The following statement was entered into the record for Supervisor Molina:

"The Department of Mental Health is bringing forward a plan to spend the combined \$160 million for Fiscal Year 2005-06 and Fiscal Year 2006-07. We need to approve and move forward with the conceptual framework of the Community Services Support (CSS) Plan which is designed to create a culturally competent mental health system, which promotes recovery and wellness for adults and older adults with severe mental illness and resiliency for children and youth with serious emotional disorders and their families. However, before authorizing full spending of the Mental Health Services Act (MHSA) funds we need to view the CSS Plan in context of the Department's proposed mitigation plan for Fiscal Year 2006-07. I therefore recommend that the Board take the following actions:

1. Approve the Director of Mental Health's attached recommendation Nos. 1, 2, 3, 6 and 9 relating to accepting the Mental Health Services Act money from the State and the continuation on the psychiatric decompression plan; and
2. Continue the Director of Mental Health's recommendation Nos. 4, 5, 7, 8 and 10 to May 23, 2006, pending the Department's proposed Mitigation Plan for Fiscal Year 2006-07, and the inclusion of additional information on the hiring plan for 260 additional positions requested under Mental Health Services Act (MHSA) funding and the 86 positions requested in the proposed budget."

Dr. Marvin J. Southard, Director of Mental Health, addressed the Board.

After discussion, on motion of Supervisor Yaroslavsky, seconded by Supervisor Burke, unanimously carried, the Board adopted Supervisor Molina's aforementioned recommendations.

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**AUTHORIZATION TO IMPLEMENT THE
MENTAL HEALTH SERVICES ACT
COMMUNITY SERVICES AND SUPPORTS PLAN
AND
APPROVAL OF REQUESTS FOR APPROPRIATION ADJUSTMENT
FOR FISCAL YEAR 2005-2006
(ALL SUPERVISORIAL DISTRICTS)
(4 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Department of Mental Health (DMH) to implement the Mental Health Services Act (MHSA) Community Services and Supports (CSS) Plan in accordance with the three (3) year MHSA CSS Plan approved by the California State Department of Mental (SDMH) on February 14, 2006. MHSA funds received from SDMH in the amount of \$73,196,067 for Fiscal Year (FY) 2005-2006 will be allocated as detailed in the proposed MHSA spending plan for FY 2005-2006 (Attachment I). MHSA funds to be received from SDMH in the amount of \$90,690,728 for FY 2006-2007 will be allocated as detailed in the proposed MHSA spending plan for FY 2006-2007 (Attachment II).
2. Approve the Request for Appropriation Adjustment (Attachment III) for FY 2005-2006 in the amount of \$24,768,000 funded with \$21,251,000 of MHSA funds, \$1,046,000 in Early and Periodic Screening, Diagnosis and Treatment (EPSDT) - State General Funds (SGF), \$1,279,000 in EPSDT Federal Financial Participation (FFP) Medi-Cal, \$1,034,000 in non-EPSDT FFP Medi-Cal, and \$158,000 in Medi-Cal Administrative Activities (MAA) revenue to fund projected Salaries & Employee Benefits (S & EB), Services and Supplies (S & S),

"To Enrich Lives Through Effective And Caring Service"

and Fixed Assets, as detailed in Attachment I. This Appropriation Adjustment will provide the necessary spending authority that has not yet been included in DMH's FY 2005-2006 Adopted Budget.

3. Approve the Request for Appropriation Adjustment (Attachment IV) for FY 2005-2006 in the amount of \$271,251,000 to adjust the Designation for the MHSA Proposition 63 balance by \$174,110,000, transfer \$21,251,000 from the Designation to Operating Financing Uses, recognize the deferred revenue, \$2,694,000, as revenue, and fund the MHSA CSS Plan of \$73,196,000.
4. Delegate authority to the Director of Mental Health or his designee to accept future MHSA CSS Plan funding awards from SDMH as it is anticipated that the County of Los Angeles will be awarded additional MHSA CSS Plan funds based on additional funding approvals within DMH's MHSA CSS Plan. Appropriate notification of acceptance of such funding awards will be provided to your Board and the Chief Administrative Officer (CAO).
5. Authorize DMH to fill 260 ordinance positions/258.5 Full-Time Equivalent (FTE), as detailed on Attachment V, in excess of what is provided for in DMH's staffing ordinance, pursuant to Section 6.06.020 of the County Code and subject to allocation by the Department of Human Resources (DHR).
6. Authorize the establishment of Capital Project No. 69545 to install a modular building for the Psychiatric Urgent Care Center facility at the Olive View-UCLA Medical Center (Olive View).
7. Approve and authorize the Purchasing Agent/Internal Services Department (ISD) to issue purchase orders to persons and/or vendors to provide training for MHSA. Participants who will train and be trained will include non-County personnel such as consumers, family members, advocates, providers, community members, volunteers, student interns, and other caregivers. The training will be for MHSA related activities that are consistent with the philosophy of the MHSA and DMH's transformation of the mental health system.
8. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute a new Sole Source Consultant Agreement substantially similar to Attachment VI with Pacific Clinics to administer the new countywide MHSA Family Crisis Services/Respite Care Program (refer to Attachment VII). The term will be effective the date of execution with two one-year renewal options through FY 2007-2008 exercisable by DMH. Total funding will be \$78,511 for FY 2005-2006 and \$471,068 each for FYs 2006-2007 and 2007-2008.

9. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute an Amendment No. 3, substantially similar to Attachment VIII to the Fiscal Intermediary Agreement for Academic Training and Student Professional Development Programs No. DMH-01739, with California State University, Long Beach Foundation (CSULB) to add \$800,000 for FY 2005-2006 only, to increase its current fiscal intermediary services for academic training to disburse stipends to 75 additional students under DMH's Student Professional Development Programs. The total compensation amount for FY 2005-2006 will be \$1,000,000.
10. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute amendments to the Legal Entity Agreements and establish as new Maximum Contract Amounts (MCAs) the aggregate of the original Agreement and all amendments provided that: 1) the County's total payments to the Contractor under the Agreement for each fiscal year shall not exceed an increase of 20 percent from the applicable MCA; 2) any such increase shall be used to provide additional services or to reflect program and/or policy changes; 3) the Board of Supervisors has appropriated sufficient funds for all changes; 4) approval of County Counsel and the Chief Administrative Officer (CAO) or their designee is obtained prior to any such amendment; 5) County and contractor may, by written amendments, reduce programs or services without reference to the 20 percent limitation; and 6) the Director of Mental Health shall notify the Board of Supervisors of Agreement changes in writing within 30 days after execution of each Amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Board approval of the recommended actions will allow DMH to accept and receive MHSA funds from SDMH and enable DMH to begin actual implementation of the delivery of mental health services described in its MHSA CSS Plan. These services, to be delivered by both directly-operated and contracted providers, will allow DMH to begin the transformation of its current mental health system from one that focuses primarily on clinical services into one in which DMH can partner with clients, their families, and their communities to provide services that "*do whatever it takes*" to enable people to attain their goals toward recovery.

Additionally, Board approval will allow for the following MHSA actions:

- Olive View: the establishment of the capital project will provide for the installation of the Olive View Modular Building to house the additional staff at the Psychiatric Urgent Care Center. DMH and the CAO will return to your Board for approval of the final design plans and an appropriation adjustment to fund the project.

- **CSULB:** Board approval is being requested to amend the Agreement with CSULB as the recommended increase of \$800,000 to the MCA is not within DMH's delegated authority. Also, approval of additional funds to CSULB will allow for an expansion of its fiscal intermediary responsibilities to pay tuition costs and/or stipends to assist an additional 75 students who are part of the Social Work Graduate Education Project and who attend the following universities: CSULB, University of Southern California, University of California at Los Angeles, and California State University Los Angeles. This will provide a pool of candidates to meet the need for licensed clinicians in various disciplines to deliver MHA-funded services.

Even though DMH's proposed MHA spending plan as presented in Attachments I and II corresponds to what was approved by SDMH in DMH's CSS Plan, it still remains a projection. Therefore, since variances are anticipated, DMH expects some flexibility in restructuring/realigning its MHA spending plan as DMH continues to explore ways to help mitigate its projected FY 2006-2007 structural budget deficit.

DMH will return to your Board for authority to execute contract amendments with new contractors and existing contractors where there is over a 20 percent increase in their MCA, and to obtain approval of any new contracts, including sole source contracts.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Implementation of DMH's MHA CSS Plan supports the County's strategic goals of "Service Excellence," and "Organizational Effectiveness." DMH's acceptance of MHA CSS Plan funds will initiate decisive steps toward accomplishing adopted strategies for achieving Program Goals of "Children and Family Well-Being," and "Health and Mental Health," of the County Strategic Plan. This will be accomplished by improving the delivery, efficiency, and effectiveness of mental health operations governed by the MHA across the entire service delivery system of directly-operated and contract providers, fee-for-service network providers, and hospitals.

