SACHI A. HAMAI  
EXECUTIVE OFFICER

Dear Supervisors:

**APPROVAL OF PERFORMANCE CONTRACT NO. 06-76123-000 WITH  
THE CALIFORNIA DEPARTMENT OF MENTAL HEALTH  
FOR FISCAL YEAR 2006-2007  
(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Accept and approve the California Department of Mental Health's (State) Performance Contract No. 06-76123-000, substantially similar to Attachment I, with the County of Los Angeles - Department of Mental Health (DMH), making DMH responsible for establishing community mental health services in the County of Los Angeles, effective July 1, 2006 through June 30, 2007.
2. Approve and authorize the Chair of your Board to sign and execute an original Resolution (Attachment II), specifying that your Board has approved the State Performance Contract for Fiscal Year (FY) 2006-2007.
3. Instruct the Director of Mental Health or his designee to sign two (2) copies of the Performance Contract, substantially similar to Attachment I, with original signatures and forward them to the State.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

Board approval is required to accept the Performance Contract between the State and DMH for FY 2006-2007. An annual performance contract is required by California statute, as part of the Brosnan-McCorquodale Act. The Performance Contract is

*"To Enrich Lives Through Effective and Caring Service"*

retroactive to July 1, 2006, as a result of the late submission of the Agreement to the County by the State. The submission was delayed because of a Contract revision by the State to address the mental health services in the Tri-City area. The requested Board actions are consistent with your Board's policy on timely submission for Board approval, as noted in the Chief Administrative Officer's (CAO) memo dated September 7, 2000, to your Board under paragraph heading, Overall Policies, Circumstance No. 2, "The County is receiving funds (normally from a higher level of government)."

### **Implementation of Strategic Plan Goals**

The recommended Board actions are consistent with the principles of the Countywide Strategic Plan, Organizational Goal No. 7, "Health and Mental Health." The approved action will allow the County to fulfill its statutory duties regarding community mental health services.

### **FISCAL IMPACT/FINANCING**

Funding for the implementation of this Agreement is included in DMH's FY 2006-2007 Adopted Budget. This Performance Contract will allow the County to access and use State and Federal funds allocated for FY 2006-2007 to be expended to maintain mental health programs for the residents of Los Angeles County. All of the mental health services funded by Realignment funds are handled through Statutory Trust Accounts and are not included in the State's total contract encumbrance amount to the County.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The Performance Contract between the State and the County is mandated under Section 5650 of the Welfare and Institutions Code. The Performance Contract and the Resolution are approved by your Board each fiscal year.

The Performance Contract sets forth County authority for the implementation of County mental health programs and summarizes the provisions for each of the local mental health programs. Each summary contains a brief description of the program, the scope of work or work plan, budget requirements, and accountability. Additionally, the Performance Contract outlines the requirements the County must satisfy to justify receipt of allocations but does not specify the actual amounts. The Performance Contract also indicates the performance conditions for the County programs, including any other contract requirements.

The Contract includes language, agreed to by County Counsel and State Counsel, clarifying the County's responsibility for the provision of mental health services in the Tri-City area within Los Angeles County. This is because Tri-City Mental Health Center (Tri-City MHC), which filed for bankruptcy on February 13, 2004, still has the responsibility for mental health services in the Tri-City service area. Since Tri-City MHC receives Realignment funding, it will be responsible for non-Medi-Cal mental health services in the Tri-City service area. If Tri-City MHC ceases to exist, County will assume responsibility for non-Medi-Cal mental health services in the Tri-City service area. If Tri-City MHC continues in existence, but information indicates that it is unable to continue providing an adequate range of non-Medi-Cal mental health services in an acceptable manner, State and DMH will meet and negotiate as to what action or actions, if any, should be taken, including, but not limited to, what mental health services and funding, if any, should be shifted to the County. A mutual agreement reached to shift service responsibilities and funding to the County will require an amendment to the Performance Contract.

