IT IS RECOMMENDED THAT YOUR BOARD:

(USC) of the University of Southern California Urgent Care Center (UCC) program in keeping with the Department of Mental Health's (DMH) Mental Health Services Act (MHSA) Community Services and Supports (CSS) Plan for Fiscal Years (FY) 2007-08, 2008-09 and 2009-10.
2. Approve and authorize the Director of Mental Health or his designee to prepare, sign, and execute a new DMH Legal Entity (LE) Agreement substantially similar to Attachment I, with USC to implement the UCC program for FYs 2007-08, 2008-09 and 2009-10. The prorated Maximum Contract Amount (MCA) for FY 2007-08 will be \$2,747,600, fully funded by \$279,400 in Federal Financial

Participation (FFP) Medi-Cal, \$52,500 in Early and Periodic Screening, Diagnosis, and Treatment-State General Funds (EPSDT-SGF), \$7,500 in State Managed Care and \$2,408,200 in MHSA CSS funds. The full-year MCA for FY 2008-09 and FY 2009-10 will be \$3,658,500, fully funded by \$370,000 in FFP Medi-Cal, \$70,000 in EPSDT-SGF, \$7,500 in State Managed Care and \$3,211,000 in MHSA CSS funds.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval of the recommended actions will enable USC Care Medical Group, Inc. to provide a UCC, located in proximity to the Los Angeles County+University of Southern California (LAC+USC) Medical Center's Psychiatric Emergency Services (PES). The first phase of implementation is planned for October 2007, when services would be offered during the regular work week (8:00 a.m. to 5:00 p.m., Monday through Friday). Full 24-hours per day/seven days per week operations are projected to coincide with the opening of the new LAC+USC Medical Center in the spring of 2008.

The UCC is intended to relieve the overcrowding in the LAC+USC PES and the related increasing demand for inpatient psychiatric services; provide 24/7 recovery-oriented outpatient psychiatric services for individuals in crisis who do not require hospitalization, if stabilized with intensive outpatient services; promote integrated treatment for mental health clients with co-occurring substance abuse disorders; ensure integration with

other LAC+USC Medical Center services and community-based resources; and serve as a training site for mental health professionals, in accordance with the Department's MHA CSS Plan approved by your Board on May 9, 2006.

USC Care Medical Group, Inc. is uniquely qualified to provide the UCC program in that it currently provides the LAC+USC Medical Center inpatient and outpatient mental health services under contract with the Department of Health Services (DHS) and an affiliated residency and training program. A key element of the USC UCC will be to ensure integration with other services at the Medical Center as well as with the larger community of mental health providers, including the recently implemented Full Service Partnerships and other programs funded by MHA. The UCC program will also include internships and residency training in community psychiatry and urgent care services for psychiatrists and psychologists, as well as training opportunities for social work, nursing rehabilitation, and other professions. Attachment II is a Comprehensive Final Report (Report) on the proposed USC Psychiatric UCC. Subsequent to the preparation of this Report, DMH and USC agreed that DMH would continue to reimburse DHS directly for the cost of the UCC psychiatry residents, thus reducing the full year budget summary presented in the Report by \$341,400, resulting in a total full year MCA of \$3,658,500.

Implementation of Strategic Goals

The recommended Board actions are consistent with the principles of the Countywide Strategic Plan's Organizational Goal No. 1, "Service Excellence," Goal No. 3, "Organizational Effectiveness," and Programmatic Goal No. 7, "Health and Mental Health."

FISCAL IMPACT/FINANCING

The requested actions will have no impact on net County cost.

The cost of the requested action for FY 2007-08 is \$2,747,600, which is fully funded by \$279,397 in FFP Medi-Cal, \$52,483 in EPSDT-SGF, \$7,500 in State Managed Care and \$2,408,246 in MHA CSS funds for the implementation of the USC UCC program. Funding for this action is included in DMH's FY 2007-08 Adopted Budget.

Funding beyond FY 2007-08 for the USC UCC program will be included in the Department's next three-year MHA plan, and the Department's future budget requests.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The requested actions are consistent with the PES Relief Plan (Plan) developed by DMH and DHS in conjunction with the CEO. The Plan includes UCCs, strategically located throughout the County, to relieve the overcrowding of the County PES and to provide community-based alternatives to hospitalization for individuals in crisis who could be stabilized with intensive outpatient services. The proposed UCC will be the fourth UCC to be funded under the MHSA CSS Alternative Crisis Services Plan. Currently DMH has two directly-operated UCCs, Augustus F. Hawkins and Olive View, and one contracted UCC, the Westside UCC, which opened in December 2006.

SEIU Local 721 has previously expressed concerns regarding the contracting out of this UCC. DMH and DHS have continued to work together to reach a mutual resolution for the provision of psychiatric services to residents of Los Angeles County. Most recently, the Departments have been working together to identify opportunities to increase the effectiveness and efficiency of existing services, identify new initiatives to decompress the psychiatric emergency and inpatient services that do not require additional funding, identify opportunities to leverage existing or new funding, and finalize the determination of additional resources needed to maintain core psychiatric services provided by DMH.

My office is currently in progress of finalizing our report on psychiatric services provided by DHS and DMH, and this report will address the concerns raised by SEIU Local 721. We anticipate providing your Board with our written report by October 5, 2007, and placing this item for discussion on your Board's October 16, 2007 agenda.

USC currently has a Medi-Cal Professional Services Agreement (MH 6024) as a Group Provider with the Department. The approximate \$15,000 in annual Medi-Cal services covered by this Group Provider Agreement is incorporated into this new Agreement. The Group Provider Agreement will be terminated effective the date this new Agreement becomes effective.

The Agreement with USC includes psychiatry residents and other disciplines' training concomitant with service delivery and overhead, including tithes, related to the costs of providing such supervision, teaching, and academic services by the University of Southern California, and the County agrees to reimburse these costs.

The attached Agreement format has been approved as to form by County Counsel. It should be noted that the prior written notice requirement for termination without cause (Paragraph 1. TERM, C. Termination) of the standard Agreement has been extended from a minimum of 30 days to a minimum of 120 days in consideration of the specialized nature of this Agreement that includes an educational/residency program.

The CEO has reviewed the proposed actions. Clinical and administrative staff of DMH will oversee and evaluate the UCC program to ensure that quality services, in keeping with MHSA CSS outcomes requirements, are being provided and to ensure that Agreement provisions and Departmental policies are being followed.

Attachment III provides information regarding Contracting with Minority/Women-Owned Firms and Percentage of Ownership in Firms Contracting with the County.

CONTRACTING PROCESS

On May 1, 2007, your Board approved the University of Southern California to develop the UCC program in its design, including the budget, operational details, policies and procedures, staffing and staff training, in order to facilitate the implementation of the first phase of service delivery.

In compliance with your Board's contracting policy requirements for sole source contracts, DMH notified your Board on April 5, 2007, regarding the intent to enter into a new Mental Health Services Agreement with the University of Southern California for provisions of service delivery consistent with the PES Relief Plan.

IMPACT ON CURRENT SERVICES

Implementation of the UCC program will enhance clients' ability to achieve improved quality of life outcomes and wellness, and also will facilitate an academic-public partnership with the University of Southern California that will positively impact the efficiency and effectiveness of the UCC services.

23 NOW, THEREFORE, Contractor and County agree as follows:

24 **PREAMBLE**

25 For over a decade, the County has collaborated with its community partners to
26 enhance the capacity of the health and human services system to improve the lives of
27 children and families. These efforts require, as a fundamental expectation, that the
28 County's contracting partners share the County and community's commitment to provide
29 health and human services that support achievement of the County's vision, goals, values,
30 and adopted outcomes. Key to these efforts is the integration of service delivery systems

1 and the adoption of the Customer Service and Satisfaction Standards.

2 The County of Los Angeles' Vision is to improve the quality of life in the County by
3 providing responsive, efficient, and high quality public services that promote the self-
4 sufficiency, well-being and prosperity of individuals, families, businesses and communities.
5 This philosophy of teamwork and collaboration is anchored in the shared values of:

- 6
- Responsiveness
 - Professionalism
 - Accountability
 - Compassion
 - Integrity
 - Commitment
 - A Can-Do Attitude
 - Respect for Diversity

7

8 These shared values are encompassed in the County Mission to enrich lives
9 through effective and caring service and the County Strategic Plan's eight goals: 1)
10 Service Excellence; 2) Workforce Excellence; 3) Organizational Effectiveness; 4) Fiscal
11 Responsibility; 5) Children and Families' Well-Being; 6) Community Services; 7) Health
12 and Mental Health; and 8) Public Safety. Improving the well-being of children and families
13 requires coordination, collaboration, and integration of services across functional and
14 jurisdictional boundaries, by and between County departments/agencies, and community
15 and contracting partners.

16 The basic conditions that represent the well-being we seek for all children and
17 families in Los Angeles County are delineated in the following five outcomes, adopted by
18 the Board of Supervisors in January 1993.

- 19
- Good Health;
 - 20 • Economic Well-Being;
 - 21 • Safety and Survival;
 - 22 • Emotional and Social Well-Being; and
 - 23 • Education and Workforce Readiness.

24 Recognizing no single strategy - in isolation - can achieve the County's outcomes of
25 well-being for children and families, consensus has emerged among County and
26 community leaders that making substantial improvements in integrating the County's
27 health and human services system is necessary to significantly move toward achieving
28 these outcomes. The County has also established the following values and goals for
29 guiding this effort to integrate the health and human services delivery system:

- 1 ✓ Families are treated with respect in every encounter they have with the health,
2 educational, and social services systems.
- 3 ✓ Families can easily access a broad range of services to address their needs,
4 build on their strengths, and achieve their goals.
- 5 ✓ There is no “wrong door”: wherever a family enters the system is the right
6 place.
- 7 ✓ Families receive services tailored to their unique situations and needs.
- 8 ✓ Service providers and advocates involve families in the process of determining
9 service plans, and proactively provide families with coordinated and
10 comprehensive information, services, and resources.
- 11 ✓ The County service system is flexible, able to respond to service demands for
12 both the Countywide population and specific population groups.
- 13 ✓ The County service system acts to strengthen communities, recognizing that
14 just as individuals live in families, families live in communities.
- 15 ✓ In supporting families and communities, County agencies work seamlessly with
16 public and private service providers, community-based organizations, and
17 other community partners.
- 18 ✓ County agencies and their partners work together seamlessly to demonstrate
19 substantial progress towards making the system more strength-based, family-
20 focused, culturally-competent, accessible, user-friendly, responsive, cohesive,
21 efficient, professional, and accountable.
- 22 ✓ County agencies and their partners focus on administrative and operational
23 enhancements to optimize the sharing of information, resources, and best
24 practices while also protecting the privacy rights of families.
- 25 ✓ County agencies and their partners pursue multi-disciplinary service delivery, a
26 single service plan, staff development opportunities, infrastructure
27 enhancements, customer service and satisfaction evaluation, and revenue
28 maximization.
- 29 ✓ County agencies and their partners create incentives to reinforce the direction
30 toward service integration and a seamless service delivery system.

- 1 ✓ The County human service system embraces a commitment to the disciplined
2 pursuit of results accountability across systems. Specifically, any strategy
3 designed to improve the County human services system for children and
4 families should ultimately be judged by whether it helps achieve the County's
5 five outcomes for children and families: good health, economic well-being,
6 safety and survival, emotional and social well-being, and education and
7 workforce readiness.

8 The County, its clients, contracting partners, and the community will continue to
9 work together to develop ways to make County services more accessible, customer
10 friendly, better integrated, and outcome-focused. Several departments have identified
11 shared themes in their strategic plans for achieving these goals including: making an effort
12 to become more consumer/client-focused; valuing community partnerships and
13 collaborations; emphasizing values and integrity; and using a strengths-based and multi-
14 disciplinary team approach. County departments are also working to provide the Board of
15 Supervisors and the community with a better understanding of how resources are being
16 utilized, how well services are being provided, and what are the results of the services: is
17 anyone better off?

18 The County of Los Angeles health and human service departments and their
19 partners are working together to achieve the following ***Customer Service And***
20 ***Satisfaction Standards*** in support of improving outcomes for children and families.

21 *Personal Service Delivery*

22 The service delivery team – staff and volunteers – will treat customers and each
23 other with courtesy, dignity, and respect.