FISCAL IMPACT/FINANCING

There is no increase in net County cost.

State allocated MHSA funds for FYs 2005-2006 and 2006-2007 are as follows:

	<u>FY 2005-2006</u>	<u>FY 2006-2007</u>
Ongoing funds	\$37,413,667	\$ 90,690,728
One-time funds	\$35,782,400	\$ 22,001,916 ¹
Total MHSA CSS Plan funds	<u>\$73,196,067</u>	<u>\$112,692,644</u>

The preliminary spending plan for FY 2005-2006 (Attachment I), including MHSA funds, EPSDT-SGF, EPSDT-FFP Medi-Cal, non EPSDT-FFP Medi-Cal, and MAA revenue totals \$77,541,070. Due to implementation delays, the projected cost for FY 2005-2006 is \$31,965,694. The balance of \$45,575,376 will be placed in the Trust account to be carried over into FY 2006-2007. \$22,001,916 of this amount has already been identified in the one-time spending plan. DMH will develop a spending plan for the remaining amount of \$23,573,460 and return to your Board to request spending authority.

The preliminary spending plan for FY 2006-2007 (Attachment II), including MHSA funds, EPSDT-SGF, EPSDT-FFP Medi-Cal, non EPSDT-FFP Medi-Cal, and MAA revenue totals \$146,763,431. Of this amount \$124,761,515 is for ongoing activities while \$22,001,916 is for one-time components of the plan funded by anticipated one-time FY 2005-2006 carryover funds resulting from implementation delays of the FY 2005-2006 spending plan.

The FY 2005-2006 Adopted Budget includes \$14.4 million of MHSA funds to fund transformation of existing traditional mental health services to the recovery-focused model required by the MHSA. This mitigates the loss of \$14.4 million in 1115 Waiver revenue that terminated June 30, 2005. The \$14.4 million represents the minimum level of transformation that will be achieved by the contract and directly-operated providers. Any additional transformation will partially mitigate the projected FY 2006-2007 structural budget deficit.

\$6,700,000 in costs for the Augustus F. Hawkins and Olive View Urgent Care Centers, currently funded with net County cost, are eligible to be funded with MHSA funds and have been included in the CSS spending plan. This also partially mitigates the FY 2006-2007 structural budget deficit.

¹ The \$22,001,916 represents carryover of unexpended one-time funds from FY 2005-2006.

The Appropriation Adjustment (Attachment III) in the amount of \$24,768,000 funded with \$21,251,000 of MHA funds, \$1,046,000 EPSDT-SGF, \$1,279,000 in EPSDT-FFP Medi-Cal, \$1,034,000 in non-EPSDT-FFP Medi-Cal, and \$158,000 in MAA revenue will provide spending authority to implement the MHA CSS spending plan.

The Appropriation Adjustment (Attachment IV) in the amount of \$271,251,000 will adjust the Designation for the MHA Proposition 63 balance by \$174,110,000, transfer \$21,251,000 from the Designation to Operating Financing Uses, recognize the deferred revenue, \$2,694,000, as revenue, and fund the MHA CSS Plan of \$73,196,000. The Department will budget the MHA funds annually based on the actual funds received from the State.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The DMH CSS Plan is a conceptual framework designed to create a culturally competent mental health system, which promotes recovery and wellness for adults and older adults with severe mental illness and resiliency for children and youth with serious emotional disorders and their families. The CSS Plan was submitted to SDMH on October 13, 2005, and approved on February 14, 2006. DMH is ready to implement the CSS Plan, developed and organized by stakeholders, to serve specific age groups and provide cross-cutting services designed to serve all age groups, as well as to provide services utilizing one-time funds.

DMH's CSS Plan has the following funding structure for FY 2005-2006 as detailed in the Program Description (Attachment VII):

- I. Ongoing Funds totaling \$41,758,670 (\$37,413,667 of MHA CSS Plan funds, \$1,045,659 of EPSDT-SGF, \$1,279,249 of EPSDT-FFP Medi-Cal, \$1,862,489 of non EPSDT-FFP Medi-Cal, and \$157,606 of MAA revenue.)
- II. One-Time Funds:
 - Housing Trust Fund: DMH will use \$11,600,000 of one-time funds to help capitalize a Housing Trust Fund to support the development of new permanent supportive housing for individuals with psychiatric disabilities, particularly those individuals who are homeless or are living in Residential Care Facilities, Institutions for Mental Disease, and other settings such as Sober or Collaborative Living facilities.