The Resolution has been approved as to form by County Counsel. County Counsel and the CAO have reviewed and approved the proposed actions.

DMH's clinical and administrative staff are assigned to supervise and administer agreements, monitor contract compliance, evaluate programs to ensure that quality services are being provided to clients, and ensure that Agreement provisions and departmental policies are being followed.

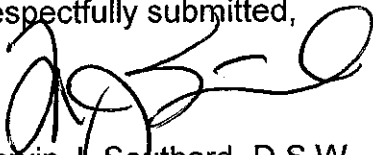

#### **IMPACT ON CURRENT SERVICES**

The Performance Contract will enable DMH to maintain quality mental health programs for Los Angeles County residents.

**CONCLUSION**

The Department of Mental Health will need one (1) copy of the adopted Board's actions and one (1) certified copy of the attached Resolution. It is requested that the Executive Officer of the Board notify the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when these documents are available.

Respectfully submitted,

Marvin J. Southard, D.S.W.  
Director of Mental Health

## **ARTICLE I - PERFORMANCE CONDITIONS**

### **Part A - General Assurances and Program Principles**

#### **Section 1 - Maintenance of Effort**

The County/City is in compliance with the requirements of Welfare and Institutions Code (WIC), § 17608.05.

#### **Section 2 - Administrative Assurances**

Article I of this agreement includes the following County/City assurances:

- a. When applicable, the County/City shall comply with all requirements necessary for Short-Doyle/Medi-Cal reimbursement for mental health services provided to Medi-Cal eligible individuals, including, but not limited to, the provisions set forth in WIC, § 5718 through 5724. If the County/City has entered into a Contract with the State Department of Mental Health (DMH) under WIC, § 5775, to provide Medi-Cal Specialty Mental Health Services, the County/City shall comply with the requirements of that Contract and the provisions of Title 9, California Code of Regulations (CCR), Division 1, Chapter 11. Medi-Cal Specialty Mental Health Services are those services described in Title 9, CCR, §1810.247 and 1810.345.
- b. The County/City attests that the Local Mental Health Board or Commission has reviewed and approved procedures ensuring citizen and professional involvement in the planning process.
- c. The County/City shall provide other information required, pursuant to State or Federal statutes.
- d. The County/ City shall comply with all requirements to provide mental health services to pupils with disabilities in accordance with California Government Code Chapter 26.5, Division 7, Title 1, and California Code of Regulation Title 2, Division 9, Chapter 1.
- e. The County/City is in compliance with the expenditure requirements of WIC, § 5704.5 and 5704.6.
- f. The County/City and its subcontractors shall provide services in accordance with all applicable federal and State statutes and regulations.
- g. The County/City has a certification review hearing procedure in force, which shall comply with applicable State statutes. (WIC § 5250 et seq.)
- h. The County/City assures that all recipients of services are provided information in accordance with provisions of WIC, § 5325 through 5331 pertaining to their rights as patients, and that the County/City has established a system whereby recipients of service may file a complaint for alleged violations of their rights. The County/City further assures compliance with Title VI of the Civil Rights Act of 1964 and Federal regulations at 45 CFR, Parts 80 and 84.
- i. The County/City agrees to pursue a culturally competent system of care.

- j. The State and the County recognize that, pursuant to Sections 5615 and 5616 of the Welfare and Institutions Code, the Tri-City Mental Health Center exists, receives realignment funding, and provides mental health services to the Tri-City area, which is within Los Angeles County. State and the County agree that, with regard to specialty mental health services not reimbursed through Medi-Cal, as long as the Tri-City Mental Health Center continues to exist and to provide adequate services in its service area, County is not responsible for non-Medi-Cal mental health services in the Tri-City service area. If Tri-City continues in existence, but information indicates that it will be unable to continue providing an adequate range of non-Medi-Cal mental health services in an acceptable manner, State and County agree to meet, confer, and negotiate as to what action or actions, if any, should be taken, including but not limited to what mental health service responsibilities and/or funding, if any, should be shifted to County. If an agreement is reached to shift service responsibilities and funding to the County, this contract shall be amended to implement the agreed upon action or actions.