- 24 • Introduce themselves by name
25 • Listen carefully and patiently to customers
26 • Be responsive to cultural and linguistic needs
27 • Explain procedures clearly
28 • Build on the strengths of families and communities

29 *Service Access*

30 Service providers will work proactively to facilitate customer access to services.

- 31 • Provide services as promptly as possible
32 • Provide clear directions and service information

- 1 • Outreach to the community and promote available services
- 2 • Involve families in service plan development
- 3 • Follow-up to ensure appropriate delivery of services

4 Service Environment

5 Service providers will deliver services in a clean, safe, and welcoming environment,
6 which supports the effective delivery of services.

- 7 • Ensure a safe environment
- 8 • Ensure a professional atmosphere
- 9 • Display vision, mission, and values statements
- 10 • Provide a clean and comfortable waiting area
- 11 • Ensure privacy
- 12 • Post complaint and appeals procedures

13 The basis for all County health and human services contracts is the provision of the
14 highest level of quality services that support improved outcomes for children and families.
15 The County and its contracting partners must work together and share a commitment to
16 achieve a common vision, goals, outcomes, and standards for providing services.

22 (4) In the event that this Agreement is terminated, then:

23 (a) On or after the date of the written notice of termination, County

30 (FINANCIAL PROVISIONS), Paragraph D (Billing and Payment Procedures and

1 Limitations), Subparagraph (6) (Maximum Monthly and Year-to-Date and Other Payment
2 Limitations) multiplied by the actual number of months or portion thereof during which this

4 (b) Upon issuance of any notice of termination, Contractor shall
5 make immediate and appropriate plans to transfer or refer all patients/clients receiving
6 services under this Agreement to other agencies for continuing services in accordance

21 shall be suspended if Director, for good cause, determines that Contractor is in material
22 default under any of the provisions of this Agreement and that Contractor has been unable

24 default. Except in cases of alleged fraud or similar intentional wrongdoing, at least 30
25 calendar days notice of such suspension shall be provided to Contractor, including a
26 statement of the reason(s) for such suspension. Thereafter, Contractor may request
27 reconsideration of the Director's decision by submitting a written request to the Director
28 within 15 calendar days of such notice. Payments shall not be withheld pending the
29 results of the reconsideration process. Contractor's request for reconsideration is not the
30 exclusive remedy and Contractor reserves the right to challenge suspension of payments.

1 E. Six Months Notification of Agreement Expiration: Contractor shall notify
2 County when this Agreement is within six (6) months of expiration. Contractor shall send
3 such notice to those persons and addresses which are set forth in Paragraph 61

14 Contractor shall be the same regardless of the patient's/client's ability to pay or source of
15 payment.

16 Contractor shall be responsible for delivering services to new clients to the extent
17 that funding is provided by County. Where Contractor determines that it lacks current
18 capacity to accept new clients, Contractor shall provide 30 calendar days written notice to
19 County that it will be unable to accept new clients. Contractor shall also thereafter make
20 referrals of new clients to County or other appropriate agencies.

21 Contractor shall not be required to provide the notice in the preceding paragraph
22 when County reduces funding to Contractor, either at the beginning or during the fiscal
23 year. In addition, when County cuts the funding for a particular program provided by
24 Contractor, Contractor shall not be responsible for continuing services for those clients
25 linked to that funding. Contractor shall also thereafter make referrals of those clients to
26 County or other appropriate agencies as described in Paragraph C (4) (b) above.

27 Contractor may provide activities claimable as Title XIX Medi-Cal Administrative
28 Activities pursuant to WIC Section 14132.44. The administrative activities which may be

8 shall submit a written request to Director or his designee for written approval before any
9 such substantial deviation may occur. A 30% variance in the units of services delivered
10 from those projected and shown by Contractor in the Negotiation Package will be
11 considered a substantial deviation in service delivery. Director shall promptly act on the
12 request for written approval and issue a determination within 30 calendar days of the
13 request.

14 The following language applies only to *Contractors found eligible to provide mental health*
15 *services claimable under the Mental Health Services Act (MHSA)*: Contractor has been

19 RFSQ for the provision of such services, and Contractor has met the minimum
20 qualifications listed in the RFSQ and has been selected for recommendation for placement
21 on a MHSA Master Agreement eligibility list. Placement on the Master Agreement
22 eligibility list does not guarantee that Contractor will be selected to provide mental health
23 services claimable as MHSA services. In order to provide mental health services
24 claimable as MHSA services, a provider must have been selected to provide MHSA
25 services pursuant to a Request for Services.

10 adults or minor children, or which otherwise make it inappropriate for such person to be
11 employed by Contractor.

12 17. NONDISCRIMINATION IN SERVICES:

13 A. Contractor shall not discriminate in the provision of services hereunder
14 because of race, religion, national origin, ancestry, sex, age, marital status, or physical or

16 State law. For the purpose of this Paragraph 17, discrimination in the provision of services
17 may include, but is not limited to, the following: denying any person any service or benefit

23 person differently from others in determining admission, enrollment quota, eligibility,
24 membership, or any other requirement or condition which persons must meet in order to
25 be provided any service or benefit. Contractor shall take affirmative action to ensure that

27 pay or source of payment, race, religion, national origin, ancestry, sex, age, marital status,
28 or physical or mental handicap, or medical conditions.

29 B. Contractor shall establish and maintain written complaint procedures under
30 which any person applying for or receiving any services under this Agreement may seek

2 rendering of services by Contractor's personnel. Such procedures shall also include a
3 provision whereby any such person, who is dissatisfied with Contractor's resolution of the
4 matter, shall be referred by Contractor to Director for the purpose of presenting his
5 complaint of the alleged discrimination. Such complaint procedures shall also indicate that
6 if such person is not satisfied with County's resolution or decision with respect to the
7 complaint of alleged discrimination, such person may appeal the matter to the State, if
8 appropriate.

9 C. If direct services (i.e., 24-hour services, day services, targeted case
10 management, mental health services, medication support, and crisis intervention) are
11 provided hereunder, Contractor shall have admission policies which are in accordance
12 with CCR Title 9, Sections 526 and 527, and which shall be in writing and available to the
13 public. Contractor shall not employ discriminatory practices in the admission of any
14 person, assignment of accommodations, or otherwise. Any time any person applies for
15 services under this Agreement, such person shall be advised by Contractor of the
16 complaint procedures described in the above paragraph. A copy of such complaint
17 procedures shall be posted by Contractor in a conspicuous place, available and open to
18 the public, in each of Contractor's facilities where services are provided under this

23 because of, race, color, religion, national origin, ancestry, sex, age, marital status,
24 condition of physical disability (including HIV and AIDS) or mental disability, medical
25 condition (cancer), denial of family care leave, or political affiliation, and in compliance with
26 all applicable Federal and State anti-discrimination laws and regulations.

27 B. Contractor shall take affirmative action to ensure that qualified applicants are
28 employed, and that employees are treated during employment without regard to race,
29 color, religion, national origin, ancestry, sex, age, marital status, condition of physical
30 disability (including HIV and AIDS) or mental disability, medical condition (cancer), denial

1 of family care leave, or political affiliation. Such action shall include, but is not limited to,

7 disability (including HIV and AIDS) or mental disability, medical condition (cancer), denial
8 of family care leave, or political affiliation in compliance with all applicable Federal and

21 records during regular business hours to verify compliance with the provisions of this
22 Paragraph 18 when so requested by Director.

23 E. If County finds that any of the above provisions has been violated, the same
24 shall constitute a material breach of this Agreement upon which County may immediately
25 terminate or suspend this Agreement. While County reserves the right to determine
26 independently that the anti-discrimination provisions of this Agreement have been violated,
27 in addition, a determination by the California Fair Employment Practices Commission or
28 the Federal Equal Employment Opportunity Commission that Contractor has violated State
29 or Federal anti-discrimination laws or regulations shall constitute a finding by County that
30 Contractor has violated the anti-discrimination provisions of this Agreement.

1 F. In the event that Contractor violates any of the anti-discrimination provisions
2 of this Paragraph 18, County shall be entitled, at its option, to the sum of FIVE HUNDRED

18 Agreement, except due to County's negligent or intentional acts and/or omissions.

19 B. General Insurance Requirements: Without limiting Contractor's
20 indemnification of County and during the term of this Agreement, Contractor shall provide
21 and maintain, and shall require all of its subcontractors to maintain, the following programs
22 of insurance specified in this Agreement. Such insurance shall be primary to and not

18 A:VII, unless otherwise approved by County.

19 3) Failure to Maintain Coverage: Failure by Contractor to maintain the
20 required insurance, or to provide evidence of insurance coverage acceptable to County,
21 shall constitute a material breach of the contract upon which County may immediately
22 terminate or suspend this Agreement. County, at its sole option, may obtain damages
23 from Contractor resulting from said breach. Alternatively, County may purchase such
24 required insurance coverage, and without further notice to Contractor, County may deduct
25 from sums due to Contractor any premium costs advanced by County for such insurance.

13 compensation for all costs incurred by County.

14 6) Insurance Coverage Requirements for Subcontractors: Contractor
15 shall ensure any and all sub-contractors performing services under this Agreement meet
16 the insurance requirements of this Agreement by either:

8 by Contractor or have any direct or indirect financial interest in this Agreement. No officer
9 or employee of Contractor who may financially benefit from the provision of services

26 performance hereunder to insure that there is no violation of such provisions by its
27 employees. Contractor shall utilize the attorney referral service of all those bar
28 associations within the County of Los Angeles that have such a service.

29 24. INDEPENDENT STATUS OF CONTRACTOR:

30 A. This Agreement is by and between County and Contractor and is not

1 intended, and shall not be construed, to create the relationship of agent, servant,
2 employee, partnership, joint venture, or association, as between County and Contractor.
3 The employees and agents of one party shall not be, or be construed to be, the
4 employees or agents of the other party for any purpose whatsoever.

5 B. Contractor shall be solely liable and responsible for providing to, or on behalf
6 of, all persons performing work pursuant to this Agreement all compensation and benefits.
7 County shall have no liability or responsibility for the payment of any salaries, wages,

9 compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.

10 C. Contractor understands and agrees that all persons performing services
11 pursuant to this Agreement are, for purposes of workers' compensation liability, the sole
12 employees of Contractor and not employees of County. Contractor shall be solely liable
13 and responsible for furnishing any and all workers' compensation benefits to any person
14 as a result of any injuries arising from or connected with any services performed by or on

2 (GAIN) OR GENERAL RELIEF OPPORTUNITIES FOR WORK (GROW) PARTICIPANTS
3 FOR EMPLOYMENT:

4 Should Contractor require additional or replacement personnel
5 after the effective date of this Agreement, Contractor shall give consideration for any such
6 employment openings to participants in the County's Department of Public Social Services'
7 Greater Avenues for Independence (GAIN) Program or General Relief Opportunities for
8 Work (GROW) Program who meet Contractor's minimum qualifications for the open
9 position. The County will refer GAIN/GROW participants, by job category, to the
10 Contractor.

11 In the event that both laid-off County employees and GAIN/GROW participants are
12 available for hiring, County employees shall be given priority.

13 27. DELEGATION AND ASSIGNMENT BY CONTRACTOR:

14 A. Contractor shall not assign its rights or delegate its duties under this
15 Agreement, or both, whether in whole or in part, without the prior written consent of
16 County, in its discretion, and any attempted assignment or delegation without such
17 consent shall be null and void. For purposes of this paragraph, County consent shall
18 require a written amendment to this Agreement, which is formally approved and executed
19 by the parties. Any payments by County to any approved delegate or assignee on any
20 claim under this Agreement shall be deductible, at County's sole discretion, against the
21 claims which Contractor may have against County.

22 B. Shareholders, partners, members, or other equity holders of Contractor may
23 transfer, sell, exchange, assign, or divest themselves of any interest they may have
24 therein. However, in the event any such sale, transfer, exchange, assignment, or
25 divestment is effected in such a way as to give majority control of Contractor to any
26 person(s), corporation, partnership, or entity other than the majority controlling interest
27 therein at the time of execution of this Agreement, such disposition is an assignment
28 requiring the prior written consent of County in accordance with applicable provisions of
29 this Agreement.

