October 26, 2006

ADOPTED
BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

The Honorable Board of Supervisors
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

27 - NOV 14 2006

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

Dear Supervisors:

**APPROVAL TO FURTHER IMPLEMENT THE MENTAL HEALTH SERVICES ACT -
COMMUNITY SERVICES AND SUPPORTS PLAN
FOR DIRECTLY OPERATED WELLNESS CENTERS
AND
APPROVAL OF REQUEST FOR APPROPRIATION ADJUSTMENT
FOR FISCAL YEAR 2006-07
(ALL SUPERVISORIAL DISTRICTS)
(4 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Department of Mental Health (DMH) to implement Wellness Centers (WCs) in and/or associated with 14 directly operated outpatient clinics, in keeping with DMH's Mental Health Services Act (MHSA) Community Services and Supports (CSS) Plan, effective upon Board approval. For WCs implementation, effective upon Board approval, the Fiscal Year (FY) 2006-07 six (6) month pro-rated WC cost is \$5,378,000, consisting of \$4,249,000 in MHSA funding and \$1,129,000 in anticipated Federal Financial Participation (FFP) Medi-Cal revenue (Attachment I).
2. Authorize DMH to fill 133 ordinance positions/112.9 Full-Time Equivalents (FTEs), as detailed on Attachment II, in excess of what is provided for in DMH's staffing ordinance, pursuant to Section 6.06.020 of the County Code and subject to allocation by the Chief Administrative Office (CAO). These staff will work in WCs in and/or associated with 14 directly operated outpatient clinics that are consistent with Los Angeles County's State-approved MHSA CSS Plan.
3. Approve the Request for Appropriation Adjustment (Attachment III) for FY 2006-07 in the amount of \$5,378,000 to increase Services and Supplies

"To Enrich Lives Through Effective And Caring Service"

(S&S) in the amount of \$1,503,000, and Salaries and Employee Benefits (S&EB) in the amount of \$3,875,000 to provide spending authority for the implementation of 14 directly operated WC programs. The Appropriation Adjustment is fully funded with FY 2005-06 unexpended MHSA funding in the amount of \$4,249,000, and additional FFP Medi-Cal revenue in the amount of \$1,129,000.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval of the recommended actions will enable DMH to develop and implement 14 directly operated WC programs, located in strategic areas throughout the County, as part of the Department's over-all transformation from clinical services to a Recovery Model of community-based, client and family driven, recovery-oriented services and supports. These Centers are designed to offer options to clients who no longer need the intensive services offered by the Full Service Partnership (FSP) programs or traditional adult outpatient services, and who are ready to take increasing responsibility for their own wellness and recovery. As noted in the CSS Plan, the goal of the WC programs is to promote both recovery and sustained wellness through an emphasis on peer support, pro-active behavior, preventative strategies, and self-responsibility. The Centers, managed by professional staff with at least 50 percent mental health consumer staffing, will provide client-run services with adjunctive professional support, emphasizing wellness, healthy living, and community integration.

In addition to furthering the goals of the MHSA, the recommended actions are intended to fill a longstanding gap in the service delivery system by serving clients that are in advanced stages of recovery, thus offering a cost effective alternative to ongoing maintenance visits at outpatient clinics. Development of the WCs will enhance the Department's ability to concentrate the majority of its outpatient resources on meeting the needs of unserved/underserved populations and providing intensive services to those in need of that level of care. The ultimate goal of the Centers is to reduce reliance on the mental health system by building a sustaining network of community-based support systems for clients no longer requiring more traditional care.

IMPLEMENTATION OF STRATEGIC GOALS

The recommended Board actions are consistent with the Countywide Strategic Plan, Goal No.1, "Service Excellence," Goal No. 3, "Organizational Effectiveness," and Goal No. 7, "Health and Mental Health." The WC services are expected to improve the delivery, efficiency, and effectiveness of mental health operations.

FISCAL IMPACT/FINANCING

There is no increase in net County cost.

The FY 2006-07 cost of the requested actions is \$5,378,000, funded with \$4,249,000 in MHSA funding and \$1,129,000 in anticipated FFP Medi-Cal revenue, which is included in the Department's FY 2006-07 Adopted Budget.