### **Section 3 – Routine Information Needs**

- a. Pursuant to WIC § 5610 (a), the County/City shall submit Client and Service Information (CSI) data to DMH for the term of this agreement, in accordance with the requirements set forth in the Department's CSI Data Dictionary.
1. The County/City shall report monthly CSI data to DMH within 60 days after the end of the month.
  2. The County/City is expected to report within 60 days or be in compliance with an approved plan of correction with the Department's CSI Unit.
  3. The County/City shall make diligent efforts to minimize errors on the CSI error file.
  4. The County/City shall notify DMH 90 days prior to any change in reporting system and/or change of automated system vendor.
- b. The County/City and its subcontractors shall submit a fiscal year-end cost report, due December 31, 2007, in accordance with WIC, § 5651(a)(4), 5664(a) and (b), 5705(b)(3), 5718(c) and guidelines established by DMH.

### **Section 4 – Program Principles**

DMH and the County/City agree that, to the extent funds are available, the program principles and the array of treatment options shall be in accordance with WIC, § 5600.2 through 5600.9.

### **Section 5 – Program Reimbursement Methods**

### **Section 6 – Utilization Review/Quality Assurance**

- a. The County/City and its subcontractors shall establish and maintain systems to review the quality and appropriateness of services in accordance with applicable Federal and State statutes and regulations and guidelines operative during the term of this Contract. If the

- b. DMH may review the existence and effectiveness of the County/City's utilization review systems in accordance with applicable Federal and State laws and regulations. DMH may review the existence and effectiveness of any utilization review systems of the County/City's subcontractors as necessary.

#### **Section 7 – Performance Outcomes for Realignment Accountability**

Data submitted shall be full and complete. The County shall also submit a reconciled cost report certified by the mental health director and the county's auditor-controller as being true and correct, no later than April 1st of the following fiscal year.

If the County does not submit the cost reports by the reporting deadlines the Department may withhold payments of the funds described in Part B (Specific Provisions) to the Contractor.

#### **Section 9 – Restriction of Inpatient Psychiatric Treatment of Minors with Adults**

- a. The County/City is aware that WIC, § 5751.7 establishes an absolute prohibition against minors being admitted for inpatient psychiatric treatment into the same treatment ward as any adult receiving treatment who is in custody of any jailer for a violent crime, or is a known registered sex offender, or has a known history of, or exhibits inappropriate, sexual or other violent behavior which would present a threat to the physical safety of minors.
- b. The County/City agrees to ensure that minors shall not be admitted into inpatient psychiatric treatment with adults if the health facility has no specific separate housing arrangements, treatment staff, and treatment programs designed to serve children or adolescents.
- c. If the requirements of 8 b. create an undue hardship for the County/City, the County/City may be granted a waiver if requested. See Attachment A.
- d. If the County/City has not been granted a waiver, it must comply with the provision of 8 b.
- e. WIC, § 5751.7 delineates a procedure by which a County/City may request a waiver from the Director of DMH. Attachment A and items 1 and 2 of Attachment A must be completed and affixed to this agreement upon receipt by DMH. See Attachment A for additional submission information.

#### **Section 10 – Assisted Outpatient Treatment Demonstration Project Act of 2002 (AOT)**

AB 1421 (Chapter 1017, Statutes of 2002) established the Assisted Outpatient Treatment (AOT) Demonstration Project Act of 2002. Counties/Cities that choose to participate in the

program shall be required to comply with all statutory provisions including, but not limited to, the Welfare and Institutions Code Sections 5345 to 5349.5. In addition, participating counties/cities shall be required to submit to DMH any documents that may be requested as part of the Department's statutory responsibilities in accordance with DMH Letter No.: 03-01 dated March 20, 2003.