- Training and Workforce Development: DMH will use \$4,063,000 to provide training of County and non-County employees in an effort to transform DMH's mental health services in ways consistent with the values and aims of the MHSA.
- Outreach and Engagement: DMH will use \$3,000,000 of one-time funds to support ongoing planning, efforts to engage communities traditionally unserved by the mental health system.
- Planning and Outcomes Infrastructure: DMH will use \$3,000,000 of one-time funds to build the infrastructure needed to track client outcomes over time. A requirement of the MHSA involves performance measures to evaluate programs and demonstrate the effectiveness of services/supports with regard to client outcomes. This is required to determine and set in place the performance indicators and measurement methods relevant to examining the public/community impact of MHSA services, supports and system transformational processes.

Outcome indicators were developed in partnership with SDMH and the Statewide Performance Measures Advisory Committee. The DMH Chief Information Office Bureau (CIOB) has created an electronic application to collect the outcomes data from service providers either online or by using electronic transmittal from the providers' own data systems. Outcomes data will be integrated with other client demographic and services information to provide a comprehensive description. This application is currently in final test stages at four pilot programs.

- System Infrastructure/Start-up: DMH will use \$14,119,400 of one-time funds for infrastructure essential to support the CSS Plan in the areas of transportation, critical clinic refurbishments, the purchase of modular buildings and equipment, and Client Supportive Services' funding to supplement infrastructure needs. Client Supportive Services' funding will be used for essential services that may not be reimbursable under Medi-Cal or other benefits programs – e.g., outreach and engagement services, housing services, or employment services.

The Agreement/Amendment formats have been approved as to form by County Counsel. The CAO has reviewed the proposed actions. Clinical and administrative staff of DMH will continue to administer and supervise the agreements, evaluate programs to ensure that quality services are being provided to clients, and ensure that MHSA Master Service Agreement provisions and DMH policies are being followed.

ENVIRONMENTAL DOCUMENTATION

Establishing the recommended capital project at Olive View will have no effect on the environment. The appropriate environmental document for the project will be prepared prior to returning to your Board to approve final design plans and advertise for bids to construct the project.

CONTRACTING PROCESS

The CSS Plan includes amounts for consulting and service delivery contractors. All contracts and consulting agreements will be awarded, or current contracts extended, based upon established County processes, either through delegated authority and/or through the DMH Request for Statement of Qualifications (RFSQ) solicitation process that established a MHSA Master Agreement list approved by your Board on March 7, 2006.

The RFSQ process is an open and continuous process that is a fair and equitable alternative to the Request for Proposal (RFP) process. It has simplified and streamlined the MHSA solicitation and contracting process enabling DMH to establish a non-exclusive list of pre-qualified contractors on the MHSA Master Agreement list that have met the minimum qualifications listed in the RFSQ and have demonstrated relevant experience and capacity to provide the various services detailed in the CSS Plan.

With the MHSA Master Agreement list established and continually updated with additional pre-qualified contractors, DMH has moved into the second phase of the RFSQ process. The Department has issued Request for Services (RFS) No. 1 for Full Service Partnerships and will be issuing additional RFSs that include detailed and specific Statements of Work by service type, target population, and area of service delivery.

Throughout the planning process to create the CSS Plan, stakeholders indicated that the mental health system resulting from this infusion of funding should be balanced with a mixture of contract and directly operated service providers. Subsequently, decisions about the allocation of funds between contract and directly-operated providers will be driven by the principal of facilitating a balanced system.

The Purchasing Agent/ISD will follow established County processes in issuing purchase orders to persons/vendors that will be providing training to non-County personnel.

DMH will enter into a sole source Agreement, effective the date of execution, with Pacific Clinics to administer the new countywide MHSA Family Crisis Services/Respite

Care Program. DMH has met the County's requirement for advance notification of intent to negotiate a sole source contract of \$250,000 or greater in its notification letter to your Board dated March 7, 2006.