30 C. Any assumption, assignment, delegation, or takeover of any of the
Contractor's duties, responsibilities, obligations, or performance of same by any entity

1 other than the Contractor, whether through assignment, subcontract, delegation, merger,
2 buyout, or any other mechanism, with or without consideration for any reason whatsoever
3 without County's express prior written approval, shall be a material breach of this
4 Agreement which may result in the termination of this Agreement. In the event of such
5 termination, County shall be entitled to pursue the same remedies against Contractor as it
6 could pursue in the event of default by Contractor.

7 28. SUBCONTRACTING:

8 A. No performance of this Agreement, or any portion thereof, shall be
9 subcontracted by Contractor without the prior written consent of County as provided in this
10 Paragraph 28. Any attempt by Contractor to subcontract any performance, obligation, or
11 responsibility under this Agreement, without the prior written consent of County, shall be
12 null and void and shall constitute a material breach of this Agreement. Notwithstanding
13 any other provision of this Agreement, in the event of any such breach by Contractor, this
14 Agreement may be terminated forthwith by County. Notwithstanding any other provision of
15 this Agreement, the parties do not in any way intend that any person or entity shall acquire
16 any rights as a third party beneficiary of this Agreement.

17 B. If Contractor desires to subcontract any portion of its performance,
18 obligations, or responsibilities under this Agreement, Contractor shall make a written
19 request to County for written approval to enter into the particular subcontract. Contractor's
20 request to County shall include:

21 (1) The reasons for the particular subcontract.

22 (2) A detailed description of the services to be provided by the
23 subcontract.

24 (3) Identification of the proposed subcontractor and an explanation of
25 why and how the proposed subcontractor was selected, including the degree of
26 competition involved.

27 (4) A description of the proposed subcontract amount and manner of
28 compensation, together with Contractor's cost or price analysis thereof.

29 (5) A copy of the proposed subcontract which shall contain the following
30 provision:

1 "This contract is a subcontract under the terms of the prime contract with the
2 County of Los Angeles and shall be subject to all of the provisions of such
3 prime contract."

4 (6) A copy of the proposed subcontract, if in excess of \$10,000 and
5 utilizes public funds, shall also contain the following provision:

6 "The contracting parties shall be subject to the examination and audit of the
7 State Auditor, pursuant to the California Government Code, Section
8 8546.7, for a period of seven (7) years from the end of the Fiscal Year in
9 which such services were provided or until final resolution of any audits,
10 whichever occurs later."

11 Further, the Contractor will also be subject to the examination and
12 audit of the State Auditor, pursuant to the Government Code, Section 8546.7, for a period
13 of seven (7) years from the end of the Fiscal Year in which such services were provided or
14 until final resolution of any audits, which ever occurs later.

15 (7) Any other information and/or certifications requested by County.

16 C. County shall review Contractor's request to subcontract and shall determine,
17 in its sole discretion, whether or not to consent to such request on a case-by-case basis.

18 D. Contractor shall indemnify and hold harmless County, its officers,
19 employees, and agents, from and against any and all liability, damages, costs, and
20 expenses, including, but not limited to, defense costs and legal fees, arising from or
21 related to Contractor's use of any subcontractor, including any officers, employees, or
22 agents of any subcontractor, in the same manner as required for Contractor, its officers,
23 employees, and agents, under this Agreement.

24 E. Notwithstanding any County consent to any subcontracting, Contractor shall
25 remain fully liable and responsible for any and all performance required of it under this
26 Agreement, and no subcontract shall bind or purport to bind County. Further, County
27 approval of any subcontract shall not be construed to limit in any way Contractor's
28 performance, obligations, or responsibilities, to County, nor shall such approval limit in any
29 way any of County's rights or remedies contained in this Agreement. Additionally, County
30 approval of any subcontract shall not be construed in any way to constitute the

1 determination of the allowability or appropriateness of any cost or payment under this
2 Agreement.

3 F. In the event that County consents to any subcontracting, such consent shall
4 be subject to County's right to give prior and continuing approval of any and all
5 subcontractor personnel providing services under such subcontract. Contractor shall
6 assure that any subcontractor personnel not approved by County shall be immediately
7 removed from the provision of any services under the particular subcontract or that other
8 action is taken as requested by County. County shall not be liable or responsible in any
9 way to Contractor, to any subcontractor, or to any officers, employees, or agents of
10 Contractor or any subcontractor, for any liability, damages, costs or expenses arising from
11 or related to County's exercise of such right.

12 G. In the event that County consents to any subcontracting, such consent shall
13 be subject to County's right to terminate, in whole or in part, any subcontract at any time
14 upon written notice to Contractor when such action is deemed by County to be in its best
15 interest. County shall not be liable or responsible in any way to Contractor, to any
16 subcontractor, or to any officers, employees, or agents of Contractor or any subcontractor,
17 for any liability, damages, costs, or expenses arising from or related to County's exercise
18 of such right.

19 H. In the event that County consents to any subcontracting, each and all of the
20 provisions of this Agreement and any amendment thereto shall extend to, be binding
21 upon, and inure to the benefit of, the successors or administrators of the respective
22 parties.

23 I. In the event that County consents to any subcontracting, such consent shall
24 apply to each particular subcontract only and shall not be, or be construed to be, a waiver
25 of this Paragraph 28 or a blanket consent to any further subcontracting.

28 Child Support Compliance Program: Failure of Contractor to maintain compliance with the
29 requirements set forth in Subparagraph A (Contractor's Warranty of Adherence to
30 County's Child Support Compliance Program) shall constitute default under this

1 Agreement. Without limiting the rights and remedies available to County under any other
2 provision of this Agreement, failure of Contractor to cure such default within 90 calendar
3 days of written notice shall be grounds upon which County may terminate this Agreement
4 pursuant to Paragraph 35 (TERMINATION FOR DEFAULT) and pursue debarment of
5 Contractor, pursuant to County Code Chapter 2.202.

2 of five days (or such longer period as County may authorize in writing) after receipt of
3 notice from County specifying such failure.

4 B. In the event that County terminates this Agreement as provided in
5 Subparagraph A, County may procure, upon such terms and in such manner as County

11 this Agreement.

12 36. TERMINATION FOR IMPROPER CONSIDERATION: County may, by written

16 the intent of securing the Agreement or securing favorable treatment with respect to the
17 award, amendment or extension of the Agreement or the making of any determinations

19 such termination, County shall be entitled to pursue the same remedies against Contractor
20 as it could pursue in the event of default by the Contractor.

21 Contractor shall immediately report any attempt by a County officer or employee to
22 solicit such improper consideration. The report shall be made either to the County

5 this Agreement, or the Financial Summary or Service Exhibit(s) hereto, whether by written
6 or oral understanding of the parties, their officers, employees or agents, shall be valid and

16 complete and exclusive statement of understanding between the parties which
17 supersedes all previous agreements, written or oral, and all other communications
18 between the parties relating to the subject matter of this Agreement. In the event of any
19 conflict or inconsistency in the definition or interpretation of any word, responsibility, or
20 schedule, or the contents or description of any service or other work, or otherwise,
21 between the body of this Agreement and the other referenced documents, or between

18 shall assure that all locations where services are provided under this Agreement are
19 operated at all times in accordance with all County community standards with regard to

- 29 51. USE OF RECYCLED-CONTENT PAPER PRODUCTS: Consistent with the Board
30 of Supervisors' policy to reduce the amount of solid waste deposited at the County

2 possible on the Project.

3 52. CONTRACTOR RESPONSIBILITY AND DEBARMENT: The following
4 requirements set forth in the County's Non-Responsibility and Debarment Ordinance (Title
5 2, Chapter 2.202 of the County Code) are effective for this Agreement, except to the
6 extent applicable State and/or Federal laws are inconsistent with the terms of the
7 Ordinance.

8 A. A responsible Contractor is a Contractor who has demonstrated the attribute
9 of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily
10 perform the contract. It is the County's policy to conduct business only with responsible
11 contractors.

12 B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of
13 the County Code, if the County acquires information concerning the performance of the
14 Contractor on this or other Agreements which indicates that the Contractor is not
15 responsible, the County may, in addition to other remedies provided in the Agreement,
16 debar the Contractor from bidding or proposing on, or being awarded, and/or performing
17 work on County Agreements for a specified period of time, which generally will not exceed
18 five years but may exceed five years or be permanent if warranted by the circumstances,
19 and terminate any or all existing Agreements the Contractor may have with the County.

20 C. The County may debar a Contractor if the Board of Supervisors finds, in its
21 discretion, that the Contractor has done any of the following: (1) violated a term of an
22 Agreement with the County or a nonprofit corporation created by the County; (2)
23 committed an act or omission which negatively reflects on the Contractor's quality, fitness
24 or capacity to perform a contract with the County, any other public entity, or a nonprofit
25 corporation created by the County, or engaged in a pattern or practice which negatively
26 reflects on same; (3) committed an act or offense which indicates a lack of business
27 integrity or business honesty, or (4) made or submitted a false claim against the County or
28 any other public entity.

29 D. If there is evidence that the Contractor may be subject to debarment, the
30 Department will notify the Contractor in writing of the evidence which is the basis for the

1 proposed debarment and will advise the Contractor of the scheduled date for a debarment
2 hearing before the Contractor Hearing Board.

3 E. The Contractor Hearing Board will conduct a hearing where evidence on the
4 proposed debarment is presented. The Contractor and/or the Contractor's representative
5 shall be given an opportunity to submit evidence at that hearing. After the hearing, the
6 Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain
7 a recommendation regarding whether the contractor should be debarred, and, if so, the
8 appropriate length of time of the debarment. The Contractor and the Department shall be
9 provided an opportunity to object to the tentative proposed decision prior to its
10 presentation to the Board of Supervisors.

11 F. After consideration of any objections, or if no objections are submitted, a
12 record of the hearing, the proposed decision and any other recommendation of the
13 Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of
14 Supervisors shall have the right to modify, deny or adopt the proposed decision and
15 recommendation of the Hearing Board.

16 G If a Contractor has been debarred for a period longer than five (5) years, that
17 Contractor may, after the debarment has been in effect for at least five (5) years, submit a
18 written request for review of the debarment determination to reduce the period of
19 debarment or terminate the debarment. The County may, in its discretion, reduce the
20 period of debarment or terminate the debarment if it finds that the Contractor has
21 adequately demonstrated one or more of the following: (1) elimination of the grounds for
22 which the debarment was imposed; (2) a bona fide change in ownership or management;
23 (3) material evidence discovered after debarment was imposed; or (4) any other reason
24 that is in the best interests of the County.

25 H. The Contractor Hearing Board will consider a request for review of a
26 debarment determination only where (1) the Contractor has been debarred for a period
27 longer than five (5) years; (2) the debarment has been in effect for at least five (5) years;
28 and (3) the request is in writing, states one or more of the grounds for reduction of the
29 debarment period or termination of the debarment, and includes supporting
30 documentation. Upon receiving an appropriate request, the Contractor Hearing Board will

1 provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board
2 shall conduct a hearing where evidence on the proposed reduction of debarment period or
3 termination of debarment is presented. This hearing shall be conducted and the request
4 for review decided by the Contractor Hearing Board pursuant to the same procedures as
5 for a debarment hearing.

6 The Contractor Hearing Board's proposed decision shall contain a
7 recommendation on the request to reduce the period of debarment or terminate the
8 debarment. The Contractor Hearing Board shall present its proposed decision and
9 recommendation to the Board of Supervisors. The Board of Supervisors shall have the
10 right to modify, deny, or adopt the proposed decision and recommendation of the
11 Contractor Hearing Board.

12 I. These terms shall also apply to subcontractors of County Contractors.

13 53. CONTRACTOR'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY
14 FUNDED PROGRAM: Contractor hereby warrants that neither it nor any of its staff
15 members is restricted or excluded from providing services under any health care program
16 funded by the Federal government, directly or indirectly, in whole or in part, and that
17 Contractor will notify Director within 30 calendar days in writing of: (1) any event that would
18 require Contractor or a staff member's mandatory exclusion from participation in a
19 Federally funded health care program; and (2) any exclusionary action taken by any
20 agency of the Federal government against Contractor or one or more staff members
21 barring it or the staff members from participation in a Federally funded health care
22 program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

23 There are a variety of different reasons why an individual or entity may be excluded
24 from participating in a Federally funded health care program. Sometimes, the exclusion is
25 mandatory and in other cases the Office of Inspector General (OIG) has the discretion not
26 to exclude.

