identify the Individual); and (iii) is received by Business Associate from or on behalf of Covered Entity, or is created by Business Associate, or is made accessible to Business Associate by Covered Entity. "Protected Health Information" includes Electronic Health Information.

1.6 "Required By Law" means a mandate contained in law that compels an entity to make a Use or Disclosure of Protected Health Information and that is enforceable in a court of law. Required by law includes, but is not limited to, court orders and court-ordered warrants; subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general, or any administrative body authorized to require the production of information; a civil or an authorized investigative demand; Medicare conditions of participation with respect to health care providers participating in the program; and statutes or regulations that require the production of information, including statutes or regulations that require such information if payment is sought under a government program providing benefits.

1.7 "Security Incident" means the attempted or successful unauthorized access, Use, Disclosure, modification, or destruction of information in, or interference with system operations of, an Information System which contains Electronic Protected Health Information. However, Security Incident does not include attempts to access an Information System when those attempts are not reasonably considered by Business Associate to constitute an actual threat to the Information System.

1.8 "Services" has the same meaning as in the body of this Agreement.

1.9 “Use” or “Uses” means, with respect to Protected Health Information, the sharing, employment, application, utilization, examination or analysis of such Information within Business Associate’s internal operations.

1.10 Terms used, but not otherwise defined in this Paragraph shall have the same meaning as those terms in the HIPAA Regulations.

OBLIGATIONS OF BUSINESS ASSOCIATE

2.1 Permitted Uses and Disclosures of Protected Health Information. Business Associate:

(a) shall Use and Disclose Protected Health Information as necessary to perform the Services, and as provided in Sections 2.3, 2.4, 2.5, 2.6, 2.7, 2.8, 4.3 and 5.2 of this Agreement;

(b) shall Disclose Protected Health Information to Covered Entity upon request;

(c) may, as necessary for the proper management and administration of its business or to carry out its legal responsibilities:

(i) Use Protected Health Information; and

(ii) Disclose Protected Health Information if the Disclosure is Required by

Law.

Business Associate shall not Use or Disclose Protected Health Information for any other purpose.

2.2 Adequate Safeguards for Protected Health Information. Business Associate:

(a) shall implement and maintain appropriate safeguards to prevent the Use or Disclosure of Protected Health Information in any manner other than as permitted by this

Paragraph. Business Associate agrees to limit the Use and Disclosure of Protected Health Information to the minimum necessary in accordance with the Privacy Regulation's minimum necessary standard.

(b) effective as of April 20, 2005, specifically as to Electronic Health Information, shall implement and maintain administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Electronic Protected Health Information.

2.3 Reporting Non-Permitted Use or Disclosure and Security Incidents. Business Associate shall report to Covered Entity each Use or Disclosure that is made by Business Associate, its employees, representatives, agents or subcontractors but is not specifically permitted by this Agreement, and effective as of April 20, 2005, shall report to Covered Entity each Security Incident of which Business Associate becomes aware. The initial report shall be made by telephone call to the Department of Mental Health's Privacy Officer, telephone number 1(213) 738-4864 within forty-eight (48) hours from the time the Business Associate becomes aware of the non-permitted Use or Disclosure or Security Incident, followed by a full written report no later than ten (10) business days from the date the Business Associate becomes aware of the non-permitted Use or Disclosure or Security Incident to the Chief Privacy Officer at:

Chief Privacy Officer, County of Los Angeles
Kenneth Hahn Hall of Administration
500 West Temple Street
Suite 525
Los Angeles, CA 90012

2.4 Mitigation of Harmful Effect. Business Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a Use or Disclosure of Protected Health Information by Business Associate in violation of the requirements of this Paragraph.

2.5 Availability of Internal Practices, Books and Records to Government Agencies. Business Associate agrees to make its internal practices, books, and records relating to the Use and Disclosure of Protected Health Information available to the Secretary of the Federal Department of Health and Human Services for purposes of determining Covered Entity's compliance with the Privacy and Security Regulations. Business Associate shall immediately notify Covered Entity of any requests made by the Secretary and provide Covered Entity with copies of any documents produced in response to such request.

2.6 Access to Protected Health Information. Business Associate shall, to the extent Covered Entity determines that any Protected Health Information constitutes a "designated record set" as defined by 45 C.F.R. § 164.501, make the Protected Health Information specified by Covered Entity available to the Individual(s) identified by Covered Entity as being entitled to access and copy that Protected Health Information. Business Associate shall provide such access for inspection of that Protected Health Information within two (2) business days after receipt of request from Covered Entity. Business Associate shall provide copies of that Protected Health Information within five (5) business days after receipt of request from Covered Entity.