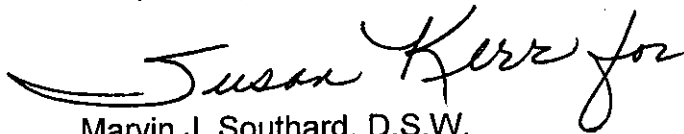

IMPACT ON CURRENT SERVICES

SDMH approval of DMH's CSS Plan and authorization to expend MESA funds will enable DMH to begin to utilize this new revenue stream and implement services within the CSS Plan framework and the requirements set by SDMH. DMH expects that the services of the Department and contract agencies will significantly improve in quality and quantity as all involved move toward "*doing whatever it takes*" to meet the needs the CSS Plan target population to attain their goals toward recovery.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board actions. It is requested that the Executive Officer of the Board notifies the DMH's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

PREAMBLE

For over a decade, the County has collaborated with its community partners to enhance the capacity of the health and human services system to improve the lives of children and families. These efforts require, as a fundamental expectation, that the County's contracting partners share the County and community's commitment to provide health and human service that support achievement of the County's vision, goals, values and adopted outcomes. Key to these efforts is the integration of service delivery systems and the adoption of the customer service and Satisfaction Standards.

The County of Los Angeles' Vision is to improve the quality of life in the County by providing responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, businesses and communities. This philosophy of teamwork and collaboration is anchored in the shared values of:

- Responsiveness
- Professionalism
- Accountability
- Compassion
- Integrity
- Commitment
- A Can-Do Attitude
- Respect for Diversity

These shared values are encompassed in the County Mission to enrich lives through effective and caring service and the County Strategic Plan's eight goals) 1 Service Excellence; 2) Workforce Excellence; 3) Organizational Effectiveness; 4) Fiscal Responsibility; 5) Children and Families' Well-Being; 6) Community Services; 7) Health and Mental Health; and 8) Public Safety. Improving the well-being of children and families requires coordination, collaboration, and integration of services across functional and jurisdictional boundaries, by and between County departments/agencies, and community and contracting partners.

The basic conditions that represent the well-being we seek for all children and families in Los Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in January 1993.

- Good Health;
- Economic Well-Being;
- Safety and Survival;
- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy – in isolation – can achieve the County's outcomes of well-being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County's health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social services systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no “wrong door”: wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.
- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated comprehensive information, services and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other

community partners.

- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally-competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.
- ✓ County agencies and their partners focus on administrative and operational enhancements to optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.
- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and a seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve the County's five outcomes for children and families: good health, safety and survival, economic well-being, social and emotional well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community will continue to work together to develop ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing

values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following ***Customer Service and Satisfaction Standards*** in support of improving outcomes for children and families.

Personal Service Delivery

The service delivery team – staff and volunteers – will treat customers and each other with courtesy, dignity, and respect.

- Introduce themselves by name
- Listen carefully and patiently to customers
- Be responsive to cultural and linguistic needs
- Explain procedures clearly
- Build on the strengths of families and communities

Service Access

Service providers will work proactively to facilitate customer access to services.

- Provide services as promptly as possible
- Provide clear directions and service information
- Outreach to the community and promote available services
- Involve families in service plan development
- Follow-up to ensure appropriate delivery of services

Service Environment

Service providers will deliver services in a clean, safe, and welcoming environment, which supports the effective delivery of services.

- Ensure a safe environment
- Ensure a professional atmosphere
- Display vision, mission, and values
- Provide a clean and comfortable waiting area
- Ensure privacy
- Post compliant and appeal procedures

The basis for all County health and human services contracts is the provision of the

highest level of quality services that support improved outcomes for children and families. The County and its contracting partners must work together and share a commitment to achieve a common vision, goals, outcomes, and standards for providing services.

35.2 The Consultant is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Consultant on this or other Agreements which indicates that the Consultant is not responsible, the County may, in addition to other remedies provided in the Agreement, debar the Consultant from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Consultant may have with the County.

35.3 The County may debar a Consultant if the Board of Supervisors finds, in its discretion, that the Consultant has done any of the following: (1) violated any term of an Agreement with the County or a nonprofit corporation created by the (2) committed any act or omission which negatively reflects on the Consultant's quality, fitness or capacity to perform a contract with the County or any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

35.4 If there is evidence that the Consultant may be subject to debarment, the Department will notify the Consultant in writing of the evidence which is the basis for the proposed debarment and will advise the Consultant of the scheduled date for a debarment hearing before the Consultant Hearing Board.

35.5 The Consultant Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Consultant and/or the Consultant's representative shall

be given an opportunity to submit evidence at that hearing. After the hearing, the Consultant Hearing Board shall prepare a proposed decision, which shall contain a recommendation regarding whether the Consultant should be debarred, and, if so, the appropriate length of time of the debarment. The Consultant and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

35.6 After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Consultant Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.