27 The mandatory bases for exclusion include: (1) felony convictions for program
28 related crimes, including fraud or false claims, or for offenses related to the dispensing or
29 use of controlled substances, or (2) convictions related to patient abuse.

30 Permissive exclusions may be based on: (1) conviction of a misdemeanor related to

1 fraud or financial misconduct involving a government program; (2) obstructing an
2 investigation; (3) failing to provide access to documents or premises as required by federal
3 health care program officials; (4) conviction of a misdemeanor related to controlled
4 substances; (5) failing to disclose information about the entity itself, its subcontractors or
5 its significant business transactions; (6) loss of a state license to practice a health care
6 profession; (7) default on a student loan given in connection with education in a health
7 profession; (8) charging excessive amounts to a Federally funded health care program or
8 furnishing services of poor quality or which are substantially in excess of the needs of the
9 patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons
10 controlling or managing excluded entities who knew of the conduct leading to the exclusion
11 can themselves be excluded, and entities which are owned and controlled by excluded
12 individuals can also be excluded.

13 Contractor shall indemnify and hold County harmless against any and all loss or
14 damage County may suffer arising from any Federal exclusion of Contractor or its staff
15 members from such participation in a Federally funded health care program. Contractor
16 shall provide the certification set forth in Attachment VI as part of its obligation under this
17 Paragraph 53.

18 Failure by Contractor to meet the requirements of this Paragraph 53 shall constitute
19 a material breach of Agreement upon which County may immediately terminate or
20 suspend this Agreement.

21 54. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT:

22 A. The parties acknowledge the existence of the Health Insurance Portability
23 and Accountability Act of 1996 and its implementing regulations ("HIPAA"). Contractor
24 understands and agrees that it is a "Covered Entity" under HIPAA and, as such, has
25 obligations with respect to the confidentiality, privacy, and security of patients' medical
26 information, and must take certain steps to preserve the confidentiality of this information,
27 both internally and externally, including the training of staff and the establishment of proper
28 procedures for the release of such information, including the use of appropriate consents
29 and authorizations specified under HIPAA.

30 B. The parties acknowledge their separate and independent obligations with

1 respect to HIPAA, and that such obligations relate to *transactions and code sets, privacy,*
2 *and security.* Contractor understands and agrees that it is separately and independently
3 responsible for compliance with HIPAA in all these areas and that County has not
4 undertaken any responsibility for compliance on Contractor's behalf. Contractor has not
5 relied, and will not in any way rely, on County for legal advice or other representations with
6 respect to Contractor's obligations under HIPAA, but will independently seek its own
7 counsel and take the necessary measures to comply with the law and its implementing
8 regulations.

9 C. Contractor and County understand and agree that each is independently
10 responsible for HIPAA compliance and agree to take all necessary and reasonable actions
11 to comply with the requirements of HIPAA law and implementing regulations related to
12 Transactions and Code Sets, Privacy, and Security. Each party further agrees to
13 indemnify and hold harmless the other party (including their officers, employees and
14 agents) for its failure to comply with HIPAA.

15 D. Contractor and County understand and agree that HIPAA has imposed
16 additional requirements in regards to changes in DMH's County's information system.

17 (1) County desires to clarify County's information system terminology
18 under this Agreement as it relates to HIPAA, and, accordingly, has set forth in Attachment
19 VIII (Crosswalk Fact Sheet) a "crosswalk" of technical terms, definitions and language to
20 be used with this Agreement.

21 (2) County desires to clarify other HIPAA-related changes set forth in the
22 DMH Provider Manual and which are incorporated herein by reference as though fully set
23 forth.

24 (a) County has added to the DMH Provider Manual a Guide to
25 Procedure Codes, which includes a "crosswalk" of DMH activity codes to Current
26 Procedural Terminology (CPT) and Health Care Procedure Coding System (HCPCS)
27 codes.

28 (b) County has added to the DMH Provider Manual an Electronic
29 Data Interchange Fact Sheet which includes information about the applicable HIPAA
30 transactions that can be processed in the County's claims processing information system.

1 Effective January 2009 Electronic Data Interchange (EDI) will be the only acceptable
2 method by which Contractor or its Subcontractor(s) may submit HIPAA-compliant
3 transactions.

4 (c) County has added to the DMH Provider Manual a Trading
5 Partner Agent Authorization Agreement which includes the Contractor's authorization to its
6 Subcontractor(s) to submit HIPAA-compliant transactions on behalf of Contractor.

7 E. Contractor understands that County operates an informational website
8 <http://dmh.lacounty.info/hipaa/index.html> related to the services under this Agreement
9 and the parties' HIPAA obligations, and agrees to undertake reasonable efforts to utilize
10 said website to obtain updates, other information, and forms to assist Contractor in its
11 performance. County agrees to undertake reasonable efforts to provide accurate
12 information and other materials on said website.

13 F. Contractor understands and agrees that if it uses the services of an Agent in
14 any capacity in order to receive, transmit, store or otherwise process Data or Data
15 Transmissions or perform related activities, the Contractor shall be fully liable to DMH or
16 for any acts, failures or omissions of the Agent in providing said services as though they
17 were the Contractor's own acts, failures, or omissions.

18 G. Contractor further understands and agrees that the terms and conditions of
19 the current Trading Partner Agreement (TPA) set forth in the DMH Provider Manual shall
20 apply to this Agreement and that said Terms and Conditions are incorporated by reference
21 as though fully set forth herein.

22 55. COMPLIANCE WITH JURY SERVICE PROGRAM:

23 A. Jury Service Program: This Agreement is subject to the provisions of the
24 County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as
25 codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

26 B. Written Employee Jury Service Policy:

27 (1) Unless Contractor has demonstrated to the County's satisfaction
28 either that Contractor is not a "Contractor" as defined under the Jury Service Program
29 (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the
30 Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and

1 adhere to a written policy that provides that its Employees shall receive from the
2 Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury
3 service. The policy may provide that Employees deposit any fees received for such jury
4 service with the Contractor or that the Contractor deduct from the Employee's regular pay
5 the fees received for jury service.

6 (2) For purposes of this Section, "Contractor" means a person,
7 partnership, corporation or other entity which has an Agreement with the County or a
8 subcontract with a County Contractor and has received or will receive an aggregate sum of
9 \$50,000 or more in any 12-month period under one or more County Agreements or
10 subcontracts. "Employee" means any California resident who is a full-time employee of
11 Contractor. "Full-time" means 40 hours or more worked per week or a lesser number of
12 hours if: 1) the lesser number is a recognized industry standard as determined by the
13 County, or 2) Contractor has a long-standing practice that defines the lesser number of
14 hours as full-time. Full-time employees providing short-term, temporary services of 90
15 days or less within a 12-month period are not considered full-time for purposes of the Jury
16 Service Program. If Contractor uses any subcontractor to perform services for the County
17 under the Agreement, the subcontractor shall also be subject to the provisions of this
18 Section. The provisions of this Section shall be inserted into any such subcontract
19 Agreement and a copy of the Jury Service Program shall be attached to the Agreement.

20 (3) If Contractor is not required to comply with the Jury Service Program when
21 the Agreement commences, Contractor shall have a continuing obligation to review the
22 applicability of its "exception status" from the Jury Service Program, and Contractor shall
23 immediately notify County if Contractor at any time either comes within the Jury Service
24 Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to
25 the Program. In either event, Contractor shall immediately implement a written policy
26 consistent with the Jury Service Program. The County may also require, at any time
27 during the Agreement and at its sole discretion, that Contractor demonstrate to the
28 County's satisfaction that Contractor either continues to remain outside of the Jury Service
29 Program's definition of "Contractor" and/or that Contractor continues to qualify for an
30 exception to the Program.

1 (4) Contractor's violation of this section of the Agreement may constitute a
2 material breach of the Agreement. In the event of such material breach, County may, in its
3 sole discretion, terminate the Agreement and/or bar Contractor from the award of future
4 County Agreements for a period of time consistent with the seriousness of the breach.

5 56. NOTICE TO EMPLOYEES REGARDING THE SAFELY SURRENDERED BABY
6 LAW: The Contractor shall notify and provide to its employees, and shall require each
7 subcontractor to notify and provide to its employees, a fact sheet regarding the Safely
8 Surrendered Baby Law, its implementation in Los Angeles County, and where and how to
9 safely surrender a baby.

10 The fact sheet is set forth in Attachment VII of this Agreement and is also available on the
11 Internet at www.babysafela.org for printing purposes.

12 57. CONTRACTOR'S ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO
13 THE SAFELY SURRENDERED BABY LAW: The Contractor acknowledges that the
14 County places a high priority on the implementation of the Safely Surrendered Baby Law.
15 The Contractor understands that it is the County's policy to encourage all County
16 Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a
17 prominent position at the Contractor's place of business. The Contractor will also
18 encourage its subcontractors, if any, to post this poster in a prominent position in the
19 subcontractor's place of business. The County's Department of Children and Family
20 Services will supply the Contractor with the poster to be used.

21 58. COMPLIANCE WITH THE COUNTY'S LIVING WAGE PROGRAM:

22 (LANGUAGE APPLIES ONLY TO PROP A LIVING WAGE CONTRACTS)

23 A. Living Wage Program: This Contract is subject to the provisions of the
24 County's ordinance entitled Living Wage Program as codified in Sections 2.201.010
25 through 2.201.100 of the Los Angeles County Code, a copy of which is attached as *Exhibit*
26 *K* and incorporated by reference into and made a part of this Contract.

27 B. Payment of Living Wage Rates:

28 (1) Unless the Contractor has demonstrated to the County's satisfaction
29 either that the Contractor is not an "Employer" as defined under the Program (Section
30 2.201.020 of the County Code) or that the Contractor qualifies for an exception to the

1 Living Wage Program (Section 2.201.090 of the County Code), the Contractor shall pay its
2 Employees no less than the applicable hourly living wage rate, as set forth immediately
3 below, for the Employees' services provided to the County under the Contract:

4 i. Not less than \$9.46 per hour if, in addition to the per-hour
5 wage, the Contractor contributes less than \$1.14 per hour towards the provision of bona
6 fide health care benefits for its Employees and any dependents; or

7 ii. Not less than \$8.32 per hour if, in addition to the per-hour
8 wage, the Contractor contributes at least \$1.14 per hour towards the provision of bona fide
9 health care benefits for its Employees and any dependents. The Contractor will be
10 deemed to have contributed \$1.14 per hour towards the provision of bona fide health care
11 benefits if the benefits are provided through the County Department of Health Services
12 Community Health Plan. If, at any time during the Contract, the Contractor contributes
13 less than \$1.14 per hour towards the provision of bona fide health care benefits, the
14 Contractor shall be required to pay its Employees the higher hourly living wage rate.

15 (2) For purposes of this Sub-paragraph, "Contractor" includes any
16 subcontractor engaged by the Contractor to perform services for the County under the
17 Contract. If the Contractor uses any subcontractor to perform services for the County
18 under the Contract, the subcontractor shall be subject to the provisions of this Sub-
19 paragraph. The provisions of this Sub-paragraph shall be inserted into any such
20 subcontract Contract and a copy of the Living Wage Program shall be attached to the
21 Contract. "Employee" means any individual who is an employee of the Contractor under
22 the laws of California, and who is providing full-time services to the Contractor, some or all
23 of which are provided to the County under the Contract. "Full-time" means a minimum of
24 40 hours worked per week, or a lesser number of hours, if the lesser number is a
25 recognized industry standard and is approved as such by the County; however, fewer than
26 35 hours worked per week will not, in any event, be considered full-time.

27 (3) If the Contractor is required to pay a living wage when the Contract
28 commences, the Contractor shall continue to pay a living wage for the entire term of the
29 Contract, including any option period.