**Part B - Specific Provisions**

1. DMH has designated the Deputy Director, Systems of Care, to be its Project Coordinator for all issues relating to Article I Performance Conditions of this Contract. Except as otherwise provided herein, all communication concerning Article I Performance Conditions of this Contract shall be with the Project Coordinator:

Deputy Director  
Systems of Care  
Department of Mental Health  
1600 9th Street  
Sacramento, CA 95814  
(916) 654-3551

2. DMH shall make allocations to the County/City, in relation to conditions in Article I, from budget sources as follows:
  - a. 4440-101-0001(a) COMMUNITY SERVICES - OTHER
  - b. 4440-103-0001 MEDI-CAL MENTAL HEALTH MANAGED CARE

These allocations shall be consistent with the statutory provisions governing their allocation and the County's expenditure of these funds shall be consistent with the statutory provisions governing their expenditure.

3. DMH agrees to make payment to the County/City as follows:
  - a. 4440-101-0001(a) COMMUNITY SERVICES - OTHER :  
Upon the effective date of the agreement, completion of the State budget, and negotiated Work Plans, if applicable, DMH shall pay to the County/City, at the beginning of each month, 1/12 of 95 percent of the funds allocated by DMH in accordance with the budget for the current fiscal year for the allocations described in Section 2.a. above. (WIC 5713) The remaining 5 percent shall be paid out to the County/City as a result of the year-end cost settlement process.
  - b. 4440-103-0001 MEDI-CAL MENTAL HEALTH MANAGED CARE:

(WIC 5778(e)). Sierra County's funding is included with Placer County because Placer County acts as the Mental Health Plan (MHP) for Sierra; Alameda County acts as the MHP for Berkeley City; and Los Angeles County acts as the MHP for Tri-City.

c. 4440-101-0890 FEDERAL TRUST FUND:

Monthly payments begin after the renewal application is approved. Payments may be suspended or adjusted if the County/City payment/expenditure ratio is above 15 percent for the quarter. Payments will be discontinued if the County/City is delinquent in submitting quarterly expenditure reports and/or cost reports, and will resume when the required documents are received.

4. The County agrees that if it accepts Federal PATH and/or SAMHSA Block Grant funds, the County shall abide by the specific conditions of § 290aa et seq. and Section 300xx et seq. of Title 42 of the United States Code as well as those conditions established by other Federal and State laws, regulations, policies, and guidelines.
5. In November 2004, California voters approved Ballot Proposition 63 and the Mental Health Services Act (MHSA) became state law effective January 1, 2005. The MHSA requires each participating county mental health program that applies for MHSA funding to prepare and submit a three-year work plan, to be updated at least annually, and approved consistent with MHSA guidelines.
6. If the County/City chooses to reimburse Short-Doyle/Medi-Cal subcontractors or Medi-Cal Specialty Mental Health organizational providers using negotiated rates, the County/City must adhere to the DMH Information Notice, "NEGOTIATED RATES FOR SHORT-DOYLE/MEDI-CAL (SD/MC) SERVICES FOR FISCAL YEAR (FY) 2006-2007." DMH shall issue a final approval letter to the County/City pursuant to the DMH Information Notice. The approval letter shall be binding on the County/City for negotiated rates for FY 2006-07 regardless of the issue date of the letter.
7. Any funds allocated for conditions specified within Article I PERFORMANCE CONDITIONS of this Contract that by Federal or State legislative requirement, regulation or DMH policy are to be expended in specified program categories shall be spent only in accordance with these requirements.
8. Should a dispute arise relating to any issue within Article I PERFORMANCE CONDITIONS of this Contract, the County/City shall, prior to exercising any other remedies which may be available, provide written notice within a thirty-day period of the particulars of such dispute to:

Deputy Director  
Administrative Services  
Department of Mental Health  
1600 9th Street  
Sacramento, CA 95814

Such written notice shall contain the Contract number. The Director, or his/her designee, shall meet with the County/City, review the factors in the dispute, and recommend a means of resolving the dispute before a written response is given to the County/City. The Director, or his/her designee, shall provide a written response within thirty days of receipt of the County/City written notice.