35.7 If a Consultant has been debarred for a period longer than five years, that Consultant may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Consultant has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

35.8. The Consultant Hearing Board will consider a request for review of a debarment determination only where (1) the Consultant has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Consultant Hearing Board will provide notice of the hearing on the request. At the hearing, the Consultant Hearing Board shall conduct a hearing where evidence on the proposed reduction of

debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Consultant Hearing Board pursuant to the same procedures as for a debarment hearing.

The Consultant Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Consultant Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Consultant Hearing Board.

35.9 These terms shall also apply to SubConsultants of County Consultants.

36.0 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS (45 C.F.R. PART 76):

The Consultant hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Consultant certifies that neither it nor any of its owners, officers, partners, directors or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Further, by executing this Agreement, Consultant certifies that, to its knowledge, none of its SubConsultants, at any tier, or any owner, officer, partner, director or other principal of any SubConsultant is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. Consultant shall immediately notify County in writing, during the term of this Agreement, should it or any of its SubConsultants or any principals of either be suspended, debarred, ineligible, or excluded from securing federally funded contracts. Failure of Consultant to comply with this provision shall constitute a material breach of this Agreement upon which the County may immediately terminate or suspend this

Agreement.

37.0 CONSULTANTS EXCLUSION FROM PARTICIPATION IN A FEDERALLY FUNDED

PROGRAM: Consultant hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the Federal Government, directly or indirectly, in whole or in part, and that Consultant will notify Director within (30) calendar days in writing of: (1) any event that would require Consultant or a staff member's mandatory exclusion from participation in a Federally funded health care program; and (2) any exclusionary action taken by any agency of the Federal Government against Consultant or one or more staff members barring it or the staff members from participation in a Federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

There are a variety of different reasons why an individual or entity may be excluded from participating in a Federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG) has the discretion not to exclude.

The mandatory bases for exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by Federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its SubConsultants or its significant business transactions; (6) loss of a state license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a Federally funded health care program or furnishing services of poor quality or which are substantially in

excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Consultant shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any Federal exclusion of Consultant or its staff members from such participation in a Federally funded health care program. Consultant shall provide the certification set forth in Attachment E as part of its obligation under this Paragraph 37.0.

Failure by Consultant to meet the requirements of this Paragraph 37.0 shall constitute a material breach of Agreement upon which County may immediately terminate or suspend this Agreement.

38.0 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT:

A. The parties acknowledge the existence of the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations ("HIPAA"). Contractor understands and agrees that it is a "*Covered Entity*" under HIPAA and, as such, has obligations with respect to the confidentiality, privacy, and security of patients' medical information, and must take certain steps to preserve the confidentiality of this information, both internally and externally, including the training of staff and the establishment of proper procedures for the release of such information, including the use of appropriate consents and authorizations specified under HIPAA.

B. The parties acknowledge their separate and independent obligations with respect to HIPAA, and that such obligations relate to *transactions and code sets, privacy, and security*. Contractor understands and agrees that it is separately and independently responsible for compliance with HIPAA in all these areas and that County has not undertaken

any responsibility for compliance on Contractor's behalf. Contractor has not relied, and will not in any way rely, on County for legal advice or other representations with respect to Contractor's obligations under HIPAA, but will independently seek its own counsel and take the necessary measures to comply with the law and its implementing regulations.

C. Contractor and County understand and agree that each is independently responsible for HIPAA compliance and agree to take all necessary and reasonable actions to comply with the requirements of HIPAA law and implementing regulations related to Transactions and Code Sets, Privacy, and Security. Each party further agrees to indemnify and hold harmless the other party (including their officers, employees and agents) for its failure to comply with HIPAA.

D. Contractor and County understand and agree that HIPAA has imposed additional requirements in regards to changes in DMH's IS.

(1) County desires to clarify IS terminology under this Agreement as it relates to HIPAA, and, accordingly, has set forth in Attachment VIII (Crosswalk Fact Sheet) a "crosswalk" of technical terms, definitions and language to be used with this Agreement.

(2) County desires to clarify other HIPAA-related changes set forth in the DMH Provider Manual and which are incorporated herein by reference as though fully set forth.

(a) County has added to the DMH Provider Manual a Guide to Procedure Codes, which includes a "crosswalk" of DMH activity codes to Current Procedural Terminology (CPT) and Health Care Procedure Coding System (HCPCS) codes.