30 (4) If the Contractor is not required to pay a living wage when the

1 Contract commences, the Contractor shall have a continuing obligation to review the
2 applicability of its "exemption status" from the living wage requirement. The Contractor
3 shall immediately notify the County if the Contractor at any time either comes within the
4 Living Wage Program's definition of "Employer" or if the Contractor no longer qualifies for
5 an exception to the Living Wage Program. In either event, the Contractor shall
6 immediately be required to commence paying the living wage and shall be obligated to pay
7 the living wage for the remaining term of the Contract, including any option period. The
8 County may also require, at any time during the Contract and at its sole discretion, that the
9 Contractor demonstrate to the County's satisfaction that the Contractor either continues to
10 remain outside of the Living Wage Program's definition of "Employer" and/or that the
11 Contractor continues to qualify for an exception to the Living Wage Program. Unless the
12 Contractor satisfies this requirement within the time frame permitted by the County, the
13 Contractor shall immediately be required to pay the living wage for the remaining term of
14 the Contract, including any option period.

15 C. Contractor's Submittal of Certified Monitoring Reports: The Contractor shall
16 submit to the County certified monitoring reports at a frequency instructed by the County.
17 The certified monitoring reports shall list all of the Contractor's Employees during the
18 reporting period. The certified monitoring reports shall also verify the number of hours
19 worked, the hourly wage rate paid, and the amount paid by the Contractor for health
20 benefits, if any, for each of its Employees. The certified monitoring reports shall also state
21 the name and identification number of the Contractor's current health care benefits plan,
22 and the Contractor's portion of the premiums paid as well as the portion paid by each
23 Employee. All certified monitoring reports shall be submitted on forms provided by the
24 County (*Exhibit L and Exhibit M*), or other form approved by the County which contains the
25 above information. The County reserves the right to request any additional information it
26 may deem necessary. If the County requests additional information, the Contractor shall
27 promptly provide such information. The Contractor, through one of its officers, shall certify
28 under penalty of perjury that the information contained in each certified monitoring report is
29 true and accurate.

30 D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and

1 Claims: During the term of the Contract, if the Contractor becomes aware of any labor
2 law/payroll violation or any complaint, investigation or proceeding ("claim") concerning any
3 alleged labor law/payroll violation (including but not limited to any violation or claim
4 pertaining to wages, hours and working conditions such as minimum wage, prevailing
5 wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful
6 employment discrimination), the Contractor shall immediately inform the County of any
7 pertinent facts known by the Contractor regarding same. This disclosure obligation is not
8 limited to any labor law/payroll violation or claim arising out of the Contractor's contract
9 with the County, but instead applies to any labor law/payroll violation or claim arising out of
10 any of the Contractor's operations in California.

11 E. County Auditing of Contractor Records: Upon a minimum of twenty-four (24)
12 hours' written notice, the County may audit, at the Contractor's place of business, any of
13 the Contractor's records pertaining to the Contract, including all documents and
14 information relating to the certified monitoring reports. The Contractor is required to
15 maintain all such records in California until the expiration of four years from the date of
16 final payment under the Contract. Authorized agents of the County shall have access to all
17 such records during normal business hours for the entire period that records are to be
18 maintained.

19 F. Notifications to Employees: The Contractor shall place County-provided
20 living wage posters at each of the Contractor's places of business and locations where
21 Contractor's Employees are working. The Contractor shall also distribute County-provided
22 notices to each of its Employees at least once per year. The Contractor shall translate into
23 Spanish and any other language spoken by a significant number of Employees the posters
24 and handouts.

25 G. Enforcement and Remedies: If the Contractor fails to comply with the
26 requirements of this Sub-paragraph, the County shall have the rights and remedies
27 described in this Sub-paragraph in addition to any rights and remedies provided by law or
28 equity.

29 (1) Remedies For Submission of Late or Incomplete Certified Monitoring
30 Reports: If the Contractor submits a certified monitoring report to the County after the date

1 it is due or if the report submitted does not contain all of the required information or is
2 inaccurate or is not properly certified, any such deficiency shall constitute a breach of the
3 Contract. In the event of any such breach, the County may, in its sole discretion, exercise
4 any or all of the following rights/remedies:

5 (a) Withholding of Payment: If the Contractor fails to submit
6 accurate, complete, timely and properly certified monitoring reports, the County may
7 withhold from payment to the Contractor up to the full amount of any invoice that would
8 otherwise be due, until Contractor has satisfied the concerns of the County, which may
9 include required submittal of revised certified monitoring reports or additional supporting
10 documentation.

11 (b) Liquidated Damages: It is mutually understood and agreed
12 that the Contractor's failure to submit an accurate, complete, timely and properly certified
13 monitoring report will result in damages being sustained by the County. It is also
14 understood and agreed that the nature and amount of the damages will be extremely
15 difficult and impractical to fix; that the liquidated damages set forth herein are the nearest
16 and most exact measure of damages for such breach that can be fixed at this time; and
17 that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's
18 breach. Therefore, in the event that a certified monitoring report is deficient, including but
19 not limited to being late, inaccurate, incomplete or uncertified, it is agreed that the County
20 may, in its sole discretion, assess against the Contractor liquidated damages in the
21 amount of \$100 per monitoring report for each day until the County has been provided with
22 a properly prepared, complete and certified monitoring report. The County may deduct
23 any assessed liquidated damages from any payments otherwise due the Contractor.

24 (c) Termination: The Contractor's continued failure to submit
25 accurate, complete, timely and properly certified monitoring reports may constitute a
26 material breach of the Contract. In the event of such material breach, the County
27 may, in its sole discretion, terminate the Contract.

28 (2) Remedies for Payment of Less Than the Required Living Wage: If
29 the Contractor fails to pay any Employee at least the applicable hourly living wage rate,
30 such deficiency shall constitute a breach of the Contract. In the event of any such breach,

1 the County may, in its sole discretion, exercise any or all of the following rights/remedies:

2 (a) Withholding Payment: If the Contractor fails to pay one or
3 more of its Employees at least the applicable hourly living wage rate, the County may
4 withhold from any payment otherwise due the Contractor the aggregate difference
5 between the living wage amounts the Contractor was required to pay its Employees for a
6 given pay period and the amount actually paid to the employees for that pay period. The
7 County may withhold said amount until the Contractor has satisfied the County that any
8 underpayment has been cured, which may include required submittal of revised certified
9 monitoring reports or additional supporting documentation.

10 (b) Liquidated Damages: It is mutually understood and agreed
11 that the Contractor's failure to pay any of its Employees at least the applicable hourly living
12 wage rate will result in damages being sustained by the County. It is also understood and
13 agreed that the nature and amount of the damages will be extremely difficult and
14 impractical to fix; that the liquidated damages set forth herein are the nearest and most
15 exact measure of damages for such breach that can be fixed at this time; and that the
16 liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach.
17 Therefore, it is agreed that the County may, in its sole discretion, assess against the
18 Contractor liquidated damages of \$50 per Employee per day for each and every instance
19 of an underpayment to an Employee. The County may deduct any assessed liquidated
20 damages from any payments otherwise due the Contractor.

21 (c) Termination: The Contractor's continued failure to pay any of
22 its Employees the applicable hourly living wage rate may constitute a material breach of
23 the Contract. In the event of such material breach, the County may, in its sole discretion,
24 terminate the Contract.

25 (3) Debarment: In the event the Contractor breaches a requirement of
26 this Sub-paragraph, the County may, in its sole discretion, bar the Contractor from the
27 award of future County contracts for a period of time consistent with the seriousness of the
28 breach, not to exceed three years.

29 H. Use of Full-Time Employees: The Contractor shall assign and use full-time
30 Employees of the Contractor to provide services under the Contract unless the Contractor

1 can demonstrate to the satisfaction of the County that it is necessary to use non-full-time
2 Employees based on staffing efficiency or County requirements for the work to be
3 performed under the Contract. It is understood and agreed that the Contractor shall not,
4 under any circumstance, use non-full-time Employees for services provided under the
5 Contract unless and until the County has provided written authorization for the use of
6 same. The Contractor submitted with its proposal a full-time Employee staffing plan. If the
7 Contractor changes its full-time Employee staffing plan, the Contractor shall immediately
8 provide a copy of the new staffing plan to the County.

9 I. Contractor Retaliation Prohibited: The Contractor and/or its Employees
10 shall not take any adverse action which would result in the loss of any benefit of
11 employment, any contract benefit, or any statutory benefit for any Employee, person or
12 entity who has reported a violation of the Living Wage Program to the County or to any
13 other public or private agency, entity or person. A violation of the provisions of this Sub-
14 paragraph may constitute a material breach of the Contract. In the event of such
15 material breach, the County may, in its sole discretion, terminate the Contract.

16 J. Contractor Standards: During the term of the Contract, the Contractor shall
17 maintain business stability, integrity in employee relations and the financial ability to pay a
18 living wage to its employees. If requested to do so by the County, the Contractor shall
19 demonstrate to the satisfaction of the County that the Contractor is complying with this
20 requirement.

21 K. Employee Retention Rights:

22 *(Note: This Sub-paragraph applies only if the contract involves the*
23 *provision of services that were previously provided by a Contractor under a predecessor*
24 *Proposition A contract or a predecessor cafeteria services contract, which predecessor*
25 *contract was terminated by the County prior to its expiration.)*

26 (1) Contractor shall offer employment to all retention employees who
27 are qualified for such jobs. A "retention employee" is an individual:

28 (a) Who is not an exempt employee under the minimum wage
29 and maximum hour exemptions defined in the federal Fair Labor Standards Act; and

1 (b) Who has been employed by a Contractor under a
2 predecessor Proposition A contract or a predecessor cafeteria services contract with the
3 County for at least six (6) months prior to the date of this new Contract, which
4 predecessor contract was terminated by the County prior to its expiration; and

5 (c) Who is or will be terminated from his or her employment as a
6 result of the County entering into this new contract.

7 (2) Contractor is not required to hire a retention employee who:

8 (a) Has been convicted of a crime related to the job or his or her
9 performance; or

10 (b) Fails to meet any other County requirement for employees of
11 a Contractor.

12 (3) Contractor shall not terminate a retention employee for the first 90
13 days of employment under the contract, except for cause. Thereafter, Contractor may
14 retain a retention employee on the same terms and conditions as Contractor's other
15 employees.

16 L. Neutrality in Labor Relations: The Contractor shall not use any
17 consideration received under the Contract to hinder, or to further, organization of, or
18 collective bargaining activities by or on behalf of the Contractor's employees, except that
19 this restriction shall not apply to any expenditure made in the course of good faith
20 collective bargaining, or to any expenditure pursuant to obligations incurred under a bona
21 fide collective bargaining Contract, or which would otherwise be permitted under the
22 provisions of the National Labor Relations Act.

23 59. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY
24 AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45
25 C.F.R. PART 76): The Contractor hereby acknowledges that the County is prohibited from
26 contracting with and making sub-awards to parties that are suspended, debarred,
27 ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded
28 from securing federally funded contracts. By executing this Agreement, Contractor
29 certifies that neither it nor any of its owners, officers, partners, directors or other principals
30 is currently suspended, debarred, ineligible, or excluded from securing federally funded

1 contracts. Further, by executing this Agreement, Contractor certifies that, to its knowledge,
2 none of its subcontractors, at any tier, or any owner, officer, partner, director or other
3 principal of any subcontractor is currently suspended, debarred, ineligible, or excluded
4 from securing federally funded contracts. Contractor shall immediately notify County in
5 writing, during the term of this Agreement, should it or any of its subcontractors or any
6 principals of either be suspended, debarred, ineligible, or excluded from securing federally
7 funded contracts. Failure of Contractor to comply with this provision shall constitute a
8 material breach of this Agreement upon which the County may immediately terminate or
9 suspend this Agreement.

10 60. CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE:

11 The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates
12 entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004"
13 (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring
14 Contractors to complete the certification in Attachment IX, the County seeks to ensure that
15 all County contractors which receive or raise charitable contributions comply with California
16 law in order to protect the County and its taxpayers. A Contractor which receives or raises
17 charitable contributions without complying with its obligations under California law commits
18 a material breach subjecting it to either contract termination or debarment proceedings or
19 both. (County Code Chapter 2.202)

20 61. NOTICES: All notices or demands required or permitted to be given under this
21 Agreement shall be in writing and shall be delivered with signed receipt or mailed by first
22 class, registered or certified mail, postage pre-paid, addressed to the parties at the
23 following addresses and to the attention of the persons named. Director shall have the
24 authority to execute all notices or demands which are required or permitted by County
25 under this Agreement. Addresses and persons to be notified may be changed by either
26 party by giving ten (10) days prior written notice thereof to the other party.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

Sin pena. Sin culpa. Sin peligro.