Contract No.: 06-76123-000

Contractor: Los Angeles County Mental Health

9. If the County/City chooses to participate in the Mental Health Medi-Cal Administrative Activities (MAA) claiming process, the County/City agrees to submit claims only for those activities included and defined in the County/City's Mental Health MAA Claiming Plan as approved by DMH, the Department of Health Services, and the federal Center for Medicare and Medicaid Services (CMS). The County/City agrees to comply with all applicable federal statutes and regulations and, with the exception of the approved MAA activities and claiming polices that are unique for mental health programs, agrees in all other respects to comply with WIC, § 14132.47 and MAA Regulations promulgated by the Department of Health Services in Title 22 of the CCR.

## **ARTICLE II – LOCAL MENTAL HEALTH PROGRAMS**

### **CHILDREN'S SYSTEM OF CARE (CSOC)**

#### **Article 1 – Performance Conditions**

##### **Section 1 – Program Reference**

###### **Submission of Proposals**

Authorized under the Children's Mental Health Services Act, Welfare and Institution (W&I) Codes, § 5850 – § 5883

Title XIX Part B of the Public Health Service Act

###### **Program Description:**

The Children's System of Care: An Interagency Enrollee-Based Program (CSOC-IEBP) promotes the development of comprehensive county or regional interagency service systems for seriously emotionally disturbed (SED) children, adolescents and their families. For FY 2006-07, the counties of Stanislaus, Merced, and Monterey are defined as "fully funded" system of care counties. These counties must comply with the requirements under State and federal law by implementing and maintaining:

1. A defined range of interagency services, blended programs and program standards that facilitate appropriate service delivery in the least restrictive environment as close to home as possible. The system should use available and accessible intensive home and school-based alternatives;
2. Defined mechanisms that ensure that services are child-centered and family-focused with parental participation in all aspects of the planning and delivery and evaluation of service;
3. A formalized multi-agency policy and planning committee that collaborates to provide a coordinated, goal-directed system of care for the service populations;
4. A defined interagency case management system designed to ensure identification of appropriate children and youth, and to facilitate services to the defined service populations. The roles and responsibilities of these groups are specified in Interagency Agreements (IA) or Memoranda of Understanding (MOU), or both;
5. A roster of enrolled SED children and youth who have a history of, or are at risk of, out of home placement, hospitalization, incarcerated or school nonattendance who are the focus of this effort;
6. Annual enrolled client and cost performance goals and expected levels of attainment, and,
7. Defined mechanisms to ensure that services are culturally competent.

For FY 2006-07, the following counties are defined as "partially funded": Los Angeles, San Luis Obispo, Humboldt, and Placer.

Counties which are "Partially funded" as defined by DMH will be required to meet those elements of above stated requirements which are agreed upon by DMH and the county as appropriate and achievable considering their specific level of funding through the CSOC-IEBP Scope of Work Plan and Budget Requirements process.

Contract No.: 06-76123-000

Contractor: Los Angeles County Mental Health

## **Section 2 – Scope of Work Plan and Budget Requirements**

Under § 5855.5 of the W&I Code, the County must submit an annual Scope of Work Plan and corresponding budget and budget narrative for each fiscal year that funding is received for County participation. The CSOC-IEBP Scope of Work Plan should outline the County's major strategies for achieving the overall infrastructure requirements, outcome goals and core activities.

The work plans and budgets and any subsequent updates are not attached to the contract but are incorporated herein and made a part hereof by this reference. DMH or the County may update these work plans and budgets periodically as required by program and/or budget directives. DMH shall provide the County with said work plans and budgets under separate cover. The County shall maintain on file all work plans and budgets and any subsequent periodic updates referenced herein.

Counties as recipients of SAMHSA Community Mental Health Services Block Grant funds must abide by specific conditions of Title XIX Part B of the Public Health Service Act, as well as those conditions established by other Federal and State laws, regulations, policies, and guidelines. Counties are required to submit an application, prepared in accordance with the SAMHSA Planning Estimate and Renewal Application Instructions. The Block Grant funds are allocated to seven Children's System of Care programs.