(b) County has added to the DMH Provider Manual an Electronic Data Interchange/Direct Data Entry (EDI/DDE) Selection and General Requirements Agreement, which includes the method in which Contractor or its Subcontractor(s) elects to submit HIPAA-compliant transactions and requirements for these transactions.

(c) County has added to the DMH Provider Manual a Trading Partner Agent Authorization Agreement which includes the Contractor's authorization to its Subcontractor(s) to submit HIPAA-compliant transactions on behalf of Contractor.

E. Contractor understands that County operates an informational website www.dmh.co.la.ca.us related to the services under this Agreement and the parties' HIPAA obligations, and agrees to undertake reasonable efforts to utilize said website to obtain updates, other information, and forms to assist Contractor in its performance.

F. Contractor understands and agrees that if it uses the services of an Agent in any capacity in order to receive, transmit, store or otherwise process Data or Data Transmissions or perform related activities, the Contractor shall be fully liable to DMH or for any acts, failures or omissions of the Agent in providing said services as though they were the Contractor's own acts, failures, or omissions.

G. Contractor further understands and agrees that the terms and conditions of the current Trading Partner Agreement (TPA) set forth in the DMH Provider Manual shall apply to this Agreement and that said Terms and Conditions are incorporated by reference as though fully set forth herein.

39.0 COMPLIANCE WITH JURY SERVICE PROGRAM:

A Jury Service Program: This Agreement is subject to the provisions of the County's ordinance entitled Consultant Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B Written Employee Jury Service Policy:

(1) Unless Consultant has demonstrated to the County's satisfaction either that Consultant is not a "Consultant" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Consultant qualifies for an exception to the Jury Service

Program (Section 2.203.070 of the County Code), Consultant shall have and adhere to a written policy that provides that its Employees shall receive from the Consultant, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Consultant or that the Consultant deduct from the Employee's regular pay the fees received for jury service.

(2) For purposes of this Section, "Consultant" means a person, partnership, corporation or other entity which has an Agreement with the County or a subcontract with a County Consultant and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Agreements or subcontracts. "Employee" means any California resident who is a full-time employee of Consultant. "Full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Consultant has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Consultant uses any SubConsultant to perform services for the County under the Agreement, the SubConsultant shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract Agreement and a copy of the Jury Service Program shall be attached to the Agreement.

(3) If Consultant is not required to comply with the Jury Service Program when the Agreement commences, Consultant shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Consultant shall immediately notify County if Consultant at any time either comes within the Jury Service Program's definition of "Consultant" or if Consultant no longer qualifies for an exception to the Program. In either event, Consultant shall immediately implement a written policy consistent with

the Jury Service Program. The County may also require, at any time during the Agreement and at its sole discretion, that Consultant demonstrate to the County's satisfaction that Consultant either continues to remain outside of the Jury Service Program's definition of "Consultant" and/or that Consultant continues to qualify for an exception to the Program.

(4) Consultant's violation of this section of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole discretion, terminate the Agreement and/or bar Consultant from the award of future County Agreements for a period of time consistent with the seriousness of the breach.

40.0 NOTICE TO EMPLOYEES REGARDING THE SAFELY SURRENDERED BABY LAW:

The Consultant shall notify and provide to its employees, and shall require each SubConsultant to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby.

The fact sheet is set forth in Exhibit F of this Agreement and is also available on the Internet at www.babysafela.org for printing purposes.

41.0 CONSULTANT'S ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW:

The Consultant acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Consultant understands that it is the County's policy to encourage all County Consultants to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Consultant's place of business. The Consultant will also encourage its SubConsultants, if any, to post this poster in a prominent position in the SubConsultant's place of business. The County's Department of Children and Family Services will supply the Consultant with the poster to be used.

42.0 COUNTY'S QUALITY ASSURANCE PLAN:

The County or its agent will evaluate

Consultant's performance under this Agreement on not less than an annual basis. Such evaluation will include assessing Consultant's compliance with all contract terms and performance standards. Consultant deficiencies which County determines are severe or continuing and that may place performance of the Agreement in jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by the County and Consultant. If improvement does not occur consistent with the corrective action measures, County may terminate this Agreement or impose other penalties as specified in this Agreement.