Los recién nacidos pueden ser entregados en forma segura en la sala de emergencia de cualquier hospital o en un cuartel de bomberos del Condado de Los Angeles.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

EXECUTIVE SUMMARY

OVERVIEW

The LAC+USC Medical Center has partnered with the Keck School of Medicine of the University of Southern California since 1885. Among the key services delivered by this partnership are the Los Angeles County + University of Southern California Medical Center (LAC+USC) Psychiatric Emergency Services (PES), the LAC+USC psychiatric inpatient service that currently includes 61 adult inpatient beds and 10 beds serving adolescents, one of the country's most active psychiatric consult services, a forensics program, and an active outpatient division. This partnership is also one of the country's largest psychiatric training programs focused on community psychiatry with over 70 training positions. Over the last two years the University of Southern California has committed to a strategic plan to partner with Los Angeles County in the redesign of mental health services and educational programs to optimize both the delivery of care and the training of our future mental health providers trained in multidisciplinary models of care.

To address the particularly challenging issues related to the LAC+USC psychiatric services, most importantly the Psychiatric Emergency Services (PES), University of Southern California, Keck School of Medicine, in collaboration with the Department of Mental Health (DMH) and the Department of Health Services (DHS) has developed an implementation plan for the USC Psychiatric Urgent Care Center (PUCC). Emphasis will be on highly specialized, intensive interventions, including rapid stabilization, engagement with mental health specialists, and linkage to community-based services ensuring that present gaps in the client recovery continuum are bridged. The elements of this plan are presented in the USC PUCC final report and focus on the development of a network of specialized outpatient alternatives to the use of PES and inpatient services. The USC PUCC will work in close coordination with the existing PES and psychiatric inpatient and outpatient programs at LAC+USC. This service will be a key component in a model continuum of care. It is not designed, nor could it replace, any of the existing services, especially the PES and inpatient services provided by LAC+USC.

The USC PUCC will ultimately be located adjacent to the LAC+USC PES in the LAC+USC replacement facility and will provide 24 hours per day/7days per week care for clients in crisis who do not require hospitalization, but could be stabilized with intensive outpatient services. The design of the PUCC is predicated on the continuation of the LAC+USC PES. Clients will be triaged so that clients who can be treated in the USC PUCC will go there and those truly in need of emergency services will go to the appropriate level of care in the LAC+USC PES. We believe that a significant group of clients, possibly as many as 45-50% of the 800 clients per month now receiving care at the LAC+USC PES and a portion of the ~ 150-200 clients receiving psychiatric consults in the medical-surgical emergency services,

will be optimally served in the PUCC as these clients present with need for urgent and intensive outpatient care but not with need for emergency care. The triage of patients is a critical element to the success of the overall system.

MISSION

The goal of augmentation of the LAC+USC continuum of psychiatric services that would include the PUCC is to relieve the increasing demand for services at the LAC+USC PES; not to replace the critically needed emergency care that can only be delivered appropriately in an Emergency Service. As planned, the USC PUCC will, upon the opening of the new replacement facility, provide 24/7 intensive outpatient psychiatric services; to promote integrated treatment for mental health clients and provide linkage to community resources, particularly recovery-oriented services as outlined in the DMH Mental Health Services Act (MHSA) Community Services and Supports (CSS) Plan.

It is estimated that the USC PUCC will divert approximately **5,000** seriously mentally ill clients annually from the PES and the LAC+USC inpatient units, thus alleviating the overcrowded conditions in those programs. The LAC+USC PES which would continue to serve over **9,000 patients** per year. **We propose to operate at a census of up to 20 adults and 4 children or adolescents during the day and at a census of 10 adults and 2 children or adolescents during the evening and night shifts. The service is designed to see as many as 25 visits per day over the 24 hours of operation.**

Clients appropriate for referral to the USC PUCC include:

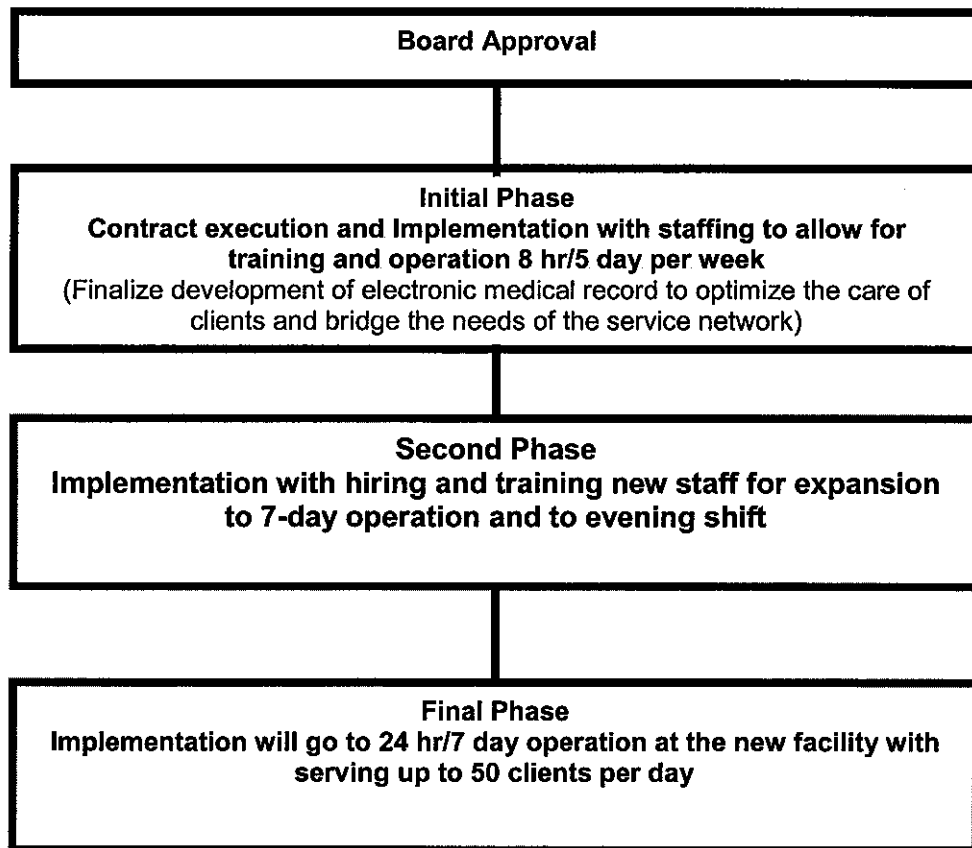

- Voluntary clients who do not require acute hospitalization
- Clients who would benefit from additional mental health services, including medication, after discontinuance of 5150 status by a psychiatrist
- Clients placed on 5150 holds that could be discontinued within a few hours of admission
- Clients for whom 5150 justification may no longer exist once they receive basic services, i.e. food, shelter, follow-up care, etc.
- Clients whose presenting problems require community-based solutions

Clients not-appropriate for referral to the USC PUCC include

- Clients with potential co-morbid emergency medical conditions
- Clients in likely need of admission to inpatient services
- Clients who may have an acute intoxication that may cause medical complications
- Clients who are actively suicidal
- Clients who are in need of restraints or seclusion
- Clients who are in need of acute intravenous treatment

USC Pucc Implementation Plan

USC Psychiatry is working together with DMH and DHS to develop an implementation timeline that will enable the new USC Pucc to begin implementation July, 2007 contingent on Board of Supervisor's approval. In the initial configuration, we plan to operate weekdays with a model of walk-in access to outpatient care. This will, over the first few months create a far better level of immediate access to care and begin to divert some of the patients from the LAC+USC PES.

Electronic Medical Record: During the initial phase, we plan to finalize the development of an electronic medical record that is specifically designed to optimize the care of our clients and bridge the needs of services that are a collaboration between DMH and DHS. Ultimately, a number of clients will be shared by the LAC+USC hospital based services including the PES, the USC PUC, and the outpatient clinic. The USC based providers will also span these services regardless of whether DHS operated or DMH supported. This new record will be able to output electronic or paper versions of either the DHS based record forms or the DMH based record forms and present the clinical information optimally for the clinicians providing care in either service. Moreover, we intend to use this tool for all of our services in a staged implementation to eliminate as many barriers as possible. The design will be entirely compliant with all HIPPA regulations and respectful of client and family confidentiality. We plan to integrate this into training for all providers as we expand our role in educating mental health providers in multiple disciplines.

Emergency Services Simulation of the Effect on Medical and Surgical Patients: Revealed that the absence of the PUC would lead to overwhelming the waiting rooms, an increase in the average length of stay (ALOS) for all med/surg/psych patients in the ER in the Emergency Room from 9 hours to 12 hours and an increase in the psychiatric ALOS from 16 hours to 36 hours. No simulations were performed assuming no LAC+USC PES. All models have always assumed an on-going functioning LAC+USC PES.

Budget detailing costs and projected revenues: A full budget with both costs and projected revenues has been delivered to DMH. It is a balanced budget with approximately \$4,000,000 in revenues and expenses.

The final stage of implementation will go to 24 hour/7-day operation at the new facility timed to begin as the Emergency Services open in the new facility. The service will have the ability to treat up to 25 clients per day, including up to 12 that may need a max of 23 hours of service and may be treated overnight. This will include a full integration of USC Clinical Staff and Trainees on both the LAC+USC PES and the USC PUC. Patients will be able to smoothly and seamlessly transition between services in both directions as determined by clinical need.

CONCLUSION

DMH, DHS and USC recognize the critical need for an Urgent Care Center at LAC+USC that embodies a system-wide commitment to providing integrated treatment, minimizes involuntary psychiatric recidivism and psychiatric emergency service overcrowding and supports clients with improved mental health and recovery.

OVERVIEW

LAC+USC has been a key partner of the Keck School of Medicine of the University of Southern California since 1885. It is among the largest teaching hospitals in the country. Staffed by more than 450 full-time faculty of the Keck School and approximately 850 medical residents in training, LAC+USC services 50,000 inpatients and 750,000 outpatients annually. Among its specialized programs are a closely integrated set of mental health services delivered through the Department of Psychiatry and Behavioral Sciences of the University of Southern California and the LAC+USC Health Network. These include the Psychiatric Emergency Services (PES), an inpatient service that currently includes 61 adult inpatient beds and 10 beds serving adolescents, one of the country's most active psychiatric consult services, a forensics program, and an active outpatient division. USC and the LAC+USC Medical Center are also one of the country's largest psychiatric training programs focused on community psychiatry with over 70 training positions. Over the last two years the University of Southern California has committed to a strategic plan to partner with Los Angeles County in the redesign of mental health services and educational programs to optimize both the delivery of care and the training of our future mental health providers trained in multidisciplinary models of care.