The Appropriation Adjustment in the amount of \$5,378,000 will increase S&S in the amount of \$1,503,000 for operating costs, lease space, training, and client flexible funds, and S&EB in the amount of \$3,875,000 for 112.9 FTEs positions for the 14 directly operated WCs. This amount is fully funded with FY 2005-06 unexpended MHSA funding in the amount of \$4,249,000 and additional FFP Medi-Cal revenue in the amount of \$1,129,000. The State Department of Mental Health has allowed Counties to carry forward the unexpended MHSA funding for FYs 2005-06 and 2006-07.

The FY 2007-08 estimated annualized cost of \$10,756,000, consisting of \$8,498,000 in MHSA funding and \$2,258,000 in anticipated FFP Medi-Cal revenue, will be included in the Department's FY 2007-08 budget request process.

Funding beyond FY 2007-08 for both the directly operated and contracted WC programs will be included in the Department's next three-year MHSA plan.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The focus of the State approved MHSA CSS Plan is on recovery-oriented services for people who are diagnosed with severe and persistent mental illness. Accordingly, over 50 percent of Los Angeles County's CSS Plan funding is devoted to the provision of FSP programs for individuals who are in a state of, or are at risk of, homelessness, incarceration, or placement in long-term locked mental health facilities because of their mental illnesses. In order to support the work of the FSPs, to provide options for clients no longer requiring intensive or traditional outpatient care, and to promote client-directed care and community integration, the County's CSS Plan also included a limited amount of funding for WCs. Since submission and approval of the County's CSS plan, it has become increasingly evident that an expanded WC program is critical in order to advance the over-all goals of the MHSA, support clients as they advance in their recovery, and assist in mitigating the Department's structural deficit by providing a cost-effective alternative for clients who currently utilize traditional clinic-based maintenance services.

With the availability of unexpended MHSAs from FY 2005-06, DMH plans to implement both directly operated and contracted WCs, strategically located throughout the County. Program design and staffing patterns will vary, based on the needs, resources, and cultural/linguistic composition of the communities served. However, basic components will include self-help groups, peer support services, social/recreational activities, medication evaluation and support services, integrated services and supports for co-occurring disorders, physical health screening/assistance with access to physical health care, and healthy living and health management activities. The WCs will also provide linkage to other services such as employment, education, housing, benefits maintenance, and short-term or crisis mental health services. These Centers may be co-located in a mental health outpatient center, although the majority will be free-standing in the community or located in a multi-service or other type of community center.

In addition to these directly operated WC programs, the Department has also issued a Request for Services (RFS) for contracted WCs in the annual amount of \$5.3 million, fully funded with FYs 2005-06 and 2006-07 unexpended MHSAs. These programs will be either Wellness Centers with 50 percent mental health consumer staffing or Client-Run Wellness Centers with 100 percent mental health consumer staffing. DMH will return to your Board for authority to execute contract amendments with existing contractors and to obtain approval of any new contracts for additional WCs, based on the results of the RFS process currently underway.

The Department will work closely with the CAO to identify and lease space to accommodate the WC programs, including the requested positions.

The proposed actions have been reviewed by County Counsel, the CAO, Auditor-Controller, and DMH's Program, Fiscal, and Human Resources Administrations.

IMPACT ON CURRENT SERVICES

Implementation of these WC programs is anticipated to improve the efficiency and effectiveness of mental health operations. Through the Centers, the locus of services for many clients will be shifted from outpatient clinics to the community. In addition to fostering clients' community integration and achievement of quality of life goals, these Centers will contribute to a significant reduction in the number of clients served by the outpatient clinics.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board actions. It is requested that the Executive Officer of the Board notify DMH's Contract Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.
Director of Mental Health

USES:

~~Department of Mental Health~~ *Svc Act- Prop 63*
Operating Transfers Out
BT1-MH-6100-41189
\$4,249,000

This adjustment is requested to provide spending authority for the implementation of fourteen (14) directly operated - Community Services and Supports Plan, Wellness/Client Run Centers - Mental Health Services Act (MHSA). This appropriation increase is fully funded by Federal Financial Participation Medi-Cal revenue and the FY 2005-06 unspent Mental Health Services Act (MHSA) - Proposition 63 funding. There is no impact on Net County Cost.

MARVIN J. SOUTHARD, D.S.W.