## **Section 3 – Accountability**

Pursuant to § 5880 of the W&I Code, expected levels of attainment of the CSOC-IEBP include improved child functioning, reduced interactions with juvenile justice, reduced out-of-home placement costs, reduced out-of-home placements of special education pupils, and reduced use of psychiatric hospitals. Assuring quality outcomes for children and youth requires the integration of the activities of multiple child-serving agencies and systems to ensure the provision of necessary services to include mental health, substance abuse, special education, child welfare, social services, public health, and increasingly, juvenile justice services.

##### **Section 1 – Program Reference**

Title 42 U.S.C. 300x-1 et seq. Part B of the Public Health Service Act

##### **Program Description:**

Community Mental Health Services Block Grant funds (known as SAMHSA Block Grant funds) are allocated to 58 Local County mental health agencies. Those mental health agencies provide a broad array of treatment services within their System of Care. These programs are providing services to the following target populations: children and youth with serious emotional disturbances (SED), adults and older adults with serious mental illnesses (SMI).

DMH's goal is to use the Block Grant to assist participating Counties in providing an appropriate level of community mental health services to the most needy residents who have a mental health diagnosis, and/or residents who have a mental health diagnosis with a co-occurring substance abuse disorder. The services are provided through an intensive coordination process and include targeting persons with a mental illness who are: 1) homeless, 2) minorities, or 3) within the criminal justice system.

DMH awards the SAMHSA funding to each County based on, but not limited to, a legislated formula and/or for special projects, and/or programs awarded through a competitive process. The goal is to provide a stable, flexible, and non-categorical funding base that the Counties can use to develop innovative programs or augment existing programs within their Systems of Care (SOC).

Federal law does not permit the use of SAMHSA funds for any of the following purposes:

- To provide inpatient services
- To make cash payments to intended recipients of health services
- To purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or purchase major medical equipment
- To satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of federal funds
- To provide financial assistance to any entity other than a public or nonprofit private entity

In an effort to ensure compliance and ongoing quality improvement in the local mental health programs related to funding provided to them by the SAMHSA Block Grant program, policies and procedures have been established. Refer to the SAMHSA Planning Estimate and Renewal Application Letter for SAMHSA Block Grant funds (sent out by DMH as a numbered SAMHSA Letter), which shall be sent to the County under separate cover, for applicable policies and procedures.

Annual allocations for County programs operating under the terms and conditions of this contract shall not be determined until final approval of the Budget Act for FY 2006-07 and any associated trailer bills that impact program funding. Funding is contingent on the availability of funds and successful compliance with the Work Plan and Budget requirements.

Federal SAMHSA Funds: The SAMHSA Planning Estimate and Renewal Application Letter for SAMHSA Block Grant funds shall be sent to each County under separate cover. This SAMHSA Letter shall transmit the Planning Estimate Worksheet, which provides the County's proposed total expenditure level for the State Fiscal Year, and the renewal application instructions (with all appropriate forms) for the Block Grant. Payments shall not be made until all documents are received and the application has been approved.

## **Section 2 – Application And Budget Requirements**

The State and the County/City mutually agree that if statutory or regulatory changes occur during the term of this Contract which affect this Contract, both parties may renegotiate the terms of this Contract affected by the statutory or regulatory changes.
- b. This Contract may be amended upon mutual consent of the parties. A duly authorized representative of each party shall execute such amendments.
- c. It is mutually agreed that if the Budget Act does not appropriate sufficient funds for the program, this Contract shall be void and have no further force and effect. In such an event, the State shall have no further liability to pay any funds whatsoever to the County/City or to furnish any other considerations under this Contract, and the County/City shall not be obligated to perform any provisions of this Contract or to provide services intended to be funded pursuant to this Contract.

##### **3. General Terms and Conditions**