43.0 CONSULTANT'S CHARITABLE ACTIVITIES COMPLIANCE:

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Consultant to complete the certification in Exhibit G, the County seeks to ensure that all County Consultants which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Consultant which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

44. NOTICES: All notices or demands required or permitted to be given or made under this Agreement shall be in writing and shall be hand-delivered with signed receipt or mailed by first-class, registered or certified mail, postage prepaid, addressed to the parties at the following addresses and to the attention of the persons named. Director shall have the authority to execute all notices or demands which are required or permitted by County under this Agreement. FISCAL INTERMEDIARY

STATEMENT OF WORK

I. Objective:

To establish a fiscal intermediary for administration of Respite Care Program funds between Pacific Clinics and the County of Los Angeles Department of Mental Health, hereinafter called "DMH." The Respite Care Program was developed through DMH's stakeholders planning process for the Mental Health Services Act (MHSA) Community Services and Supports Plan. Under this Agreement, Pacific Clinics will centrally screen and approve Respite Care Program applications, reimburse invoices for services rendered, and maintain an accounting of Respite Care Program usage and expenditures for participating mental health services agencies countywide. Included in this cost is training for Full Service Partnerships and other eligible mental health services providers on the use of the Respite Care Program. Pacific Clinics agrees to use all funds provided hereunder, less the above-described allowable overhead and training cost reimbursement, for reimbursing invoices submitted by participating mental health services agencies countywide. DMH shall provide funds to Pacific Clinics in one lump sum, as detailed below. Respite Care workers shall be paid \$10 per hour. Eligible families will be able use the service, as needed, for up to 16 hours per month.

II. DMH's Responsibilities:

DMH will be responsible for providing funds to Pacific Clinics in one lump sum for purposes specified in this Statement of Work. DMH will provide Pacific Clinics with the information needed to disperse funds to Respite Care workers according to the disbursement schedule indicated in Section I of this Statement of Work.

III. Contractor's Responsibilities:

Pacific Clinics will be responsible for administering the Respite Care Program countywide. A project coordinator will screen and approve Respite Care applications and an accounting clerk will process and reimburse Respite Care invoices for services rendered by Respite Care workers. Pacific Clinics will maintain an accounting of Respite Care Program usage and expenditures for participating mental health services agencies and provide regular reports to DMH for review/approval.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

Program Work Plan # T-02	TAY Drop-In Centers	<p>Drop-in centers are intended as entry points to the mental health system for youth living on the street or in unstable living situations. The target sub-population for drop-in centers is often "service-resistant." Most of these youth have been betrayed by most of the adults in their lives and suffer attachment disorders—significantly complicating efforts to connect them with services. Drop-in centers provide "low demand, high tolerance" environments in which youth can find temporary safety and begin to build trusting relationships with staff and others who can connect youth—to the extent the youth is ready and willing—to services and supports s/he needs.</p> <p>PRIORITY POPULATION: Transition Age Youth who are SED or SMI. The vast majority of the target sub-population youth are either former foster youth or youth emancipating from the probation system. Most are disconnected from their families. The unique and separate challenges they face compared to the children and adult populations often interfere with their ability and willingness to connect with the therapeutic and transitional living assistance they need in order to avoid homelessness or lifelong institutionalization in correctional facilities and other involuntary settings.</p>	832

The lack of affordable housing options, including short-term, long-term, and permanent options, is a profound barrier for transition age youth who need support and services for recovery. Additional systems development investments are proposed by funding a team of Housing Specialists to develop local housing resources and assist TAY to secure safe and affordable housing.</p> <p>PRIORITY POPULATION: This funding will be used primarily for the development of housing resources for youth ages 18-25 who have been served by emergency vouchers and/or who have recently been discharged from long term institutional settings, those requiring structured living situations and those who may have recently experienced their first psychotic break. These individuals will, in concert with service providers, be assisted to secure appropriate housing resources in support of greater independence in their living situations.</p>	864
Program Work Plan #: T-04	Probation Services	<p>Services in the Probation Camps are critical in assisting this portion of the TAY population with mental health needs to reach their maximum potential rather than continue their involvement in the criminal justice system as adults. The proposed multi-disciplinary, integrated teams will provide an array of services aimed at successfully transitioning youth out of Probation settings. Using a recovery approach, which views mental illness as a condition from which an individual can recover and live a healthy and productive life, these teams will include parents/peer advocates, clinicians, and Probation staff who will provide a variety of treatment and support services including: assessments for mental illness, co-occurring substance abuse issues, and need for medications; ongoing treatment services; peer support; parent support/education; behavior management; and, discharge planning, including benefits establishment and transition planning with linkages to FSPs in the community and to family if appropriate.</p>	208