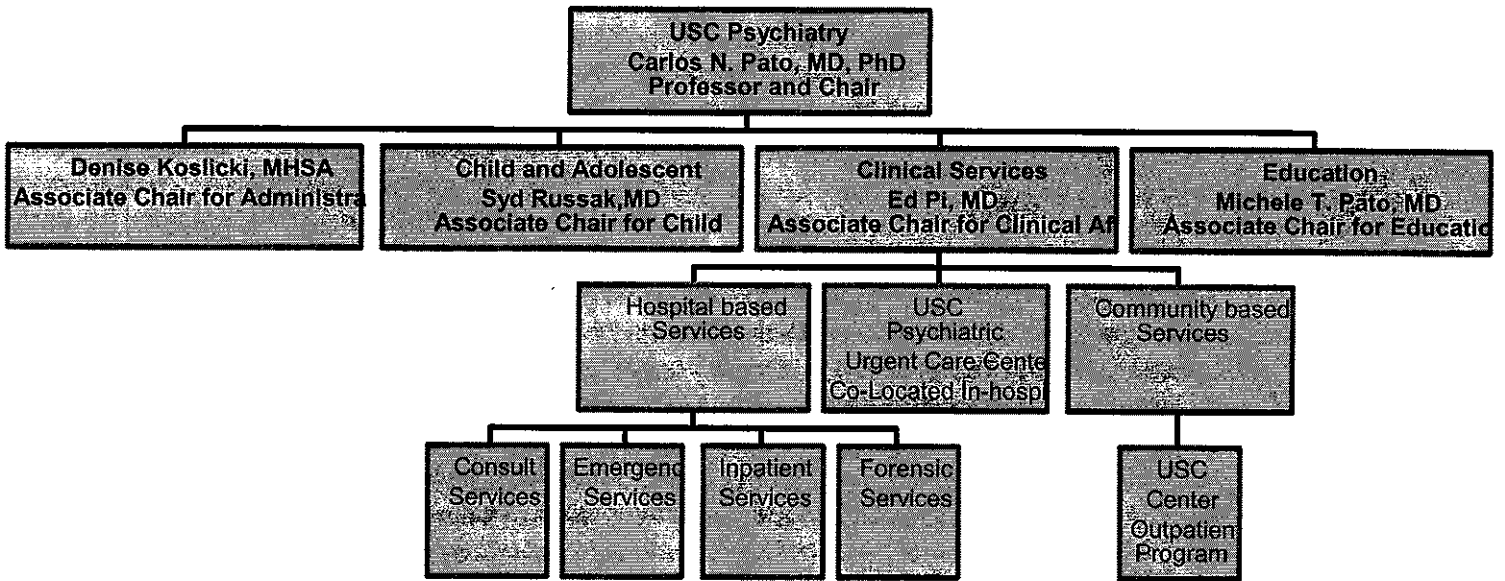

To address the particularly challenging issues related to the LAC+USC psychiatric services, most importantly the PES, the University of Southern California School of Medicine (USC), in collaboration with the Department of Mental Health (DMH) and the Department of Health Services (DHS) has developed an implementation plan for the USC Psychiatric Urgent Care Center (PUCC).

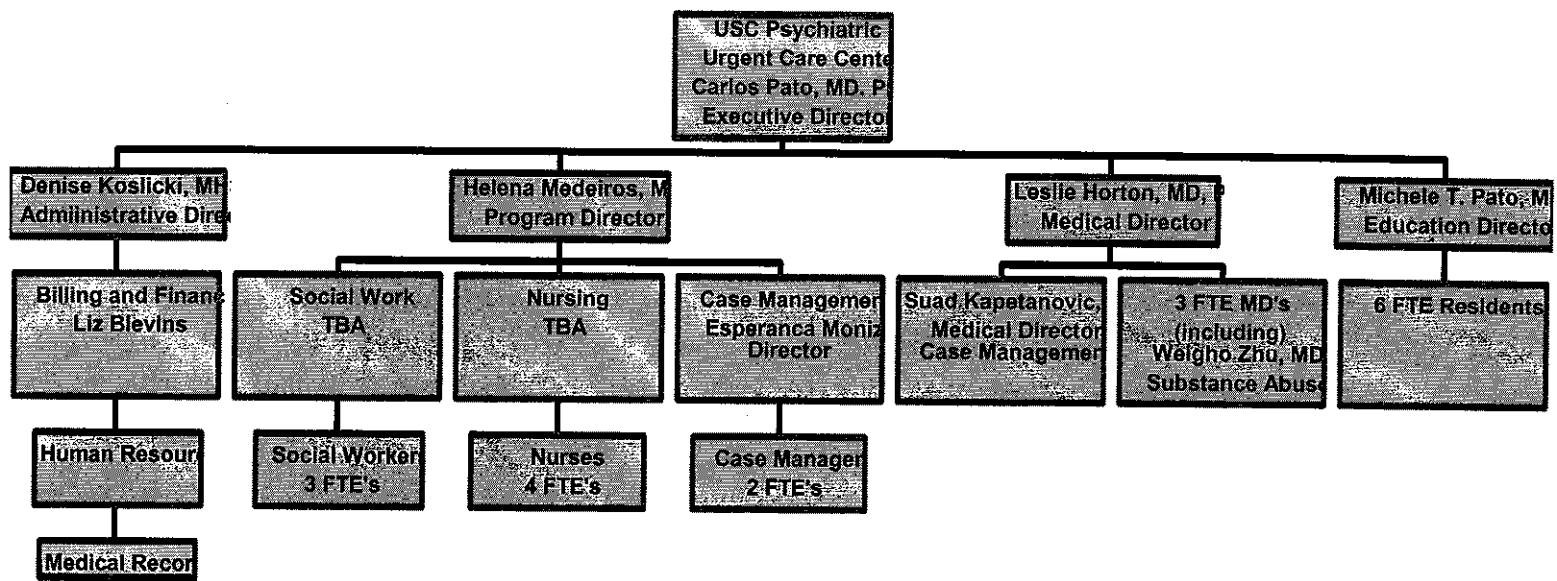

Emphasis will be on highly specialized, intensive interventions, including rapid stabilization, engagement with mental health specialists, linkage to community-based services and a time-limited intensive services component, ensuring that present gaps in the client recovery continuum are bridged. The elements of this plan are focused on the development of a network of specialized outpatient alternatives to the use of PES and inpatient services. The PUCG will work in close coordination with the existing PES and psychiatric inpatient and outpatient programs at LAC+USC. This service will be a key component in a model continuum of care. It is not designed nor could it replace any of the existing services, especially the PES provided by LAC+USC.

The PUCG will ultimately be located adjacent to the LAC+USC PES in the LAC+USC replacement facility and will provide 24/7 care for clients in crisis who do not require hospitalization, but could be stabilized with intensive outpatient services. The design of the PUCG is predicated on the continuation of the LAC+USC PES. Clients will be triaged both on accessing care at the PES and when presenting for care directly to the PUCG to assure that they are assessed at the appropriate level of care. We believe that a significant group of clients now receiving care at the LAC+USC PES will be optimally served in the PUCG as these clients present with need for urgent and intensive outpatient care but not with need for emergency care. The triage of clients is a critical element to the success of the overall system.

The organization of the services at LAC+USC with the inclusion of the PUCC is presented in the following organizational charts:

University of Southern California
Department of Psychiatry and the Behavioral Sciences

BACKGROUND

LAC+USC is the largest single provider of healthcare in Los Angeles County and offers critical access to healthcare services for the region's medically underserved. This situation is compounded by the fact that approximately 60% of individuals in need of emergent services are indigent, homeless or at risk of homelessness, without adequate social support systems, and often suffering from co-occurring mental health, medical and/or substance abuse disorders. Overcrowded emergency room conditions and the lack of sufficient essential community resources for aftercare have combined to create a crisis in the emergency system of Los Angeles County

LAC+USC PES currently serves approximately 1,000 individuals per month (including 800 direct patients and 200 consults to the medical surgical portion of the Emergency Service), approximately 45%-50% of whom require treatment of a non-emergent nature. The former psychiatric units of the King/Drew Medical Center are now licensed as part of the LAC+USC Health Network's psychiatry inpatient service and are integrated with our other services.

Lack of availability of inpatient beds has chronically created a backlog, consequently, the LAC+USC PES is faced with extensive overcrowding and is unable to function as an acute unit due to extended length of stays for those waiting for inpatient beds. **Subsequently, those patients not in need of emergency services or hospital admission, are evaluated for medication management primarily by faculty psychiatrists and psychologists and often are unable to receive any additional services.** To relieve overcrowding, and prevent recidivism, it is essential that clients be redirected from the PES to the PUCC and definitively linked to the appropriate level of outpatient services and ongoing care.

MISSION

The goal of augmentation of the LAC+USC continuum of outpatient services that would include the PUCC is to relieve the increasing demand for services at the LAC+USC PES; not to replace the critically needed emergency services that can only be delivered appropriately in a PES. As planned, the PUCC will, upon the opening of the new replacement facility, provide 24/7 intensive outpatient psychiatric services for individuals without other resources; to promote integrated treatment for mental health clients and provide linkage to community resources, particularly recovery-oriented services as outlined in the DMH MHSA CSS plan.

PROPOSED PHYSICAL PLANT

The USC PUCG physical plant is proposed to be located on the ground floor of the new outpatient tower in the new replacement facility. This space is immediately adjacent to the triage area for the emergency services where all walk in patients will arrive. The front four areas will be dedicated to an adult holding area and a separate child and adolescent holding area with a set of offices for interviewing, assessment, and treatment immediately adjacent. The holding areas for adults are immediately connected to the nursing station, while the child and adolescent area will have direct observation when in use.

Below (page 13), is a floor plan of the 1st floor of the outpatient tower, the lower blue section is the proposed home of the USC PUCG, and the second tower on the right is the emergency services for all patients.

Assessment, crisis intervention, medication support and mental health services will be available 24/7 for persons brought to the PUCC in crisis who do not require hospitalization, but could be stabilized with intensive outpatient services. Client's length of stay will be less than 24 hours.

Emphasis will be on highly specialized and intensive interventions, including rapid stabilization; engagement with mental health specialists; linkage to services, housing and other supports within the local community; and a time-limited intensive services component. The intensive integrated services component will serve individuals upon discharge from the PUCC who have serious and persistent mental illnesses and whose community functioning is critically impaired and requires follow-up. The intensive services team will link clients to community-based services that will ensure that present gaps in their recovery continuum are bridged.

Particular attention will be given to linking clients who frequently utilize emergency services, psychiatric inpatient units and jails with intensive, integrated, community-based programs, such as Full Service Partnerships (FSP), AB 2034 Programs and Assertive Community Treatment (ACT). These DMH supported community providers will engage, enroll, and offer clients a range of personalized recovery and social development/support services. The services provided include: crisis assessment and intervention; medication prescription, provision of co-occurring substance abuse and mental health treatment; case management; employment/vocational services; activities of daily living; social, interpersonal relationship and leisure skill training; education; support and consultation to clients' families and other services necessary to further client recovery goals.

The PUCC will provide immediate outpatient services, which include the following:

- Comprehensive psychiatric and physical assessment
- Crisis intervention
- Medication management
- Co-occurring substance abuse interventions
- Individual and group therapy
- Referral to Countywide inpatient resources
- Linkage to intensive, integrated , community-based mental health treatment and housing resources,
- Time-limited intensive integrated services.
- Referral to Wellness and Client-Run Centers
- Emergency housing assistance, including utilization of the Department's contracted Shelter Bed facilities and other residential resources
- Collaboration with community-based and faith-based organizations
- Linkage to DMH directly operated and contracted mental health clinics.

It is estimated that the USC PUCC will divert approximately **5,000** seriously mentally ill clients annually from the PES and potential hospitalization. This

represents approximately 45 -50% of the clients currently treated in the LAC+USC PES. The Pucc, when fully implemented, will operate at a census of up to 20 adults and 4 children or adolescents during the day and at a census of 10 adults and 2 children or adolescents during the evening and night shifts. A total of 25 patients per day could be seen under current planning.

Clients appropriate for referral to the USC Pucc include:

- Voluntary clients who do not require acute hospitalization
- Clients who would benefit from additional mental health services, including medication, after discontinuance of 5150 status by a psychiatrist
- Clients placed on 5150 holds that could be discontinued within a few hours of admission
- Clients for whom 5150 justification may no longer exist once they receive basic services, i.e. food, shelter, follow-up care, etc.
- Clients whose presenting problems require community-based solutions

Clients not-appropriate for referral to the USC Pucc include

- Clients with potential co-morbid emergency medical conditions
- Clients in likely need of admission to inpatient services
- Clients who may have an acute intoxication that may cause medical complications
- Clients who are actively suicidal
- Clients who are in need of restraints or seclusion
- Clients who are in need of acute intravenous treatment

NETWORK OF SERVICES – SERVICE INTEGRATION

Since November 2004 DMH and DHS have collaborated to establish DMH liaisons in the PES and on the inpatient units to link clients to community-based, contract and directly operated services. This collaboration builds on new and existing community support services. The liaisons assist in the coordination of psychiatric services via evaluation of clients for appropriate level of care upon discharge, consultation with hospital staff, participation in treatment planning and development of discharge plans, and facilitation of linkage to services in the community.

The passage of the MhSA has provided the opportunity to transform the mental health service delivery system. Definitive linkage to community services upon release from inpatient and psychiatric emergency services is a major factor influencing reduction of recidivism. Programs and services being implemented include Full Service Partnerships (FSP), Wellness and Client-Run Centers, Service Area (SA) Navigation Teams, Jail Transition and Linkage Services, Intensive Residential Services, Institution for Mental Diseases (IMD) Step-down Facilities, Housing Services, and Benefits Establishment Specialists.