2.7 Amendment of Protected Health Information. Business Associate shall, to the extent Covered Entity determines that any Protected Health Information constitutes a "designated record set" as defined by 45 C.F.R. § 164.501, make any amendments to Protected

Health Information that are requested by Covered Entity. Business Associate shall make such amendment within ten (10) business days after receipt of request from Covered Entity in order for Covered Entity to meet the requirements under 45 C.F.R. § 164.526.

2.8 Accounting of Disclosures. Business Associate agrees to maintain documentation of the information required to provide an accounting of Disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528, and to make this information available to Covered Entity upon Covered Entity's request, in order to allow Covered Entity to respond to an Individual's request for accounting of disclosures. However, Business Associate is not required to provide an accounting of Disclosures that are necessary to perform its Services if such Disclosures are for either payment or health care operations purposes, or both. Additionally, such accounting is limited to disclosures that were made in the six (6) years prior to the request (not including disclosures that were made prior to the compliance date of the Privacy Rule, April 14, 2003) and shall be provided for as long as Business Associate maintains the Protected Health Information.

Any accounting provided by Business Associate under this Section 2.8 shall include: (a) the date of the Disclosure; (b) the name, and address if known, of the entity or person who received the Protected Health Information; (c) a brief description of the Protected Health Information disclosed; and (d) a brief statement of the purpose of the Disclosure. For each Disclosure that could require an accounting under this Section 2.8, Business Associate shall document the information specified in (a) through (d), above, and shall securely maintain the information for six (6) years from the date of the Disclosure. Business Associate shall provide to Covered Entity, within ten (10) business days after receipt of request from Covered Entity,

information collected in accordance with this Section 2.8 to permit Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528.

OBLIGATION OF COVERED ENTITY

3.1 Obligation of Covered Entity. Covered Entity shall notify Business Associate of any current or future restrictions or limitations on the use of Protected Health Information that would affect Business Associate's performance of the Services, and Business Associate shall thereafter restrict or limit its own uses and disclosures accordingly.

TERM AND TERMINATION

4.1 Term. The term of this Paragraph shall be the same as the term of this Agreement. Business Associate's obligations under Sections 2.1 (as modified by Section 4.2), 2.3, 2.4, 2.5, 2.6, 2.7, 2.8, 4.3 and 5.2 shall survive the termination or expiration of this Agreement.

4.2 Termination for Cause. In addition to and notwithstanding the termination provisions set forth in this Agreement, upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:

(a) Provide an opportunity for Business Associate to cure the breach or end the violation and terminate this Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;

(b) Immediately terminate this Agreement if Business Associate has breached a material term of this Paragraph and cure is not possible; or

(c) If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of the Federal Department of Health and Human Services.

4.3 Disposition of Protected Health Information Upon Termination or Expiration.

(a) Except as provided in paragraph (b) of this section, upon termination for any reason or expiration of this Agreement, Business Associate shall return or destroy all Protected Health Information received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the Protected Health Information.

(b) In the event that Business Associate determines that returning or destroying the Protected Health Information is infeasible, Business Associate shall provide to Covered Entity notification of the conditions that make it infeasible. If return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such Protected Health Information and limit further use and Disclosures of such Protected Health Information to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such Protected Health Information.

MISCELLANEOUS

5.1 No Third Party Beneficiaries. Nothing in this Paragraph shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.

5.2 Use of Subcontractors and Agents. Business Associate shall require each of its agents and subcontractors that receive Protected Health Information from Business Associate, or

create Protected Health Information for Business Associate, on behalf of Covered Entity, to execute a written agreement obligating the agent or subcontractor to comply with all the terms of this Paragraph.

5.3 Relationship to Services Agreement Provisions. In the event that a provision of this Paragraph is contrary to another provision of this Agreement, the provision of this Paragraph shall control. Otherwise, this Paragraph shall be construed under, and in accordance with, the terms of this Agreement.

5.4 Regulatory References. A reference in this Paragraph to a section in the Privacy or Security Regulations means the section as in effect or as amended.

5.5 Interpretation. Any ambiguity in this Paragraph shall be resolved in favor of a meaning that permits Covered Entity to comply with the Privacy and Security Regulations.

5.6 Amendment. The parties agree to take such action as is necessary to amend this Paragraph from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy and Security Regulations.