The USC PUCG will be a key link into the existing DHS services provided at the LAC + USC Medical Center including inpatient psychiatric services and psychiatric emergency services. It will also be operated in a highly integrated fashion with the proposed **LAC+USC outpatient services and the USC Center for Familial Mental Health**, currently under consideration. The USC Center for Familial Mental Health is a new program proposal that is under development in collaboration with DMH and DHS that will operate fully integrated with the USC PUCG and the other LAC+USC psychiatric outpatient services. In addition, services will be linked to a network of community-based services including residential care, FSPs and other intensive, integrated services programs, outpatient care and Wellness / Client-Run Centers.

Enrollment in FSP Programs is available to individuals released from the USC PUCG. Utilizing a "whatever it takes" approach, enrolled clients will receive a range of supports necessary to accelerate recovery and wellness. The PUCG will link clients to FSP Programs, including those within the vicinity of the PUCG provided by Portals, Special Service for Groups, California Hispanic Commission, Telecare Corporation, IMCES and DMH directly operated clinics.

Wellness / Client-Run Centers focus on promoting recovery and sustained wellness through an emphasis on pro-active behavior, preventative strategies, self-responsibility and improved physical health and well being. These centers are intended to ensure that services are provided in a mutual recovery-oriented environment. Wellness Centers are being established at Hollywood Mental Health Center, Northeast Mental Health Center, Downtown Mental Health Center and in Boyle Heights. The PUCG will also collaborate closely with the SA Navigation Teams to further enhance clients' awareness of and access to community-based services.

IMD Step-down and other Intensive Residential resources are available to provide mental health services in a residential setting for individuals being discharged from higher levels of care including the PUCG. These resources include Gateways Percy Village, located in SA 4. The network of services also includes ten short-term acute inpatient beds at White Memorial Hospital and a proposed Acute Diversion Program (ADP) dedicated to individuals being discharged from inpatient units or the USC PUCG. The proposed ADP is a 10-12 bed Crisis Residential Program to be located in proximity to the LAC+USC Medical Center and the USC PUCG that will provide dedicated bed availability as an alternative for individuals in the USC PUCG who require further stabilization and secured placement. These residential and inpatient resources will be accessed through Countywide Resource Management via the DMH liaisons.

Education and Research Initiative

USC Psychiatry's primary missions are clinical care, education, and research. Los Angeles County and the State of California are extremely underserved in terms of psychiatrists in general and especially those trained in community and recovery focused multidisciplinary team models. The State is currently under court order to identify hundreds of new psychiatrists for urgent vacancies. The workforce education and development mission is a major aspect of our program. The critical need to develop a workforce with new skills and a fresh perspective oriented toward recovery and resilience is underscored by this plan. USC will also partner with DMH in training a number of specialists in other disciplines focused on this team model. A special feature of this plan is the initiation of an academic training track that will focus on the development of clinician-educators. This program addresses another extremely important workforce need to assure an ongoing pipeline of experts in training future providers. USC is unique in having designed such a training track.

USC has a long tradition of training the county's leaders in community psychiatry. The proposed USC Center for Familial Mental Health will extend this to a new structured curriculum focused on family centered multidisciplinary team approaches that integrates a curriculum for peer and family advocates, nurses, nurse practitioners, co-occurring disorders counselors, marriage and family therapists, social workers and psychologists. Training is envisioned as occurring with an interdisciplinary faculty so that both students and faculty reflect the philosophy that it is not one's discipline, but one's expertise that defines one's value as a member of the team. We also hope to partner with the peer volunteer training programs offered by the National Mental Health Association of Greater Los Angeles and Project Return: The Next Step, and with NAMI of Urban Los Angeles.

With regard to program evaluation and research related to this Center, our Mental Health Services Research Center has ongoing National Institute of Health funded research on mental health care for Latino clients, and hopes to partner with DMH on some of the five projects that the National Institute of Mental Health has agreed to fund in collaboration with DMH.

Clinical Implementation

The Department of Psychiatry of the University of Southern California, as per contracted scope of work, has worked closely in collaboration with DMH and DHS to design a PUCC to operate in close integration with the clinical and teaching services of LAC-USC Health Network.

To date, we have addressed many major issues faced in developing a premiere educational and clinical service. Below please find a specific update on each of the major areas in the scope of the project:

- Clinical Services
 - The University of Southern California Department of Psychiatry (USC Psychiatry) proposes to create an integrated ambulatory treatment system focused on care for clients of all ages in the context of their family and social support systems. The USC PUCG will be a major part of this system dedicated to providing urgent access to care as a clear alternative to the LAC+USC PES and brief crisis intervention to assure that patients are afforded the best care in the least restrictive setting. This innovative program is designed to fit as a component of the County's integrated network of mental health services and provide a model center for the delivery of care and, importantly, the education and training of a variety of mental health specialists, including psychiatrists, psychologists, social workers, and other disciplines. The importance of caring for the whole person through services that are family-focused and that promote wellness, recovery, resilience is critical to the service delivery, but equally important to the training of future providers.
 - We have developed a clinical services design that is included in the negotiation package delivered to DMH in May 2007. We have been meeting weekly with DMH and DHS, which has included DMH Program Review, CIOB, Pharmacy Program, Finance, and Contracts Division.
 - A critical element of the design is that most of the senior staff and clinical staff will be educators since we will be a major training site for a number of disciplines that are in extreme shortage in this county, as well as state-wide. Moreover, the design will include a number of faculty that will work both under services provided by DHS and by DMH promoting the highest level of integration.
 - As noted in the initial phase, our implementation plan for the new program has a staged approach. Upon initiation of the contract we will begin with an initial staffing that will allow for training and 8 hour/5 day per week operation. The start-up period will allow for urgent evaluations during regular weekdays and acute follow-up.
 - The second stage of implementation will involve hiring and training new staff to allow for a gradual expansion to 7-day operation and to the evening shift. This will be staged to link with the occupancy of the permanent space in the new LAC-USC Medical Center.
 - The final stage of implementation will be the 24 hour/7-day operation at the new facility timed to begin as the Emergency Services open in the new facility. The service will have the ability to treat up to 25 clients per day, up to twelve that need a max of 23 hours of service and may be treated overnight.
 - Timing for each stage is entirely linked to the County implementation plan for the new LAC-USC medical Center occupancy.
- Integrated treatment of co-occurring mental illness and substance abuse

- The importance of co-occurring mental illness and substance abuse is clear and both the delivery of care and the training programs will be structured to be sensitive to this.
- We have hired a Medical Director for education and treatment of substance abuse and co-occurring mental illness who has agreed to take on the role as of the expected July 1st start date. He is helping develop this component and will lead the implementation plan for this area.
- In collaboration with DMH we have also arranged for DMH to provide funding to DHS Alcohol and Drug Program Administration to amend its contract with California Hispanic to provide CASC services on site at the PUCC. This will include clinical assessment for co-occurring mental illness and substance abuse, engagement and referral to community service centers for residential or other types of programs based on individual assessment and need.
- Policies and procedures addressing all areas of service delivery and the training program:
 - All policy manuals addressing these areas are being revised. Given the innovative nature of this program the implementation plan calls for ongoing development of policies and design during the implementation phase. The full implementation will be tied to LAC+USC occupying the new facility. As this is projected to occur over the next twelve months a number of policy and operations issues will be developed during the first year of operation to allow for the optimal implementation of the program.
 - We will be developing all policies in close collaboration with DMH, believing the success of this program is dependent in being able to work extremely closely with DMH and DHS. For example, we have begun to meet with DMH program review staff regarding requirements for Medi-Cal Certification, including required policies and procedures for certification.
- Budget detailing costs and projected revenues
 - A full budget with both costs and projected revenues has been delivered to DMH as part of the negotiating package, and is summarized here:

Budget Summary

Personnel-Admin/Support	\$ 478,500
Personnel-Clinical Providers and Trainees	\$ 2,114,900
Supplies & Services	\$ 377,600
Facilities-Rent/Lease	\$ 274,700
Administrative Indirect	\$ 412,800
	\$ 3,658,500*

Revenue Sources

Non-EPSDT Medi-Cal (FFP only)	\$ 280,500
EPSDT Medi-Cal (FFP only)	\$ 82,000
Fee For Service (FFP only)	\$ 7,500
Fee For Service State Consolidation	\$ 7,500
MHSA Cross Cutting-Urgent Care	\$ 3,211,000
EPSDT-SGF	\$ 70,000
	\$ 3,658,500*

*Subsequent to the preparation of this Report, DMH and USC agreed that DMH would continue to reimburse DHS directly for the cost of the UCC psychiatry residents, thus reducing the full year budget summary presented in the Report by \$341,400 for a total full year MCA of \$3,658,500.

- **Staffing and recruitment**
 - A staffing and recruitment model has been discussed in detail with DMH and presented in the negotiating package. As mentioned above, the plan will include a variety of trainees in multiple disciplines operating under close supervision side-by-side with expert clinician-educators. The focus will be on multidisciplinary teams and the preparation of new providers in the context of the model for care.
 - As noted earlier, we will have to follow a time-line for recruitment and staffing that is conditioned on occupancy of the new LAC-USC Medical Center.
- **Staff orientation and staffing plan**
 - An orientation and staffing model has been discussed in detail with DMH but will have to follow the implementation plan that is conditioned on occupancy of the new LAC-USC facility. The leadership staff has been identified and hired into the faculty and have been critical in the development of the program. They will lead the ongoing hiring and orientation of any new staff. Many of the positions will be shared positions with DHS funded positions at USC. For example, a faculty provider-educator could work on both the PES and the PUCF, or on the consult service and the Psychiatric Urgent Care Center.
- **Community referrals and linkage resources**
 - We have been working with DMH, particularly Service Areas 3 and 4, and Countywide Resource Management District Chiefs, Programs Heads, Service Area Advisory Committees, and DMH contracted providers to establish linkage to community-based services and resources for clients upon discharge from the USC PUCF.
- **Training program for psychiatrists, psychologists, and other mental health professionals**
 - The medical student program is well established and will be fully integrated with rotations in the USC PUCF

- The psychiatry resident training program is well established and will be fully integrated with USC PUC, as part of the trainees' ambulatory training they will be assigned 50% time to the service. This will include 12 residents at 50% time.
- We are exploring training programs for psychologists, social workers, and case managers at this time.

Final Implementation

The final stage, as noted in the summary, of implementation will go to 24 hour/7-day operation at the new facility timed to begin as the Emergency Services open in the new facility. The service will have the ability to treat up to 25 clients per day, up to twelve that need a max of 23 hours of service and may be treated overnight. This will include a full integration of USC Clinical Staff and Trainees on both the LAC+USC PES and the USC PUC. Patients will be able to smoothly and seamlessly transition between services in both directions as determined by clinical need.

GOALS AND EXPECTED OUTCOMES

For many years, administrators, planners, educators and dedicated management and line staff have struggled with the need to eliminate the silos, which exist within the current service delivery system. The integrated Mental Health Services Families Plan, through integrated teams responsible for treating individuals in their family context and for the great majority of these families' services and supports, represents an innovative and effective approach grounded in evidence based and best practices developed over recent years. USC PUC will be a major treatment, education and clinical center focused on the on-going development of the model, the critical role of workforce development, and the health services research to evaluate and constantly improve on the model of care delivery. As such, this program may serve as a model for replication by both directly operated and contracted providers throughout the County.

The primary goals and expected outcomes of the USC PUC are to:

- Reduce overcrowding in the LAC+USC PES as measured by reduced lengths of stay and daily census
- Reduce hospitalization rates among identified intensive service recipients
- Decrease utilization of the LAC+USC PES by identified high utilizers
- Increase community tenure (time spent living and working in the community)

In order to facilitate outcomes evaluation, baseline information on a variety of quality of life and other variables will be obtained upon admission of each client. The resulting data will be used to guide program adjustments to minimize recidivism and returns to the PES. Data collected will be consistent with the data

requirements of MHPA programs and will be collected in the manner required by the State Department of Mental Health.

CONCLUSION

DMH, DHS and USC recognize the critical need for an Urgent Care Center at LAC+USC that embodies a system-wide commitment to providing integrated treatment, minimizes involuntary psychiatric recidivism and psychiatric emergency service overcrowding and supports clients with improved mental health and recovery.
